Note: The school grades calculation was revised substantially for the 2014-15 school year to implement statutory changes made by the 2014 Legislature and incorporate the new Florida Standards Assessments. The 2014-15 school grades serve as informational baseline data that schools can use to improve in future years.

School Board Approval

This plan was approved by the Wakulla County School Board on 11/13/2017.

SIP Authority and Template

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a school improvement plan (SIP) for each school in the district that has a school grade of D or F.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F (see page 4). For schools receiving a grade of A, B, or C, the district may opt to require a SIP using a template of its choosing.

This document was prepared by school and district leadership using the FDOE's school improvement planning web application located at <https://www.floridacims.org>.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. A corollary at the district level is the District Improvement and Assistance Plan (DIAP), designed to help district leadership make the necessary connections between school and district goals in order to align resources. The Florida Department of Education encourages schools to use the SIP as a “living document” by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the “Date Modified” listed in the footer.

Part I: Current School Status

Part I organizes the current status of the school around five domains inspired by the 5Essentials framework: Supportive Environment, Family and Community Involvement, Effective Leadership, Public and Collaborative Teaching, and Ambitious Instruction and Learning. Questions regarding the school’s Multi-Tiered System of Supports have been embedded throughout this part to demonstrate how data is used by stakeholders to understand the needs of all students and allocate appropriate resources in proportion to those needs.

Part II: Needs Assessment

Part II requires the school to review performance and early warning systems data in order to develop strategic goals and associated data targets (i.e., “SMART goals”) for the coming school year in context of the school’s greatest strengths and needs. An online tool was developed, which includes data visualizations and processing questions to support problem identification, problem analysis and strategic goal formulation.

Part III: 8-Step Planning and Problem Solving for Implementation

Part III enables the school to develop implementation plans for its highest-priority goals. With the overview of the current state of the school in mind and the strategic goals identified through the needs assessment, the planning team engages in a facilitated planning and problem-solving process, through which they

- Define strategic goals and establish targets to be reached by successfully achieving the goals (Step 1)
- Identify barriers that could hinder achieving those goals and resources that could be used to eliminate or reduce barriers (Step 2)
- Select high-priority barriers they want to address initially (Step 3)
- Design implementation and monitoring plans for strategies to resolve selected barriers (Steps 4-7)
- Determine how they will monitor progress toward each goal (Step 8)

Appendices

The following appendices, automatically-generated from content entered in Part III, are included in this document:

- Appendix 1 is a timeline of all action steps and monitoring activities
- Appendix 2 is an outline of all professional development opportunities and technical assistance items
- Appendix 3 is a report of the budget needed to implement the strategies

Differentiated Accountability

Florida's Differentiated Accountability (DA) system, established in [section 1008.33, Florida Statutes](#), is a statewide network of strategic support, differentiated by need according to performance data, provided to districts and schools in order to improve leadership capacity, teacher efficacy, and student outcomes. Through a data-driven planning and problem-solving process, DA field teams collaborate with district leadership to design, implement, and refine strategic goals and action plans that are documented in the SIP.

DA Regions

Florida's DA network is divided into four geographical regions, each served by a field team led by a regional executive director (RED).

DA Categories

At the start of each academic year, traditional schools are classified for DA support in two categories based on the most recent school grades data available. Descriptions of each DA category along with the state support and interventions provided are set forth by [Rule 6A-1.099811, Florida Administrative Code](#):

- **Not in DA** - A school with a current school grade of A, B, or C; charter schools; and ungraded schools.
- **Targeted Support and Improvement** - A school with a current school grade of an initial D.
- **Comprehensive Support and Improvement** - A school with a current school grade of F or two consecutive grades of D, or a high school with a graduation rate of 67 percent or less in the most recent data release.

DA Turnaround Status

Additionally, Comprehensive Support and Improvement schools have a turnaround status of "Implementing," based on a school's grades history, including the current school grade:

- Implementing - A school with a status of "Implementing" requires the district to submit a turnaround plan to the State Board of Education for approval and implementation. A school remains in "Implementing" status until its school grade improves to a C or higher.

I. Part I: Current School Status

A. Supportive Environment

1. School Mission and Vision

a. Provide the school's mission statement.

The mission of Wakulla High School is to provide an educational program in a safe environment that contributes to the development of each student emotionally, academically, and physically in order for him or her to successfully function in our continually changing, diverse society.

b. Provide the school's vision statement.

The vision is that the majority of the students will graduate from Wakulla High School with not just a diploma, but also with the technical knowledge, the academic skills, and the personal qualities needed for future success.

2. School Environment

a. Describe the process by which the school learns about students' cultures and builds relationships between teachers and students.

After school groups exist with teacher sponsors to help build rapport with students. In addition, performance based events among coaches/directors/teachers/administration are also available. Student culture is discovered through one-on-one interaction between students and school faculty and staff, and celebrated in the decoration of the halls and student work submitted for evaluation. Examples of this include student writing and student feedback. WHS also participates in Hispanic Heritage and Black History month in line with DOE initiatives.

b. Describe how the school creates an environment where students feel safe and respected before, during and after school.

Wakulla High School provides before and after school supervision for all students. A school resource officer is on campus at all times, and the interior and exterior of the school are protected by surveillance cameras. All visitors must sign in at the front office, and wear a visible "Visitor" badge. Students have the option of meeting with an administrator anytime, to present problems or concerns, or are welcome to have their opinions/concerns heard during a School Advisory Council meeting. In addition, students are given an opportunity to voice their concerns regarding safety in taking the School Climate Survey, which addresses this issue. WHS also offers a class entitled Peer Counseling 3: Life Coaching which enables students to develop knowledge and skills in communication, personal and group dynamics and conflict resolution, with an emphasis on the issues and concerns of students within the school.

c. Describe the schoolwide behavioral system in place that aids in minimizing distractions to keep students engaged during instructional time. This may include, but is not limited to, established protocols for disciplinary incidents, clear behavioral expectations, and training for school personnel to ensure the system is fairly and consistently enforced.

In addition to an established Student Code of Conduct Handbook, teachers establish rules for their own classroom. Teachers monitor student behavior in each class, and may write a referral on any student not adhering to the rules. Once a referral has been submitted, one of the Assistant Principals/ Discipline or Dean of Discipline will meet with the student to determine the appropriate action. The administration meets annually with each class level to reemphasize school-wide behavioral

expectations. In addition, administration in discipline meet with every freshman seminar class to speak with 9th graders regarding behavioral expectations at WHS.

d. Describe how the school ensures the social-emotional needs of all students are being met, which may include providing counseling, mentoring and other pupil services.

Wakulla High School offers individual counseling through our Guidance department. In addition, students may request outside counseling services through a program called New Horizons, which provides more specialized counseling for student problems. On staff, WHS employs 4 guidance counselors, a certified social worker, a full-time, on-site behavior specialist, along with community sources available to WHS students. A class entitled Peer Counseling 3: Life Coaching is also offered to all students as an elective class which assists students in identifying various school and community resources such as mental and public health services. In addition, a program identified as WINGS has been established for students with more severe mental or physical impairment in which they are paired with a student mentor to facilitate their studies and movement in and around the school. AVID Urgent Care (AUC) is a program established to aid in student success by lowering stress levels for unorganized students. AUC is a school-wide program that assists students in organization of binders, daily planner use, Cornell note-taking, restocking supplies and time management.

3. Early Warning Systems

The school's response to this section may address the requirements of ESSA, P.L. No. 114-95, Â§ 1114(b)(7)(A)(i) and (b)(7)(A)(iii)(III).

a. Describe the school's early warning system and provide a list of the early warning indicators used in the system.

WHS AP/Discipline does a periodic review of data to develop an At-Risk student watch list. Criteria includes:

- FAIR testing results; Achieve 3000 (Intensive Reading); Math EOC data; GPA; Earned Credits; report card grades; attendance; discipline; Fall/Spring retake scores; classroom performance and writing samples.

Indicators are: Attendance below 90%, regardless of whether absence is excused or a result of out-of-school suspension; One or more suspensions, whether in school or out of school; Course failure in English Language Arts or mathematics; A Level 1 score on the statewide, standardized assessments in English Language Arts or mathematics.

b. Provide the following data related to the school's early warning system

1. The number of students by grade level that exhibit each early warning indicator:

Indicator	Grade Level														Total
	K	1	2	3	4	5	6	7	8	9	10	11	12		
Attendance below 90 percent	0	0	0	0	0	0	0	0	0	79	85	77	134	375	
One or more suspensions	0	0	0	0	0	0	0	0	0	30	29	26	13	98	
Course failure in ELA or Math	0	0	0	0	0	0	0	0	0	18	38	39	44	139	
Level 1 on statewide assessment	0	0	0	0	0	0	0	0	0	72	95	113	0	280	

The number of students identified by the system as exhibiting two or more early warning indicators:

Indicator	Grade Level													Total
	K	1	2	3	4	5	6	7	8	9	10	11	12	
Students exhibiting two or more indicators	0	0	0	0	0	0	0	0	0	49	62	61	62	234

c. Describe all intervention strategies employed by the school to improve the academic performance of students identified by the early warning system.

Response to Intervention is started with students who demonstrate the risk factors stated in 3.a-b.

For students who have failed an ELA or math class, or scored a Level 1 on a statewide assessment, WHS requires those students to take Intensive Reading, Intensive Math, or Achieve 3000.

Regarding attendance, WHS uses a telephone alert system to notify parents of students' absences, and also students are entered onto an At-Risk Watch list, monitored by an Associate Dean, Timothy Wheeler. Teachers also use data to create a Watch List of at risk students monitored by the Assistant Principal of Instructional Services.

The most severely at-risk students go into a probationary program, where their attendance, GPA and discipline are reviewed with an administrator quarterly.

WHS uses detentions and in-school suspension as a disciplinary precursor to out-of-school suspensions. Short-term disciplinary placement at Pathways at Wakulla Institute, not to exceed 10 days, may be offered in lieu of out-of-school suspension.

B. Family and Community Engagement

The school's response to this section may address the requirements of ESSA, P.L. No. 114-95, Â§ 1114(b)(2) and (b)(7)(A)(iii)(I).

1. Describe how the school works at building positive relationships with families to increase involvement, including efforts to communicate the school's mission and vision, and keep parents informed of their child's progress.

a. Will the school use its Title I Parent and Family Engagement Policy (PFEP) to satisfy this question?

No

1. PFEP Link

The school completes a Parental Involvement Plan (PFEP), which is available at the school site.

2. Description

During the school year, WHS conducts parent meetings for various programs, such as Medical Academy, Industrial Arts, AVID, dual enrollment, NJROTC, Band and incoming 9th graders. The school disseminates information to parents via the school website, teacher contact and quarterly grade progress reports.

2. Describe the process by which the school builds and sustains partnerships with the local community for the purpose of securing and utilizing resources to support the school and student achievement.

Athletic and extracurricular booster programs continually connect with the community, providing information and gaining support. WHS also sponsors a program for all students and community members in connection with Black History month. In addition, administration reaches out to local businesses for donations and volunteer participation with school activities. The School Advisory Council also consists of parents and community members which provide assistance to the school and students alike.

C. Effective Leadership

1. School Leadership Team

a. Membership

Identify the name, email address and position title for each member of the school leadership team.:

Name	Title
Lohmeyer, Sherry	Assistant Principal
Barwick, Mike	Principal
Tucker, Priscilla	Assistant Principal
Graham, Johnny	Assistant Principal
Evans, Shari	SAC Member
Crouch, Logan	Assistant Principal
Wheeler, Timothy	Dean

b. Duties

1. Describe the roles and responsibilities of the members, including how they serve as instructional leaders and practice shared decision making.

The principal is an integral part of SAC and gives input based on feedback from faculty, staff and community members to the creation of the SIP. The principal ultimately oversees the MTSS.

The assistant principals are in charge of curriculum and discipline, and lead the MTSS process.

The SAC chair oversees inputting of SIP information, quarterly SAC meetings, and disbursement of school improvement funds through the School Advisory Council.

2. Describe the process through which school leadership identifies and aligns all available resources (e.g., personnel, instructional, curricular) in order to meet the needs of all students and maximize desired student outcomes. Include the methodology for coordinating and supplementing federal, state and local funds, services and programs. Provide the person(s) responsible, frequency of meetings, how an inventory of resources is maintained and any problem-solving activities used to determine how to apply resources for the highest impact.

Response to Intervention Tier I support is implemented across the school. Departments meet once a month to discuss changes in curriculum and student progress. Department heads report back to school administration on teachers needs. Assistant Principals Sherry Lohmeyer and Priscilla Tucker are in charge of academic RtI, while APs Johnny Graham and Logan Crouch are responsible for disciplinary RtI. Meetings are held with individual teachers as needed.

The District Office will distribute federal, state, and local funds, services and programs to each school. Should the need arise for distribution of SAC school based funds, the committee will take the issue under advisement for further review.

2. School Advisory Council (SAC)

a. Membership

Identify the name and stakeholder group for each member of the SAC.:

Name	Stakeholder Group
Michael Barwick	Principal
Shari Evans	Teacher
Shana Langston	Business/Community
Sheryl Smythe	Business/Community
Freebeau Swindle	Teacher
Belinda Ross	Education Support Employee
Kelli Bracci	Parent
Brandon Rentz	Student
Elizabeth Hughes	Student
Susan Turner	Student
Ethan Graham	Student
Eddie Oliver	Teacher
Travis McWhite, Sr.	Parent

b. Duties

1. Provide a description of the SAC's involvement with the following activities, as required by section 1001.452(2), Florida Statutes

The school's response to this question may address the requirements of ESSA, P.L. No. 114-95, Â§ 1114(b)(2).

a. Evaluation of last year's school improvement plan

The Wakulla High School School Advisory Council met in October 2017 to review last year's SIP, assist in creating the 2017/2018 SIP, and approving same. Testing data, attendance data and Acceleration Cell data was reviewed and it was decided that the goals be increased by 2% in line with the Wakulla School District suggestion. SAC voted to accept the School Improvement Plan prior to its submission to the Wakulla School Board in November, 2017.

b. Development of this school improvement plan

The SAC reviews the School Improvement Plan and makes suggestions as to how the plan may be used to enhance parent/community involvement. All goals are set by members of the School Leadership Team, but are also reviewed by SAC for appropriateness regarding student achievement.

c. Preparation of the school's annual budget and plan

Other than providing funds when available for student/teacher/school use, SAC does not participate in the preparation of the school's annual budget.

2. Describe the use of school improvement funds allocated last year, including the amount budgeted for each project.

Funds expended last year by SAC represented improvements in the WHS auditorium, which is frequently used for student assemblies and academic and social enrichment programs. In addition, funds were provided to the school's Positive Behavior Reinforcement Program for student rewards for attendance and positive behavior. Also, \$2,500 was spent on ACT testing for 11th and 12th grade students to assist them in achieving the State's reading graduation requirement. It is anticipated that SAC will expend \$1,500 to the Positive Behavior Reinforcement Program and an additional \$2,500 for testing fees/materials in the 2017/18 school year

3. Verify that the school is in compliance with section 1001.452, Florida Statutes, regarding the establishment requirements and duties of the SAC.

Yes

a. If the school is not in compliance, describe the measures being implemented to meet SAC requirements.

3. Literacy Leadership Team (LLT)

a. Membership

Identify the name and position title for each member of the school-based LLT or similar group, if applicable.:

Name	Title
Barwick, Mike	Principal
Gentry, Angie	Instructional Coach
Lohmeyer, Sherry	Assistant Principal
Pope, Victoria	Instructional Media

b. Duties

1. Describe how the LLT or similar group promotes literacy within the school, if applicable.

The Literacy Leadership Team is comprised of the principal, assistant principal of instruction, the reading coach, librarian, department heads and one teacher from each department.

Lesson study, close and careful reading strategies, and alignment with Florida State Standards.

D. Public and Collaborative Teaching

The school's responses to this section may address the requirements of ESSA, P.L. No. 114-95, Â§ 1114(b)(7)(A)(iii)(IV).

1. Describe the school's strategies to encourage positive working relationships between teachers, including collaborative planning and instruction.

Wakulla High School promotes collaborative planning and instruction between teachers and departments through the Medical Academy, Engineering Academy, Industrial Arts and AVID programs. Teachers employ lesson study, AVID Strategy Walk, and team building activities outside of school. In addition, the district provides new teacher training and teacher mentors within the same curriculum area. WHS also has a Kagan Professional Learning Council to assist teachers with implementing Kagan strategies.

2. Describe the school's strategies to recruit, develop and retain highly qualified, certified-in-field, effective teachers to the school.

Director of Human Resources seeks qualified applicants for openings on an ongoing basis, including use of our District's website. In addition, she oversees the Teacher Mentoring Program, New Teacher Survival Training and Leadership Program.

3. Describe the school's teacher mentoring program, including the rationale for pairings and planned mentoring activities.

All new teachers are assigned a trained mentor teacher within their same curriculum area. New teachers are also expected to attend New Teacher Training, receive ongoing assistance from their mentor, and attend regular meetings with their mentor. In addition. WHS has implemented monthly meetings for new teachers to attend for a presentation of specific school strategies.

E. Ambitious Instruction and Learning

1. Instructional Programs and Strategies

a. Instructional Programs

1. Describe how the school ensures its core instructional programs and materials are aligned to Florida's standards.

The District has adopted programs from the State to assure materials are aligned with Florida State Standards. Core class departments meet during the summer to develop and align curriculum with state standards. The curriculum development materials are then checked to ensure correlation with current standards to ensure alignment.

b. Instructional Strategies

1. Describe how the school uses data to provide and differentiate instruction to meet the diverse needs of students. Provide examples of how instruction is modified or supplemented to assist students having difficulty attaining the proficient or advanced level on state assessments.

WHS provides multi-year data on every student via FOCUS program. Every teacher reviews student historical data and students are placed in intensive reading/math classes as warranted by test scores, based on the level of student performance. In addition, the program "Performance Matters" is also used to access student data - past and present. WHS also administers the PERT test for dual enrollment purposes, as well as the PSAT for AP class placement. In accordance with the School BPIE dated 5-10-16, Students with Disabilities are educated in general education contexts 80% or more of the day, as reflected in school data which can be found on Focus. Students with Disabilities are paired with a mentor student under the WINGS program to assist in success with general education classes.

2. Provide the following information for each strategy the school uses to increase the amount and quality of learning time and help enrich and accelerate the curriculum:

Strategy: Summer Program

Minutes added to school year:

Classes are offered during the summer months to assist students with instruction in areas of unsuccessful completion during the regular school year. Math, science, history and english are offered through a computer based credit recovery program, while other math and reading classes are taught in a classroom environment.

Teachers attend Advanced Placement workshops for instruction on class implementation; teacher collaboration in the areas of math, science and history, preparing for End of Course exam instruction. In addition, some students are enrolled in an 8th class with online learning. WHS also offers Problem Solving classes in Geometry and Algebra to support students in the lowest quartile.

Strategy Rationale

Enable students to successfully recover a course in which they previously did poorly and obtain necessary credits for graduation.

Strategy Purpose(s)

- Core Academic Instruction

Person(s) responsible for monitoring implementation of the strategy

Tucker, Priscilla, priscilla.tucker@wcsb.us

Data that is or will be collected and how it is analyzed to determine effectiveness of the strategy

Data is collected through the various test scores, as those are returned to the school at the end of the summer. The success rate of those students who have had an opportunity during the summer to be remediated determines the success and effectiveness of this strategy.

2. Student Transition and Readiness

a. PreK-12 Transition

The school's response to this question may address the requirements of ESSA, P.L. No. 114-95, Â§ 1114(b)(7)(A)(iii)(V).

1. Describe the strategies the school employs to support incoming and outgoing cohorts of students in transition from one school level to another.

Wakulla High School provides a voluntary summer orientation/reading program for incoming 9th graders. WHS staff visits the district middle schools to provide guidance in curriculum and individualized scheduling. Incoming 9th graders also have multiple opportunities to visit and tour the high school, as well as a parent night at the bginning or the school year, and another at mid-year. Senior students have senior meetings, a visit from FAFSA, a college and career fair, and a parent night in October.

b. College and Career Readiness

1. Describe the strategies the school uses to advance college and career awareness, which may include establishing partnerships with business, industry or community organizations.

Wakulla High School has four guidance counselors, completes individual scheduling with every student, schedules individual college visits, as well as a college and career fair, and counseling throughout the year. WHS also conducts several parent nights and a financial aid night during the

school year. Mrs. Rosier, Associate Dean, has established an organization called The Next Level Club which meets weekly and assists students in higher educational institution searches, application processes, applying for scholarships and writing college application essays.

2. Identify the career and technical education programs available to students and industry certifications that may be earned through those respective programs.

Wakulla High School has the NJROTC, a Medical Academy, LPN Certification, an Engineering Academy, the Industrial Arts program, an AVID program, Advanced Placement program, dual enrollment, and vocational classes such as culinary arts. These programs allow students to enroll in courses that will earn them articulated credit and provide meaningful experience for post secondary work. Programs such as: TV Production I, II & III; Digital Design; Business Management and Administration/Medical Specialist; Web Development; Carpentry and Cabinetmaking 1, 2 & 3; Culinary Arts 1, 2 & 3; Engineering Technology; and Medical Academy give students the opportunity to obtain Industry Certifications in these career areas.

3. Describe efforts the school has taken to integrate career and technical education with academic courses (e.g., industrial biotechnology) to support student achievement.

The strategies implemented at Wakulla High School are: the AVID program, Advanced Placement classes, PSAT testing, PERT testing, dual enrollment with local colleges and ACT/SAT prep. In addition, guidance counselors will be in the classrooms throughout the year for college preparation. WHS has also implemented vocational courses such as culinary arts, carpentry, welding, automotive technology and Computing for College and Career classes. Project Lead the Way and Biomedical Science more fully integrate technical education into academic courses. English IV - English for College and Career Readiness (ECCR) invites guests to speak to students regarding various fields of interest. If needed SAC funds could be used promote college/career readiness by helping students test without cost.

4. Describe strategies for improving student readiness for the public postsecondary level based on annual analysis of the [High School Feedback Report](#), as required by section 1008.37(4), Florida Statutes.

Review of the High School Feedback Report allows strategies to be developed in needed areas. Additional courses and testing are added based on student need for postsecondary success. In addition, WHS previously added automotive technology and welding courses to increase student readiness for success.

II. Needs Assessment

The school's completion of this part may address the requirements of ESSA, P.L. No. 114-95, Â§ 1114(b)(6).

A. Problem Identification

1. Data to Support Problem Identification

b. Data Uploads

Data uploads are not required by the Florida Department of Education but are offered as a tool for the needs assessment. In this section, the school may upload files of locally available data charts and graphs being used as evidence of need.

The following documents were submitted as evidence for this section:

No files were uploaded

2. Problem Identification Summary

This section is not required by the Florida Department of Education but is provided as an opportunity for the school to summarize the points of strength and areas of need that have been identified in the data.

B. Problem Analysis Summary

This section is not required by the Florida Department of Education but is provided as an opportunity for the school to summarize the underlying "why" or root causes for the areas of need identified in the data, as determined by situational awareness of, and research conducted by, the stakeholders involved in the needs assessment.

C. Strategic Goals

School Improvement Goals

The following key is intended to help readers understand how the sections of this document correspond to the steps of the 8-step planning and problem-solving framework used in the School Improvement Plan. The Quick Key numbers can help registered users go directly to the point of entry for any given goal, barrier and strategy within the online survey.

- G1.** 64% of students will make learning gains on their specific math EOC.
- G2.** 53% of 10th grade students will make learning gains on the Florida State Assessment English Language Assessment.
- G3.** 59% of 10th grade students will score at or above grade level on the Florida State Assessment for English Language Arts.
- G4.** Increase the WHS Acceleration Component of the school grade from 70% to 72%.
- G5.** WHS will have less than 1% of students with 30 or more unexcused days.
- G6.** 66% of 9th grade students will score at or above grade level on the Florida State Assessment for English Language Arts.
- G7.** 45% of all grade level students will pass reading on the FSAA
- G8.** 51% of students in the 9th grade will make learning gains on the Florida State Assessment for English Language Arts.
- G9.** 66% of math students will score proficient on their specific math EOC.

Strategic Goals Detail

For each strategic goal, this section lists the associated targets (i.e., "SMART goals"), targeted barriers to achieving the goal, resources available to help reduce or eliminate the barriers, and the plan for monitoring progress toward the goal.

Action Plan for Improvement

For each strategy selected in the plan to reduce a targeted barrier to a strategic goal, this section lists the rationale for that strategy (i.e., why the school believes it will reduce the barrier) and the action steps that have been identified as necessary to implementing the strategy, including details such as the point person, timing and duration, and evidence of completion. At the end of each set of action steps is the plan for monitoring the implementation and effectiveness of the respective strategy.
