Note: The school grades calculation was revised substantially for the 2014-15 school year to implement statutory changes made by the 2014 Legislature and incorporate the new Florida Standards Assessments. The 2014-15 school grades serve as informational baseline data that schools can use to improve in future years.

School Board Approval

This plan is pending approval by the Osceola County School Board.

SIP Authority and Template

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a school improvement plan (SIP) for each school in the district that has a school grade of D or F.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F (see page 4). For schools receiving a grade of A, B, or C, the district may opt to require a SIP using a template of its choosing.

This document was prepared by school and district leadership using the FDOE's school improvement planning web application located at <https://www.floridacims.org>.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. A corollary at the district level is the District Improvement and Assistance Plan (DIAP), designed to help district leadership make the necessary connections between school and district goals in order to align resources. The Florida Department of Education encourages schools to use the SIP as a “living document” by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the “Date Modified” listed in the footer.

Part I: Current School Status

Part I organizes the current status of the school around five domains inspired by the 5Essentials framework: Supportive Environment, Family and Community Involvement, Effective Leadership, Public and Collaborative Teaching, and Ambitious Instruction and Learning. Questions regarding the school’s Multi-Tiered System of Supports have been embedded throughout this part to demonstrate how data is used by stakeholders to understand the needs of all students and allocate appropriate resources in proportion to those needs.

Part II: Needs Assessment

Part II requires the school to review performance and early warning systems data in order to develop strategic goals and associated data targets (i.e., “SMART goals”) for the coming school year in context of the school’s greatest strengths and needs. An online tool was developed, which includes data visualizations and processing questions to support problem identification, problem analysis and strategic goal formulation.

Part III: 8-Step Planning and Problem Solving for Implementation

Part III enables the school to develop implementation plans for its highest-priority goals. With the overview of the current state of the school in mind and the strategic goals identified through the needs assessment, the planning team engages in a facilitated planning and problem-solving process, through which they

- Define strategic goals and establish targets to be reached by successfully achieving the goals (Step 1)
- Identify barriers that could hinder achieving those goals and resources that could be used to eliminate or reduce barriers (Step 2)
- Select high-priority barriers they want to address initially (Step 3)
- Design implementation and monitoring plans for strategies to resolve selected barriers (Steps 4-7)
- Determine how they will monitor progress toward each goal (Step 8)

Appendices

The following appendices, automatically-generated from content entered in Part III, are included in this document:

- Appendix 1 is a timeline of all action steps and monitoring activities
- Appendix 2 is an outline of all professional development opportunities and technical assistance items
- Appendix 3 is a report of the budget needed to implement the strategies

Differentiated Accountability

Florida's Differentiated Accountability (DA) system, established in [section 1008.33, Florida Statutes](#), is a statewide network of strategic support, differentiated by need according to performance data, provided to districts and schools in order to improve leadership capacity, teacher efficacy, and student outcomes. Through a data-driven planning and problem-solving process, DA field teams collaborate with district leadership to design, implement, and refine strategic goals and action plans that are documented in the SIP.

DA Regions

Florida's DA network is divided into four geographical regions, each served by a field team led by a regional executive director (RED).

DA Categories

At the start of each academic year, traditional schools are classified for DA support in two categories based on the most recent school grades data available. Descriptions of each DA category along with the state support and interventions provided are set forth by [Rule 6A-1.099811, Florida Administrative Code](#):

- **Not in DA** - A school with a current school grade of A, B, or C; charter schools; and ungraded schools.
- **Targeted Support and Improvement** - A school with a current school grade of an initial D.
- **Comprehensive Support and Improvement** - A school with a current school grade of F or two consecutive grades of D, or a high school with a graduation rate of 67 percent or less in the most recent data release.

DA Turnaround Status

Additionally, Comprehensive Support and Improvement schools have a turnaround status of "Implementing," based on a school's grades history, including the current school grade:

- Implementing - A school with a status of "Implementing" requires the district to submit a turnaround plan to the State Board of Education for approval and implementation. A school remains in "Implementing" status until its school grade improves to a C or higher.

2017-18 DA Category and Statuses for East Lake Elementary School

DA Region and RED	DA Category and Turnaround Status

I. Part I: Current School Status

A. Supportive Environment

1. School Mission and Vision

a. Provide the school's mission statement.

East Lake Elementary will provide a welcoming, supportive environment that ensures high levels of learning for all individuals.

b. Provide the school's vision statement.

East Lake Elementary will work in partnership with families and the community to ensure all learners develop the essential knowledge and skills to strengthen our thriving community.

2. School Environment

a. Describe the process by which the school learns about students' cultures and builds relationships between teachers and students.

The school reviews the diversity of students at the beginning of the year to ensure that all students are made to feel welcome and that we have the needed resources to help students succeed. Throughout the year there are activities and celebrations of cultures. During the year classes will celebrate different cultures as part of the curriculum. Additionally, all classroom teachers have been trained to use a program called Harmony in their rooms, which assists the teacher in building a classroom community. The program provides teachers with topics for class meetings and quick team building activities that can be built in to their curriculum throughout the day. This helps them build better relationships with their students.

b. Describe how the school creates an environment where students feel safe and respected before, during and after school.

Safety is a priority at East Lake Elementary School and safety is monitored with the school safety committee. This committee, along with the PBIS group, works to ensure that the entire East Lake community feels safe at all times while on campus. During arrival times, students have designated waiting areas determined by the method of arrival and departure. Students are escorted by staff to and from these areas and are supervised while waiting. With support from the PBIS committee, SOAR expectations are taught to all students at school and students are encouraged to be proud of being an Eagle. Through PBIS, students also have the opportunity to spend Eagle Bucks at a school store as well as for attendance at planned events.

c. Describe the schoolwide behavioral system in place that aids in minimizing distractions to keep students engaged during instructional time. This may include, but is not limited to, established protocols for disciplinary incidents, clear behavioral expectations, and training for school personnel to ensure the system is fairly and consistently enforced.

East Lake follows the PBIS(Positive Behavioral Interventions & Supports) model. Within the model, both discipline and academics are looked at, all while using different interventions to meet the needs of individual students. The PBIS committee has set up incentives. both daily and monthly, for students who have earned "Eagle Bucks" for following our school-wide, SOAR expectations. East Lake uses both minor and major infraction forms, with the major infraction form being a referral. Teachers are taught what behaviors elicit a minor or a major referral and students are held accountable for their actions. The school uses SOAR (strive for success, on time on time, act

responsibly, respect for all) as classroom rules. Each teacher then uses the SOAR expectations to break down what each expectation looks like in their class.

d. Describe how the school ensures the social-emotional needs of all students are being met, which may include providing counseling, mentoring and other pupil services.

East Lake Elementary School provides a positive attitude towards behavior for all students. For the students who have additional needs there are several programs provided. Administration consistently visits students who need additional support in the classroom. The guidance counselor offers several different group sessions based on student needs; such as students who's parents are divorced, the loss of a family member and bullying. The school psychologist also offers counseling for students in greater need. The support staff also participates with mentoring students to provide a positive role mode. There is a social worker who is on campus once a week and is available by phone to help our students and families. Student needs are also discussed during MTSS meetings with teachers. If there is a need that arises not currently available, the MTSS team brainstorms solutions or will contact the school district for support, ensuring that all students at East Lake have access to any social-emotional support needed.

3. Early Warning Systems

The school's response to this section may address the requirements of ESSA, P.L. No. 114-95, Â§ 1114(b)(7)(A)(i) and (b)(7)(A)(iii)(III).

a. Describe the school's early warning system and provide a list of the early warning indicators used in the system.

The school identifies students whose attendance is below 90%, have one or more suspensions, have failed an ELA or Math course, or attained a level 1 on a state assessment through the FOCUS database system used by our school district. Additionally, we identify students that fall into more than one of these categories through this system as well. Once identified, ELES staff provide interventions based on student needs. These interventions include such things as attendance contracts or incentives, MTSS tiered interventions with paraprofessionals, teachers, or instructional coaches, and behavior contracts or plans, all depending upon the individual needs of the students.

b. Provide the following data related to the school's early warning system

1. The number of students by grade level that exhibit each early warning indicator:

Indicator	Grade Level													Total
	K	1	2	3	4	5	6	7	8	9	10	11	12	
Attendance below 90 percent	23	30	21	23	28	17	0	0	0	0	0	0	0	142
One or more suspensions	1	0	4	4	7	5	0	0	0	0	0	0	0	21
Course failure in ELA or Math	0	0	0	0	0	0	0	0	0	0	0	0	0	
Level 1 on statewide assessment	0	0	0	48	78	53	0	0	0	0	0	0	0	179
	0	0	0	0	0	0	0	0	0	0	0	0	0	
	0	0	0	0	0	0	0	0	0	0	0	0	0	

The number of students identified by the system as exhibiting two or more early warning indicators:

Indicator	Grade Level													Total
	K	1	2	3	4	5	6	7	8	9	10	11	12	
Students exhibiting two or more indicators	0	0	0	15	17	11	0	0	0	0	0	0	0	43

c. Describe all intervention strategies employed by the school to improve the academic performance of students identified by the early warning system.

East Lake implemented many intervention strategies to improve academic performance of students that were identified using the early warning system. We offered morning tutoring, push in tutoring in the classrooms, as well as using the P.E. waiver to offer more instruction during essentials (or block) classes. Students were selected based upon previous test scores, including FSA, i-Ready, and common formative assessments. During MTSS meetings, students exhibiting poor attendance patterns or excessive absences were targeted and their names are brought to the Attendance Committee for review.

B. Family and Community Engagement

The school's response to this section may address the requirements of ESSA, P.L. No. 114-95, Â§ 1114(b)(2) and (b)(7)(A)(iii)(I).

1. Describe how the school works at building positive relationships with families to increase involvement, including efforts to communicate the school's mission and vision, and keep parents informed of their child's progress.

a. Will the school use its Title I Parent and Family Engagement Policy (PFEP) to satisfy this question?

Yes

1. PFEP Link

The school completes a Parental Involvement Plan (PFEP), which is accessible through the Continuous Improvement Management System (CIMS) at <https://www.floridacims.org/documents/463784>.

2. Description

A PIP has been uploaded for this school or district - see the link above.

2. Describe the process by which the school builds and sustains partnerships with the local community for the purpose of securing and utilizing resources to support the school and student achievement.

East Lake designates a staff member as the community/business liaison. This person meets with and solicits new business partners. We have several partners that have been with the school for extended time and we are continually adding new partners. Our partners provide a variety of help and support. East Lake is a 5-Star school, having reached the required number of volunteer hours within a school year. Parents are welcome to sign up through the OASIS program and volunteer at the school or in a classroom. At the end of the year, an appreciation event is held to thank all the volunteers and partners for their support.

C. Effective Leadership

1. School Leadership Team

a. Membership

Identify the name, email address and position title for each member of the school leadership team.:

Name	Title
DeLuca, Hilary	Principal
DeRight, Nathan	Assistant Principal
Blades, Kathy	Instructional Coach
Archambeau, Gidget	Instructional Coach
Glasheen, Jennifer	Instructional Coach
MacMillan, Michelle	Instructional Coach
Glasheen, Jennifer	Instructional Media
Hassell, Cynthia	Teacher, ESE

b. Duties

1. Describe the roles and responsibilities of the members, including how they serve as instructional leaders and practice shared decision making.

Administration: As the academic leaders, administration oversees all areas of the school and lead staff in the direction that best meets student needs. Provides a common vision and monitors implementation of strategic goals.

Instructional Coaches: East Lake has four instructional coaches that focus on different areas of the school. The literacy coach provides guidance on the K-12 Reading Plan, facilitates and supports data collection activities, assists in data analysis, provides professional development and technical assistance to teachers regarding data-based instructional planning, and supports the implementation of Tier 1, Tier 2, and Tier 3 Intervention Plans. The math/science coach provides guidance on the K-12 Math/Science Plan, facilitates and supports data collection activities, assists in data analysis, provides professional development and technical assistance to teachers regarding data-based instructional planning, and supports the implementation of Tier 1, Tier 2, and Tier 3 Intervention Plans. The MTSS coach assists with whole school screening programs that provide early intervening services for children to be considered "at risk"; assists in the design and implementation for progress monitoring, data collection, and data analysis; participates in the design and delivery of professional development ; and provides support for assessment and implementation monitoring. Our LRS provides direct interventions to Tier 2 & 3 students and is responsible for mentoring and professional development for new teachers at East Lake Elementary in order to increase staff retention.

Exceptional Student Education (ESE) Teacher: Leads the PLC process with ESE teachers at East Lake in order to ensure that all students are receiving the supports needed to be successful and provides guidance in best practices for students with a variety of support needs.

2. Describe the process through which school leadership identifies and aligns all available resources (e.g., personnel, instructional, curricular) in order to meet the needs of all students and maximize desired student outcomes. Include the methodology for coordinating and supplementing federal, state and local funds, services and programs. Provide the person(s) responsible, frequency of meetings, how an inventory of resources is maintained and any problem-solving activities used to determine how to apply resources for the highest impact.

The MTSS Leadership team meets monthly to review school wide data and students receiving MTSS interventions. The first meeting the team reviewed the SIP Goals and available student data to look for school trends. Meetings to review and analyze current student data to monitor all students academic progress. The committee will then make recommendations based on the needs of individual or small instruction based on the level of intensity needs. The MTSS Leadership committee will also look at school wide data to see if there are trends in student learning that need to be identified for Tier 1 instruction. As these trends are identified

teachers will receive professional development and assistant from academic coaches.

Title I, Part A

To ensure students requiring additional remediation are assisted; extended learning opportunities, such as before and /or after school programs, and/or Saturday and/or summer school, are offered. The district coordinates with Title II to ensure staff development needs are provided. Learning Resource Specialists and Math/Science Coaches develop and lead programs based on Florida Standards curriculum/behavior assessment and intervention approaches.

Title I, Part C-Migrant

When Migrant children are enrolled at our school, the Title I Migrant Center staff is available to ensure that all migrant students are given a fair and equitable opportunity to achieve a high quality education. They will be contacted to help meet the needs of Migrant students, based on student achievement data, if enrolled at our school. These students will be afforded the same opportunities as all students. The liaison coordinates with Title I and other programs to ensure the student needs are met and assistance transitioning to post-secondary education or employment.

Title I, Part D

When Neglected and/or Delinquent children are enrolled in our school, we will coordinate efforts with the Alternative Programs Department to ensure that all student needs are met.

Title II

Professional Development is provided for Core Connections, Math Solutions, and Instructional Framework Design and the Instructional Leadership Pipeline. It is also used to focus on Professional Learning Community (PLC) development and facilitation.

Title III

The Multicultural Department assists in the identification of Limited English Proficiency (LEP), immigrant, and Native American students most at-risk in meeting state standards. Support research-based, comprehensive educational programs are used to help reduce the educational barriers that result from cultural and linguistic needs. Schools provide help for LEP, immigrant, and Native American students achieve the same standards as developed for other students.

IDEA provides support for students with an Individual Education Plan (IEP), students identified through the Preschool Education Evaluation Program (PEEP), and students identified through the gifted screening process for all second grade Title I students.

Title IX

To help eliminate barriers for education the District Homeless Education Liaison works with the

school FIT Liaisons to help define and protect the rights of homeless students to enroll in, attend, and succeed in our public schools. For students identified as homeless under the McKinney-Vento Act, the Liaison provides health and academic referrals as well as vouchers for resources such as, but not limited to shoes, transportation, and school physicals.

2. School Advisory Council (SAC)

a. Membership

Identify the name and stakeholder group for each member of the SAC.:

Name	Stakeholder Group
Jamie Hopkins	Parent
Hilary DeLuca	Principal
Robin Gatewood	Teacher
Kimberly Maslowski	Teacher
Elizabeth Roe	Teacher
Tina Cryderman	Parent
Emily Kress	Teacher
Kathy Sciortino	Teacher
Louise Smith	Business/Community
Gidget Archambeau	Teacher
Yassir Paula	Parent
Joshua Pena	Business/Community
Sasha Pena	Parent
Wendy Santiago	Parent
Marcos Santiago	Parent
Christine Lopez	Parent
Natalie Faulhaber	Parent
Melissa Long	Parent
JT Blanco	Parent
Rebecca Goldsmith	Parent
Jolene Torres	Parent
Nydia Torres	Teacher
Zeneida Cabrera	Parent

b. Duties

1. Provide a description of the SAC's involvement with the following activities, as required by section 1001.452(2), Florida Statutes

The school's response to this question may address the requirements of ESSA, P.L. No. 114-95, Â§ 1114(b)(2).

a. Evaluation of last year's school improvement plan

SAC reviews the goals throughout the year and monitors student progress. During a SAC meeting, the school climate survey results were shared once all data was collected. Suggestions were then made based upon the results of the survey to better the school as a whole. During the first meeting in September the results from testing will be discussed as well as the anticipated school goals for the year.

b. Development of this school improvement plan

The plan is developed by administration and school leadership team, with additional input from all staff. Administration presents the CIMS to the SAC committee, suggestions are discussed, and the committee votes to approve the plan.

c. Preparation of the school's annual budget and plan

The school principal prepares the school budget.

2. Describe the use of school improvement funds allocated last year, including the amount budgeted for each project.

The use of SAC funds will be utilized to support teachers and students in accordance to the Continuous Improvement Management System. SAC purchased over \$1,000 in math manipulatives for grades 3-5, \$2,500 on e-books for student engagement and listens to proposals given by teachers or various stakeholders throughout the school year.

3. Verify that the school is in compliance with section 1001.452, Florida Statutes, regarding the establishment requirements and duties of the SAC.

Yes

a. If the school is not in compliance, describe the measures being implemented to meet SAC requirements.

3. Literacy Leadership Team (LLT)

a. Membership

Identify the name and position title for each member of the school-based LLT or similar group, if applicable.:

Name	Title
DeLuca, Hilary	Principal
Glasheen, Jennifer	Instructional Media
Archambeau, Gidget	Instructional Coach
Glasheen, Jennifer	Instructional Coach
Hopkins, Jamie	Teacher, K-12
Holloway, Juanita	Teacher, K-12
Emanuel, Shoba	Teacher, K-12
Gelfert, Michelle	Paraprofessional
Sciortino, Kathleen	Teacher, K-12
Holmes, Jessica	Teacher, K-12

b. Duties

1. Describe how the LLT or similar group promotes literacy within the school, if applicable.

In order to address the implementation of Florida Standards, the primary focus of the LLT will be on collaborative standards based planning and instruction. Based on the most current reading achievement data, the LLT will also be targeting strategies aimed at increasing the opportunity for students to read. Examples of this include family literacy nights, SSYRA and SSYRA Jr. incentives, and Literacy Week celebrations.

D. Public and Collaborative Teaching

The school's responses to this section may address the requirements of ESSA, P.L. No. 114-95, Â§ 1114(b)(7)(A)(iii)(IV).

1. Describe the school's strategies to encourage positive working relationships between teachers, including collaborative planning and instruction.

Teachers work collaboratively in Professional Learning Communities (PLCs). Within the PLCs, each grade level plans lessons, creates assessments, and analyzes school data as a team. PLC teams meet weekly and teachers are encouraged to meet vertically, where teachers of various grade levels meet with their content areas. Administration also provides teachers with grade level unit planning days throughout the year. Reading and Math teachers meet and collaborate together to create lesson plans and CIM assessments to provide a spiral review. Grade levels either are given a half or a full day planning day respectively. Finally, teachers are encouraged to flexibly group their students and provide each student with their most suitable learning environment.

2. Describe the school's strategies to recruit, develop and retain highly qualified, certified-in-field, effective teachers to the school.

The principal attends any teacher recruitment opportunity. There is an ongoing effort to locate new teachers through district and university resources. The teachers are contacted about future teaching opportunities. The new teacher mentoring program runs throughout the school year and is facilitated by academic coaches. There is a monthly meeting for all teachers that are new to the staff for information and support. Additionally, there is a new teacher training at the beginning of the school year designed to support new teachers through planning and model classroom observations with feedback.

3. Describe the school's teacher mentoring program, including the rationale for pairings and planned mentoring activities.

There is a year long mentoring program for new teachers. The teachers are assigned a mentor , who has been selected based on the needs and grade level of the new teacher. There will be a monthly new teacher meeting to cover important issues, such as report cards and behavior plans. New teacher will also receive help from the academic coaches throughout the year. Additionally, there is a new teacher training at the beginning of the school year designed to support new teachers through planning and model classroom observations with feedback.

E. Ambitious Instruction and Learning

1. Instructional Programs and Strategies

a. Instructional Programs

1. Describe how the school ensures its core instructional programs and materials are aligned to Florida's standards.

The district has created a time line with standards. Our teachers follow the district calendar. All programs that are used in addition to the district mandated curriculum are research based and follow the state standards. All materials are reviewed and approved by the principal.

b. Instructional Strategies

1. Describe how the school uses data to provide and differentiate instruction to meet the diverse needs of students. Provide examples of how instruction is modified or supplemented to assist students having difficulty attaining the proficient or advanced level on state assessments.

East Lake uses i-Ready data to progress monitor regularly throughout the year. Students that are not performing to proficiency are provided with additional assistance. Students are given more direct attention within smaller group settings during math and reading time daily. Students in the lower quartile of the school are tutored during the school day and are given at home opportunities as well. Teachers meet regularly with the school Literacy Coach and Math/Science coach to be given assistance on how to differentiate instruction based upon the students needs when needed.

2. Provide the following information for each strategy the school uses to increase the amount and quality of learning time and help enrich and accelerate the curriculum:

Strategy: Extended School Day

Minutes added to school year: 1,080

Students that are in the lowest quartile and scored a Level 1 on FSA Reading or Mathematics and/or Tier 3 in the MTSS process will receive intervention in reading and mathematics for 30 minutes a day/4 days a week. The intervention will be taught by highly qualified teacher(s) and/or paraprofessionals during essential time (given parent(s) sign the PE waiver).

Strategy Rationale

The extended learning strategy above is necessary to help students on the path to proficiency in order to be college and career ready.

Strategy Purpose(s)

- Core Academic Instruction

Person(s) responsible for monitoring implementation of the strategy

DeLuca, Hilary, hilary.deluca@osceolaschools.net

Data that is or will be collected and how it is analyzed to determine effectiveness of the strategy

Data from i-Ready reading and math will be collected on a weekly, monthly, and quarterly basis to determine if students are progressing or need to continue with intervention. Additionally, common formative assessment data will be utilized to track progress with specific standards.

2. Student Transition and Readiness

a. PreK-12 Transition

The school's response to this question may address the requirements of ESSA, P.L. No. 114-95, Â§ 1114(b)(7)(A)(iii)(V).

1. Describe the strategies the school employs to support incoming and outgoing cohorts of students in transition from one school level to another.

East Lake provides two units of Voluntary Pre-Kindergarten, one in the morning and one in the afternoon. This services approximately 40 students in the community. East Lake also houses three ESE Pre-K units for students ages 3 to 5 for our students with disabilities. All units follow a set curriculum for their students. Both VPK and ESE Pre-K meet weekly during Professional Learning Communities. The District Level supervisor makes monthly or quarterly visits to the units and provides feedback to Administration. As students prepare to head to middle school, our staff meet with the middle school staff in the area and assist with scheduling and provide guidance for both students and families.

b. College and Career Readiness

- 1. Describe the strategies the school uses to advance college and career awareness, which may include establishing partnerships with business, industry or community organizations.**
- 2. Identify the career and technical education programs available to students and industry certifications that may be earned through those respective programs.**
- 3. Describe efforts the school has taken to integrate career and technical education with academic courses (e.g., industrial biotechnology) to support student achievement.**
- 4. Describe strategies for improving student readiness for the public postsecondary level based on annual analysis of the [High School Feedback Report](#), as required by section 1008.37(4), Florida Statutes.**

II. Needs Assessment

The school's completion of this part may address the requirements of ESSA, P.L. No. 114-95, Â§ 1114(b)(6).

A. Problem Identification

1. Data to Support Problem Identification

b. Data Uploads

Data uploads are not required by the Florida Department of Education but are offered as a tool for the needs assessment. In this section, the school may upload files of locally available data charts and graphs being used as evidence of need.

The following documents were submitted as evidence for this section:

No files were uploaded

2. Problem Identification Summary

This section is not required by the Florida Department of Education but is provided as an opportunity for the school to summarize the points of strength and areas of need that have been identified in the data.

B. Problem Analysis Summary

This section is not required by the Florida Department of Education but is provided as an opportunity for the school to summarize the underlying "why" or root causes for the areas of need identified in the data, as determined by situational awareness of, and research conducted by, the stakeholders involved in the needs assessment.

C. Strategic Goals

School Improvement Goals

The following key is intended to help readers understand how the sections of this document correspond to the steps of the 8-step planning and problem-solving framework used in the School Improvement Plan. The Quick Key numbers can help registered users go directly to the point of entry for any given goal, barrier and strategy within the online survey.

Strategic Goals Summary

- G1.** If East Lake Elementary increases rigorous, standards-based instruction with authentic student engagement for all grade levels in reading, mathematics, and science through planning, collaboration, and professional development, then student achievement for ALL students will increase.
- G2.** If East Lake Elementary School increases timeliness to school and attendance at school, then student achievement will increase.

Strategic Goals Detail

For each strategic goal, this section lists the associated targets (i.e., "SMART goals"), targeted barriers to achieving the goal, resources available to help reduce or eliminate the barriers, and the plan for monitoring progress toward the goal.
