Note: The school grades calculation was revised substantially for the 2014-15 school year to implement statutory changes made by the 2014 Legislature and incorporate the new Florida Standards Assessments. The 2014-15 school grades serve as informational baseline data that schools can use to improve in future years.

School Board Approval

This plan is pending approval by the Polk County School Board.

SIP Authority and Template

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a school improvement plan (SIP) for each school in the district.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F or a monitoring status of "Former F" (see page 4). For all other schools, the district may use a template of its choosing. All districts must submit annual assurances that their plans meet statutory requirements.

This document was prepared by school and district leadership using the Florida Department of Education's school improvement planning web application located at <https://www.floridacims.org>.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. A corollary at the district level is the District Improvement and Assistance Plan (DIAP), designed to help district leadership make the necessary connections between school and district goals in order to align resources. The Florida Department of Education encourages schools to use the SIP as a “living document” by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the “Date Modified” listed in the footer.

Part I: Current School Status

Part I organizes the current status of the school around five domains inspired by the 5Essentials framework: Supportive Environment, Family and Community Involvement, Effective Leadership, Public and Collaborative Teaching, and Ambitious Instruction and Learning. Questions regarding the school’s Multi-Tiered System of Supports have been embedded throughout this part to demonstrate how data is used by stakeholders to understand the needs of all students and allocate appropriate resources in proportion to those needs.

Part II: Needs Assessment

Part II requires the school to review performance and early warning systems data in order to develop strategic goals and associated data targets (i.e., “SMART goals”) for the coming school year in context of the school’s greatest strengths and needs. An online tool was developed, which includes data visualizations and processing questions to support problem identification, problem analysis and strategic goal formulation.

Part III: 8-Step Planning and Problem Solving for Implementation

Part III enables the school to develop implementation plans for its highest-priority goals. With the overview of the current state of the school in mind and the strategic goals identified through the needs assessment, the planning team engages in a facilitated planning and problem-solving process, through which they

- Define strategic goals and establish targets to be reached by successfully achieving the goals (Step 1)
- Identify barriers that could hinder achieving those goals and resources that could be used to eliminate or reduce barriers (Step 2)
- Select high-priority barriers they want to address initially (Step 3)
- Design implementation and monitoring plans for strategies to resolve selected barriers (Steps 4-7)
- Determine how they will monitor progress toward each goal (Step 8)

Appendices

The following appendices, automatically-generated from content entered in Part III, are included in this document:

- Appendix 1 is a timeline of all action steps and monitoring activities
- Appendix 2 is an outline of all professional development opportunities and technical assistance items
- Appendix 3 is a report of the budget needed to implement the strategies

Differentiated Accountability

Florida's Differentiated Accountability (DA) system, established in [section 1008.33, Florida Statutes](#), is a statewide network of strategic support, differentiated by need according to performance data, provided to districts and schools in order to improve leadership capacity, teacher efficacy, and student outcomes. Through a data-driven planning and problem-solving process, DA field teams collaborate with district leadership to design, implement, and refine strategic goals and action plans that are documented in the SIP.

DA Regions

Florida's DA network is divided into four geographical regions, each served by a field team led by a regional executive director (RED).

DA Categories

At the start of each academic year, traditional schools are classified for DA support in three categories based on the most recent school grades data available. Descriptions of each DA category along with the state support and interventions provided are set forth by [Rule 6A-1.099811, Florida Administrative Code](#):

- Not in DA – currently A, B, or C and not Monitoring Only; charter schools; ungraded schools
- Monitoring Only – currently A, B, or C that improved from a previous grade of F
- Focus – currently D
- Priority – currently F

DA Turnaround and Monitoring Statuses

Additionally, schools in DA may be subject to a turnaround status of "Planning" or "Implementing" or a monitoring status of "Former F." These statuses are based on a school's grades history, including the current school grade:

- Former F - A school with a status of "Former F" requires the department to monitor the implementation of strategies and progress toward the goals outlined in the school improvement plan for three years following the school's improvement from a grade of F to a C or higher.
- Planning - A school with a status of "Planning" requires the district to engage stakeholders in the development of a turnaround option plan to be implemented in the following year should the school grade not improve to a C or higher.
- Implementing - A school with a status of "Implementing" requires the district to submit a turnaround plan to the State Board of Education for approval and implementation. A school remains in "Implementing" status until its school grade improves to a C or higher.

I. Part I: Current School Status

A. Supportive Environment

1. School Mission and Vision

a. Provide the school's mission statement.

The purpose of our school is to prepare students for middle school (high school, college, and to excel in a global economy). Our mission is "Learning for all, whatever it takes!"

We believe we can achieve our goal of engaging students in rigorous, data-driven instruction at all grade levels where every student is performing on grade level and at least 80%+ of our students make learning gains each year.

All of the programs we offer support this goal.

We believe our purpose is to ensure that all children build a strong academic foundation, develop the desire to learn, and grow in self-confidence and compassion through a challenging curriculum which nurtures each student's abilities and aspirations in partnership with parents and family. We promote self-discipline and active learning with application of skills taught to real-world situations. Our highly qualified teachers are focused on making sure every child is learning, every day, every minute!

b. Provide the school's vision statement.

KES vision: Every child performing on or above grade level with the Florida standards.

Cougars are dedicated to excellence in teaching, learning, and technology!

I am...
Cooperative
On task
United
Goal driven
Accountable
Respectful
Successful

2. School Environment

a. Describe the process by which the school learns about students' cultures and builds relationships between teachers and students.

Teachers use CHAMPS and PBIS in every classroom throughout the year. The classroom teachers administer "getting to know you" activities with the students in order to obtain cultural information and build relationships. Student academic performances are held to allow students the opportunity to learn about the cultures of their peers. These assemblies build relationships and create a sense of pride among the students. The school's reading and health curriculum contains passages dealing with relationship building toward cultures around the world. The school's morning television show teaches cultural norms through the use of the phrase of the day. Cross curricular articulation meetings are used by teachers to plan additional cultural and relationship building events.

b. Describe how the school creates an environment where students feel safe and respected before, during and after school.

Students are encouraged to treat each other with respect and courtesy through social skills lessons and no bullying lessons taught by the classroom teachers. Students practice the school expectations at assemblies and throughout the school day. The Too Good for Violence, violence prevention/ character education curriculum is taught to all grade levels by the school counselor. Also, those students struggling with the school expectations are paired with an adult buddy to enforce positive behavior at the beginning and ending of each day. Students are taught and rewarded for demonstrating the following school expectations: Take care of yourself, Take care of others, and Take care of our school. Rewards for following the school expectations consist of : daily blue drops used in a school-wide drawing, red tickets used to earn monthly positive incentive activities, and classroom rewards such as treasure box and or Friday preferred activity time. Communicating through the school's website and student agendas, every family is provided with information on how to keep the children safe from bullying.

c. Describe the schoolwide behavioral system in place that aids in minimizing distractions to keep students engaged during instructional time. This may include, but is not limited to, established protocols for disciplinary incidents, clear behavioral expectations, and training for school personnel to ensure the system is fairly and consistently enforced.

At Kathleen Elementary School we are a gold model school for the implementation of the Positive Behavioral Support (PBIS) system. The school expectations of *take care of yourself, *take care of others and *take care of our school, are taught to all students throughout the school year. Students also receive detailed instruction on the rules and skills needed to accomplish these expectations. This system is explained, along with what the discipline process, to students and staff starting the first week of school. Every classroom teacher instructs the students on how to monitor their good choices, using a 7 level scale throughout the day. The teachers reward students with praise, treasure boxes, preferred choice activities, red tickets, blue drops, and positive telephone calls to parents. The monthly PBS reward events include: game days, ice cream socials, crafts, and refreshments. In addition this fall teachers received CHAMPS training and are implementing what they have learned in the classroom with their students. They have posted their CHAMPS management plan on their classroom website as well.

d. Describe how the school ensures the social-emotional needs of all students are being met, which may include providing counseling, mentoring and other pupil services.

Kathleen Elementary ensures the social-emotional needs of all students are met through teacher referrals to the school counselor and school psychologist. These professionals counsel with students in need of support outside the classroom setting. In addition, the school counselor, teaches the Too Good for Violence curriculum in all classrooms. Students in need of additional support are enrolled in the Behavior Education Program (BEP). The BEP connects students with an adult mentor to meet twice a day to review behavior needs and progress. Teachers that identify students with social-emotional needs refer the students to the school's problem solving team. The team works with the teacher in securing the resources needed to support these students. The school nurse and social worker are available to consult with the team as needed.

3. Early Warning Systems

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. Â§ 6314(b)(1)(B)(ii)(III), (b)(1)(B)(iii)(I), and (b)(1)(I).

a. Describe the school's early warning system and provide a list of the early warning indicators used in the system.

The principal receives monthly reports which are reviewed with the social worker.

Absent 10% or more of the days enrolled (using truancy absence def.)
State ELA and math risk

Lowest ELA and math grade
Total number of ISS/OSS days is greater than 3

b. Provide the following data related to the school's early warning system

1. The number of students by grade level that exhibit each early warning indicator:

Indicator	Grade Level													Total
	K	1	2	3	4	5	6	7	8	9	10	11	12	
Attendance below 90 percent	0	8	11	10	14	3	0	0	0	0	0	0	0	46
One or more suspensions	0	0	0	0	0	0	0	0	0	0	0	0	0	
Course failure in ELA or Math	0	1	0	0	2	0	0	0	0	0	0	0	0	3
Level 1 on statewide assessment	0	0	0	0	1	12	0	0	0	0	0	0	0	13
	0	0	0	0	0	0	0	0	0	0	0	0	0	

The number of students identified by the system as exhibiting two or more early warning indicators:

Indicator	Grade Level													Total
	K	1	2	3	4	5	6	7	8	9	10	11	12	
Students exhibiting two or more indicators	0	1	0	0	0	0	0	0	0	0	0	0	0	1

c. Describe all intervention strategies employed by the school to improve the academic performance of students identified by the early warning system.

Intervention strategies include parent communication with the school social worker to discuss strategies on how to improve student attendance. Based on academic performance, instruction is differentiated to give students additional support in iii groups. Students are also selected for tutoring after school and throughout the day. Tier 2 and 3 interventions are provided for students.

B. Family and Community Engagement

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. Â§ 6314(b)(1)(B)(iii)(I)(aa).

1. Describe how the school works at building positive relationships with families to increase involvement, including efforts to communicate the school's mission and vision, and keep parents informed of their child's progress.

Title I schools use the Parent Involvement Plan (PIP) to meet the requirements of 20 U.S.C. Â§ 6314(b)(1)(F).

a. Will the school use its PIP to satisfy this question?

Yes

1. PIP Link

The school completes a Parental Involvement Plan (PFEP), which is accessible through the Continuous Improvement Management System (CIMS) at <https://www.floridacims.org/documents/304418>.

2. Description

A PIP has been uploaded for this school or district - see the link above.

2. Describe the process by which the school builds and sustains partnerships with the local community for the purpose of securing and utilizing resources to support the school and student achievement.

The School Advisory council helps bridge between home, school and community by exchanging ideas about how to spend funds to educate parents. Businesses contribute by donating refreshments for parent involvement events and other items such as bicycles for students with perfect attendance. Members of the community and city officials come to a read aloud event annually. During field day, businesses provide activities and supplies for students. These extra-curricular activities get students excited about reading and other academic areas, increasing achievement.

C. Effective Leadership

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. Â§ 6314(b)(1)(H).

1. School Leadership Team

a. Membership

Identify the name, email address and position title for each member of the school leadership team.:

Name	Title
Headley, Lana	Principal
Pollock, Thomas	School Counselor
Howell, Renee	Instructional Coach
Smith, Sarah	Instructional Coach
Fortner, Nicole	Teacher, K-12
Miller, Tracy	Teacher, K-12
Fransted , Pamela	Teacher, K-12
Morgan, Vicky	Teacher, K-12
Wiggins, Rebecca	Assistant Principal
Emmons, Danielle	Teacher, K-12
Stott, Christina	Teacher, K-12
Fike, Krista	Teacher, K-12

b. Duties

1. Describe the roles and responsibilities of the members, including how they serve as instructional leaders and practice shared decision making.

The leadership team serves as instructional leaders, during the summer members of the team attended the Teaching and Learning Content Academy training provided by the district and work to ensure shared decision making. Members of the team include Principal, Assistant Principal, Grade Chairs, TLC teachers, ESE teachers, Reading Coach, Math Coach, Science Coach, School Psychologist, Guidance Counselor, and Social Worker.

2. Describe the process through which school leadership identifies and aligns all available resources (e.g., personnel, instructional, curricular) in order to meet the needs of all students and maximize desired student outcomes. Include the methodology for coordinating and supplementing federal, state and local funds, services and programs. Provide the person(s) responsible, frequency of meetings, how an inventory of resources is maintained and any problem-solving activities used to determine how to apply resources for the highest impact.

The School Based Leadership Team and The Problem Solving Leadership Team meets weekly. The Leadership committee meets monthly to problem-solve using school-wide academic and behavioral data. The focus is on evaluating effectiveness of programs, grade levels, and determining what is working. Representatives from other teams such as PBS are included and report data each month.

Title I, Part A, funds school-wide services to Kathleen Elementary. The Title I funds provide supplemental instructional resources and interventions for students with academic achievement needs. Title I, Part A, support provides after-school and summer instructional programs, preschool program, supplemental instructional materials, resource teachers, technology for students, professional development for the staff, and resources for parents. The district coordinates with Title II and Title III to ensure that staff development needs are addressed accordingly.

Title I, Part C- Migrant

Migrant students enrolled at Kathleen Elementary will be assisted by the school and by the District Migrant Education Program (MEP). Students will be prioritized by the MEP for supplemental services based on need and migrant status. MEP Teacher Advocates, assigned to schools with high percentages of migrant students, monitor the progress of these high need students and provide or coordinate supplemental academic support. Migrant Home-School Liaisons identify and recruit migrant students and their families for the MEP. They provide support to both students and parents in locating services necessary to ensure the academic success of these students whose education has been interrupted by numerous moves.

Title I, Part D, provides Transition Facilitators to assist students with transition from Department of Juvenile Justice (DJJ) facilities back into their zoned school. The Transition Facilitators communicate with the Guidance Counselors at schools to facilitate the transfer of records and appropriate placement.

Title II

Professional development resources are available to Title I schools through Title II funds. In addition, School Technology Services provide technical support, technology training, and licenses for software programs and web-based access via Title II-D funds. Funds available to Kathleen Elementary are used to purchase training. This past year we used the funds to for common core training and kindergarten teachers attended a conference to further enhance their knowledge of implementing the curriculum .

Title III

Title III provides supplemental resources for English Language Learners (ELL) and their teachers in Title I schools, as well as professional learning opportunities for school staff. Services are provided through the district for one ESOL paraprofessional to support ELL students at our school.

Title X- Homeless

The Hearth program, funded through Title X, provides support for identified homeless students. Title I provides support for this program, and many activities implemented by the Hearth program are carried out in cooperation with the Migrant Education Program (MEP) funded through Title I, Part C.

Violence Prevention Programs

Title IV provides violence and drug prevention programs in schools in order to promote a safe school environment. Examples of violence prevention programs include anti-bullying, gang awareness, gun awareness, etc.

Housing Programs

Students with housing needs are referred to the Homeless Student Advocate.

Head Start

Head Start is not located on our campus. Resources are provided to the program to assist in the transition of students from pre-k to kindergarten. Head Start teachers may participate in professional learning opportunities offered to school staff, and they are involved in Professional Learning

Community activities with kindergarten teachers. Parents of Head Start students are invited to participate in parent workshops and activities provided by the school.

2. School Advisory Council (SAC)

a. Membership

Identify the name and stakeholder group for each member of the SAC.:

Name	Stakeholder Group
Lana Tatom/Rebecca Wiggins	Principal
Pam Fransted	Teacher
DeTangelia Williams	Parent
Tracy Miller	Teacher

b. Duties

1. Provide a description of the SAC's involvement with the following activities, as required by section 1001.452(2), Florida Statutes

a. Evaluation of last year's school improvement plan

The SAC met on May 11, 2016 to review the SIP end of the year reflection with parents, community members and faculty to review and evaluate the SIP as related to progress represented by data. Members looked at data to evaluate the effectiveness of the SIP. Minutes are on file.

b. Development of this school improvement plan

Members of the SAC reviewed our previous SIP and current school data at each meeting. We have regular discussions about the data as related to our SIP and record input from members. Feedback is on file and is referred to while writing the SIP.

The SAC will meet again on September 8, 2016 to review the SIP with parents, community members and faculty to review and evaluate the SIP. Members will break apart the various sections of the SIP and made further changes in some sections or decide that the goals and implementations of the plan should remain the same in other sections.

c. Preparation of the school's annual budget and plan

The SAC reviews the budget in the SIP and approves the plan.

2. Describe the use of school improvement funds allocated last year, including the amount budgeted for each project.

Our funds in our SIP are from Title I, we did not receive school improvement funds last year.

3. Verify that the school is in compliance with section 1001.452, Florida Statutes, regarding the establishment requirements and duties of the SAC.

Yes

a. If the school is not in compliance, describe the measures being implemented to meet SAC requirements.

3. Literacy Leadership Team (LLT)

a. Membership

Identify the name and position title for each member of the school-based LLT or similar group, if applicable.:

Name	Title
Headley, Lana	Principal
Wiggins, Rebecca	Assistant Principal
Morgan, Vicky	Teacher, K-12
Fransted , Pamela	Teacher, K-12
Miller, Tracy	Teacher, K-12
Fortner, Nicole	Teacher, K-12
Yurdin, Kimberly	Teacher, ESE
Haymans, Katie	Teacher, K-12
Howell, Renee	Instructional Coach
Stott, Christina	Teacher, K-12
Fike, Krista	Teacher, K-12

b. Duties

1. Describe how the LLT or similar group promotes literacy within the school, if applicable.

The role of everyone at our school is to increase the number of students performing on grade level to 50% and make learning gains as follows 17/18 K-3 and 21/22 4-5 make learning gains.

Leadership, Literacy, & Technology Committee promote literacy in the following ways...

This committee serves as a site-based decision making body for the school. Contractual Duties, 6.7-1 – Curriculum Committee, see #5, #6, & #7, Must elect the grade/team chairs for them to be the SAC representatives. The members of this committee will assist with the following:

? You are the facilitators for your Grade Level and the key link between administration and your team. It is most important that you be the communicator between your grade level and the administration in order to give cost cutting suggestions, address concerns, ask for ideas, make recommendations to the Administration regarding curriculum, school improvement and training.

? You will serve on our School Advisory Council. The grade/department/team will meet to make recommendations to the principal in determining grade/department/team chairperson. Must be elected to be the SAC representative. As the grade chair it is your responsibility to become elected to SAC or find a representative to participate to present data and plans for your team. Our Council is required by law to meet five times a year. Dates are posted on the calendar. Please come prepared to share ideas, suggestions and helpful information when needed. All information must be given back to your team.

? As grade chairs you are guiding your team with to ensure students demonstrate mastery of the standards and will make sure that your planning sessions occur as scheduled on the calendar. Lesson plans for your grade level must be posted for the following week on Friday before you leave.

? Any special programs that are brought into our school setting will first be brought to this committee for their advice. Surveys will be used by the grade chair for their team to make a school wide decision.

? You will be responsible for working with your team to create & review student-led conference scripts for back to school night in September and student success events in November, February, and April.

? Work with our technology coaches to discuss how to effectively use Technology and plan for further Technology integration (ex. Pinnacle, Office 365, etc.).

? You will be responsible for overseeing and ensuring that your grade level records video clips documenting student learning in the classroom posting it on the website and/or for the morning show.

? Provide suggestions for PD for your team to administration.

? Monitor data for your grade level.

? Monitor the substitute folders for your grade three times a year.

? Other activities may be assigned as needed.

D. Public and Collaborative Teaching

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. Â§ 6314(b)(1)(D).

1. Describe the school's strategies to encourage positive working relationships between teachers, including collaborative planning and instruction.

Kathleen Elementary School's staff work collaboratively with each other in grade level planning groups weekly, vertical team articulation monthly and vertical team walkthroughs four times a year. Teachers have the opportunity to participate in a Reading Buddy program where older students are teamed with younger students to practice reading skills, building both students' confidence and skill levels. Teachers also meet in grade level PLCs discuss data, and curriculum. All staff are encouraged to send "blue drops" of appreciation as well as "favorite things" to recognize someone in a special way. Ms. Tatom tries to increase a positive working environment by including "Good News" in the weekly email as well as having an endless supply of "stress" candy on her desk and Mrs. Wiggin's desk. Kathleen staff members

are expected to use the 3 positive to 1 suggestion ratio when communicating about any area of concern or issue. This helps maintain a positive working environment. The CHAMPS program is being implemented this year to create a positive and proactive approach to classroom management.

2. Describe the school's strategies to recruit, develop and retain highly qualified, certified-in-field, effective teachers to the school.

Applicants are screened to ensure that they meet the HQ CQ criteria and placed on a list of approved candidates for hire. Administration puts together an interview team representing classroom teachers and support teachers; selects candidates to be interviewed; creates appropriate questions; and facilitates the interview & selection process. Individual teacher mentoring from experienced, successful teachers; need based classroom modeling and team teaching provided; continuous instructional feedback provided; assistance by experienced teachers in lesson planning & maintaining a positive classroom learning environment; assistance in locating teaching resources, communicating with parents, establishing an organizational system for teacher paperwork, etc. Teacher coaches meet with beginning teachers to talk about successes they are having in the classroom with their students and their teaching. Discussions also take place regarding teacher questions and concerns. Teacher needs will be assessed through these meetings and coaching will be targeted on such needs to address each area of concern. Daily grade level planning meetings: Each grade level team will meet together weekly to plan lessons collaboratively. Through these consistent team planning sessions, beginning teachers will receive assistance in designing & implementing effective lessons. Differentiated professional development: teachers will receive small group, intensive professional development throughout the year based upon their instructional needs. Teacher breakfast club is conducted by the coaches once month based on teacher identified areas they need more coaching on.

3. Describe the school's teacher mentoring program, including the rationale for pairings and planned mentoring activities.

Teachers receive coaching support, weekly grade level planning, and differentiated professional development by the leadership team. Teachers participate in PLC meetings after school, vertical team walk throughs, grade level professional development days, etc. Co-teaching professional development is determined based on administration observations, teacher's request and the goals within the SIP.

E. Ambitious Instruction and Learning

1. Instructional Programs and Strategies

a. Instructional Programs

1. Describe how the school ensures its core instructional programs and materials are aligned to Florida's standards.

Teachers plan using the district curriculum maps/learning schedules which are based on the Florida Standards only using the curriculum materials purchased by the district as a teaching resource and not as the curriculum. Resources such as Go Math, Reading Wonders, 5 E science lessons, CPALMs, etc. are used only when they align with the standards and can enhance the best practices of the teachers.

b. Instructional Strategies

1. Describe how the school uses data to provide and differentiate instruction to meet the diverse needs of students. Provide examples of how instruction is modified or supplemented to assist students having difficulty attaining the proficient or advanced level on state assessments.

Classroom teachers teach using tier 1 resources to all of the students in whole group and small flexible differentiated groups. Teachers monitor students' progress on each standard and record the data on a using the data and planning tool in sharepoint along with on-going progress monitoring. In addition to the spreadsheet, 3rd grade teachers will keep a portfolio for students in reading, monitoring the standards. Students who are not successful with tier 1 instruction are pulled by the classroom teacher for additional tier 2 instruction in reading and math where teachers use the MTSS model and data collection sheets to monitor students progress. Additionally, the school provides after school tutoring for students in reading and math with our Extended Learning Program (ELP). If students are still not making the anticipated progress, teachers set up a problem solving team meeting to discuss data and tier 3.

2. Provide the following information for each strategy the school uses to increase the amount and quality of learning time and help enrich and accelerate the curriculum:

Strategy: Extended School Day

Minutes added to school year: 450

Classroom teachers select students based on data to attend after school tutoring in ELA and math.

Strategy Rationale

Giving more time to students who struggle, will help close the achievement GAP.

Strategy Purpose(s)

- Core Academic Instruction

Person(s) responsible for monitoring implementation of the strategy

Headley, Lana, lana.headley@polk-fl.net

Data that is or will be collected and how it is analyzed to determine effectiveness of the strategy

Data is collected from IBTP, FAIR, Reading Wonders, Go Math, CPALMS, etc. and analyzed by grade level and vertical teams.

Strategy: Extended School Day

Minutes added to school year: 5,400

Coaches supervise 3rd, 4th and 5th grade car riders after school daily for 30 minutes in the computer lab after school preparing them for online testing.

Strategy Rationale

Giving more time to students who struggle, will help close the achievement GAP and bridge the digital divide.

Strategy Purpose(s)

- Core Academic Instruction

Person(s) responsible for monitoring implementation of the strategy

Smith, Sarah, sarah.smith@polk-fl.net

Data that is or will be collected and how it is analyzed to determine effectiveness of the strategy

Student progress monitoring data is collected in sharepoint and is analyzed monthly in grade level and vertical teams.

2. Student Transition and Readiness

a. PreK-12 Transition

The school's response to this question may be used to satisfy the requirements of 20 U.S.C. Â§ 6314(b)(1)(G).

1. Describe the strategies the school employs to support incoming and outgoing cohorts of students in transition from one school level to another.

Kathleen Elementary has several programs to assist preschool children in transition from early childhood programs to elementary programs. Every spring, there is a Kindergarten Round-Up at our school which allows parents and children to register for school, visit kindergarten classrooms, and receive information about things that parents can do to prepare their children for kindergarten. During the Round-Up, children are also assessed in their readiness for kindergarten using school created assessments which include recognizing shapes, colors, and simple objects as well as making a detailed drawing of themselves. This information allows us to determine readiness and appropriate placement. Another program is an informational evening program held every April, where kindergarten teachers invite parents of the students entering kindergarten in the fall. At this time, teachers share their expectations to give the parents an idea of what will be expected of their child and what each child should know prior to enrolling in kindergarten. These two transitional programs precede the August orientation prior to the start of the school year. At the August orientation, parents meet the teacher, tour the school and receive supply lists and other information. Parents are notified about the transitional programs by notices sent home with all elementary school students and flyers are put in all daycares. Additionally, the District Office provides notices to newspapers and radio stations. Kathleen Elementary also has a Pre-Kindergarten program where we are teaching and preparing our students to be ready for Kindergarten. Using data collected and observation made, our Title One Program Facilitator and administration determine the effectiveness and any changes needed to our program.

At the end of the year awards ceremonies, students and parents meet the their future teachers. Expectations for each grade level are shared along with curriculum resources for families to work on over the summer.

Post cards are mailed during the summer for orientation which was very well attended this school year.

b. College and Career Readiness

1. Describe the strategies the school uses to advance college and career awareness, which may include establishing partnerships with business, industry or community organizations.

Teachers are implementing these habits as well as setting goals for each card marking with their students. Progress monitoring is done by the teacher with the students and their parents on student success nights.

2. Identify the career and technical education programs available to students and industry certifications that may be earned through those respective programs.

This year our student planner focused on the 7 Habits of Highly Effective People. In addition the teachers have displayed their graduating year in their classroom.

3. Describe efforts the school has taken to integrate career and technical education with academic courses (e.g., industrial biotechnology) to support student achievement.

The school is starting a gardening club this year to prepare for an agricultural career. The ESE team run the school recycling program.

4. Describe strategies for improving student readiness for the public postsecondary level based on annual analysis of the [High School Feedback Report](#), as required by section 1008.37(4), Florida Statutes.

II. Needs Assessment

The school's completion of this section may satisfy the requirements of 20 U.S.C. Â§ 6314(b)(1)(A).

A. Problem Identification

1. Data to Support Problem Identification

b. Data Uploads

Data uploads are not required by the Florida Department of Education but are offered as a tool for the needs assessment. In this section, the school may upload files of locally available data charts and graphs being used as evidence of need.

The following documents were submitted as evidence for this section:

No files were uploaded

2. Problem Identification Summary

This section is not required by the Florida Department of Education but is provided as an opportunity for the school to summarize the points of strength and areas of need that have been identified in the data.

B. Problem Analysis Summary

This section is not required by the Florida Department of Education but is provided as an opportunity for the school to summarize the underlying "why" or root causes for the areas of need identified in the data, as determined by situational awareness of, and research conducted by, the stakeholders involved in the needs assessment.

C. Strategic Goals

School Improvement Goals

The following key is intended to help readers understand how the sections of this document correspond to the steps of the 8-step planning and problem-solving framework used in the School Improvement Plan. The Quick Key numbers can help registered users go directly to the point of entry for any given goal, barrier and strategy within the online survey.

Problem Solving Key

Strategic Goals Summary

- G1.** There is a supportive learning environment in all classrooms.
- G2.** All students are actively engaged through rigorous data-driven instruction at all grade levels.

Strategic Goals Detail

For each strategic goal, this section lists the associated targets (i.e., “SMART goals”), targeted barriers to achieving the goal, resources available to help reduce or eliminate the barriers, and the plan for monitoring progress toward the goal.

G1. There is a supportive learning environment in all classrooms. 1a

 G087059

Targets Supported 1b

Indicator	Annual Target
Attendance rate	95.0

Targeted Barriers to Achieving the Goal 3

- All students are not actively engaged in all classrooms consistently throughout the day.

Resources Available to Help Reduce or Eliminate the Barriers 2

- CHAMPS program

Plan to Monitor Progress Toward G1. 8

During our weekly school based leadership team we will share the results from our walkthroughs to monitor the progress. When we ended last year 47% of the classrooms demonstrated active engagement consistently throughout the day.

Person Responsible

Lana Headley

Schedule

Monthly, from 9/26/2016 to 5/26/2017

Evidence of Completion

The data from the walkthrough forms will be tabulated to document increases in active engagement.

G2. All students are actively engaged through rigorous data-driven instruction at all grade levels. 1a

Math Lowest 25% Gains	75.0
FCAT 2.0 Science Proficiency	45.0

Targeted Barriers to Achieving the Goal 3

- Teachers need more practice in using data to truly differentiate.

Resources Available to Help Reduce or Eliminate the Barriers 2

- Florida Standards, Curriculum Maps, Reading Wonders, Accelerated Reader, FAIR, KES Reading Coach, District Reading Coach
- Florida Standards, Curriculum Maps, Go Math, Think Central, Ten Marks, KES Math Coach, District Math Coach
- Florida Standards, Curriculum Maps, 5E Science Lessons, School Based Science Coach
- Student agendas in English and Spanish teaching 7 habits, setting quarterly goals, reading logs, communication with parents, etc.
- MTSS standards based materials for ELA and math gr. 2-5
- Professional development and lesson study from Jennifer Rouse Senior Coordinator PD training on differentiated instruction.

Plan to Monitor Progress Toward G2. 8

Evaluate data and small group plans

Person Responsible

Lana Headley

Schedule

Weekly, from 8/15/2016 to 6/2/2017

Evidence of Completion

An increase of student mastery of the standards based on IBTP and standards based progress monitoring data charts in sharepoint.

Action Plan for Improvement

For each strategy selected in the plan to reduce a targeted barrier to a strategic goal, this section lists the rationale for that strategy (i.e., why the school believes it will reduce the barrier) and the action steps that have been identified as necessary to implementing the strategy, including details such as the point person, timing and duration, and evidence of completion. At the end of each set of action steps is the plan for monitoring the implementation and effectiveness of the respective strategy.
