Note: The school grades calculation was revised substantially for the 2014-15 school year to implement statutory changes made by the 2014 Legislature and incorporate the new Florida Standards Assessments. The 2014-15 school grades serve as informational baseline data that schools can use to improve in future years.

School Board Approval

This plan was approved by the Alachua County School Board on 10/18/2016.

SIP Authority and Template

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a school improvement plan (SIP) for each school in the district.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F or a monitoring status of "Former F" (see page 4). For all other schools, the district may use a template of its choosing. All districts must submit annual assurances that their plans meet statutory requirements.

This document was prepared by school and district leadership using the Florida Department of Education's school improvement planning web application located at <https://www.floridacims.org>.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. A corollary at the district level is the District Improvement and Assistance Plan (DIAP), designed to help district leadership make the necessary connections between school and district goals in order to align resources. The Florida Department of Education encourages schools to use the SIP as a “living document” by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the “Date Modified” listed in the footer.

Part I: Current School Status

Part I organizes the current status of the school around five domains inspired by the 5Essentials framework: Supportive Environment, Family and Community Involvement, Effective Leadership, Public and Collaborative Teaching, and Ambitious Instruction and Learning. Questions regarding the school’s Multi-Tiered System of Supports have been embedded throughout this part to demonstrate how data is used by stakeholders to understand the needs of all students and allocate appropriate resources in proportion to those needs.

Part II: Needs Assessment

Part II requires the school to review performance and early warning systems data in order to develop strategic goals and associated data targets (i.e., “SMART goals”) for the coming school year in context of the school’s greatest strengths and needs. An online tool was developed, which includes data visualizations and processing questions to support problem identification, problem analysis and strategic goal formulation.

Part III: 8-Step Planning and Problem Solving for Implementation

Part III enables the school to develop implementation plans for its highest-priority goals. With the overview of the current state of the school in mind and the strategic goals identified through the needs assessment, the planning team engages in a facilitated planning and problem-solving process, through which they

- Define strategic goals and establish targets to be reached by successfully achieving the goals (Step 1)
- Identify barriers that could hinder achieving those goals and resources that could be used to eliminate or reduce barriers (Step 2)
- Select high-priority barriers they want to address initially (Step 3)
- Design implementation and monitoring plans for strategies to resolve selected barriers (Steps 4-7)
- Determine how they will monitor progress toward each goal (Step 8)

Appendices

The following appendices, automatically-generated from content entered in Part III, are included in this document:

- Appendix 1 is a timeline of all action steps and monitoring activities
- Appendix 2 is an outline of all professional development opportunities and technical assistance items
- Appendix 3 is a report of the budget needed to implement the strategies

Differentiated Accountability

Florida's Differentiated Accountability (DA) system, established in [section 1008.33, Florida Statutes](#), is a statewide network of strategic support, differentiated by need according to performance data, provided to districts and schools in order to improve leadership capacity, teacher efficacy, and student outcomes. Through a data-driven planning and problem-solving process, DA field teams collaborate with district leadership to design, implement, and refine strategic goals and action plans that are documented in the SIP.

DA Regions

Florida's DA network is divided into four geographical regions, each served by a field team led by a regional executive director (RED).

DA Categories

At the start of each academic year, traditional schools are classified for DA support in three categories based on the most recent school grades data available. Descriptions of each DA category along with the state support and interventions provided are set forth by [Rule 6A-1.099811, Florida Administrative Code](#):

- Not in DA – currently A, B, or C and not Monitoring Only; charter schools; ungraded schools
- Monitoring Only – currently A, B, or C that improved from a previous grade of F
- Focus – currently D
- Priority – currently F

DA Turnaround and Monitoring Statuses

Additionally, schools in DA may be subject to a turnaround status of "Planning" or "Implementing" or a monitoring status of "Former F." These statuses are based on a school's grades history, including the current school grade:

- Former F - A school with a status of "Former F" requires the department to monitor the implementation of strategies and progress toward the goals outlined in the school improvement plan for three years following the school's improvement from a grade of F to a C or higher.
- Planning - A school with a status of "Planning" requires the district to engage stakeholders in the development of a turnaround option plan to be implemented in the following year should the school grade not improve to a C or higher.
- Implementing - A school with a status of "Implementing" requires the district to submit a turnaround plan to the State Board of Education for approval and implementation. A school remains in "Implementing" status until its school grade improves to a C or higher.

I. Part I: Current School Status

A. Supportive Environment

1. School Mission and Vision

a. Provide the school's mission statement.

The Mission of Glen Springs Elementary School is to academically enrich our students and foster social skills to promote successful lifelong learners in a caring, safe environment.

b. Provide the school's vision statement.

The Vision of Glen Springs Elementary is that all students will leave our school with

- the skills needed to be successful citizens
- a strong self-esteem
- high expectations
- respect for others
- and a desire to continue the quest for knowledge

2. School Environment

a. Describe the process by which the school learns about students' cultures and builds relationships between teachers and students.

Our school learns about students' cultures by interacting with students in a meaningful way that helps us to learn about them.

Our school builds relationships between teachers and students through the following:

- Establishing and communicating clear positive expectations
- Enforcing expectations in a positive way
- Providing appropriate feedback
- Correcting students in a constructive way
- Interacting with students to learn more about them
- Showing that we value and care for student through respect

b. Describe how the school creates an environment where students feel safe and respected before, during and after school.

Glen Springs is a Positive Behavior Support school which provides a method to establish and reinforce a positive school culture. Students are taught our school wide behavior expectations (Positive Attitude, Always be Responsible, Work Together, and Show Respect) and positive behavior choices are reinforced through a token economy system.

The school counselor teaches a set of lessons called "Child Safety Matters", which is a curriculum that addresses critical safety issues faced by children including bullying, cyberbullying, and child abuse. This program teaches these topics to children in grades 1-5.

For Kindergarten students the school counselor teaches "Safer, Smarter, Kids" which is a curriculum that empowers children to protect themselves in situations where someone would abuse them

c. Describe the schoolwide behavioral system in place that aids in minimizing distractions to keep students engaged during instructional time. This may include, but is not limited to, established protocols for disciplinary incidents, clear behavioral expectations, and training for school personnel to ensure the system is fairly and consistently enforced.

Positive Behavior Intervention and Support (PBIS) is our school wide management plan. The focus in managing behavior is to teach, recognize, and reinforce the good choices that students demonstrate.

This is done using a token economy where as students receive tickets that they can use to shop with in our school store each Friday morning and/ or save to purchase admission to our nine week events. Teachers are provided a binder that includes social skill activities that they can use in their classroom to build community. PBIS behavior expectations are posted relative to the area of the campus. The acronym P.A.W.S. communicates our school wide expectation: Positive attitude, Always be responsible, Work together, and Show respect. However, we also use the acronym L.U.N.C.H. in the cafeteria to remind students to Listen for directions, Use a quiet voice, Nice friend, Choose only your food, and Hands, feet, and objects to yourself. P.L.A.Y on the playground as a reminder to Play safely, Listen for directions, Always be responsible, and You're a friend. Lastly, the acronym W.A.L.K is posted in the hallways to encourage students to use Whisper voices, Always be responsible, Lines straight, and Keep moving. A committee of teachers across grade levels, staff, and leadership team members meet regularly throughout the year to communicate and collaborate in regards to PBIS. Behavior events are situational in respect to how they are handled with consideration of age, grade, behavior history, and needs of the student. More often than not, the majority of events can be managed by the teacher with a conversation or time out with a partner teacher. Teachers are also strongly encouraged to keep consistent communication with parents for both positive purposes; as well as concerns. However, at times, the student is sent to the Behavior Resource Teacher as a secondary level of support in teaching and reinforcing appropriate replacement behaviors. The Behavior Resource Teacher then follows up with the parent and may choose to schedule a conference with the parent if a pattern of behavior develops. Occasionally, a behavior event occurs that is of an elevated level of severity and in such cases, the Behavior Resource Teacher may choose to assign the student to in-school detention. In-school detention is a proactive response that allows the student to spend the day in the Behavior Resource Teacher's office where he or she will complete his or her academic assignments and participate in social skill building activities based on the target behavior. Out of school suspensions are given much consideration, and are often a last resort consequence.

Throughout the year, the Behavior Resource Teacher collaborates with individual teachers who have classroom management concerns or those in need of support with individual student(s). In addition, behavior management training is provided to faculty and staff throughout the year.

d. Describe how the school ensures the social-emotional needs of all students are being met, which may include providing counseling, mentoring and other pupil services.

Glen Springs has a full time school counselor who provides classroom counseling lessons to all students at school. Topics of classroom counseling lessons include teaching skills to help students be successful in personal/social skills as aligned with the American School Counselor Association's National Model. Students are also able to participate in small group counseling with the school counselor. Topics for small group include: social skills, test anxiety, anger management, changing families, academic success and others as need arises. In addition, the school counselor provides individual counseling to students who present a need for this level of social, emotional, and academic support.

3. Early Warning Systems

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. Â§ 6314(b)(1)(B)(ii)(III), (b)(1)(B)(iii)(I), and (b)(1)(I).

a. Describe the school's early warning system and provide a list of the early warning indicators used in the system.

b. Provide the following data related to the school's early warning system

1. The number of students by grade level that exhibit each early warning indicator:

Indicator	Grade Level													Total
	K	1	2	3	4	5	6	7	8	9	10	11	12	
Attendance below 90 percent	0	0	0	0	0	0	0	0	0	0	0	0	0	
One or more suspensions	0	0	0	0	0	0	0	0	0	0	0	0	0	
Course failure in ELA or Math	0	0	0	0	0	0	0	0	0	0	0	0	0	
Level 1 on statewide assessment	0	0	0	0	0	0	0	0	0	0	0	0	0	

The number of students identified by the system as exhibiting two or more early warning indicators:

Indicator	Grade Level													Total
	K	1	2	3	4	5	6	7	8	9	10	11	12	
Students exhibiting two or more indicators	0	0	0	0	0	0	0	0	0	0	0	0	0	

c. Describe all intervention strategies employed by the school to improve the academic performance of students identified by the early warning system.

B. Family and Community Engagement

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. Â§ 6314(b)(1)(B)(iii)(I)(aa).

1. Describe how the school works at building positive relationships with families to increase involvement, including efforts to communicate the school's mission and vision, and keep parents informed of their child's progress.

Title I schools use the Parent Involvement Plan (PIP) to meet the requirements of 20 U.S.C. Â§ 6314(b)(1)(F).

a. Will the school use its PIP to satisfy this question?

Yes

1. PIP Link

The school completes a Parental Involvement Plan (PFEP), which is accessible through the Continuous Improvement Management System (CIMS) at <https://www.floridacims.org/documents/308370>.

2. Description

A PIP has been uploaded for this school or district - see the link above.

2. Describe the process by which the school builds and sustains partnerships with the local community for the purpose of securing and utilizing resources to support the school and student achievement.

Glen Springs works with district staff and parent contacts to create partnerships with area businesses and organizations. We meet with representatives from local businesses and organizations to determine the support they can provide, and how we, as a school, can support the business or organization. When businesses or organization provide goods or services, we recognize them in school wide newsletters, parent link calls, or on our marquee.

C. Effective Leadership

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. Â§ 6314(b)(1)(H).

1. School Leadership Team

a. Membership

Identify the name, email address and position title for each member of the school leadership team.:

Name	Title
Armstrong, Kelly	Principal
McAlhany, Vicki	Assistant Principal
Armstrong, Amanda	School Counselor
Wright, Marshalee	Dean
Croft, Colleen	Teacher, K-12

b. Duties

1. Describe the roles and responsibilities of the members, including how they serve as instructional leaders and practice shared decision making.

Together, the school leadership team will collaborate to provide instructional leadership and shared decision making.

Principal serves as the instructional leader and practices shared decision making by:

Assessing, evaluating, and monitoring specific and measurable goals for the instructional and learning needs of the school, teachers and students. He practices shared decision making by encouraging faculty and staff members to communicate with the leadership team, work collaboratively to plan meaningful and aligned lessons and activities; as well as, analyze data.

Assistant Principal serves as an instructional leader and practices shared decision making by:

Facilitating professional development learning for teachers that align with our school goals and needs of our students. Additionally, she also provides meaningful and specific evidence based feedback to teachers following informal classroom walk-through and evaluations. Lastly, she serves as a support for content area and grade level teachers in understanding and aligning the standards to instructional practice.

School Counselor serves as a school leader and practices shared decision making by:

Provides Response to Intervention coordination across grade levels, leads and manages student Individual Educational Plans/ 504s and Educational Planning team meetings. Support for content area and grade level teachers in understanding progress monitoring strategies within multiple measures of data collected.

Dean of Students serves as a school leader and practices shared decision making by:

Providing professional development in the area of behavior management and specific targeted interventions based on student needs. She also serves as the school based attendance liaison who is responsible for monitoring student attendance, facilitating educationally planning team meetings as it relates and communicating with the District truancy officer if needed.

Teacher of Title I and Florida Continuous Improvement Model serves as a school leader and

practices shared decision making by: providing remediation to students who, based on state assessment data, are in the lowest quartile in reading and math. She also facilitates data meetings across grade levels to engage in shared discussion about student growth and academic needs; as well as, targeted interventions.

The school leadership team meets each Monday morning to debrief on the previous and upcoming week as it relates to individual student and school needs; as well as, share in the decision making and plan as we move forward throughout the year.

2. Describe the process through which school leadership identifies and aligns all available resources (e.g., personnel, instructional, curricular) in order to meet the needs of all students and maximize desired student outcomes. Include the methodology for coordinating and supplementing federal, state and local funds, services and programs. Provide the person(s) responsible, frequency of meetings, how an inventory of resources is maintained and any problem-solving activities used to determine how to apply resources for the highest impact.

The school problem-solving processes include frequent and structured administrative, leadership and instructional data analysis meetings to review data and make changes in the instructional interventions groups provided by Title 1 teacher tutors and classroom teachers.

Title 1, Part A:

Supplemental reading and math services are provided by Title 1 teachers to targeted students during the school day and in after-school tutoring programs if available. The FCIM coordinator assists teachers with data collection and analysis, and in the development of effective instructional strategies.

Title 1, Part C - Migrant:

A migrant liaison provides services and support to students and parents. The liaison coordinates with Title 1 and other school and district programs to meet the needs of the students and families.

Title 1, Part D:

A migrant liaison provides services and support to students and parents. The liaison coordinates with Title 1 and other school and district programs to meet the needs of the students and families.

Title II:

The district receives supplemental funds for improving basic educational programs through the purchase of technology. The school utilizes these funds through the purchase of technology such as new SmartBoards, Smart Response systems and document cameras. The school also utilizes the expertise of district technology coaches.

Title III:

The school works with the district ESOL representative to coordinate services to improve the education of immigrants and English-language learners. Services that are provided include educational materials such as dictionaries, home-school communication in native languages and instructional services (tutors).

Title X - Homeless:

The school works with the district Homeless Coordinator to provide needed services for student identified as homeless under the McKinney-Vento Act to eliminate barriers to a free and appropriate education.

Supplemental Academic Instruction (SAI):

SAI funds will be combined with district funds to provide third grade teachers.

Violence Prevention Programs:

The school offers non-violence and anti-drug programs, such as Steps to Respect, Peace Works, Too Good for Drugs to all students. In addition, the school participates in Red Ribbon Week in October with school-wide activities. The counselor also offers the Speak Up and Be Safe program and Safer, Smarter Kids.

Nutrition Programs:

The school follows the district's nutrition program. We also participate in the Food 4 Kids backpack program that provides food each weekend and during school breaks for children who exhibit signs of hunger.

2. School Advisory Council (SAC)

a. Membership

Identify the name and stakeholder group for each member of the SAC.:

Name	Stakeholder Group
Kelly Armstrong	Principal
Kyra Purvis	Teacher
Meaghan Gullede	Teacher
Heather Smith	Teacher
Rachel Prater	Parent
Khadija Camps	Parent
Jackelyn Gonzalez	Parent
Richard Ducusin	Parent
Lovely Larkin	Education Support Employee
Nina Spencer	Business/Community
Hank Barr	Business/Community

b. Duties

1. Provide a description of the SAC's involvement with the following activities, as required by section 1001.452(2), Florida Statutes

a. Evaluation of last year's school improvement plan

Each year, after test scores and school grades are released, the SAC meets to discuss the scores, school grade, and to review the previous School Improvement Plan. At that time, we discuss areas that were addressed and the effectiveness of the plan. The SAC members also provide input regarding strategies and ideas to include in the plan for the upcoming school year.

b. Development of this school improvement plan

The School Advisory Council assists with the review and implementation of the School Improvement Plan. SAC members are asked to provide input about potential goals and strategies to meet those goals. Members help create and distribute the school's climate survey to parents, faculty and staff. After the data is collected the SAC members analyze the data and make recommendations for strategies to address any concerns. Through regularly scheduled meetings, the SAC contributes to the decision-making process of the school, including use of school improvement funds.

c. Preparation of the school's annual budget and plan

Each year, the district finance department provides the school with the budget allocation for the upcoming school year. The executive assistant/bookkeeper presents the budget allocation to the SAC members. She explains how the budget is developed, and how the funds are allocated to each grade level and department in the school and the amounts provided. Once presented, the SAC members have an opportunity to ask questions and provide input about how the fund are distributed in the school. Once the budget is finalized, the SAC votes to approve the school budget. The principal, a representative from the SAC, and a faculty member sign the completed budget and submit it to the district finance department.

2. Describe the use of school improvement funds allocated last year, including the amount budgeted for each project.

The school improvement funds will be used to purchase materials to support the goals of the School Improvement Plan such as Kagan materials, writing journals, additional reading and math materials, manipulatives, and supplemental non-fiction text materials and leveled readers. School improvement funds will also be used to purchase document cameras and other technology to enhance instruction.

3. Verify that the school is in compliance with section 1001.452, Florida Statutes, regarding the establishment requirements and duties of the SAC.

Yes

a. If the school is not in compliance, describe the measures being implemented to meet SAC requirements.

3. Literacy Leadership Team (LLT)

a. Membership

Identify the name and position title for each member of the school-based LLT or similar group, if applicable.:

Name	Title
Armstrong, Amanda	School Counselor
McAlhany, Vicki	Assistant Principal
Armstrong, Kelly	Principal
Croft, Colleen	Teacher, K-12
Shockley, Amy	Instructional Coach

b. Duties

1. Describe how the LLT or similar group promotes literacy within the school, if applicable.

The Literacy Leadership Team promotes literacy within Glen Springs Elementary through professional development training with focus on strategies such as close reading and interactive journals that encourage multiple opportunities for students to use academic vocabulary while reading, writing and engaging in discourse. Teachers will understand that student reading comprehension and meta-cognition about reading will be rigorously engaged when they use close reading strategies to unpack and respond to various types of text (esp. informational text). Furthermore, literacy learning will increase for our students when teachers incorporate multiple opportunities for writing opinions and arguments that are text based and information rich. We can also build literacy using centers/stations, performance tasks, labs, and our blending learning computer programs.

D. Public and Collaborative Teaching

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. Â§ 6314(b)(1)(D).

1. Describe the school's strategies to encourage positive working relationships between teachers, including collaborative planning and instruction.

Grade level teams meet weekly to share and discuss information about individual students, curriculum, and/ or that pertains to the grade level as a whole. In the intermediate grades (3-5) content area teachers meet to plan and prepare for instruction based on a curriculum map and with focus on the Florida Standards.

2. Describe the school's strategies to recruit, develop and retain highly qualified, certified-in-field, effective teachers to the school.

The Assistant Principal meets with teachers new to Glen Springs during pre-planning and bi-monthly throughout the year to provide support in both classroom management and instructional practice; as well as, to foster collaboration among teachers. Grade level teams meet weekly to share and discuss information about individual students, curriculum, and/or that which pertains to the grade level as a whole. In the intermediate grades (3-5) content area teachers meet to plan and prepare for instruction based on scope and sequence and with focus on the Florida Standards. All new teachers are assigned a district mentor coach during their first year of teaching. In addition, up to five teachers at a time can participate in a coaching cycle with the support of our school based instructional coach.

3. Describe the school's teacher mentoring program, including the rationale for pairings and planned mentoring activities.

The district mentoring program pairs a district mentor with a beginning teacher based on the experience of the mentor. The teacher and mentor meet weekly. The mentor observes and provides feedback to the beginning teacher. The mentor also facilitates cohort meetings for a group of beginning teachers to share and discuss teaching strategies.

E. Ambitious Instruction and Learning

1. Instructional Programs and Strategies

a. Instructional Programs

1. Describe how the school ensures its core instructional programs and materials are aligned to Florida's standards.

Glen Springs Elementary adopted a reading and math series that meets many of the Florida Standards. Additional resources that are used in meeting Florida Standards include FCRR activities, CPALMS, and additional materials provided by the district.

b. Instructional Strategies

1. Describe how the school uses data to provide and differentiate instruction to meet the diverse needs of students. Provide examples of how instruction is modified or supplemented to assist students having difficulty attaining the proficient or advanced level on state assessments.

Students in the ESE program are provided with intervention materials from the core curriculum to differentiate instruction. Students that are advanced are provided enrichment materials and projects that meet the Florida Standards. CPALMS activities, as well, as questioning from Webb's Depth of Knowledge also provide instruction for the various levels.

2. Provide the following information for each strategy the school uses to increase the amount and quality of learning time and help enrich and accelerate the curriculum:

Strategy: After School Program

Minutes added to school year: 1,320

Approximately 24 selected students in grades three through five will receive small group (8 students or less), intensive after school tutoring two days a week for one hour each day from October 2016 until April 2017. Students will be instructed using the Achieve 3000 program, a research-based reading program that aligns with Common Core State standards.

Strategy Rationale

The students require additional instruction to acquire needed skills in reading and language arts.

Strategy Purpose(s)

- Core Academic Instruction

Person(s) responsible for monitoring implementation of the strategy

Croft, Colleen, croftcl@gm.sbac.edu

Data that is or will be collected and how it is analyzed to determine effectiveness of the strategy

Data from Instructional Progress Monitoring (IPM) assessments and grade level common assessments will be used to determine the effectiveness of the tutoring program.

Strategy: Before School Program

Minutes added to school year: 1,080

Identified students (especially those that cannot stay for after school tutoring programs) will go to the computer lab approximately two days per week to work on math fluency skills in addition, subtraction, multiplication and division. This will be done using the research-based computer program, Reflex Math, supported by the district.

Strategy Rationale

The students require additional instruction and practice in basic math skills.

Strategy Purpose(s)

- Core Academic Instruction

Person(s) responsible for monitoring implementation of the strategy

McAlhany, Vicki, mcalhacv@gm.sbac.edu

Data that is or will be collected and how it is analyzed to determine effectiveness of the strategy

Data from Instructional Progress Monitoring scores and grade level My Math unit assessments will be used to determine the effectiveness of the intervention.

Strategy: Extended School Day

Minutes added to school year: 2,160

Title 1 supplemental reading instruction will be provided to selected students in grades three through five using the intervention series (Reading Street - My Sidewalks) during teacher directed PE time.

Classroom teachers will meet with small intervention groups at least two time a week for 30 minutes during teacher directed PE time.

Strategy Rationale

The students require additional instruction to acquire needed skills in reading and language arts.

Strategy Purpose(s)

- Core Academic Instruction

Person(s) responsible for monitoring implementation of the strategy

Croft, Colleen, croftcl@gm.sbac.edu

Data that is or will be collected and how it is analyzed to determine effectiveness of the strategy

Data from reading assessments and unit benchmark assessments will be reviewed monthly and updated groups will be formed if needed.

2. Student Transition and Readiness

a. PreK-12 Transition

The school's response to this question may be used to satisfy the requirements of 20 U.S.C. Â§ 6314(b)(1)(G).

1. Describe the strategies the school employs to support incoming and outgoing cohorts of students in transition from one school level to another.

The district, through the Voluntary Pre-K (VPK) program, provides an opportunity for every four year old to participate in pre-kindergarten classes to become better prepared for kindergarten.

In May of each year, the school holds "Kindergarten Round-up". This is an informational session, where parents can complete necessary enrollment paperwork, ask questions, and take a tour of the kindergarten classrooms.

Parents may contact the Principal or Assistant Principal for additional information and a tour of the school.

b. College and Career Readiness

1. Describe the strategies the school uses to advance college and career awareness, which may include establishing partnerships with business, industry or community organizations.

2. Identify the career and technical education programs available to students and industry certifications that may be earned through those respective programs.

3. Describe efforts the school has taken to integrate career and technical education with academic courses (e.g., industrial biotechnology) to support student achievement.

4. Describe strategies for improving student readiness for the public postsecondary level based on annual analysis of the [High School Feedback Report](#), as required by section 1008.37(4), Florida Statutes.

II. Needs Assessment

The school's completion of this section may satisfy the requirements of 20 U.S.C. Â§ 6314(b)(1)(A).

A. Problem Identification

1. Data to Support Problem Identification

b. Data Uploads

Data uploads are not required by the Florida Department of Education but are offered as a tool for the needs assessment. In this section, the school may upload files of locally available data charts and graphs being used as evidence of need.

The following documents were submitted as evidence for this section:

No files were uploaded

2. Problem Identification Summary

This section is not required by the Florida Department of Education but is provided as an opportunity for the school to summarize the points of strength and areas of need that have been identified in the data.

B. Problem Analysis Summary

This section is not required by the Florida Department of Education but is provided as an opportunity for the school to summarize the underlying "why" or root causes for the areas of need identified in the data, as determined by situational awareness of, and research conducted by, the stakeholders involved in the needs assessment.

C. Strategic Goals

School Improvement Goals

The following key is intended to help readers understand how the sections of this document correspond to the steps of the 8-step planning and problem-solving framework used in the School Improvement Plan. The Quick Key numbers can help registered users go directly to the point of entry for any given goal, barrier and strategy within the online survey.

Problem Solving Key

S = Strategy

 = Problem Solving Step  S123456 = Quick Key

Strategic Goals Summary

- G1.** The percent of students scoring at proficiency or above in English Language Arts will increase by at least 10 %.
- G2.** The percent of students scoring at proficiency or above in Mathematics will increase by at least 10 %.
- G3.** At least 50% of the lowest quartile will make a year's gain in Mathematics.

Strategic Goals Detail

For each strategic goal, this section lists the associated targets (i.e., "SMART goals"), targeted barriers to achieving the goal, resources available to help reduce or eliminate the barriers, and the plan for monitoring progress toward the goal.

Action Plan for Improvement

For each strategy selected in the plan to reduce a targeted barrier to a strategic goal, this section lists the rationale for that strategy (i.e., why the school believes it will reduce the barrier) and the action steps that have been identified as necessary to implementing the strategy, including details such as the point person, timing and duration, and evidence of completion. At the end of each set of action steps is the plan for monitoring the implementation and effectiveness of the respective strategy.
