Note: The school grades calculation was revised substantially for the 2014-15 school year to implement statutory changes made by the 2014 Legislature and incorporate the new Florida Standards Assessments. The 2014-15 school grades serve as informational baseline data that schools can use to improve in future years.

School Board Approval

This plan was approved by the Alachua County School Board on 10/18/2016.

SIP Authority and Template

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a school improvement plan (SIP) for each school in the district.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F or a monitoring status of "Former F" (see page 4). For all other schools, the district may use a template of its choosing. All districts must submit annual assurances that their plans meet statutory requirements.

This document was prepared by school and district leadership using the Florida Department of Education's school improvement planning web application located at <https://www.floridacims.org>.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. A corollary at the district level is the District Improvement and Assistance Plan (DIAP), designed to help district leadership make the necessary connections between school and district goals in order to align resources. The Florida Department of Education encourages schools to use the SIP as a “living document” by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the “Date Modified” listed in the footer.

Part I: Current School Status

Part I organizes the current status of the school around five domains inspired by the 5Essentials framework: Supportive Environment, Family and Community Involvement, Effective Leadership, Public and Collaborative Teaching, and Ambitious Instruction and Learning. Questions regarding the school’s Multi-Tiered System of Supports have been embedded throughout this part to demonstrate how data is used by stakeholders to understand the needs of all students and allocate appropriate resources in proportion to those needs.

Part II: Needs Assessment

Part II requires the school to review performance and early warning systems data in order to develop strategic goals and associated data targets (i.e., “SMART goals”) for the coming school year in context of the school’s greatest strengths and needs. An online tool was developed, which includes data visualizations and processing questions to support problem identification, problem analysis and strategic goal formulation.

Part III: 8-Step Planning and Problem Solving for Implementation

Part III enables the school to develop implementation plans for its highest-priority goals. With the overview of the current state of the school in mind and the strategic goals identified through the needs assessment, the planning team engages in a facilitated planning and problem-solving process, through which they

- Define strategic goals and establish targets to be reached by successfully achieving the goals (Step 1)
- Identify barriers that could hinder achieving those goals and resources that could be used to eliminate or reduce barriers (Step 2)
- Select high-priority barriers they want to address initially (Step 3)
- Design implementation and monitoring plans for strategies to resolve selected barriers (Steps 4-7)
- Determine how they will monitor progress toward each goal (Step 8)

Appendices

The following appendices, automatically-generated from content entered in Part III, are included in this document:

- Appendix 1 is a timeline of all action steps and monitoring activities
- Appendix 2 is an outline of all professional development opportunities and technical assistance items
- Appendix 3 is a report of the budget needed to implement the strategies

Differentiated Accountability

Florida's Differentiated Accountability (DA) system, established in [section 1008.33, Florida Statutes](#), is a statewide network of strategic support, differentiated by need according to performance data, provided to districts and schools in order to improve leadership capacity, teacher efficacy, and student outcomes. Through a data-driven planning and problem-solving process, DA field teams collaborate with district leadership to design, implement, and refine strategic goals and action plans that are documented in the SIP.

DA Regions

Florida's DA network is divided into four geographical regions, each served by a field team led by a regional executive director (RED).

DA Categories

At the start of each academic year, traditional schools are classified for DA support in three categories based on the most recent school grades data available. Descriptions of each DA category along with the state support and interventions provided are set forth by [Rule 6A-1.099811, Florida Administrative Code](#):

- Not in DA – currently A, B, or C and not Monitoring Only; charter schools; ungraded schools
- Monitoring Only – currently A, B, or C that improved from a previous grade of F
- Focus – currently D
- Priority – currently F

DA Turnaround and Monitoring Statuses

Additionally, schools in DA may be subject to a turnaround status of "Planning" or "Implementing" or a monitoring status of "Former F." These statuses are based on a school's grades history, including the current school grade:

- Former F - A school with a status of "Former F" requires the department to monitor the implementation of strategies and progress toward the goals outlined in the school improvement plan for three years following the school's improvement from a grade of F to a C or higher.
- Planning - A school with a status of "Planning" requires the district to engage stakeholders in the development of a turnaround option plan to be implemented in the following year should the school grade not improve to a C or higher.
- Implementing - A school with a status of "Implementing" requires the district to submit a turnaround plan to the State Board of Education for approval and implementation. A school remains in "Implementing" status until its school grade improves to a C or higher.

I. Part I: Current School Status

A. Supportive Environment

1. School Mission and Vision

a. Provide the school's mission statement.

We are committed to the success of every student.

ALA is a H.E.A.R.T.-based family that fosters our students' eagerness for lifelong learning, and their development of moral character and practical life skills, while preparing them to contribute as valuable members of the community.

b. Provide the school's vision statement.

We will graduate students who have the knowledge, skills, and personal characteristics to be lifelong learners and independent thinkers. Our graduates will excel in their chosen careers and be productive and contributing members of the global community.

Educating students to become exemplary citizens of the world with H.E.A.R.T..

2. School Environment

a. Describe the process by which the school learns about students' cultures and builds relationships between teachers and students.

All students are regularly asked to share in spoken feedback, groups and in writing various aspects of their life experience and personal interests. Teachers track behavior, enthusiasm, productivity and academic achievement and conference with parents to gain a more comprehensive cultural background and understanding. Teachers share information during weekly staff meetings. The school Family Liaison works one-on-one with students to evaluate students personal needs and works with teachers to implement behavior strategies and accommodations.

b. Describe how the school creates an environment where students feel safe and respected before, during and after school.

The school has a full-time Family Liaison position with dedicated office facilities to oversee and acquaint all parties with matters regarding implementation of all safe-school, wellness, bullying and behavioral policies. Parent and students sign and are held responsible to follow-through on the school compact which is designed and organized with parent involvement approval. All students are educated as to behaviors, codes, and consequences with special consideration to bullying and the reporting of it. Parents are involved in all behavior issues. The school has a student safety patrol system in place. Designated staff are trained in Children Matter: Speak Up and Be Safe protocols and students, grade K-5, are presented with the program.

c. Describe the schoolwide behavioral system in place that aids in minimizing distractions to keep students engaged during instructional time. This may include, but is not limited to, established protocols for disciplinary incidents, clear behavioral expectations, and training for school personnel to ensure the system is fairly and consistently enforced.

All students are made familiar with an all-school three check classroom timeout system. Weekly teachers' meetings go over behavior issues and trends. All students are familiarized with incident reporting and consequences.

Students are positively rewarded for appropriate behavior with various privileges on a daily, weekly and quarterly basis.

d. Describe how the school ensures the social-emotional needs of all students are being met, which may include providing counseling, mentoring and other pupil services.

Teachers are advised and trained in the Positive Behavioral Interventions and Support program which is a proactive approach to establishing the behavioral supports and social culture to achieve social, emotional, and academic success. The Family Liaison is available to all students for any personal matters teachers refer students to the liaison office when appropriate. The school provides parents information about community resources.

3. Early Warning Systems

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. Â§ 6314(b)(1)(B)(ii)(III), (b)(1)(B)(iii)(I), and (b)(1)(I).

a. Describe the school's early warning system and provide a list of the early warning indicators used in the system.

N/A

b. Provide the following data related to the school's early warning system

1. The number of students by grade level that exhibit each early warning indicator:

Indicator	Grade Level													Total
	K	1	2	3	4	5	6	7	8	9	10	11	12	
Attendance below 90 percent	0	0	0	0	0	0	0	0	0	0	0	0	0	
One or more suspensions	0	0	0	0	0	0	0	0	0	0	0	0	0	
Course failure in ELA or Math	0	0	0	0	0	0	0	0	0	0	0	0	0	
Level 1 on statewide assessment	0	0	0	0	0	0	0	0	0	0	0	0	0	

The number of students identified by the system as exhibiting two or more early warning indicators:

Indicator	Grade Level													Total
	K	1	2	3	4	5	6	7	8	9	10	11	12	
Students exhibiting two or more indicators	0	0	0	0	0	0	0	0	0	0	0	0	0	

c. Describe all intervention strategies employed by the school to improve the academic performance of students identified by the early warning system.

B. Family and Community Engagement

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. Â§ 6314(b)(1)(B)(iii)(I)(aa).

1. Describe how the school works at building positive relationships with families to increase involvement, including efforts to communicate the school's mission and vision, and keep parents informed of their child's progress.

Title I schools use the Parent Involvement Plan (PIP) to meet the requirements of 20 U.S.C. Â§ 6314(b)(1)(F).

a. Will the school use its PIP to satisfy this question?

Yes

1. PIP Link

The school completes a Parental Involvement Plan (PFEP), which is accessible through the Continuous Improvement Management System (CIMS) at <https://www.floridacims.org/documents/312064>.

2. Description

A PIP has been uploaded for this school or district - see the link above.

2. Describe the process by which the school builds and sustains partnerships with the local community for the purpose of securing and utilizing resources to support the school and student achievement.

The school regularly advertises in major local magazines, is promoted in local newspaper stories and articles, invites local leaders to participate in school functions, seeks local vendor donations in kind, maintain outreach booths at local fairs and maintains a website in order to better acquaint the community-at-large as to the schools mission, facilities and successes in order to garner their support.

C. Effective Leadership

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. Â§ 6314(b)(1)(H).

1. School Leadership Team

a. Membership

Identify the name, email address and position title for each member of the school leadership team.:

Name	Title
Kaseder, Jaya	Administrative Support
Rivera, Krishna	Principal

b. Duties

1. Describe the roles and responsibilities of the members, including how they serve as instructional leaders and practice shared decision making.

Principal - leads teams and oversees decisions made by the team to align with the best interest of the school and the child.

Instructional Specialists - Lead Teacher, grade level teacher, classroom teacher, Title 1 teachers- are responsible for meeting, determining students needs, creating plans for implementation, and following up on plans.

Psychologist, speech/language pathologist, OT, ESE specialist - as needed to provide professional input into plans and execution of services provided

2. Describe the process through which school leadership identifies and aligns all available resources (e.g., personnel, instructional, curricular) in order to meet the needs of all students and maximize desired student outcomes. Include the methodology for coordinating and supplementing federal, state and local funds, services and programs. Provide the person(s) responsible, frequency of meetings, how an inventory of resources is maintained and any problem-solving activities used to determine how to apply resources for the highest impact.

The elementary school team meets monthly with school leadership (or as needed) to review on-going process monitoring data at grade levels for instructional decisions. The data is used to identify students who are meeting or exceeding benchmarks or are at moderate risks for not meeting benchmarks. The teams identify necessary resources.

For students identified at-risk, plans are developed to provide additional support in the areas of concern. Follow-up meetings are conducted at regular intervals to review implementation and progress and to determine further needs.

Postal mailer in March/April and local media are used to promote early Kindergarten registration and school information. More information is provided to parents and students on orientation nights. Title 1 provides "School is Cool" folders and a copy of Parenting Magazine for all Head Start parents.

2. School Advisory Council (SAC)

a. Membership

Identify the name and stakeholder group for each member of the SAC.:

Name	Stakeholder Group
Seth Spellman	Business/Community
Saradiya Syer	Business/Community
Hemant Patel	Business/Community

b. Duties

1. Provide a description of the SAC's involvement with the following activities, as required by section 1001.452(2), Florida Statutes

a. Evaluation of last year's school improvement plan

Review of all agendas, minutes, resolutions with presentations, discussions and vote of approvals.

b. Development of this school improvement plan

Review of all agendas, minutes, resolutions with presentations, discussions and vote of approvals

c. Preparation of the school's annual budget and plan

Review of all agendas, minutes, resolutions with presentations, discussions and vote of approvals

2. Describe the use of school improvement funds allocated last year, including the amount budgeted for each project.

Title I Reading and Math Teacher Tutors and Lead Teacher \$34,192.00 --Title I Funding
Stipends for instructional staff development for reading and math \$429.00 --Title I Funding
equipment \$6980.00

3. Verify that the school is in compliance with section 1001.452, Florida Statutes, regarding the establishment requirements and duties of the SAC.

Yes

a. If the school is not in compliance, describe the measures being implemented to meet SAC requirements.

3. Literacy Leadership Team (LLT)

a. Membership

Identify the name and position title for each member of the school-based LLT or similar group, if applicable.:

Name	Title
Kaseder, Jaya	Instructional Coach
Rivera, Krishna	Principal

b. Duties

1. Describe how the LLT or similar group promotes literacy within the school, if applicable.

Consistent follow-up on interventions across Tiers 1, 2, 3. Programs used to promote literacy within the school are Accelerated Reader, Smarty Ants and Achieve3000. The school also has Family Literacy Night every October.

Student work stations with accountability.

D. Public and Collaborative Teaching

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. Â§ 6314(b)(1)(D).

1. Describe the school's strategies to encourage positive working relationships between teachers, including collaborative planning and instruction.

The school emphasizes teamwork and collaboration from the first hiring interview to the over-all school operational design. Weekly teachers' meeting are arranged to instill and enact teacher interpersonal team work strategies.

2. Describe the school's strategies to recruit, develop and retain highly qualified, certified-in-field, effective teachers to the school.

Focus on teamwork throughout interview, research, orientation and mentoring processes executed by Mr. KP Rivera and Ms. Gopala Romeo.

3. Describe the school's teacher mentoring program, including the rationale for pairings and planned mentoring activities.

Ms. Gopala Romeo is assigned as a teacher mentor with a focus on teamwork.

E. Ambitious Instruction and Learning

1. Instructional Programs and Strategies

a. Instructional Programs

1. Describe how the school ensures its core instructional programs and materials are aligned to Florida's standards.

The school is using curriculum aligned with the Florida Standards and is following the pacing guide to ensure that all standards are taught. Ms. Romeo meets with the teachers quarterly to follow up and ensure that teachers are on track.

b. Instructional Strategies

1. Describe how the school uses data to provide and differentiate instruction to meet the diverse needs of students. Provide examples of how instruction is modified or supplemented to assist students having difficulty attaining the proficient or advanced level on state assessments.

Teachers meet regularly to analyze data and form groups based on this data. For example during FCIMS meetings, AIMS tests and other test results are analyzed to drive instruction for the different groups that are formed. Sometimes grouping changes based on this data and additional instruction in certain areas is added.

2. Provide the following information for each strategy the school uses to increase the amount and quality of learning time and help enrich and accelerate the curriculum:

Strategy: Extended School Day

Minutes added to school year:

Making sure lessons include three key components. These are student engagement, focus on deeper knowledge, and collaboration. Teachers will be asked to form personal goals reflecting the use of these strategies.

Strategy Rationale

By including these three components, students will gain a better grasp of Florida Standards as they are taught.

Strategy Purpose(s)

- Teacher collaboration, planning and professional development

Person(s) responsible for monitoring implementation of the strategy

Rivera, Krishna, rivera@ourala.org

Data that is or will be collected and how it is analyzed to determine effectiveness of the strategy

During follow up sessions and observations, teachers will demonstrate how they are using these strategies and data will be collected to see if they are reaching the goals they have set for themselves.

2. Student Transition and Readiness

a. PreK-12 Transition

The school's response to this question may be used to satisfy the requirements of 20 U.S.C. Â§ 6314(b)(1)(G).

1. Describe the strategies the school employs to support incoming and outgoing cohorts of students in transition from one school level to another.

In the spring, the school hosts a Kindergarten Round-up to introduce families of upcoming kindergarten children to Alachua Learning Academy. In addition, a Kindergarten orientation is held. A mail-out to introduce possible kindergarten children is also mailed in the spring.

b. College and Career Readiness

1. Describe the strategies the school uses to advance college and career awareness, which may include establishing partnerships with business, industry or community organizations.

N/A

2. Identify the career and technical education programs available to students and industry certifications that may be earned through those respective programs.

N/A

3. Describe efforts the school has taken to integrate career and technical education with academic courses (e.g., industrial biotechnology) to support student achievement.

N/A

4. Describe strategies for improving student readiness for the public postsecondary level based on annual analysis of the [High School Feedback Report](#), as required by section 1008.37(4), Florida Statutes.

N/A

II. Needs Assessment

The school's completion of this section may satisfy the requirements of 20 U.S.C. Â§ 6314(b)(1)(A).

A. Problem Identification

1. Data to Support Problem Identification

b. Data Uploads

Data uploads are not required by the Florida Department of Education but are offered as a tool for the needs assessment. In this section, the school may upload files of locally available data charts and graphs being used as evidence of need.

The following documents were submitted as evidence for this section:

No files were uploaded

2. Problem Identification Summary

This section is not required by the Florida Department of Education but is provided as an opportunity for the school to summarize the points of strength and areas of need that have been identified in the data.

B. Problem Analysis Summary

This section is not required by the Florida Department of Education but is provided as an opportunity for the school to summarize the underlying "why" or root causes for the areas of need identified in the data, as determined by situational awareness of, and research conducted by, the stakeholders involved in the needs assessment.

C. Strategic Goals

School Improvement Goals

The following key is intended to help readers understand how the sections of this document correspond to the steps of the 8-step planning and problem-solving framework used in the School Improvement Plan. The Quick Key numbers can help registered users go directly to the point of entry for any given goal, barrier and strategy within the online survey.

Strategic Goals Summary

- G1.** 75% of students will achieve proficiency on the Reading FSA.
- G2.** 75% of students will achieve proficiency on the Science FCAT.
- G3.** 50% of students will achieve proficiency on the Writing ELA,
- G4.** 75% of students will achieve proficiency on the Math FSA.
- G5.** Students will increase their attendance during instructional time. This will include missing less days of school and coming on time to school.

Strategic Goals Detail

For each strategic goal, this section lists the associated targets (i.e., “SMART goals”), targeted barriers to achieving the goal, resources available to help reduce or eliminate the barriers, and the plan for monitoring progress toward the goal.

G1. 75% of students will achieve proficiency on the Reading FSA. 1a

G085247

Targets Supported 1b

Indicator	Annual Target
FSA ELA Achievement	75.0

Targeted Barriers to Achieving the Goal 3

- Students who are struggling readers are also reluctant readers.
- Classroom teachers have little time to help all the different levels of readers found in one classroom.

Resources Available to Help Reduce or Eliminate the Barriers 2

- Great Leaps
- Accelerated Reader from Renaissance Learning
- Achieve 3000
- Kagen Structures

Indicator	Annual Target
FSA Mathematics Achievement	75.0

Targeted Barriers to Achieving the Goal 3

- Lack of understanding the underlying math concepts (including but not limited to understanding what is a quart, what is multiplying, what is regrouping).
- There is little time for teachers to address the needs of all students who are on different levels of understanding math concepts.

Resources Available to Help Reduce or Eliminate the Barriers 2

- GO Math Common Core Interventions
- Peer to peer tutoring
- Small group instruction
- Kagen structures
- Differentiated instruction
- Spanish speaking teacher
- Hands-on manipulatives

Plan to Monitor Progress Toward G4. 8

Pre and post test scores will be analyzed. Students who failed the post test will be given additional help.

Action Plan for Improvement

For each strategy selected in the plan to reduce a targeted barrier to a strategic goal, this section lists the rationale for that strategy (i.e., why the school believes it will reduce the barrier) and the action steps that have been identified as necessary to implementing the strategy, including details such as the point person, timing and duration, and evidence of completion. At the end of each set of action steps is the plan for monitoring the implementation and effectiveness of the respective strategy.

G2. 75% of students will achieve proficiency on the Science FCAT. 1

 G085248

G2.B1 Teacher does not have enough time to help students who struggle with the language as well as science concepts. 2

 B226692

G2.B1.S1 Small group instruction. 4

 S239176

Strategy Rationale

There is a need for understanding English as well as science that can't be addressed by the teacher alone.

Action Step 1 5

Retain a teacher to design STEM activities.

G4. 75% of students will achieve proficiency on the Math FSA. 1

 G085250

G4.B1 Lack of understanding the underlying math concepts (including but not limited to understanding what is a quart, what is multiplying, what is regrouping). 2

 B226696

G4.B1.S1 Use manipulatives at the start of math lessons with new concepts. Move from concrete to representational, to abstract levels as the students show understanding. 4

 S239180

Strategy Rationale

Understanding math can be hard if it is only presented at abstract levels.

Action Step 1

 5

Manipulatives will be gathered as needed for math lessons with new concepts.
