Note: The school grades calculation was revised substantially for the 2014-15 school year to implement statutory changes made by the 2014 Legislature and incorporate the new Florida Standards Assessments. The 2014-15 school grades serve as informational baseline data that schools can use to improve in future years.

School Board Approval

This plan is pending approval by the Polk County School Board.

SIP Authority and Template

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a school improvement plan (SIP) for each school in the district.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F or a monitoring status of "Former F" (see page 4). For all other schools, the district may use a template of its choosing. All districts must submit annual assurances that their plans meet statutory requirements.

This document was prepared by school and district leadership using the Florida Department of Education's school improvement planning web application located at <https://www.floridacims.org>.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. A corollary at the district level is the District Improvement and Assistance Plan (DIAP), designed to help district leadership make the necessary connections between school and district goals in order to align resources. The Florida Department of Education encourages schools to use the SIP as a “living document” by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the “Date Modified” listed in the footer.

Part I: Current School Status

Part I organizes the current status of the school around five domains inspired by the 5Essentials framework: Supportive Environment, Family and Community Involvement, Effective Leadership, Public and Collaborative Teaching, and Ambitious Instruction and Learning. Questions regarding the school’s Multi-Tiered System of Supports have been embedded throughout this part to demonstrate how data is used by stakeholders to understand the needs of all students and allocate appropriate resources in proportion to those needs.

Part II: Needs Assessment

Part II requires the school to review performance and early warning systems data in order to develop strategic goals and associated data targets (i.e., “SMART goals”) for the coming school year in context of the school’s greatest strengths and needs. An online tool was developed, which includes data visualizations and processing questions to support problem identification, problem analysis and strategic goal formulation.

Part III: 8-Step Planning and Problem Solving for Implementation

Part III enables the school to develop implementation plans for its highest-priority goals. With the overview of the current state of the school in mind and the strategic goals identified through the needs assessment, the planning team engages in a facilitated planning and problem-solving process, through which they

- Define strategic goals and establish targets to be reached by successfully achieving the goals (Step 1)
- Identify barriers that could hinder achieving those goals and resources that could be used to eliminate or reduce barriers (Step 2)
- Select high-priority barriers they want to address initially (Step 3)
- Design implementation and monitoring plans for strategies to resolve selected barriers (Steps 4-7)
- Determine how they will monitor progress toward each goal (Step 8)

Appendices

The following appendices, automatically-generated from content entered in Part III, are included in this document:

- Appendix 1 is a timeline of all action steps and monitoring activities
- Appendix 2 is an outline of all professional development opportunities and technical assistance items
- Appendix 3 is a report of the budget needed to implement the strategies

Differentiated Accountability

Florida's Differentiated Accountability (DA) system, established in [section 1008.33, Florida Statutes](#), is a statewide network of strategic support, differentiated by need according to performance data, provided to districts and schools in order to improve leadership capacity, teacher efficacy, and student outcomes. Through a data-driven planning and problem-solving process, DA field teams collaborate with district leadership to design, implement, and refine strategic goals and action plans that are documented in the SIP.

DA Regions

Florida's DA network is divided into four geographical regions, each served by a field team led by a regional executive director (RED).

DA Categories

At the start of each academic year, traditional schools are classified for DA support in three categories based on the most recent school grades data available. Descriptions of each DA category along with the state support and interventions provided are set forth by [Rule 6A-1.099811, Florida Administrative Code](#):

- Not in DA – currently A, B, or C and not Monitoring Only; charter schools; ungraded schools
- Monitoring Only – currently A, B, or C that improved from a previous grade of F
- Focus – currently D
- Priority – currently F

DA Turnaround and Monitoring Statuses

Additionally, schools in DA may be subject to a turnaround status of "Planning" or "Implementing" or a monitoring status of "Former F." These statuses are based on a school's grades history, including the current school grade:

- Former F - A school with a status of "Former F" requires the department to monitor the implementation of strategies and progress toward the goals outlined in the school improvement plan for three years following the school's improvement from a grade of F to a C or higher.
- Planning - A school with a status of "Planning" requires the district to engage stakeholders in the development of a turnaround option plan to be implemented in the following year should the school grade not improve to a C or higher.
- Implementing - A school with a status of "Implementing" requires the district to submit a turnaround plan to the State Board of Education for approval and implementation. A school remains in "Implementing" status until its school grade improves to a C or higher.

I. Part I: Current School Status

A. Supportive Environment

1. School Mission and Vision

a. Provide the school's mission statement.

The mission of Ben Hill Griffin, Jr. Elementary is to promote learning for all students resulting in responsible, contributing members of society.

b. Provide the school's vision statement.

The Ben Hill Griffin, Jr. Elementary School Vision is an ideal description of our school when all elements are in place to achieve quality and equity in achievement among all students. The vision is based on expertise and knowledge of the staff, coupled with research and best practices in education. The vision is organized around six categories, beginning with Student Achievement and culminating with School Improvement.

2. School Environment

a. Describe the process by which the school learns about students' cultures and builds relationships between teachers and students.

Given the diverse cultures represented in our school body, we aim to recognize and celebrate our students' backgrounds in numerous ways. From content-based instruction to interactive hands-on projects, our classroom teachers develop lessons and activities that highlight a myriad of cultures. Moreover, our school events are geared to serve the family as a whole and allow school staff to learn more about our students. Multicultural Day is an example of an academic event that combines the advancement of our students' knowledge base with the opportunity to invite parents and the community to contribute to their learning. Students' are surveyed to ensure that all cultures are represented, therein fostering a sense of belonging.

b. Describe how the school creates an environment where students feel safe and respected before, during and after school.

On the first day of the leadership team visits each classroom to offer a warm welcome and instruct students on where to seek assistance of any kind. Also, during the first few weeks of school, teachers provide instruction on the school expectations, which is also frequently reinforced throughout the school year. In order to cultivate a sense of safety and comfort, an abundance of staff members are stationed throughout the school during arrival and departure times. Students are kindly greeted each morning and sent off with a friendly farewell each afternoon.

Students are taught emergency procedures which are practiced during safety drills, (fire, tornado, and lockdown). This past year our school has also been equipped with multiple gates throughout campus that provide a heightened level of security. Furthermore, the School Resource Officer shared by the Frostproof schools regularly walks through the school creating an added level of safety for our students. The Community Voluntary Officer is parked at the school during arrival and dismissal as well.

c. Describe the schoolwide behavioral system in place that aids in minimizing distractions to keep students engaged during instructional time. This may include, but is not limited to, established protocols for disciplinary incidents, clear behavioral expectations, and training for school personnel to ensure the system is fairly and consistently enforced.

Our school follows the procedures of the Positive Behavior Support (PBS) program. Also, all staff members are provided inservice on effective classroom management and discipline protocols during pre-planning week.

d. Describe how the school ensures the social-emotional needs of all students are being met, which may include providing counseling, mentoring and other pupil services.

Our school offers a student mentoring program through the Leadership Team as well as community volunteers. Our partnership with the Webber University Basketball Team helps us to provide students with college-aged role models that assist not only with behavioral issues but also provide academic support. Groups like Teen Trendsetters and the Methodist Mentors greatly contribute to the success of our vastly growing mentor program, with numerous mentors meeting with students on a weekly basis. Also, guidance classes are offered to students on a class and individual level as needed.

3. Early Warning Systems

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. Â§ 6314(b)(1)(B)(ii)(III), (b)(1)(B)(iii)(I), and (b)(1)(I).

a. Describe the school's early warning system and provide a list of the early warning indicators used in the system.

The Early Warning System is a district-managed program that sends each school a monthly list of students who qualify in the following areas with one or more indicators:

- Attendance below 90 percent, regardless of whether absence is excused or a result of out-of-school suspension
- One or more suspensions, whether in school or out of school
- A Level 1 score on the statewide, standardized assessments in English Language Arts or mathematics

b. Provide the following data related to the school's early warning system

1. The number of students by grade level that exhibit each early warning indicator:

Indicator	Grade Level													Total
	K	1	2	3	4	5	6	7	8	9	10	11	12	
Attendance below 90 percent	0	0	0	19	13	10	0	0	0	0	0	0	0	42
One or more suspensions	0	0	0	11	2	5	0	0	0	0	0	0	0	18
Course failure in ELA or Math	0	0	0	0	0	0	0	0	0	0	0	0	0	
Level 1 on statewide assessment	0	0	0	16	29	49	0	0	0	0	0	0	0	94

The number of students identified by the system as exhibiting two or more early warning indicators:

Indicator	Grade Level													Total
	K	1	2	3	4	5	6	7	8	9	10	11	12	
Students exhibiting two or more indicators	0	0	0	5	1	3	0	0	0	0	0	0	0	9

c. Describe all intervention strategies employed by the school to improve the academic performance of students identified by the early warning system.

- Students identified by the Early Warning System (EWS) are provided numerous interventions.
- Attendance: Check-In/Check-Out; Parent Workshop on Importance of Attendance (targeting those students with absences greater than 10%); Lice Treatment Kits were given to parents of students with

repeated absences due to lice infestation. September Attendance Month - incentives to promote perfect attendance
-- Suspension: Leadership Mentoring
-- Low Academic Performance: Triple I, Mentoring, Reading Coach, Math Coach, Before-school Tutoring

B. Family and Community Engagement

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. Â§ 6314(b)(1)(B)(iii)(I)(aa).

1. Describe how the school works at building positive relationships with families to increase involvement, including efforts to communicate the school's mission and vision, and keep parents informed of their child's progress.

Title I schools use the Parent Involvement Plan (PIP) to meet the requirements of 20 U.S.C. Â§ 6314(b)(1)(F).

a. Will the school use its PIP to satisfy this question?

Yes

1. PIP Link

The school completes a Parental Involvement Plan (PFEP), which is accessible through the Continuous Improvement Management System (CIMS) at <https://www.floridacims.org/documents/305741>.

2. Description

A PIP has been uploaded for this school or district - see the link above.

2. Describe the process by which the school builds and sustains partnerships with the local community for the purpose of securing and utilizing resources to support the school and student achievement.

-- Our Adopt-a-Class Program is in its eighth year of existence and each year 100% of our classes are adopted by a business or community member. These partners donate \$100 for the teacher to use within their classroom. We communicate with these business partners on a regular basis and invite them to visit their adopted classroom to share their business and community expertise. Their efforts are recognized at our Annual Business Partner Breakfast.

-- Our Parent Involvement Paraprofessional plays a pivotal role in fostering our relationships with parents, business partners, and community organizations. She sends home notices for all parent workshops and school events. She organizes and solicits volunteers from the community for our Positive Behavior Support programs. She manages our KidsPACK Club which provides a food backpack for students to take home on the weekend.

C. Effective Leadership

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. Â§ 6314(b)(1)(H).

1. School Leadership Team

a. Membership

Identify the name, email address and position title for each member of the school leadership team.:

Name	Title
McGill, Patti	Principal
Johnson, Alice	Instructional Technology
Loveless, Lori	Other
Anderson, Laurncille	School Counselor
Scott, Joy	Assistant Principal
Hatton, Stella	Instructional Coach

b. Duties

1. Describe the roles and responsibilities of the members, including how they serve as instructional leaders and practice shared decision making.

-- Patti McGill, Principal, is responsible for the organization of the Tier II Intervention and Enrichment schedule, allotment of materials needed for intervention or enrichment, allotment of time in the daily schedule for teachers to implement Core instruction and Tier II/Tier III interventions and monitoring the fidelity of the intervention and enrichment groups. Ms. McGill is a standing member of the school's Positive Behavior Support Team which facilitates data management regarding behavior and attendance and organizes behavioral incentives to increase student engagement.

-- Joy Scott, Assistant Principal, provides assistance to Ms. McGill for all of the previously mentioned activities. Assistant Principal is a standing member of the school's Positive Behavior Support Team which facilitates data management regarding behavior and attendance and organizes behavioral incentives to increase student engagement.

-- Alice Johnson, network manager, provides the Leadership Team assistance with data management and technological needs, facilitates and problem solves computer-based interventions and programs on campus and provides technical assistance to teachers for Core Instruction. Ms. Johnson is a standing member of the school's Positive Behavior Support Team which facilitates data management regarding behavior and attendance and organizes behavioral incentives to increase student engagement.

-- Lori Loveless, Reading Coach, assists in providing relevant professional development, standards-aligned resources, provides reading materials for Tier II and Tier III interventions, and facilitates access to supplemental reading material to our teachers.

--Stella Hatton, Math Coach, assists in providing relevant professional development, standards-aligned resources, provides math materials for Tier II and Tier III interventions, and facilitates access to supplemental math material to our teachers.

-- Laurncille Anderson, Guidance Counselor, assists the Leadership Team with data analysis and problem solving student needs, organizes methods for tracking the progress monitoring data of students in Tier II and Tier III interventions, organizes methods for tracking the fidelity of Tier II and Tier III interventions, and acts as a liaison with the Problem Solving Team which facilitates Tier III interventions for students. Mrs. Anderson is the chairman and standing member of the school's Positive Behavior Support Team which facilitates data management regarding behavior and attendance and organizes behavioral incentives to increase student engagement.

2. Describe the process through which school leadership identifies and aligns all available resources (e.g., personnel, instructional, curricular) in order to meet the needs of all students and maximize desired student outcomes. Include the methodology for coordinating and supplementing federal, state and local funds, services and programs. Provide the person(s)

responsible, frequency of meetings, how an inventory of resources is maintained and any problem-solving activities used to determine how to apply resources for the highest impact.

-- The Leadership / Grade Level Teams review the previous year's formative and summative data sources to determine the effectiveness of core instruction and the students in need of intervention. Those functioning in reading below grade level are systematically assigned to Tier II reading interventions based upon the data available and teacher input. All other students are assigned to reading groups designed to enhance and build upon existing reading skills. Both groups meet during the same time period each day. These services are in addition to the 120 minute reading block.

-- On at least a quarterly basis, the Leadership Team reviews reading progress monitoring data on all students to determine the effectiveness of the intervention or enrichment group. Changes in assignment to intervention or enrichment group may occur. Additional interventions may be added for students determined to be in need of more support. Support materials are provided to the teachers based upon student need.

For math, the Leadership reviews the data available and determines the lowest 25% of students in need of intervention. Support materials are provided to the teachers and student progress is monitored on at least a quarterly basis by the Leadership Team. Additional Tiers of intervention may be added as determined by the data.

Title I, Part A

Title I, Part A, funds school-wide services to Ben Hill Griffin, Jr. Elementary School. The Title I funds provide supplemental instructional resources and interventions for students with academic achievement needs. This program supports before-school and summer instructional programs, supplemental instructional materials, resource teachers, technology for students, professional development for the staff, and resources for parents. The district coordinates with Title II and Title III to ensure that staff development needs are addressed accordingly.

Title I, Part C- Migrant

Migrant students enrolled in Ben Hill Griffin, Jr. Elementary School will be assisted by the school and by the District Migrant Education Program (MEP). Students will be prioritized by the MEP for supplemental services based on need and migrant status. MEP Teacher Advocates, assigned to schools with high percentages of migrant students, monitor the progress of these high need students and provide or coordinate supplemental academic support. Migrant Home-School Liaisons identify and recruit migrant students and their families for the MEP. They provide support to both students and parents in locating services necessary to ensure the academic success of these students whose education has been interrupted by numerous moves.

One migrant paraprofessional provides academic support to identified migrant students.

Title II

-- Professional development resources are available to all schools through Title II funds. In addition, School Technology Services provide technical support, technology training, and licenses for software programs and web-based access via Title II-D funds as made available. Funds available to Ben Hill Griffin, Jr. Elementary School are used for professional development.

Title III

Title III provides supplemental resources for English Language Learners (ELL) and their teachers in Title I schools, as well as professional learning opportunities for school staff. Our school has two ESOL paraprofessionals who provide academic support to students in the ESOL program.

Title X- Homeless

The Hearth program, funded through Title X, provides support for identified homeless students. Title I provides additional support for this program, and many activities implemented by the Hearth program are carried out in cooperation with the Migrant Education Program (MEP) funded through Title I, Part C.

Violence Prevention Programs

Ben Hill Griffin, Jr. Elementary School provides violence and drug prevention programs in order to

promote a safe school environment. Our school guidance counselor teaches a bullying prevention program (Be Cool) to all incoming third graders and reinforces at the beginning of each year with fourth and fifth graders.

Nutrition Programs

This school is a Community Eligibility Option (CEO) school. All students receive free breakfast and lunch regardless of income.

2. School Advisory Council (SAC)

a. Membership

Identify the name and stakeholder group for each member of the SAC.:

Name	Stakeholder Group
Patti McGill	Principal
Alice Johnson	Teacher
Mary Lou Perez	Education Support Employee
Michelle Hutto	Parent
Caroline Norris	Business/Community
Yolanda McMahon	Business/Community
Cindy Gonzalez	Parent
Rosa Avellaneda	Parent
Maria Moreno	Parent

b. Duties

1. Provide a description of the SAC's involvement with the following activities, as required by section 1001.452(2), Florida Statutes

a. Evaluation of last year's school improvement plan

The SAC will evaluate last year's school improvement plan at the first meeting of the year and will review goals met and goals to be continued into the 2016-17 school year.

b. Development of this school improvement plan

At the beginning of the school year, the SAC reviews in detail the school improvement plan and makes suggestions for improvement. Those suggestions are incorporated into the new school improvement plan. The SAC also reviews and offers recommendations for the Parent Involvement Plan.

c. Preparation of the school's annual budget and plan

The SAC will review the school budget and consider any changes based on the previous year's school performance.

2. Describe the use of school improvement funds allocated last year, including the amount budgeted for each project.

N/A

3. Verify that the school is in compliance with section 1001.452, Florida Statutes, regarding the establishment requirements and duties of the SAC.

Yes

a. If the school is not in compliance, describe the measures being implemented to meet SAC requirements.

3. Literacy Leadership Team (LLT)

a. Membership

Identify the name and position title for each member of the school-based LLT or similar group, if applicable.:

Name	Title
McGill, Patti	Principal
Loveless, Lori	Other
Robarts, Leslie	Paraprofessional
Myers, Zina	Teacher, K-12
Moreno, Maria	Paraprofessional
Cruz, Ayla	Teacher, K-12
Landress, Katherine	Teacher, ESE
Hatton, Stella	Instructional Coach
Sloan, Cynthia	Teacher, K-12
Martin, Alethea	Teacher, K-12
Pitman, Kaley	Teacher, K-12

b. Duties

1. Describe how the LLT or similar group promotes literacy within the school, if applicable.

Provide teacher support on unpacking the Florida Language Arts Standards. Provide support to promote daily independent reading, both in school and out, to develop life-long readers.

Provide time to discuss reading instruction and concerns.

Offer suggestions to leadership team on management of iii and placement of students in appropriate iii groups.

D. Public and Collaborative Teaching

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. Â§ 6314(b)(1)(D).

1. Describe the school's strategies to encourage positive working relationships between teachers, including collaborative planning and instruction.

Our teachers are provided with common planning time daily in which they meet at least two times a week to implement the Florida Standards into their cross-curricular lesson planning. Professional Learning Communities also take place during this time to provide grade levels with the tools needed to successfully implement the Florida Standards.

This year our school has placed an emphasis on Collaborative Planning within the grade levels in which the members of the Leadership Team attend on a regular basis. Expectations and procedures were provided for the grade levels, including a pre-planning tool used to facilitate the process.

2. Describe the school's strategies to recruit, develop and retain highly qualified, certified-in-field, effective teachers to the school.

1. Encouraging paraprofessionals to obtain a teaching degree.
2. Mentoring new teachers
3. Partnering new teachers with veteran staff.

4. Seek professional development to constantly keep teachers abreast of the latest developments in education.
5. Using the Recruitment and Hiring System (RHS) to recruit applicants from all over the nation in order secure the highest quality teachers.
6. Host local college interns

3. Describe the school's teacher mentoring program, including the rationale for pairings and planned mentoring activities.

- Implementation of district mentoring program for teachers with 0-1 years experience.
- Pair new teachers with veteran teachers in the same grade level.
- Struggling teachers receive additional support
- Model lessons, provide coverage for classroom to allow teacher observation
- Technology Coaches within each grade level mentor and assist teachers with technical issues and curriculum integration.

E. Ambitious Instruction and Learning

1. Instructional Programs and Strategies

a. Instructional Programs

1. Describe how the school ensures its core instructional programs and materials are aligned to Florida's standards.

Teachers were provided in-depth professional development on effective implementation of the Florida Standards throughout the 2015-16 school year . Teachers will continue to follow the district-provided learning maps in order to ensure proper alignment with the Florida Standards. Our focus this year is implementing the standards effectively into classroom instruction.

b. Instructional Strategies

1. Describe how the school uses data to provide and differentiate instruction to meet the diverse needs of students. Provide examples of how instruction is modified or supplemented to assist students having difficulty attaining the proficient or advanced level on state assessments.

The FAIR assessment will be utilized to monitor student literacy levels, which will help determine Tier II and Tier III intervention placement. Math and Science Formative Assessments will be utilized to monitor student levels, which will help determine Tier II and Tier III intervention placement. Teachers will provide differentiated instruction on a daily basis in their regular classrooms as well as monitor student progress in the Tier II and Tier III intervention groups. STAR Early Literacy will be used to differentiate instruction for students who are below grade level.

2. Provide the following information for each strategy the school uses to increase the amount and quality of learning time and help enrich and accelerate the curriculum:

Strategy: Before School Program

Minutes added to school year: 5,400

Students will be identified through Go Math! Pre-requisite skills assessment and on-going progress monitoring and be provided remediation in these areas through small group tutoring.

Strategy Rationale

By providing supplemental instruction students needing additional support will be able to master their grade level standards.

Strategy Purpose(s)

- Core Academic Instruction
- Enrichment

Person(s) responsible for monitoring implementation of the strategy

Hatton, Stella, stella.hatton@polk-fl.net

Data that is or will be collected and how it is analyzed to determine effectiveness of the strategy

Progress monitoring for program effectiveness will be based on weekly formative and summative assessments. Teacher feedback will also be considered for evaluative measures.

2. Student Transition and Readiness

a. PreK-12 Transition

The school's response to this question may be used to satisfy the requirements of 20 U.S.C. Â§ 6314(b)(1)(G).

1. Describe the strategies the school employs to support incoming and outgoing cohorts of students in transition from one school level to another.

We host a Shadow Day for our feeder school students to tour the school campus and visit teacher classrooms. Our fifth grade students attend an orientation to facilitate the sixth grade transition at the middle school.

Teachers engage in vertical articulation throughout the school year to discuss best practices and standards-aligned instruction.

b. College and Career Readiness

1. Describe the strategies the school uses to advance college and career awareness, which may include establishing partnerships with business, industry or community organizations.

This section is required for schools with grades 9, 10, 11 or 12.

N/A

2. Identify the career and technical education programs available to students and industry certifications that may be earned through those respective programs.

N/A

3. Describe efforts the school has taken to integrate career and technical education with academic courses (e.g., industrial biotechnology) to support student achievement.

N/A

4. Describe strategies for improving student readiness for the public postsecondary level based on annual analysis of the [High School Feedback Report](#), as required by section 1008.37(4), Florida Statutes.

N/A

II. Needs Assessment

The school's completion of this section may satisfy the requirements of 20 U.S.C. Â§ 6314(b)(1)(A).

A. Problem Identification

1. Data to Support Problem Identification

b. Data Uploads

Data uploads are not required by the Florida Department of Education but are offered as a tool for the needs assessment. In this section, the school may upload files of locally available data charts and graphs being used as evidence of need.

The following documents were submitted as evidence for this section:

No files were uploaded

2. Problem Identification Summary

This section is not required by the Florida Department of Education but is provided as an opportunity for the school to summarize the points of strength and areas of need that have been identified in the data.

Student percentile rank scores on the FSA reveal that the instructional focus areas addressed through our 2015-16 SIP helped to build a foundation toward success with the Florida Standards. By developing these areas even further and concentrating on providing rigorous, in-depth instruction, our students will be able to gain the knowledge necessary to increase performance.

B. Problem Analysis Summary

This section is not required by the Florida Department of Education but is provided as an opportunity for the school to summarize the underlying "why" or root causes for the areas of need identified in the data, as determined by situational awareness of, and research conducted by, the stakeholders involved in the needs assessment.

Throughout the years, data patterns have revealed an increase in one particular subject area with a simultaneous decrease in others. Given the areas for improvement of our student population, our objective is to continue our focus in reading and writing while also supporting our efforts in math and science.

C. Strategic Goals

School Improvement Goals

The following key is intended to help readers understand how the sections of this document correspond to the steps of the 8-step planning and problem-solving framework used in the School Improvement Plan. The Quick Key numbers can help registered users go directly to the point of entry for any given goal, barrier and strategy within the online survey.

Action Plan for Improvement

For each strategy selected in the plan to reduce a targeted barrier to a strategic goal, this section lists the rationale for that strategy (i.e., why the school believes it will reduce the barrier) and the action steps that have been identified as necessary to implementing the strategy, including details such as the point person, timing and duration, and evidence of completion. At the end of each set of action steps is the plan for monitoring the implementation and effectiveness of the respective strategy.
