### SIP Authority and Template

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a school improvement plan (SIP) for each school in the district.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F or a monitoring status of "Former F" (see page 4). For all other schools, the district may use a template of its choosing. All districts must submit annual assurances that their plans meet statutory requirements.

This document was prepared by school and district leadership using the Florida Department of Education's school improvement planning web application located at <https://www.floridacims.org>.

## Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. A corollary at the district level is the District Improvement and Assistance Plan (DIAP), designed to help district leadership make the necessary connections between school and district goals in order to align resources. The Florida Department of Education encourages schools to use the SIP as a “living document” by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the “Date Modified” listed in the footer.

### Part I: Current School Status

Part I organizes the current status of the school around five domains inspired by the 5Essentials framework: Supportive Environment, Family and Community Involvement, Effective Leadership, Public and Collaborative Teaching, and Ambitious Instruction and Learning. Questions regarding the school’s Multi-Tiered System of Supports have been embedded throughout this part to demonstrate how data is used by stakeholders to understand the needs of all students and allocate appropriate resources in proportion to those needs.

### Part II: Needs Assessment

Part II requires the school to review performance and early warning systems data in order to develop strategic goals and associated data targets (i.e., “SMART goals”) for the coming school year in context of the school’s greatest strengths and needs. An online tool was developed, which includes data visualizations and processing questions to support problem identification, problem analysis and strategic goal formulation.

### Part III: 8-Step Planning and Problem Solving for Implementation

Part III enables the school to develop implementation plans for its highest-priority goals. With the overview of the current state of the school in mind and the strategic goals identified through the needs assessment, the planning team engages in a facilitated planning and problem-solving process, through which they

- Define strategic goals and establish targets to be reached by successfully achieving the goals (Step 1)
- Identify barriers that could hinder achieving those goals and resources that could be used to eliminate or reduce barriers (Step 2)
- Select high-priority barriers they want to address initially (Step 3)
- Design implementation and monitoring plans for strategies to resolve selected barriers (Steps 4-7)
- Determine how they will monitor progress toward each goal (Step 8)

### Appendices

The following appendices, automatically-generated from content entered in Part III, are included in this document:

- Appendix 1 is a timeline of all action steps and monitoring activities
- Appendix 2 is an outline of all professional development opportunities and technical assistance items
- Appendix 3 is a report of the budget needed to implement the strategies

## Differentiated Accountability

Florida's Differentiated Accountability (DA) system, established in [section 1008.33, Florida Statutes](#), is a statewide network of strategic support, differentiated by need according to performance data, provided to districts and schools in order to improve leadership capacity, teacher efficacy, and student outcomes. Through a data-driven planning and problem-solving process, DA field teams collaborate with district leadership to design, implement, and refine strategic goals and action plans that are documented in the SIP.

### DA Regions

Florida's DA network is divided into four geographical regions, each served by a field team led by a regional executive director (RED).

### DA Categories

At the start of each academic year, traditional schools are classified for DA support in three categories based on the most recent school grades data available. Descriptions of each DA category along with the state support and interventions provided are set forth by [Rule 6A-1.099811, Florida Administrative Code](#):

- Not in DA – currently A, B, or C and not Monitoring Only; charter schools; ungraded schools
- Monitoring Only – currently A, B, or C that improved from a previous grade of F
- Focus – currently D
- Priority – currently F

### DA Turnaround and Monitoring Statuses

Additionally, schools in DA may be subject to a turnaround status of "Planning" or "Implementing" or a monitoring status of "Former F." These statuses are based on a school's grades history, including the current school grade:

- Former F - A school with a status of "Former F" requires the department to monitor the implementation of strategies and progress toward the goals outlined in the school improvement plan for three years following the school's improvement from a grade of F to a C or higher.
- Planning - A school with a status of "Planning" requires the district to engage stakeholders in the development of a turnaround option plan to be implemented in the following year should the school grade not improve to a C or higher.
- Implementing - A school with a status of "Implementing" requires the district to submit a turnaround plan to the State Board of Education for approval and implementation. A school remains in "Implementing" status until its school grade improves to a C or higher.

## I. Part I: Current School Status

### A. Supportive Environment

#### 1. School Mission and Vision

##### a. Provide the school's mission statement.

Four Corners Charter Middle School will provide students with the necessary tools and skills needed to develop superior levels of achievement. We will strive for academic, social and physical excellence by providing a quality and challenging curriculum. We will promote positive moral and social values, foster an atmosphere of self-discipline in a safe learning environment, and maximize individual productivity to meet the needs of a changing global society. Four Corners Charter Middle School students will be able to maximize their potential for successfully actualizing their goals with confidence and intrinsic motivation, thereby enabling each student to become a lifelong learner and strong functional contributor to their local community as well as their global community.

##### b. Provide the school's vision statement.

To have an innovative hands-on environment where all children can learn, want to learn, and experience success.

#### 2. School Environment

##### a. Describe the process by which the school learns about students' cultures and builds relationships between teachers and students.

FCCMS has daily morning meetings called CPR. During these meeting sessions, discussions and activities are conducted around character, discipline, academics, and social skills. The goals of these meetings are to build relationships and foster a respectful culture within our school family.

##### b. Describe how the school creates an environment where students feel safe and respected before, during and after school.

FCCMS participates in the Osceola County Stop Bullying program. Information is provided to our school for teachers, students, parents, and stakeholders that explains the importance of a safe school environment. We also bring in a representative from the Osceola County Sheriff's Department to conduct assemblies on Cyberbullying and Bullying in general. This program is monitored throughout the year to ensure implementation with fidelity

##### c. Describe the schoolwide behavioral system in place that aids in minimizing distractions to keep students engaged during instructional time. This may include, but is not limited to, established protocols for disciplinary incidents, clear behavioral expectations, and training for school personnel to ensure the system is fairly and consistently enforced.

Developmental Designs is implemented in our Middle School. This program streamlines the discipline process and allow students to actively participate in the behavioral process. This encourages ownership for undesired behaviors and alternatives to navigate through different emotions. Positive reinforcement and reflection techniques are emphasized with logical consequences. Teacher are taught how to use appropriate language with students to diffuse potentially volatile situations. Training was provided on both programs to our faculty during our returning teacher orientation. The Osceola County behavioral matrix is followed for all referrals if needed.

**d. Describe how the school ensures the social-emotional needs of all students are being met, which may include providing counseling, mentoring and other pupil services.**

Developmental Designs has a social-emotional component embedded within the program. Groups are conducted around various social-emotional issues as the need arises. Our student services coordinator has partnered with different organizations to assist families in transition or those in need of basic necessities. We also have peer mediation to provide students with various social-emotional perspectives.

**3. Early Warning Systems**

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. Â§ 6314(b)(1)(B)(ii)(III), (b)(1)(B)(iii)(I), and (b)(1)(I).

**a. Describe the school's early warning system and provide a list of the early warning indicators used in the system.**

FCCMS uses Powerschool to track attendance. Administration monitors appropriate attendance trends. Unsatisfactory trends prompt a call and a letter home to the parents to enlighten them on the expectations of attendance and its association with academic achievement. Individual behavior plans are set up with students that receive a suspension. Goals and incentives are put in place to improve behavior. School data is reviewed and all level 1 and 2 students receive academic remediation to close the learning gaps via computer-based learning and intensive instruction.

**b. Provide the following data related to the school's early warning system**

**1. The number of students by grade level that exhibit each early warning indicator:**

Indicator	Grade Level													Total
	K	1	2	3	4	5	6	7	8	9	10	11	12	
Attendance below 90 percent	0	0	0	0	0	0	1	2	1	0	0	0	0	4
One or more suspensions	0	0	0	0	0	0	0	3	2	0	0	0	0	5
Course failure in ELA or Math	0	0	0	0	0	0	11	5	1	0	0	0	0	17
Level 1 on statewide assessment	0	0	0	0	0	0	55	61	26	0	0	0	0	142

**The number of students identified by the system as exhibiting two or more early warning indicators:**

Indicator	Grade Level														Total
	K	1	2	3	4	5	6	7	8	9	10	11	12		
Students exhibiting two or more indicators	0	0	0	0	0	0	10	5	1	0	0	0	0	16	

**c. Describe all intervention strategies employed by the school to improve the academic performance of students identified by the early warning system.**

All level 1's and 2's from FSA data are placed in intensive classes. In addition, students are placed into adaptive programs such as Reading Plus, Think Through Math and Prepworks to help assist in closing the instructional gap. Student performance is compared with online program usage and proficiency reports to help track student progress towards their individual goals.

**B. Family and Community Engagement**

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. Â§ 6314(b)(1)(B)(iii)(I)(aa).

**1. Describe how the school works at building positive relationships with families to increase involvement, including efforts to communicate the school's mission and vision, and keep parents informed of their child's progress.**

Title I schools use the Parent Involvement Plan (PIP) to meet the requirements of 20 U.S.C. Â§ 6314(b)(1)(F).

**a. Will the school use its PIP to satisfy this question?**

No

**1. PIP Link**

The school completes a Parental Involvement Plan (PFEP), which is available at the school site.

**2. Description**

Our goal is to increase our parental involvement by 30% this year.

**2. Describe the process by which the school builds and sustains partnerships with the local community for the purpose of securing and utilizing resources to support the school and student achievement.**

The school leadership team, along with the school volunteer coordinator and business partner liaison work together to build partnerships with stakeholders outside of the school. The business partner liaison has added new business partners who have graciously donated time, instructional supplies and student incentives to motivate and reward student achievement. Community members and business partners are invited to these events to see the amazing things taking place at Four Corners Charter Middle School. It also provides local businesses the opportunity to share their information with parents and other community members.

**C. Effective Leadership**

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. Â§ 6314(b)(1)(H).

**1. School Leadership Team**

**a. Membership**

Identify the name, email address and position title for each member of the school leadership team.:

Name	Title
Thompson, Denise	Principal

**b. Duties**

**1. Describe the roles and responsibilities of the members, including how they serve as instructional leaders and practice shared decision making.**

Baseline Data: NWEA Benchmark testing, FAIR, and FSA are used for Reading, Mathematics, Science and Writing. A Functional Behavior Assessment is conducted through observation. Data, which includes frequency;duration; and on-task behavior is collected if there is a behavior concern. Progress Monitoring: Academic- PMRN, Individual Tracking Sheets, Edmentum Programs, and specific content area testing.

Behavior- Behavior Intervention Plan is used to monitor and track undesired behaviors.

Midyear: Academic- FAIR, Benchmarks Behavior- Contingent upon severity of behavior. Might include continous tracking of behavior or referral for testing.

End of the Year: Academic - FAIR, NWEA Evaluation of data and determination of continuation of FUBA-BIP

**2. Describe the process through which school leadership identifies and aligns all available resources (e.g., personnel, instructional, curricular) in order to meet the needs of all students and maximize desired student outcomes. Include the methodology for coordinating and supplementing federal, state and local funds, services and programs. Provide the person(s) responsible, frequency of meetings, how an inventory of resources is maintained and any problem-solving activities used to determine how to apply resources for the highest impact.**

The team will focus and be centered around reviewing data and problem solving to accurately make decisions for at risk students. Team will meet weekly to collaborate on instructional resources, share what worked for them, and decide on the next approach in each individual student plan for success. This will ensure consensus and create a cohesive MTSS/RTI Leadership Team. We follow the Osceola County School District guidelines for "Free and Reduced Lunch." As of 2013, we provide free breakfast for all students, as mandated by the school district. Cafeteria is managed by Osceola County School District. Our manager facilitates grade level nutritionally outlined activities which stress the importance of a healthy and balanced diet.

## 2. School Advisory Council (SAC)

### a. Membership

Identify the name and stakeholder group for each member of the SAC.:

Name	Stakeholder Group
Denise Thompson	Principal
Kimberly Linden	Parent
Kylie Root	Teacher
Joe Childers	Education Support Employee
Mick Kalafian	Business/Community

### b. Duties

**1. Provide a description of the SAC's involvement with the following activities, as required by section 1001.452(2), Florida Statutes**

#### a. Evaluation of last year's school improvement plan

This is FCCMS first year completing a School Improvement Plan.

#### b. Development of this school improvement plan

SAC assists the principal with the school's annual budget, improves the expenditure of school improvement funds, advertises the final draft of the SIP, supports school improvement implementation, collects and analyzes information about the community/school, receives public input regarding needs of the school, provides school with ongoing reviews of the progress, adheres to the Sunshine Law, and reviews relevant data to identify problem areas.

#### c. Preparation of the school's annual budget and plan

The school's annual budget is created by the Charter Schools USA finance team. The budget is then reviewed with the principal. Adjustments are made according to the needs of the school for the upcoming year. The budget is presented to the Renaissance Board for approval.

**2. Describe the use of school improvement funds allocated last year, including the amount budgeted for each project.**

No funds generated.

**3. Verify that the school is in compliance with section 1001.452, Florida Statutes, regarding the establishment requirements and duties of the SAC.**

Yes

*a. If the school is not in compliance, describe the measures being implemented to meet SAC requirements.*

**3. Literacy Leadership Team (LLT)**

**a. Membership**

Identify the name and position title for each member of the school-based LLT or similar group, if applicable.:

Name	Title
Thompson, Denise	Principal

**b. Duties**

**1. Describe how the LLT or similar group promotes literacy within the school, if applicable.**

The LLT is continuing the implementation of the Collections program schoolwide. The LLT is also focused on implementation of the online programs Reading Plus and Lexia. These adaptive programs work to meet the needs of the students on an individualized level. They provides pretests and post-tests to effectively gauge student success. Students will be given reading materials based on their initial grade level report from the pretest. The content selections will be based on the interest of the students. Also, the reading coach will be focused on effectively monitoring reading fluency to help increase reading comprehension. Finally, the LLT will be monitoring the school-wide reading challenge, and ensure that we meet 100% participation.

**D. Public and Collaborative Teaching**

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. Â§ 6314(b)(1)(D).

**1. Describe the school's strategies to encourage positive working relationships between teachers, including collaborative planning and instruction.**

Culture is a key component at Four Corners Charter Middle School. The school leadership teams works hand in hand with the teachers and other staff members to express the importance of collaborative planning and instruction. The foundation of this cultural drive is that the staff members at Four Corners Charter Middle School know that student success is the ultimate goal, and the only way to achieve this goal is to work collaboratively. Elementary teachers implement team lesson planning, where the teachers bounce ideas off one another in order to create the most effective plan of action. Each teacher has their own area of expertise, and the school leadership team empowers teachers to take leadership roles in said areas. These teacher leaders help drive the collaborative environment throughout the school.

**2. Describe the school's strategies to recruit, develop and retain highly qualified, certified-in-field, effective teachers to the school.**

We collaborate with our HR department and hold various hiring fairs to determine highly qualified status. We also have partnerships with universities in proximity to the school. Students interns are paired with teachers who have completed a Clinical Educator's training course. Effective teachers receive additional compensation for their performance. Our Recruitment team and Talent and Acquisition department are responsible for recruitment. The principal is the person responsible for retaining teachers.

### 3. Describe the school's teacher mentoring program, including the rationale for pairings and planned mentoring activities.

Our mentoring program was developed to provide assistance and clarification with:

- classroom management ideas
- lesson planning questions
- powerschool or gradebook help
- data analysis questions
- examples of how to use Benchmark/FAIR/ or any Assessment scores effectively in the classroom
- megabinder questions
- school procedures and protocol questions
- basically helping out in anyway possible

Mentors and Mentees were paired based on grade level and subject area expertise.

## E. Ambitious Instruction and Learning

### 1. Instructional Programs and Strategies

#### a. Instructional Programs

##### **1. Describe how the school ensures its core instructional programs and materials are aligned to Florida's standards.**

Thorough background research is conducted before any instructional program is implemented in the school. The leadership team studies the new materials to ensure that they are not only correctly aligned to the Florida Standards, but also aligned to grade level and subject-area test specifications, promote differentiation and collaborative learning, and meet the requirements of the school's technology directive. Team members are selected to sample new materials or programs before full school implementation. Data is then compiled, and results are compared to see if the program is effectively improving student achievement.

#### b. Instructional Strategies

##### **1. Describe how the school uses data to provide and differentiate instruction to meet the diverse needs of students. Provide examples of how instruction is modified or supplemented to assist students having difficulty attaining the proficient or advanced level on state assessments.**

Every academic decision made in the school is based on data. Previous year end of year assessment data is used to create class schedules for the upcoming year. This data dictates whether or not students need intensive instruction. This data is also used to create Personal Learning Plans and academic goals for the students. Throughout the year, benchmark data is collected to ensure that students are progressing towards their own goals. If not, students are pulled for additional interventions to ensure that they are both on grade level, and progressing towards their individual goals. Finally, data is compiled in each classroom for each unit of instruction. Teachers pre-assess their students to see their needs, and fit their instruction to meet these needs. As instruction continues, teachers use formative assessments to gauge whether or not the class is grasping the content. If so, they will move on to the next area of instruction. If not, the teacher will reteach the material in a adjusted manner to meet the needs of the students.

##### **2. Provide the following information for each strategy the school uses to increase the amount and quality of learning time and help enrich and accelerate the curriculum:**

**Strategy:** Before School Program

**Minutes added to school year:** 5,400

Students will have access to use online programs prior to the school day.

**Strategy Rationale**

Not all students have access to the internet at home. This allows students to put in necessary minutes to implement the online programs with fidelity.

**Strategy Purpose(s)**

- Core Academic Instruction

**Person(s) responsible for monitoring implementation of the strategy**

Thompson, Denise, athompso@osceola.k12.fl.us

**Data that is or will be collected and how it is analyzed to determine effectiveness of the strategy**

usage reports and proficiency reports of online programs.

**Strategy:** Extended School Day

**Minutes added to school year:** 10,800

After school tutoring will be offered every day.

**Strategy Rationale**

Additional instructional minutes are necessary to close the achievement gap.

**Strategy Purpose(s)**

- Core Academic Instruction
- Enrichment

**Person(s) responsible for monitoring implementation of the strategy**

Thompson, Denise, athompso@osceola.k12.fl.us

**Data that is or will be collected and how it is analyzed to determine effectiveness of the strategy**

Grade book monitoring, bench mark testing and standardized test growth.

**Strategy:** Extended School Day

**Minutes added to school year:** 1,200

Teachers will participate in regular professional development.

**Strategy Rationale**

PD will be catered to the needs of the school as they occur so it will be targeted and current.

**Strategy Purpose(s)**

- Teacher collaboration, planning and professional development

**Person(s) responsible for monitoring implementation of the strategy**

Thompson, Denise, athompso@osceola.k12.fl.us

**Data that is or will be collected and how it is analyzed to determine effectiveness of the strategy**

Monitor implementation of strategies presented in PD.

**Strategy:** Extended School Day

**Minutes added to school year:** 2,160

After school detention will be turned into a time for academic improvement. Students who receive a detention will receive specific instruction and additional work based on their areas of weakness, which are determined by the teacher grade book and benchmark testing. Students who are academically successful will receive enrichment in core areas that will focus on higher order thinking skills.

**Strategy Rationale**

The rationale behind this strategy is to use every academic minute possible. Used in this manner, detention becomes a solution to a disciplinary situation, as well as an extended learning opportunity.

**Strategy Purpose(s)**

- Core Academic Instruction
- Enrichment

**Person(s) responsible for monitoring implementation of the strategy**

Thompson, Denise, athompso@osceola.k12.fl.us

**Data that is or will be collected and how it is analyzed to determine effectiveness of the strategy**

Student grade books will be monitored to gauge mastery levels, and benchmark data will be pulled to ensure that the additional content is improving their academic issues.

## 2. Student Transition and Readiness

### a. PreK-12 Transition

The school's response to this question may be used to satisfy the requirements of 20 U.S.C. Â§ 6314(b)(1)(G).

**1. Describe the strategies the school employs to support incoming and outgoing cohorts of students in transition from one school level to another.**

Students are acclimated to behavior modification, classroom structure, and socialization with peers. This is accomplished through center based activities, peer interaction, and classroom behavior model.

**b. College and Career Readiness**

**1. Describe the strategies the school uses to advance college and career awareness, which may include establishing partnerships with business, industry or community organizations.**

**2. Identify the career and technical education programs available to students and industry certifications that may be earned through those respective programs.**

**3. Describe efforts the school has taken to integrate career and technical education with academic courses (e.g., industrial biotechnology) to support student achievement.**

**4. Describe strategies for improving student readiness for the public postsecondary level based on annual analysis of the [High School Feedback Report](#), as required by section 1008.37(4), Florida Statutes.**

## II. Needs Assessment

The school's completion of this section may satisfy the requirements of 20 U.S.C. Â§ 6314(b)(1)(A).

### A. Problem Identification

#### 1. Data to Support Problem Identification

##### b. Data Uploads

Data uploads are not required by the Florida Department of Education but are offered as a tool for the needs assessment. In this section, the school may upload files of locally available data charts and graphs being used as evidence of need.

The following documents were submitted as evidence for this section:

*No files were uploaded*

#### 2. Problem Identification Summary

This section is not required by the Florida Department of Education but is provided as an opportunity for the school to summarize the points of strength and areas of need that have been identified in the data.

### B. Problem Analysis Summary

This section is not required by the Florida Department of Education but is provided as an opportunity for the school to summarize the underlying "why" or root causes for the areas of need identified in the data, as determined by situational awareness of, and research conducted by, the stakeholders involved in the needs assessment.

### C. Strategic Goals

## School Improvement Goals

*The following key is intended to help readers understand how the sections of this document correspond to the steps of the 8-step planning and problem-solving framework used in the School Improvement Plan. The Quick Key numbers can help registered users go directly to the point of entry for any given goal, barrier and strategy within the online survey.*

## Strategic Goals Summary

- G1.** All level 1 and 2 students will receive additional instruction in content areas of weakness.
- G2.** Student learning gains will increase in both ELA and Math.
- G3.** FCCMS will earn 90 points in the middle school acceleration portion of the school grade calculation.

## Strategic Goals Detail

*For each strategic goal, this section lists the associated targets (i.e., “SMART goals”), targeted barriers to achieving the goal, resources available to help reduce or eliminate the barriers, and the plan for monitoring progress toward the goal.*

## Action Plan for Improvement

*For each strategy selected in the plan to reduce a targeted barrier to a strategic goal, this section lists the rationale for that strategy (i.e., why the school believes it will reduce the barrier) and the action steps that have been identified as necessary to implementing the strategy, including details such as the point person, timing and duration, and evidence of completion. At the end of each set of action steps is the plan for monitoring the implementation and effectiveness of the respective strategy.*

Effectively roll out programs to students and parents, including usage expectations, incentives and consequences for non-usage.

#### **Person Responsible**

Denise Thompson

#### **Schedule**

On 8/10/2016

#### ***Evidence of Completion***

Students will access each of their assigned adaptive programs to show understanding of expectations.

### Action Step 3 5

Students will take diagnostic assessments to ensure the program is catered to individual instructional needs.

**Person Responsible**

Denise Thompson

**Schedule**

On 8/31/2016

***Evidence of Completion***

Students will have individual pathways created based on diagnostic.

### Action Step 4 5

Teachers will monitor usage to ensure students are completing the assigned lessons on a weekly basis.

**Person Responsible**

Denise Thompson

**Schedule**

On 5/30/2017

***Evidence of Completion***

Data reports will be analyzed to ensure effective usage.

### Plan to Monitor Fidelity of Implementation of G1.B2.S1 6

Data chats will be held with teachers to ensure they are monitoring student usage.

**Person Responsible**

Denise Thompson

**Schedule**

Biweekly, from 9/1/2016 to 5/30/2017

***Evidence of Completion***

Usage reports will be printed and action plans will be created for students who are not hitting usage targets, as well as teachers who are not following up with students in regards to usage.

**Plan to Monitor Effectiveness of Implementation of G1.B2.S1** 7

Students usage and completion data will be compared to NWEA benchmark data and FSA testing data.

**Person Responsible**

Denise Thompson

**Schedule**

Quarterly, from 9/1/2016 to 5/30/2017

***Evidence of Completion***

Student data will be compared with growth and achievement data on NWEA and FSA to ensure the program leads to student gains.

**G2. Student learning gains will increase in both ELA and Math. 1**

 G085449

**G2.B2 Staff Vacancies/Turnover 2**

 B227255

**G2.B2.S1 Effectively train and monitor substitute teachers. 4**

 S239766

**Strategy Rationale**

This will ensure that in lieu of a vacancy the students are still getting the content they need to be successful.

**Action Step 1 5**

Substitutes will attend New Teacher Induction and all returning teacher orientation activities.

**Person Responsible**

Denise Thompson

**Schedule**

Daily, from 7/25/2016 to 8/9/2016

***Evidence of Completion***

Attendance sheets signed by substitutes.

**Action Step 2 5**

Substitutes will have login accounts to all online adaptive resources to help monitor student progress.

**Person Responsible**

Denise Thompson

**Schedule**

Daily, from 8/10/2016 to 5/30/2017

***Evidence of Completion***

Program usage reports

**Action Step 3** 5

Substitutes will receive walkthrough feedback from administration.

**Person Responsible**

Denise Thompson

**Schedule**

Weekly, from 8/10/2016 to 5/30/2017

***Evidence of Completion***

Feedback reports

**Plan to Monitor Fidelity of Implementation of G2.B2.S1** 6

Grade book and student data will be monitored by administration to ensure the students are progressing effectively through the curriculum.

**Person Responsible**

Denise Thompson

**Schedule**

Quarterly, from 8/10/2016 to 5/30/2017

***Evidence of Completion***

Grade reports, benchmark scores, program usage reports.

**Plan to Monitor Effectiveness of Implementation of G2.B2.S1** 7

Classroom practices will be monitored through walk through observations, and the substitutes will be provided timely and specific feedback.

**Person Responsible**

Denise Thompson

**Schedule**

Weekly, from 8/10/2016 to 5/30/2017

***Evidence of Completion***

Feedback reports

**G3.** FCCMS will earn 90 points in the middle school acceleration portion of the school grade calculation. **1**

**G3.B3** Master Schedule **2**

 B227258

**G3.B3.S1** Administration will ensure that master schedule gives the school access to the full 100 acceleration points for school grade calculations. **4**

 S239768

### Strategy Rationale

Acceleration points can greatly effect the overall school grade.

### Action Step 1 **5**

Break down student data to identify students who will qualify for acceleration.

#### Person Responsible

Denise Thompson

#### Schedule

On 7/7/2016

#### Evidence of Completion

Level 3 students who qualify will be identified.

### Action Step 2 **5**

Create Algebra I and Biology classes on master schedule.

#### Person Responsible

Denise Thompson

#### Schedule

On 7/7/2016

#### Evidence of Completion

Master template has enough Algebra I and Biology classes to fit the acceleration cohort.

### Action Step 3 5

Schedule qualifying students into the correct acceleration course.

**Person Responsible**

Denise Thompson

**Schedule**

On 7/7/2016

***Evidence of Completion***

Each qualifying student will have the correct acceleration course on their schedule.

### Action Step 4 5

Monitor new students to the school to ensure they get correct placement into acceleration cohort if needed.

**Person Responsible**

Denise Thompson

**Schedule**

Every 3 Weeks, from 8/10/2016 to 3/2/2017

***Evidence of Completion***

Class placement will be based on student data from previous year.

### Plan to Monitor Fidelity of Implementation of G3.B3.S1 6

Student schedules will be monitored by administration team to ensure that all qualifying students are scheduled correctly.

**Person Responsible**

Denise Thompson

**Schedule**

Quarterly, from 8/10/2016 to 3/1/2017

***Evidence of Completion***

Individual student schedules and FSA data reports.

**Plan to Monitor Effectiveness of Implementation of G3.B3.S1** 7

Student data of acceleration cohort will be monitored to be sure they are on pace to pass corresponding FSA exam.

**Person Responsible**

Denise Thompson

**Schedule**

Quarterly, from 8/10/2016 to 5/30/2017

***Evidence of Completion***

NWEA benchmark data, Online program usage
