Note: The school grades calculation was revised substantially for the 2014-15 school year to implement statutory changes made by the 2014 Legislature and incorporate the new Florida Standards Assessments. The 2014-15 school grades serve as informational baseline data that schools can use to improve in future years.

School Board Approval

This plan was approved by the Alachua County School Board on 10/17/2017.

SIP Authority and Template

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a school improvement plan (SIP) for each school in the district that has a school grade of D or F.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F (see page 4). For schools receiving a grade of A, B, or C, the district may opt to require a SIP using a template of its choosing.

This document was prepared by school and district leadership using the FDOE's school improvement planning web application located at <https://www.floridacims.org>.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. A corollary at the district level is the District Improvement and Assistance Plan (DIAP), designed to help district leadership make the necessary connections between school and district goals in order to align resources. The Florida Department of Education encourages schools to use the SIP as a “living document” by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the “Date Modified” listed in the footer.

Part I: Current School Status

Part I organizes the current status of the school around five domains inspired by the 5Essentials framework: Supportive Environment, Family and Community Involvement, Effective Leadership, Public and Collaborative Teaching, and Ambitious Instruction and Learning. Questions regarding the school’s Multi-Tiered System of Supports have been embedded throughout this part to demonstrate how data is used by stakeholders to understand the needs of all students and allocate appropriate resources in proportion to those needs.

Part II: Needs Assessment

Part II requires the school to review performance and early warning systems data in order to develop strategic goals and associated data targets (i.e., “SMART goals”) for the coming school year in context of the school’s greatest strengths and needs. An online tool was developed, which includes data visualizations and processing questions to support problem identification, problem analysis and strategic goal formulation.

Part III: 8-Step Planning and Problem Solving for Implementation

Part III enables the school to develop implementation plans for its highest-priority goals. With the overview of the current state of the school in mind and the strategic goals identified through the needs assessment, the planning team engages in a facilitated planning and problem-solving process, through which they

- Define strategic goals and establish targets to be reached by successfully achieving the goals (Step 1)
- Identify barriers that could hinder achieving those goals and resources that could be used to eliminate or reduce barriers (Step 2)
- Select high-priority barriers they want to address initially (Step 3)
- Design implementation and monitoring plans for strategies to resolve selected barriers (Steps 4-7)
- Determine how they will monitor progress toward each goal (Step 8)

Appendices

The following appendices, automatically-generated from content entered in Part III, are included in this document:

- Appendix 1 is a timeline of all action steps and monitoring activities
- Appendix 2 is an outline of all professional development opportunities and technical assistance items
- Appendix 3 is a report of the budget needed to implement the strategies

Differentiated Accountability

Florida's Differentiated Accountability (DA) system, established in [section 1008.33, Florida Statutes](#), is a statewide network of strategic support, differentiated by need according to performance data, provided to districts and schools in order to improve leadership capacity, teacher efficacy, and student outcomes. Through a data-driven planning and problem-solving process, DA field teams collaborate with district leadership to design, implement, and refine strategic goals and action plans that are documented in the SIP.

DA Regions

Florida's DA network is divided into four geographical regions, each served by a field team led by a regional executive director (RED).

DA Categories

At the start of each academic year, traditional schools are classified for DA support in two categories based on the most recent school grades data available. Descriptions of each DA category along with the state support and interventions provided are set forth by [Rule 6A-1.099811, Florida Administrative Code](#):

- **Not in DA** - A school with a current school grade of A, B, or C; charter schools; and ungraded schools.
- **Targeted Support and Improvement** - A school with a current school grade of an initial D.
- **Comprehensive Support and Improvement** - A school with a current school grade of F or two consecutive grades of D, or a high school with a graduation rate of 67 percent or less in the most recent data release.

DA Turnaround Status

Additionally, Comprehensive Support and Improvement schools have a turnaround status of "Implementing," based on a school's grades history, including the current school grade:

- Implementing - A school with a status of "Implementing" requires the district to submit a turnaround plan to the State Board of Education for approval and implementation. A school remains in "Implementing" status until its school grade improves to a C or higher.

I. Part I: Current School Status

A. Supportive Environment

1. School Mission and Vision

a. Provide the school's mission statement.

Sidney Lanier School will ensure that students with disabilities learn authentic skills in a safe environment to be productive and integrated into their home, community, leisure and work.

The Alachua County School Districts' mission statement:
We are Committed to the Success of Every Student!

b. Provide the school's vision statement.

We believe...

...That all students with disabilities can reach their highest possible standard of achievement.

...That students with disabilities can become contributing members of our community.

...That special education programs will reflect only the finest in research-based practices.

...That ongoing staff development will focus on the refinement of instructional practices that reflect the unique needs of our students.

...That all special education activities will be meaningful, authentic, and engaging for our students.

...That all Sidney Lanier Special Educators will be a model of excellence in their field.

The Vision Statement for The Alachua County School District is:

We will graduate students who have the knowledge, skills, and personal characteristics to be learners and independent thinkers. Our graduates will excel in their chosen careers and be productive and contributing members of the global community.

2. School Environment

a. Describe the process by which the school learns about students' cultures and builds relationships between teachers and students.

Ensure that relationship-building is a clear priority;

- Identify and foster school community stakeholders such as parents, students, teachers and school counselors, to assess the current state of the cultural awareness and student-teacher relationships (through data-based decision making). Identify on-campus leaders to implement evidence-based strategies to develop cultural awareness, improve student-teacher relations, and build on the development of programs that meet the needs of students with severe disabilities.
- Select a method/variety of methods that faculty members will use in the first days of school to set a positive tone and clarify the values that will guide interpersonal interaction between students and between the teacher, students and parents.
- Provide and demonstrate to faculty members simple strategies for gaining information about students' cultures.
- Teachers will participate in the process of discussing students of concern and providing valuable information through student BIP (behavior intervention plan) along with their behavioral expectations.
- Provide Professional Development training or collegial support for teachers who need help in devising methods and structures for expanding positive interpersonal interaction in classroom settings.
- Promote the use of effective strategies using Marzano's Design Question 8: Establishing and Maintaining Effective Relationships with Students.
- Attend District provided Professional Development on multicultural offerings.

- Schedule and plan school wide multicultural projects.

In addition to the implementation of the strategies, progress monitoring will occur by the leadership team to ensure validity of the program. This data will be collected and shared with the team.

b. Describe how the school creates an environment where students feel safe and respected before, during and after school.

- Sidney Lanier will provide a safe nurturing student friendly environment to the students it serves. The school is dedicated to creating a positive, caring and supportive school community. Supports will be derived of instructional and external guidance through supplemental direct and indirect supports.
- The development of a dedicated system of student services where students with severe disabilities can thrive. Supports based on academic and behavioral resources will be provided the use of school, local and University resources will provide a varied and differentiated outlook for each student.
- Continue to develop and demonstrate the specific practices that reflect the application of the school's SwPBS program to create a contexts students will encounter before/during/after school.
- Involve non-instructional staff, including office staff, bus drivers, cafeteria personnel, and after-school personnel in the process of modeling and teaching interpersonal expectations in non-academic settings and giving them instruction for reporting violations to appropriate supervisors.

c. Describe the schoolwide behavioral system in place that aids in minimizing distractions to keep students engaged during instructional time. This may include, but is not limited to, established protocols for disciplinary incidents, clear behavioral expectations, and training for school personnel to ensure the system is fairly and consistently enforced.

- Ensure teachers are trained in Classroom management strategies (CHAMPS, CPI, Tough Kids Toolbox.)
- SwPBS team reviews classroom data to ensure maximum participation in SwPBS.
- Ensure differentiation of instruction is taking place to meet the needs of all students. Teachers will convey and review expectations for each learning activity.
- Make references to school academic and behavioral expectations when providing students with positive feedback. Class meetings will occur on a frequent basis to include student feedback.
- Promote and continue to develop the School-wide recognition system
- Develop and implement a differentiated system of school counseling services with dedicated time for the core classroom guidance instruction on developing the Behavior Intervention Plans, Learning Strategies, Self-Management Skills, and Social Skills that contribute to student achievement and behavior changes.

d. Describe how the school ensures the social-emotional needs of all students are being met, which may include providing counseling, mentoring and other pupil services.

- Student Services team will meet regularly to discuss students with barriers to academic, social and career success.
- Referral to the UF partner groups (Gage) for behavioral interventions and guidance
- Instruction and various campus activities that address social/emotional needs of students. This will be structured through the BRT
- Connect students and families to outside agencies who have Cooperative Agreements with the district or school.
- Support and improve the comprehensive school counseling program (Student Development Plan) with dedicated time to: (1) Assess the needs of the students and the barriers blocking their success (Data-Driven Decision Making), (2) Identify interventions that the research suggests works to remove the barrier to success (Evidence-Based Intervention), and (3) Evaluate your intervention and evolve (Evaluation).
- Provide identified staff (i.e. school counselor, BRT, Dean and student services team members)

support to improve the school's differentiated delivery of services based on student/school need. Include core (classroom guidance, workshop, assembly), supplemental (solution focused small group counseling), and intensive supports (individual counseling/advisement, referral to community resources). Utilize data-based decision making to close academic, social-emotional and college-career equity gaps by connecting all students with the services they need.

3. Early Warning Systems

The school's response to this section may address the requirements of ESSA, P.L. No. 114-95, Â§ 1114(b)(7)(A)(i) and (b)(7)(A)(iii)(III).

a. Describe the school's early warning system and provide a list of the early warning indicators used in the system.

- Use of district data systems to identify students who have attendance, behavioral or academic concerns.
- Create a data decision structure to identify and differentiate students with excessive absences from students who are absent due to medical needs.
- Reduce OSS and process/refer behavior problems using multiple resources on site. i.e. In school detention (ISD) and the restart room
- Ensure teachers are aware of and are part of the decision making process. Rules and procedures for notification will be in place after students are identified as meeting one of the data decision rules
- Utilize the Student Development Plan Data Driven Practices to assess the needs of the students and the barriers blocking their success (Data-Driven Decision Making). For example: attendance, behavior, and providing support for teachers to carry out student accommodations through the individual IEP.

b. Provide the following data related to the school's early warning system

1. The number of students by grade level that exhibit each early warning indicator:

Indicator	Grade Level													Total
	K	1	2	3	4	5	6	7	8	9	10	11	12	
Attendance below 90 percent	0	4	1	3	4	4	1	3	2	6	3	1	11	43
One or more suspensions	0	1	8	4	7	15	3	1	0	0	2	1	0	42
Course failure in ELA or Math	0	0	0	0	4	2	0	2	3	8	2	1	6	28
Level 1 on statewide assessment	0	0	0	15	14	7	3	2	3	11	2	3	2	62
	0	0	0	0	0	0	0	0	0	0	0	0	0	
	0	0	0	0	0	0	0	0	0	0	0	0	0	
	0	0	0	0	0	0	0	0	0	0	0	0	0	
	0	0	0	0	0	0	0	0	0	0	0	0	0	
	0	0	0	0	0	0	0	0	0	0	0	0	0	
	0	0	0	0	0	0	0	0	0	0	0	0	0	
	0	0	0	0	0	0	0	0	0	0	0	0	0	
	0	0	0	0	0	0	0	0	0	0	0	0	0	

The number of students identified by the system as exhibiting two or more early warning indicators:

Indicator	Grade Level												Total	
	K	1	2	3	4	5	6	7	8	9	10	11		12
Students exhibiting two or more indicators	0	0	0	7	9	3	1	1	2	7	3	1	2	36

c. Describe all intervention strategies employed by the school to improve the academic performance of students identified by the early warning system.

- Continue to use student services meetings to identify students of concern. Use school student services referral model for teams to identify and refer students. Student services team will be responsive to problem solve and create action plans for students of concern.
- Planned Discussions, Goal Setting for identified student.
- Notification procedures for parents, UF (Gage) school, agency and community outreach programs as needed.
- Coordinate and assess the school counseling program (Student Development Plan) with dedicated time to develop, implement and evaluate intensive (individual) interventions, connecting students and their families to needed school-based and community resources.
- Use evidence-based interventions to close student need gaps related to early warning system. Ex. Functional Behavior Assessments through referral process with District/ UF (Gage). Aligning specific strategies that are evidence based using established, emerging, and non-established categories.

B. Family and Community Engagement

The school's response to this section may address the requirements of ESSA, P.L. No. 114-95, Â§ 1114(b)(2) and (b)(7)(A)(iii)(I).

1. Describe how the school works at building positive relationships with families to increase involvement, including efforts to communicate the school's mission and vision, and keep parents informed of their child's progress.

a. Will the school use its Title I Parent and Family Engagement Policy (PFEP) to satisfy this question?

No

1. PFEP Link

The school completes a Parental Involvement Plan (PFEP), which is available at the school site.

2. Description

- Soliciting feedback from parents regarding their comfort level in contacting teachers and administrators with questions or problems.
- During Open House, Meet the Teacher and various extra-curricular activities, use of non-threatening methods of introducing parents to teachers and administrators.
- Communicate classroom and school news to parents. Phone Home and Newsletter
- Offer Professional Development concerning effective strategies for conducting supportive and effective parent phone calls and face-to-face meetings.
- Positive notes, letters, phone calls home.
- Coordinate the school newsletter to involve parent led groups such as, The PTA, SAC, and business partners in the support and facilitation of school activities such as Special Olympics.

2. Describe the process by which the school builds and sustains partnerships with the local community for the purpose of securing and utilizing resources to support the school and student achievement.

The method in which resources are secured from community partnerships are coordinated through the Parent Teacher Booster Organization and SAC. The Friends of Lanier which is made up of several business partners former employees and community members. This group helps the school raise monies and resources which in turn help support large school academic initiatives and projects..

C. Effective Leadership

1. School Leadership Team

a. Membership

Identify the name, email address and position title for each member of the school leadership team.:

Name	Title
Kamman, Buddy	Principal
Dotts-Hoehnle, Kim	Assistant Principal
Kavanaugh, Michael	Dean
Sauberan, Lisa	Dean

b. Duties

1. Describe the roles and responsibilities of the members, including how they serve as instructional leaders and practice shared decision making.

Principal- coordinate and facilitate the dialogue, assure resources, guide the process progress monitoring of established programs.

Assistant Principal- Curriculum and resource development, data relative to academic interventions observations.

Dean/BRT -behavior intervention, resource development, data relative to behavior, intervention strategies, observations.

School Counselor-oversight of IEP, evaluation options, procedures and resources in community, historical knowledge of the student and family situation.

Data Base - attendance tracking

Nursing staff- medical resources, historical, patterns, contacts, family information, medical / nursing care, information

Teachers- observations, data, feedback, family/parent communication, resources,

2. Describe the process through which school leadership identifies and aligns all available resources (e.g., personnel, instructional, curricular) in order to meet the needs of all students and maximize desired student outcomes. Include the methodology for coordinating and supplementing federal, state and local funds, services and programs. Provide the person(s) responsible, frequency of meetings, how an inventory of resources is maintained and any problem-solving activities used to determine how to apply resources for the highest impact.

Student Services Team meets bi weekly to address needs of students, consider referral to support programs, need for additional services, etc. Regular Data Chats are conducted to review academic data related to literacy. These teams include the Principal, Assistant Principal, School Counselor, Dean and BRT, Nursing Staff, Data Base / Attendance, and teachers. Following discussion of concerns and brainstorming, a plan is developed.

2. School Advisory Council (SAC)

a. Membership

Identify the name and stakeholder group for each member of the SAC.:

Name	Stakeholder Group
Royce G. Kamman	Principal
Steve Tinney	Business/Community
Joe Johnson	Business/Community
Faye Ferguson	Education Support Employee
Daniel Estrada	Parent
Catherine Diaz	Business/Community
Betsy Harris	Teacher
Lennox Nunley	Student

b. Duties

1. Provide a description of the SAC's involvement with the following activities, as required by section 1001.452(2), Florida Statutes

The school's response to this question may address the requirements of ESSA, P.L. No. 114-95, Â§ 1114(b)(2).

a. Evaluation of last year's school improvement plan

The SAC for the 2017-18 school year met and elected new members. This year Daniel Estrada will serve as SAC chair, Maria Beasley will serve as Vice Chair and Betsy Harris will serve as Secretary. The SAC team reviewed the SIP plan and planned to meet quarterly for review to review progress on goals and school based initiatives. The SAC also reviewed the progress of last years goals and the consensus was that the plan was on track with the improvement in reaching school goals. The SAC Team will continue to support professional development and parent involvement, materials, supplies and curriculum related to literacy and transition services for students age 5 through 22.

b. Development of this school improvement plan

SAC members participated in needs assessments during the Spring of 2017 in conjunction with parents, faculty staff and students. The results of these surveys were discussed during the May 2017 meetings and recommendations prioritized. The plan was drafted with input by all stakeholders, including faculty, staff, parents, volunteers, and students and reviewed by the School Advisory Council prior to being approved.

c. Preparation of the school's annual budget and plan

The 2017-18 budget has been allocated and approved. The budget plan is in progress.

2. Describe the use of school improvement funds allocated last year, including the amount budgeted for each project.

School Improvement funds will be utilized to provide professional development, parent involvement, materials, supplies and curriculum related to early intervention, literacy and transition for ages 5 through 22.

3. Verify that the school is in compliance with section 1001.452, Florida Statutes, regarding the establishment requirements and duties of the SAC.

Yes

a. If the school is not in compliance, describe the measures being implemented to meet SAC requirements.

3. Literacy Leadership Team (LLT)

a. Membership

Identify the name and position title for each member of the school-based LLT or similar group, if applicable.:

Name	Title
Kamman, Buddy	Principal
Dotts-Hoehnle, Kim	Assistant Principal
Sauberan, Lisa	Administrative Support

b. Duties

1. Describe how the LLT or similar group promotes literacy within the school, if applicable.

Increased literacy on Florida Alternate Assessment and Benchmark testing, including non-FAA tested students.

The use of Unique and N2Y curriculum to assess and monitor progress will be tied to student progression.

Reduce incidents of problematic, destructive or disruptive repetitive behavior through enhanced behavior programming and increase student engagement.

We will institute Mimio software as a school based initiative to provide students with cognitive disabilities a means to succeed. This program provides designated curriculum markers to show academic progress with students with severe disabilities.

This group of professionals is comprised of leaders in literacy. This team will include a literacy leader from each ESE team, and both administrators. The team uses data to establish the literacy goals for that school year. Once the goals have been established, the team creates a plan of action and may meet monthly, to assess progress towards accomplishing the goals. The team may promote and support literacy in a variety of ways: through literacy nights, professional development, leaders coaching and/or modeling, summer literacy plans, addressing scheduling concerns, providing instructional and student resources and materials, and other initiatives.

D. Public and Collaborative Teaching

The school's responses to this section may address the requirements of ESSA, P.L. No. 114-95, Â§ 1114(b)(7)(A)(iii)(IV).

1. Describe the school's strategies to encourage positive working relationships between teachers, including collaborative planning and instruction.

The establishment of a monthly calendar will provide a greater opportunity for collaboration and training on school goals and initiatives.

One venue for encouraging positive working relationships with teachers is participation in Learning Team Meetings. The master schedule has been designed to provide consistent time for teachers to meet by common teams. Research-based protocols are utilized to focus the meetings on students' academic needs and how students might be assessed. Student improvement is monitored and instruction is modified as needed based on decisions made through collaboration

2. Describe the school's strategies to recruit, develop and retain highly qualified, certified-in-field, effective teachers to the school.

Attend local job fair(s) hosted by the District. Interview applicants who are qualified and experienced to teach students with pervasive disabilities.

Recruit and seek to fill para professional vacancies with qualified certified teachers when possible and utilizing substitutes for teachers and para professionals on regular basis.

Provide internships, practicum experiences and volunteering opportunities for qualified college students and adults.

Encourage teachers to participate in staff development. Offer training in areas pertinent to their teaching assignment (i.e., non-violent crisis intervention, content area curriculum and instruction, FAA, etc.)

Partner teachers new-to-the-school with veteran staff (i.e., department chairs).

Implement electronic snapshots to provide immediate feedback to teachers on quality instruction

3. Describe the school's teacher mentoring program, including the rationale for pairings and planned mentoring activities.

All first year teachers participating in the Educator Support Program (ESP). ESP is the School District of Alachua County's formal program of support for newly hired educators. Systems of support include a district mentor support coach, staff development opportunities, observations, conferences, and written and oral feedback

Teachers who are new to Lanier are paired with a veteran teacher from their quad level team. The mentoring teacher must have demonstrated highly effective skills in the classroom, good communication with parents, peers and others as well as professional practices. When possible, the mentoring teacher will have received training in clinical education.

E. Ambitious Instruction and Learning

1. Instructional Programs and Strategies

a. Instructional Programs

1. Describe how the school ensures its core instructional programs and materials are aligned to Florida's standards.

Our school creates ongoing opportunities for teachers to unpack the Florida Alternative Assessment and to plan and discuss reading and writing curriculum that aligns to the standards. This supports a deeper level of comprehension. These conversations and learning opportunities promote dialogue that can dispel misunderstandings and promote opportunities for growth in instructional practice, curriculum, and the standards.

We will also provide opportunities for teachers who provide FSA supports to students. This supports a deeper level of comprehension. These conversations and learning opportunities promote dialogue that can dispel misunderstandings and promote opportunities for growth in instructional practice, curriculum, and the standards.

We stand by the belief that all students can learn. Our goal is to provide various opportunities for all of our student to experience growth in social, emotional and educational life-long experiences.

b. Instructional Strategies

1. Describe how the school uses data to provide and differentiate instruction to meet the diverse needs of students. Provide examples of how instruction is modified or supplemented to assist students having difficulty attaining the proficient or advanced level on state assessments.

The school can describe the Rtl process, the use of tutorials, the use of intensive reading, and the use of small group instruction.

The school ensures every teacher contributes to literacy improvement of every student by:

- Holding meetings on a regular basis to make decisions about literacy instruction in the school.

Student data is analyzed and compared to expectations found in the Unique and N2Y curriculum. The implementation of the Mimeo/iPad program. This initiative will ensure that all of our students who are non-verbal/wheelchair bound have access to a curriculum that best meets their needs

- Utilizing a balanced literacy approach that includes whole group, small group and one-on-one instruction based on student needs
 - Creating a schedule with an uninterrupted 90 minute reading block
 - Creating a schedule with an additional 60 minute math block
 - Providing instruction based on student needs
 - Providing resources to support instruction (extensive classroom libraries, texts to support units of study, leveled books for small group instruction)
 - Administering assessments which measure instructed standards
- We will also ensure that our Middle School and High School Students are on track to earn appropriate credits to graduate.

2. Provide the following information for each strategy the school uses to increase the amount and quality of learning time and help enrich and accelerate the curriculum:

Strategy: Summer Program

Minutes added to school year: 12,180

Unique Learning Systems and N2Y Curriculum designed for Students with severe disabilities. The distribution of time will be tied to the following initiatives:

- Extended School Year
- Mimeo Curriculum
- Summer Program

Strategy Rationale

- Core Academic Instruction
- Enrichment Life Skills
- Teacher Collaboration, Planning, and Professional Development

Strategy Purpose(s)

- Core Academic Instruction
- Enrichment
- Teacher collaboration, planning and professional development

Person(s) responsible for monitoring implementation of the strategy

Dotts-Hoehnle, Kim, kimdh@gm.sbac.edu

Data that is or will be collected and how it is analyzed to determine effectiveness of the strategy

Pre/Post Tests built into the Unique Learning Systems Curriculum Data will be collected. With our FSA students, we will collect data from in house assessments, and the District assessment tool.

2. Student Transition and Readiness

a. PreK-12 Transition

The school's response to this question may address the requirements of ESSA, P.L. No. 114-95, Â§ 1114(b)(7)(A)(iii)(V).

1. Describe the strategies the school employs to support incoming and outgoing cohorts of students in transition from one school level to another.

Students participating in the Elementary program are assessed monthly, an IEP meeting will be held to discuss needs and services to determine appropriate supports and coordinate the transition to each grade level. In the event a student has become proficient, we will meet to determine if a district placement in a regular school setting is appropriate.

b. College and Career Readiness

1. Describe the strategies the school uses to advance college and career awareness, which may include establishing partnerships with business, industry or community organizations.

Students and families participate in Transition IEP's beginning at the age of 14. During a student's final year of school (prior to turning 22), a Life Planning meeting is conducted where agencies providing supports for adults with disabilities meet with the IEP team to prepare a plan for post secondary programs.

2. Identify the career and technical education programs available to students and industry certifications that may be earned through those respective programs.

Students participate in ACCESS courses or transition courses designated to teach school to work instruction.

3. Describe efforts the school has taken to integrate career and technical education with academic courses (e.g., industrial biotechnology) to support student achievement.

Students in the transition ages of 16 - 22 participate in Career Readiness and Career Experiences with job training. Currently, the school is developing additional programs / contracts for students to develop work related skills.

4. Describe strategies for improving student readiness for the public postsecondary level based on annual analysis of the [High School Feedback Report](#), as required by section 1008.37(4), Florida Statutes.

See above.

II. Needs Assessment

The school's completion of this part may address the requirements of ESSA, P.L. No. 114-95, Â§ 1114(b)(6).

A. Problem Identification

1. Data to Support Problem Identification

b. Data Uploads

Data uploads are not required by the Florida Department of Education but are offered as a tool for the needs assessment. In this section, the school may upload files of locally available data charts and graphs being used as evidence of need.

The following documents were submitted as evidence for this section:

No files were uploaded

2. Problem Identification Summary

This section is not required by the Florida Department of Education but is provided as an opportunity for the school to summarize the points of strength and areas of need that have been identified in the data.

B. Problem Analysis Summary

This section is not required by the Florida Department of Education but is provided as an opportunity for the school to summarize the underlying "why" or root causes for the areas of need identified in the data, as determined by situational awareness of, and research conducted by, the stakeholders involved in the needs assessment.

C. Strategic Goals

School Improvement Goals

The following key is intended to help readers understand how the sections of this document correspond to the steps of the 8-step planning and problem-solving framework used in the School Improvement Plan. The Quick Key numbers can help registered users go directly to the point of entry for any given goal, barrier and strategy within the online survey.

Problem Solving Key

G = Goal

B =
Barrier

S = Strategy

1 = Problem Solving Step  S123456 = Quick Key

Strategic Goals Summary

- G1.** Increase student literacy by instituting comprehensive behavior modification programming. Decrease off task behaviors and increase time in class for all students.

- G2.** Increase student literacy in all relevant core content areas in order to successfully complete pupil progression plan.

Strategic Goals Detail

For each strategic goal, this section lists the associated targets (i.e., "SMART goals"), targeted barriers to achieving the goal, resources available to help reduce or eliminate the barriers, and the plan for monitoring progress toward the goal.

- District, Local advocacy groups. Partnership with the University of Florida Behavioral Sciences groups. Lanier has partnered with Dr. Nick Gage These groups will assist in the identification of behavioral issues. The groups will also assist in forming a comprehensive plan with the Lanier student services team to address those issues.

Plan to Monitor Progress Toward G1. 8

We will use several methods of data collection. First will be monitoring behavior via a colorsystem that has a numeric value linked to it. We will also be tracking positive replacement behaviors for students, targeting behaviors that give them the most difficulty in school. Furthermore, The Behavior Resource Teacher will also keep a google document to track all student's that require additional assistance with their behavior in the "Restart Room" as well as time in ISD (In school Detention). We will also track the number of positive behavior referrals for SwPBS

Person Responsible

Buddy Kamman

Schedule

Biweekly, from 8/24/2017 to 6/10/2018

Evidence of Completion

We will use a daily check sheet to track behaviors. With the Behavior Resource Teacher and the student services. team we will meet biweekly to look at data for progress monitoring. Weekly and Quarterly SwPBS rewards will be in place for positive behavior.

G2. Increase student literacy in all relevant core content areas in order to successfully complete pupil progression plan. 1a

Action Plan for Improvement

For each strategy selected in the plan to reduce a targeted barrier to a strategic goal, this section lists the rationale for that strategy (i.e., why the school believes it will reduce the barrier) and the action steps that have been identified as necessary to implementing the strategy, including details such as the point person, timing and duration, and evidence of completion. At the end of each set of action steps is the plan for monitoring the implementation and effectiveness of the respective strategy.
