

Clay County Schools

Keystone Heights Junior/ Senior High

2016-17 Schoolwide Improvement Plan

Keystone Heights Junior/Senior High

900 ORCHID AVE, Keystone Heights, FL 32656

<http://khh.oneclay.net>

School Demographics

School Type and Grades Served (per MSID File)	2015-16 Title I School	2015-16 Economically Disadvantaged (FRL) Rate (as reported on Survey 3)
High School 7-12	No	48%
Primary Service Type (per MSID File)	Charter School	2018-19 Minority Rate (Reported as Non-white on Survey 2)
K-12 General Education	No	9%

School Grades History

Year	2015-16	2014-15	2013-14	2012-13
Grade	C	B*	B	

**Informational Baseline School Grade*

Note: The school grades calculation was revised substantially for the 2014-15 school year to implement statutory changes made by the 2014 Legislature and incorporate the new Florida Standards Assessments. The 2014-15 school grades serve as informational baseline data that schools can use to improve in future years.

School Board Approval

This plan is pending approval by the Clay County School Board.

SIP Authority and Template

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a school improvement plan (SIP) for each school in the district.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F or a monitoring status of "Former F" (see page 4). For all other schools, the district may use a template of its choosing. All districts must submit annual assurances that their plans meet statutory requirements.

This document was prepared by school and district leadership using the Florida Department of Education's school improvement planning web application located at <https://www.floridacims.org>.

Table of Contents

Purpose and Outline of the SIP	4
Differentiated Accountability	5
Current School Status	6
Supportive Environment	6
Family and Community Engagement	9
Effective Leadership	11
Public and Collaborative Teaching	14
Ambitious Instruction and Learning	14
8-Step Planning and Problem Solving Implementation	22
Goals Summary	22
Goals Detail	22
Action Plan for Improvement	26
Appendix 1: Implementation Timeline	33
Appendix 2: Professional Development and Technical Assistance Outlines	34
Professional Development Opportunities	34
Technical Assistance Items	36
Appendix 3: Budget to Support Goals	36

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. A corollary at the district level is the District Improvement and Assistance Plan (DIAP), designed to help district leadership make the necessary connections between school and district goals in order to align resources. The Florida Department of Education encourages schools to use the SIP as a “living document” by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the “Date Modified” listed in the footer.

Part I: Current School Status

Part I organizes the current status of the school around five domains inspired by the 5Essentials framework: Supportive Environment, Family and Community Involvement, Effective Leadership, Public and Collaborative Teaching, and Ambitious Instruction and Learning. Questions regarding the school’s Multi-Tiered System of Supports have been embedded throughout this part to demonstrate how data is used by stakeholders to understand the needs of all students and allocate appropriate resources in proportion to those needs.

Part II: Needs Assessment

Part II requires the school to review performance and early warning systems data in order to develop strategic goals and associated data targets (i.e., “SMART goals”) for the coming school year in context of the school’s greatest strengths and needs. An online tool was developed, which includes data visualizations and processing questions to support problem identification, problem analysis and strategic goal formulation.

Part III: 8-Step Planning and Problem Solving for Implementation

Part III enables the school to develop implementation plans for its highest-priority goals. With the overview of the current state of the school in mind and the strategic goals identified through the needs assessment, the planning team engages in a facilitated planning and problem-solving process, through which they

- Define strategic goals and establish targets to be reached by successfully achieving the goals (Step 1)
- Identify barriers that could hinder achieving those goals and resources that could be used to eliminate or reduce barriers (Step 2)
- Select high-priority barriers they want to address initially (Step 3)
- Design implementation and monitoring plans for strategies to resolve selected barriers (Steps 4-7)
- Determine how they will monitor progress toward each goal (Step 8)

Appendices

The following appendices, automatically-generated from content entered in Part III, are included in this document:

- Appendix 1 is a timeline of all action steps and monitoring activities
- Appendix 2 is an outline of all professional development opportunities and technical assistance items
- Appendix 3 is a report of the budget needed to implement the strategies

Differentiated Accountability

Florida's Differentiated Accountability (DA) system, established in [section 1008.33, Florida Statutes](#), is a statewide network of strategic support, differentiated by need according to performance data, provided to districts and schools in order to improve leadership capacity, teacher efficacy, and student outcomes. Through a data-driven planning and problem-solving process, DA field teams collaborate with district leadership to design, implement, and refine strategic goals and action plans that are documented in the SIP.

DA Regions

Florida's DA network is divided into four geographical regions, each served by a field team led by a regional executive director (RED).

DA Categories

At the start of each academic year, traditional schools are classified for DA support in three categories based on the most recent school grades data available. Descriptions of each DA category along with the state support and interventions provided are set forth by [Rule 6A-1.099811, Florida Administrative Code](#):

- Not in DA – currently A, B, or C and not Monitoring Only; charter schools; ungraded schools
- Monitoring Only – currently A, B, or C that improved from a previous grade of F
- Focus – currently D
- Priority – currently F

DA Turnaround and Monitoring Statuses

Additionally, schools in DA may be subject to a turnaround status of "Planning" or "Implementing" or a monitoring status of "Former F." These statuses are based on a school's grades history, including the current school grade:

- Former F - A school with a status of "Former F" requires the department to monitor the implementation of strategies and progress toward the goals outlined in the school improvement plan for three years following the school's improvement from a grade of F to a C or higher.
- Planning - A school with a status of "Planning" requires the district to engage stakeholders in the development of a turnaround option plan to be implemented in the following year should the school grade not improve to a C or higher.
- Implementing - A school with a status of "Implementing" requires the district to submit a turnaround plan to the State Board of Education for approval and implementation. A school remains in "Implementing" status until its school grade improves to a C or higher.

2016-17 DA Category and Statuses for Keystone Heights Junior/Senior High

DA Region and RED	DA Category and Turnaround Status
Northeast - Cassandra Brusca	Not In DA - N/A

I. Part I: Current School Status

A. Supportive Environment

1. School Mission and Vision

a. Provide the school's mission statement.

Our mission is to work collaboratively with all stakeholders to provide a public education experience that is motivating, challenging and rewarding for all children. We will increase student achievement by providing students with learning opportunities that are rigorous and relevant; which transcend beyond the boundaries of the school walls. We will ensure a working and learning environment built upon honesty, integrity, and respect. Through these values, we will maximize student potential and promote individual responsibility.

b. Provide the school's vision statement.

KHHS exists to prepare life-long learners for success in a global and competitive workplace, and help them acquire applicable life skills.

2. School Environment

a. Describe the process by which the school learns about students' cultures and builds relationships between teachers and students.

KHHS recognizes that a good relationship between teachers and students forms the foundation for behavioral, social and academic learning. This relationship is a direct result of unconditional acceptance between the teacher and the student. Through this acceptance the teacher shows the student he or she is valued as an individual worthy of respect. We offer several programs to build relationships between teachers and students. We offer a teacher-sponsored event, "Book Bash" where teachers interact with students through games and activities. We also offer several teacher-sponsored clubs and activities during and after school. These activities include but are not limited to book clubs, Key Club, Senior Girls, and individual class groups. We have a strong working relationship with Right Path Services which offers safe and confidential counseling for eligible students in overwhelming or difficult situations. We also work with specialists with the Take Stock in Children Program which links students with mentors as early as 7th grade.

b. Describe how the school creates an environment where students feel safe and respected before, during and after school.

Florida Statute 1003.31 in parts states students enrolled in school shall be supervised; during the time she or he is attending school; during the time she or he is on the school premises participating with authorization in a school-sponsored activity; during a reasonable time before and after the student is on the premises for attendance at school or for authorized participation in a school-sponsored activity, and only when on the premises, be under the control and direction of school personnel. Our school provides supervision 30 minutes prior to school starting and 40 minutes after the school day ends. Students are also supervised during extra-curricular activities as well as 30 minutes before and after. School board supervision beyond this limit cannot be assumed. Teachers and support staff assume designated safety positions during class changes.

KHHS has a student concern box available for students to write concerns privately that can then be addressed by guidance or administration.

KHHS also has a school-based resource officer available before, during, and after school.

c. Describe the schoolwide behavioral system in place that aids in minimizing distractions to keep students engaged during instructional time. This may include, but is not limited to, established protocols for disciplinary incidents, clear behavioral expectations, and training for school personnel to ensure the system is fairly and consistently enforced.

The authority set forth in Florida Statutes, Chapter 230.23(6-c), vests in the school board the responsibility to “adopt rules and regulations for the control (and) disciplining of Pupils...” To accomplish this objective, rules and regulations must be made and enforced. Rules are based on Florida Statutes, State Board of Education Policies, Clay County School Board Policies, the Clay County Codes of Student Conduct, and KHHS Administrative Policies.

At KHHS, each student receives a copy of the Student-Parent Handbook, and the Code of Student Conduct. Both are reviewed with students on the first day of school in homeroom. All students are expected to conduct themselves at all times in a manner that will contribute to the best interest of the school system and not infringe on the rights of others. When a student interferes with the learning process of any students, including themselves, it will be necessary for the teacher to find effective ways to correct inappropriate behaviors. These methods may be in-class discipline, student-teacher conferences, and parent-teacher conferences by phone or at school and after school detentions. If these methods fail to correct inappropriate conduct, the teacher will refer the student to the administration for disciplinary action. Violations sent to the administration will result in one or more of the following actions being taken:

Counseling, parent conference or guidance referral
After School Detention
Lunch Detention
Alternative to Out-of-School Suspension
Out-of-School Suspension.
Administrative Placement to Bannerman Learning Center
Expulsion

A violation of the rules will occur if the improper conduct takes place on the school premises at any time, off the school grounds at a school activity, function, or event, or en-route to or from school on a bus.

In addition to this, we have formed a Foundations Team. The team's focus will be to create and develop school-wide goals and ideas for positive behavior interventions. The team will meet bi-monthly to review school-wide behavior data.

d. Describe how the school ensures the social-emotional needs of all students are being met, which may include providing counseling, mentoring and other pupil services.

KHHS ensures the social-emotional needs of all students are being met.

On Tuesdays during our 20 minute reading block, students in grades 9-12th grade watch a video from Ted Talks. These videos address goals, struggles, and accomplishments.

We have a strong working relationship with Right Path Services which offers safe and confidential counseling for students in overwhelming or difficult situations. Right Path counselors are available on school site throughout each school day to provide services for eligible students. Counselors also pull students out of class on a regular basis to provide ongoing counseling.

Administration, school social worker, and guidance counselors meet weekly for Care Team meetings. Each week they discuss individual students who have been referred due to personal and attendance issues.

The guidance department is especially concerned with students and their academic success. The department provides many services that will guide students through the school year. The counselors work to help each student learn more about themselves, their abilities and interests that they may pursue in later years. The guidance staff can provide help and information to students in the following areas:

- Personal problems that interfere with academic success
- Career information
- School work and study habits
- Future plans, college, jobs, trade schools
- Credit checks for promotion and graduation
- Withdrawing and transferring from school
- College financial aid programs and scholarships
- College Dual Enrollment
- Registration for courses and graduation requirement packets are available through the guidance department
- Testing services-Florida Standardized Assessments, ACT, SAT, ASVAB, PSAT, PLAN, PERT, End-of-Course Exams
- Career Specialist
- Academy Coach

The guidance office is located in the front office area. Students will get to know the guidance counselor that is assigned to their grade level or academy. The following resource services are available to assist our students through the guidance department when appropriate:

- School psychologist,
- Exceptional education staffing specialists
- Speech therapist
- School Resource Officer
- Department of Children and Family Services
- Right Path Service counselor
- Attendance/social worker

3. Early Warning Systems

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. Â§ 6314(b)(1)(B)(ii)(III), (b)(1)(B)(iii)(I), and (b)(1)(I).

a. Describe the school's early warning system and provide a list of the early warning indicators used in the system.

Attendance below 90 percent, regardless of whether absence is excused or a result of out-of-school suspension

One or more suspensions, whether in school or out of school

Course failure in English Language Arts or mathematics

A Level 1 score on the statewide, standardized assessments in English Language Arts or mathematics

b. Provide the following data related to the school's early warning system

1. The number of students by grade level that exhibit each early warning indicator:

Indicator	Grade Level													Total
	K	1	2	3	4	5	6	7	8	9	10	11	12	
Attendance below 90 percent	0	0	0	0	0	0	0	3	1	0	0	0	0	4
One or more suspensions	0	0	0	0	0	0	0	0	2	0	0	0	0	2
Course failure in ELA or Math	0	0	0	0	0	0	0	2	1	0	0	0	0	3
Level 1 on statewide assessment	0	0	0	0	0	0	0	1	2	0	0	0	0	3

The number of students identified by the system as exhibiting two or more early warning indicators:

Indicator	Grade Level													Total
	K	1	2	3	4	5	6	7	8	9	10	11	12	
Students exhibiting two or more indicators	0	0	0	0	0	0	0	2	2	0	0	0	0	4

c. Describe all intervention strategies employed by the school to improve the academic performance of students identified by the early warning system.

For Attendance:

Attendance Contract, Doctor's Note, Social Work Referral, Get Schooled

For Grades:

Tutoring, Remediation and Coaching during Tribe Time

For Discipline:

Behavior Contract, School Service Work, Detention, Alternative to Out of School Suspension, Saturday School, Silent Lunch

Testing:

Intensive Reading

B. Family and Community Engagement

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. Â§ 6314(b)(1)(B)(iii)(I)(aa).

1. Describe how the school works at building positive relationships with families to increase involvement, including efforts to communicate the school's mission and vision, and keep parents informed of their child's progress.

Title I schools use the Parent Involvement Plan (PIP) to meet the requirements of 20 U.S.C. Â§ 6314(b)(1)(F).

a. Will the school use its PIP to satisfy this question?

No

1. PIP Link

The school completes a Parental Involvement Plan (PFEP), which is available at the school site.

2. Description

KHHS continuously updates the school website to give parents access to FOCUS, school activity calendars, and faculty and staff contact information. Parents can email or call teachers directly from links on the website. Our grading program, FOCUS, is updated weekly by teachers. Parents can view student's progress and can directly email teachers with concerns.

KHHS also uses social media to keep parents informed. The One Clay App is a way for the community to stay connected to the school and district. The school's Facebook page is also used and is updated daily with announcements and information regarding students, extracurricular

activities, and school happenings. At the current time, 2,430 people in the school community regularly check the Facebook page.

The School Advisory Council encourages community members and parents to be involved. This group works together to discuss the school's mission and vision statements, school goals, the school improvement plan, and funding proposals from teachers.

KHHS also invites all community members and parents to volunteer. Such volunteer activities include assistance in the classroom, media center, front office, etc. Volunteers also act as chaperones, tutors, mentors, etc.

KHHS uses Parent Link, a phone call home system, to provide school information and reminders to parents and guardians.

2. Describe the process by which the school builds and sustains partnerships with the local community for the purpose of securing and utilizing resources to support the school and student achievement.

KHHS engages the community in school planning, leadership, and meaningful volunteer opportunities. We also connect students and families to community resources that strengthen and support students' learning and well-being.

KHHS builds and sustains school-community partnerships and facilitates families' access to community-based programs (e.g., health care and human services) to ensure that families have resources to be involved in their children's education. We establish school-business partnerships to provide students mentoring, internships, and onsite experiential learning opportunities. We also connect students and families to service-learning projects in the community and invite community partners to share resources at annual open houses or parent-teacher conferences.

KHHS has created strong community-partnerships with the following local businesses and organizations:
10/28/2016 - School/Business Luncheon

School Advisory Council
Bright Minds Summer Program/Tutoring Services
Clay Electric Coop.
Santa Fe Community College
Locker Room Clothing Store
Beall's Outlet
Ace Hardware
Johnny's Bar-B-Que
Keystone Heights Rotary Club
Kiwanas
Jostens
First Baptist Church
Orange Park Community Theater
Channel 4 News
Lake Swan Camp
My Health Pediatrics
Hope Baptist Church
Clay EM
Keystone Heights Animal Hospital
Crosspoint Church
Capital City
Americas Bank
Salon 21
Ray's Electric

Melrose Dentist
Tom's BBQ
Santa Fe Electronics
Message Therapy
Trinity Baptist
First Baptist Church
Carquest
Embry Riddle
Veronica Owens, Attorney at Law

C. Effective Leadership

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. Â§ 6314(b)(1)(H).

1. School Leadership Team

a. Membership

Identify the name, email address and position title for each member of the school leadership team.:

Name	Title
Denmark, Sarah	Teacher, K-12
Cox, Brian	Assistant Principal
McGhghy, Linda	Assistant Principal
Gentry, Angela	Principal
Loose, Cindy	Teacher, K-12
Qualls, Bobby	Teacher, K-12
Saunders, Betty Jo	Teacher, K-12
Dickinson, Lynn	Teacher, Career/Technical
Murrhee, Ashley	Teacher, K-12
Marquart, Jessica	Teacher, K-12
Ward, Marlo	Teacher, K-12
Curry, Dominic	Teacher, K-12
Dickinson, Charles	Teacher, K-12

b. Duties

1. Describe the roles and responsibilities of the members, including how they serve as instructional leaders and practice shared decision making.

All K-10 and level 1 & 2 11th and 12th grade students take a benchmark assessment 3 times per year. School-based leadership teams meet after each assessment period to review student data. Quality of Tier 1 instruction is analyzed within these meetings. Administrators meet monthly with all grade level/content area teams. At these monthly meetings, administrators and teachers look at specific student data and initiate Tier 2 plans for those students who are struggling to meet grade level/course expectations. Students unsuccessful in Tier 1 and 2 are referred to the MTSS facilitator to begin Tier 3 interventions. These monthly meetings focus on student achievement and the provision of appropriate, effective interventions. District and school resources are allocated based upon individual student needs.

2. Describe the process through which school leadership identifies and aligns all available resources (e.g., personnel, instructional, curricular) in order to meet the needs of all students

and maximize desired student outcomes. Include the methodology for coordinating and supplementing federal, state and local funds, services and programs. Provide the person(s) responsible, frequency of meetings, how an inventory of resources is maintained and any problem-solving activities used to determine how to apply resources for the highest impact.

All K-10 and level 1 & 2 11th and 12th grade students take a benchmark assessments during the year. The School Based Leadership team meets after each assessment period to review student data. Quality of Tier 1 instruction is analyzed within these meetings. Administrators meet monthly with all grade level/content area teams. At these monthly meetings, administrators and teachers look at specific student data and initiate Tier 2 or Tier 3 plans for those students who are struggling to meet grade level/course expectations. These monthly meetings focus on student achievement and the provision of appropriate, effective interventions. District and school resources are allocated based upon individual student needs.

Forty-six percent of our students participate in the Free and Reduced Breakfast and Lunch nutrition program. Adult Education programs are held two evenings per week on the KHHS campus. CTE and ESE funds are given directly to CTE and ESE teachers for use in their programs through a district budget line. Job training occurs within CTE programs as well as in a Community-Based Education program for ESE students.

2. School Advisory Council (SAC)

a. Membership

Identify the name and stakeholder group for each member of the SAC.:

Name	Stakeholder Group
Dominic Curry, SAC Chairperson	Teacher
Brian Cox, SAC Secretary	Parent
Melanie Walls, SAC Treasurer	Teacher
Kathy Williams	Teacher
Kim Dykes	Teacher
Angel Lindquist	Parent
Tonya Dennis	Business/Community
Dawn Wilkes	Parent
Gentry, Angela	Principal
Touchton, Victoria	Education Support Employee
Lee, Patsy	Teacher
Shaw Fuller	Student
Angela Gentry	Principal

b. Duties

1. Provide a description of the SAC's involvement with the following activities, as required by section 1001.452(2), Florida Statutes

a. Evaluation of last year's school improvement plan

The SAC met at the beginning of the current school year to discuss and evaluate last year's school improvement plan. The committee agreed that the goals for KHHS should continue to support the goals of the county. Last year's plan had a large focus on writing and student engagement and that should continue to the following year. Many teachers were trained in CAR-PD and all teachers

participated in PLC groups as part of the last year's focus on improving instructional practices. Many areas of the SIP have shifted to the new Florida Standardized Assessments.

b. Development of this school improvement plan

The SAC met at the beginning of the school year to discuss the purpose of the School Improvement Plan and describe the process of writing the School Improvement Plan. Angela Gentry and Sarah Denmark shared Clay County's goals of improving the writing scores, the new Florida Standardized Writing Assessment, increasing student engagement in the classroom, and promoting professional development in the area of high-yield instructional practices. The SAC agreed that the three Clay County goals should also be the focus of our school goals.

c. Preparation of the school's annual budget and plan

The SAC meets on a quarterly basis to discuss and monitor the activities set in place to achieve the goals.

2. Describe the use of school improvement funds allocated last year, including the amount budgeted for each project.

School improvement funds were allocated to the costs of special projects and/or needs as presented to the SAC in the form of a proposal. Proposals could be submitted by a faculty or staff member whose efforts to implement the SAC goals are impeded by a lack of funding.

No funds distributed last school year.

3. Verify that the school is in compliance with section 1001.452, Florida Statutes, regarding the establishment requirements and duties of the SAC.

Yes

a. If the school is not in compliance, describe the measures being implemented to meet SAC requirements.

3. Literacy Leadership Team (LLT)

a. Membership

Identify the name and position title for each member of the school-based LLT or similar group, if applicable.:

Name	Title
Gentry, Angela	Principal
McGhghy, Linda	Assistant Principal
Cox, Brian	Assistant Principal
Underwood, Barry	Assistant Principal
Loose, Cindy	Teacher, K-12
Qualls, Bobby	Teacher, K-12
Ward, Marlo	Teacher, K-12
Murrhee, Ashley	Teacher, K-12
Saunders, Betty Jo	Teacher, K-12
Marquart, Jessica	Teacher, K-12

b. Duties

1. Describe how the LLT or similar group promotes literacy within the school, if applicable.

The major initiative of the LLT/SBLT is to ensure that all students, but especially our "at-risk" students, receive effective instruction to improve their reading comprehension skills.

The teams continue to foster a love of reading in our junior high students through the "Book Bash". This is an evening of fun and games involving reading and literature sponsored by the Reading Leadership Team. Additionally, our Reading Rewards for grades 7-12 continues throughout the school year to encourage and reward readers.

Once a week, teachers collaborate in professional learning communities with instructional strategies across different disciplines.

D. Public and Collaborative Teaching

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. Â§ 6314(b)(1)(D).

1. Describe the school's strategies to encourage positive working relationships between teachers, including collaborative planning and instruction.

Weekly PLC Teams

Twice a month for an hour, teacher teams meet by grade level or department to discuss the following questions:

1. What is it we want student to know and be able to do as defined by the new standards?
2. How will we know they have learned what we have taught?
3. What will we do if students don't get it?

During each PLC meeting, teachers complete logs of how they are implementing the Framework of Intentional Teaching Model. Each log is turned in to an administrator for feedback, guidance and resources when needed.

Once a month, teachers meet as academies.

Once a month, teachers meet for PD/Department Meetings.

2. Describe the school's strategies to recruit, develop and retain highly qualified, certified-in-field, effective teachers to the school.

The principal and vice principal utilize the district's online job posting and application program to screen potential teachers and select those who are highly qualified, certified-in-field and effective teachers for the interview process. The principal and vice principal also attend the district's annual Educator Recruitment Day to attract suitable candidates for the school's posted job openings and maintain a pool of prospective candidates to pull from throughout the school year as teaching vacancies arise.

3. Describe the school's teacher mentoring program, including the rationale for pairings and planned mentoring activities.

The school follows the district's Teacher Induction Program for mentoring new teachers. At the school level, each beginning teacher is paired with a veteran teacher who is certified by the district to be a peer teacher. Peer teachers and beginning teachers meet routinely throughout the year to complete portfolio requirements and classroom observations. Teri Shewmaker, Instructional Coach and Beginning Teacher Support Team, works with new teachers at the school.

E. Ambitious Instruction and Learning

1. Instructional Programs and Strategies

a. Instructional Programs

1. Describe how the school ensures its core instructional programs and materials are aligned to Florida's standards.

The school ensures its core instructional programs and materials are aligned to Florida standards through curriculum maps, lesson plans with standards listed, Professional Learning Communities logs, focus questions and purpose statements displayed, and informal observations by administrators.

b. Instructional Strategies

1. Describe how the school uses data to provide and differentiate instruction to meet the diverse needs of students. Provide examples of how instruction is modified or supplemented to assist students having difficulty attaining the proficient or advanced level on state assessments.

PLC groups meet on a weekly basis to develop a lesson study that focuses on engagement strategies geared toward the Florida Standardized Assessments. The goal of each group is to work collaboratively to create engagement strategies and lesson plans that utilize the Framework for Intentional Teaching. Each group is expected to create a Learning Target Plan, which consists of the following: School Improvement Focus, Learning Target, Plan of Action, and Student Outcomes as a Result of the Work. Teachers track and study data on their individual students throughout the year, as well as monitor progress in specific target areas. The Framework for Intentional Teaching Model is designed so that the diverse needs of all students are met on a daily basis. Teachers are expected to daily model their instruction first and "think out loud" so that students gain knowledge on the appropriate thought process for critical thinking. Then the teacher uses guided instruction, followed by peer collaboration. At the end of each lesson, students have time for individual work. This is when the teacher can pay special attention to students who are having difficulty attaining proficiencies, through a small group setting. PLC meetings will take place on a weekly basis throughout the year and teachers use data from their Learning Target Plan to modify their instruction to ensure they are meeting the needs of all learners. The data will also be used to target any individuals or subgroups that are not meeting standards.

2. Provide the following information for each strategy the school uses to increase the amount and quality of learning time and help enrich and accelerate the curriculum:

Strategy: Extended School Day

Minutes added to school year: 1,440

Beginning six weeks before the administration of the FSA testing period, after school tutoring is provided for students in the areas of Reading and Mathematics for both junior high and senior high students. Two days a week is reserved for reading tutoring and two days for math, Monday through Thursday, for one hour past the regular school hours. Sections are added as needed by demand and certified teachers run the tutoring sessions.

Strategy Rationale

This is the second year of implementation for the Florida Standardized Assessment and many students will need additional time to work on proficiency in the areas that will be tested.

Strategy Purpose(s)

- Core Academic Instruction

Person(s) responsible for monitoring implementation of the strategy

Gentry, Angela, angela.gentry@myoneclay.net

Data that is or will be collected and how it is analyzed to determine effectiveness of the strategy

Attendance sheets are kept and FSA tutoring teachers maintain logs regarding student performance throughout the tutoring period. Upon the release of the FSA scores, gains made by tutoring students are reviewed.

Strategy: Extended School Day

Minutes added to school year: 7,680

The Compass Credit Recovery program is offered after school Monday through Thursday for students identified by the guidance department as lagging behind in credits required for graduation. These students are enrolled in Compass Learning courses by either Dr. Diane Thompson or Ms. Terri Parrish, guidance counselors. Katie Payne, a computer lab assistant, supervises the completion of these courses in the lab after school. Onsite supervision of this program begins in September of each year and continues throughout the year.

Strategy Rationale

The Credit Recovery Program is offered to students to make up credits for graduation.

Strategy Purpose(s)

- Core Academic Instruction

Person(s) responsible for monitoring implementation of the strategy

McGhghy, Linda, linda.mcghghy@myoneclay.net

Data that is or will be collected and how it is analyzed to determine effectiveness of the strategy

The computer lab assistant reports the progress of students in the Compass Learning courses and reports the completion of the courses to the guidance department. The guidance department maintains passing rate data and assigns credit to those courses completed.

Strategy: Summer Program

Minutes added to school year: 540

Algebra I EOC Summer Boot Camp is a program for students who did not pass the Algebra I EOC and plan to take the summer retake test. Sarah Denmark and John Mimbs, two Math teachers run the boot camp. In the three days prior to the retake test students review major concepts and review sample questions and take practice quizzes. The boot camp is for three days, three hours each day.

Strategy Rationale

Boot camp reviews major concepts, sample test questions and practice quizzes.

Strategy Purpose(s)

- Core Academic Instruction

Person(s) responsible for monitoring implementation of the strategy

McGhghy, Linda, linda.mcghghy@myoneclay.net

Data that is or will be collected and how it is analyzed to determine effectiveness of the strategy

The math teachers supervising this activity review the EOC data and note the scores, both for those passing the course without the boot camp, and those who attended the boot camp.

Strategy: Extended School Day

Minutes added to school year:

"Jet Pack" is offered by Clay Virtual Academy (CVA) and our school provides after school supervision and assistance program for students enrolled in the online courses. Students may opt to work from home, or at school if internet from home is not available. This is shown as a 7th period course and the computer lab assistant monitors student progress and gives students access to our telephones to make contact with their Clay Virtual Academy as needed. The computer lab assistant, Katie Payne, contacts the CVA teacher via e-mail to arrange for the phone conferences.

Strategy Rationale

Students are able to use this time to work on virtual classes.

Strategy Purpose(s)

- Enrichment

Person(s) responsible for monitoring implementation of the strategy

McGhghy, Linda, linda.mcghghy@myoneclay.net

Data that is or will be collected and how it is analyzed to determine effectiveness of the strategy

Dr. Diane Thompson has access to the Clay Virtual Academy page on the Florida Virtual website, and can monitor the completion of their courses, and pulls the grade off and placing the grades into FOCUS (our school grade book) Reports are pulled in February and March to monitor the progress of seniors enrolled in the "Jet Pack."

Strategy: Extended School Day

Minutes added to school year: 600

Algebra I EOC Boot Camp is a 10 day after school program available to all students enrolled in Algebra I. It takes place the 10 days prior to the administration of the Algebra I EOC and it is for one hour after school. The boot camp is led by 2 Math teachers KHHS. In the 10 days students review major concepts and review sample questions and take practice quizzes.

Strategy Rationale

Boot camp reviews major concepts, sample test questions and practice quizzes.

Strategy Purpose(s)

- Enrichment

Person(s) responsible for monitoring implementation of the strategy

McGhghy, Linda, linda.mcghghy@myoneclay.net

Data that is or will be collected and how it is analyzed to determine effectiveness of the strategy

The math teachers supervising this activity review the EOC data and note the scores, both for those passing the course without the boot camp, and those who attended the boot camp. Any student not passing the Algebra I EOC is strongly encouraged to attend the summer boot camp that takes place prior to the Algebra I EOC retake.

2. Student Transition and Readiness

a. PreK-12 Transition

The school's response to this question may be used to satisfy the requirements of 20 U.S.C. Â§ 6314(b)(1)(G).

1. Describe the strategies the school employs to support incoming and outgoing cohorts of students in transition from one school level to another.

For incoming students, KHHS has a team of guidance and administrators who travel to each feeder elementary school to meet with groups of student transitioning to 7th grade. The goal is to familiarize them with school behavioral expectations, scheduling options, and health requirements for entry into KHHS.

We have a 7th grade orientation for parents and students during pre-planning week, to give students an opportunity to familiarize themselves with the campus, teachers, and their class schedule. During orientation, the guidance department and administration are available for questions. School staff members are also available for questions from the teachers and parents of the feeder schools. Prior to graduation, KHHS requires that each student meet with high school guidance counselors and career specialists in preparation for transition to college or careers. We also encourage teachers to work with students, helping them prepare for college prep exams and college entrance requirements. We also have an Academy Coach available for students who have questions regarding a career path. In addition to this, recruitment information is provided to all seniors through each branch of the military, and representatives from various colleges meet with students throughout the school year to provide information on admissions and requirements.

b. College and Career Readiness

1. Describe the strategies the school uses to advance college and career awareness, which may include establishing partnerships with business, industry or community organizations.

Eighth grade students may choose two semester classes from physical education, art, or Agriscience. Also, available for 8th grade students is a year long course in Information Technology or Agriscience. They also all enroll in the career cluster course to give them a overview of the choices of academies.

All 10th graders take a field trip to local college.

Throughout the school year, representatives from various colleges visit our campus and meet with interested students in 11th and 12th grade.

2. Identify the career and technical education programs available to students and industry certifications that may be earned through those respective programs.

KHHS offers three academies. Students may select at least one vocational and/or college program of study.

These include:

Business, Leadership and Advanced Studies

Agriscience, Manufacturing, and Technology

Arts, Health and Human Services

All three academies include core academic courses. Courses provide industry certifications in health occupations and medical skills, culinary/hospitality & food service, digital and web design, agricultural science, carpentry, electrical technician, computer technology, and television production. Certification also include:

Adobe Certified Associate Illustrator

Adobe Certified Associate In Design

Adobe Certified Associate Rich Media-Communication using Flash

Adobe Certified Associate Visual Communication using Adobe Photoshop

Adobe Certified Associate Web Communications using Adobe Dreamweaver

Agriculture Technician Certification

National ProStart Certificate of Achievement

Certified Food Protection Manager (ServSafe)

Certified Nursing Assistant

Global Logistics Associate

NCCER Carpentry-Level 1, 2, 3, 4

Microsoft Office Specialist (MOS)-Bundle (3 of 6 – Word, Excel, Access, PPT, Outlook, Sharepoint)

Apple Certified Pro-Final Cut Pro X-Level 1 and 2

Apple Certified Pro-Motion

Advanced placements courses are offered in calculus, U. S. History, Calculus, Physics, Human Geography, and English/Literature. Juniors and seniors who maintain a 3.0 grade point average are eligible to take dual-enrollment classes at Santa Fe College.

3. Describe efforts the school has taken to integrate career and technical education with academic courses (e.g., industrial biotechnology) to support student achievement.

Each spring the guidance counselors visit English classes to work with students in selecting their courses for the following school year. The counselors conduct at least two classroom guidance classes a year for academic and career planning utilizing FLVC.net with their grade levels. At the end of 8th grade, guidance meets with students to help them choose an academy for the their 9th grade school year.

Academic and career planning is also available for students and/or parents on an individual basis as requested. All students who receive a failing grade on their report card meet with their counselor to

create a plan to be successful in their classes the following grading period.

The 11th/12th grade counselors meet with students to assist them in enrolling in courses at Santa Fe College (dual enrollment).

The Academy Coach is available on campus daily throughout the school year. He counsels students concerning post-secondary educational opportunities such as universities/colleges, technical institutions and the military. He maintains a career information resource center and coordinates career shadowing for 12th grade students. He also coordinates career shadowing for eligible juniors and coordinates follow-up counseling for the 8th grade career interest inventory. He provides student, parents, and out-of-school youth and adults with materials concerning employment and education opportunities.

4. Describe strategies for improving student readiness for the public postsecondary level based on annual analysis of the [High School Feedback Report](#), as required by section 1008.37(4), Florida Statutes.

The Postsecondary Education Readiness Test (P.E.R.T.) is used as a strategy for improving students' readiness. The purpose of the P.E.R.T. is to determine accurate course placement based on the student's skills and abilities. The P.E.R.T. assesses students in mathematics, reading and writing.

Dual enrollment at Santa Fe College is a strategy that is also used to improve student readiness for the public postsecondary level. It enables students to pursue a rigorous curriculum for high school graduation, as well as earn credit toward a degree or industry certification.

II. Needs Assessment

The school's completion of this section may satisfy the requirements of 20 U.S.C. Â§ 6314(b)(1)(A).

A. Problem Identification

1. Data to Support Problem Identification

b. Data Uploads

Data uploads are not required by the Florida Department of Education but are offered as a tool for the needs assessment. In this section, the school may upload files of locally available data charts and graphs being used as evidence of need.

The following documents were submitted as evidence for this section:

No files were uploaded

2. Problem Identification Summary

This section is not required by the Florida Department of Education but is provided as an opportunity for the school to summarize the points of strength and areas of need that have been identified in the data.

B. Problem Analysis Summary

This section is not required by the Florida Department of Education but is provided as an opportunity for the school to summarize the underlying "why" or root causes for the areas of need identified in the data, as determined by situational awareness of, and research conducted by, the stakeholders involved in the needs assessment.

C. Strategic Goals

School Improvement Goals

The following key is intended to help readers understand how the sections of this document correspond to the steps of the 8-step planning and problem-solving framework used in the School Improvement Plan. The Quick Key numbers can help registered users go directly to the point of entry for any given goal, barrier and strategy within the online survey.

Problem Solving Key

G = Goal

B =
Barrier

S = Strategy

1 = Problem Solving Step **S123456** = Quick Key

Strategic Goals Summary

- G1.** To increase students' Reading Literacy skills throughout the school, incorporating reading skills throughout every content..
- G2.** Increase students' writing skills through incorporating writing throughout every content area.
- G3.** Increase the use of effective student engagement strategies in the classroom.

Strategic Goals Detail

For each strategic goal, this section lists the associated targets (i.e., "SMART goals"), targeted barriers to achieving the goal, resources available to help reduce or eliminate the barriers, and the plan for monitoring progress toward the goal.

G1. To increase students' Reading Literacy skills throughout the school, incorporating reading skills throughout every content.. 1a

G086139

Targets Supported 1b

Indicator	Annual Target
ELA/Reading Gains District Assessment	70.0

Targeted Barriers to Achieving the Goal 3

- Higher number of Intensive Reading students than sections available.

Resources Available to Help Reduce or Eliminate the Barriers 2

- Added additional intensive reading teacher.
- Emphasis on reading strategies during monthly PD time.

Plan to Monitor Progress Toward G1. 8

Teacher observations, Reading lexile levels for intensive reading classes and quarterly PM assessments will be used to collect data to determine progress.

Person Responsible

Angela Gentry

Schedule

Biweekly, from 8/31/2016 to 5/31/2017

Evidence of Completion

PM results, Montly Achieve 3000 reports, and teacher data points.

G2. Increase students' writing skills through incorporating writing throughout every content area. 1a

G086140

Targets Supported 1b

Indicator	Annual Target
AMO Reading - All Students	80.0

Targeted Barriers to Achieving the Goal 3

- Some faculty may not be aware of what the department writing plan is, or what kinds of writing instruction they will be expected to incorporate in lessons

Resources Available to Help Reduce or Eliminate the Barriers 2

- Each department (English, Social Studies, Math and Science) will create a department writing plan, identify their focus on writing instruction and include strategies implemented in the classroom that support writing instruction in the content area
- The English department's writing plan focuses on preparation for the Florida Standardized Assessments in writing and reading administered in the Spring for students in grades 7-11.
- The Social Studies department's writing plan focuses the school-wide writing goals.
- The Math Department's writing plan focuses on incorporating writing strategies into math instruction.
- The Science Department's writing plan focuses on collaboration with the English department on the science fair Research paper and student use of proper paragraph construction in lab reports.

Plan to Monitor Progress Toward G2. 8

Clay Writes (Practice Florida Standardized Writing Assessments) scores will be monitored for improvements through quarterly assessments

Person Responsible

Linda McGhghy

Schedule

Quarterly, from 8/31/2016 to 5/31/2017

Evidence of Completion

meeting minutes and Florida Standardized Writing Assessments

G3. Increase the use of effective student engagement strategies in the classroom. 1a

G086141

Targets Supported 1b

Indicator	Annual Target
AMO Math - All Students	78.0
AMO Reading - All Students	80.0

Targeted Barriers to Achieving the Goal 3

- Some faculty members may be reluctant to try new strategies that promote increased student engagement.

Resources Available to Help Reduce or Eliminate the Barriers 2

- Teachers will be provided with resources pertaining to student engagement strategies, including but not limited to, Framework for Intentional Teaching, PD 360 videos, Teaching Channel videos, Kagan Strategies, professional journal articles and research studies, handouts, e-mails with tips and links, enhanced classrooms, chrome books, and professional development opportunities. Teachers will be encouraged to share engagement strategies with their colleagues.

Plan to Monitor Progress Toward G3. 8

Administrators will look for specific engagement strategies in their walk-throughs, they will monitor the Learning Target Plan for each group, and they will encourage all seventh and eighth grade teachers to collect ongoing grades for the effective use of student planners.

Person Responsible

Linda McGhghy

Schedule

Monthly, from 8/31/2016 to 5/31/2017

Evidence of Completion

walk-through data and Learning Target Plans

Action Plan for Improvement

For each strategy selected in the plan to reduce a targeted barrier to a strategic goal, this section lists the rationale for that strategy (i.e., why the school believes it will reduce the barrier) and the action steps that have been identified as necessary to implementing the strategy, including details such as the point person, timing and duration, and evidence of completion. At the end of each set of action steps is the plan for monitoring the implementation and effectiveness of the respective strategy.

Problem Solving Key

G = Goal **B** =
Barrier **S** = Strategy

1 = Problem Solving Step  S123456 = Quick Key

G1. To increase students' Reading Literacy skills throughout the school, incorporating reading skills throughout every content.. **1**

 G086139

G1.B1 Higher number of Intensive Reading students than sections available. **2**

 B228818

G1.B1.S1 PLC groups were created by teacher choice around identified weak Literacy Skills for KHS.

4

 S241276

Strategy Rationale

By grouping with like needs, teachers will become more aware of the needed strategies to increase student's reading literacy.

Action Step 1 **5**

Teachers will meet bi-weekly in PLC groups, admin will provide feedback and monitor progress of selected literacy strategies for successfulness.

Person Responsible

Linda McGhghy

Schedule

Biweekly, from 8/31/2016 to 5/31/2017

Evidence of Completion

Google PLC logs.

Plan to Monitor Fidelity of Implementation of G1.B1.S1 6

Teachers and Admin by the use of the PLC log.

Person Responsible

Angela Gentry

Schedule

Biweekly, from 8/31/2016 to 5/31/2017

Evidence of Completion

Bi-weekly PLC log and feedback.

Plan to Monitor Effectiveness of Implementation of G1.B1.S1 7

Weekly walk throughs by administration and the feedback from teachers during PLC contact time.

Person Responsible

Angela Gentry

Schedule

Weekly, from 8/31/2016 to 5/31/2017

Evidence of Completion

Admin weekly meeting will discuss our walk throughs and see where we need to support teachers more. Also, will set up urgency meetings based on all information provided.

G2. Increase students' writing skills through incorporating writing throughout every content area. 1

G086140

G2.B1 Some faculty may not be aware of what the department writing plan is, or what kinds of writing instruction they will be expected to incorporate in lessons 2

B228819

G2.B1.S1 Department Chairs will solicit input from their department members when writing the plan, discuss the plan at the department meeting and distribute a copy of the plan to each of the members of the department. 4

S241277

Strategy Rationale

The plan is developed through a collaborative process.

Action Step 1 5

Department Chairs will share the finished writing plan with each member of the department and will provide time during department meetings to discuss the implementation of the writing plan.

Person Responsible

Linda McGhghy

Schedule

Monthly, from 8/31/2016 to 5/31/2017

Evidence of Completion

minutes from the meeting and practice Florida Standardized Assessments for writing

Plan to Monitor Fidelity of Implementation of G2.B1.S1 6

Department chair can request student work samples from the department to demonstrate implementation

Person Responsible

Linda McGhghy

Schedule

Monthly, from 8/31/2016 to 5/31/2017

Evidence of Completion

minutes from meetings and student sample files

Plan to Monitor Effectiveness of Implementation of G2.B1.S1 7

Teachers may be asked to share their experiences in implementing the writing plan at department meetings and provide data, such as scores of writing activities to show student improvement.

Person Responsible

Linda McGhghy

Schedule

Monthly, from 8/31/2016 to 5/31/2017

Evidence of Completion

minutes of department meetings

G3. Increase the use of effective student engagement strategies in the classroom. 1

 G086141

G3.B1 Some faculty members may be reluctant to try new strategies that promote increased student engagement. 2

 B228820

G3.B1.S1 Teachers will be encouraged to form their own learning communities to explore student engagement strategies together as a team. 4

 S241278

Strategy Rationale

The learning communities will be formed by department or grade level to discuss specific standards and how to engage all learners with the new standards.

Action Step 1 5

All students will be provided with planners which serve as an organizational, engagement, and communication tool

Person Responsible

Linda McGhghy

Schedule

Daily, from 8/31/2016 to 5/31/2017

Evidence of Completion

Planners delivered to school and distributed to students. All teachers demonstrate how to use the planner effectively as indicated by lesson plans. Daily agenda of classes includes writing assignments in planners.

Action Step 2 5

In August, the faculty was assembled to hear about the learning communities format that is to take place this school year. The small group format will give teachers a chance to collaborate with faculty from their department or grade level. PLC groups will meet on a weekly basis to develop a lesson study that focuses on engagement strategies geared toward the Florida Standardized Assessments. The goal of each group is to work collaboratively to create engagement strategies and lesson plans that utilize the Framework for Intentional Teaching. Each group is expected to create a Learning Target Plan, which consists of the following: School Improvement Focus, Learning Target, Plan of Action, and Student Outcomes as a Result of the Work. Teachers will track and study data on their individual students throughout the year, as well as monitor progress in specific target areas.

Person Responsible

Linda McGhghy

Schedule

Weekly, from 8/31/2016 to 5/31/2017

Evidence of Completion

Formation of learning community teams and completed Learning Target Plans

Plan to Monitor Fidelity of Implementation of G3.B1.S1 6

After teachers form groups and select a facilitator, they will be completing a Learning Target Plan that will be utilized throughout the year. Each plan must be submitted to administration for approval. In addition to this, each group will turn in a form that provides information regarding the time, place, and norms set for their weekly meeting. All teachers will take an active role in the collaborative process for each meeting. Teachers will submit a rotating weekly form to administration that indicates their plan. These forms will be submitted along with student work samples and teacher-made lesson plans.

Person Responsible

Linda McGhghy

Schedule

Weekly, from 8/31/2016 to 5/31/2017

Evidence of Completion

Completed Learning Target Plans and completed forms from weekly PLC meetings

Plan to Monitor Effectiveness of Implementation of G3.B1.S1 7

Walk-through data will be collected as administrators record engagement strategies observed in the classroom and note the number of students engaged in the learning process. Administrators will also monitor the data from each group's Learning Target Plan to see if students are making gains in the targeted areas.

Person Responsible

Linda McGhghy

Schedule

Weekly, from 8/31/2016 to 5/31/2017

Evidence of Completion

walk-through data and Learning Target Plan data
