**Note:** The school grades calculation was revised substantially for the 2014-15 school year to implement statutory changes made by the 2014 Legislature and incorporate the new Florida Standards Assessments. The 2014-15 school grades serve as informational baseline data that schools can use to improve in future years.

### School Board Approval

This plan was approved by the Marion County School Board on 1/24/2017.

### SIP Authority and Template

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a school improvement plan (SIP) for each school in the district.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F or a monitoring status of "Former F" (see page 4). For all other schools, the district may use a template of its choosing. All districts must submit annual assurances that their plans meet statutory requirements.

This document was prepared by school and district leadership using the Florida Department of Education's school improvement planning web application located at <https://www.floridacims.org>.

## Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. A corollary at the district level is the District Improvement and Assistance Plan (DIAP), designed to help district leadership make the necessary connections between school and district goals in order to align resources. The Florida Department of Education encourages schools to use the SIP as a “living document” by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the “Date Modified” listed in the footer.

### Part I: Current School Status

Part I organizes the current status of the school around five domains inspired by the 5Essentials framework: Supportive Environment, Family and Community Involvement, Effective Leadership, Public and Collaborative Teaching, and Ambitious Instruction and Learning. Questions regarding the school’s Multi-Tiered System of Supports have been embedded throughout this part to demonstrate how data is used by stakeholders to understand the needs of all students and allocate appropriate resources in proportion to those needs.

### Part II: Needs Assessment

Part II requires the school to review performance and early warning systems data in order to develop strategic goals and associated data targets (i.e., “SMART goals”) for the coming school year in context of the school’s greatest strengths and needs. An online tool was developed, which includes data visualizations and processing questions to support problem identification, problem analysis and strategic goal formulation.

### Part III: 8-Step Planning and Problem Solving for Implementation

Part III enables the school to develop implementation plans for its highest-priority goals. With the overview of the current state of the school in mind and the strategic goals identified through the needs assessment, the planning team engages in a facilitated planning and problem-solving process, through which they

- Define strategic goals and establish targets to be reached by successfully achieving the goals (Step 1)
- Identify barriers that could hinder achieving those goals and resources that could be used to eliminate or reduce barriers (Step 2)
- Select high-priority barriers they want to address initially (Step 3)
- Design implementation and monitoring plans for strategies to resolve selected barriers (Steps 4-7)
- Determine how they will monitor progress toward each goal (Step 8)

### Appendices

The following appendices, automatically-generated from content entered in Part III, are included in this document:

- Appendix 1 is a timeline of all action steps and monitoring activities
- Appendix 2 is an outline of all professional development opportunities and technical assistance items
- Appendix 3 is a report of the budget needed to implement the strategies

## Differentiated Accountability

Florida's Differentiated Accountability (DA) system, established in [section 1008.33, Florida Statutes](#), is a statewide network of strategic support, differentiated by need according to performance data, provided to districts and schools in order to improve leadership capacity, teacher efficacy, and student outcomes. Through a data-driven planning and problem-solving process, DA field teams collaborate with district leadership to design, implement, and refine strategic goals and action plans that are documented in the SIP.

### DA Regions

Florida's DA network is divided into four geographical regions, each served by a field team led by a regional executive director (RED).

### DA Categories

At the start of each academic year, traditional schools are classified for DA support in three categories based on the most recent school grades data available. Descriptions of each DA category along with the state support and interventions provided are set forth by [Rule 6A-1.099811, Florida Administrative Code](#):

- Not in DA – currently A, B, or C and not Monitoring Only; charter schools; ungraded schools
- Monitoring Only – currently A, B, or C that improved from a previous grade of F
- Focus – currently D
- Priority – currently F

### DA Turnaround and Monitoring Statuses

Additionally, schools in DA may be subject to a turnaround status of "Planning" or "Implementing" or a monitoring status of "Former F." These statuses are based on a school's grades history, including the current school grade:

- Former F - A school with a status of "Former F" requires the department to monitor the implementation of strategies and progress toward the goals outlined in the school improvement plan for three years following the school's improvement from a grade of F to a C or higher.
- Planning - A school with a status of "Planning" requires the district to engage stakeholders in the development of a turnaround option plan to be implemented in the following year should the school grade not improve to a C or higher.
- Implementing - A school with a status of "Implementing" requires the district to submit a turnaround plan to the State Board of Education for approval and implementation. A school remains in "Implementing" status until its school grade improves to a C or higher.

## I. Part I: Current School Status

### A. Supportive Environment

#### 1. School Mission and Vision

##### a. Provide the school's mission statement.

Shady Hill Elementary is dedicated to creating an environment where all children, regardless of differences, will be able to succeed academically, physically, and emotionally to the best of their ability. We are dedicated to excellence in education so that each child will become a productive citizen in an ever-changing world.

##### b. Provide the school's vision statement.

Our vision is to provide a happy, caring, and a stimulating environment where children will recognize and achieve their fullest potential, so that they can make the best contribution to society.

#### 2. School Environment

##### a. Describe the process by which the school learns about students' cultures and builds relationships between teachers and students.

Relationships with students begin with our annual Meet the Teacher event. All students are encouraged to attend. Our school also holds an Open House so that parents can come in to see the classrooms and hear about classroom procedures as well as information about the curriculum. Also, the teachers at Shady Hill are very accommodating to students and parents. They frequently call parents and keep them informed on the progress of their children. Parents are encouraged to come in for conferences often. Our teachers will do whatever it takes to make parents feel welcome at our school. Teachers make every effort to allow students to engage in conversations about their different cultures. Teachers incorporate multicultural activities into their lesson plans and they find opportunities to celebrate the different cultures that are represented in their classroom and outside of the classroom.

##### b. Describe how the school creates an environment where students feel safe and respected before, during and after school.

Safety is our number one priority at Shady Hill Elementary. Our well-established procedures and constant supervision of students, and the fact that the perimeter of our school is gated, make Shady Hill a safe environment for our school. The adults on our campus have respect for all students. We listen to students and use every opportunity as a teaching opportunity. Before school, when students are dropped off either by bus or car, they are allowed to go to four different places: cafeteria, Media Center, or either of the two computer labs. Students are supervised in each of these locations until the bell rings. At that time, students are dismissed and sent to class. There are ample people including both administrators, who are out on duty making sure all students get to class. Similar procedures are in place in the afternoon, with the campus covered in people supervising students. Teachers must walk students to buses, place them on the correct bus, then walk their car riders and extended day students to the appropriate location. Students are supervised at car duty until all are picked up. Shady Hill also has procedures set up during the day to ensure student safety. All students must have a buddy when traveling on campus. They are never allowed to travel alone, even though the campus is gated. We have a dean of discipline who takes a proactive approach in keeping students safe by communicating with students the importance of following the rules. He also communicates to students what their rights are and informs them of what to do if anyone is bullying them or if anyone is preventing them from feeling safe. Our school also has a Positive Behavior Support program in place which rewards students for following school and classroom rules.

**c. Describe the schoolwide behavioral system in place that aids in minimizing distractions to keep students engaged during instructional time. This may include, but is not limited to, established protocols for disciplinary incidents, clear behavioral expectations, and training for school personnel to ensure the system is fairly and consistently enforced.**

Shady Hill uses a Positive Behavior Support System. This begins with school-wide expectations and with rules by location. Our students practice the Big Three: Do What's Right, Do Your Best, and Treat Others the Way You Want to Be Treated. Students are reminded of this on the morning show each day and also throughout the day by teacher and other staff members. Rules by location are posted in the hallways, Media Center, Cafeteria, etc. The expectations are clear and students are aware of the consequence for breaking rules. All teachers carry around Colt Cash and reward students when necessary. Students have the opportunity to spend the cash at a PBS store.

**d. Describe how the school ensures the social-emotional needs of all students are being met, which may include providing counseling, mentoring and other pupil services.**

Our school, like other schools in our county has a problem-solving team that meets regularly to discuss the needs of our students. In order for students to learn, their social-emotional needs must be met. The team may consist of the Assistant Principal, Guidance Counselor, School Psychologist, Behavior Specialist, Dean of Students, Social Worker, and often times the Speech/Language Pathologist or other related service specialist. If a student has a need often times the Problem Solving Team meets to discuss how to best help the student, or the Guidance Counselor may speak to the student. The Guidance Counselor may bring in the Assistant Principal or other members of the team as needed. Our Social Worker is used to visit homes and offer resources that may help the child's social-emotional needs be met. Collectively, we help to provide services and assistance to families whose children need assistance. The strong communication skills of the team is the key ingredient to helping students. "Project About School Safety" (PASS) is a new program that will provide preventive mental health services to our students as a collaborative effort within the Multi-Tiered System of Supports (MTSS). This program is part of a the ISF grant through the University of Florida. The goal of this school-community collaborative model is to improve school climate and safety, reduce discipline problems, reduce exposure to bullying, and improve student mental health and behavioral health.

### 3. Early Warning Systems

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. Â§ 6314(b)(1)(B)(ii)(III), (b)(1)(B)(iii)(I), and (b)(1)(I).

**a. Describe the school's early warning system and provide a list of the early warning indicators used in the system.**

Early Warning Systems are used to identify students at risk of not graduating from high school or not being prepared for college-level work. These are identified as early as elementary school and are brought to the forefront of school teams who work to assist students in being successful. There are several indicators that schools look for to identify students who are or will be in need of special supports or services. Our school's Synergy Team works together to identify these students.

% of students in each indicator

Attendance below 90% 10%

One or more suspensions - 5%

Course failure in ELA or Math - 20%

Level 1 score on the FSA in ELA or Math

**b. Provide the following data related to the school's early warning system**

**1. The number of students by grade level that exhibit each early warning indicator:**

Indicator	Grade Level													Total
	K	1	2	3	4	5	6	7	8	9	10	11	12	
Attendance below 90 percent	7	10	11	12	12	8	0	0	0	0	0	0	0	60
One or more suspensions	3	2	5	6	8	8	0	0	0	0	0	0	0	32
Course failure in ELA or Math	18	21	22	25	24	16	0	0	0	0	0	0	0	126
Level 1 on statewide assessment	0	0	0	16	0	0	0	0	0	0	0	0	0	16
	0	0	0	0	0	0	0	0	0	0	0	0	0	

**The number of students identified by the system as exhibiting two or more early warning indicators:**

Indicator	Grade Level													Total
	K	1	2	3	4	5	6	7	8	9	10	11	12	
Students exhibiting two or more indicators	7	8	9	30	20	16	0	0	0	0	0	0	0	90

**c. Describe all intervention strategies employed by the school to improve the academic performance of students identified by the early warning system.**

All students are screened at the end of the year. Students in grades 3-5 were placed in an intervention group according to their weaknesses. Intervention for all students is 45 minutes a day. All 3-5 intervention students have interventions at the same time in the morning. All K-2 interventions students have interventions at the same time in the morning. Students with two or more EWS indicators will be invited to attend before school and after school tutoring sessions.

## B. Family and Community Engagement

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. Â§ 6314(b)(1)(B)(iii)(I)(aa).

**1. Describe how the school works at building positive relationships with families to increase involvement, including efforts to communicate the school's mission and vision, and keep parents informed of their child's progress.**

Title I schools use the Parent Involvement Plan (PIP) to meet the requirements of 20 U.S.C. Â§ 6314(b)(1)(F).

**a. Will the school use its PIP to satisfy this question?**

Yes

**1. PIP Link**

The school completes a Parental Involvement Plan (PFEP), which is accessible through the Continuous Improvement Management System (CIMS) at <https://www.floridacims.org/documents/313495>.

**2. Description**

A PIP has been uploaded for this school or district - see the link above.

**2. Describe the process by which the school builds and sustains partnerships with the local community for the purpose of securing and utilizing resources to support the school and student achievement.**

We encourage parents/families to come to the school and get involved as a volunteer. Often times, the families help us to develop partnerships with local businesses and help us connect with individuals who want to better the education for our students. We also have Signature Brands for our business partner. They are invited to the school each year during Career Day and also, provide the school with items

needed for our Fall Carnival and other items for the classroom. We also recognize families that may donate to our school by placing their name at the front of the school. Monies are used to purchase teacher resources, manipulatives for students, and other items that are used in the classroom.

## C. Effective Leadership

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. Â§ 6314(b)(1)(H).

### 1. School Leadership Team

#### a. Membership

Identify the name, email address and position title for each member of the school leadership team.:

Name	Title
Bennett, Ryan	Principal
Mulvey, Anthony	Dean
Magamoll, Allison	Other
Lafferty, Shanon	Assistant Principal
Denesha, Amy	School Counselor

#### b. Duties

##### ***1. Describe the roles and responsibilities of the members, including how they serve as instructional leaders and practice shared decision making.***

School Based Leadership Team including Dean of Students, Guidance Counselor, Asst. Principal, Principal, one teacher representative from each grade level:

Establish, communicate and build consensus among the staff.

Establish school policies.

Allocate school resources and support.

Engage in ongoing collaborative data-based problem solving. Utilize data to monitor, evaluate, and add to school policies, procedures, and processes.

Administration:

To develop a continuum of intervention supports which are readily accessible as soon as a student is indicated as at risk or off track.

Develop effective intervention plans.

Provide prevention supports which act to prevent students from becoming disengaged or developing skills deficits.

District Reading Coach:

Coaches will serve as a full time professional developer as a member of a school's district support team. The coaches will collaborate with members of the district support team to generate improvement in reading.

Behavior Specialist:

Assist with monitoring and problem solving behavior related issues. The behavior specialist will be a resource for our PBS program. The behavior specialist will attend Tier 2 problem solving meetings as well as participate in Tier 3 PST meetings.

RCS:

Will support and provide initial and/or ongoing professional development to teachers and school based administrators in developing IEP's. Provide suggestions for recommended strategies for the differentiated instruction of SWD's.

Psychologist:

Maintain a strong and consistent focus on district/schools mission, vision, and goals. Support the development of effective teams and works collaboratively with all team members at the school level.

**2. Describe the process through which school leadership identifies and aligns all available resources (e.g., personnel, instructional, curricular) in order to meet the needs of all students and maximize desired student outcomes. Include the methodology for coordinating and supplementing federal, state and local funds, services and programs. Provide the person(s) responsible, frequency of meetings, how an inventory of resources is maintained and any problem-solving activities used to determine how to apply resources for the highest impact.**

Shady Hill's MTSS leadership team will meet weekly to discuss most recent data, tier 2 and tier 3 students and observations of tier 1 core curriculum being taught in classrooms. Team members will discuss resources available to teachers and staff.

Title I Part A - Services are provided to ensure students requiring additional remediation (outside of the Intervention block and regular reading block) are assisted through after-school programs or summer school. The district coordinates with Title II and Title III in ensuring staff development needs are provided.

Title I – Part C – Migrant Program:

District funds are used to purchase:

- School supplies,
- Fund a Migrant Liaison that works with schools and families to identify students and provide need referrals for families

Referrals to After School Tutorial Program to improve grades, increase promotion, improve attendance and reduce the dropout rate.

Families must meet the federal eligibility to participate in the program.

Title I –Part D- We use much of our Title I dollars for staff development, tutoring our low performing students, hiring a reading coach to assist our teachers, as well as hiring several para professionals to give additional assistance to our students.

Title II – Part A: - District provides staff development activities to improve basic educational programs and to assist administrators and teachers in meeting highly qualified status.

Title III – Part A: Services are provided through the District, for education materials and ELL district support services on an as needed basis to improve the education of immigrant and English Language Learners.

Title X: District Homeless Social Worker provides resources (Clothing, school supplies, social services referrals....) for students identified homeless under the McKinney-Vento Act to eliminate barriers for a free and appropriate education.

Supplemental Academic Instruction (SAI)

Dropout prevention and academic intervention programs are funded through the Florida Education Finance Program (FEFP) and Supplemental Academic Instruction categorical funds. School districts have flexibility in how SAI funds may be expended as long as dollars are used to help students gain at least a year of knowledge for each year in school and to help students not be left behind.

Supplemental instruction strategies may include, but are not limited to (modified curriculum, reading instruction, after-school instruction, tutoring, mentoring, class size reduction, extended school year, intensive skills development in summer school and other methods to improve student achievement.

Exceptional Student Education: The Florida Diagnostic Learning Resource System is funded through EHA-Part B as amended by PL94-142, to provide Support Services to Exceptional Student Education Programs.

Vocations Education: Proposals are submitted annually to enhance selected Vocational Programs for regular, disadvantaged and handicapped students in grades 7-12.

Health Department: District and schools coordinate with the Health Department for Absences Programs, Asthma Programs and Nurses that oversee school health clinics.

Head Start: Pre-Kindergarten program offered at selected school sites

Voluntary Pre-Kindergarten Program: State funded Pre-K program offered at select school sites during the school year and summer.

Law Enforcement-Ocala Police Department and Marion County Sheriff's Department: Bike Safety Week, Walk your Child to School....

Other agencies that you may be collaborating with for various programs:

Marion County Children's Alliance

Education Foundation

Early Learning Coalition of Marion County

## 2. School Advisory Council (SAC)

### a. Membership

Identify the name and stakeholder group for each member of the SAC.:

Name	Stakeholder Group
Ryan Bennett	Principal
Anthony Mulvey	Teacher
Donna Cress	Business/Community
Diana Scroggie	Parent
Christy Davies	Teacher
Allison Magamoll	Teacher
Ashley Gray	Parent
Chandra Kiner	Parent
Jessica Turley	Parent
Tracy Schmitt	Parent
Robert Branch	Parent
Angela Brown	Teacher
Cathy Dodson	Teacher
Debbie Pace	Teacher
Troy Grant	Teacher
Shanon Lafferty	Education Support Employee

### b. Duties

**1. Provide a description of the SAC's involvement with the following activities, as required by section 1001.452(2), Florida Statutes**

*a. Evaluation of last year's school improvement plan*

Stakeholders will review last year's plan and the effects of programs that were put into place. Data will be reviewed and changes will be determined based on that data.

*b. Development of this school improvement plan*

The SAC committee reviews data, assess goals, evaluates success of strategies, brainstorms and develops new strategies to raise student success. This input is used in the writing of the School Improvement Plan.

*c. Preparation of the school's annual budget and plan*

The SAC approves each portion of the budget at the end of the previous year. Budget items are requested based on the direct needs of the school/students.

**2. Describe the use of school improvement funds allocated last year, including the amount budgeted for each project.**

School improvement funds will be allocated for the following resources:

Technology and family nights - \$13,816

Hire paraprofessionals and teachers - \$93,602

After-school tutoring, Book Study, and Kagan training - \$15,532

**3. Verify that the school is in compliance with section 1001.452, Florida Statutes, regarding the establishment requirements and duties of the SAC.**

Yes

*a. If the school is not in compliance, describe the measures being implemented to meet SAC requirements.*

**3. Literacy Leadership Team (LLT)**

**a. Membership**

Identify the name and position title for each member of the school-based LLT or similar group, if applicable.:

Name	Title
Bennett, Ryan	Principal
Magamoll, Allison	Instructional Coach
Mulvey, Anthony	Dean
Kee, Donna	School Counselor
Lafferty, Shanon	Assistant Principal
Denesha, Amy	School Counselor

**b. Duties**

**1. Describe how the LLT or similar group promotes literacy within the school, if applicable.**

Implementing high yield strategies and supporting the teachers in implementing the reading series with fidelity. The LLT also provides staff development to teachers which incorporates effective strategies. The LLT also monitors our K-5 intervention groups to ensure that these groups are run with fidelity.

**D. Public and Collaborative Teaching**

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. Â§ 6314(b)(1)(D).

**1. Describe the school's strategies to encourage positive working relationships between teachers, including collaborative planning and instruction.**

The Master Schedule was built this year with collaboration as a priority. Most teachers have common planning time daily which allows for collaboration to take place each day. Once a month, teachers meet

with the administrative team to participate in Professional Development and PLC's. The other days are designated as grade level collaboration, subject-area collaboration, or lesson planning.

**2. Describe the school's strategies to recruit, develop and retain highly qualified, certified-in-field, effective teachers to the school.**

1. District electronic application process allows candidates to apply for positions from across the nation.
2. Qualified teachers are selected for an interview.
3. Highly-qualified teachers are interviewed and selected.
4. District training for new teachers. Dianna Thompson; on-going
5. Teacher mentor program for teachers new to the profession and new to the school. Administration; on-going.
6. Provide new teachers a mentor in their grade level.

**3. Describe the school's teacher mentoring program, including the rationale for pairings and planned mentoring activities.**

New teachers are given mentors. Teachers are given support if they are new to teaching or new to a grade level. Grade levels meet on a weekly basis: discuss grade level curriculum/planning, share best practices, discuss strategies for raising student achievement, data review for differentiated instruction. Our Professional Development Specialist will model instruction and assist teachers with planning if needed. Mentee's provide extra support to teachers new to a grade level.

## **E. Ambitious Instruction and Learning**

### **1. Instructional Programs and Strategies**

#### **a. Instructional Programs**

***1. Describe how the school ensures its core instructional programs and materials are aligned to Florida's standards.***

Over the summer, several teachers worked at the district level to review the standards.

All teachers were trained at the beginning of the year on the new standards.

Curriculum Maps which include the Florida Standards were given to all teachers.

Classroom walk-throughs and review of lesson plans ensure that the standards are being implemented

Student assessment results should directly correlate to the mastering of the standards.

Ongoing training for ALL teachers will continue throughout the year.

Teachers will unwrap the standards with their teams.

Teachers have access to all of Florida Standards and are able to match them up with current curriculum used in our county, as well as additional resources. 3-5 ELA teachers will participate in the DBQ projects which are tied to the standards.

#### **b. Instructional Strategies**

***1. Describe how the school uses data to provide and differentiate instruction to meet the diverse needs of students. Provide examples of how instruction is modified or supplemented to assist students having difficulty attaining the proficient or advanced level on state assessments.***

There are several pieces of data that are analyzed to make instructional-based decisions. Teachers use their weekly assessments as well as performance-based tasks and Formative Assessment.

Teacher adjust their teaching daily depending on the success of their students. Teachers differentiate their instruction daily in all subject areas by offering choices to students in the classroom. Students

work on the same skill at varying levels so that they can experience success no matter how high a student is or how much a student struggles. The teachers use strategies from the Differentiated Instruction training they received. Teachers are also able to modify and differentiate instruction using Kagan Strategies in the classroom.

**2. Provide the following information for each strategy the school uses to increase the amount and quality of learning time and help enrich and accelerate the curriculum:**

**Strategy:** Before School Program

**Minutes added to school year:** 0

Students not needing an academic intervention for Reading will be placed into an enrichment group at the start of the school day for grades 3-5, and mid morning for students in K-2. This enrichment takes place daily for 45 minutes.

**Strategy Rationale**

The rationale for this is to enrich the students by expanding on what is being taught in our core academic instruction. Teachers are able to go above and beyond the standard curriculum in order to provide acceleration for higher achieving students.

**Strategy Purpose(s)**

- Core Academic Instruction
- Enrichment
- Teacher collaboration, planning and professional development

**Person(s) responsible for monitoring implementation of the strategy**

Magamoll, Allison, allison.magamoll@marion.k12.fl.us

**Data that is or will be collected and how it is analyzed to determine effectiveness of the strategy**

We analyze our AIMsweb and Learning Check data, as well as Formative Assessment data to determine if the program is successful.

**2. Student Transition and Readiness**

**a. PreK-12 Transition**

The school's response to this question may be used to satisfy the requirements of 20 U.S.C. Â§ 6314(b)(1)(G).

**1. Describe the strategies the school employs to support incoming and outgoing cohorts of students in transition from one school level to another.**

Title I District office provides a Title I Pre-K/VPK program on our campus. All students are fully integrated into the school thus helping them transition to Kindergarten. In addition information is provided to our parents from the Title I Office on the HIPPY (Home Instruction for Parents of Preschool Youngsters) program.

MCPS also provides a Summer VPK Program for all eligible Pre-K students.

FLKRS and ECHOS administered to kindergarteners within the first 30 days to evaluate the effectiveness of these our Pre-K programs.

Kindergarten registration kicked off in April continued throughout the summer.

Marion County Public Schools coordinated with Childhood Development Services Inc. and the Early

Learning Coalition to get Pre-K students registered for Kindergarten in April. A school based week long Kindergarten Round Up is planned for the Spring and is advertised through community based flyers, letters sent home with current students, and a Connect 5 message sent out. A special orientation is provided to all parents of kindergarten students to give them information regarding school policies and procedures to help orient them to the school. STAGGER START is a district initiative to assist kindergarten students in transitioning into local elementary schools. The primary focus of stagger start is to give the staff the opportunity to administer assessments, including FLKRS, and begin to develop one-on-one relationships with students.

Students who transfer to us within the district are easily monitored using systems we have in place that are consistent from school to school. Data is transferred in Performance Matters and through our Student Management System. When schools receive records, we have additional progress monitoring data that assists us in making placement decisions for students. School administrators also network in order to provide consistent instruction to students.

## **b. College and Career Readiness**

### ***1. Describe the strategies the school uses to advance college and career awareness, which may include establishing partnerships with business, industry or community organizations.***

Marion County Public Schools implements standards provided by the state that are set to prepare students for success and make them competitive in the global workplace. Each Florida Standard provides clear expectations for the knowledge and skills students need to master in each grade (K-12) and subject so they will be prepared to succeed in college, careers and life. Each year we have Career day to expose students to professions in our community.

### ***2. Identify the career and technical education programs available to students and industry certifications that may be earned through those respective programs.***

N/A

### ***3. Describe efforts the school has taken to integrate career and technical education with academic courses (e.g., industrial biotechnology) to support student achievement.***

The Florida Standards supports the implementation of the skills and knowledge necessary for success in STEM related experiences. Marion County Public Schools implements the Florida Standards which consist of:

- A curriculum driven by problem-solving, discovery and exploratory learning that requires students to actively engage a situation in order to find its solution.
- Innovative instruction allows students to explore greater depths of all of the subjects by utilizing the skills learned.
- Independent and collaborative research projects embedded in the curricula.
- Collaboration, communication, and critical thinking skills threaded throughout the curricula.
- Real-world, problem-based applications.
- Content rich instruction

### ***4. Describe strategies for improving student readiness for the public postsecondary level based on annual analysis of the [High School Feedback Report](#), as required by section 1008.37(4), Florida Statutes.***

N/A

## **II. Needs Assessment**

The school's completion of this section may satisfy the requirements of 20 U.S.C. Â§ 6314(b)(1)(A).

## A. Problem Identification

### 1. Data to Support Problem Identification

#### b. Data Uploads

Data uploads are not required by the Florida Department of Education but are offered as a tool for the needs assessment. In this section, the school may upload files of locally available data charts and graphs being used as evidence of need.

The following documents were submitted as evidence for this section:

*No files were uploaded*

### 2. Problem Identification Summary

This section is not required by the Florida Department of Education but is provided as an opportunity for the school to summarize the points of strength and areas of need that have been identified in the data.

NA

## B. Problem Analysis Summary

This section is not required by the Florida Department of Education but is provided as an opportunity for the school to summarize the underlying "why" or root causes for the areas of need identified in the data, as determined by situational awareness of, and research conducted by, the stakeholders involved in the needs assessment.

## C. Strategic Goals

## School Improvement Goals

*The following key is intended to help readers understand how the sections of this document correspond to the steps of the 8-step planning and problem-solving framework used in the School Improvement Plan. The Quick Key numbers can help registered users go directly to the point of entry for any given goal, barrier and strategy within the online survey.*

### Problem Solving Key

**G** = Goal

**B** =  
Barrier

**S** = Strategy

 = Problem Solving Step     S123456 = Quick Key

## Strategic Goals Summary

- G1.** Our staff will promote parental involvement to increase the academic success of our students.
- G2.** To differentiate instruction utilizing professional development, teacher collaboration, and student engagement, which will result in increased student achievement.

## Strategic Goals Detail

*For each strategic goal, this section lists the associated targets (i.e., "SMART goals"), targeted barriers to achieving the goal, resources available to help reduce or eliminate the barriers, and the plan for monitoring progress toward the goal.*

**G1.** Our staff will promote parental involvement to increase the academic success of our students. 1a

G087389

**Targets Supported** 1b

Indicator	Annual Target
District Parent Survey	85.0

**Targeted Barriers to Achieving the Goal** 3

- Lack of parental involvement in school due to an increase in parents working during the day.

**Resources Available to Help Reduce or Eliminate the Barriers** 2

•

**Plan to Monitor Progress Toward G1.** 8

Periodically re assess effectiveness of parent events at night and look at participation data to determine next step.

**Person Responsible**

Ryan Bennett

**Schedule**

Monthly, from 8/29/2016 to 5/22/2017

**Evidence of Completion**

Evidence will include parent sign in sheets and skyward participation data from district.

**G2.** To differentiate instruction utilizing professional development, teacher collaboration, and student engagement, which will result in increased student achievement. 1a

G087390

**Targets Supported** 1b

Indicator	Annual Target
AMO Math - All Students	89.0
AMO Reading - All Students	85.0
FCAT 2.0 Science Proficiency	80.0

**Targeted Barriers to Achieving the Goal** 3

- Lack of teacher collaboration
- Lack of standards based planning
- Lack of quality professional development with differentiate instruction
- Students lack basic foundational reading skills
- Students lack basic science foundational concepts and common science terminology background
- Getting all students who need the program scheduled without taking away from core academic subject areas
- Lack of technology
- Students lack basic math facts and common terminology background

**Resources Available to Help Reduce or Eliminate the Barriers** 2

- Lead Teachers
- SRA Reading Laboratory 2.0
- More planning time
- IXL Science and Math computer program
- Reading Mastery and EIR will be used for K-2 Intervention programs
- Intervention teacher will use Corrective Reading with students who test into the program

**Plan to Monitor Progress Toward G2.** 8

The percentage of teachers who earn a Highly Effective rating in the area of Differentiated Instruction.

**Person Responsible**

Ryan Bennett

**Schedule**

Monthly, from 9/5/2016 to 5/25/2017

**Evidence of Completion**

## Action Plan for Improvement

*For each strategy selected in the plan to reduce a targeted barrier to a strategic goal, this section lists the rationale for that strategy (i.e., why the school believes it will reduce the barrier) and the action steps that have been identified as necessary to implementing the strategy, including details such as the point person, timing and duration, and evidence of completion. At the end of each set of action steps is the plan for monitoring the implementation and effectiveness of the respective strategy.*

### Problem Solving Key

**G** = Goal                      **B** =  
Barrier                      **S** = Strategy

**1** = Problem Solving Step       S123456 = Quick Key

**G1.** Our staff will promote parental involvement to increase the academic success of our students. **1**

 G087389

**G1.B1** Lack of parental involvement in school due to an increase in parents working during the day. **2**

 B232270

**G1.B1.S1** Provide opportunities for parents to be involved during after-school hours. **4**

 S245124

### Strategy Rationale

Parental involvement impacts student achievement. By providing academic workshops, parent-teacher conferences, family reading nights and other extra curricular activities in the evening parents will become more involved in the school community.

### Action Step 1 **5**

Increase involvement by providing opportunities for parents to attend night events at the school.

 B232273

**G2.B3.S1** Teachers will be provided with professional development opportunities to learn to plan and implement lessons that target the students' varying modalities. 4

 S245129

### Strategy Rationale

To provide effective planning thorough professional development to our teachers

## Action Step 1 5

Implement all professional development training for teachers targeted at differentiated instruction.

### Person Responsible

Shanon Lafferty

### Schedule

On 5/25/2017

### Evidence of Completion

Administrators will monitor the classroom implementation through the use of informal and formal walkthroughs and observations.

 B232275

**G2.B5.S1** Teachers in grades 2nd through 5th will implement the use of IXL Science with their students.

**4**

 S245131

**Strategy Rationale**

IXL Science is an adaptive learning curriculum that engages students interactively to learn science and reinforce science foundational concepts.

**Action Step 1** **5**

Teachers will utilize the IXL Science program daily with students in grades 2nd through 5th, Science Weekly Kindergarten through 2nd, and Acaletics grades 2 through 5.

**Person Responsible**

Shanon Lafferty

**Schedule**

Daily, from 8/10/2016 to 5/25/2017
