### School Board Approval

This plan is pending approval by the Polk County School Board.

### SIP Authority and Template

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a school improvement plan (SIP) for each school in the district.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F or a monitoring status of "Former F" (see page 4). For all other schools, the district may use a template of its choosing. All districts must submit annual assurances that their plans meet statutory requirements.

This document was prepared by school and district leadership using the Florida Department of Education's school improvement planning web application located at <https://www.floridacims.org>.

## Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. A corollary at the district level is the District Improvement and Assistance Plan (DIAP), designed to help district leadership make the necessary connections between school and district goals in order to align resources. The Florida Department of Education encourages schools to use the SIP as a “living document” by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the “Date Modified” listed in the footer.

### Part I: Current School Status

Part I organizes the current status of the school around five domains inspired by the 5Essentials framework: Supportive Environment, Family and Community Involvement, Effective Leadership, Public and Collaborative Teaching, and Ambitious Instruction and Learning. Questions regarding the school’s Multi-Tiered System of Supports have been embedded throughout this part to demonstrate how data is used by stakeholders to understand the needs of all students and allocate appropriate resources in proportion to those needs.

### Part II: Needs Assessment

Part II requires the school to review performance and early warning systems data in order to develop strategic goals and associated data targets (i.e., “SMART goals”) for the coming school year in context of the school’s greatest strengths and needs. An online tool was developed, which includes data visualizations and processing questions to support problem identification, problem analysis and strategic goal formulation.

### Part III: 8-Step Planning and Problem Solving for Implementation

Part III enables the school to develop implementation plans for its highest-priority goals. With the overview of the current state of the school in mind and the strategic goals identified through the needs assessment, the planning team engages in a facilitated planning and problem-solving process, through which they

- Define strategic goals and establish targets to be reached by successfully achieving the goals (Step 1)
- Identify barriers that could hinder achieving those goals and resources that could be used to eliminate or reduce barriers (Step 2)
- Select high-priority barriers they want to address initially (Step 3)
- Design implementation and monitoring plans for strategies to resolve selected barriers (Steps 4-7)
- Determine how they will monitor progress toward each goal (Step 8)

### Appendices

The following appendices, automatically-generated from content entered in Part III, are included in this document:

- Appendix 1 is a timeline of all action steps and monitoring activities
- Appendix 2 is an outline of all professional development opportunities and technical assistance items
- Appendix 3 is a report of the budget needed to implement the strategies

## Differentiated Accountability

Florida's Differentiated Accountability (DA) system, established in [section 1008.33, Florida Statutes](#), is a statewide network of strategic support, differentiated by need according to performance data, provided to districts and schools in order to improve leadership capacity, teacher efficacy, and student outcomes. Through a data-driven planning and problem-solving process, DA field teams collaborate with district leadership to design, implement, and refine strategic goals and action plans that are documented in the SIP.

### DA Regions

Florida's DA network is divided into four geographical regions, each served by a field team led by a regional executive director (RED).

### DA Categories

At the start of each academic year, traditional schools are classified for DA support in three categories based on the most recent school grades data available. Descriptions of each DA category along with the state support and interventions provided are set forth by [Rule 6A-1.099811, Florida Administrative Code](#):

- Not in DA – currently A, B, or C and not Monitoring Only; charter schools; ungraded schools
- Monitoring Only – currently A, B, or C that improved from a previous grade of F
- Focus – currently D
- Priority – currently F

### DA Turnaround and Monitoring Statuses

Additionally, schools in DA may be subject to a turnaround status of "Planning" or "Implementing" or a monitoring status of "Former F." These statuses are based on a school's grades history, including the current school grade:

- Former F - A school with a status of "Former F" requires the department to monitor the implementation of strategies and progress toward the goals outlined in the school improvement plan for three years following the school's improvement from a grade of F to a C or higher.
- Planning - A school with a status of "Planning" requires the district to engage stakeholders in the development of a turnaround option plan to be implemented in the following year should the school grade not improve to a C or higher.
- Implementing - A school with a status of "Implementing" requires the district to submit a turnaround plan to the State Board of Education for approval and implementation. A school remains in "Implementing" status until its school grade improves to a C or higher.

## I. Part I: Current School Status

### A. Supportive Environment

#### 1. School Mission and Vision

##### a. Provide the school's mission statement.

Caldwell Elementary will provide high levels of effective instruction along with social and emotional learning that enables students to achieve proficiency of state standards.

##### b. Provide the school's vision statement.

At Caldwell Elementary our students will achieve grade level mastery and be empowered to grow physically, socially and emotionally.

#### 2. School Environment

##### a. Describe the process by which the school learns about students' cultures and builds relationships between teachers and students.

During the first two weeks of the school year, teachers spend time establishing routines and procedures for behavioral, academic and social expectations. Teacher utilize this time to establish relationships of mutual respect with their students. Collaborative learning structures and activities are utilized to learn about both the students and staff. Teachers utilize what they learn throughout the school year to build upon the relationships established.

Staff have been trained in the CHAMPS Classroom Management Model to provide structure and high expectation across campus.

Teachers review cumulative folders to identify ESE, ESOL or 504 Plans and the needed instructional strategies and accommodations.

##### b. Describe how the school creates an environment where students feel safe and respected before, during and after school.

Caldwell is a Positive Behavior Support School. Students are taught and expected to follow our school wide expectations the BEARS - Be Prepared, Exhibit Self-Control, Act Responsibly, Respect Others and Show Kindness.

Before the instructional day begins, staff members are on duty, campus wide, to oversee student interactions and to promote school wide expectations. During the day, the classroom teachers and support staff monitor student behaviors and reward/reinforce behaviors that meet the expectations established. Posters detailing steps for behavioral skills are posted campus wide as reminders for students. Videos highlighting expectations are also viewed as needed to reinforce expectations. At the close of the day, staff members are present as students are dismissed and leave campus.

##### c. Describe the schoolwide behavioral system in place that aids in minimizing distractions to keep students engaged during instructional time. This may include, but is not limited to, established protocols for disciplinary incidents, clear behavioral expectations, and training for school personnel to ensure the system is fairly and consistently enforced.

Staff have been trained in the CHAMPS Classroom Management Model to provide structure and high expectation across campus. Staff CHAMP classroom activities for:

C - Conversation

H - Help  
A - Activity  
M - Movement  
P - Participation  
S - Success

Staff utilizes the the STOIC Model - Structure, Teach, Observe, Interact and Correct student behavior.

As a Positive Behavior Support School, we focus a great deal on positive expectations which in turn has decreased the negative behaviors. We have individual and class level rewards when students follow expectations. The rewards include, but are not limited to:

Yahoos - students can earn a Yahoo for following behavioral expectations or for academic achievement. The Yahoo specifically identifies what the student did well. Teachers submit the Yahoos and it is read on the morning show.

Monthly Bears Celebration - students who arrive on time, attend school regularly, follow BEARS expectations and get their agenda signed weekly get to participate in the celebrations.

GROWL - GROWL stands for Gaining Knowledge, Responsibility, Outstanding Attendance, Work Ethic, Leadership. Students who exhibit GROWL are recognized each nine weeks in a school wide celebration.

Cubby Bear of the Month - Teachers can select one student, each month, who have exhibited (or have improved) the BEARS. The honored students participate in a breakfast and receive rewards for their hard work.

Attendance - student are recognized monthly and at the end of the nine weeks for perfect attendance.

Class Rewards:

BEARS Towers - Classes are rewarded with a "BEAR" for demonstrating any of the school wide expectations while outside of their classrooms. One the class earns 40 BEARS, they are rewarded with a specific prize on the BEARS Tower

Lunch Time Expectations - Classes can earn points at lunch by keeping their eating area clean, lining up quietly, showing respect and keeping quite voices. The class with the most points at the end of the week will be given the opportunity to earn a reward.

Teachers have been trained in what constitutes a major disciplinary action vs. a minor. Minor behavioral problems are to be handled in the classroom. Teachers have the option of time out, using a Buddy Room or Behavioral Reflection forms for the minor behavior problems. For the major behavioral problems, the teacher are to send the students to the office on a referral. The Code of Conduct is utilized to provide consistent consequences based on the infraction.

**d. Describe how the school ensures the social-emotional needs of all students are being met, which may include providing counseling, mentoring and other pupil services.**

Due to the relationships that the classroom teacher and support staff have established, they are able to identify social-emotional needs of their students. Social Skills are explicitly taught to the student each day on the CBTV morning news show. Teachers have skills posters that detail steps to follow for key skills such as: accepting no, dealing with anger, ignoring distractions etc...

On Thursdays an instructional block of time is set up to explicitly teach Social and Emotional Skills to students. We utilize the STRONG Kids Program to teach the social skills. We also utilize strategies from Frame Work for Understanding Poverty and Research Based Strategies by Dr. Ruby Payne.

SHINE is mentoring program that Caldwell has implemented for students who are in need of extra emotional resources. We have partnered with Auburndale High School and local community members and business partners to mentor our students. The mentors meet with students once a week and complete various activities. The activities are focused on Being Prepared, Acting Responsibly, Exhibiting Self-Control, Respecting Everyone and Showing Kindness.

For students who need additional support, Caldwell utilizes the Check-In system. Assigned staff members can check-in on specific students or students can check-in with staff members. The staff member becomes an anchor for the student in need.

Behavioral trackers with built in breaks and rewards are used for students who need Tier 2 or Tier 3 social-emotional or behavioral interventions.

The Guidance Counselor provides counseling for students. Caldwell also partners with Winter Haven Hospital to provide Mental Health Counseling to students who have it identified on either IEPs or 504 Plans.

## D. Public and Collaborative Teaching

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. Â§ 6314(b)(1)(D).

### 1. Describe the school's strategies to encourage positive working relationships between teachers, including collaborative planning and instruction.

Caldwell encourages positive working relationships between teachers, including collaborative planning and instruction. Each grade level has a common planning period in which they are afforded the opportunity to plan collaboratively. Teachers meet every Tuesday during planning time for Language Arts PLCs. Language Arts instruction is planned with the Literacy Coach and administration. On Thursdays, teachers meet with the Math Coach and administration for math planning.

For the 16-17 school year, we have implemented a "House System". The House System is intentionally developed for the Caldwell Family. Our family embraces all Caldwell Staff, Bus Drivers and SAC Members. Students are involved in the House through the leadership of their classroom teacher. The goal of the House System is to strengthen our ability to obtain grade level mastery and to help our students grow physically, socially and emotionally.

The benefits of the House System includes:

- Generate excitement within our school to allow everyone to have a sense of belonging.
- The House System allows us to work towards the betterment of our students, school and community.
- Within the house system, we will use our personal strengths to create an immediate feeling of family.
- Strengthen our Tier 1 for both academics and behavior.
- We will support and encourage each other throughout the year!
- The best part of the implementation of the House System at Caldwell, is it puts a new spin on the things we do already. It allows the staff members to be recognized and reward for meeting instructional norms and school wide expectation.
- While we are creating a little "healthy competition" through the House Points System, we are in turn pushing each other to strengthen our instructional norms and in turn providing a first class education for our students.
- Points are earned for each house by doing what we, as teachers and staff members already do! The house will the most points per nine week will receive a reward. The House with the most points at the end of the year will be crowned House Champion.

Instructional staff participates in vertical visits. They walk with administration into grades levels that are one above and one below them. For example - First Grade classes walk through Kindergarten, First Grade and Second Grade Classes. During these walks we focus on the standards, instructional strategies, student work and expectations. The objective in the vertical visits is to allow the classroom teacher to see various instructional strategies but to also ensure that they are reaching grade level mastery in their instructional program and expectations.

## **2. Describe the school's strategies to recruit, develop and retain highly qualified, certified-in-field, effective teachers to the school.**

In order to recruit, develop and retain highly qualified teachers, Caldwell does the following:

Team Interview - The team approach provides input from different perspectives, as well as, giving the candidate a feel for our school community

New Teacher Meetings – new teachers meet with support staff to discuss high yield strategies, classroom management procedures as well as any other needs the new teacher may have.

Professional Learning Communities – New teachers will participate in Professional Learning Communities that focus on a variety of topics based on student needs as well as professional needs

The Coaching Cycle is utilized with new teachers to support them with instructional practices and behavioral management.

## **3. Describe the school's teacher mentoring program, including the rationale for pairings and planned mentoring activities.**

New teachers are provided support through New Teacher Meetings. During the meetings, instructional strategies, student engagement, and classroom management strategies are discussed and shared. New teachers are provided the opportunity to observe experienced teachers. They are also afforded the opportunity to have lessons modeled in their classrooms.

New teachers are paired with either the literacy coach or a teacher on the grade level that has been identified as effective/highly effective. The pairing is based on need and availability.

Caldwell has been selected to participate in the i3 Scale Up Mentoring Grant. A mentor is specifically assigned to new teachers. The mentor comes out weekly and works with teachers on individual needs.

# **E. Ambitious Instruction and Learning**

## **1. Instructional Programs and Strategies**

### **a. Instructional Programs**

#### **1. Describe how the school ensures its core instructional programs and materials are aligned to Florida's standards.**

In order to ensure that our programs are aligned with the Florida State Standards, the teachers begin with unpacking the standards. They look at the standard and determine what students need to be able to master. From the standards, the teachers look at the provided curriculum and resources. They evaluate the resources and pull out what they can use to strengthen the standard and to ensure mastery. From there, they plan their lessons.

When planning for instruction, the teacher utilizes data from weekly assessments to evaluate whether

students have mastered the standards. FAIR data is used to provide instructional guidelines for small groups. Ongoing progress monitoring data from district based writing assessments and IBTP are also used for whole group and small group instruction.

## **b. Instructional Strategies**

**1. Describe how the school uses data to provide and differentiate instruction to meet the diverse needs of students. Provide examples of how instruction is modified or supplemented to assist students having difficulty attaining the proficient or advanced level on state assessments.**

Caldwell utilizes all forms of data to group student in Language Arts, Math and Science. There is an additional hour of Language Arts Instruction and thirty additional minutes of math instruction.

FSA content cluster data is utilized to identify standards in need

FSA Scale Score Data is utilized to identify bottom 25th percentile and Tier 2 and Tier 3 Interventions. The Scale Scores are also utilized to ability group students for enrichment as well.

FAIR Data is utilized for re-teaching during Power Hour.

Ongoing progress monitoring data is use for re-grouping and re-teaching.

Formative assessment and summative data is utilized for grouping and re-teaching

Staff members have an MTSS User Guide that assist with referring students for academic or behavioral support.

**2. Provide the following information for each strategy the school uses to increase the amount and quality of learning time and help enrich and accelerate the curriculum:**

**Strategy: Weekend Program**

**Minutes added to school year: 2,100**

FSA Boot Camp is a Saturday Tutoring program that focuses on Reading, Math, Writing and Science. All students in grades 3-5 are invited to attend the tutoring. Camp will run from 8:30-12:00. There will be ten Saturday Sessions starting on January 27th and running through March 18th.

**Strategy Rationale**

Provide students with additional instruction focused on assessed standards. Data from FAIR, IBTP and ongoing assessment data will be used to select instructional needs.

**Strategy Purpose(s)**

- Core Academic Instruction

**Person(s) responsible for monitoring implementation of the strategy**

Ashmore, Kathryn, kathryn.ashmore@polk-fl.net

**Data that is or will be collected and how it is analyzed to determine effectiveness of the strategy**

A pre-test and a post-test will be administered to students to monitor effectiveness of FSA Boot Camp

## 2. Student Transition and Readiness

### a. PreK-12 Transition

The school's response to this question may be used to satisfy the requirements of 20 U.S.C. Â§ 6314(b)(1)(G).

**1. Describe the strategies the school employs to support incoming and outgoing cohorts of students in transition from one school level to another.**

Our Pre-K teachers coordinate with our kindergarten teachers to facilitate a smooth transition from Pre-K to Kindergarten. In Pre-K, students are taught appropriate academics in the area of language arts and math. Pre-K students are also taught our school-wide procedures for managing student behavior. This combination of academic and school-wide procedures prepares our students for a smooth transition to Kindergarten. School Readiness students are assessed by the teacher with an Ages and Stages instrument that coincides with their chronological age as well as the Child Observation Record form. These are then made a part of the student's portfolio. The curriculum used is based on High Scope, Beyond Centers and Circle Time; both of which are age appropriate to our students. The funding is received through District School Readiness, Operational Budget and Federal Funds through district Child Find.

Pre-School parents have the opportunity to attend all school-wide functions. Daily communication is conducted between teacher and parent through a daily letter home. Monthly newsletters are sent to parents reviewing the past month's activities and informing parents of the upcoming month. Kindergarten teachers provide an on-site screening for beginning kindergartners prior to school beginning. The students rotate to each teacher to perform an activity. This gives the teachers and students a chance to interact as well as an opportunity for the students to visit the kindergarten classrooms. Parents and students also have an opportunity to meet their child's teacher at Orientation before school starts. Weekly newsletters are sent by the teachers for effective parent communication. At the beginning of the year teachers provide a "field trip" to a different area each day. Students are taken to the cafeteria, library, office, music room, art room, PE field, etc. to

familiarize students with our school campus. FLKRS screening is conducted by kindergarten teachers and support personnel at the beginning of the school year to all students.

#### **b. College and Career Readiness**
