

St. Johns County School District

St. Johns Technical High School

2017-18 Schoolwide Improvement Plan

St. Johns Technical High School

2970 COLLINS AVE, St Augustine, FL 32084

www-sjths.stjohns.k12.fl.us

School Demographics

School Type and Grades Served (per MSID File)	2016-17 Title I School	2016-17 Economically Disadvantaged (FRL) Rate (as reported on Survey 3)
High School 8-12	Yes	72%
Primary Service Type (per MSID File)	Charter School	2018-19 Minority Rate (Reported as Non-white on Survey 2)
Alternative Education	No	42%

School Grades History

Year	2009-10	2008-09
Grade	F	F

School Board Approval

This plan was approved by the St. Johns County School Board on 9/25/2017.

SIP Authority and Template

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a school improvement plan (SIP) for each school in the district that has a school grade of D or F.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F (see page 4). For schools receiving a grade of A, B, or C, the district may opt to require a SIP using a template of its choosing.

This document was prepared by school and district leadership using the FDOE's school improvement planning web application located at <https://www.floridacims.org>.

Table of Contents

Purpose and Outline of the SIP	4
Differentiated Accountability	5
Current School Status	6
Supportive Environment	6
Family and Community Engagement	8
Effective Leadership	9
Public and Collaborative Teaching	13
Ambitious Instruction and Learning	14
8-Step Planning and Problem Solving Implementation	19
Goals Summary	19
Goals Detail	19
Action Plan for Improvement	24
Appendix 1: Implementation Timeline	30
Appendix 2: Professional Development and Technical Assistance Outlines	31
Professional Development Opportunities	31
Technical Assistance Items	33
Appendix 3: Budget to Support Goals	33

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. A corollary at the district level is the District Improvement and Assistance Plan (DIAP), designed to help district leadership make the necessary connections between school and district goals in order to align resources. The Florida Department of Education encourages schools to use the SIP as a “living document” by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the “Date Modified” listed in the footer.

Part I: Current School Status

Part I organizes the current status of the school around five domains inspired by the 5Essentials framework: Supportive Environment, Family and Community Involvement, Effective Leadership, Public and Collaborative Teaching, and Ambitious Instruction and Learning. Questions regarding the school’s Multi-Tiered System of Supports have been embedded throughout this part to demonstrate how data is used by stakeholders to understand the needs of all students and allocate appropriate resources in proportion to those needs.

Part II: Needs Assessment

Part II requires the school to review performance and early warning systems data in order to develop strategic goals and associated data targets (i.e., “SMART goals”) for the coming school year in context of the school’s greatest strengths and needs. An online tool was developed, which includes data visualizations and processing questions to support problem identification, problem analysis and strategic goal formulation.

Part III: 8-Step Planning and Problem Solving for Implementation

Part III enables the school to develop implementation plans for its highest-priority goals. With the overview of the current state of the school in mind and the strategic goals identified through the needs assessment, the planning team engages in a facilitated planning and problem-solving process, through which they

- Define strategic goals and establish targets to be reached by successfully achieving the goals (Step 1)
- Identify barriers that could hinder achieving those goals and resources that could be used to eliminate or reduce barriers (Step 2)
- Select high-priority barriers they want to address initially (Step 3)
- Design implementation and monitoring plans for strategies to resolve selected barriers (Steps 4-7)
- Determine how they will monitor progress toward each goal (Step 8)

Appendices

The following appendices, automatically-generated from content entered in Part III, are included in this document:

- Appendix 1 is a timeline of all action steps and monitoring activities
- Appendix 2 is an outline of all professional development opportunities and technical assistance items
- Appendix 3 is a report of the budget needed to implement the strategies

Differentiated Accountability

Florida's Differentiated Accountability (DA) system, established in [section 1008.33, Florida Statutes](#), is a statewide network of strategic support, differentiated by need according to performance data, provided to districts and schools in order to improve leadership capacity, teacher efficacy, and student outcomes. Through a data-driven planning and problem-solving process, DA field teams collaborate with district leadership to design, implement, and refine strategic goals and action plans that are documented in the SIP.

DA Regions

Florida's DA network is divided into four geographical regions, each served by a field team led by a regional executive director (RED).

DA Categories

At the start of each academic year, traditional schools are classified for DA support in two categories based on the most recent school grades data available. Descriptions of each DA category along with the state support and interventions provided are set forth by [Rule 6A-1.099811, Florida Administrative Code](#):

- **Not in DA** - A school with a current school grade of A, B, or C; charter schools; and ungraded schools.
- **Targeted Support and Improvement** - A school with a current school grade of an initial D.
- **Comprehensive Support and Improvement** - A school with a current school grade of F or two consecutive grades of D, or a high school with a graduation rate of 67 percent or less in the most recent data release.

DA Turnaround Status

Additionally, Comprehensive Support and Improvement schools have a turnaround status of "Implementing," based on a school's grades history, including the current school grade:

- Implementing - A school with a status of "Implementing" requires the district to submit a turnaround plan to the State Board of Education for approval and implementation. A school remains in "Implementing" status until its school grade improves to a C or higher.

2017-18 DA Category and Statuses for St. Johns Technical High School

DA Region and RED	DA Category and Turnaround Status
Northeast - Cassandra Brusca	- N/A

I. Part I: Current School Status

A. Supportive Environment

1. School Mission and Vision

a. Provide the school's mission statement.

The mission of St. Johns Technical High School is to customize and deliver an appropriate learning path for each student in a supportive and responsive environment where students who might not otherwise experience success are encouraged to develop a strong work ethic while exploring vocational opportunities and achieving high standards in character and academics.

b. Provide the school's vision statement.

The vision of St. Johns Technical High School is to cultivate self-reliant, productive citizens with aspirations for lifelong success in a diverse, changing, and complex society.

2. School Environment

a. Describe the process by which the school learns about students' cultures and builds relationships between teachers and students.

Demographical information is initially collected and aggregated during the registration process and subsequently transcribed and transferred into the ESchool Plus, less the IEPs that are housed in the cum records at the school. The cultural and relationship building for this was initiated during the Summer Bridge program, where student learning took place via small group instruction. This program included a plethora on and off campus learning experiences that enable the teachers to get to know and learn each child before the next new school year. Moreover, this program allowed the students in attendance to cultivate a love for lifelong learning. Through the AVID program, culturally relevant teaching is evident in teachers' classrooms. B6 Leaders build relationships with middle school students and promote Character Counts!

b. Describe how the school creates an environment where students feel safe and respected before, during and after school.

Students are made to feel welcome and safe through the use of routines and protocols that include but are not limited to: a strictly enforced morning routine that focuses on attendance, goal setting, and verbally stating behavioral and academic expectations for the students as well as the staff. The schools end of the day routine includes an overview of the students work, behavior, and goals. Students are then verbally praised and rewarded accordingly for their stellar behavioral and academic achievements/efforts. B6 Leaders build relationships with middle school students and promote Character Counts!

c. Describe the schoolwide behavioral system in place that aids in minimizing distractions to keep students engaged during instructional time. This may include, but is not limited to, established protocols for disciplinary incidents, clear behavioral expectations, and training for school personnel to ensure the system is fairly and consistently enforced.

Classroom Management Expectations

Teachers will use the "Time Owed" Consequence Hierarchy for classroom issues.

Time Owed:

1. 30 Seconds

2. 1 minute 13 seconds
3. 1 minute, 28 seconds
4. 1 minute, 47 seconds
5. 2 minutes, 7 seconds

2 Verbal Warnings:

- o "Please" and "Need"- before assigning first "Time Owed" consequence.

Parent Contact:

- o When student is assigned second "Time Owed" Consequence
- o Document Parent Contact as a classroom incident using ABC format.

Referral is Written:

- o If a student has reached the 5th "time owed" within a class period.
- o Level 2, 3&4 offenses in Student Code of Conduct

*Teachers Notify MTSS Team if a pattern of behavior is observed

The dean monitors and tracks student incidents daily in ESchool Plus.

All teachers are trained on this system. Students are rewarded weekly for good behavior by being allowed to play games outside during lunch time. The school also gives quarterly character awards. Students with a pattern of behavior issues are referred and discussed through the MTSS/RTI team.

d. Describe how the school ensures the social-emotional needs of all students are being met, which may include providing counseling, mentoring and other pupil services.

We have a mental health counselor on staff. She meets with students weekly or monthly, depending on their needs. We also have Lunch Bunch which is facilitated by the mental health counselor and ESE teachers. This group, in middle and high school, meets regularly for lunch to discuss social situations and build relationships with each other. This group is for students who have anxiety about social situations. We also have the Book Bistro, which is helpful for students who would like to read quietly during lunch and who may have anxiety about being in the noisy cafeteria. B6 Leaders mentor 6th grade students. Our social worker organizes Retired Seniors to mentor deserving students. Our APEX coordinator meets with students weekly to help them track their progress and support the academic and emotional needs of our middle school students.

3. Early Warning Systems

The school's response to this section may address the requirements of ESSA, P.L. No. 114-95, Â§ 1114(b)(7)(A)(i) and (b)(7)(A)(iii)(III).

a. Describe the school's early warning system and provide a list of the early warning indicators used in the system.

Attendance below 90 percent, regardless of whether absence is excused or a result of out-of-school suspension

One or more suspensions, whether in school or out of school

Course failure in English Language Arts or mathematics

A Level 1 score on the statewide, standardized assessments in English Language Arts or mathematics

b. Provide the following data related to the school's early warning system

1. The number of students by grade level that exhibit each early warning indicator:

Indicator	Grade Level														Total
	K	1	2	3	4	5	6	7	8	9	10	11	12		
Attendance below 90 percent	0	0	0	0	0	0	7	13	14	13	9	12	10	78	
One or more suspensions	0	0	0	0	0	0	12	4	9	11	3	10	2	51	
Course failure in ELA or Math	0	0	0	0	0	0	17	1	4	8	7	6	4	47	
Level 1 on statewide assessment	0	0	0	0	0	0	34	25	35	30	26	20	19	189	

The number of students identified by the system as exhibiting two or more early warning indicators:

Indicator	Grade Level														Total
	K	1	2	3	4	5	6	7	8	9	10	11	12		
Students exhibiting two or more indicators	0	0	0	0	0	0	23	12	16	19	9	13	8	100	

c. Describe all intervention strategies employed by the school to improve the academic performance of students identified by the early warning system.

At SJTHS we track and monitor all students for warning indicators through our MTSS/RTI team and social worker. Upon admission to SJTHS, all students sign a contract for attendance, behavioral, and academic standards. Students are heavily monitored and students are continually given feedback. Home visits by SRO and Truancy Officer; 5, 10, 15 day letters, attendance contracts, parent conference. Math: below grade level practice, on grade level practice, rigorous practice on current standards using MAFS. ELA/Reading: foundational reading support, through differentiated instruction aligned to LAFS standards within Intensive Reading courses. After school tutoring is mandatory for all middle school students; remediation for current standards. Positive Behavior Rewards with quarterly school wide events. Appointments with Mental Health Counselor, Course Recovery in the APEX computer Lab, Weekly Progress monitoring by APEX Coordinator.

B. Family and Community Engagement

The school's response to this section may address the requirements of ESSA, P.L. No. 114-95, Â§ 1114(b)(2) and (b)(7)(A)(iii)(I).

1. Describe how the school works at building positive relationships with families to increase involvement, including efforts to communicate the school's mission and vision, and keep parents informed of their child's progress.

a. Will the school use its Title I Parent and Family Engagement Policy (PFEP) to satisfy this question?

Yes

1. PFEP Link

The school completes a Parental Involvement Plan (PFEP), which is accessible through the Continuous Improvement Management System (CIMS) at <https://www.floridacims.org/documents/412926>.

2. Description

A PIP has been uploaded for this school or district - see the link above.

2. Describe the process by which the school builds and sustains partnerships with the local community for the purpose of securing and utilizing resources to support the school and student achievement.

This aspect is unique to our school as we maintain and foster a relationship with the Carlisle Interconnect Technologies, as well as our Culinary Academy & Academy of Coastal and Water Resources Advisory Boards. This relationship has allowed our students to become more familiar with the nuances of working in an establishment that creates goods. Several of our students in the past have had the chance to intern and later become employed.

C. Effective Leadership

1. School Leadership Team

a. Membership

Identify the name, email address and position title for each member of the school leadership team.:

Name	Title
Williams, Cynthia	Principal
Church, Richard	School Counselor
Davis, Paula	Instructional Coach
Winter, Holli	Assistant Principal

b. Duties

1. Describe the roles and responsibilities of the members, including how they serve as instructional leaders and practice shared decision making.

Principal: Cynthia Williams

Provides a common vision for the use of data-based decision-making. Ensures there is district support from Curriculum and Instruction as well as Student Services. Oversees student applications and acceptance. Recruits the best and the brightest teachers and staff; reflecting diversity that mirrors the student population. Serves as the liaison between the school and the community. Provides much needed resources to teachers and staff in order to meet students' social, emotional and academic needs. Ensures school compliance with federal policies including Title 1 and DA.

Assistant Principal: Holli Winter Provides administrative assistance to the SJTHS principal, conducts data chats with teachers, and assists with data disaggregation, RtI and FCIM. Serves as LEA for ESE Department. ensures that the school-based team is implementing MTSS/RtI, conducts assessment of RtI skills of school staff, ensures implementation of intervention support and documentation, ensures adequate professional development to support RtI implementation, and communicates with parents regarding school-based RtI plans and activities.

Instructional Literacy Coach: Paula Davis

Develops, leads, and evaluates school core content standards/ programs; identifies and analyzes existing literature on scientifically based curriculum/ assessment and intervention approaches. Identifies systematic patterns of student needs while working with district personnel to identify appropriate, evidence-based intervention strategies; assists with whole school screening programs that identify students to be considered "at risk;" assists in the design and implementation for progress monitoring, data collection, and data analysis; participates in the design and delivery of professional development; and provides support for assessment and implementation monitoring.

Student Success Coach: Matthew Narin Provides support to students by tracking individual academic progress, attendance and discipline. The coach schedules parent conferences, issues contracts and weekly progress reports and serves as a liaison to teachers of vocational courses. The coach will advocate for students, recruit mentors, provide behavior management skills, bring in guest speakers to support career goals, social skills, and academic achievement, and provide counseling as needed.

The coach supports the B6 Club, which focuses on fostering high school students' leadership skills. These students in turn, mentor incoming students at the 6th and 7th grade level.

Coordinator for APEX: Essie Martin

Provides quality services and expertise on issues ranging from program design to assessment and intervention with individual students. Provides support to seventh and eighth grade students by tracking individual academic progress, attendance and discipline, serving as an advocate for students, recruiting mentors and providing counseling as needed for all sixth, seventh and eighth graders. The APEX coordinator schedules parent conferences, issues contracts and weekly progress reports. In addition to providing interventions, school social workers continue to link child-serving and community agencies to the schools and families to support the child's academic, emotional, behavioral, and social success.

Guidance Counselor: Richard Church

Provides information, guidance and support to students related to scheduling, graduation requirements, testing, scholarships, and GPA monitoring, and counsels students with personal issues as needed. Coordinates FSA/EOC testing.

2. Describe the process through which school leadership identifies and aligns all available resources (e.g., personnel, instructional, curricular) in order to meet the needs of all students and maximize desired student outcomes. Include the methodology for coordinating and supplementing federal, state and local funds, services and programs. Provide the person(s) responsible, frequency of meetings, how an inventory of resources is maintained and any problem-solving activities used to determine how to apply resources for the highest impact.

The MTSS/RtI Leadership Team designated a working group to represent the team in development and implementation of the school improvement plan as it pertains to MTSS/RtI. This working group provides data on MTSS/RtI Tier procedures and goals as well as input regarding academic and behavioral areas that need to be addressed.

Principal: Cynthia Williams

Assistant Principal: Holli Winter

Instructional Literacy Coach: Paula Davis

Student Success Coach: Matthew Narin

Coordinator for APEX: Essie Martin

Guidance Counselor: Richard Church

Dean: Michael Strickland

School Psychologist: Cheryl Coltin-Chenholm

Mental Health Counselor: Susan Abramowitz

Title I, Part A

SJTHS is fortunate to be a Title 1 school and awarded Title I funds, which allows the school to hire additional personnel to assist students who struggle in reading. Specifically, these funds provide for one full time ELA teacher and a large portion of a second reading teacher, professional development, and transportation for after school enrichment / tutoring activities.. All SJTHS teachers are highly qualified and adhere to best practices that ensure student performance. These include ongoing progress monitoring of students. SJTHS uses the iReady Program which is a research-based, comprehensive program to diagnose reading deficiencies. Teachers prescribe reading strategies for students at all reading levels based on iReady results. Other research-based strategies include: IXL, APEX computer lab, and Florida Achieves to monitor progress and deliver supplementary instruction and remediation in math, science, reading, writing and social studies.

Title I, Part C- Migrant

Migrant students are identified and served through the district office. A Migrant liaison provides

information to migrant families and arranges for various services, as needed.

Title I, Part D

Increased student success by extending the APEX Program for eligible middle school students by enrolling 6th graders, who are off grade level by at least one year is offered at SJTHS. Successful students may exit the program once they are back on grade level and join their zoned high school or remain at SJT to complete high school with a standard diploma with the option of earning a technical certification.

Title II

Increasing professional development opportunities throughout the St. Johns School District that is carefully organized, research-based, scheduled and monitored by the Title II, Part A, Director of Staff Development. The department utilizes the BBPPRO system for posting, tracking and evaluating professional development. SJTHS faculty and staff participate in workshops offered by the district.

Title III

N/A

Title IX- Homeless

Providing resources from the District Homeless Social Worker (clothing, school supplies, social services referrals) for students identified as homeless under the McKinney-Vento Act to eliminate barriers to a free and appropriate education.

Supplemental Academic Instruction (SAI)

Allotting SAI funds to provide a salary and benefits for an intensive reading teacher and to help provide transportation for Tuesday/Wednesday Real-Life Connections Extended Learning Period.

Violence Prevention Programs

Taking proactive step towards violence prevention with a school-wide discipline plan that features conflict resolution. Trauma Informed Care Training and deescalation training for all teachers and support staff. B6 Club reinforces positive character traits and builds leadership through service to the school and community.

Nutrition Programs

Teaching the importance of fitness and nutrition, while promoting participation in activities which help students develop healthy habits while setting goals for the future through one of our Real-life Connections courses, "Personal Career School Development".

Housing Programs

N/A

Head Start

N/A

Adult Education

N/A

Career and Technical Education

Providing industry certification and vocational training for students allowing them with potential earning power in the future. 9th-12th grade students attend First Coast Technical College for vocational elective classes. Courses which offer industry certification include childcare, welding, culinary arts, cosmetology, graphic arts, and landscaping. Students may also enroll in small gasoline engines, which does not lead to industry certification at this time.

Job Training

Partnering with Carlisle Industries, eligible students are given training in the school setting and on the job with the possibility of full-time employment at the end of the internship. Academies provide pre-employment preparation and off campus activities to facilitate transition and from school to the work-force. Students also have the opportunity to earn industry certifications.

2. School Advisory Council (SAC)

a. Membership

Identify the name and stakeholder group for each member of the SAC.:

Name	Stakeholder Group
Ashley Jasmin	Teacher
Cynthia Williams	Principal
Augustus Little	Parent
Lisa Denmon	Parent
Melondia Corpus	Teacher
Kathy Heister	Business/Community
Kathy Mignerey	Education Support Employee
Ryan Sirak	Teacher
Skyler Little	Student
Paula Davis	Teacher
Rose Chestnut	Parent
Jennifer Alexander	Parent
Sheila Wright	Parent
Dorothy Williams	Parent
Linda Krepp	Education Support Employee

b. Duties

1. Provide a description of the SAC's involvement with the following activities, as required by section 1001.452(2), Florida Statutes

The school's response to this question may address the requirements of ESSA, P.L. No. 114-95, Â§ 1114(b)(2).

a. Evaluation of last year's school improvement plan

During the final SAC meeting of the year, the 2016-2017 School Improvement Plan was reviewed with the SAC attendees to discuss strengths, weakness and any ideas and initiatives for the 2017-18 school year.

b. Development of this school improvement plan

The School Improvement Plan was developed by SAC members in conjunction with parents, faculty and students. To determine our goals, team members examined performance, attendance, and discipline data. We use this data to keep our focus on the goals identified in the plan and to adjust them as needed to ensure we provide the maximum support for student learning.

c. Preparation of the school's annual budget and plan

During the "Principal's Corner" section of our 1st meeting (August 24) and on a continual, as-needed basis throughout the year, Cynthia Williams or Holli Winter will be allotted time to debrief and address the committee regarding budgetary plans for SJTHS.

2. Describe the use of school improvement funds allocated last year, including the amount budgeted for each project.

School improvement funds have been used to provide incentives for students. It also pays for professional development for teachers as requested.

3. Verify that the school is in compliance with section 1001.452, Florida Statutes, regarding the establishment requirements and duties of the SAC.

Yes

a. If the school is not in compliance, describe the measures being implemented to meet SAC requirements.

3. Literacy Leadership Team (LLT)

a. Membership

Identify the name and position title for each member of the school-based LLT or similar group, if applicable.:

Name	Title
Williams, Cynthia	Principal
Davis, Paula	Instructional Coach

b. Duties

1. Describe how the LLT or similar group promotes literacy within the school, if applicable.

The LLT promotes literacy throughout the entire school through independent reading time in all classes each day. Each group of classroom students decides how they would like to best utilize this time. Some classes have decided on a class read aloud which promotes fluency and vocabulary enrichment for all students. Some classes have opted to select individual books at independent reading levels promoting the love of reading. The media specialist provided a rotational schedule to provide consistent access to the media center for all students. In addition, students are grouped according to needs to provide additional remediation and enrichment to best serve the varying literacy needs of the student population.

D. Public and Collaborative Teaching

The school's responses to this section may address the requirements of ESSA, P.L. No. 114-95, Â§ 1114(b)(7)(A)(iii)(IV).

1. Describe the school's strategies to encourage positive working relationships between teachers, including collaborative planning and instruction.

Educators at SJTHS are committed to student achievement and success. Monthly faculty training and PLC's incorporate teacher collaboration and best practices for planning and instruction. Collaborative planning time is created in the master schedule. Quarterly celebrations during faculty meetings and "Shout Outs" through the school email, celebrating teacher accomplishments.

2. Describe the school's strategies to recruit, develop and retain highly qualified, certified-in-field, effective teachers to the school.

1. Utilization of district AppliTrack program.
2. With the support of the SJCSD, we only hire teachers who meet ESSA's state certification requirements.
3. Every year as part of the negotiated contract, signing/retention bonuses will be paid to all employees at a rate of 2% of salary to all instructional personnel.
4. The school follows the district's Empowering Excellence in Educators Instructional Model which ensures teachers are using research-based instructional strategies and given timely and relevant feedback.

3. Describe the school's teacher mentoring program, including the rationale for pairings and planned mentoring activities.

ELA: Carole Prior, new teacher being mentored by Paula Davis (ELA Dept. Chair), Corie James, 2nd year teacher to our school and district, being mentored by Paula Davis, Susan Conway, 2nd year Reading Teacher being mentored by Paula Davis (ILC), Sandra Murphy, Reading teacher and ESE support facilitator is being mentored by Paula Davis..

ESE: Carol Randall, is in her 2nd year as an ESE teacher is being mentored by ESE Coach (Melissa Kurdyla). Richard Testasecca, in his first year as an ESE Support Facilitation teacher is also being mentored by Melissa Kurdyla. Matt Narin, though not a new teacher, is new to our school and is also being mentored by Melissa Kurdyla.

Math: Jackson Brown, new to our school, is being mentored by Math Dept. Chair, Ashley Jasmin. Gail Needham is new to our school and is mentored by Erin Lynn.

Science: Gwen Westfall is new to our school and is being mentored by the science department chair (Ryan Sirak).

Teachers meet with their mentors weekly. Teachers are also invited to attend New teacher trainings provided by the district.

E. Ambitious Instruction and Learning

1. Instructional Programs and Strategies

a. Instructional Programs

1. Describe how the school ensures its core instructional programs and materials are aligned to Florida's standards.

Teacher representatives from each course and or grade level meet twice a year with district Subject Area Specialists to develop/review curriculum maps, formative assessments and teacher resources to include instructional materials. These District Professional Learning Communities work to ensure that curriculum, instruction and assessment are based on applicable state standards. This process is in addition to a standards based instructional materials review program that is used when the district adopts the primary instructional materials for a course. The teacher representatives work with instructors and administrators at the school level to ensure that the results of the District Professional Learning Communities are implemented at the school level. The curriculum maps which include links to vetted instructional materials and lesson plans are the basis for school level standards based planning and instruction.

In addition to what each teacher is doing to promote learning and measure student performance, District midterms (6-12) assessments and progress monitoring assessments (K-5) are given in the core instructional programs to assess student mastery of standards, guide instructional practice and

inform district planning. Detailed data reports are available to all teachers and administrators. These reports are used by teachers, administrators and district staff to ensure that instruction and assessment are designed to produce student mastery of the Florida Standards. The reports are also used with individual students and parents as needed to assist them in understanding the standards and learning expectations.

Administrators meet with teachers in grade level / content area Professional Learning Communities to review data reports and analyze results with the intent of planning instruction to differentiate, intervene, re-teaching, and innovate to improve student mastery of the standards. The same information is used to review curriculum maps and instructional materials/resources as to their effectiveness in promoting standards based instruction and learning. This process is repeated twice a year and serves as the foundation for a standards based continuous improvement model that uses student performance data to evaluate and improve curriculum, instruction and assessment in a manner designed to promote the highest level student mastery of the Florida Standards.

b. Instructional Strategies

1. Describe how the school uses data to provide and differentiate instruction to meet the diverse needs of students. Provide examples of how instruction is modified or supplemented to assist students having difficulty attaining the proficient or advanced level on state assessments.

Use of data is one of the cornerstones of effective teaching, and this year, our school-wide DPGP is from standards-based planning: planning to close the achievement gap by using data. Use of formal and summative data is constantly employed to assess, alter, and enrich curriculum within the parameters of the learning standards. Through the use of Co-teachers in the classroom, we are able to provide differentiated instruction and modifications to curriculum are made essentially as soon as the need arises. Intervention can also occur early with use of classroom data from the teacher and discussed with administration during MTSS meetings in hopes of meeting the needs of our students. The ILC, as well as the ESE Coach, analyze student data and use feedback from teachers on student performance to determine individualized instruction that meets students' needs.

2. Provide the following information for each strategy the school uses to increase the amount and quality of learning time and help enrich and accelerate the curriculum:

Strategy: Extended School Day

Minutes added to school year:

An extra hour may be added to the school day on Wednesdays. Wednesday may be dedicated to instructional lessons focused on subcategories of FSA Standards as well as EOCs for 7th Civics and 8th grade Science. Teachers personalize instructional strategies and interventions to address individual learning needs of students when necessary. Teachers use instructional strategies that require students to apply knowledge and skills, integrate content and skills with other disciplines, and use technologies as instructional resources and learning tools.

All members of the school staff participate in collaborative learning communities that meet both informally and formally. Collaboration often occurs across grade levels and content areas. Staff members have been trained to implement a formal process that promotes discussion about student learning.

Strategy Rationale

Teachers are given the "gift" of extra time to provide a department wide focus on clusters of standards within FSA Reading and Math. Teachers share teaching methods and discuss results based on common assessments within PLCs.

Strategy Purpose(s)

- Teacher collaboration, planning and professional development

Person(s) responsible for monitoring implementation of the strategy

Winter, Holli, holli.winter@stjohns.k12.fl.us

Data that is or will be collected and how it is analyzed to determine effectiveness of the strategy

Formative Assessments are administered weekly in English Language Arts, Math, Science and Social Studies classes. The profile contains data used to identify goals for the improvement of achievement and instruction that are aligned with the school's purpose. The process includes action planning that identifies measurable objectives, strategies, activities, resources, and timelines for achieving improvement goals.

Using data from student assessments and an examination of professional practice, school personnel monitor and adjust curriculum, instruction, and assessment to ensure vertical and horizontal alignment and alignment with the school's goals for achievement and instruction and statement of purpose.

2. Student Transition and Readiness

a. PreK-12 Transition

The school's response to this question may address the requirements of ESSA, P.L. No. 114-95, Â§ 1114(b)(7)(A)(iii)(V).

1. Describe the strategies the school employs to support incoming and outgoing cohorts of students in transition from one school level to another.

Students participate in annual orientation as outlined by the district, and several Title I Parent Meetings/ Open Houses which are tailored to the specific needs of our students and the many programs at SJTHS.

b. College and Career Readiness

1. Describe the strategies the school uses to advance college and career awareness, which may include establishing partnerships with business, industry or community organizations.

The Literacy Coach (ILC) and ESE Coaches will work with teachers to assess the students' comprehensive profile and provide guidance on the most appropriate academic path. The coaches and Assistant Principal will also monitor student progress related to attendance, behavior, and academics. The coaches, along with Academy Coordinator will collaborate with teachers, First Coast Technical College instructors, workplace employers, parents, and other stakeholders involved in the students' overall success. Richard Church, Guidance Counselor, will continue to form strong bonds with all students, providing academic counseling with an emphasis on college readiness. His open door policy means that students with personal, school, or schedule-related issues may see him on an "as needed" basis. Mr. Church also coordinates state standardized testing for SJTHS. Essie Martin oversees the APEX program and also serves as a confidante to students. She works with individual students by suggesting interventions, initiating communication and services between school social workers and community agencies to families in support of the students' academic, emotional, behavioral, and social success.

2. Identify the career and technical education programs available to students and industry certifications that may be earned through those respective programs.

7th and 8th grade Middle School students participate in STEAM Research classes and attend fieldtrips where they have opportunities to learn about STEAM careers. Junior and Senior high school students have the opportunity to participate in a paid internship with Carlisle Interconnect Technologies, building cables for Boeing airplanes. The Academy for Coastal and Water Resources provides students to earn industry certifications in environmental resources or water management. Students job shadow at Guana Reserve as well as St. Johns County Water Management. The Academy of Culinary Arts provides students opportunities to earn Safe Serv Certifications and attend fieldtrips to area restaurants and local businesses relating to the food industry. Students serve needy families in the community. All high school students have the opportunity to attend technical programs at First Coast Technical High School on the attached campus.

3. Describe efforts the school has taken to integrate career and technical education with academic courses (e.g., industrial biotechnology) to support student achievement.

The entire SJTHS faculty and staff are focusing on Rigor and Relevance this year by: helping students transition successfully into high school; stay on track to graduation; be prepared for moving into postsecondary education training or the workforce; building strong relationships among teachers and students; offering rigorous and relevant academics; and focusing on making students ready for their next step, whether postsecondary education or the world of work.

4. Describe strategies for improving student readiness for the public postsecondary level based on annual analysis of the [High School Feedback Report](#), as required by section 1008.37(4), Florida Statutes.

As a means of improving student readiness for the public post secondary level, SJTHS ...

- has an ambitious mentoring program to give at-risk students a better chance of going to college. (each student has a faculty mentor)
- schedules at least 2 visits to a college campus for students for events, and students write about the experience
- has weekly academic tutoring focused on the state-mandated testing, remediation, and credit recovery
- provides boot camps for SAT/ACT testing
- has an active CROP (college reach out program) and partnership with Communities in Schools
- Dual Enrollment courses offered on site
- AVID Program

II. Needs Assessment

The school's completion of this part may address the requirements of ESSA, P.L. No. 114-95, Â§ 1114(b)(6).

A. Problem Identification

1. Data to Support Problem Identification

b. Data Uploads

Data uploads are not required by the Florida Department of Education but are offered as a tool for the needs assessment. In this section, the school may upload files of locally available data charts and graphs being used as evidence of need.

The following documents were submitted as evidence for this section:

No files were uploaded

2. Problem Identification Summary

This section is not required by the Florida Department of Education but is provided as an opportunity for the school to summarize the points of strength and areas of need that have been identified in the data.

B. Problem Analysis Summary

This section is not required by the Florida Department of Education but is provided as an opportunity for the school to summarize the underlying "why" or root causes for the areas of need identified in the data, as determined by situational awareness of, and research conducted by, the stakeholders involved in the needs assessment.

C. Strategic Goals

School Improvement Goals

The following key is intended to help readers understand how the sections of this document correspond to the steps of the 8-step planning and problem-solving framework used in the School Improvement Plan. The Quick Key numbers can help registered users go directly to the point of entry for any given goal, barrier and strategy within the online survey.

Problem Solving Key

G = Goal

B =
Barrier

S = Strategy

 = Problem Solving Step  S123456 = Quick Key

Strategic Goals Summary

- G1.** Increase the percentage of students achieving learning gains in FSA Reading 2018.
- G2.** Teachers will be able to evaluate student writing based on the standards and the Florida Standards Assessment (FSA) writing rubrics in order to provide targeted instruction to increase FSA ELA scale scores.
- G3.** Increase the percentage of students making learning gains on FSA Math 2018.

Strategic Goals Detail

For each strategic goal, this section lists the associated targets (i.e., "SMART goals"), targeted barriers to achieving the goal, resources available to help reduce or eliminate the barriers, and the plan for monitoring progress toward the goal.

G1. Increase the percentage of students achieving learning gains in FSA Reading 2018. 1a

G096615

Targets Supported 1b

Indicator	Annual Target
FSA ELA Achievement	55.0

Targeted Barriers to Achieving the Goal 3

- Students lack basic skills in decoding and comprehension.

Resources Available to Help Reduce or Eliminate the Barriers 2

- Smaller classes, after school tutoring for those needing remediation, and a variety of methods of delivery such as Making Meaning, Achieve the Core, and Orton-Gillingham based instruction.
- Internet based remediation, progress monitoring, and feedback tools.

Plan to Monitor Progress Toward G1. 8

iReady Testing

Person Responsible

Paula Davis

Schedule

Triannually, from 8/1/2017 to 5/24/2018

Evidence of Completion

iReady Data

Plan to Monitor Progress Toward G1. 8

Making Meaning

Person Responsible

Paula Davis

Schedule

Biweekly, from 8/11/2017 to 5/18/2018

IXL

Person Responsible

Paula Davis

Schedule

Triannually, from 8/1/2017 to 5/18/2018

Evidence of Completion

progress monitoring data

G2. Teachers will be able to evaluate student writing based on the standards and the Florida Standards Assessment (FSA) writing rubrics in order to provide targeted instruction to increase FSA ELA scale scores.

1a

G096616

Targets Supported 1b

Indicator	Annual Target
FSA ELA Achievement	50.0

Targeted Barriers to Achieving the Goal 3

- Students lack basic writing skills.

Resources Available to Help Reduce or Eliminate the Barriers 2

- Smaller classes, after school tutoring for those needing remediation, tutors, school wide writing program.

Plan to Monitor Progress Toward G2. 8

Triannual writing prompts

Person Responsible

Paula Davis

Schedule

Triannually, from 8/1/2017 to 5/18/2018

Evidence of Completion

FSA Writing Rubric

Plan to Monitor Progress Toward G2. 8

Writing PLC/Department Meetings

Person Responsible

Paula Davis

Schedule

Every 2 Months, from 8/1/2017 to 5/18/2018

Evidence of Completion

Unit Plans, Student Writing Evidence, Meeting Notes

G3. Increase the percentage of students making learning gains on FSA Math 2018. 1a

G096617

Targets Supported 1b

Indicator	Annual Target
FSA Mathematics Achievement	65.0

Targeted Barriers to Achieving the Goal 3

- Students lack basic math and problem solving skills.

Resources Available to Help Reduce or Eliminate the Barriers 2

- Highly qualified staff, small student to teacher ratio, extended day activities, software programs (Algebra Nation, IXL, iReady, Ten Marks, Schoology).

Plan to Monitor Progress Toward G3. 8

data chats

Person Responsible

Cynthia Williams

Schedule

Quarterly, from 8/29/2017 to 5/17/2018

Evidence of Completion

meeting logs, student formative assessment scores

Action Plan for Improvement

For each strategy selected in the plan to reduce a targeted barrier to a strategic goal, this section lists the rationale for that strategy (i.e., why the school believes it will reduce the barrier) and the action steps that have been identified as necessary to implementing the strategy, including details such as the point person, timing and duration, and evidence of completion. At the end of each set of action steps is the plan for monitoring the implementation and effectiveness of the respective strategy.

Problem Solving Key

G = Goal **B** =
Barrier **S** = Strategy

1 = Problem Solving Step  S123456 = Quick Key

G1. Increase the percentage of students achieving learning gains in FSA Reading 2018. **1**

 G096615

G1.B1 Students lack basic skills in decoding and comprehension. **2**

 B259894

G1.B1.S1 1. Professional development will be provided to all teachers related to the effective delivery of reading and writing instruction tied to high yield strategies. 2. Differentiated reading instruction will target students based on the their needs in the five reading components. **4**

 S275301

Strategy Rationale

Teachers should be equipped with the necessary skills to meet the needs of students within the five reading components. In an effort to meet individual reading needs of students, instruction should be differentiated.

Action Step 1 **5**

The ELA Chair and Instructional Literacy Coach will collaborate on training of teachers.

Person Responsible

Paula Davis

Schedule

Monthly, from 8/1/2017 to 5/25/2018

Evidence of Completion

Scores on focus quizzes and district formative assessments

Plan to Monitor Fidelity of Implementation of G1.B1.S1 6

iObservation and unit plan review

Person Responsible

Holli Winter

Schedule

Monthly, from 9/1/2017 to 5/11/2018

Evidence of Completion

Observation results and informal review

Plan to Monitor Effectiveness of Implementation of G1.B1.S1 7

Conference with chair or administrator for observation review

Person Responsible

Paula Davis

Schedule

Quarterly, from 8/17/2017 to 5/17/2018

Evidence of Completion

iObservation feedback

G2. Teachers will be able to evaluate student writing based on the standards and the Florida Standards Assessment (FSA) writing rubrics in order to provide targeted instruction to increase FSA ELA scale scores.

1

 G096616

G2.B1 Students lack basic writing skills. 2

 B259896

G2.B1.S1 1. Teachers will be trained on and implement the school-wide writing plan. 2. Quarterly department meetings focused on writing with analysis of student evidence. 3. Triannual, school-wide, practice writing assessment will be implemented with gradual release model. 4

 S275302

Strategy Rationale

To increase student writing achievement, teachers need the tools for instruction along with collaborative meetings and follow up. Triannual school-wide practice will provide valuable feedback to teachers and students.

Action Step 1 5

The ELA department chair will lead teachers in creating a school wide writing plan.

Person Responsible

Paula Davis

Schedule

Quarterly, from 8/1/2017 to 5/17/2018

Evidence of Completion

Student writing samples from the school wide writing prompt based on FSA scoring rubric.

Plan to Monitor Fidelity of Implementation of G2.B1.S1 6

iObservation and unit plan review

Person Responsible

Holli Winter

Schedule

Monthly, from 8/1/2017 to 5/18/2018

Evidence of Completion

Observation results and informal review

Plan to Monitor Effectiveness of Implementation of G2.B1.S1 7

Conference with chair or administrator for observation review

Person Responsible

Paula Davis

Schedule

Quarterly, from 8/31/2017 to 5/18/2018

Evidence of Completion

DFA results & focus quiz results

G3. Increase the percentage of students making learning gains on FSA Math 2018. 1

 G096617

G3.B1 Students lack basic math and problem solving skills. 2

 B259897

G3.B1.S1 1. Professional development will be provided to teachers regarding the effective delivery of math instruction relating to high yield strategies. 2. Differentiated Instruction will allow students to be taught based on their needs. 4

 S275303

Strategy Rationale

To increase student math achievement, teachers need the tools for instruction along with collaborative meetings and follow up.

Action Step 1 5

Use of IXL and iReady programs will bring relevance to focus skills lessons and remediation for students based on cluster focus results of FSA Math.

Person Responsible

Holli Winter

Schedule

Weekly, from 8/1/2017 to 5/24/2018

Evidence of Completion

Observations, walk-throughs, student data reports form iReady, Focus quiz results

Action Step 2 5

Parents are updated on student progress quarterly.

Person Responsible

Holli Winter

Schedule

Quarterly, from 8/13/2017 to 5/10/2018

Evidence of Completion

Interim Reports, Report Cards, Progress Reports, Parent Conferences by phone and/or in person

Plan to Monitor Fidelity of Implementation of G3.B1.S1 6

V. Professional Development Opportunities

Professional development opportunities identified in the SIP as action steps to achieve the school's goals.

G1. Increase the percentage of students achieving learning gains in FSA Reading 2018.

G1.B1 Students lack basic skills in decoding and comprehension.

G1.B1.S1 1. Professional development will be provided to all teachers related to the effective delivery of reading and writing instruction tied to high yield strategies. 2. Differentiated reading instruction will target students based on the their needs in the five reading components.

PD Opportunity 1

The ELA Chair and Instructional Literacy Coach will collaborate on training of teachers.

Facilitator

ELA Chair, Paula Davis

Participants

ELA and Reading Teachers

Schedule

Monthly, from 8/1/2017 to 5/25/2018

G2. Teachers will be able to evaluate student writing based on the standards and the Florida Standards Assessment (FSA) writing rubrics in order to provide targeted instruction to increase FSA ELA scale scores.

G2.B1 Students lack basic writing skills.

G2.B1.S1 1. Teachers will be trained on and implement the school-wide writing plan. 2. Quarterly department meetings focused on writing with analysis of student evidence. 3. Triannual, school-wide, practice writing assessment will be implemented with gradual release model.

PD Opportunity 1

The ELA department chair will lead teachers in creating a school wide writing plan.

Facilitator

ELA chair, Paula Davis

Participants

ELA teachers

Schedule

Quarterly, from 8/1/2017 to 5/17/2018

G3. Increase the percentage of students making learning gains on FSA Math 2018.

G3.B1 Students lack basic math and problem solving skills.

G3.B1.S1 1. Professional development will be provided to teachers regarding the effective delivery of math instruction relating to high yield strategies. 2. Differentiated Instruction will allow students to be taught based on their needs.

PD Opportunity 1

Use of IXL and iReady programs will bring relevance to focus skills lessons and remediation for students based on cluster focus results of FSA Math.

Schedule

Weekly, from 8/1/2017 to 5/24/2018

VI. Technical Assistance Items

Technical Assistance opportunities identified in the SIP as action steps to achieve the school's goals.

VII. Budget

1	G1.B1.S1.A1	The ELA Chair and Instructional Literacy Coach will collaborate on training of teachers.				\$0.00
2	G2.B1.S1.A1	The ELA department chair will lead teachers in creating a school wide writing plan.				\$0.00
3	G3.B1.S1.A1	Use of IXL and iReady programs will bring relevance to focus skills lessons and remediation for students based on cluster focus results of FSA Math.				\$121,002.00
	Function	Object	Budget Focus	Funding Source	FTE	2017-18
			0033 - St. Johns Technical High School	Other Federal		\$13,188.00
			Notes: SJT will utilize Title I, SAI, and school-based funds to meet the needs of our lowest achieving students. Our expected outcomes address diagnosing reading deficiencies, expectation of 50 percent learning gains for students, successful implementation of the credit recovery program and improvement of the graduation rate. SAI funds will support the need for collaboration across our content and core academic departments. We will access a substitute line to provide professional development that best aligns with high yield strategies, reading efficiency, curriculum mapping, unit planning and Florida Common Core. Media funds will support the purchase of supplies to include, additional books, readers, and high interest magazines. Finally, calculators, writing folders, and manipulatives will be key in engagement resources for the after school and enrichment sessions.			
			0033 - St. Johns Technical High School	Other Federal		\$107,814.00
4	G3.B1.S1.A2	Parents are updated on student progress quarterly.				\$0.00
Total:						\$121,002.00
