The 2014-15 school grades serve as informational baseline data that schools can use to improve in future years.

School Board Approval

This plan is pending approval by the Sarasota County School Board.

SIP Authority and Template

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a school improvement plan (SIP) for each school in the district.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F or a monitoring status of "Former F" (see page 4). For all other schools, the district may use a template of its choosing. All districts must submit annual assurances that their plans meet statutory requirements.

This document was prepared by school and district leadership using the Florida Department of Education's school improvement planning web application located at <u>https://www.floridaCIMS.org</u>.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. A corollary at the district level is the District Improvement and Assistance Plan (DIAP), designed to help district leadership make the necessary connections between school and district goals in order to align resources. The Florida Department of Education encourages schools to use the SIP as a "living document" by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the "Date Modified" listed in the footer.

Part I: Current School Status

Part I organizes the current status of the school around five domains inspired by the 5Essentials framework: Supportive Environment, Family and Community Involvement, Effective Leadership, Public and Collaborative Teaching, and Ambitious Instruction and Learning. Questions regarding the school's Multi-Tiered System of Supports have been embedded throughout this part to demonstrate how data is used by stakeholders to understand the needs of all students and allocate appropriate resources in proportion to those needs.

Part II: Needs Assessment

Part II requires the school to review performance and early warning systems data in order to develop strategic goals and associated data targets (i.e., "SMART goals") for the coming school year in context of the school's greatest strengths and needs. An online tool was developed, which includes data visualizations and processing questions to support problem identification, problem analysis and strategic goal formulation.

Part III: 8-Step Planning and Problem Solving for Implementation

Part III enables the school to develop implementation plans for its highest-priority goals. With the overview of the current state of the school in mind and the strategic goals identified through the needs assessment, the planning team engages in a facilitated planning and problem-solving process, through which they

- Define strategic goals and establish targets to be reached by successfully achieving the goals (Step 1)
- Identify barriers that could hinder achieving those goals and resources that could be used to eliminate or reduce barriers (Step 2)
- Select high-priority barriers they want to address initially (Step 3)
- Design implementation and monitoring plans for strategies to resolve selected barriers (Steps 4-7)
- Determine how they will monitor progress toward each goal (Step 8)

Appendices

The following appendices, automatically-generated from content entered in Part III, are included in this document:

- · Appendix 1 is a timeline of all action steps and monitoring activities
- Appendix 2 is an outline of all professional development opportunities and technical assistance items
- Appendix 3 is a report of the budget needed to implement the strategies

Differentiated Accountability

Florida's Differentiated Accountability (DA) system, established in <u>section 1008.33</u>, Florida Statutes, is a statewide network of strategic support, differentiated by need according to performance data, provided to districts and schools in order to improve leadership capacity, teacher efficacy, and student outcomes. Through a data-driven planning and problem-solving process, DA field teams collaborate with district leadership to design, implement, and refine strategic goals and action plans that are documented in the SIP.

DA Regions

Florida's DA network is divided into four geographical regions, each served by a field team led by a regional executive director (RED).

DA Categories

At the start of each academic year, traditional schools are classified for DA support in three categories based on the most recent school grades data available. Descriptions of each DA category along with the state support and interventions provided are set forth by <u>Rule 6A-1.099811</u>, <u>Florida Administrative Code</u>:

- Not in DA currently A, B, or C and not Monitoring Only; charter schools; ungraded schools
- Monitoring Only currently A, B, or C that improved from a previous grade of F
- Focus currently D
- Priority currently F

DA Turnaround and Monitoring Statuses

Additionally, schools in DA may be subject to a turnaround status of "Planning" or "Implementing" or a monitoring status of "Former F." These statuses are based on a school's grades history, including the current school grade:

- <u>Former F</u> A school with a status of "Former F" requires the department to monitor the implementation of strategies and progress toward the goals outlined in the school improvement plan for three years following the school's improvement from a grade of F to a C or higher.
- <u>Planning</u> A school with a status of "Planning" requires the district to engage stakeholders in the development of a turnaround option plan to be implemented in the following year should the school grade not improve to a C or higher.
- <u>Implementing</u> A school with a status of "Implementing" requires the district to submit a turnaround plan to the State Board of Education for approval and implementation. A school remains in "Implementing" status until its school grade improves to a C or higher.

I. Part I: Current School Status

A. Supportive Environment

1. School Mission and Vision

a. Provide the school's mission statement.

Our mission at Brentwood Elementary is to instruct all students according to the Florida Standards and Sarasota County School Board curriculum. Differentiated instruction, including formative and summative assessments, will support students at all levels by enriching mastered skills and reinforcing emerging skills.

b. Provide the school's vision statement.

We envision a school in which staff: -unite to achieve a common purpose and goals, -work together in collaborative teams, -seek instructional strategies for improving student achievement on a continuing basis, -monitor each student's progress, and -demonstrate a personal commitment to the academic success and general well being of all students.

2. School Environment

a. Describe the process by which the school learns about students' cultures and builds relationships between teachers and students.

Many of our teachers have completed professional learning on A Framework for Understanding Poverty which helps to better understand family dynamics of our students of lower social economic status. Through our school-wide Community of Caring program, teachers model Community of Caring values and recognize students who demonstrate these value toward their peers or staff. During school, teachers utilize Restorative Strategies in their classrooms so each student voice can be heard. This builds empathy among students and teachers. Our school is focusing on the "Growth Mindset."

b. Describe how the school creates an environment where students feel safe and respected before, during and after school.

All staff members abide by the Positive Behavior Support Plan which declares a step-by-step process for dealing with negative behavior while promoting and celebrating when students make the right choices. This occurs from the moment students set foot on campus until they leave for the day. All students entering campus do so in one, secured entrance; all other access is closed. Parents must sign in through the office to enter campus at all times throughout the day. Each student wears a lanyard for dismissal stating the method of going home. The lanyard is taken from a staff member and is checked off once each child is dismissed.

STARS expectations are reinforced school-wide. Stay Safe, Take Responsibility, Be an Active Learner, Respect Others and Stay Positive creates the acronym. Specific behaviors are stated and posted throughout the school for children to practice and reflect upon. At the end of each day, all students reflect on their contribution to the STARS expectations.

c. Describe the schoolwide behavioral system in place that aids in minimizing distractions to keep students engaged during instructional time. This may include, but is not limited to, established protocols for disciplinary incidents, clear behavioral expectations, and training for school personnel to ensure the system is fairly and consistently enforced. All staff members abide by the Positive Behavior Support Plan which declares a step-by-step process for dealing with negative behavior while promoting and celebrating when students make the right choices. This occurs from the moment students set foot on campus until they leave for the day. Weekly morning news segments highlight students who are showing Community of Caring values and STARS behavior: Stay safe, Take responsibility, Actively learn, Respect others and Stay positive.

A flowchart of Guidelines for Responding to Misbehavior is used school-wide to provide a variety of methods to respond to misbehavior. Our primary focus is to teach students appropriate behavior rather than punish.

Support Staff are also trained in Crisis Prevention Interventions (CPI) for more severe incidents.

d. Describe how the school ensures the social-emotional needs of all students are being met, which may include providing counseling, mentoring and other pupil services.

Through classroom lessons, students are taught about their feelings and how to respond and cope respectfully. Students watch vignettes and puppet shows about how to respond, then they role play to demonstrate understanding. If students are experiencing emotional dysregulation, teachers recognize proactively that these students need to express themselves and contact the school counselor. Individual counseling, group counseling, mediation, restorative strategies and referrals to community agencies are some of the ways we would respond to emotionality. Teachers recognize proactively that students need to express themselves. This can be done through use of restorative strategies, peer conflict mediation worksheets or through daily self-reflection.

3. Early Warning Systems

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. \hat{A} 6314(b)(1)(B)(ii)(III), (b)(1)(B)(iii)(I), and (b)(1)(I).

a. Describe the school's early warning system and provide a list of the early warning indicators used in the system.

For attendance issues, Brentwood follows the district policy of contacting parents at specific markers for

absences and unexcused absences. Our teachers also contact parents after the child has been absent 3 days. The Attendance Works data is monitored biweekly to determine those with chronic attendance issues. The School Wide Support Team considers individual students who have excessive

absences and tardies to develop a plan of action, which may involve the Home-School Liaison and/or truancy worker.

Academically, students who scored at a level 1 on FSA or show one or more grade levels below as indicated on iReady reports are monitored throughout the year. These students receive intense interventions by their teacher, support staff and/or through after school tutoring. Students are also referred by their teacher to our School Wide Support Team for more intense and frequent interventions for both academic and behavior concerns.

Monthly Behavior Meetings are held to discuss students with the most need for behavior interventions. These students are monitored to determine if interventions are working or if another approach is necessary to help the student function at their highest capability.

b. Provide the following data related to the school's early warning system

1. The number of students by grade level that exhibit each early warning indicator:

Indicator	Grade Level									Total				
mulcator	κ	1	2	3	4	5	6	7	8	9	10	11	12	TOLAT
Attendance below 90 percent	2	7	1	5	6	3	0	0	0	0	0	0	0	24

Level 1 on statewide assessment	0	0	0	18	8	16	0	0	0	0	0	0	0	42

Sarasota - 0101 - Brentwood Elementary School - 2016-17 SIP Brentwood Elementary School

The number of students identified by the system as exhibiting two or more early warning indicators:

Indicator						Gr	ade	e Le	eve	I				Total
indicator	K	1	2	3	4	5	6	7	8	9	10	11	12	TOLAT
Students exhibiting two or more indicators	0	0	0	1	1	2	0	0	0	0	0	0	0	4

c. Describe all intervention strategies employed by the school to improve the academic performance of students identified by the early warning system.

Brentwood Elementary staff provide individual and small group intensive services for targeted students. Our

ESE and ESOL teachers provide instruction based on student IEP and LEP goals. We also provide daily classroom intervention instruction for students that need remediation. Individual and Small Group counseling is provided for behavior and social issues. Functional Behavior Modification plans for individuals with serious behavior concerns. The attendance committee regularly monitors students attendance and identifies those students with excessive tardiness or absentness.

B. Family and Community Engagement

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. § 6314(b)(1)(B)(iii)(I)(aa).

1. Describe how the school works at building positive relationships with families to increase involvement, including efforts to communicate the school's mission and vision, and keep parents informed of their child's progress.

Title I schools use the Parent Involvement Plan (PIP) to meet the requirements of 20 U.S.C. § 6314(b)(1)(F).

a. Will the school use its PIP to satisfy this question?

Yes

1. PIP Link

The school completes a Parental Involvement Plan (PFEP), which is available at the school site.

2. Description

On average, 90% of all parents will attend Title I Parent Conferences and provide input.

2. Describe the process by which the school builds and sustains partnerships with the local community for the purpose of securing and utilizing resources to support the school and student achievement.

Our School Advisory Committee (SAC) involves parents, staff and community members to make shared decisions for the school. Community business support our academic incentive programs and host family activities throughout the year. Through our Parent Teacher Organization (PTO), teachers and parents work together to plan family events and fundraisers. A Parent Involvement Coordinator is on staff to facilitate continued communication between school and families. The Parent Involvement Coordinator also coordinates a monthly e-newsletter that parents can access on our website. The newsletter

highlights events at school and educates parents with research and information pertaining to their child's academic growth.

C. Effective Leadership

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. § 6314(b)(1)(H).

1. School Leadership Team

a. Membership

Identify the name, email address and position title for each member of the school leadership team.:

Title
Principal
Other
Instructional Coach
Instructional Coach
School Counselor
Assistant Principal

b. Duties

1. Describe the roles and responsibilities of the members, including how they serve as instructional leaders and practice shared decision making.

The primary purpose of the school-based leadership team is to progress monitor student achievement. A member of the leadership team is at every MTSS meeting to ensure that the effective, research-based interventions are in place for the students demonstrating a need. Collaboration between the leadership team, grade level teams, the SAC/SDMT and district teams guide school-wide instructional decisions.

2. Describe the process through which school leadership identifies and aligns all available resources (e.g., personnel, instructional, curricular) in order to meet the needs of all students and maximize desired student outcomes. Include the methodology for coordinating and supplementing federal, state and local funds, services and programs. Provide the person(s) responsible, frequency of meetings, how an inventory of resources is maintained and any problem-solving activities used to determine how to apply resources for the highest impact.

Student progress will be continually monitored, and individual cases reviewed periodically, to determine progress and the effectiveness of classroom instruction. Through MTSS, problem-solving, students who are not making progress will be discussed to determine when more intense interventions are needed.

Title I is a federally funded program designed to address the academic needs of low performing students in schools with a high percentage of economically disadvantaged students and to assist them in meeting the state's high standards, particularly in the areas of reading, writing, science and mathematics. The district coordinates with Title II in ensuring staff development needs are provided. Funds from Title IIA are used for staff training. Professional development activities are provided to improve the knowledge of teachers, principals and paraprofessionals, as appropriate. Instruction is provided to teach children with different learning styles and/or children with disabilities and special learning needs. Professional development activities are provided to improve behavior in the classroom through positive behavior support and self-regulation/reflection. Training is provided to ensure all teachers highly qualified.

Supplemental services and materials are provided to improve the academic achievement and language acquisition of immigrant and English Language Learner students throughout the district. Homeless education case managers provide resources (clothing, school supplies, social service referrals) for students identified as homeless under the McKinney-Vento Act to eliminate barriers for a free and appropriate education. This program provides on-going outreach, training and tutoring. SAI funds will be coordinated with Title I funds to provide summer school for Level 1 readers, support reading teachers at schools and offer credit retrieval and dropout prevention programs for high school students. Our school guidance program provides programs that incorporate bullying prevention, internet safety and personal safety. Both intentional and unintentional injury prevention programs are provided. Free and Reduced Lunch Programs are provided through federal funds.

2. School Advisory Council (SAC)

a. Membership

Identify the name and stakeholder group for each member of the SAC.:

Name	Stakeholder Group
John Weida	Principal
Amber Jenkins	Parent
Sabrina Johnson	Parent
Ngoc Yam	Parent
John Wasil	Parent
Donna Forway	Education Support Employee
Monica Serino	Education Support Employee
Jill Spence	Teacher
Caroline Robertson	Teacher
Betsy Williams	Parent
Rashea Johnson	Teacher
Johanna Caminero	Business/Community
Jason Kucera	Teacher
Yolanda Melgarjo	Parent

b. Duties

1. Provide a description of the SAC's involvement with the following activities, as required by section 1001.452(2), Florida Statutes

a. Evaluation of last year's school improvement plan

At the end of the school year, SAC reviewed the SIP plan. FSA data was not available at the time, but the team reviewed the progress monitoring data.

b. Development of this school improvement plan

We seek parental participation and input from our School Advisory Council during the school improvement plan development. SAC will review the data and goals, providing input and advice on funding.

c. Preparation of the school's annual budget and plan

We seek parental participation and input from our School Advisory Council by reviewing the data and goals, while providing input and advice on funding.

2. Describe the use of school improvement funds allocated last year, including the amount budgeted for each project.

School improvement funds will be allocated as follows: School-wide Positive Behavior Support - 200 Community of Caring - 300 Renaissance - 400 Brentwood "Starbucks Store" - 300

3. Verify that the school is in compliance with section 1001.452, Florida Statutes, regarding the establishment requirements and duties of the SAC. Yes

a. If the school is not in compliance, describe the measures being implemented to meet SAC requirements.

In order to meet the requirements of 1001.452 (1a), We solicited volunteers through our PTO meetings, but did not get volunteers. Parents on the School Advisory Committee are sought out by the Principal.

3. Literacy Leadership Team (LLT)

a. Membership

Identify the name and position title for each member of the school-based LLT or similar group, if applicable.:

Name	Title
Weida, John	Principal
Brustad, Patti	Assistant Principal
Spence, Jill	Instructional Coach
Mouhot, Shelly	Instructional Coach

b. Duties

1. Describe how the LLT or similar group promotes literacy within the school, if applicable.

The LLT at Brentwood monitors and analyzes iReady data, Running Records, Oral Reading Fluency data as well as developing and assisting in implementing one-on-one and small group interventions. Reading Recovery Teachers work with students and train teachers on effective strategies. The Literacy Leadership Team shares strategies for teachers on how to use the data to guide instruction within the classroom and for use with interventions.

D. Public and Collaborative Teaching

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. § 6314(b)(1)(D).

1. Describe the school's strategies to encourage positive working relationships between teachers, including collaborative planning and instruction.

Professional Development Days PLC by grade level Grade Level Data Chats with administration Bucket fillers and Community of Caring recognition for staff.

2. Describe the school's strategies to recruit, develop and retain highly qualified, certified-in-field, effective teachers to the school.

Our strategy for recruiting and retaining highly qualified teachers is providing support and encouragement throughout the year. We provide professional development for new staff to keep them current with best practices. We routinely celebrate their success and provide constructive criticism when it is necessary. Administration is responsible for knowing the staff's certification areas and creating a positive culture on our campus.

3. Describe the school's teacher mentoring program, including the rationale for pairings and planned mentoring activities.

Through the Sarasota's County Induction program, all new teachers receive a mentor. The mentor and mentee meet regularly to discuss strategies and facilitation skills. The pairings are made according to the area of expertise of the mentor. If the new hire is an exceptional education teacher we pair them up with a teacher who has a background in exceptional student education.

E. Ambitious Instruction and Learning

1. Instructional Programs and Strategies

a. Instructional Programs

1. Describe how the school ensures its core instructional programs and materials are aligned to Florida's standards.

Sarasota County provides all instructional staff access to an Instructional Focus Guide that maps the Florida standards in all subjects and grade levels. Resources beyond adopted textbooks are linked to each standard. All instructional staff are trained to ensure the highest level of learning occurs in each classroom. Administrative observations monitor the standards and depth of knowledge are appropriate in each classroom. The school district provides ongoing math training and instructional rounds for grade level teachers.

b. Instructional Strategies

1. Describe how the school uses data to provide and differentiate instruction to meet the diverse needs of students. Provide examples of how instruction is modified or supplemented to assist students having difficulty attaining the proficient or advanced level on state assessments.

The following data is accessible for instructional decision making: i-Ready, Benchmark tests, Fact Fluency, Oral Reading Fluency, Running Records, and classroom observations. The data allows teachers and support staff to arrange students into flexible groupings to meet specific targeted skills, based on data. Progress monitoring takes place throughout the year, making adjustments and implementing interventions through Rtl as needed.

2. Provide the following information for each strategy the school uses to increase the amount and quality of learning time and help enrich and accelerate the curriculum:

Strategy: After School Program Minutes added to school year: 2,880

Brentwood's After School Learning Club is an after school program designed to address the needs of our lowest 25% and students who need additional instruction in reading and math. The program will deliver instruction in a small group setting and focus on specific skill deficits of each student as identified through FSA and i-Ready data. The After School Learning Club will consist of grades 3, 4 and 5.

Strategy Rationale

Additional support after the school day, focusing on instructional needs, will result in increased student achievement.

Strategy Purpose(s)

Core Academic Instruction

Person(s) responsible for monitoring implementation of the strategy Brustad, Patti, patti.brustad@sarsotacountyschools.net

Data that is or will be collected and how it is analyzed to determine effectiveness of the strategy

Effectiveness will be determined based upon pre and post i-ready diagnostic on each student. District assessments will assist in evaluating the overall evaluation of the program. I-Ready, Math Benchmark Assessment and bi-monthly tests will be recorded on an excel spreadsheet and reviewed weekly.

2. Student Transition and Readiness

a. PreK-12 Transition

The school's response to this question may be used to satisfy the requirements of 20 U.S.C. § 6314(b)(1)(G).

1. Describe the strategies the school employs to support incoming and outgoing cohorts of students in transition from one school level to another.

At the end of each school year, students transitioning from preschool to kindergarten are discussed at MTSS/CARE team meetings to plan for their needs at local elementary schools. Collaboration with the feeder middle school occurs for students with an IEP through the Liaison at each school and the district.

b. College and Career Readiness

1. Describe the strategies the school uses to advance college and career awareness, which may include establishing partnerships with business, industry or community organizations.

2. Identify the career and technical education programs available to students and industry certifications that may be earned through those respective programs.

3. Describe efforts the school has taken to integrate career and technical education with academic courses (e.g., industrial biotechnology) to support student achievement.

4. Describe strategies for improving student readiness for the public postsecondary level based on annual analysis of the <u>High School Feedback Report</u>, as required by section 1008.37(4), Florida Statutes.

II. Needs Assessment

The school's completion of this section may satisfy the requirements of 20 U.S.C. § 6314(b)(1)(A).

A. Problem Identification

1. Data to Support Problem Identification

b. Data Uploads

Data uploads are not required by the Florida Department of Education but are offered as a tool for the needs assessment. In this section, the school may upload files of locally available data charts and graphs being used as evidence of need.

The following documents were submitted as evidence for this section:

No files were uploaded

2. Problem Identification Summary

This section is not required by the Florida Department of Education but is provided as an opportunity for the school to summarize the points of strength and areas of need that have been identified in the data.

B. Problem Analysis Summary

This section is not required by the Florida Department of Education but is provided as an opportunity for the school to summarize the underlying "why"Â? or root causes for the areas of need identified in the data, as determined by situational awareness of, and research conducted by, the stakeholders involved in the needs assessment.

C. Strategic Goals

School Improvement Goals

The following key is intended to help readers understand how the sections of this document correspond to the steps of the 8-step planning and problem-solving framework used in the School Improvement Plan. The Quick Key numbers can help registered users go directly to the point of entry for any given goal, barrier and strategy within the online survey.

Strategic Goals Summary

- By the year 2017, there will be a minimum of a four percentage point increase in Science, for G1. 5th grade - Level 3 students, when less than 70% are currently demonstrating proficiency (across levels 3, 4, 5).
- By the end of the 2017 school year, we will meet the supportive environment initiative by G2. increasing the attendance rate by 1% from the previous school year, 2016.
- By the year 2017, there will be a minimum of a four percentage point increase in Reading, for G3. Level 3 and above students, when less than 70% are currently demonstrating proficiency (across Levels 3,4,5).
- G4. By the year 2017, there will be a minimum of a four percentage point increase, in Math, for all student subgroups when less than 70% are currently demonstrating proficiency.

Strategic Goals Detail

For each strategic goal, this section lists the associated targets (i.e., "SMART goals"), targeted barriers to achieving the goal, resources available to help reduce or eliminate the barriers, and the plan for monitoring progress toward the goal.

G1. By the year 2017, there will be a minimum of a four percentage point increase in Science, for 5th grade - Level 3 students, when less than 70% are currently demonstrating proficiency (across levels 3, 4, 5).

I-Ready diagnostic and progress monitoring assessments, fact fluency assessments, and benchmark assessments.

Person Responsible

Jill Spence

Schedule

Monthly, from 8/22/2016 to 6/6/2017

Evidence of Completion

School wide data collection spreadsheets.

Action Plan for Improvement

For each strategy selected in the plan to reduce a targeted barrier to a strategic goal, this section lists the rationale for that strategy (i.e., why the school believes it will reduce the barrier) and the action steps that have been identified as necessary to implementing the strategy, including details such as the point person, timing and duration, and evidence of completion. At the end of each set of action steps is the plan for monitoring the implementation and effectiveness of the respective strategy.
