Note: The school grades calculation was revised substantially for the 2014-15 school year to implement statutory changes made by the 2014 Legislature and incorporate the new Florida Standards Assessments. The 2014-15 school grades serve as informational baseline data that schools can use to improve in future years.

School Board Approval

This plan is pending approval by the Duval County School Board.

SIP Authority and Template

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a school improvement plan (SIP) for each school in the district.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F or a monitoring status of "Former F" (see page 4). For all other schools, the district may use a template of its choosing. All districts must submit annual assurances that their plans meet statutory requirements.

This document was prepared by school and district leadership using the Florida Department of Education's school improvement planning web application located at <https://www.floridacims.org>.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. A corollary at the district level is the District Improvement and Assistance Plan (DIAP), designed to help district leadership make the necessary connections between school and district goals in order to align resources. The Florida Department of Education encourages schools to use the SIP as a “living document” by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the “Date Modified” listed in the footer.

Part I: Current School Status

Part I organizes the current status of the school around five domains inspired by the 5Essentials framework: Supportive Environment, Family and Community Involvement, Effective Leadership, Public and Collaborative Teaching, and Ambitious Instruction and Learning. Questions regarding the school’s Multi-Tiered System of Supports have been embedded throughout this part to demonstrate how data is used by stakeholders to understand the needs of all students and allocate appropriate resources in proportion to those needs.

Part II: Needs Assessment

Part II requires the school to review performance and early warning systems data in order to develop strategic goals and associated data targets (i.e., “SMART goals”) for the coming school year in context of the school’s greatest strengths and needs. An online tool was developed, which includes data visualizations and processing questions to support problem identification, problem analysis and strategic goal formulation.

Part III: 8-Step Planning and Problem Solving for Implementation

Part III enables the school to develop implementation plans for its highest-priority goals. With the overview of the current state of the school in mind and the strategic goals identified through the needs assessment, the planning team engages in a facilitated planning and problem-solving process, through which they

- Define strategic goals and establish targets to be reached by successfully achieving the goals (Step 1)
- Identify barriers that could hinder achieving those goals and resources that could be used to eliminate or reduce barriers (Step 2)
- Select high-priority barriers they want to address initially (Step 3)
- Design implementation and monitoring plans for strategies to resolve selected barriers (Steps 4-7)
- Determine how they will monitor progress toward each goal (Step 8)

Appendices

The following appendices, automatically-generated from content entered in Part III, are included in this document:

- Appendix 1 is a timeline of all action steps and monitoring activities
- Appendix 2 is an outline of all professional development opportunities and technical assistance items
- Appendix 3 is a report of the budget needed to implement the strategies

Differentiated Accountability

Florida's Differentiated Accountability (DA) system, established in [section 1008.33, Florida Statutes](#), is a statewide network of strategic support, differentiated by need according to performance data, provided to districts and schools in order to improve leadership capacity, teacher efficacy, and student outcomes. Through a data-driven planning and problem-solving process, DA field teams collaborate with district leadership to design, implement, and refine strategic goals and action plans that are documented in the SIP.

DA Regions

Florida's DA network is divided into four geographical regions, each served by a field team led by a regional executive director (RED).

DA Categories

At the start of each academic year, traditional schools are classified for DA support in three categories based on the most recent school grades data available. Descriptions of each DA category along with the state support and interventions provided are set forth by [Rule 6A-1.099811, Florida Administrative Code](#):

- Not in DA – currently A, B, or C and not Monitoring Only; charter schools; ungraded schools
- Monitoring Only – currently A, B, or C that improved from a previous grade of F
- Focus – currently D
- Priority – currently F

DA Turnaround and Monitoring Statuses

Additionally, schools in DA may be subject to a turnaround status of "Planning" or "Implementing" or a monitoring status of "Former F." These statuses are based on a school's grades history, including the current school grade:

- Former F - A school with a status of "Former F" requires the department to monitor the implementation of strategies and progress toward the goals outlined in the school improvement plan for three years following the school's improvement from a grade of F to a C or higher.
- Planning - A school with a status of "Planning" requires the district to engage stakeholders in the development of a turnaround option plan to be implemented in the following year should the school grade not improve to a C or higher.
- Implementing - A school with a status of "Implementing" requires the district to submit a turnaround plan to the State Board of Education for approval and implementation. A school remains in "Implementing" status until its school grade improves to a C or higher.

I. Part I: Current School Status

A. Supportive Environment

1. School Mission and Vision

a. Provide the school's mission statement.

Fort Caroline Middle is dedicated in its quest to offer students a challenging academic and technology oriented curriculum that will enhance global consciousness, developing skills for the 21st century work force.

b. Provide the school's vision statement.

Ft. Caroline Middle School is a diverse community where academic achievement transforms dreams into reality.

2. School Environment

a. Describe the process by which the school learns about students' cultures and builds relationships between teachers and students.

Ft. Caroline Middle School is rooted in authentic relationships that connect each child to an adult. Real connections extend to community development that recognizes and celebrates cultural and demographic differences through authentic instructional connections to oneself and others. There is an emphasis on global awareness, the visual and performing arts, and opportunities for students and families to share their cultures. As a school of the arts, Fort Caroline employees operate with a strong sense of urgency to incorporate the arts within the core subject areas as well as enhance their skills in each art.

b. Describe how the school creates an environment where students feel safe and respected before, during and after school.

Ft. Caroline Middle School has a detailed safety plan that is clearly communicated and posted. Authentic relationships are forged and before and after school programs are in place to surround students with multifaceted services. Students have many mentors/coaches/instructors whom they can confide and trust.

c. Describe the schoolwide behavioral system in place that aids in minimizing distractions to keep students engaged during instructional time. This may include, but is not limited to, established protocols for disciplinary incidents, clear behavioral expectations, and training for school personnel to ensure the system is fairly and consistently enforced.

Ft. Caroline Middle School has embedded strong rituals and routines that align with the DCPS code of conduct. The faculty has embedded "Foundations" within the building to ensure that all protocols are clearly established to support student learning and meaningful instruction. Expectations are modeled regularly and relationships are forged to support academic and behavioral goals. Teachers use CHAMPS to direct classroom management plans, and incorporate daily contact with parents.

d. Describe how the school ensures the social-emotional needs of all students are being met, which may include providing counseling, mentoring and other pupil services.

At Ft. Caroline Middle School Students are supported by school counselors, appropriate adult to student relationships, and peer to peer relationships. Through partnerships with community agencies and "Full Services Schools" we are able to provide wrap around services to support and

educate the "whole" child. Many of our students have mentors and many work as peer ambassadors to promote a positive culture and support problem solving activities build student efficacy.

3. Early Warning Systems

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. Â§ 6314(b)(1)(B)(ii)(III), (b)(1)(B)(iii)(I), and (b)(1)(I).

a. Describe the school's early warning system and provide a list of the early warning indicators used in the system.

Students who miss 10% or more of available instructional time.

Students who fail a Math or Language Arts course.

Students who fail two or more courses.

Students who receive two or more behavior referrals

Students who receive one ore more behavior referrals that leads to suspension as defined in s.1003.01(5),F.S.

b. Provide the following data related to the school's early warning system

1. The number of students by grade level that exhibit each early warning indicator:

Indicator	Grade Level													Total
	K	1	2	3	4	5	6	7	8	9	10	11	12	
Attendance below 90 percent	0	0	0	0	0	0	6	11	15	0	0	0	0	32
One or more suspensions	0	0	0	0	0	0	27	14	12	0	0	0	0	53
Course failure in ELA or Math	0	0	0	0	0	0	5	5	10	0	0	0	0	20
Level 1 on statewide assessment	0	0	0	0	0	0	52	65	69	0	0	0	0	186

The number of students identified by the system as exhibiting two or more early warning indicators:

Indicator	Grade Level														Total
	K	1	2	3	4	5	6	7	8	9	10	11	12		
Students exhibiting two or more indicators	0	0	0	0	0	0	2	5	7	0	0	0	0	14	

c. Describe all intervention strategies employed by the school to improve the academic performance of students identified by the early warning system.

Students who demonstrate early warning signs are provided interventions that include but are not limited to:

-Extended learning opportunities through SOAR or Team UP and recovery opportunities through flexible scheduling.

-Exposure to college and career activities.

-Parental Involvement activities as well as eighth grade transition to high school nights.

-Small group behavioral and academic mentor programs (Achievers for Life, Boys and Girls Club, Communities In Schools).

-Prevention through high expectations, multiple academic offerings, effective teaching, and a warm welcoming environment.

-Restorative Justice practices that include mentor support and mediation.

B. Family and Community Engagement

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. Â§ 6314(b)(1)(B)(iii)(I)(aa).

1. Describe how the school works at building positive relationships with families to increase involvement, including efforts to communicate the school's mission and vision, and keep parents informed of their child's progress.

Title I schools use the Parent Involvement Plan (PIP) to meet the requirements of 20 U.S.C. Â§ 6314(b)(1)(F).

a. Will the school use its PIP to satisfy this question?

Yes

1. PIP Link

The school completes a Parental Involvement Plan (PFEP), which is accessible through the Continuous Improvement Management System (CIMS) at <https://www.floridacims.org/documents/306616>.

2. Description

A PIP has been uploaded for this school or district - see the link above.

2. Describe the process by which the school builds and sustains partnerships with the local community for the purpose of securing and utilizing resources to support the school and student achievement.

Ft. Caroline Middle School builds strong community relationships by engaging community members formally and informally. As a new School of the Arts, Fort Caroline has partnerships with members of the arts community in Jacksonville. All community stakeholders are invited to school events to highlight their contribution to the community and school. Parents and community members are encouraged to participate in the quarterly awards ceremonies for students, arts exhibits, musical showcases, as well as faculty and student talent shows and performances. Parents are also encouraged to attend transitional information sessions led by the school counselors in preparation for post-middle school expectations as well as getting ready for the next school year.

C. Effective Leadership

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. Â§ 6314(b)(1)(H).

1. School Leadership Team

a. Membership

Identify the name, email address and position title for each member of the school leadership team.:

Name	Title
Green, Megan	Principal
Bledsoe, Katrina	Assistant Principal
Wellington, Chelvert	Assistant Principal
Knight, Vanessa	Instructional Coach
Butler, Rhodesia	Other
Story, Godfrey	Dean
Taliferro, Laura	Instructional Coach
Brian, Harvin	Instructional Technology
Shakespeare, Tikila	Other
Swift, Shakesha	School Counselor
Heller, Katie	School Counselor

b. Duties

1. Describe the roles and responsibilities of the members, including how they serve as instructional leaders and practice shared decision making.

The Principal will monitor all classroom instruction, with an emphasis on the ELA and Reading. Mr. Wellington, Assistant Principal will primarily monitor the Math, and Science Departments. Ms. Blakely will monitor the Social Studies department as well as ESE. Both Assistant Principals will monitor the Arts electives. The Reading Instructional Coach will provide support to ELA, Reading, and History Departments. The Math Instructional Coach will provide support to Math and Science teachers. Ms. Knight, the Reading Coach will provide direct support to the MINT program participants as the Professional Development Facilitator. Ms. Butler, the Magnet Coordinator is the liaison between the administration, community and the Arts programs. She monitors curriculum development and implementation.

Leadership Team members consistently communicate with Academic Coaches and Administrators to support the problem-solving process. The members take information back to their departments for dissemination and monitor/support progress towards the established school goals.

2. Describe the process through which school leadership identifies and aligns all available resources (e.g., personnel, instructional, curricular) in order to meet the needs of all students and maximize desired student outcomes. Include the methodology for coordinating and supplementing federal, state and local funds, services and programs. Provide the person(s) responsible, frequency of meetings, how an inventory of resources is maintained and any problem-solving activities used to determine how to apply resources for the highest impact.

The data-based problem-solving processes for implementing and monitoring MTSS/SIP includes several levels. On the school-wide level, the Foundations Team will implement the necessary structures and procedures to facilitate the smooth operation of the school. The team meets monthly to address any concerns posed from faculty and staff. On the department level, teachers participate in PLCs and common planning, supported by coaches and administrators, to address teacher and student needs by subject area and curriculum alignment. On the individual teacher level, teachers will be monitored and supported by coaches and teachers needing intensive support who will participate in coaching cycles with the subject area coach. On the individual student level, ESE/ESOL students will be monitored and supported by designated Support Facilitators and the School Counselors. Weekly Cabinet meetings are conducted with Principal, Assistant Principal, Reading Coach, Math Coach, Arts Coordinator, Testing Coordinator, PDF, Dean, ISSP, and School Counselors. During this time, discussions surrounding updated school data, testing calendar and discipline highlights are shared. Administrator and Academic Coach meetings follow the Cabinet meetings on a weekly basis. Discussions entail observations and feedback from classroom visits relating to core instruction, teacher needs, resource allocation, coaching cycles, differentiation, data chats and upcoming events. Bi-weekly meetings occur between the Principal/Assistant Principal and the ESE department to ensure that services are consistently being provided to students (i.e. support facilitation and consultation) and to determine students who need to participate in the MRT process.

Title I monies are being expended on 1 full-time teacher, 2 Instructional Coaches and one part-time Volunteer Liaison.

2. School Advisory Council (SAC)

a. Membership

Identify the name and stakeholder group for each member of the SAC.:

Name	Stakeholder Group
Megan Green	Principal
Terra Harold	Parent
Rhodesia Butler	Business/Community
Marilyn Franton-Harmer	Business/Community
	Student

b. Duties

1. Provide a description of the SAC's involvement with the following activities, as required by section 1001.452(2), Florida Statutes

a. Evaluation of last year's school improvement plan

The SAC participated in conversations about the school's data and goals for the school year. The educational support members, all teachers, three parents, principal and student members discussed the needs of the school prior to completing the SIP.

b. Development of this school improvement plan

The SAC participated in conversations about the school's data and goals for the school year. The educational support members, all teachers, several parents, principal and student members discussed the needs of the school prior to completing the SIP. The completed plan will be reviewed by the SAC for approval.

c. Preparation of the school's annual budget and plan

The SAC participated and continues to be privy to conversations regarding the schools annual budget plan.

2. Describe the use of school improvement funds allocated last year, including the amount budgeted for each project.

N/A, funds were not used hence the funds rolled over. The SAC will convene to discuss the funds that are available in order to determine the best use.

3. Verify that the school is in compliance with section 1001.452, Florida Statutes, regarding the establishment requirements and duties of the SAC.

Yes

a. If the school is not in compliance, describe the measures being implemented to meet SAC requirements.

3. Literacy Leadership Team (LLT)

a. Membership

Identify the name and position title for each member of the school-based LLT or similar group, if applicable.:

Name	Title
Green, Megan	Principal
Knight, Vanessa	Instructional Coach
Bledsoe, Katrina	Assistant Principal
Heller, Katie	School Counselor
Shakespeare, Tikila	Other

b. Duties

1. Describe how the LLT or similar group promotes literacy within the school, if applicable.

School-wide strategies are aligned with the focus on literacy. Literacy is the common thread that connects all programming and curriculum. Teachers receive weekly training through PLCs on applicable strategies that support critical thinking, the use of complex texts and embed opportunities to expose students to various genres. A school-wide Writing Plan will be developed with an implementation goal to start in late September.

D. Public and Collaborative Teaching

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. Â§ 6314(b)(1)(D).

1. Describe the school's strategies to encourage positive working relationships between teachers, including collaborative planning and instruction.

The schools master schedule is designed to afford common planning times. The schedule promotes content area planning in support of a positive working relationships to improve academic achievement.

Monthly team building activities are embedded within Early Dismissal agendas whereas all teachers, Instructional Coaches and Administrators will participate. Teachers will engage in Virtual Early Release Training each month. Faculty and Staff also participate in Parental Involvement activities to further build strong relationships with one another and the community.

2. Describe the school's strategies to recruit, develop and retain highly qualified, certified-in-field, effective teachers to the school.

The school follows the District's policies in recruiting and hiring teachers. Utilizing the Mentor and Induction for Novice Teachers (MINT) program, we strive to retain and support teachers through mentoring by administrators, mentors and the Professional Development Facilitator. We also facilitate on-site professional development activities to support the individual growth of teachers. The administrators, academic coaches and mentors facilitate classroom observations and provide feedback to hone in on strategies to support teachers with refining their practice to achieve and maintain efficacy/effectiveness.

3. Describe the school's teacher mentoring program, including the rationale for pairings and planned mentoring activities.

Teachers new to Duval County schools are enrolled into the district's MINT (Mentoring and Induction for Novice Teachers) program. The MINT program is aligned with the Florida Educator Accomplished Practices and the Code of Ethics of the Education Profession in Florida (Florida State Board of Education Rule 6B-1.001).

Each new teacher at Fort Caroline Middle School is paired with a CET trained teacher in the same subject area when possible. The support team of administrator, mentor, and PDF meet with the new teacher regularly to access the progress and needs of the teacher. The academic coaches also provide support in modeling lessons and facilitating coaching cycles.

Selection Criteria:

Depending on certification requirements, new teachers participate in the MINT program for up to three years. The school-based support team consists of an administrator, PDF, mentor, and coach. The District MINT Specialist provides support and resources for this team.

Many variables are considered when assigning mentors to new teachers. In addition to CET, mentors must have an Effective or Highly Effective rating on their prior year performance evaluation. Other considerations include:

- subject/ grade level
- certification
- disposition/interpersonal skills
- common planning
- level of expertise/ area of need
- additional training in Foundations of Mentoring is valued

The pairings between mentor and MINT participant has already been completed for this school year. The monthly meetings have been identified and shared with all parties. The District Specialist and PDF continuously monitor the process, provide updates, plan for support and facilitate the monthly meetings.

E. Ambitious Instruction and Learning

1. Instructional Programs and Strategies

a. Instructional Programs

1. Describe how the school ensures its core instructional programs and materials are aligned to Florida's standards.

Ft.Caroline Middle School has provided teachers with job embedded professional development on unpacking standards to align the classroom instruction with Florida Standards. Teachers have participated in lesson studies and continuous data chats to ensure alignment. Teachers use the district created curriculum guides to develop their lesson plans each week.

Weekly Department PLCs will lend themselves to collaboration among teachers, coaches, specialists and administrators on developing rigorous lessons using the Florida standards, test item specifications and content specific resources.

b. Instructional Strategies

1. Describe how the school uses data to provide and differentiate instruction to meet the diverse needs of students. Provide examples of how instruction is modified or supplemented to assist students having difficulty attaining the proficient or advanced level on state assessments.

Data drives all school-based decisions at Ft. Caroline Middle School. Students initial course placement is determined through the previous year's data. Daily reflection upon formal and informal data shapes day to day instruction and is evidenced through small group instruction, centers, and rotations. Teachers indicate differentiation in their lesson plans and make changes in the flow as student products evolve.

The full implementation of the rotations/stations system within all core content classes will provide teachers with the opportunity to use data to guide instruction. During rotations, a teacher led group will be facilitated using data to determine which students require additional support via a reteach. Also during rotations, students will be provided with the opportunity to extend learning using Achieve3000,

Write to Learn, Rosetta Stone, Digits, and other computer based resources to increase student achievement. The activities within each resource are differentiated and adjusted according to data and individual student needs.

2. Provide the following information for each strategy the school uses to increase the amount and quality of learning time and help enrich and accelerate the curriculum:

Strategy: Extended School Day

Minutes added to school year: 40,800

SOAR/Before School Extended Day program will focus on implementing safety nets for math and reading since the majority of the participating students are functioning below grade level standards. Students also have the opportunity to participate in Team Up activities afterschool whereas an instructional and enrichment component occur daily. Homework Help and Tutoring are also offered.

Strategy Rationale

To provide students with an extra layer of instructional, behavioral, social and emotional support.

Strategy Purpose(s)

- Enrichment

Person(s) responsible for monitoring implementation of the strategy

Wellington, Chelvert, wellingtoc3@duvalschools.org

Data that is or will be collected and how it is analyzed to determine effectiveness of the strategy

Monthly progress monitoring data for the participating students will be monitored. Feedback from classroom teachers will be obtained in order to target specific needs of students and to monitor progress.

2. Student Transition and Readiness

a. PreK-12 Transition

The school's response to this question may be used to satisfy the requirements of 20 U.S.C. Â§ 6314(b)(1)(G).

1. Describe the strategies the school employs to support incoming and outgoing cohorts of students in transition from one school level to another.

Ft. Caroline Middle School offers students 8th Grade Transition Nights and feeder pattern 5th graders are invited to tour the school. We partner with our immediate, direct feeder school, Fort Caroline Elementary with the Teen Trendsetter program where the lower elementary students receive support from the middle school students.

We work with students to complete college readiness and career interest surveys. We also offer programs that connect to Terry Parker High School and Jacksonville University. For instance, the Literacy Scholar Bowl event is hosted by Fort Caroline Middle whereas students from Fort Caroline Elementary, Arlington Middle, Terry Parker High and Jacksonville University come together to celebrate literacy, the importance of focusing on school and goal setting. In addition, the arts programs provide students with the discipline to be successful in high school arts programs.

b. College and Career Readiness

1. Describe the strategies the school uses to advance college and career awareness, which may include establishing partnerships with business, industry or community organizations.

Course selection process occurs annually in the Spring where individual students are advised and then allowed to choose courses of interest for the subsequent year. Guidance Counselors meet with students to advise about academic opportunities, grades/GPAs, test scores, career planning and preparation for high school. We also house some wrap around services (Achievers for Life, Boys and Girls Club, Team Up, etc.) in which the coordinators are located on campus. The services are provided include: family support/education, mentoring and academic support.

2. Identify the career and technical education programs available to students and industry certifications that may be earned through those respective programs.

The school is an International Baccalaureate Middle Years Programme World School. Teachers are being trained on how to incorporate strategies to integrate coursework. Also, the District has revised the curriculum guides to support integration of each content area as much as possible. In addition, the school is a visual and performing arts school offering Instrumental Music, 2D and Graphic Art, Dance, and Theatre.

3. Describe efforts the school has taken to integrate career and technical education with academic courses (e.g., industrial biotechnology) to support student achievement.

Improving proficiency within each content area will support student readiness for high school. The administrators have facilitated conversations with parents, faculty and staff members about goals and expectations as well as how they are aligned with long-term progress (enrollment into high school).

Every Early Dismissal Wednesday has been identified as a "College Awareness" day. The Faculty, Staff and Students wear college attire and the teachers facilitate school-wide college awareness. Our theme this year is "Whatever it Takes," which embodies our expectations to go the extra mile for student achievement.

4. Describe strategies for improving student readiness for the public postsecondary level based on annual analysis of the [High School Feedback Report](#), as required by section 1008.37(4), Florida Statutes.

Ft. Caroline students are provided comparative data that connects students to post secondary outcomes. We try to provide students with experiences, exposure, and opportunities that will increase their probability of post secondary success.

II. Needs Assessment

The school's completion of this section may satisfy the requirements of 20 U.S.C. Â§ 6314(b)(1)(A).

A. Problem Identification

1. Data to Support Problem Identification

b. Data Uploads

Data uploads are not required by the Florida Department of Education but are offered as a tool for the needs assessment. In this section, the school may upload files of locally available data charts and graphs being used as evidence of need.

The following documents were submitted as evidence for this section:

No files were uploaded

2. Problem Identification Summary

This section is not required by the Florida Department of Education but is provided as an opportunity for the school to summarize the points of strength and areas of need that have been identified in the data.

B. Problem Analysis Summary

This section is not required by the Florida Department of Education but is provided as an opportunity for the school to summarize the underlying "why" or root causes for the areas of need identified in the data, as determined by situational awareness of, and research conducted by, the stakeholders involved in the needs assessment.

C. Strategic Goals

School Improvement Goals

The following key is intended to help readers understand how the sections of this document correspond to the steps of the 8-step planning and problem-solving framework used in the School Improvement Plan. The Quick Key numbers can help registered users go directly to the point of entry for any given goal, barrier and strategy within the online survey.

Strategic Goals Summary

- G1.** If teachers plan and implement arts content within the core subject areas, student gains will increase in both ELA and Math.
- G2.** If a positive culture is developed on campus, then the environment will be conducive to learning within all grade levels.
- G3.** If all teachers plan and facilitate lessons with focus, coherence, and rigor aligned to the state standards, then student achievement will increase in all core areas.

Strategic Goals Detail

For each strategic goal, this section lists the associated targets (i.e., "SMART goals"), targeted barriers to achieving the goal, resources available to help reduce or eliminate the barriers, and the plan for monitoring progress toward the goal.

Action Plan for Improvement

For each strategy selected in the plan to reduce a targeted barrier to a strategic goal, this section lists the rationale for that strategy (i.e., why the school believes it will reduce the barrier) and the action steps that have been identified as necessary to implementing the strategy, including details such as the point person, timing and duration, and evidence of completion. At the end of each set of action steps is the plan for monitoring the implementation and effectiveness of the respective strategy.
