Grade	В	B*	С	С			

^{*}Informational Baseline School Grade

Note: The school grades calculation was revised substantially for the 2014-15 school year to implement statutory changes made by the 2014 Legislature and incorporate the new Florida Standards Assessments. The 2014-15 school grades serve as informational baseline data that schools can use to improve in future years.

School Board Approval

This plan is pending approval by the Dade County School Board.

SIP Authority and Template

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a school improvement plan (SIP) for each school in the district.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F or a monitoring status of "Former F" (see page 4). For all other schools, the district may use a template of its choosing. All districts must submit annual assurances that their plans meet statutory requirements.

This document was prepared by school and district leadership using the Florida Department of Education's school improvement planning web application located at https://www.floridaCIMS.org.

Table of Contents

Purpose and Outline of the SIP	4
Differentiated Accountability	5
Current School Status	6
Supportive Environment	6

Appendix 2: Professional Development and Technical Assistance Outlines	25
Professional Development Opportunities	25
Technical Assistance Items	26
Appendix 3: Budget to Support Goals	26

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. A corollary at the district level is the District Improvement and Assistance Plan (DIAP), designed to help district leadership make the necessary connections between school and district goals in order to align resources. The Florida Department of Education encourages schools to use the SIP as a "living document" by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the "Date Modified" listed in the footer.

Part I: Current School Status

Part I organizes the current status of the school around five domains inspired by the 5Essentials framework: Supportive Environment, Family and Community Involvement, Effective Leadership, Public and Collaborative Teaching, and Ambitious Instruction and Learning. Questions regarding the school's Multi-Tiered System of Supports have been embedded throughout this part to demonstrate how data is used by stakeholders to understand the needs of all students and allocate appropriate resources in proportion to those needs.

Part II: Needs Assessment

Part II requires the school to review performance and early warning systems data in order to develop strategic goals and associated data targets (i.e., "SMART goals") for the coming school year in context of the school's greatest strengths and needs. An online tool was developed, which includes data visualizations and processing questions to support problem identification, problem analysis and strategic goal formulation.

Part III: 8-Step Planning and Problem Solving for Implementation

Part III enables the school to develop implementation plans for its highest-priority goals. With the overview of the current state of the school in mind and the strategic goals identified through the needs assessment, the planning team engages in a facilitated planning and problem-solving process, through which they

- Define strategic goals and establish targets to be reached by successfully achieving the goals (Step 1)
- Identify barriers that could hinder achieving those goals and resources that could be used to eliminate or reduce barriers (Step 2)
- Select high-priority barriers they want to address initially (Step 3)
- Design implementation and monitoring plans for strategies to resolve selected barriers (Steps 4-7)
- Determine how they will monitor progress toward each goal (Step 8)

Appendices

The following appendices, automatically-generated from content entered in Part III, are included in this document:

- Appendix 1 is a timeline of all action steps and monitoring activities
- Appendix 2 is an outline of all professional development opportunities and technical assistance items
- Appendix 3 is a report of the budget needed to implement the strategies

Differentiated Accountability

Florida's Differentiated Accountability (DA) system, established in <u>section 1008.33</u>, <u>Florida Statutes</u>, is a statewide network of strategic support, differentiated by need according to performance data, provided to districts and schools in order to improve leadership capacity, teacher efficacy, and student outcomes. Through a data-driven planning and problem-solving process, DA field teams collaborate with district leadership to design, implement, and refine strategic goals and action plans that are documented in the SIP.

DA Regions

Florida's DA network is divided into four geographical regions, each served by a field team led by a regional executive director (RED).

DA Categories

At the start of each academic year, traditional schools are classified for DA support in three categories based on the most recent school grades data available. Descriptions of each DA category along with the state support and interventions provided are set forth by Rule 6A-1.099811, Florida Administrative Code:

- Not in DA currently A, B, or C and not Monitoring Only; charter schools; ungraded schools
- · Monitoring Only currently A, B, or C that improved from a previous grade of F
- Focus currently D
- Priority currently F

DA Turnaround and Monitoring Statuses

Additionally, schools in DA may be subject to a turnaround status of "Planning" or "Implementing" or a monitoring status of "Former F." These statuses are based on a school's grades history, including the current school grade:

- <u>Former F</u> A school with a status of "Former F" requires the department to monitor the implementation of strategies and progress toward the goals outlined in the school improvement plan for three years following the school's improvement from a grade of F to a C or higher.
- <u>Planning</u> A school with a status of "Planning" requires the district to engage stakeholders in the development of a turnaround option plan to be implemented in the following year should the school grade not improve to a C or higher.
- <u>Implementing</u> A school with a status of "Implementing" requires the district to submit a turnaround plan to the State Board of Education for approval and implementation. A school remains in "Implementing" status until its school grade improves to a C or higher.

2016-17 DA Category and Statuses for Lawton Chiles Middle School

DA Region and RED

DA Category and Turnaround Status

Not In DA - N/A

I. Part I: Current School Status

A. Supportive Environment

1. School Mission and Vision

a. Provide the school's mission statement.

We, the faculty and staff of Lawton Chiles Middle School will continue to build a professional learning community of life-long learners who will increase student achievement, personal integrity, civic responsibility, and work-place literacy as productive citizens of our community

b. Provide the school's vision statement.

The Lawton Chiles Middle School faculty, parents, students and community are committed to providing a learning atmosphere that fosters maximum student achievement in a technologically advanced and creative environment for all students.

2. School Environment

a. Describe the process by which the school learns about students' cultures and builds relationships between teachers and students.

At Lawton Chiles Middle School by means of the morning opening exercises provide the students with the celebrated culture for the month based on the nationally recognized celebrated cultures. Best Practices are shared with our teachers in order to provide our students with the opportunity to recognize a positive representation of the different cultures, their history, political, social, economic and cultural contributions to U.S. History. Appropriate and academically stimulating activities are used during specified months of each celebrated culture, i.e. African-American History Month.

b. Describe how the school creates an environment where students feel safe and respected before, during and after school.

At Lawton Chiles Middle School students arrive and are supervised by adults up until the homeroom bell. Administrators have an open door policy where students can speak directly to the principal or assistant principal regarding any issues they may have. The counselor pulls students based on both emotional and academic needs. Lawton Chiles Middle School works closely with its school police officer to ensure that students arrive and leave safely from the school campus. The school officer meets with students and makes morning announcement to address safety concerns and respect for all students and staff.

c. Describe the schoolwide behavioral system in place that aids in minimizing distractions to keep students engaged during instructional time. This may include, but is not limited to, established protocols for disciplinary incidents, clear behavioral expectations, and training for school personnel to ensure the system is fairly and consistently enforced.

At Lawton Chiles Middle School students are dealt with fairly and consistently according to the Code of Student Conduct. Teachers have established discipline plans that address inappropriate behaviors in their classroom and shared them with the students and parents at the beginning of the school year.

Lawton Chiles Middle School participates in the Positive Behavior Support (PBS) system. Through the PBS system, students who are demonstrating model student behavior are recognized and rewarded with "Eagle of the Month" lunch and "Eagle Dollars" to be used as homework incentives. The PBS system has proven to be an effective means to encourage model student behavior and additionally reduce the school's overall number of discipline issues in the school.

Our in-school counseling strategies include a Student Services Department that provides students with alternatives to suspension as well as a forum for mediation and conflict resolution strategies. The support provided by the Student Services Department allows students to discuss why they committed Code of Student Conduct offenses and what they could have done differently, in an effort to prevent repeat offenses. Members of the Student Services Department take a proactive approach by conducting a Functional Assessment of Behavior (FAB) as well as a Behavior Intervention Plan (BIP) in order to empower students and parents with the strategies needed to avoid suspension. Also as needed, the students are assigned a school mentor to guide and assist them.

The PBS team at Lawton Chiles Middle School meets monthly to monitor each student's number of suspensions and referrals and if needed, help to enforce the non-participation rule as it pertains to athletics and extra-curricular activities.

d. Describe how the school ensures the social-emotional needs of all students are being met, which may include providing counseling, mentoring and other pupil services.

The Student Service counselors and selected Instructional personnel at Lawton Chiles Middle School will implement Values Matter program throughout the school year focusing on bullying, anger management, conflict resolution, alternative to suspension, character education, and at-risk screening.

3. Early Warning Systems

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. \hat{A} § 6314(b)(1)(B)(ii)(III), (b)(1)(B)(iii)(I), and (b)(1)(I).

a. Describe the school's early warning system and provide a list of the early warning indicators used in the system.

Student Services consistently reviews the daily attendance follows up with students that have accrued 3 or more absences, parents are contacted and if the absences progress to 5 or more, then a truancy packet is developed and the truancy process is followed through. The school counselor attends weekly team meetings with instructional personnel and parent conferences. Schedules follow-up conferences with any students that show a possibility of failure in ELA or Math or are displaying any behavior issues (indoor or alternative to suspension) and parent contact is made.

More than 10 absences More than 1 suspension (indoor or alternative to suspension) Course Failure in English Language Arts or Mathematics Level 1 score on the statewide standardized assessment

b. Provide the following data related to the school's early warning system

1. The number of students by grade level that exhibit each early warning indicator:

Indicator	Grade Level									Total				
indicator		1	2	3	4	5	6	7	8	9	10	11	12	Total
Attendance below 90 percent	0	0	0	0	0	0	19	27	19	0	0	0	0	65
One or more suspensions	0	0	0	0	0	0	0	0	0	0	0	0	0	
Course failure in ELA or Math	0	0	0	0	0	0	6	11	5	0	0	0	0	22
Level 1 on statewide assessment	0	0	0	0	0	0	65	67	94	0	0	0	0	226

The number of students identified by the system as exhibiting two or more early warning indicators:

Indicator	Grade Level										Total			
indicator	K	1	2	3	4	5	6	7	8	9	10	11	12	Total
Students exhibiting two or more indicators	0	0	0	0	0	0	2	3	5	0	0	0	0	10

- c. Describe all intervention strategies employed by the school to improve the academic performance of students identified by the early warning system.
- 1. The Principal provides a common vision for the use of data-based decision making, ensures that the
- school based team is implementing interventions, conducts assessment of data based intervention skills of school staff, ensures implementation of intervention support and documentation, ensures adequate professional
- development to support implementation and communicates with parents regarding school based intervention plans and activities.
- 2. The Assistant Principals will assist the principal in all duties as related to school-wide interventions. Provides a common vision for the use of data-based decision making, ensures that the school-based team is implementing
- interventions through the core subject areas, conducts assessment of data based intervention skills of school staff, ensures implementation of intervention support and documentation, ensures adequate professional development to support intervention implementation and communicates with parents regarding school based intervention plans and activities.
- 3. The iHeat Coach will provide guidance on K-12 reading plan; facilitates and supports data collection
- activities; assists in data analysis; provides professional development and technical assistance to teachers
- regarding data-based instructional planning and creating intervention plans.
- Develops, leads and evaluates school core content standards/programs
- Identifies and analyzes existing literature on scientifically based curriculum/behavior assessment and intervention approaches.
- Identifies systematic patterns of student need while working with personnel to identify appropriate, evidenced based intervention strategies
- Assists with whole school screening programs that provide early intervening series for children to be considered "at-risk"
- Assists in the design and implementation for progress monitoring, data collection and data analysis; participates in the design and delivery of professional development and provides support for assessment and
- implementation monitoring.
- 4. The Department Chairpersons will be responsible for the following functions:
- Implement intervention requirements at the instructional level
- Gather individual student data
- Evaluate intervention progress by monitoring academic data
- Monitor and respond to the needs of subgroups within the expectations for adequate yearly progress.

B. Family and Community Engagement

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. § 6314(b)(1)(B)(iii)(I)(aa).

1. Describe how the school works at building positive relationships with families to increase involvement, including efforts to communicate the school's mission and vision, and keep parents informed of their child's progress.

Title I schools use the Parent Involvement Plan (PIP) to meet the requirements of 20 U.S.C. § 6314(b)(1)(F).

a. Will the school use its PIP to satisfy this question?

Yes

1. PIP Link

The school completes a Parental Involvement Plan (PFEP), which is accessible through the Continuous Improvement Management System (CIMS) at https://www.floridacims.org/documents/315997.

2. Description

A PIP has been uploaded for this school or district - see the link above.

2. Describe the process by which the school builds and sustains partnerships with the local community for the purpose of securing and utilizing resources to support the school and student achievement.

The School based Title I Community Involvement Specialist (CIS), serves as a bridge between the home and local community through home visits, telephone calls, school site and community activities. The CIS schedules meetings and activities, encourages parents and local businesses to support their child's education, provides materials, and encourages parental participation in the decision making processes at Lawton Chiles Middle School.

C. Effective Leadership

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. § 6314(b)(1)(H).

1. School Leadership Team

a. Membership

Identify the name, email address and position title for each member of the school leadership team.:

Name	Title
Tudor, Stephanie M.	Principal
Homma, Adalys	Assistant Principal

b. Duties

1. Describe the roles and responsibilities of the members, including how they serve as instructional leaders and practice shared decision making.

Mr. Nelson Izquierdo Jr. Principal, will schedule and facilitate regular Leadership Team meetings, ensure attendance of team members, ensure follow up of action steps, allocate resources; in addition to the school administrator the school's Leadership Team will include the following team members:

Adalys Homma, Assistant Principal for Curriculum, will assist the Principal in all duties as related to interventions, provide a common vision for the use of data-based decision making, ensure that the school-based team is implementing data based interventions, ensure the implementation of intervention support and documentation, ensure adequate professional development to support intervention implementation and communicates with parents regarding school-based intervention plans and activities.

The Department Chairpersons who are the following:

Electives – Gisel Sanchez, ESE – Francois Guillen, Language Arts – Berenice Delgado, Mathematics- Cheryl Thames, Science- Patricia Bennett, Social Studies- Brian Firtell Assist the administration by supporting their departments through the use of best practices to implement data based instruction and data based interventions.

2. Describe the process through which school leadership identifies and aligns all available resources (e.g., personnel, instructional, curricular) in order to meet the needs of all students

and maximize desired student outcomes. Include the methodology for coordinating and supplementing federal, state and local funds, services and programs. Provide the person(s) responsible, frequency of meetings, how an inventory of resources is maintained and any problem-solving activities used to determine how to apply resources for the highest impact.

The Lawton Chiles Middle Leadership Team use the Tier 1 Problem Solving process to set Tier 1 goals and monitors academic and behavioral data to evaluate progress toward those goals at least three times per year by:

- Holding weekly team meetings where problem solving is the sole focus.
- Using the four step problem solving process as the basis for goal setting, planning, and program evaluation during all team meetings that focus on increasing student achievement or behavioral success
- Determining how we will know if students have made expected levels of progress towards proficiency.
- Respond when grades, subject areas, classes, or individual students have not shown a positive response. (Intervention problem solving process and monitoring progress of instruction)
- Responding when students are demonstrating a positive response or have met proficiency by raising
- goals or providing enrichment respectively
- Gathering and analyzing data at all Tiers to determine professional development for faculty as indicated by group or individual student diagnostic and progress monitoring assessment
- Ensure that students in need of intervention are actually receiving appropriate supplemental Tier 2 intervention. Gather ongoing progress monitoring (OPM) for all interventions and analyze that data using the Tier 2 problem solving process.

Tier 2

The Second level of support consists of supplemental instruction and interventions provided in addition to and in alignment with effective core instruction and behavioral supports to groups of targeted students who need additional instructional and /or behavioral support. Tier 2 problem solving meetings occur regularly to:

- Review OPM data for intervention groups to evaluate group and individual student response
- Support interventions where there is not an overall positive group response
- Select students (see SST Guidelines) for SST Tier 3 Intervention.

The school improvement plan (SIP) summarizes the school's academic and behavioral goals for the year and describes the school's plan to meet those goals. The specific supports and actions needed to implement the SIP strategies are closely examined, planned, and monitored. The problem solving process is used to first carry out, monitor, and adjust as necessary, the supports that are defined in the SIP. Annual goals are translated into progress monitoring (3 times per year) and ongoing progress monitoring measures (approximately once per month) that can reliably track progress based on student need across Tiers. Tier 2 supports are provided to students who have not met proficiency or who are at risk of not meeting proficiency.

Finally, End of Year the Leadership Team uses the Tier 1 problem solving to evaluate the SIP efforts and dictate strategies for the next year's SIP. At this time, previous years trend data across grade levels is used to examine impact grades for support focus or prevention/early intervention efforts.

Title I, Part A At Lawton Chiles Middle School services are provided to ensure students requiring additional remediation are assisted through extended learning opportunities during school tutoring pull-out and push-in programs, before-school programs, or summer school. The District coordinates with Title II and Title III in ensuring staff development needs are provided. Support Services are provided to students and families. The school based Title I Community Involvement Specialist (CIS), serves as a bridge between the home and school through telephone calls, school site and community parenting activities. The CIS schedules meetings and activities, encourages parents to support their

child's education, provides materials, and encourages parental participation in the decision making processes at Lawton Chiles Middle School. Academic Department Leadership develop, lead and evaluate school core content standards/programs; identify and analyze existing literature on scientifically based curriculum/behavior assessment and intervention approaches. They identify systematic patterns of student need while working with District personnel to identify appropriate, evidence-based intervention strategies; assist with whole school screening programs that provide early intervening services for children to be considered "at risk"; assist in the design and implementation for progress monitoring, data collection, and data analysis; participate in the design and delivery of professional development; and provide support for assessment and implementation monitoring. Parents participate in the design of Lawton Chiles Middle School's Parent Involvement Plan (PIP – which is provided in three languages at all schools), the school improvement process and the life of the school and the annual Title I Annual Parent Meeting at the beginning of the school year. The annual M-DCPS Title I Parent/Family Involvement Survey is intended to be used toward the end of the school year to measure the parent program over the course of the year and to facilitate an evaluation of the parent involvement program to inform planning for the following year. In addition, the Student Service counselors and special instructional personnel at Lawton Chiles Middle School will implement prevention programs throughout the school year focusing on bullying, anger management, conflict resolution, alternative to suspension, character education, and at-risk screening.

Title I, Part C- Migrant N/A

Title I, Part D District receives funds to support the Educational Alternative Outreach program. Services are coordinated with District Drop-out Prevention Programs by providing students with the opportunity to attend alternative to Suspension Centers.

Title II The District uses supplemental funds for improving basic education as follows:

• Training to certify qualified mentors for the New Teacher (MINT) Program training for add-on endorsement programs, such as Reading, Gifted, ESOL training and substitute release time for Professional Development Liaisons (PDL) at each school focusing on Professional Learning Community (PLC) development and facilitation, as well as Lesson Study Group implementation and protocols.

Title III Lawton Chiles use Title II funds to supplement and enhance the programs for English Language Learner (ELL) and Recently Arrived Immigrant Children and Youth by providing funds to implement and/or provide:

- tutorial programs (6-8)
- parent outreach activities (6-8) through the Bilingual Parent Outreach Program (The Parent Academy) professional development on best practices for ESOL and the content area teachers. Title X- Homeless
- Miami-Dade County Public Schools' School Board approved the School Board Policy 5111.01 titled Homeless Students. The board policy defines the McKinney-Vento Law and ensures homeless students receive all the services they are entitled to.
- The Homeless Education Program seeks to ensure a successful educational experience for homeless children by collaborating with parents, schools, and the community.
- The Homeless Education Program assists schools with the identification, enrollment, attendance, and transportation of homeless students. All schools are eligible to receive services and will do so upon identification and classification of a student as homeless.
- The Staff in the Homeless Education Program provides annual training to: 1) School Registrars on the procedures for enrolling homeless students, 2) School Counselors on the McKinney-Vento Homeless Assistance Act which ensures that homeless children and youth are not to be stigmatized, separated, or isolated on their status as homeless, and are provided all entitlements, and 3) all School Homeless Liaisons assigned by the school administrator to provide further details on the rights and services of students identified as homeless.
- Project Upstart and The Homeless Trust, a community organization, provides a homeless

sensitivity, awareness campaign to all the schools – each school is provided a video and curriculum manual, and a contest is sponsored by The Homeless Trust-a community organization.

- Project Upstart provides tutoring and counseling to selected homeless shelters in the community.
- The District Homeless Liaison continues to participate I community organization meetings and task forces as it relates to homeless children and youth.
- A school-based School Homeless Liaison has been trained on the McKinney-Vento Law ensuring appropriate services are provided to the homeless students.

Supplemental Academic Instruction (SAI) Lawton Chiles will receive funding from Supplemental Academic Instruction (SAI) as part of its Florida Education Finance Program (FEFP) allocation.

Violence Prevention Program - NA

Nutrition Programs

- 1) Lawton Chiles Middle School adheres to and implements the nutritional requirements stated in the District Wellness Policy
- 2) Nutrition education, as per state statue, is taught through physical education
- 3) The School Food Service Program, school breakfast, school lunch, and after care snacks, follows the Healthy Food and Beverage Guidelines as adopted in the District's Wellness Policy.

2. School Advisory Council (SAC)

a. Membership

Identify the name and stakeholder group for each member of the SAC.:

Name	Stakeholder Group
Patricia Bennett	Teacher
Nelson Izquierdo	Principal
Brian Firtell	Teacher
Maislyn Ricketts	Teacher
Gisel Sanchez	Teacher
Gaby Millares	Parent
Felix Vasquez	Parent
Darius Hagyan	Student
Christian Vasquez	Student
Zurama Arancibia	Parent
Luis Garcia	Parent
Sean Pinna	Parent
Joshua Morejon	Student
Taylor Pinna	Student
Jennifer Ortiz	Business/Community
Martha Schrager	Teacher
Alexandra Rubio	Parent
Juan Molina	Business/Community
Christy Mutt	Business/Community
Everado Bradford	Business/Community
Naomi Edwards	Teacher
b. Duties	

1. Provide a description of the SAC's involvement with the following activities, as required by section 1001.452(2), Florida Statutes

a. Evaluation of last year's school improvement plan

EESAC members and school leadership team reviewed data collected from all on-going District i-Ready assessments, school generated assessments, district and school reports and the FSA Assessments and made recommendations for modifications to the current strategies utilized to reach the goals established in the SIP. These recommendations included increasing Higher Order Thinking Questions and Strategies throughout the school and as a result student achievement in Reading, Mathematics, Science and Social Studies would increase. They also suggested at the End of Year SIP review to increase Data Disaggregation and Differentiated Instruction and Strategies throughout the school and would then result in increased student achievement in Reading, Mathematics, Science and Social Studies increasing.

b. Development of this school improvement plan

EESAC members and the school leadership team review data collected from all on-going District interim assessments, school generated assessments, district and school reports and the FSA Assessments and made recommendations for modifications to the current strategies utilized to reach the goals established in the SIP.

c. Preparation of the school's annual budget and plan

EESAC members reviewed the goals set out for the school improvement plan and then decided what resources were necessary and would directly impact student achievement.

- 2. Describe the use of school improvement funds allocated last year, including the amount budgeted for each project.
- Support for Technology needs. \$1000.00
- Manipulatives for Math Conceptual Teaching. \$500.00
- Tutorial Services for Students \$500.00
- STEM Experiences for students \$1,500.00
- 3. Verify that the school is in compliance with section 1001.452, Florida Statutes, regarding the establishment requirements and duties of the SAC.
 Yes
- a. If the school is not in compliance, describe the measures being implemented to meet SAC requirements.

3. Literacy Leadership Team (LLT)

a. Membership

Identify the name and position title for each member of the school-based LLT or similar group, if applicable.:

Name	Title
Tudor, Stephanie M.	Principal
Homma, Adalys	Assistant Principal
Dean, Kadesha	Instructional Coach
Delgado, Bernice	Teacher, K-12
Ricketts, Maislyn	Teacher, K-12

b. Duties

1. Describe how the LLT or similar group promotes literacy within the school, if applicable.

The Lawton Chiles Middle LLT will implement initiatives that are aligned to the District K-12 Comprehensive Research Based Reading Plan 2016-2017. The major emphasis for the Lawton Chiles initiative will focus primarily on developing fluency in the classroom environment through the following strategies:

- Organizing and structuring the classrooms so students are grouped to facilitate collaboration
- Teacher instruction focuses more on modeling and thinking aloud to demonstrate literacy strategies
- · Utilization of word walls in all content areas
- · Writing across the curriculum utilized as a daily strategy in all classrooms

D. Public and Collaborative Teaching

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. § 6314(b)(1)(D).

1. Describe the school's strategies to encourage positive working relationships between teachers, including collaborative planning and instruction.

Mondays from 8:30-9:00 are used for common planning. During this time teachers unwrap the new Florida standards, create lessons that utilize higher order thinking questions, technology, formative assessments, and opportunities for students to collaborate.

2. Describe the school's strategies to recruit, develop and retain highly qualified, certified-in-field, effective teachers to the school.

As a guide

- 1. Create effective environment for professional cooperation and collaboration
- 2. Empowering teachers to participate in school decision making processes
- 3. Recognize teachers on an on-going basis for contributing to positive and rigorous learning environment

3. Describe the school's teacher mentoring program, including the rationale for pairings and planned mentoring activities.

Minimum of three years of successful teaching experience

Certified at the same level (intermediate, etc), or in same subject area.

Highly Qualified Mentor teachers will be matched to beginning teachers who are new to the school or grade level.

Mentor teacher and beginning teachers will be matched according to like discipline and/or grade level. Mentoring teams will meet biweekly to observe each others techniques, modeling best practices, and discussing improvements to classroom and instructional practices, in order for a teacher mentoring program to be successful.

E. Ambitious Instruction and Learning

1. Instructional Programs and Strategies

a. Instructional Programs

1. Describe how the school ensures its core instructional programs and materials are aligned to Florida's standards.

Teachers during common planning unpack the new Florida Standards and align the instruction to meet the rigor of these standards. Textbooks are dissected during these common planning sessions to identify the content that meets the rigor required by the standards and falls within the content limits. CPALMS and other items released by the Florida department of education are used in planning and dissemination of the content.

b. Instructional Strategies

- 1. Describe how the school uses data to provide and differentiate instruction to meet the diverse needs of students. Provide examples of how instruction is modified or supplemented to assist students having difficulty attaining the proficient or advanced level on state assessments.
- 1. Data will be used to guide instructional decisions and system procedures for all students to
- adjust the delivery of curriculum and instruction to meet the specific needs of students
- adjust the delivery of behavior management system,
- adjust the allocation of school based resources
- drive decisions regarding targeted professional development and create student growth trajectories in order to

identify and develop interventions.

2. Lawton Chiles Middle School utilizes the Gateway to Data Assessment Management System to manage

the following data:

Academic

- iReady Assessments
- Mid-Year Assessments (MYA)
- · State/Local Mathematics and Science Assessments
- FSA
- · Student grades
- School site specific assessments
- Behavior
- Student Case Management System
- Detentions
- Alternative to suspensions (Success Center)
- Referrals by student behavior, staff behavior, and administrative content
- · Office referrals per day per month
- Team climate surveys
- Referrals to special education programs
- 2. Provide the following information for each strategy the school uses to increase the amount and quality of learning time and help enrich and accelerate the curriculum:

Strategy: Extended School Day

Minutes added to school year: 542

Strategy Type (select one) Strategy Purpose (select all that apply)

- ? Extended day for all students
- ? Before or after school program
- ? Weekend program
- ? Summer program
- ? Instruction in core academic subjects
- ? Enrichment activities that contribute to a well-rounded education
- ? Teacher collaboration, planning, and professional development

Minutes of Learning Time Added to the School Year

230 hours Engineering Enrichment 312 hours After-School All-Stars Program

Strategy Description

The engineering enrichment program (local SECME program) is designed to develop students' critical thinking and creative thinking skills through engineering style projects. Students gain experience in the design, development and construction of projects such as basswood bridges, mousetrap cars, egg drop container systems, and water bottle rockets for the annual SECME Olympiad competition. The program requires students to also explain the development and testing of their project prototypes in a written narrative. Student progress is measured through the use of rubrics developed to competitively score the different projects' effectiveness.

The After-School All-Stars enrichment program is designed to develop students' understanding of themselves and their basic life skills, their career opportunity choices, readiness for high school, reading fluency and mathematics skills, science inquiry skills, nutrition, and personal physical fitness development.

The SECME program data is collected as project prototypes are completed and tested. Students will also write reflections about their experiences which are then shared and discussed by the members of the program. The person responsible for the program is the School SECME Coordinator. Student progress is shared with school administration.

The After-School enrichment program collects student data generally by component category through pre and post-tests and in several components through a pre, mid-year and post component assessment. Surveys are also accomplished to enable the program staff to modify the component delivery so that all individuals have a positive achievement in the component. The overall progress of the students is shared with school administration.

Strategy Rationale

The additional time with the program facilitators and small group sessions will increase students' critical thinking and creative thinking skills, students' understanding of themselves and their basic life skills, their career opportunity choices, readiness for high school, reading fluency and mathematics skills, science inquiry skills, nutrition, and personal physical fitness development.

Strategy Purpose(s)

Enrichment activities that contribute to a well-rounded education

Person(s) responsible for monitoring implementation of the strategy Tudor, Stephanie M., pr6161@dadeschools.net

Data that is or will be collected and how it is analyzed to determine effectiveness of the strategy

The SECME program data is collected as project prototypes are completed and tested. Students will also write reflections about their experiences which are then shared and discussed by the members of the program. The person responsible for the program is the School SECME Coordinator. Student progress is shared with school administration.

The After-School All-Stars enrichment program collects student data generally by component category through pre and post tests and in several components through a pre, mid-year and post component assessment. Surveys are also accomplished to enable the program staff to modify the component delivery so that all individuals have a positive achievement in the component. The overall progress of the students is shared with school administration.

2. Student Transition and Readiness

a. PreK-12 Transition

The school's response to this question may be used to satisfy the requirements of 20 U.S.C. § 6314(b)(1)(G).

1. Describe the strategies the school employs to support incoming and outgoing cohorts of students in transition from one school level to another.

School teams have been developed to identify students who require additional support during the transition process. These teams problem solve and identify instructional, motivational, and emotional strategies to assist the child in all facets. The counselor works closely with these teams to provide inhouse support and to identify outside agents that can be called upon should further support be needed. These teams, in collaboration with the counselor and administration, meet with the guardians of these students in order to have an open path of communication that assists in mirroring the strategies employed at the school site.

b. College and Career Readiness

- 1. Describe the strategies the school uses to advance college and career awareness, which may include establishing partnerships with business, industry or community organizations.
- 2. Identify the career and technical education programs available to students and industry certifications that may be earned through those respective programs.
- 3. Describe efforts the school has taken to integrate career and technical education with academic courses (e.g., industrial biotechnology) to support student achievement.
- 4. Describe strategies for improving student readiness for the public postsecondary level based on annual analysis of the <u>High School Feedback Report</u>, as required by section 1008.37(4), Florida Statutes.

II. Needs Assessment

The school's completion of this section may satisfy the requirements of 20 U.S.C. § 6314(b)(1)(A).

A. Problem Identification

1. Data to Support Problem Identification

b. Data Uploads

Data uploads are not required by the Florida Department of Education but are offered as a tool for the needs assessment. In this section, the school may upload files of locally available data charts and graphs being used as evidence of need.

The following documents were submitted as evidence for this section:

No files were uploaded

2. Problem Identification Summary

This section is not required by the Florida Department of Education but is provided as an opportunity for the school to summarize the points of strength and areas of need that have been identified in the data.

B. Problem Analysis Summary

This section is not required by the Florida Department of Education but is provided as an opportunity for the school to summarize the underlying "why"Â? or root causes for the areas of need identified in the data, as determined by situational awareness of, and research conducted by, the stakeholders involved in the needs assessment.

C. Strategic Goals

School Improvement Goals

The following key is intended to help readers understand how the sections of this document correspond to the steps of the 8-step planning and problem-solving framework used in the School Improvement Plan. The Quick Key numbers can help registered users go directly to the point of entry for any given goal, barrier and strategy within the online survey.

Problem Solving Key

1 = Problem Solving Step S123456 = Quick Key

Strategic Goals Summary

G1. If core instruction is improved, then student achievement will increase in all content areas.

Strategic Goals Detail

For each strategic goal, this section lists the associated targets (i.e., "SMART goals"), targeted barriers to achieving the goal, resources available to help reduce or eliminate the barriers, and the plan for monitoring progress toward the goal.

G1. If core instruction is improved, then student achievement will increase in all content areas. 1a

🥄 G087938

Targets Supported 1b

	Indicator	Annual Target
AMO Math - All Students		
AMO Reading - All Students		
U.S. History EOC Pass		
Civics EOC Pass		
Bio I EOC Pass		

Targeted Barriers to Achieving the Goal 3

· Limited evidence of teacher implementation of effective lesson planning.

Resources Available to Help Reduce or Eliminate the Barriers 2

• Differentiated Instruction Plan, Department Chair trained in new standards, Department Common Planning on Mondays, Additional technology provided to the department as well as the CUBS (Circle, Underline, Box, Solve) problem solving protocol in Math.

Plan to Monitor Progress Toward G1. 8

Check point assessments throughout the year.

Person Responsible

Stephanie M. Tudor

Schedule

Quarterly, from 11/14/2016 to 6/9/2017

Evidence of Completion

Growth in student learning gains and proficiency in: iReady diagnostics, mini assessments in Civics; topic assessments in Math and Science as well as pre and post tests in writing and the state standardized assessments.

Action Plan for Improvement

For each strategy selected in the plan to reduce a targeted barrier to a strategic goal, this section lists the rationale for that strategy (i.e., why the school believes it will reduce the barrier) and the action steps that have been identified as necessary to implementing the strategy, including details such as the point person, timing and duration, and evidence of completion. At the end of each set of action steps is the plan for monitoring the implementation and effectiveness of the respective strategy.

Problem Solving Key

G1. If core instruction is improved, then student achievement will increase in all content areas.

🔧 G087938

G1.B4 Limited evidence of teacher implementation of effective lesson planning. 2

🔍 B233818

G1.B4.S1 Students will be required in each department to collaborate, think critically, communicate, and be creative in their assignments: Science: STEAM/STEM, The 4 C's, Technology, fidelity with computer Based Program, and Hands on Science Language Arts/Reading: Citations Mathematics: The 4 C's, Small Group Instruction Social Studies: Technology-tablets, Data Driven Personalized Instruction

🥄 S246648

Strategy Rationale

If students are required to use the 4 C's in rigorous tasks or higher order thinking questions, teachers can determine if students have mastered the requirements/rigor of the standard. Having the students do this in each of their classes shows the students that these skills are not used in isolation and provides a deeper understanding of how to provide evidence in any problem solving situation.

Action Step 1 5

A school-wide emphasis on 21st Century Learning will be implemented by using the 4 C's: Collaboration, Communication, Critical Thinking, and Creativity in all content area lesson plans. Common planning will focus on including using the 4 C's in lessons and activities. Lesson plans that include activities that emphasize the 4 C's and gradually release it to the students to demonstrate understanding. Samples of written student responses will be analyzed. iHeat coaches will provide support to teachers. Administration walkthroughs will be conducted and specific, corrective feedback will be given to teachers.

Person Responsible

Stephanie M. Tudor

Schedule

Monthly, from 8/22/2016 to 6/9/2017

Evidence of Completion

Impact will be measured qualitatively by the observation of teachers' lesson plans that include activities that emphasize the 4 C's and gradually release it to the students. Student work folders will provide evidence of student responses that demonstrate collaboration, communication, critical thinking and creativity.

Plan to Monitor Fidelity of Implementation of G1.B4.S1 6

Lesson plans that emphasize the 4 C's and gradually release it to the students to demonstrate understanding, samples of written student responses, administration walkthroughs.

Person Responsible

Stephanie M. Tudor

Schedule

Monthly, from 8/22/2016 to 6/9/2017

Evidence of Completion

Impact will be measured qualitatively by the observations of teachers instructing the concept and the ability of the student to use the 4 C's and quantitatively by an increase in formative assessment data.

Plan to Monitor Effectiveness of Implementation of G1.B4.S1 7

Lesson plans that emphasize evidence and citing and gradually release it to the students to demonstrate understanding, samples of written student responses, administration walkthroughs.

Person Responsible

Stephanie M. Tudor

Schedule

Monthly, from 8/22/2016 to 6/9/2017

Evidence of Completion

Impact will be measured qualitatively by the observations of teachers instructing the concept and the ability of the student to cite evidence and quantitatively by an increase in formative assessment data.
