SIP Authority and Template

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a school improvement plan (SIP) for each school in the district that has a school grade of D or F.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F (see page 4). For schools receiving a grade of A, B, or C, the district may opt to require a SIP using a template of its choosing.

This document was prepared by school and district leadership using the FDOE's school improvement planning web application located at <https://www.floridacims.org>.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. A corollary at the district level is the District Improvement and Assistance Plan (DIAP), designed to help district leadership make the necessary connections between school and district goals in order to align resources. The Florida Department of Education encourages schools to use the SIP as a “living document” by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the “Date Modified” listed in the footer.

Part I: Current School Status

Part I organizes the current status of the school around five domains inspired by the 5Essentials framework: Supportive Environment, Family and Community Involvement, Effective Leadership, Public and Collaborative Teaching, and Ambitious Instruction and Learning. Questions regarding the school’s Multi-Tiered System of Supports have been embedded throughout this part to demonstrate how data is used by stakeholders to understand the needs of all students and allocate appropriate resources in proportion to those needs.

Part II: Needs Assessment

Part II requires the school to review performance and early warning systems data in order to develop strategic goals and associated data targets (i.e., “SMART goals”) for the coming school year in context of the school’s greatest strengths and needs. An online tool was developed, which includes data visualizations and processing questions to support problem identification, problem analysis and strategic goal formulation.

Part III: 8-Step Planning and Problem Solving for Implementation

Part III enables the school to develop implementation plans for its highest-priority goals. With the overview of the current state of the school in mind and the strategic goals identified through the needs assessment, the planning team engages in a facilitated planning and problem-solving process, through which they

- Define strategic goals and establish targets to be reached by successfully achieving the goals (Step 1)
- Identify barriers that could hinder achieving those goals and resources that could be used to eliminate or reduce barriers (Step 2)
- Select high-priority barriers they want to address initially (Step 3)
- Design implementation and monitoring plans for strategies to resolve selected barriers (Steps 4-7)
- Determine how they will monitor progress toward each goal (Step 8)

Appendices

The following appendices, automatically-generated from content entered in Part III, are included in this document:

- Appendix 1 is a timeline of all action steps and monitoring activities
- Appendix 2 is an outline of all professional development opportunities and technical assistance items
- Appendix 3 is a report of the budget needed to implement the strategies

Differentiated Accountability

Florida's Differentiated Accountability (DA) system, established in [section 1008.33, Florida Statutes](#), is a statewide network of strategic support, differentiated by need according to performance data, provided to districts and schools in order to improve leadership capacity, teacher efficacy, and student outcomes. Through a data-driven planning and problem-solving process, DA field teams collaborate with district leadership to design, implement, and refine strategic goals and action plans that are documented in the SIP.

DA Regions

Florida's DA network is divided into four geographical regions, each served by a field team led by a regional executive director (RED).

DA Categories

At the start of each academic year, traditional schools are classified for DA support in two categories based on the most recent school grades data available. Descriptions of each DA category along with the state support and interventions provided are set forth by [Rule 6A-1.099811, Florida Administrative Code](#):

- **Not in DA** - A school with a current school grade of A, B, or C; charter schools; and ungraded schools.
- **Targeted Support and Improvement** - A school with a current school grade of an initial D.
- **Comprehensive Support and Improvement** - A school with a current school grade of F or two consecutive grades of D, or a high school with a graduation rate of 67 percent or less in the most recent data release.

DA Turnaround Status

Additionally, Comprehensive Support and Improvement schools have a turnaround status of "Implementing," based on a school's grades history, including the current school grade:

- Implementing - A school with a status of "Implementing" requires the district to submit a turnaround plan to the State Board of Education for approval and implementation. A school remains in "Implementing" status until its school grade improves to a C or higher.

I. Part I: Current School Status

A. Supportive Environment

1. School Mission and Vision

a. Provide the school's mission statement.

The City of Hialeah Educational Academy is committed to setting an environment that strives for academic achievement, develops character and maintains the goal of preparing students to serve and give back to their community in the field of public service.

b. Provide the school's vision statement.

The vision of the City of Hialeah Educational Academy is to provide a high quality, rigorous career oriented curriculum that will prepare students for successful progression into post-secondary education and productive employment within a multilingual work environment.

2. School Environment

a. Describe the process by which the school learns about students' cultures and builds relationships between teachers and students.

The school learns about students' cultures and builds relationships between teachers and students through a variety of school wide events and extra curricular activities. Some examples of school wide events include family fun day, afterschool dances, and pep rally's. In addition, to these events many teachers sponsor a variety of clubs such as the Spanish club, art club, math club, first priority, Key Club, and Future Educators of America. The school also offers honors societies such as the National Honor Society, and National Social Studies Honor Society. Many teachers are also coaches for a variety of sports such as basketball, swimming, volleyball, baseball and softball.

b. Describe how the school creates an environment where students feel safe and respected before, during and after school.

The school creates an environment where students feel safe and respected before, during and after school by having an active collaborative team of administrators, teachers and security guards monitoring students at all times. On Monday through Friday City of Hialeah police officers assist with morning arrival and afternoon dismissals.

c. Describe the schoolwide behavioral system in place that aids in minimizing distractions to keep students engaged during instructional time. This may include, but is not limited to, established protocols for disciplinary incidents, clear behavioral expectations, and training for school personnel to ensure the system is fairly and consistently enforced.

The school has established a honor code of student conduct which lists student expectations and consequences for disruptive behaviors. As a school we also follow the district code of conduct for all behavioral disciplinary incidents.

d. Describe how the school ensures the social-emotional needs of all students are being met, which may include providing counseling, mentoring and other pupil services.

The school ensures that the social-emotional needs of all students are being met by having two in-house counselors on staff. When needed counselors refer students to outside agencies that offer free therapeutic services. The school has implemented a bully prevention curriculum presented to the students five times throughout the school year.

3. Early Warning Systems

The school's response to this section may address the requirements of ESSA, P.L. No. 114-95, Â§ 1114(b)(7)(A)(i) and (b)(7)(A)(iii)(III).

a. Describe the school's early warning system and provide a list of the early warning indicators used in the system.

Students with attendance below 90 percent, regardless of whether absence is excused or a result of out-of-school suspension Students accumulating ten (10) or more absences in an annual course, or five (5) or more absences in a semester course, will be subject to the withholding of passing final grade(s) pending a student/parent requested administrative screening and/or review of all absences by the attendance review committee. Students with 15 or more unexcused absences in a 90 calendar day period are subject to having a complaint of truancy filed with the Department of Juvenile Justice and legal action will be taken to insure regular attendance.

Students with one or more suspension will receive training in conflict resolution skills to decrease likelihood of suspensions.

Students that have failed English Language Arts or mathematics will attend summer school or complete course via virtual school.

Students that scored a Level 1 score on the statewide, standardized assessment in English Language Arts or mathematics will be placed in an intensive reading and/or intensive mathematics course for remediation. In addition, the students will receive push-in/pull-out as needed.

b. Provide the following data related to the school's early warning system

1. The number of students by grade level that exhibit each early warning indicator:

Indicator	Grade Level														Total
	K	1	2	3	4	5	6	7	8	9	10	11	12		
Attendance below 90 percent	0	0	0	0	0	0	0	0	0	0	0	0	0		
One or more suspensions	0	0	0	0	0	0	0	0	0	0	0	2	0	0	2
Course failure in ELA or Math	0	0	0	0	0	0	0	0	1	1	1	10	6	6	25
Level 1 on statewide assessment	0	0	0	0	0	0	0	12	15	30	29	70	51	40	247
	0	0	0	0	0	0	0	0	0	0	0	0	0	0	
	0	0	0	0	0	0	0	0	0	0	0	0	0	0	

The number of students identified by the system as exhibiting two or more early warning indicators:

Indicator	Grade Level														Total
	K	1	2	3	4	5	6	7	8	9	10	11	12		
Students exhibiting two or more indicators	0	0	0	0	0	0	13	17	43	35	7	25	10	150	

c. Describe all intervention strategies employed by the school to improve the academic performance of students identified by the early warning system.

The intervention strategies employed by the school are dependent on the students area of weakness. If students received a level 1 or level 2 on the statewide assessment students are registered in an intensive reading course for remediation. In addition, our lowest 25th percentile receives weekly push-in services in their intensive reading course and/or pull out from an elective course. During the months of January, February, and March after school tutoring and Saturday tutoring sessions are

provided.

In the area of mathematics, our lowest 25th percentile are registered in an intensive mathematics course. In addition, during the months of January, February, and March pull out tutoring and after school tutoring is provided.

If a student fails to comply with the attendance policies we conduct a parent/teacher conference to ensure academics are not being affected by attendance.

Students exhibiting behavior difficulties are provided with counseling as needed.

B. Family and Community Engagement

The school's response to this section may address the requirements of ESSA, P.L. No. 114-95, Â§ 1114(b)(2) and (b)(7)(A)(iii)(I).

1. Describe how the school works at building positive relationships with families to increase involvement, including efforts to communicate the school's mission and vision, and keep parents informed of their child's progress.

a. Will the school use its Title I Parent and Family Engagement Policy (PFEP) to satisfy this question?

Yes

1. PFEP Link

The school completes a Parental Involvement Plan (PFEP), which is accessible through the Continuous Improvement Management System (CIMS) at <https://www.floridacims.org/documents/442233>.

2. Description

A PIP has been uploaded for this school or district - see the link above.

2. Describe the process by which the school builds and sustains partnerships with the local community for the purpose of securing and utilizing resources to support the school and student achievement.

Our school's Activities Director (AD) and our Community Involvement Specialist (CIS) , reaches out to our community in order to secure our partnerships. The AD invites the businesses to our Family Day at school as well as various events at our school. We provide parent academies to teach parents how to utilize technology and know what their children are being tested on.

Our students must complete 75 hours of community services within our community.

The City of Hialeah Police Department provides our students in middle school with a training course throughout the school year called "Gang Resistant Education And Training" (G.R.E.A.T).

C. Effective Leadership

1. School Leadership Team

a. Membership

Identify the name, email address and position title for each member of the school leadership team.:

Name	Title
Alvarez, Carlos	Principal
Puente, Ivelisse	Assistant Principal
Simpson, Amy	Instructional Coach
Carbajosa, Graciela	Teacher, K-12
Gonzalez, Kristine	Teacher, ESE
Gonzalez, Doris	School Counselor
Iglesias, Noelle	Administrative Support
Hernandez, Madelyn	Teacher, K-12
Sanchez, Monica	Teacher, K-12
Quiroga, Jessica	Instructional Coach

b. Duties

1. Describe the roles and responsibilities of the members, including how they serve as instructional leaders and practice shared decision making.

Leadership Team: Principal, Assistant Principal, Lead Teacher, Reading Coach, Instructional Coach, Counselor, SPED Program Specialist, Test Chair, Math Department Chair, Science Department Chair and Social Studies Department Chair.

The Team will schedule and facilitate regular Rtl meetings, ensure attendance of team members, ensure follow up of action steps, and allocate resources.

Weekly meetings with Department Chairs and Literacy Literature Team to discuss analysis of data, provide intervention strategies, monitor intervention progress, and maintain communication with staff.

2. Describe the process through which school leadership identifies and aligns all available resources (e.g., personnel, instructional, curricular) in order to meet the needs of all students and maximize desired student outcomes. Include the methodology for coordinating and supplementing federal, state and local funds, services and programs. Provide the person(s) responsible, frequency of meetings, how an inventory of resources is maintained and any problem-solving activities used to determine how to apply resources for the highest impact.

The leadership team monitors and adjusts the school's academic and behavior goals, monitor the delivery and fidelity of instruction and intervention, and provide support and intervention to students based on data.

Weekly meeting with each department chair to discuss analysis of data, provide intervention strategies, monitor intervention progress and maintain communication with staff.

Provide ongoing data driven professional development activities that align core student goals and staff needs.

Data used will be Fair and interim Assessments, State Math and Science Assessments, FSA, school site specific assessments. Data from these assessments will be used to guide instructional decisions and systems procedures which will include allocation of school resources, delivery of curriculum and instruction to meet students' needs, create student growth trajectories in order to implement and deliver interventions. Quarterly Failure Reports are also used to track students deficient in their current course requirement for graduation.

2. School Advisory Council (SAC)

a. Membership

Identify the name and stakeholder group for each member of the SAC.:

Name	Stakeholder Group
Lianette M. Guasch	Teacher
Kristine Gonzalez	Teacher
Martha Morales	Education Support Employee
Lillian Rodriguez	Parent
Carlos O. Alvarez	Principal
Lianette Guasch	Education Support Employee
Barbara Gonzalez	Parent
Jonathan Fernandez	Student
Ivelisse Puente	Education Support Employee
Graciela Carbajosa	Teacher
Noelle Iglesias	Education Support Employee
Barbara Lahera	Parent
Idael Ortiz	Student
Elier Ortiz	Student
Meghan Martinez	Business/Community
Jenny Williams	Parent
Kristy M. Fernandez	Parent
Rocio De Los Santos	Student
Bo Williams	Student
Sandra Cardozo	Parent

b. Duties

1. Provide a description of the SAC's involvement with the following activities, as required by section 1001.452(2), Florida Statutes

The school's response to this question may address the requirements of ESSA, P.L. No. 114-95, Â§ 1114(b)(2).

a. Evaluation of last year's school improvement plan

City of Hialeah Educational Academy holds various SAC meetings throughout the school year. We review the SIP at the beginning of the school year, mid-year and ending of the school year. The members received regular reports on the implementation of the SIP including progress related to the implementation of the strategies and results of benchmark and district/state assessments.

A meeting was held to review the School Improvement Plan during the meeting the SIP was presented to the SAC members for approval this meeting took place in our school cafeteria on September 19, 2017.

b. Development of this school improvement plan

The school is effectively involving parents in its programs. Parents have been members of SAC Board as stipulated in the By-Laws and parents who non-members also attend the meetings on a regular basis. SAC meets are on a quarterly basis. Feedback from the parents is also gathered

through surveys conducted on a yearly basis. Our SAC meeting took place this school year in October.

c. Preparation of the school's annual budget and plan

The SAC members will be provided with copies of the entire school budget. Budget training will be provided to all SAC member by the Principal and the school's treasurer. The SAC portion of the budget will be spent on programs and projects selected by the SAC. Projects will not include capital improvements or projects that have duration of more than one year. Budget decisions will be reflected in the SAC minutes.

2. Describe the use of school improvement funds allocated last year, including the amount budgeted for each project.

SAC funds will be used for printing of the Student Code of Conduct.

SAC funds will be used to provide students with academic incentives during the 2017-2018 FSA administration.

SAC funds will used to purchase SAT and ACT Preparatory Books for Juniors and Seniors in preparation for the SAT and ACT Examinations

SAC funds will be used for Parental Involvement

Total: \$3,055.06

3. Verify that the school is in compliance with section 1001.452, Florida Statutes, regarding the establishment requirements and duties of the SAC.

Yes

a. If the school is not in compliance, describe the measures being implemented to meet SAC requirements.

3. Literacy Leadership Team (LLT)

a. Membership

Identify the name and position title for each member of the school-based LLT or similar group, if applicable.:

Name	Title
Alvarez, Carlos	Principal
Puente, Ivelisse	Assistant Principal
Simpson, Amy	Instructional Coach
Carbajosa, Graciela	Teacher, K-12
Hernandez, Madelyn	Teacher, K-12
Sanchez, Monica	Teacher, K-12
Iglesias, Noelle	Administrative Support
Quiroga, Jessica	Instructional Coach

b. Duties

1. Describe how the LLT or similar group promotes literacy within the school, if applicable.

The goals will be to improve the percentage of students meeting mastery and increase the percentage of students with learning gains, as well as properly serving the needs of the lowest quartile to better prepare them for success on the ELA FSA. Daily homeroom activities will reinforce

the same clusters being taught through language arts and reading, in addition to the emphasis on sustain silent reading. The implementation of iReady and Reading Plus offers remediation through intensive reading classes and will allow students who have already achieved mastery to further advance their reading skills after school. The implementation of Springboard through language arts offers a comprehensive approach to building the skills and understanding that students need to achieve success in AP courses and better prepare them for post secondary education. In addition, students will see an increase rigor throughout all classes. These initiatives will be implemented with fidelity and will be supplemented by other strategies such as the usage of CRISS strategies across the curriculum, providing modeling and coaching by reading coach and administration for teachers and students, pull-out tutoring, and Saturday tutoring.

D. Public and Collaborative Teaching

The school's responses to this section may address the requirements of ESSA, P.L. No. 114-95, Â§ 1114(b)(7)(A)(iii)(IV).

1. Describe the school's strategies to encourage positive working relationships between teachers, including collaborative planning and instruction.

City of Hialeah Educational Academy fosters working relationships between teachers by providing forums to participates in Professional Learning Communities (PLC).

In our school we have department chairs and each department meets on a weekly basis.

Some departments meet before and after school in order to share and plan together. In addition, on early release days we have our Professional Learning Communities (PLC) meetings. We also have Curriculum Council Meetings on a monthly basis.

2. Describe the school's strategies to recruit, develop and retain highly qualified, certified-in-field, effective teachers to the school.

City of Hialeah Educational Academy provides the opportunities for teachers to grow and advance professionally. We provide mentoring, administrative support and instrumental support (e.g., materials, space, resources, time, etc.). City of Hialeah Educational Academy also has a partnership with Miami-Dade College, St. Thomas University and Florida International University in order to recruit. We also utilize Teacher-Teacher.com and Indeed.com

3. Describe the school's teacher mentoring program, including the rationale for pairings and planned mentoring activities.

Our program pairs a beginning teacher with a mentor in order to provide support to the teacher. We have paired:

Ms. K. Pereira with Mrs.J. Quiroga
Mrs. R. Esquivel with Ms. A. Simpson
Ms. A.Frasier with Ms.G.Carbajosa
Mrs. M. Cespedes with Mrs. M. Sanchez Massey
Ms. N.Forte with Ms.V. Varela

The rationale for pairing is because the instructional coaches, social studies department chair, math department chair and the law director can help the teachers with lesson plans, coaching, observations and bi-weekly chat sessions.

The teachers will go to Professional Developments offered by our District as well as any Professional Development offered at City of Hialeah Educational Academy.

E. Ambitious Instruction and Learning

1. Instructional Programs and Strategies

a. Instructional Programs

1. Describe how the school ensures its core instructional programs and materials are aligned to Florida's standards.

City of Hialeah Educational Academy uses the District approved Reading and Math book series that are aligned to the Florida Standards. We ensure that our teachers attend all Miami-Dade County Professional Developments that can be implemented in each class as well as all resources. We ensure the use of these resources by collecting weekly lesson plans and conducting daily observations/walk-throughs. We ensure that all information is disseminated throughout the school. We also utilize as part of our instructional program Spring Board for ELA and Math, iReady and Reading Plus for Reading. For Mathematics we utilize iReady and Math XL. The departments meet periodically to plan and share best practices. A common board configuration is required of each teacher outlining the Florida Standards objectives, agenda, essential questions and vocabulary for each class. The Leadership team members observe and verify the fidelity of curriculum implementation through co-teaching, modeling, and mentoring. To ensure teachers are on task and effective, various processes are implemented such as IPEGS.

b. Instructional Strategies

1. Describe how the school uses data to provide and differentiate instruction to meet the diverse needs of students. Provide examples of how instruction is modified or supplemented to assist students having difficulty attaining the proficient or advanced level on state assessments.

The school data is used to differentiate the curriculum to ensure all levels of learners are being targeted in any level course. Data is also used ensure accommodations and strategies are used for students requiring modifications to the general education curriculum. Instruction is supplemented to assist students having difficulty attaining the proficient level on state assessments by providing small group interventions and a variety of strategies to attain state required goals.

Our school data comes from an array of programs such as Math XL, Reading Plus, iReady, Gateway to Data (G2D), and FAIR.

2. Provide the following information for each strategy the school uses to increase the amount and quality of learning time and help enrich and accelerate the curriculum:

Strategy: Weekend Program

Minutes added to school year: 3,380

Level 3 Students are invited to attend tutoring two times a week for 60 minutes per day to help remediate and strengthen areas of weakness in Reading using Reading Plus.

Teachers use different strategies for example: modeling, use of task cards, focus on key vocabulary with context clues, Use of multiple meaning words, summarizing, cooperative learning and repetition of basic fundamental skills

Strategy Rationale

We decided to target our bubble students for after school and all other students for the weekend program intervention because we want to help them and ensure that they do not drop in levels. We provide students with the strategies needed to increase proficiency on state and/or district assessments.

Strategy Purpose(s)

- Core Academic Instruction
- Enrichment
- Teacher collaboration, planning and professional development

Person(s) responsible for monitoring implementation of the strategy

Simpson, Amy, acsimpson@dadeschools.net

Data that is or will be collected and how it is analyzed to determine effectiveness of the strategy

Students are pre-tested and post-tested. Then the data is analyzed and collaborative discussions take place. Once the data is analyzed we work on the weakness of the students.

2. Student Transition and Readiness

a. PreK-12 Transition

The school's response to this question may address the requirements of ESSA, P.L. No. 114-95, Â§ 1114(b)(7)(A)(iii)(V).

1. Describe the strategies the school employs to support incoming and outgoing cohorts of students in transition from one school level to another.

City of Hialeah Educational Academy (COHEA) participates in recruitment fairs in order to inform students from other school about our school. Our school also, uses the social media and flyers.

COHEA conducts quarterly excursions to different schools within the college to expose students to the expectations set by the Miami-Dade College, St. Thomas University and Florida International University and its faculty. Students participate on our College Tour, which they visit different colleges.

COHEA conducts a new student orientation which is held prior to the beginning of the school year to inform students and parents about policies and procedures. In addition, counselors familiarize students with academic requirements and expectations for grade level advancement/ graduation.

b. College and Career Readiness

1. Describe the strategies the school uses to advance college and career awareness, which may include establishing partnerships with business, industry or community organizations.

Every student meets one-on-one with a counselor to review their coursework taken, coursework needed to complete for graduation, and coursework recommended for his/her specified possible career choice through the Electronic Personal Education Planner (EPEP) accessed in the FACTS.org website. In addition, the school counselor provides classroom guidance to address their academic and career planning needs to facilitate a course of study that is personally meaningful. Students are also able to access their academic, scholarship and transcript information using ConnectEDU.net website. This website is personalized with individual student accounts that allows students to access their information and keep in constant communication with their counselor virtually.

2. Identify the career and technical education programs available to students and industry certifications that may be earned through those respective programs.

COHEA offers various vocational courses that lead to Industry Certification. Our school implements Criminal Justice, Forensic Science, Firefighter, Paramedic, Early Childhood, Mass Communication, Law and Public Administration academies which participate in the implementation of reading and math strategies to demonstrate the relevance in real-world careers. Seniors who have completed the Fire Responder course will be registered for the First Responder Industry Certification Exam through the National Registry Service. We also incorporate and integrate with Miami Dade School of Justice the PSA, CPR and Parking Enforcement Certificate for our students. COHEA implements an Exploratory Wheel for the lower grade levels in order to experience all the academies.

3. Describe efforts the school has taken to integrate career and technical education with academic courses (e.g., industrial biotechnology) to support student achievement.

City of Hialeah Educational Academy has developed an Executive PASS partnership with Miami-Dade College Hialeah Campus and with Florida International University. This partnership will enable students to begin taking college placement tests to determine the level of remediation needed in preparation for post secondary studies. Students who perform at a high proficiency level will be encouraged to take Advanced Placement and/or Dual Enrollment classes with Miami-Dade College, St. Thomas University and/or Florida International University. There will also be quarterly excursions to different schools within the college to expose students to the expectations set by the Miami-Dade College, St. Thomas University and Florida International University and their faculty. Students participate on our College Tour, which they have the opportunity to visit different colleges locally and throughout our state.

4. Describe strategies for improving student readiness for the public postsecondary level based on annual analysis of the [High School Feedback Report](#), as required by section 1008.37(4), Florida Statutes.

Our school prepares our students for exams such as the ACT, SAT, PERT and Advanced Placement. The School requires students to graduate with 4 levels of English, Math, Science and Social Sciences. Students are encouraged to take courses that are the most challenging for their level. Teachers and the College Advisory Program (CAP) promote enrollment in these courses in order to prepare them for post-secondary education. In addition to encouraging students to enroll in AP and Dual Enrollment courses, the CAP Advisor persuades students to apply and meet the requirements for Bright Futures Scholarships.

We provide rigorous tutoring after school and during the summer to our student to better prepare them for the SAT/ACT prep courses. COHEA also has the students grade levels 8th-11th participate in the PSAT.

Through our Senior Language Arts Classes and Math classes our teachers embed ACT and SAT strategies.

We also take our student on a college tour to learn about the requirements of the college.

II. Needs Assessment

The school's completion of this part may address the requirements of ESSA, P.L. No. 114-95, Â§ 1114(b)(6).

A. Problem Identification

1. Data to Support Problem Identification

b. Data Uploads

Data uploads are not required by the Florida Department of Education but are offered as a tool for the needs assessment. In this section, the school may upload files of locally available data charts and graphs being used as evidence of need.

The following documents were submitted as evidence for this section:

No files were uploaded

2. Problem Identification Summary

This section is not required by the Florida Department of Education but is provided as an opportunity for the school to summarize the points of strength and areas of need that have been identified in the data.

B. Problem Analysis Summary

This section is not required by the Florida Department of Education but is provided as an opportunity for the school to summarize the underlying "why" or root causes for the areas of need identified in the data, as determined by situational awareness of, and research conducted by, the stakeholders involved in the needs assessment.

C. Strategic Goals

School Improvement Goals

The following key is intended to help readers understand how the sections of this document correspond to the steps of the 8-step planning and problem-solving framework used in the School Improvement Plan. The Quick Key numbers can help registered users go directly to the point of entry for any given goal, barrier and strategy within the online survey.

Problem Solving Key

G = Goal

B =
