SIP Authority and Template

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a school improvement plan (SIP) for each school in the district that has a school grade of D or F.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F (see page 4). For schools receiving a grade of A, B, or C, the district may opt to require a SIP using a template of its choosing.

This document was prepared by school and district leadership using the FDOE's school improvement planning web application located at <https://www.floridacims.org>.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. A corollary at the district level is the District Improvement and Assistance Plan (DIAP), designed to help district leadership make the necessary connections between school and district goals in order to align resources. The Florida Department of Education encourages schools to use the SIP as a “living document” by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the “Date Modified” listed in the footer.

Part I: Current School Status

Part I organizes the current status of the school around five domains inspired by the 5Essentials framework: Supportive Environment, Family and Community Involvement, Effective Leadership, Public and Collaborative Teaching, and Ambitious Instruction and Learning. Questions regarding the school’s Multi-Tiered System of Supports have been embedded throughout this part to demonstrate how data is used by stakeholders to understand the needs of all students and allocate appropriate resources in proportion to those needs.

Part II: Needs Assessment

Part II requires the school to review performance and early warning systems data in order to develop strategic goals and associated data targets (i.e., “SMART goals”) for the coming school year in context of the school’s greatest strengths and needs. An online tool was developed, which includes data visualizations and processing questions to support problem identification, problem analysis and strategic goal formulation.

Part III: 8-Step Planning and Problem Solving for Implementation

Part III enables the school to develop implementation plans for its highest-priority goals. With the overview of the current state of the school in mind and the strategic goals identified through the needs assessment, the planning team engages in a facilitated planning and problem-solving process, through which they

- Define strategic goals and establish targets to be reached by successfully achieving the goals (Step 1)
- Identify barriers that could hinder achieving those goals and resources that could be used to eliminate or reduce barriers (Step 2)
- Select high-priority barriers they want to address initially (Step 3)
- Design implementation and monitoring plans for strategies to resolve selected barriers (Steps 4-7)
- Determine how they will monitor progress toward each goal (Step 8)

Appendices

The following appendices, automatically-generated from content entered in Part III, are included in this document:

- Appendix 1 is a timeline of all action steps and monitoring activities
- Appendix 2 is an outline of all professional development opportunities and technical assistance items
- Appendix 3 is a report of the budget needed to implement the strategies

Differentiated Accountability

Florida's Differentiated Accountability (DA) system, established in [section 1008.33, Florida Statutes](#), is a statewide network of strategic support, differentiated by need according to performance data, provided to districts and schools in order to improve leadership capacity, teacher efficacy, and student outcomes. Through a data-driven planning and problem-solving process, DA field teams collaborate with district leadership to design, implement, and refine strategic goals and action plans that are documented in the SIP.

DA Regions

Florida's DA network is divided into four geographical regions, each served by a field team led by a regional executive director (RED).

DA Categories

At the start of each academic year, traditional schools are classified for DA support in two categories based on the most recent school grades data available. Descriptions of each DA category along with the state support and interventions provided are set forth by [Rule 6A-1.099811, Florida Administrative Code](#):

- **Not in DA** - A school with a current school grade of A, B, or C; charter schools; and ungraded schools.
- **Targeted Support and Improvement** - A school with a current school grade of an initial D.
- **Comprehensive Support and Improvement** - A school with a current school grade of F or two consecutive grades of D, or a high school with a graduation rate of 67 percent or less in the most recent data release.

DA Turnaround Status

Additionally, Comprehensive Support and Improvement schools have a turnaround status of "Implementing," based on a school's grades history, including the current school grade:

- Implementing - A school with a status of "Implementing" requires the district to submit a turnaround plan to the State Board of Education for approval and implementation. A school remains in "Implementing" status until its school grade improves to a C or higher.

I. Part I: Current School Status

A. Supportive Environment

1. School Mission and Vision

a. Provide the school's mission statement.

Somerset Academy, Inc. promotes a culture that maximizes student achievement and fosters the development of responsible, self-directed, life-long learners in a safe and enriching environment.

b. Provide the school's vision statement.

Set high expectations
Objective
Meaningful curriculum
Effective
Resourceful and responsible life-long learners
Students who achieve proficiency and beyond
Evaluate continuously and use data to drive curriculum
Teachers who are highly qualified

2. School Environment

a. Describe the process by which the school learns about students' cultures and builds relationships between teachers and students.

The mission of Somerset Academy at Silver Palms, a diverse community, is to provide an excellent education that challenges all students to embrace the highest standards of academic achievement and personal integrity. Student success will be accomplished through rigorous instruction, focused support for students, and a commitment to partnership with family and community.

b. Describe how the school creates an environment where students feel safe and respected before, during and after school.

All teachers, and all staff, are effectively utilizing personal relationship building strategies in order to create a safe and welcoming environment that encourages student participation and a positive school engagement. The school also has an open-door policy, where all Leadership Team members are accessible to our student body.

c. Describe the schoolwide behavioral system in place that aids in minimizing distractions to keep students engaged during instructional time. This may include, but is not limited to, established protocols for disciplinary incidents, clear behavioral expectations, and training for school personnel to ensure the system is fairly and consistently enforced.

At Silver Palms, we follow the MDCPS Code of Student Conduct for all disciplinary issues. All families are also provided with a handbook that outlines the expectations of the school. In addition, each teacher has a disciplinary plan that outlines their class expectations and procedures. Finally, it is our goal to ensure that all students are held to the same high expectations, while being systematically supported to achieve.

d. Describe how the school ensures the social-emotional needs of all students are being met, which may include providing counseling, mentoring and other pupil services.

Silver Palms offers many service-based, social and academic clubs, including a full athletic program, to help meet the needs of our diverse student population. Our teachers/club sponsors meet on a monthly basis in order to provide mentorship and social development opportunities. The school also offers two full-time counselors who offer guidance counseling, college advisement, and peer mediation to all secondary students. The administrative team also mentors the lowest quartile in Reading and Math for the entire duration of the academic school year.

3. Early Warning Systems

The school's response to this section may address the requirements of ESSA, P.L. No. 114-95, Â§ 1114(b)(7)(A)(i) and (b)(7)(A)(iii)(III).

a. Describe the school's early warning system and provide a list of the early warning indicators used in the system.

Attendance below 90 percent, regardless of whether absence is excused or a result of out-of-school suspension

The students and parents are not familiarized with the Code of Student Conduct And our school's attendance policies and procedures.

- Educate our parents and students of the policies and procedures by conducting workshops. Students who are deemed as developing a pattern of non-attendance will be referred to the MTSS/ RTI team.
- The MTSS/RTI team will monitor students who received two or more behavioral referrals providing students with counseling and encouraging parental involvement in this process.
- A reward system will be established to recognize students for perfect attendance and outstanding citizenship.
- Before and after school tutorials programs will be established to address students' areas of need.
- Monthly meetings with the MTSS/ RTI teams will be conducted to discuss the progress of these students.
- The teams will monitor the effectiveness of the strategies by checking attendance records and behavioral logs kept by the teacher.

One or more suspensions, whether in school or out of school

Athena Urribari	Education Support Employee
Martha Santana	Education Support Employee

b. Duties

1. Provide a description of the SAC's involvement with the following activities, as required by section 1001.452(2), Florida Statutes

The school's response to this question may address the requirements of ESSA, P.L. No. 114-95, Â§ 1114(b)(2).

a. Evaluation of last year's school improvement plan

EESAC is the sole body responsible for final decision-making at the school relating to implementation of the State system of school improvement and accountability. EESAC assisted in the preparation, implementation, and evaluation of the School Improvement Plan (SIP) 2017-2018.

EESAC monitored the 2017-2018 School Improvement Plan issues relative to core academic areas (Reading, Mathematics, Writing, and Science), parental involvement, suspensions, attendance, and dropout prevention/graduation, along with budget, professional development training opportunities, instructional materials, staffing, student support services.

EESAC Dates for the 2017-2018 school year:

September 27, 2017

October 11, 2017

December 13, 2017

February 14, 2018

May 16, 2018

This year's SIP was approved and discussed at the September 27, 2017 meeting.

b. Development of this school improvement plan

The involvement of the SAC in the development of this school improvement plan:

- Reviewed all applicable student performance data;
- Determined the students' needs and prioritize them;

- Recommended strategies to improve areas of need;
 - Assist in the preparation and evaluation of this School Improvement Plan;
 - Approved all ideas and recommendations for strategies for this school improvement plan
- Finally, the SAC will give the final approval of this School Improvement Plan, the Mid-Year Review, and the End-of-Year Review

c. Preparation of the school's annual budget and plan

EESAC assisted in the preparation and evaluation of the school's annual budget; The EESAC advised the principal in the development of the school's budget in regards to textbooks, incentive programs, supplemental programs etc. The Principal and the Business Manager provided a budget training prior to annual budget planning.

2. Describe the use of school improvement funds allocated last year, including the amount budgeted for each project.

- Attendance Incentives \$350.00
- FCAT Family Night \$550.00
- FCAT Incentives \$1000.00

3. Verify that the school is in compliance with section 1001.452, Florida Statutes, regarding the establishment requirements and duties of the SAC.

Yes

a. If the school is not in compliance, describe the measures being implemented to meet SAC requirements.

3. Literacy Leadership Team (LLT)

a. Membership

Identify the name and position title for each member of the school-based LLT or similar group, if applicable.:

Name	Title
Valdes, Jacky	Teacher, ESE
O'Sullivan, Kerri	Principal
Mongeotti, Maria	Assistant Principal
Britto, Nadeuska	Assistant Principal
Febus, Talia	Teacher, K-12
Heredia, Dee	Teacher, K-12
Tome, Monica	Teacher, K-12
Andre, Martin	Teacher, K-12
Aleman, Idelis	Assistant Principal

b. Duties

1. Describe how the LLT or similar group promotes literacy within the school, if applicable.

The LLT will ensure there is adequate progress in reading knowledge within the school building and focus on areas of literacy concern across the school. The LLT will be an integral part of the school literacy reform to promote a culture of reading by:

- Including representation from all curricular areas on the RLT
- Selecting team members who are skilled and committed to improving literacy

- Offering professional growth opportunities for team members
- Creating a collaborative environment that fosters sharing and learning
- Developing a school wide organizational model that supports literacy instruction in all classes
- Encouraging the use of data to improve teaching and student achievement

D. Public and Collaborative Teaching

The school's responses to this section may address the requirements of ESSA, P.L. No. 114-95, Â§ 1114(b)(7)(A)(iii)(IV).

1. Describe the school's strategies to encourage positive working relationships between teachers, including collaborative planning and instruction.

Professional development at Silver Palms focuses on the effective implementation of strategies for student achievement utilizing data during all Faculty Meetings, Department Meetings, and Grade Level Stallion meetings. The administrative team also conducts Informal/Formal observations and schedule peer observations for all new teachers. All teachers receive feedback and engage in reflective conversations with the observing administrator.

2. Describe the school's strategies to recruit, develop and retain highly qualified, certified-in-field, effective teachers to the school.

In order to recruit and retain high-quality, highly qualified teachers we conduct a one week pre-service training prior to the start of the school year where teachers have an opportunity to meet one another, analyze data, and plan for instruction. In addition, policies and procedures are explained in a more intimate setting with more detail. Our school also attends job fairs, uses the states website teacherteacher.com and the school of choice office website to recruit new teachers. To retain teachers, we provide them with ample professional development opportunities, in house in-service training, and we also offer stipends, recognize teachers of the month, tuition reimbursement, and a offer a mentorship program.

3. Describe the school's teacher mentoring program, including the rationale for pairings and planned mentoring activities.

Our teacher mentoring program is under the direction of one of our administrators, Christopher Plantada, who holds a Bachelors Degree in K-6 Elementary Education and a Masters Degree in Educational Leadership. Our program consists of one on one mentoring to all teachers on staff, classroom visitations, recommendations for improvements, lesson demonstrations, conducting parent conferences, etc. Mr. Plantada conducts weekly classroom visits where she provides support and guidance to help enhance the teacher's delivery of content. If areas of improvement are found, then that teacher is given the opportunity to observe other colleagues within the building that have mastered the targeted needs. We also conduct monthly mentoring meetings in which each new teacher has a mentor teacher.

E. Ambitious Instruction and Learning

1. Instructional Programs and Strategies

a. Instructional Programs

1. Describe how the school ensures its core instructional programs and materials are aligned to Florida's standards.

The school ensures its core instructional programs and materials are aligned to Florida's standards by utilizing the district sponsored pacing guides which have been developed in correlation to LAFS and MAFS. Teachers also utilize, iReady, NWEA, CPALMS and FSA assessments website to ensure that the core curriculum is aligned to test item specifications.

b. Instructional Strategies

1. Describe how the school uses data to provide and differentiate instruction to meet the diverse needs of students. Provide examples of how instruction is modified or supplemented to assist students having difficulty attaining the proficient or advanced level on state assessments.

The school uses data to differentiate instruction through ongoing progress monitoring. All students are assessed utilizing baseline/diagnostic in all accountability areas and then monitored for growth on a bi-weekly basis. Teachers analyze the data to identify students scoring 50% or below to remediate instruction through small group instruction and/or intervention as needed.

2. Provide the following information for each strategy the school uses to increase the amount and quality of learning time and help enrich and accelerate the curriculum:

Strategy: After School Program

Minutes added to school year: 1,440

Somerset Academy Inc. offers an after school tutoring program where students are provided with different types of foundational skills in Reading, Math and Science. In addition, students who need academic assistance will be provided services through the program, including homework help. Students will also be provided with enrichment in Reading, Mathematics, and Science through our Saturdays Tutoring beginning in January and ending the Saturday before the exams are administered.

Strategy Rationale

The tutoring sessions are enriching, hands on activities in which the students are retaught the lessons and supplemental materials are used to reinforce.

Strategy Purpose(s)

- Core Academic Instruction

Person(s) responsible for monitoring implementation of the strategy

O'Sullivan, Kerri, kosullivan@dadeschools.net

Data that is or will be collected and how it is analyzed to determine effectiveness of the strategy

We collect data from various assessment platforms such as: NWEA, Reading Eggs, PMRN, wonders bi-weekly, Go Math Topic assessments, etc. Results are then analyzed to identify students not mastering skills. Data indicates if students are making progress towards their goals. If necessary, teacher student groups are created based on the skills needed to re teach, differentiate, and reassess until mastery is achieved.

2. Student Transition and Readiness

a. PreK-12 Transition

The school's response to this question may address the requirements of ESSA, P.L. No. 114-95, Â§ 1114(b)(7)(A)(iii)(V).

1. Describe the strategies the school employs to support incoming and outgoing cohorts of students in transition from one school level to another.

Prior to the opening of school, Orientation is held for all incoming Kindergarten students. Before the school year begins incoming Kindergarten students are screened in both reading and math using a

school developed assessment in order to provide teachers with a baseline assessment of prior knowledge. Kindergarten students are assessed using FLKRS/ECHOS, and iReady Diagnostic Assessment which is given three times a year. The data received from these assessments is used to assist teachers in planning instruction.

b. College and Career Readiness

1. Describe the strategies the school uses to advance college and career awareness, which may include establishing partnerships with business, industry or community organizations.

For the 2016-2017 school year, Somerset academy at Silver Palms will only house grades K-5th.

2. Identify the career and technical education programs available to students and industry certifications that may be earned through those respective programs.

For the 2016-2017 school year, Somerset academy at Silver Palms will only house grades K-5th.

3. Describe efforts the school has taken to integrate career and technical education with academic courses (e.g., industrial biotechnology) to support student achievement.

For the 2016-2017 school year, Somerset academy at Silver Palms will only house grades K-5th.

4. Describe strategies for improving student readiness for the public postsecondary level based on annual analysis of the [High School Feedback Report](#), as required by section 1008.37(4), Florida Statutes.

For the 2016-2017 school year, Somerset academy at Silver Palms will only house grades K-5th.

II. Needs Assessment

The school's completion of this part may address the requirements of ESSA, P.L. No. 114-95, Â§ 1114(b)(6).

A. Problem Identification

1. Data to Support Problem Identification

b. Data Uploads

Data uploads are not required by the Florida Department of Education but are offered as a tool for the needs assessment. In this section, the school may upload files of locally available data charts and graphs being used as evidence of need.

The following documents were submitted as evidence for this section:

No files were uploaded

2. Problem Identification Summary

This section is not required by the Florida Department of Education but is provided as an opportunity for the school to summarize the points of strength and areas of need that have been identified in the data.

B. Problem Analysis Summary

This section is not required by the Florida Department of Education but is provided as an opportunity for the school to summarize the underlying "why" or root causes for the areas of need identified in the data, as determined by situational awareness of, and research conducted by, the stakeholders involved in the needs assessment.

C. Strategic Goals

School Improvement Goals

The following key is intended to help readers understand how the sections of this document correspond to the steps of the 8-step planning and problem-solving framework used in the School Improvement Plan. The Quick Key numbers can help registered users go directly to the point of entry for any given goal, barrier and strategy within the online survey.

Strategic Goals Summary

G1. If the rigor in core instruction is increased in all content areas then student achievement will improve.

Strategic Goals Detail

For each strategic goal, this section lists the associated targets (i.e., “SMART goals”), targeted barriers to achieving the goal, resources available to help reduce or eliminate the barriers, and the plan for monitoring progress toward the goal.

G1. If the rigor in core instruction is increased in all content areas then student achievement will improve.

Targets Supported 1b

Indicator	Annual Target
AMO Math - All Students	
FSA Mathematics Achievement	72.0
Math Gains	83.0
Math Lowest 25% Gains	75.0
AMO Reading - All Students	
FSA ELA Achievement	72.0
ELA/Reading Gains	82.0
ELA/Reading Lowest 25% Gains	99.0
FCAT 2.0 Science Proficiency	55.0

Targeted Barriers to Achieving the Goal 3

- The students who scored in the lowest 25th percentile are missing foundational skills to adequately prepare them for the FSA.

Resources Available to Help Reduce or Eliminate the Barriers 2

- ELA: The ELA teachers at SASP are focusing on rigorous curriculum with the use of such resources like, NWEA, iReady Tool Box, i Read to Write, iReady, iReady Standards Mastery , Performance Coach, Wordly Wise and StoryWorks. Teachers will also focus on building skills in understanding connotative language as it related to vocabulary and providing opportunities for students to respond to the essential question through "Writers Journals." In addition teacher will use iReady, iReady Standards Mastery and iReady Toolbox, a comprehensive progress monitoring computer based program aligned to the State Standards, which will help provide students the opportunity to read and respond to grade-level texts across the curriculum and standards based bi-weekly assessments. Teachers will utilize vertical planning to provide support on low-performing benchmarks. After school bi-weekly tutoring is being provided with the classroom teachers.
- Mathematics: The Mathematics teachers are focusing on rigorous curriculum with the use of resources such as Carnegie, GO Math Interactive, Khan Academy, Reflex Math, Prodigy, iReady, iReady Standards Mastery and iReady Tool Box. Carnegie will infuse the curriculum being taught within the classroom and iReady will remediate any deficient standards a student may have. To insure the standard is mastered and growth is happening iReady Standards Mastery and bi-weekly assessments will be administered. Teachers will utilize vertical planning to provide support on low-performing benchmarks. After school bi-weekly tutoring is being provided with the classroom teachers.
- Science: Science teachers are utilizing Gizmos which are interactive science labs, CPALMS which provide science performance task assessments, inquiry based activities, and conducting in class science lab experiments. After school bi-weekly tutoring is being provided with the classroom teachers. ELA teachers are supporting by infusing Science into the ELA block. Teachers will utilize vertical planning to provide support on low-performing benchmarks.
- Social Studies: Social Studies teachers are creating interactive timelines, mock trails and Times for Kids. Teachers are also teaching students foundational research skills. Teachers will utilize vertical planning to provide support on low-performing benchmarks.

- The students who scored in the lowest 25th percentile are receiving interventions and utilizing Wonderworks, The interventionists are also supporting the ELA and Math teachers. Saturday and bi-weekly tutoring are being provided, as well as after school bi-weekly tutoring is being provided with the classroom teachers. Teachers will utilize vertical planning to provide support on low-performing benchmarks.

Evidence of Completion

lesson plans, reports from supplemental computer programs, data from baseline assessments, data from biweekly assessments, benchmark assessments, iReady, NWEA and US Test Prep data. Also student's personal data trackers.

Action Plan for Improvement

For each strategy selected in the plan to reduce a targeted barrier to a strategic goal, this section lists the rationale for that strategy (i.e., why the school believes it will reduce the barrier) and the action steps that have been identified as necessary to implementing the strategy, including details such as the point person, timing and duration, and evidence of completion. At the end of each set of action steps is the plan for monitoring the implementation and effectiveness of the respective strategy.

Strategy Rationale

This allows the parents, students, and teachers a clear understanding of how students are performing in each content area/standard. Students will be assessed at the beginning of the year on all benchmarks, this data will then be analyzed and logged in their data folders. Teachers then will use the data folders to group students by strengths and weaknesses. During small groups, students will be provided remediation and continuously reassessed to show growth. As needed, the students will be moved between groups in order to ensure that their learning needs are continuously being met. The data folders will facilitate open communication and understanding by all parties involved in how to best support our students.

Action Step 1 5

As a collaborative effort we have developed an action plan that will monitor the learning gains of the students in order to ensure that even with our barriers our students are achieving at the necessary levels of rigor and understanding. Our plan includes progress monitoring and instructional support through professional development. In order to monitor the effectiveness of our action plan both administration and instructional leaders such as department heads will meet biweekly to discuss progress and data. These meetings will run throughout the calendar school year from August through June. Within these meetings the participants will discuss the evidence collected such as, lesson plans, assessments data, and personal data trackers.

Plan to Monitor Effectiveness of Implementation of G1.B3.S1 7

In order to monitor the effectiveness of our action plan both administration and instructional leaders such as department heads will meet biweekly to discuss progress and data. These meetings will run throughout the calendar school year from August through June. Within these meetings the participants will discuss the evidence collected such as, lesson plans, assessments data, observations, and personal data trackers. We will target our lowest 25% through interventions, small groups and differentiated instruction. The use of the assessment data and using data trackers will help us overcome this barrier.
