Note: The school grades calculation was revised substantially for the 2014-15 school year to implement statutory changes made by the 2014 Legislature and incorporate the new Florida Standards Assessments. The 2014-15 school grades serve as informational baseline data that schools can use to improve in future years.

School Board Approval

This plan is pending approval by the Lake County School Board.

SIP Authority and Template

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a school improvement plan (SIP) for each school in the district.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F or a monitoring status of "Former F" (see page 4). For all other schools, the district may use a template of its choosing. All districts must submit annual assurances that their plans meet statutory requirements.

This document was prepared by school and district leadership using the Florida Department of Education's school improvement planning web application located at <https://www.floridacims.org>.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. A corollary at the district level is the District Improvement and Assistance Plan (DIAP), designed to help district leadership make the necessary connections between school and district goals in order to align resources. The Florida Department of Education encourages schools to use the SIP as a “living document” by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the “Date Modified” listed in the footer.

Part I: Current School Status

Part I organizes the current status of the school around five domains inspired by the 5Essentials framework: Supportive Environment, Family and Community Involvement, Effective Leadership, Public and Collaborative Teaching, and Ambitious Instruction and Learning. Questions regarding the school’s Multi-Tiered System of Supports have been embedded throughout this part to demonstrate how data is used by stakeholders to understand the needs of all students and allocate appropriate resources in proportion to those needs.

Part II: Needs Assessment

Part II requires the school to review performance and early warning systems data in order to develop strategic goals and associated data targets (i.e., “SMART goals”) for the coming school year in context of the school’s greatest strengths and needs. An online tool was developed, which includes data visualizations and processing questions to support problem identification, problem analysis and strategic goal formulation.

Part III: 8-Step Planning and Problem Solving for Implementation

Part III enables the school to develop implementation plans for its highest-priority goals. With the overview of the current state of the school in mind and the strategic goals identified through the needs assessment, the planning team engages in a facilitated planning and problem-solving process, through which they

- Define strategic goals and establish targets to be reached by successfully achieving the goals (Step 1)
- Identify barriers that could hinder achieving those goals and resources that could be used to eliminate or reduce barriers (Step 2)
- Select high-priority barriers they want to address initially (Step 3)
- Design implementation and monitoring plans for strategies to resolve selected barriers (Steps 4-7)
- Determine how they will monitor progress toward each goal (Step 8)

Appendices

The following appendices, automatically-generated from content entered in Part III, are included in this document:

- Appendix 1 is a timeline of all action steps and monitoring activities
- Appendix 2 is an outline of all professional development opportunities and technical assistance items
- Appendix 3 is a report of the budget needed to implement the strategies

Differentiated Accountability

Florida's Differentiated Accountability (DA) system, established in [section 1008.33, Florida Statutes](#), is a statewide network of strategic support, differentiated by need according to performance data, provided to districts and schools in order to improve leadership capacity, teacher efficacy, and student outcomes. Through a data-driven planning and problem-solving process, DA field teams collaborate with district leadership to design, implement, and refine strategic goals and action plans that are documented in the SIP.

DA Regions

Florida's DA network is divided into four geographical regions, each served by a field team led by a regional executive director (RED).

DA Categories

At the start of each academic year, traditional schools are classified for DA support in three categories based on the most recent school grades data available. Descriptions of each DA category along with the state support and interventions provided are set forth by [Rule 6A-1.099811, Florida Administrative Code](#):

- Not in DA – currently A, B, or C and not Monitoring Only; charter schools; ungraded schools
- Monitoring Only – currently A, B, or C that improved from a previous grade of F
- Focus – currently D
- Priority – currently F

DA Turnaround and Monitoring Statuses

Additionally, schools in DA may be subject to a turnaround status of "Planning" or "Implementing" or a monitoring status of "Former F." These statuses are based on a school's grades history, including the current school grade:

- Former F - A school with a status of "Former F" requires the department to monitor the implementation of strategies and progress toward the goals outlined in the school improvement plan for three years following the school's improvement from a grade of F to a C or higher.
- Planning - A school with a status of "Planning" requires the district to engage stakeholders in the development of a turnaround option plan to be implemented in the following year should the school grade not improve to a C or higher.
- Implementing - A school with a status of "Implementing" requires the district to submit a turnaround plan to the State Board of Education for approval and implementation. A school remains in "Implementing" status until its school grade improves to a C or higher.

I. Part I: Current School Status

A. Supportive Environment

1. School Mission and Vision

a. Provide the school's mission statement.

We encourage our children to reach their highest potential through challenging instruction, character education, parent involvement and community support.

b. Provide the school's vision statement.

The Pine Ridge Vision is "Striving to personalize instruction to support students as they realize their full potential through active engagement."

2. School Environment

a. Describe the process by which the school learns about students' cultures and builds relationships between teachers and students.

Pine Ridge utilizes a school-wide Positive Behavior System (PBS) to build relationships between the entire school community. Students are provided intrinsic and extrinsic rewards for "above and beyond" behavior, including Bear Paws and ice cream socials.

Teachers engage in "getting to know you" and teambuilding activities throughout the school year to learn more about their students' cultures while building relationships.

b. Describe how the school creates an environment where students feel safe and respected before, during and after school.

The PBS allows all students to feel respected while also encouraging students to treat others with respect. At the beginning of the year, students learn to unpack the standard of the school-wide "BEAR" expectations. The School Safety Committee meets to ensure the safety of everyone on campus and immediate concerns are addressed. The site-based Extended Learning Center adheres to the Lake County Code of Conduct expectations as well as the vision of Pine Ridge. Student assemblies support positive behavior and character education. Teachers and staff encourage students to participate in after school activities to build strong skills and relationships within the community.

c. Describe the schoolwide behavioral system in place that aids in minimizing distractions to keep students engaged during instructional time. This may include, but is not limited to, established protocols for disciplinary incidents, clear behavioral expectations, and training for school personnel to ensure the system is fairly and consistently enforced.

The school-wide PBS culture and expectations engage students, faculty, and staff in positive reinforcement for student success. Teachers follow a discipline flow chart in an order which identifies steps to take in the student behavior management process. The Lake County Schools Code of Conduct governs the conduct and discipline within Pine Ridge Elementary.

d. Describe how the school ensures the social-emotional needs of all students are being met, which may include providing counseling, mentoring and other pupil services.

School counselors meet with students in small-group settings as needs are identified. Additional student social and behavioral needs are met within the MTSS process.

3. Early Warning Systems

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. Â§ 6314(b)(1)(B)(ii)(III), (b)(1)(B)(iii)(I), and (b)(1)(I).

a. Describe the school's early warning system and provide a list of the early warning indicators used in the system.

b. Provide the following data related to the school's early warning system

1. The number of students by grade level that exhibit each early warning indicator:

Indicator	Grade Level													Total
	K	1	2	3	4	5	6	7	8	9	10	11	12	
Attendance below 90 percent	0	0	0	0	0	0	0	0	0	0	0	0	0	
One or more suspensions	0	0	0	0	0	0	0	0	0	0	0	0	0	
Course failure in ELA or Math	0	0	0	0	0	0	0	0	0	0	0	0	0	
Level 1 on statewide assessment	0	0	0	0	0	0	0	0	0	0	0	0	0	

The number of students identified by the system as exhibiting two or more early warning indicators:

Indicator	Grade Level														Total
	K	1	2	3	4	5	6	7	8	9	10	11	12		
Students exhibiting two or more indicators	0	0	0	0	0	0	0	0	0	0	0	0	0		

c. Describe all intervention strategies employed by the school to improve the academic performance of students identified by the early warning system.

B. Family and Community Engagement

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. Â§ 6314(b)(1)(B)(iii)(I)(aa).

1. Describe how the school works at building positive relationships with families to increase involvement, including efforts to communicate the school's mission and vision, and keep parents informed of their child's progress.

Title I schools use the Parent Involvement Plan (PIP) to meet the requirements of 20 U.S.C. Â§ 6314(b)(1)(F).

a. Will the school use its PIP to satisfy this question?

No

1. PIP Link

The school completes a Parental Involvement Plan (PFEP), which is available at the school site.

2. Description

Pine Ridge builds positive relationships by the following means:

monthly SAC and PTO meetings

volunteer program managed by guidance counselor

parent/teacher conferences

MTSS meetings with parents

structured family and community events including Pine Ridge Row, Boosterthon, and performances

student musical programs
S.T.E.M. night
Night at the Museum
Bear Olympics
Pine Ridge Row - a service learning event
Teddy Bear picnic to commemorate school opening

2. Describe the process by which the school builds and sustains partnerships with the local community for the purpose of securing and utilizing resources to support the school and student achievement.

Our volunteer coordinator manages the system which allows community and business leaders to assist in our schools. Additionally, strong relationships often result in donations to the school. Community leaders have a voice through our SAC.

We use our monthly newsletter to advertise for sponsors for our Terrific Kid program. We also have a SAC committee that meets monthly. SAC is required to have community members that are stakeholders in our school. They are chosen/appointed each year by the principal of the school and encouraged to attend every SAC meeting. They are asked for their input in the SIP and any suggestions for our school in general.

Additionally, we incorporate local business agencies into our Wonderful Wednesday educational program when appropriate and applicable.

C. Effective Leadership

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. Â§ 6314(b)(1)(H).

1. School Leadership Team

a. Membership

Identify the name, email address and position title for each member of the school leadership team.:

Name	Title
Obando, Laine	Principal
Burns, Natasha	Assistant Principal

b. Duties

1. Describe the roles and responsibilities of the members, including how they serve as instructional leaders and practice shared decision making.

The function and the responsibility of the MTSS Leadership Team is to work together to identify specific student skill deficits through the disaggregation of school, classroom, and student data. The team works to provide strategies and interventions based on reliable and valid data. The team develops an intervention plan. Progress monitoring data is used to determine if the student's response to intervention was positive, questionable, or negative. Decisions are then made to continue, modify, or discontinue the intervention plan. The personalized learning facilitator supports the instructional decision-making while focusing on the core elements of PL.

2. Describe the process through which school leadership identifies and aligns all available resources (e.g., personnel, instructional, curricular) in order to meet the needs of all students and maximize desired student outcomes. Include the methodology for coordinating and supplementing federal, state and local funds, services and programs. Provide the person(s)

responsible, frequency of meetings, how an inventory of resources is maintained and any problem-solving activities used to determine how to apply resources for the highest impact.

The Problem Solving Team consists of an administrator, CRT, guidance counselor, literacy coach, ESE School Specialist, psychologist, teacher, and parent. The function of the Problem Solving meeting is to identify students who need additional academic supports and to design supplemental interventions. The team analyzes the progress monitoring data and determines the effectiveness of the intervention. The Problem Solving Team reviews school, class, and student data three times per year and identifies each student's proficiency level. The team analyzes the effectiveness of the core instructional program by classroom walkthroughs, weekly PLC, and Grade Chair meetings.

Title I, part A - tutoring for homeless students will be available

SAI - Funds will be used for tutoring students in the lowest quartile in reading and math in grades 3, 4, and 5.

2. School Advisory Council (SAC)

a. Membership

Identify the name and stakeholder group for each member of the SAC.:

Name	Stakeholder Group
Laine Obando	Principal
Kimberly Couch	Parent
Stephanie Clarke	Parent
Rosalynd Allen	Parent
Joscelyn Campbell	Parent
Sharon Meadows	Teacher
Fawn Lantes	Teacher
Melissa Noward	Teacher
Jennifer Fulmer	Teacher
Tara LaRoche	Parent
Jennifer Spoto	Parent
Shay Hochreiter	Parent
Sara Forero	Parent
Marie Roberts	Teacher
Kelly Livorsi	Education Support Employee
Julie Bandelin	Education Support Employee
Jennifer Fenn	Parent
Nayla McCarty	Parent
Dana Kelly	Parent

b. Duties

1. Provide a description of the SAC's involvement with the following activities, as required by section 1001.452(2), Florida Statutes

a. Evaluation of last year's school improvement plan

We continuously monitored SIP data and initiatives. Additionally, the 16-17 SIP was presented at the September meeting after a review of 15-16 initiatives. Members are welcome to seek clarification and provide input.

b. Development of this school improvement plan

SAC was trained at our meeting on September 2, 2015 on their duties, responsibilities, and expectations for supporting the school and working to achieve our goals. Data was reviewed and input for the 15-16 SIP was solicited. The principal and SAC chair also stated the open door policy to contribute and share information.

c. Preparation of the school's annual budget and plan

There are no funds.

2. Describe the use of school improvement funds allocated last year, including the amount budgeted for each project.

There are no anticipated funds.

3. Verify that the school is in compliance with section 1001.452, Florida Statutes, regarding the establishment requirements and duties of the SAC.

Yes

a. If the school is not in compliance, describe the measures being implemented to meet SAC requirements.

3. Literacy Leadership Team (LLT)

a. Membership

Identify the name and position title for each member of the school-based LLT or similar group, if applicable.:

Name	Title
Obando, Laine	Principal

b. Duties

1. Describe how the LLT or similar group promotes literacy within the school, if applicable.

The Literacy Leadership Team works to continuously improve ELA instruction and incentives, which in turn directly affects the students at Pine Ridge. During the course of the year, members will work collaboratively to ensure consistency across grade levels of reading and writing expectations. Topics that will be addressed (but are not limited to) include vertical progression of writing standards, reading and writing support materials and training, fluency expectations, implementation of district blueprints, and school/district reading challenges. Other initiatives include character parade, fluency expectations, Write from the Beginning training and implementation, and Thinking Maps. IStation usage, progress, and tracking will be discussed to promote literacy as well.

Membership:

Tammy Cripe -1st Grade Teacher;
Stephanie Fishel- K-2 ASD
Jennifer Fulmer-Literacy Coach;
Dyanna Alley Wilson-Kindergarten Teacher;
Julia Juhl-Media Specialist;
Kimberly Keane-2nd Grade Teacher;
Sarah Klosterman-5th Grade Teacher;

Melissa Noward-3rd Grade Teacher;
Marie Roberts - 5th grade
Christine Denman-4th grade

D. Public and Collaborative Teaching

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. Â§ 6314(b)(1)(D).

1. Describe the school's strategies to encourage positive working relationships between teachers, including collaborative planning and instruction.

Pine Ridge Elementary builds collaborative planning time into the master schedule in various ways. Teachers meet together as a grade level one full day every quarter. Additionally, teachers meet weekly in a grade level Professional Learning Community to focus on a cycle of planning, instruction, and progress monitoring. Professional development days are utilized to support teacher learning and inform best practice. Positive relationships are encouraged through the use of the school-wide Positive Behavior Support (PBS). Teachers recognize the hard work and "above and beyond" behavior of others at monthly faculty meetings.

2. Describe the school's strategies to recruit, develop and retain highly qualified, certified-in-field, effective teachers to the school.

TQR trained by the district, Assistant Principal

New Bears induction process and Bear Cub committee to support teachers in their transition to PRES

Utilize Search Soft on-line application system to select Highly Qualified instructors to interview, Principal

Work with Instructional Recruitment partner to recruit highly qualified applicants.

3. Describe the school's teacher mentoring program, including the rationale for pairings and planned mentoring activities.

New teachers to Pine Ridge Elementary attend a welcome "Bearorientation" induction. Every new teacher is paired with a veteran teacher on the same grade level or subject area. The "Bear Cub" teacher facilitator, Courtney Franklin, hosts monthly meetings to answer questions and discuss instructional topics based on Cub participants needs.

E. Ambitious Instruction and Learning

1. Instructional Programs and Strategies

a. Instructional Programs

1. Describe how the school ensures its core instructional programs and materials are aligned to Florida's standards.

Pine Ridge follows the district instructional materials adoptions and district provided scope and sequence for the subject areas.

Fidelity is monitored through classroom walkthroughs, weekly PLCs, and quarterly Wonderful Wednesday collaborative planning days.

b. Instructional Strategies

1. Describe how the school uses data to provide and differentiate instruction to meet the diverse needs of students. Provide examples of how instruction is modified or supplemented

to assist students having difficulty attaining the proficient or advanced level on state assessments.

Data is reviewed weekly at PLC, quarterly at Wonderful Wednesday, through MTSS, and at individual student meetings in October, December, and February. Additionally, individual student data chats are held in the winter for students at risk of retention. Students in need are offered classroom interventions and extended day interventions such as tutoring.

2. Provide the following information for each strategy the school uses to increase the amount and quality of learning time and help enrich and accelerate the curriculum:

Strategy: Extended School Day

Minutes added to school year: 1,200

Title I A homeless tutoring
STEM club
Engineering Club
The opportunities above provide students with an after school activity that extends and enriches their learning.

Strategy Rationale

Provide an alternate experience with different curricular materials in a small group setting provides another opportunity for students to be successful.

Strategy Purpose(s)

- Core Academic Instruction
- Enrichment

Person(s) responsible for monitoring implementation of the strategy

Obando, Laine, obandol@lake.k12.fl.us

Data that is or will be collected and how it is analyzed to determine effectiveness of the strategy

Pre and post test data is taken to measure learning in tutoring; performance based tasks and competition events measure learning in the club activities.

2. Student Transition and Readiness

a. PreK-12 Transition

The school's response to this question may be used to satisfy the requirements of 20 U.S.C. Â§ 6314(b)(1)(G).

1. Describe the strategies the school employs to support incoming and outgoing cohorts of students in transition from one school level to another.

Pine Ridge offers two semesters (half year program) of voluntary pre-kindergarten. Additionally, we have two classrooms that offer ESE pre-kindergarten for students who qualify as early as age 3. The staff at PRE collaborates to smoothly transition the students and ensure their readiness for kindergarten.

b. College and Career Readiness

1. Describe the strategies the school uses to advance college and career awareness, which may include establishing partnerships with business, industry or community organizations.

2. Identify the career and technical education programs available to students and industry certifications that may be earned through those respective programs.

3. Describe efforts the school has taken to integrate career and technical education with academic courses (e.g., industrial biotechnology) to support student achievement.

4. Describe strategies for improving student readiness for the public postsecondary level based on annual analysis of the [High School Feedback Report](#), as required by section 1008.37(4), Florida Statutes.

II. Needs Assessment

The school's completion of this section may satisfy the requirements of 20 U.S.C. Â§ 6314(b)(1)(A).

A. Problem Identification

1. Data to Support Problem Identification

b. Data Uploads

Data uploads are not required by the Florida Department of Education but are offered as a tool for the needs assessment. In this section, the school may upload files of locally available data charts and graphs being used as evidence of need.

The following documents were submitted as evidence for this section:

No files were uploaded

2. Problem Identification Summary

This section is not required by the Florida Department of Education but is provided as an opportunity for the school to summarize the points of strength and areas of need that have been identified in the data.

B. Problem Analysis Summary

This section is not required by the Florida Department of Education but is provided as an opportunity for the school to summarize the underlying "why" or root causes for the areas of need identified in the data, as determined by situational awareness of, and research conducted by, the stakeholders involved in the needs assessment.

C. Strategic Goals

School Improvement Goals

The following key is intended to help readers understand how the sections of this document correspond to the steps of the 8-step planning and problem-solving framework used in the School Improvement Plan. The Quick Key numbers can help registered users go directly to the point of entry for any given goal, barrier and strategy within the online survey.

Action Plan for Improvement

For each strategy selected in the plan to reduce a targeted barrier to a strategic goal, this section lists the rationale for that strategy (i.e., why the school believes it will reduce the barrier) and the action steps that have been identified as necessary to implementing the strategy, including details such as the point person, timing and duration, and evidence of completion. At the end of each set of action steps is the plan for monitoring the implementation and effectiveness of the respective strategy.
