The 2014-15 school grades serve as informational baseline data that schools can use to improve in future years.

### School Board Approval

This plan is pending approval by the Volusia County School Board.

### SIP Authority and Template

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a school improvement plan (SIP) for each school in the district that has a school grade of D or F.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F (see page 4). For schools receiving a grade of A, B, or C, the district may opt to require a SIP using a template of its choosing.

This document was prepared by school and district leadership using the FDOE's school improvement planning web application located at <https://www.floridacims.org>.

## Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. A corollary at the district level is the District Improvement and Assistance Plan (DIAP), designed to help district leadership make the necessary connections between school and district goals in order to align resources. The Florida Department of Education encourages schools to use the SIP as a “living document” by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the “Date Modified” listed in the footer.

### Part I: Current School Status

Part I organizes the current status of the school around five domains inspired by the 5Essentials framework: Supportive Environment, Family and Community Involvement, Effective Leadership, Public and Collaborative Teaching, and Ambitious Instruction and Learning. Questions regarding the school’s Multi-Tiered System of Supports have been embedded throughout this part to demonstrate how data is used by stakeholders to understand the needs of all students and allocate appropriate resources in proportion to those needs.

### Part II: Needs Assessment

Part II requires the school to review performance and early warning systems data in order to develop strategic goals and associated data targets (i.e., “SMART goals”) for the coming school year in context of the school’s greatest strengths and needs. An online tool was developed, which includes data visualizations and processing questions to support problem identification, problem analysis and strategic goal formulation.

### Part III: 8-Step Planning and Problem Solving for Implementation

Part III enables the school to develop implementation plans for its highest-priority goals. With the overview of the current state of the school in mind and the strategic goals identified through the needs assessment, the planning team engages in a facilitated planning and problem-solving process, through which they

- Define strategic goals and establish targets to be reached by successfully achieving the goals (Step 1)
- Identify barriers that could hinder achieving those goals and resources that could be used to eliminate or reduce barriers (Step 2)
- Select high-priority barriers they want to address initially (Step 3)
- Design implementation and monitoring plans for strategies to resolve selected barriers (Steps 4-7)
- Determine how they will monitor progress toward each goal (Step 8)

### Appendices

The following appendices, automatically-generated from content entered in Part III, are included in this document:

- Appendix 1 is a timeline of all action steps and monitoring activities
- Appendix 2 is an outline of all professional development opportunities and technical assistance items
- Appendix 3 is a report of the budget needed to implement the strategies

## Differentiated Accountability

Florida's Differentiated Accountability (DA) system, established in [section 1008.33, Florida Statutes](#), is a statewide network of strategic support, differentiated by need according to performance data, provided to districts and schools in order to improve leadership capacity, teacher efficacy, and student outcomes. Through a data-driven planning and problem-solving process, DA field teams collaborate with district leadership to design, implement, and refine strategic goals and action plans that are documented in the SIP.

### DA Regions

Florida's DA network is divided into four geographical regions, each served by a field team led by a regional executive director (RED).

### DA Categories

At the start of each academic year, traditional schools are classified for DA support in two categories based on the most recent school grades data available. Descriptions of each DA category along with the state support and interventions provided are set forth by [Rule 6A-1.099811, Florida Administrative Code](#):

- **Not in DA** - A school with a current school grade of A, B, or C; charter schools; and ungraded schools.
- **Targeted Support and Improvement** - A school with a current school grade of an initial D.
- **Comprehensive Support and Improvement** - A school with a current school grade of F or two consecutive grades of D, or a high school with a graduation rate of 67 percent or less in the most recent data release.

### DA Turnaround Status

Additionally, Comprehensive Support and Improvement schools have a turnaround status of "Implementing," based on a school's grades history, including the current school grade:

- Implementing - A school with a status of "Implementing" requires the district to submit a turnaround plan to the State Board of Education for approval and implementation. A school remains in "Implementing" status until its school grade improves to a C or higher.

Learning is a lifelong journey, dream it, believe it, achieve it!

##### b. Provide the school's vision statement.

#### 2. School Environment

##### a. Describe the process by which the school learns about students' cultures and builds relationships between teachers and students.

Students are expected to exemplify the 7 Habits and will receive positive recognition on a weekly basis as a Sunrise Elementary Terrific Kid.

Through teacher discretion, students are selected to be recognized at a monthly Outstanding Student Sign celebratory assembly, where they receive a personalized letter to their families and a yard sign that will be displayed in their homes for one month.

Safety Patrol students promote a safe environment before, during and after school.

In response to the 2016-2017 VCS#HELLO initiative, the Sunrise Hello Team is comprised of twelve 5th graders whose mission is to help welcome our students to school, holding signs and verbally greeting our arriving students and adults.

Heart Pals are teacher mentors that are partnered with identified at-risk students.

##### c. Describe the schoolwide behavioral system in place that aids in minimizing distractions to keep students engaged during instructional time. ## b. Duties

### **1. Describe the roles and responsibilities of the members, including how they serve as instructional leaders and practice shared decision making.**

The school based MTSS leadership team identifies school based resources (both materials and personnel) to determine the continuum of academic and behavioral supports available to students at the individual school site. Academic and behavioral data are considered in order to determine priorities and functions of other existing teams (e.g., Problem Solving Teams, Behavior Leadership Teams, and Professional Learning Communities). The Problem Solving process (i.e., Problem Identification, Analysis of Problem, Intervention Implementation and Response to Intervention) is used as the way of work of all teams and not just for individual student concerns. Adherence to the Problem Solving process ensures that individual, class-wide, and school-wide issues are addressed systematically with data; that interventions (supports) are tiered to the targeted problems; and that a plan is in place to monitor progress. The school-based MTSS leadership team meets regularly throughout the school year in order to address the academic and behavioral needs that develop throughout the year, as well as to monitor outcomes of supports and interventions. .

### **2. Describe the process through which school leadership identifies and aligns all available resources (e.g., personnel, instructional, curricular) in order to meet the needs of all students and maximize desired student outcomes. Include the methodology for coordinating and supplementing federal, state and local funds, services and programs. Provide the person(s) responsible, frequency of meetings, how an inventory of resources is maintained and any problem-solving activities used to determine how to apply resources for the highest impact.**

For those students who do not respond positively to interventions beyond core, ensure that the school's Problem Solving Team (PST) is accessed as needed. Ensure adequate professional development is scheduled for faculty. School Psychologists will provide/facilitate training on skill building and understanding of the components of PST/Rtl. Support the school's team in the completion of resource mapping (academic and behavioral) with focus on standard protocol interventions in order to enhance implementation of PST/Rtl. Communicates with parents through school newsletters, relevant meetings, and the sharing of the parent link of the VCS Problem Solving/Rtl website (under Psychological Services) in order to address the purpose of PST/Rtl in meeting student needs and to address frequently asked parental questions. In addition, parents are provided

information about PST/RtI at PST meetings.

School Psychologist: Assists schools in interpreting individual, class-wide, grade-level and school-wide data in order to develop appropriate targeted interventions linked to the academic or emotional/behavioral problem. Ensure that on-going progress monitoring is in place in the area of intervention to most appropriately determine the student's response to intervention. Provides professional development to staff on PS/RtI.

Select General Education Teachers (Primary and Intermediate): Provides information about core instruction, participates in student data collection, delivers Tier 1 instruction/intervention, collaborates with other staff to implement Tier 2 interventions, and integrates Tier 1 materials/instruction with Tier 2/3 activities.

Exceptional Student Education (ESE) Teachers: Participates in student data collection, integrates core instructional activities/materials into Tier 3 instruction, and collaborates with general education teachers through such activities as co-teaching. Encompasses Problem Solving/RtI practices when addressing the needs of ESE students with a focus on potential reintegration into General Education based on data.

Curriculum Leadership Team acquire knowledge through district trainings, process the knowledge to plan for dissemination.

Our School Leadership Team will share results with the faculty, as well as the School Advisory Council to receive input.

*b. Development of this school improvement plan*

Members of the School Leadership Team that attended the Heritage Middle School meetings, met with Sunrise grade level team leaders to continue the analysis of our school's progress and begin the development of the 2017-2018 SIP. Sunrise SAC reviews and assists with monitoring school-wide data and provides input to the School Improvement Plan on a monthly basis. Weekly PLC meetings with individual groups provide monitoring of student achievement, which results in data driven differentiated groups. Due to our weekly PLC process, frequent Annual Title I informational sessions, and monthly SAC parent input, the Sunrise School Improvement Plan is a living document.

## **E. Ambitious Instruction and Learning**

### **1. Instructional Programs and Strategies**

#### **a. Instructional Programs**

##### ***1. Describe how the school ensures its core instructional programs and materials are aligned to Florida's standards.***

The Volusia County Curriculum Team leads teacher teams to create curriculum maps, modules, and resources for all grade levels and content areas aligned to the Florida Standards and educational shifts. Additionally, teacher teams create formative & summative assessments to monitor student achievement.

Professional Learning Communities, Lighthouse Team meetings and one-on-one academic coaching help ensure that instruction is aligned to the Florida Standards, well-paced, engaging and rigorous.

September 1 Professional Learning Day will give Sunrise teachers the opportunity to plan for equity through grade and subject specific standards based on their subjects, tracks, and regional zones.

School-Based Early Release Professional Learning sessions have been designated for ensuring support from school-wide and district expertise.

Regional Early Release Professional Learning sessions have been designed by the district for grade and subject-specific tracks in which Sunrise teachers will collaborate with teachers from across the county to deepen understanding of the Florida Standards and plan standards-aligned lessons, embedding the shifts.

#### **b. Instructional Strategies**

##### ***1. Describe how the school uses data to provide and differentiate instruction to meet the diverse needs of students. Provide examples of how instruction is modified or supplemented to assist students having difficulty attaining the proficient or advanced level on state assessments.***

Common planning allows teachers to participate in weekly PLCs to regularly review formative & summative assessment data and continuously adjust our instruction accordingly. During weekly PLCs, assessment data is used to identify groups of students to receive targeted instruction during intervention. Teachers, alongside the academic coaches create targeted instruction lessons based on

the instructional shifts. When necessary, PLCs make recommendations for students to be reviewed and assisted by the school's early warning system (EWS) team and problem solving team (PST). Additionally, grade level meetings are held to review student data and address specific academic and behavioral concerns across the content areas.

**2. Provide the following information for each strategy the school uses to increase the amount and quality of learning time and help enrich and accelerate the curriculum:**
