The 2014-15 school grades serve as informational baseline data that schools can use to improve in future years.

### School Board Approval

This plan was approved by the Alachua County School Board on 10/18/2016.

### SIP Authority and Template

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a school improvement plan (SIP) for each school in the district.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F or a monitoring status of "Former F" (see page 4). For all other schools, the district may use a template of its choosing. All districts must submit annual assurances that their plans meet statutory requirements.

This document was prepared by school and district leadership using the Florida Department of Education's school improvement planning web application located at <https://www.floridacims.org>.

## Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. A corollary at the district level is the District Improvement and Assistance Plan (DIAP), designed to help district leadership make the necessary connections between school and district goals in order to align resources. The Florida Department of Education encourages schools to use the SIP as a “living document” by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the “Date Modified” listed in the footer.

### Part I: Current School Status

Part I organizes the current status of the school around five domains inspired by the 5Essentials framework: Supportive Environment, Family and Community Involvement, Effective Leadership, Public and Collaborative Teaching, and Ambitious Instruction and Learning. Questions regarding the school’s Multi-Tiered System of Supports have been embedded throughout this part to demonstrate how data is used by stakeholders to understand the needs of all students and allocate appropriate resources in proportion to those needs.

### Part II: Needs Assessment

Part II requires the school to review performance and early warning systems data in order to develop strategic goals and associated data targets (i.e., “SMART goals”) for the coming school year in context of the school’s greatest strengths and needs. An online tool was developed, which includes data visualizations and processing questions to support problem identification, problem analysis and strategic goal formulation.

### Part III: 8-Step Planning and Problem Solving for Implementation

Part III enables the school to develop implementation plans for its highest-priority goals. With the overview of the current state of the school in mind and the strategic goals identified through the needs assessment, the planning team engages in a facilitated planning and problem-solving process, through which they

- Define strategic goals and establish targets to be reached by successfully achieving the goals (Step 1)
- Identify barriers that could hinder achieving those goals and resources that could be used to eliminate or reduce barriers (Step 2)
- Select high-priority barriers they want to address initially (Step 3)
- Design implementation and monitoring plans for strategies to resolve selected barriers (Steps 4-7)
- Determine how they will monitor progress toward each goal (Step 8)

### Appendices

The following appendices, automatically-generated from content entered in Part III, are included in this document:

- Appendix 1 is a timeline of all action steps and monitoring activities
- Appendix 2 is an outline of all professional development opportunities and technical assistance items
- Appendix 3 is a report of the budget needed to implement the strategies

## Differentiated Accountability

Florida's Differentiated Accountability (DA) system, established in [section 1008.33, Florida Statutes](#), is a statewide network of strategic support, differentiated by need according to performance data, provided to districts and schools in order to improve leadership capacity, teacher efficacy, and student outcomes. Through a data-driven planning and problem-solving process, DA field teams collaborate with district leadership to design, implement, and refine strategic goals and action plans that are documented in the SIP.

### DA Regions

Florida's DA network is divided into four geographical regions, each served by a field team led by a regional executive director (RED).

### DA Categories

At the start of each academic year, traditional schools are classified for DA support in three categories based on the most recent school grades data available. Descriptions of each DA category along with the state support and interventions provided are set forth by [Rule 6A-1.099811, Florida Administrative Code](#):

- Not in DA – currently A, B, or C and not Monitoring Only; charter schools; ungraded schools
- Monitoring Only – currently A, B, or C that improved from a previous grade of F
- Focus – currently D
- Priority – currently F

### DA Turnaround and Monitoring Statuses

Additionally, schools in DA may be subject to a turnaround status of "Planning" or "Implementing" or a monitoring status of "Former F." These statuses are based on a school's grades history, including the current school grade:

- Former F - A school with a status of "Former F" requires the department to monitor the implementation of strategies and progress toward the goals outlined in the school improvement plan for three years following the school's improvement from a grade of F to a C or higher.
- Planning - A school with a status of "Planning" requires the district to engage stakeholders in the development of a turnaround option plan to be implemented in the following year should the school grade not improve to a C or higher.
- Implementing - A school with a status of "Implementing" requires the district to submit a turnaround plan to the State Board of Education for approval and implementation. A school remains in "Implementing" status until its school grade improves to a C or higher.

## I. Part I: Current School Status

### A. Supportive Environment

#### 1. School Mission and Vision

##### a. Provide the school's mission statement.

District: We are committed to the Success of Every Student!

School: The mission of Kimball Wiles Elementary School is to provide each student with the best opportunity to learn and thrive each day.

##### b. Provide the school's vision statement.

District: We will graduate students who have the knowledge, skill, and personal character to be lifelong learners and independent thinkers. Our graduates will excel in their chosen careers and be productive and contributing members of the global community.

School: Through a unified effort, Kimball Wiles will provide a cooperative, secure and innovative environment in which all individuals will reach their full potential.

#### 2. School Environment

##### a. Describe the process by which the school learns about students' cultures and builds relationships between teachers and students.

Each spring parents are invited to write to the principal about their child, describing the child's strengths and weaknesses, hopes and dreams. After all, it is the parents who know the child best and can best convey to teachers and school staff just what will help the child meet with success each day at school. In addition, teachers invite children and their parents to share aspects of their culture which they treasure the most as a family.

On the Friday of pre-planning before school begins, the school schedules Meet the Teacher for students and parents to meet their new instructor and to see the classroom. Open House is scheduled a few weeks later and gives parents and teachers time to talk and listen to each other. Parent Conference Nights are scheduled throughout the school year for another opportunity for parents and teachers to come together for the benefit of the children.

Kindergarten students come to school for just one day the first three days of the school year. This gives teachers time to interact with just five - six children for a whole school day rather than eighteen children all at once. Teachers use this time to get to know each child and to begin the relationship building process.

Teachers hold Morning Meetings, build classroom communities, select Wiles Leaders, showcase student work, and throughout the day work with students to build strong relationships with each other and all school personnel.

##### b. Describe how the school creates an environment where students feel safe and respected before, during and after school.

The school uses the Raptor program which monitors people coming onto and leaving the school system. A strictly enforced sign-in and identification is in use throughout the school day as well as

before and after school in order to guarantee the safety of all students and school personnel. The School Resource Officer conducts school lockdown drills on a regular basis and provides instruction to the staff on ways to keep our campus safe for children and adults.

The principal provides a copy of the school's Crisis and Emergency Plan during pre-planning and reviews procedures with faculty and staff with the assistance of the School Resource Officer.

Teachers are on duty before school and after school at all junctures of arrival and dismissal to monitor the safety of the students.

The Guidance Counselor and school administration are on duty each day working with children to help each one feel safe and respected at school. The Guidance Counselor provides small group help to students on Friendship, School Adjustment, and other topics to help students feel part of the warm, supportive school community.

Classroom teachers provide students with an environment that is supportive and safe and counsels students on what to do in the event that problems occur. All students and their parents are provided with information on the school district's anti-bullying program including what to do in case bullying occurs. The school notifies students and parents through the weekly Principal's Letter about the school no tolerance policy on threatening, bullying or fighting. Teachers promote friendship and civility within the classrooms through class and grade level meetings.

School volunteers work in classroom and throughout the school to provide students with other caring adults to talk to and to work with.

The School Resource Officer is visible throughout the school day and is another resource for children to turn to.

**c. Describe the schoolwide behavioral system in place that aids in minimizing distractions to keep students engaged during instructional time. This may include, but is not limited to, established protocols for disciplinary incidents, clear behavioral expectations, and training for school personnel to ensure the system is fairly and consistently enforced.**

There are clear behavioral expectations for all students not only in the classrooms but throughout the public areas of the school such as hallways and cafeteria including being responsible, kind, hard working, and polite. Teachers work with children every day to help them stay focused on their school work while building strong, positive relationships with their fellow students and their teachers.

There are district-developed protocols for disciplinary incidents along with local protocols such as when and who to call in case there is an incident that must be addressed within the school. All teachers receive training in school and discipline during pre-planning week of the school year.

The school district provides each elementary school with a Behavior Resource Teacher (BRT), a caring adult for students who are struggling with behavioral issues. The BRT works to help students stay in school and accomplish their school work as opposed to out-of-school suspension.

Meridian Behavioral Health provides in-school counseling to its clients who attend Kimball Wiles Elementary.

The school marks and celebrates Red Ribbon Week with everyone taking a pledge to remain drug-free. Activities are school throughout the week to help students understand how important this pledge is for their health and welfare.

The school participates in the Trauma Sensitive School program which works with children in crisis situations in a caring and supportive manner.

Students are provided with student planners through the school or the Title 1 program (7 Habits Student Planners) to assist them in keeping track on assignments and projects.

School administration is always available to teachers and students to help with difficult situations that may arise where additional professional help is required. School administration also monitors student behavior through discipline referrals, referrals to other specialized schools within the districts, and to outside agencies as needed.

**d. Describe how the school ensures the social-emotional needs of all students are being met, which may include providing counseling, mentoring and other pupil services.**

The school Guidance Counselor provides classroom guidance on topics such as Friendship, School Adjustment, and Divorce to each classroom beginning with Kindergarten classes in the fall. She also provides some limited individual counseling on such topics as divorce, death and bereavement, and social skills.

Mentors are solicited from within the school staff as well as from outside sources such as Business Partners to provide support to students needing extra guidance and support in their lives.

A Backpack Feeding Program is in place for those families without enough food for the week-ends. Baskets of food are provided by the school community at major holidays to families who might otherwise have to go without.

Throughout the school day, teachers help students with social-emotional needs, not only in the classroom but on the playground and at lunchtime as well. Meridian Behavioral Health offers in school counseling to identified students. Kimball Wiles is also a Trauma Sensitive School as it works with children in crisis.

### 3. Early Warning Systems

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. Â§ 6314(b)(1)(B)(ii)(III), (b)(1)(B)(iii)(I), and (b)(1)(I).

**a. Describe the school's early warning system and provide a list of the early warning indicators used in the system.**

The school early warning system takes into account several indicators. The first is the bottom quartile in reading and math from the state assessment program in grades 3 - 5. These students are immediately targeted for Title 1, school Intervention Groups, and/or After School Tutoring.

The school also monitors attendance through teacher contact, Truancy Officer, and the Educational Planning Team (EPT) for parents of truant students.

At grades K - 2, school assessments in reading and mathematics are monitored throughout the school year along with school-level assessments in all three areas . Students in grades 3 - 5 are monitored through districts assessments (AIMS) in reading and mathematics and at fifth grade, science. Course failure in reading, mathematics and science are monitored every four weeks. Struggling students are targeted for Title 1, school Intervention Groups, and/or After School Tutoring, with through Title 1 or the school's own tutoring program. ESOL After School Tutoring is available for students eligible for this program pending district funding.

The Guidance Counselor monitors attendance and targets attendance below 90%. She alerts

teachers who make first contact with parents. If the attendance problem is not remedied, she schedules an Educational Planning Team (EPT) with parents and school staff. If poor attendance continues, the Guidance Counselor follows up with a truancy referral.

**b. Provide the following data related to the school's early warning system**

**1. The number of students by grade level that exhibit each early warning indicator:**

Indicator	Grade Level													Total
	K	1	2	3	4	5	6	7	8	9	10	11	12	
Attendance below 90 percent	13	11	5	6	6	8	0	0	0	0	0	0	0	49
One or more suspensions	2	2	4	5	6	7	0	0	0	0	0	0	0	26
Course failure in ELA or Math	0	0	0	6	4	0	0	0	0	0	0	0	0	10
Level 1 on statewide assessment	0	0	0	15	18	12	0	0	0	0	0	0	0	45

**The number of students identified by the system as exhibiting two or more early warning indicators:**

Indicator	Grade Level														Total
	K	1	2	3	4	5	6	7	8	9	10	11	12		
Students exhibiting two or more indicators	3	6	2	2	1	3	0	0	0	0	0	0	0	17	

**c. Describe all intervention strategies employed by the school to improve the academic performance of students identified by the early warning system.**

Students with poor attendance are monitored by the data base manager, the Guidance Counselor, and the principal and assistant principal. Teachers make the first attempt to speak with the parent regarding student absences. If this does not resolve the problem, an Educational Planning Team (EPT) meeting is scheduled with the parent. If the problem is still not resolved, the Truancy teacher is called and a home visit is made. If all else fails, the School Board's truancy procedures come into play.

Academic assistance is provided through Title 1, Intervention Groups, Exceptional Student Education (ESE), before school Reflex Math, and After School Tutoring,

Students with behavioral difficulties are handled by the classroom teacher, school administration, and the Guidance Counselor. Classroom daily check sheets are used initially to communicate to both the child and the parent how the student behavior is throughout the school day. If this does not resolve the problem, an EPT is scheduled with the parent where the child's participation in on campus activities may be restricted by the school's Red Sheet program. The child may also be referred for psychological evaluation. Otherwise, the child can be referred to the district's Character Counts program for more intensive behavioral services.

## b. Duties

### 1. Provide a description of the SAC's involvement with the following activities, as required by section 1001.452(2), Florida Statutes

#### a. Evaluation of last year's school improvement plan

A committee was formed mid-year to develop the Parent Climate Survey and the Teacher Climate Survey, documents that are utilized each school year in the development of the School Improvement Plan. At each SAC meeting, the members received an update on progress toward meeting the goals of the School Improvement Plan. At the end of the school year, the school preliminary FSA and FCAT scores were reviewed to ascertain that the school met its goals.

#### b. Development of this school improvement plan

The school district surveyed parents and teachers in spring 2016 for input on the development of the School Improvement Plan. The Parent Climate Survey included items on how the school can improve in educating children, helping parents with parenting skills, programs of interest, and how parents felt about the school.

The Faculty and Staff Climate Survey asked teachers and other school personnel for input on how to improve student academic achievement, school attendance, instructional materials, and programs to help teachers become more effective at their craft.

The faculty and SAC provided input on the development of the School Improvement Plan through previewing the drafts and providing feedback to selected personnel.

The SAC provided ongoing input to the principal throughout the school year at the SAC meetings.

#### c. Preparation of the school's annual budget and plan

With input from the SAC, the budget is prepared and presented to the SAC for approval at an SAC meeting early in the school year. The budget is based on the goals and objectives of the School Improvement Plan.

**2. Describe the use of school improvement funds allocated last year, including the amount budgeted for each project.**

SIP funds will be utilized to:

1. provide After School Tutoring to eligible third, fourth and fifth graders through Title 1, school improvement funds, and district ESOL grants if available (\$9000),
2. provide instructional materials for After School Tutoring groups (\$2000),
3. provide instructional materials and supplies to at risk learners in all grade levels (\$5000)

This information was shared with the SAC for input, feedback and approval.

**3. Verify that the school is in compliance with section 1001.452, Florida Statutes, regarding the establishment requirements and duties of the SAC.**

Yes

*a. If the school is not in compliance, describe the measures being implemented to meet SAC requirements.*

Name	Title
Buys, Barbara	Principal
Haukland, Edward	Assistant Principal
O'Connor, Sharon	Instructional Media
Cox, Tracy	Instructional Coach
Kranzler, Theresa	School Counselor

**b. Duties**

**1. Describe how the LLT or similar group promotes literacy within the school, if applicable.**

The Leadership Literacy Team meets quarterly to analyze student data in the areas of reading and language arts.

The major initiatives of the Literacy Leadership Team are to:

1. monitor student achievement in the area of reading in an effort to enable all students to become proficient and successful readers,
2. develop resources for all classroom teachers on best practices in reading instruction for all students,
3. meet the goals and objectives of the School Improvement Plan (SIP) in the area of Reading,
4. Integrate the Social Studies curriculum into the Reading curriculum, and
5. encourage outside reading for all learners.

**D. Public and Collaborative Teaching**

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. Â§ 6314(b)(1)(D).

**1. Describe the school's strategies to encourage positive working relationships between teachers, including collaborative planning and instruction.**

The school schedule is developed to provide collaborative planning and lesson development among teachers at the same grade level or those teaching the same subject area. Team meetings and planning are set on a monthly basis on the school calendar. The Lesson Study format provides an opportunity for teachers to actually watch a peer teach in a classroom. Finally, the district staff development budget and school funds occasionally provide for teacher visitation with other teachers within the school.

Data Chats are held following major assessments in reading, mathematics, and science with all classroom teachers and grade level teams. These chats help target areas of strength and weakness in the curriculum and in instructional practices.

Team Leader meetings are held monthly to address school life, grade level concerns, and upcoming events.

**2. Describe the school's strategies to recruit, develop and retain highly qualified, certified-in-field, effective teachers to the school.**

The school works through the Human Resources Department of the Alachua County Schools to identify teachers who are highly qualified, certified in field and effective instructors. The Principal and Assistant Principal are the responsible persons.

Both the Principal and Assistant Principal attend the transfer and interview forums scheduled each May for all school leaders. This provides an opportunity for administrators and teachers to talk in an informal setting.

**3. Describe the school's teacher mentoring program, including the rationale for pairings and planned mentoring activities.**

Mentor teachers are assigned to new teachers at the school no matter how many years of experience they bring with them. Mentors meet formally with their teachers monthly and informally throughout the week.

## **E. Ambitious Instruction and Learning**

### **1. Instructional Programs and Strategies**

#### **a. Instructional Programs**

**1. Describe how the school ensures its core instructional programs and materials are aligned to Florida's standards.**

The school district adopts all instructional materials that are aligned to Florida Standards and the district's scope and sequence for all subject areas. The school is prohibited from ordering any instructional materials that are not research-based and in alignment with Florida Standards.

All students receive on grade level instruction in the core curriculum including language arts, mathematics and science with the exception of students in the Gifted program in mathematics and at fifth grade, science. Students in the Gifted education work in above level materials in mathematics and if possible, science.

The Assistant Principal (AP) assists teachers in unpacking the standards, analyzes data to differentiate instruction for students through Data Chats, assists with the Gifted mathematics and science programs, monitors all instructional programs including Title 1, Exceptional Student

Education resource and self-contained programs, and all after school tutoring programs.

## **b. Instructional Strategies**

**1. Describe how the school uses data to provide and differentiate instruction to meet the diverse needs of students. Provide examples of how instruction is modified or supplemented to assist students having difficulty attaining the proficient or advanced level on state assessments.**

Through state of Florida assessment programs as well as through AIMS assessments which are provided by the school district in reading, mathematics and science for grades 3 - 5 and school assessments in reading and math for grades K - 2, the school has a wealth of data to review in order to provide differentiated instruction within the classroom and throughout the school day and after school.

Based on this and other school data, students may receive academic support services in the Exceptional Education Program, Title 1, the school's Intervention Program, and/or the school After School Tutoring programs for students in grades 3 - 5, and ESOL After School Tutoring for all eligible ESOL students.

Reflex Math, Achieve 3000 and Imagine Learning programs are utilized for the After School Tutoring programs.

FSA data are reviewed during the first weeks of school to identify students eligible for accommodation or modification of instruction to best meet their needs. Title 1 students are identified through this data as are students who require in-school Intervention Groups to support the regular curriculum and instruction. Other students are identified for above level mathematics instruction through the school's Gifted education program.

The Assistant Principal and Title 1 CIMS facilitator work together with teachers to find the programs which best meet the instructional needs of each student and to ensure the efficacy of all instructional programs utilized at the school.

**2. Provide the following information for each strategy the school uses to increase the amount and quality of learning time and help enrich and accelerate the curriculum:**

**Strategy: After School Program**

**Minutes added to school year: 60,000**

The school offers After School Tutoring in identified students in grades 3 - 5 through Title 1, School Improvement, and ESOL funds. Sessions are offered in the Fall from September - November 2016 and in the Spring from January - March 2017. Tutoring is free and is offered twice a week for 1 1/4 hours per session. Students are identified through FSA scores and teacher recommendation.

**Strategy Rationale**

Some students require additional instructional time to grasp and understand basic concepts in reading and mathematics. Others require more challenging activities to keep their learning moving forward. The school works hard to provide assistance to both ends of the learning curve.

**Strategy Purpose(s)**

- Core Academic Instruction
- Enrichment

**Person(s) responsible for monitoring implementation of the strategy**

Haukland, Edward, hauklaea@gm.sbac.edu

**Data that is or will be collected and how it is analyzed to determine effectiveness of the strategy**

FSA and FCAT Science are collected and analyzed for strengths and weaknesses. AIMS scores are utilized to monitor reading and mathematics progress in grades 3 - 5. School assessments are utilized in grades K - 2.

Teacher input and recommendations are solicited regarding need for additional instructional time for identified students. Parents are notified of student eligibility to participate in after school tutoring programs including Title 1, After School Tutoring, ESOL After School Tutoring, and STEM activities. Reflex Math, Imagine Learning and Achieve 3000 are utilized in before school and/or After School Tutoring programs.

Student progress is monitored through AIMS scores in Reading, Mathematics and Science at grades 3 - 5. School assessment scores in Reading and Mathematics are monitored for grades K - 2.

## **2. Student Transition and Readiness**

### **a. PreK-12 Transition**

The school's response to this question may be used to satisfy the requirements of 20 U.S.C. Â§ 6314(b)(1)(G).

#### **1. Describe the strategies the school employs to support incoming and outgoing cohorts of students in transition from one school level to another.**

The school district provides transition from Head Start to Kindergarten. Head Start teachers are invited to school inservice activities throughout the school year.

Each year the school holds a Kindergarten Open House in April to welcome new students and their families to school. Students meet Kindergarten staff, tour the school, and visit Kindergarten classrooms. Parents tour the school and begin the registration process.

During pre-planning, Kindergarten teachers meet with each family individually to begin the relationship building process and to listen to parents' goals for their child during the Kindergarten year.

When school begins, the school uses a staggered entry for Kindergarten over the first three days of the school year. This provides an opportunity for one-to-one interaction with small groups of students and the teacher and helps students acclimate more quickly to the Kindergarten experience.

For fifth graders, the school provide transition meetings to middle school and the opportunity to shadow in a middle school program.

## **b. College and Career Readiness**

**1. Describe the strategies the school uses to advance college and career awareness, which may include establishing partnerships with business, industry or community organizations.**
