**Note:** The school grades calculation was revised substantially for the 2014-15 school year to implement statutory changes made by the 2014 Legislature and incorporate the new Florida Standards Assessments. The 2014-15 school grades serve as informational baseline data that schools can use to improve in future years.

### School Board Approval

This plan is pending approval by the Sarasota County School Board.

### SIP Authority and Template

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a school improvement plan (SIP) for each school in the district.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F or a monitoring status of "Former F" (see page 4). For all other schools, the district may use a template of its choosing. All districts must submit annual assurances that their plans meet statutory requirements.

This document was prepared by school and district leadership using the Florida Department of Education's school improvement planning web application located at <https://www.floridacims.org>.

## Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. A corollary at the district level is the District Improvement and Assistance Plan (DIAP), designed to help district leadership make the necessary connections between school and district goals in order to align resources. The Florida Department of Education encourages schools to use the SIP as a “living document” by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the “Date Modified” listed in the footer.

### Part I: Current School Status

Part I organizes the current status of the school around five domains inspired by the 5Essentials framework: Supportive Environment, Family and Community Involvement, Effective Leadership, Public and Collaborative Teaching, and Ambitious Instruction and Learning. Questions regarding the school’s Multi-Tiered System of Supports have been embedded throughout this part to demonstrate how data is used by stakeholders to understand the needs of all students and allocate appropriate resources in proportion to those needs.

### Part II: Needs Assessment

Part II requires the school to review performance and early warning systems data in order to develop strategic goals and associated data targets (i.e., “SMART goals”) for the coming school year in context of the school’s greatest strengths and needs. An online tool was developed, which includes data visualizations and processing questions to support problem identification, problem analysis and strategic goal formulation.

### Part III: 8-Step Planning and Problem Solving for Implementation

Part III enables the school to develop implementation plans for its highest-priority goals. With the overview of the current state of the school in mind and the strategic goals identified through the needs assessment, the planning team engages in a facilitated planning and problem-solving process, through which they

- Define strategic goals and establish targets to be reached by successfully achieving the goals (Step 1)
- Identify barriers that could hinder achieving those goals and resources that could be used to eliminate or reduce barriers (Step 2)
- Select high-priority barriers they want to address initially (Step 3)
- Design implementation and monitoring plans for strategies to resolve selected barriers (Steps 4-7)
- Determine how they will monitor progress toward each goal (Step 8)

### Appendices

The following appendices, automatically-generated from content entered in Part III, are included in this document:

- Appendix 1 is a timeline of all action steps and monitoring activities
- Appendix 2 is an outline of all professional development opportunities and technical assistance items
- Appendix 3 is a report of the budget needed to implement the strategies

## Differentiated Accountability

Florida's Differentiated Accountability (DA) system, established in [section 1008.33, Florida Statutes](#), is a statewide network of strategic support, differentiated by need according to performance data, provided to districts and schools in order to improve leadership capacity, teacher efficacy, and student outcomes. Through a data-driven planning and problem-solving process, DA field teams collaborate with district leadership to design, implement, and refine strategic goals and action plans that are documented in the SIP.

### DA Regions

Florida's DA network is divided into four geographical regions, each served by a field team led by a regional executive director (RED).

### DA Categories

At the start of each academic year, traditional schools are classified for DA support in three categories based on the most recent school grades data available. Descriptions of each DA category along with the state support and interventions provided are set forth by [Rule 6A-1.099811, Florida Administrative Code](#):

- Not in DA – currently A, B, or C and not Monitoring Only; charter schools; ungraded schools
- Monitoring Only – currently A, B, or C that improved from a previous grade of F
- Focus – currently D
- Priority – currently F

### DA Turnaround and Monitoring Statuses

Additionally, schools in DA may be subject to a turnaround status of "Planning" or "Implementing" or a monitoring status of "Former F." These statuses are based on a school's grades history, including the current school grade:

- Former F - A school with a status of "Former F" requires the department to monitor the implementation of strategies and progress toward the goals outlined in the school improvement plan for three years following the school's improvement from a grade of F to a C or higher.
- Planning - A school with a status of "Planning" requires the district to engage stakeholders in the development of a turnaround option plan to be implemented in the following year should the school grade not improve to a C or higher.
- Implementing - A school with a status of "Implementing" requires the district to submit a turnaround plan to the State Board of Education for approval and implementation. A school remains in "Implementing" status until its school grade improves to a C or higher.

## I. Part I: Current School Status

### A. Supportive Environment

#### 1. School Mission and Vision

##### a. Provide the school's mission statement.

The mission of Tuttle Elementary is to provide a learning environment that gives each child the opportunity to reach his/her potential by the coordinated efforts of parents, teachers, and students.

##### b. Provide the school's vision statement.

Tuttle Elementary School prepares all students to achieve the highest standards of learning by engaging a high quality staff, involved parents, and a supportive community.

#### 2. School Environment

##### a. Describe the process by which the school learns about students' cultures and builds relationships between teachers and students.

Tuttle Elementary builds rapport with students through ongoing formal and informal processes aligned with our Community of Caring model at the school. We practice and put in place outreach programs to students and families such as Meet Your Teacher, Parent Conferences, and Family Nights. Our Volunteer program has increased parent participation with the reading proficiency program. The SAC/SDMT has increased parent participation by including various times for parental input. Cultural celebrations are planned for Hispanic and Black History.

##### b. Describe how the school creates an environment where students feel safe and respected before, during and after school.

Tuttle Elementary has built a safe and respectful environment for students with the ongoing implementation of the Positive Behavior Support program. Students are supported with consistent and school wide positive expectations for all areas of school, including the classroom, hallways, cafeteria, and common areas. All staff are assigned arrival and dismissal duties to maximize supervision for student safety. Students can voice their concerns with staff, and staff are trained in PBS responses as well as guidance counselor support to address student concerns.

##### c. Describe the schoolwide behavioral system in place that aids in minimizing distractions to keep students engaged during instructional time. This may include, but is not limited to, established protocols for disciplinary incidents, clear behavioral expectations, and training for school personnel to ensure the system is fairly and consistently enforced.

At the beginning of the school , the PBS team provided the staff with an orientation of our PBS core program of behavior support. This training included a review of last year's data and expectations as well as the introduction of new areas of focus for this school year. A PLC will be presented to all staff regarding the Rtl process (academics and behavior) including the new forms for this school year. Staff will be provided with samples of the new forms and provided step by step training on how to complete the forms as part of the Rtl process.

##### d. Describe how the school ensures the social-emotional needs of all students are being met, which may include providing counseling, mentoring and other pupil services.

The social-emotional needs of the students are met with ongoing support from both the MTSS process as well as trained staff in the areas of School Guidance, Social Work, and School Psychologist. Data is shared at weekly meetings to identify ongoing student social-emotional needs

and address these thru timely and appropriate interventions that are progress monitored. School staff outreach to include parent/families in order to plan for action steps to improve a student's social-emotional gap from identified data.

### 3. Early Warning Systems

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. Â§ 6314(b)(1)(B)(ii)(III), (b)(1)(B)(iii)(I), and (b)(1)(I).

**a. Describe the school's early warning system and provide a list of the early warning indicators used in the system.**

**b. Provide the following data related to the school's early warning system**

**1. The number of students by grade level that exhibit each early warning indicator:**

Indicator	Grade Level													Total
	K	1	2	3	4	5	6	7	8	9	10	11	12	
Attendance below 90 percent	10	9	7	6	4	5	0	0	0	0	0	0	0	41
One or more suspensions	4	4	3	5	5	6	0	0	0	0	0	0	0	27
Course failure in ELA or Math	14	10	15	8	1	3	0	0	0	0	0	0	0	51
Level 1 on statewide assessment	0	0	0	40	62	53	0	0	0	0	0	0	0	155

**The number of students identified by the system as exhibiting two or more early warning indicators:**

Indicator	Grade Level													Total
	K	1	2	3	4	5	6	7	8	9	10	11	12	
Students exhibiting two or more indicators	7	5	3	6	4	6	0	0	0	0	0	0	0	31

**c. Describe all intervention strategies employed by the school to improve the academic performance of students identified by the early warning system.**

Continued implementation of the Positive Behavior System and the Community of Caring model. Behavior/Attendance Expectations are reinforced with the Positive Behavior Support program's curriculum.

Attendance expectation is that students will be in school every day and on time. Each day a class has perfect attendance (no absences and no tardies), the class will receive a Tuttle Dollar. PBS expectations are taught in class and highlighted each Friday on our school-wide morning news program.

### B. Family and Community Engagement

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. Â§ 6314(b)(1)(B)(iii)(I)(aa).

**1. Describe how the school works at building positive relationships with families to increase involvement, including efforts to communicate the school's mission and vision, and keep parents informed of their child's progress.**

Title I schools use the Parent Involvement Plan (PIP) to meet the requirements of 20 U.S.C. Â§ 6314(b)(1)(F).

**a. Will the school use its PIP to satisfy this question?**

Yes

**1. PIP Link**

The school completes a Parental Involvement Plan (PFEP), which is accessible through the Continuous Improvement Management System (CIMS) at <https://www.floridacims.org/documents/308017>.

## 2. Description

A PIP has been uploaded for this school or district - see the link above.

## 2. Describe the process by which the school builds and sustains partnerships with the local community for the purpose of securing and utilizing resources to support the school and student achievement.

Tuttle Elementary actively seeks community relationships and supports existing partnerships through our Business Partner School-Community Liaison. Administration works with the liaison to identify school need, plan for upcoming events, and prioritize school-community plans for successful implementation. Tuttle will maintain a record of meetings with community partners, email and letter communications, and an updated spreadsheet of community contacts. These will be revised and updated monthly with monitoring documentation of different programs such as Volunteer hours, participation in fundraising, and Parent Academy business partnering.

The Community Foundation of Sarasota County has funded a full time Home School Liaison to provide support for families in the 2 Generation Model, including offering parenting classes at the school, linking families to continuing education courses in the community, and completing home visits to address individual family needs.

## C. Effective Leadership

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. Â§ 6314(b)(1)(H).

### 1. School Leadership Team

#### a. Membership

Identify the name, email address and position title for each member of the school leadership team.:

Name	Title
Dinverno, Tomas	Principal
Slane, MaryBeth	Other
Roberts, Annette	Other
Barcnas, Karen	Other
Mainberger, Joanne	School Counselor
Pitts, Danielle	Other
Hinds, Laurel	Other
Olson, Tunde	Teacher, K-12
Parrish, Scott	Assistant Principal

#### b. Duties

#### 1. Describe the roles and responsibilities of the members, including how they serve as instructional leaders and practice shared decision making.

Joanne Mainberger (Guidance Counselor) – Mrs. Mainberger collects the paperwork, schedules and facilitates our weekly MTSS meetings to review and discuss the academic and behavioral needs of our students. She assists teachers with developing interventions and completing the necessary documentation/paperwork. Mrs. Mainberger also provides parents with notice of prescriptive

assessments, submits service referrals, and facilitates all of our MTSS meetings. She also does KBIT testing. In addition, she provides support to teachers for students demonstrating focusing and attention issues including classroom strategies, parent resources and Conner's Rating Scales. She also does classroom observations for academic and behavioral concerns. She participates in FBA development, provides behavioral support to students and staff and does Tier 2 and Tier 3 Personal/Social Development interventions. At the culmination of Tier 3, Mrs. Mainberger is responsible for compiling all of the intervention documentation and completing the MTSS Summary Sheet to submit to the ESE Liaison.

Mary Beth Slane (RtI Facilitator / Data Specialist) – Ms. Slane facilitates MTSS meetings and takes notes at our CARE weekly meetings. She works with teachers to review progress monitoring data and determine appropriate academic and behavioral interventions. She assists teachers in completing the necessary documentation/paperwork. She also does classroom observations for academic and behavioral concerns. She participates in FBA development and provides behaviors support to students and staff along with academic Tier 2 and Tier 3 interventions.

Danielle Pitts (ESE Liaison) – As a member of the team, Ms. Pitts participates in the discussions and assists the team in identifying appropriate strategies and interventions. She also helps to ensure that the team is gathering any necessary documentation should the portfolio progress to a CARE team level. She also does classroom observations for academic and behavioral concerns. She participates in FBA development and provides behaviors support to students and staff.

Annette Roberts (ESOL Liaison) - As a member of the team, Mrs. Roberts participates in the discussions and assists the team in identifying appropriate strategies and interventions. She also provides the team with information regarding a student's ESOL status and what additional steps need to be taken in order to meet ESOL requirements along with academic Tier 2 and Tier 3 interventions.

Sarah Swasey (School Psychologist) – Mr. Mari participates in MTSS meetings and assists the team with identifying skill gaps and areas of need. He administers prescriptive testing and provides a detailed summary and report the team to assist with the decision making process. He also identifies additional strategies and recourses to address areas of deficit.

Dawn Clements (Social Worker) – Mrs. Clements provides student, staff and parent support with attendance issues and behavioral concerns. She assists the team with identifying appropriate community agencies and resources that might further support the student. She participates in any behavior or FBA meetings and helps the team brainstorm and identify why the behaviors might be occurring and what strategies could be implemented.

Kenny Cox (Home School Liaison) -- Mr. Cox coordinates the service referrals for students/families and coordinates the two generation model.

Mary Beth LaPerriere, Beth McCurdy (Speech/Language Pathologists) - Mrs. LaPerriere helps the team determine if a student is demonstrating speech or language concerns that warrant an observation, specific interventions, or additional testing. She also test student's hearing.

Dawn McGrede (Occupational Therapist) -- Mrs. Karp supports students that need occupational therapy.

Classroom Teacher – The classroom teacher provides the team with the background information, gap analysis, explicit instruction, practice and progress monitoring strategies and tools that are being utilized to provide small group and/or individualized instruction (academic and behavior). The teacher's input is a critical piece when determining what resources are in place, what additional support is needed and what the next steps should be.

Tomas Dinverno / Scott Parrish (Administration) - Mr. Dinverno and Mr. Parrish oversee the MTSS team and monitor the fidelity of interventions. They provide input on a case by case basis and help the team identify what resources and options are available in order to provide additional support to teachers and students as part of the MTSS process. They also observe differentiation, small group instruction and individualized student support in the classroom setting (academic and behavioral).

Other – – Based on the individual needs of the student, other staff members (OT, PT, School Nurse, Consultant or Specialist from the Landings, etc.) are invited to attend. Desiree Wilson or our substitute nurse also attend MTSS when needed to share important information regarding student's Health Care Plans. They also test student's vision when there is a concern or if it needs updating. In

addition, the parent is invited to attend if the meeting so warrants their participation at this early level of intervention. All parents are notified if their student is receiving MTSS support directly from the student's teacher via parent conference so they are aware that their child is receiving academic or behavioral support. Special teachers also attend if there is a concern or they have information to help support the student.

**2. Describe the process through which school leadership identifies and aligns all available resources (e.g., personnel, instructional, curricular) in order to meet the needs of all students and maximize desired student outcomes. Include the methodology for coordinating and supplementing federal, state and local funds, services and programs. Provide the person(s) responsible, frequency of meetings, how an inventory of resources is maintained and any problem-solving activities used to determine how to apply resources for the highest impact.**

Tuttle uses the 4 step problem solving process to develop, implement and evaluate interventions. First, individual student data is compared to state benchmarks and average peer performance (gap analysis) to identify the specific skill or performance deficits. Next, we analyze the problem to determine why it may be occurring. Then we identify instructional strategies, curriculum resources and/or environmental factors that we can put in to place to help address the problem. Finally, we monitor the response to intervention to determine if the learner's response was good, questionable or poor in order to determine the next steps.

Title I - Title I is a federally funded program designed to address the academic needs of low performing students in schools with a high percentage of economically disadvantaged students and to assist them in meeting the State's high standards, particularly in the areas of Reading , Writing, Science, and Mathematics. The district coordinates with Title II in ensuring staff development needs are provided and with Title IV 21st Century Community Learning Center grants to provide after school programs.

Title I, Part C – Migrant – The district supports a Migrant Identifier/Recruiter provides referral services and support to migrant students and families. The ID&R representative coordinates with the Title I and other programs to ensure student and family needs are met.

Title II – Funds from Title IIA are used for teacher and principal quality training. Professional development activities are provided to improve the knowledge of teachers, principals, and paraprofessionals, as appropriate. Instruction is provided to teach children with different learning styles and/or children with disabilities and special learning needs. Professional development activities are provided to improve behavior in the classroom. Training is provided to make all teachers highly qualified and highly effective.

Title III – Supplemental services and materials are provided to improve the academic achievement and language acquisition of immigrant and English Language Learner students throughout the district.

Title X – Homeless – Homeless education case managers provide resources (clothing, school supplies, social service referrals) for students identified as homeless under the McKinney-Vento Act to eliminate barriers for a free and appropriate education. Programs provide on-going outreach, training, and tutoring.

Supplemental Academic Instruction (SAI) – SAI funds will be coordinated with Title I funds to provide summer school for Level 1 readers, support reading teachers at schools and offer credit retrieval and dropout prevention programs for high school students.

Violence Prevention Programs – The district provides violence and drug prevention programs that incorporate bullying prevention, suicide prevention, internet safety and personal safety. Both intentional an unintentional injury prevention programs are provided.

Nutrition Programs – The District Food and Nutrition Services has implemented the Universal Free Breakfast program at Tuttle Elementary for 2014-15. All students, regardless of free/reduced lunch status, can receive free breakfast provided by the cafeteria each school day. In addition, students participating in afterschool tutoring are able to obtain a meal after school thru the Sarasota County Supper Club program. FNS maintains records of student participation in these meal programs. All students receive a fresh fruit or vegetable daily via the Fresh Fruit and Vegetable Program offered by FNS.

## 2. School Advisory Council (SAC)

### a. Membership

Identify the name and stakeholder group for each member of the SAC.:

Name	Stakeholder Group
Yesenia Mejia	Teacher
Tomas Dinverno	Principal
Tunde Olson	Teacher
	Student
Yaritza Castellano	Parent
Gwen Chambers	Teacher
Brigette Wells	Teacher
Constance Weeks	Teacher
Donnet Brown	Parent
Ruth Rubenstein	Business/Community
Jennifer Hart	Education Support Employee
Karen Mark	Teacher
Marcy Kennelly	Teacher
MaryBeth Slane	Education Support Employee
Ann Rashid	Parent
Achieva	Business/Community
Ashley Abner	Parent
Luz Ramirez-Agudelo	Parent
Yuri Cepiro	Parent
Selomit Gutierrez	Parent

### b. Duties

**1. Provide a description of the SAC's involvement with the following activities, as required by section 1001.452(2), Florida Statutes**

**a. Evaluation of last year's school improvement plan**

SAC evaluation of the School Improvement Plan included a review of data from the 2015-16 school year. Members discussed and provided suggestions on the goals and plans for the SIP as well as the follow up on the action steps of the SIP. SAC members voted on the changes and provided suggestions for the 2016-17 SIP.

*b. Development of this school improvement plan*

A subcommittee appointed by SAC was involved in the following process to assist in the development of the School Improvement Plan:

1. Identify Goals to Help Achieve Targets
2. Brainstorm Available Resources and Potential Barriers
3. Choose Barrier to Address Based on Elements of Curriculum, Instruction, Environment, Organizational Systems, and Actionable Impact.
4. Brainstorm and Prioritize Strategies
5. Identify Action Steps to Implement Strategies
6. Determine How Strategies Will Be Monitored For Fidelity of Implementation
7. Determine How Strategies will Be Monitored For Effectiveness
8. Determine How Progress Toward Each Goal Will Be Monitored.

*c. Preparation of the school's annual budget and plan*

SAC members voted on the school's annual budget and plan including Parental Involvement funds, SAC funds for school improvement, and proposed Title I budget plans including professional development for teachers. SAC members provided input on training proposed for both parental and teacher success.

**2. Describe the use of school improvement funds allocated last year, including the amount budgeted for each project.**

Activity Sponsor Dates Hours Supplement Amount (approved by SAC/SMT sub-committee and approved by SAC/SDMT on 9/27/16)

Grant Coordinator Kim Ramhit 8/22 - 6/6 30 \$585.00  
Year Book Coordinator Jaymie Fey 10/3 - 5/30 30 \$585.00  
SAC Secretary Brigitte Wells 8/20 - 6/20 16 \$312.00  
SAC Chair Yesenia Mejia 8/20 - 6/20 16 \$312.00

Garden Upkeep Rebecca Tavill 9/16 - 5/30 38 \$741.00  
Labyrinth Upkeep Luther Singleton 10/1 - 5/30 31 \$611.25

Totals 613.5 \$11,970.00

Hourly Rate 19.5

**3. Verify that the school is in compliance with section 1001.452, Florida Statutes, regarding the establishment requirements and duties of the SAC.**

Yes

*a. If the school is not in compliance, describe the measures being implemented to meet SAC requirements.*

### 3. Literacy Leadership Team (LLT)

#### a. Membership

Identify the name and position title for each member of the school-based LLT or similar group, if applicable.:

Name	Title
Dinverno, Tomas	Principal
Slane, MaryBeth	Other
Roberts, Annette	Other
Barcenas, Karen	Other
Olson, Tunde	Other
Hinds, Laurel	Other
Petti, Deborah	Teacher, K-12
Parrish, Scott	Assistant Principal

#### b. Duties

##### 1. Describe how the LLT or similar group promotes literacy within the school, if applicable.

Tuttle Elementary School's LLT simultaneously supports learning and teaching for the entire school community-students, teachers, administration, families, and volunteers. The LLT meets on a monthly basis.

Functions include but are not limited to:

- Analyzing and reviewing data to maximize human resources to service students demonstrating academic deficits
- Providing intensive remedial services
- Enhancing literacy environment
- Building a literacy culture through collegiality and collaboration
- Engaging in peer coaching
- Conducting PLCs throughout the year
- Researching strategies to address the concern
- Providing materials, resources, assistance to address concerns
- Collecting and analyzing additional data on subjects
- Sharing and reporting data

#### D. Public and Collaborative Teaching

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. Â§ 6314(b)(1)(D).

##### 1. Describe the school's strategies to encourage positive working relationships between teachers, including collaborative planning and instruction.

Tuttle Elementary focuses on sustained teamwork during the school year to promote collaboration between teachers. Weekly collaborative planning meetings are facilitated by team leaders using discussion points related to planning for student success, data review, and sharing best practices. Teachers are also encouraged to plan during after school hours through voluntary curriculum contracts in order to plan for common assessments.

##### 2. Describe the school's strategies to recruit, develop and retain highly qualified, certified-in-field, effective teachers to the school.

Tuttle Elementary School has a proactive recruiting strategy for attracting highly qualified teacher candidates to our school. In addition to offering one of the most competitive salaries in the state, there is also consideration for supplements and other incentives to recruit and retain high quality and highly qualified candidates. Additionally, The Sarasota County Teacher Induction Program (SCIP) at Tuttle Elementary School provides new teachers with support, coaching and mentoring to ensure that our students receive a high quality education. The administration at Tuttle firmly believes in "setting our new teachers up for success." Mentors help their mentees set up their classrooms and make sure that each teacher has the supplies necessary for a successful year. Additionally, new teachers meet weekly with their mentors to collaborate. Furthermore, all teachers are provided with opportunities for professional growth to help ensure a high quality of instruction in all classrooms.

### **3. Describe the school's teacher mentoring program, including the rationale for pairings and planned mentoring activities.**

In Sarasota County all new hires receive 1 year of support at the district and school levels known as SCIP. The level of support is based on the need of the mentee. Many first year educators need support and guidance in the area of classroom management and as well as professional development on school programs. The PRIDE document in which educators are evaluated is taught throughout the year so our new hires understand the high expectations of the District and the school. It is expected that both mentor and mentee work daily and weekly as the year progresses to assist the new hire with acclimating to the school's procedures and expectations.

The lead mentor is responsible for contacting all the mentors and assisting in the assigning of mentors to new hired mentees. There is consideration for the mentee to be paired with a mentor in a like grade level and/or similar support for increased success. The lead mentor is required to hold 8 cohort meetings based on the needs of the new hires throughout the 1 year induction program. Many of the cohort meetings provide professional development needs such as classroom management, instructional practices, and allows time for collaborative discussions on best practices, differentiating and curriculum support.

## **E. Ambitious Instruction and Learning**

### **1. Instructional Programs and Strategies**

#### **a. Instructional Programs**

##### ***1. Describe how the school ensures its core instructional programs and materials are aligned to Florida's standards.***

Tuttle Elementary has included whole and small group professional learning related to aligning instruction to the Florida Standards. Pre-week staff meetings included overviews of the Florida Standard assessment timeframe, and teams received the LAFS and MAFS toolkit in order to review the updated standards related to I-Ready. Administration will utilize data from ongoing observations using the Instructional Improvement System to monitor Teacher proficiency in Domain II on PRIDE, Planning for Instruction.

#### **b. Instructional Strategies**

##### ***1. Describe how the school uses data to provide and differentiate instruction to meet the diverse needs of students. Provide examples of how instruction is modified or supplemented to assist students having difficulty attaining the proficient or advanced level on state assessments.***

Tuttle uses the 4 step problem solving process to develop, implement and evaluate interventions. First,

individual student data is compared to state benchmarks and average peer performance (gap analysis) to identify the specific skill or performance deficits. Next, we analyze the problem to determine why it may be occurring. Then we identify instructional strategies, curriculum resources and/or environmental factors that we can put in to place to help address the problem. Finally, we monitor the response to intervention to determine if the learner's response was good, questionable or poor in order to determine the next steps.

**2. Provide the following information for each strategy the school uses to increase the amount and quality of learning time and help enrich and accelerate the curriculum:**

**Strategy:** After School Program

**Minutes added to school year:** 108,000

The after school program will provide learning opportunities in the following areas.

- Project Based Learning incorporating Reading, Math, Science, Technology
- Homework Help
- Computer Time- Reading, Math, Science, Games
- Physical Fitness and Nutrition Lessons
- Enrichment Activities
- Social Skills and Character Education Lessons

**Strategy Rationale**

**Strategy Purpose(s)**

- Enrichment

**Person(s) responsible for monitoring implementation of the strategy**

Dinverno, Tomas, tomas.dinverno@sarasotacountyschools.net

**Data that is or will be collected and how it is analyzed to determine effectiveness of the strategy**

Data is collected three times per year utilizing i-Ready Reading and Mathematics scale score growth. Analyzing student's performance, specifically student growth, is used to determine the effectiveness of the strategy as well as utilized to plan future programming.

**Strategy: After School Program**

**Minutes added to school year: 21,600**

Small group instruction for ELL students afterschool in small groups.

**Strategy Rationale**

Students needing additional language acquisition support in K-1.

WIDA ESOL Testing data and amount of students in LY status K-1

**Strategy: Before School Program**

**Minutes added to school year: 5,400**

Before School Computer Lab for I-Ready

**Strategy Rationale**

Based on the data, the students enter the school not at grade level, and more at risk for not meeting standards in reading and math as well as passing work habits associated with the curriculum. The open computer lab time will allow for additional remediation in below grade level skills to bring students up to grade level in reading and mathematics.

**Strategy Purpose(s)**

- Enrichment

**Person(s) responsible for monitoring implementation of the strategy**

Dinverno, Tomas, [tomas.dinverno@sarasotacountyschools.net](mailto:tomas.dinverno@sarasotacountyschools.net)

**Data that is or will be collected and how it is analyzed to determine effectiveness of the strategy**

By the end of the 2015-16 school year, there will be a 5% growth in students demonstrating reading and mathematics grade level standards based on scale score growth from AP 1 to AP3.

**Strategy:** Extended School Day

**Minutes added to school year:** 21,600

The FAST (Focus After School Tutoring) tutoring program will provide 3 hours of intensive Reading and Math instruction per week. Teachers and students will use researched based materials (CARS, FOCUS, CAMS, STAMS, SOLVE) to supplement classroom instruction as well as fill any skills gaps identified.

**Strategy Rationale**

**Strategy Purpose(s)**

- Enrichment

**Person(s) responsible for monitoring implementation of the strategy**

**Data that is or will be collected and how it is analyzed to determine effectiveness of the strategy**

A pre, mid, and post assessment will be administered to determine the effectiveness of the program as well as to plan for future instruction.

## 2. Student Transition and Readiness

### a. PreK-12 Transition

The school's response to this question may be used to satisfy the requirements of 20 U.S.C. Â§ 6314(b)(1)(G).

**1. Describe the strategies the school employs to support incoming and outgoing cohorts of students in transition from one school level to another.**

Each year, Tuttle Elementary School opens its doors to local preschools for visitation to our campus. Tuttle Elementary School also visits each of the two Childrens's First locations to inform parents about Tuttle Elementary School, the registration process, and activities parents can implement at home to assist in their child's transition from early childhood programs to Tuttle Elementary School. Each Spring, Tuttle Elementary School holds a Kindergarten Round-Up to familiarize incoming Kindergarten students and their families with the campus, as well as the Kindergarten curriculum. In the summer of 2016, Tuttle implemented a Summer Learning Academy for 53 incoming Kindergarten students. Early data indicates that all students in the SLA made gains on the learning based on assessment results.

Tuttle Elementary School will incorporate a professional development course designed to articulate curriculum needs between VPK and Kindergarten teachers. Working with the Early Learning Coalition, Tuttle Elementary will have a Fall and Spring course at the school. Local providers and Kindergarten teachers will share curriculum, best practices in early childhood learning, and plan for closing gaps in articulation between VPK and Kindergarten.

### b. College and Career Readiness

**1. Describe the strategies the school uses to advance college and career awareness, which may include establishing partnerships with business, industry or community organizations.**

**2. Identify the career and technical education programs available to students and industry certifications that may be earned through those respective programs.**

**3. Describe efforts the school has taken to integrate career and technical education with academic courses (e.g., industrial biotechnology) to support student achievement.**

**4. Describe strategies for improving student readiness for the public postsecondary level based on annual analysis of the [High School Feedback Report](#), as required by section 1008.37(4), Florida Statutes.**

## II. Needs Assessment

The school's completion of this section may satisfy the requirements of 20 U.S.C. Â§ 6314(b)(1)(A).

### A. Problem Identification

#### 1. Data to Support Problem Identification

##### b. Data Uploads

Data uploads are not required by the Florida Department of Education but are offered as a tool for the needs assessment. In this section, the school may upload files of locally available data charts and graphs being used as evidence of need.

The following documents were submitted as evidence for this section:

*No files were uploaded*

#### 2. Problem Identification Summary

This section is not required by the Florida Department of Education but is provided as an opportunity for the school to summarize the points of strength and areas of need that have been identified in the data.

### B. Problem Analysis Summary

This section is not required by the Florida Department of Education but is provided as an opportunity for the school to summarize the underlying "why" or root causes for the areas of need identified in the data, as determined by situational awareness of, and research conducted by, the stakeholders involved in the needs assessment.

### C. Strategic Goals

## School Improvement Goals

The following key is intended to help readers understand how the sections of this document correspond to the steps of the 8-step planning and problem-solving framework used in the School Improvement Plan. The Quick Key numbers can help registered users go directly to the point of entry for any given goal, barrier and strategy within the online survey.

## Strategic Goals Summary

- G1.** By the year 2017, there will be a minimum of a 5% point increase for all student groups grades 3-5 demonstrating proficiency at level 3 and above on spring assessments in the Florida Standards Assessment in English Language Arts/Writing.
- G2.** By the year 2017, there will be a minimum of a 5% point increase of learning gains for students in the lowest 25% in grades 3-5 on spring assessments in the Florida Standards Assessment in Language Arts.
- G3.** By the year 2017, there will be a minimum of a 5% point increase for all student groups grades 3-5 demonstrating proficiency at level 3 and above on spring assessments in the Florida Standards Assessment in Mathematics.
- G4.** By the year 2017, there will be a minimum of a 5% point increase of learning gains for students in the lowest 25% in grades 3-5 on spring assessments in the Florida Standards Assessment in Mathematics.
- G5.** By the year 2017, there will be a minimum gain of 5% of all student groups K-5 demonstrating learning gains as evidenced by scale score growth from the fall to spring i-Ready reading diagnostic assessment.
- G6.** By the year 2017, there will be a minimum gain of 5% of all student groups K-5 demonstrating learning gains as evidenced by scale score growth from the fall to spring i-Ready mathematics diagnostic assessment.
- G7.** By the year 2017, there will be a minimum of a 8% point increase for all student groups at 5th grade in demonstrating proficiency at level 3 and above on FCAT Science.
- G8.** By the year 2017, there will be a decrease of 5% in absences and suspensions for all student groups K-5 each quarter in comparison to prior year data.

## Strategic Goals Detail

For each strategic goal, this section lists the associated targets (i.e., "SMART goals"), targeted barriers to achieving the goal, resources available to help reduce or eliminate the barriers, and the plan for monitoring progress toward the goal.

## Action Plan for Improvement

For each strategy selected in the plan to reduce a targeted barrier to a strategic goal, this section lists the rationale for that strategy (i.e., why the school believes it will reduce the barrier) and the action steps that have been identified as necessary to implementing the strategy, including details such as the point person, timing and duration, and evidence of completion. At the end of each set of action steps is the plan for monitoring the implementation and effectiveness of the respective strategy.

### Strategy Rationale

Additional support for students that are in lower quartile of reading at grade level K-5.

### Action Step 1 5

Students needing remedial services will be invited to participate in the FAST Tutoring Program.

#### Person Responsible

Laurel Hinds

#### Schedule

Weekly, from 9/12/2016 to 5/22/2017

#### Evidence of Completion

Student performance on lessons in FAST program

### Plan to Monitor Fidelity of Implementation of G5.B1.S3 6

Review of benchmark assessments (three administrations) to determine fidelity of implementation, ongoing observation, and frequent collaboration with program coordinator.

#### Person Responsible

Laurel Hinds

#### Schedule

Weekly, from 9/12/2016 to 5/22/2017

#### Evidence of Completion

Observation notes, benchmark assessment results
