Itech@Thomas A Edison Educational Center

2017-18 Schoolwide Improvement Plan

Itech@Thomas A Edison Educational Center

6101 NW 2ND AVE, Miami, FL 33127

[no web address on file]

School Demographics

School Type and Grades Served (per MSID File)	2016-17 Title I School	2016-17 Economically Disadvantaged (FRL) Rate (as reported on Survey 3)
High School 9-12	Yes	92%
Primary Service Type (per MSID File)	Charter School	2018-19 Minority Rate (Reported as Non-white on Survey 2)
K-12 General Education	No	98%

School Grades History

Year	2016-17	2015-16	2014-15
Grade	C	D	D*

**Informational Baseline School Grade*

Note: The school grades calculation was revised substantially for the 2014-15 school year to implement statutory changes made by the 2014 Legislature and incorporate the new Florida Standards Assessments. The 2014-15 school grades serve as informational baseline data that schools can use to improve in future years.

School Board Approval

This plan is pending approval by the Dade County School Board.

SIP Authority and Template

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a school improvement plan (SIP) for each school in the district that has a school grade of D or F.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F (see page 4). For schools receiving a grade of A, B, or C, the district may opt to require a SIP using a template of its choosing.

This document was prepared by school and district leadership using the FDOE's school improvement planning web application located at <https://www.floridacims.org>.

Table of Contents

Purpose and Outline of the SIP	4
Differentiated Accountability	5
Current School Status	6
Supportive Environment	6
Family and Community Engagement	7
Effective Leadership	8
Public and Collaborative Teaching	10
Ambitious Instruction and Learning	11
8-Step Planning and Problem Solving Implementation	14
Goals Summary	14

Action Plan for Improvement	16
Appendix 1: Implementation Timeline	19
Appendix 2: Professional Development and Technical Assistance Outlines	20
Professional Development Opportunities	20
Technical Assistance Items	21
Appendix 3: Budget to Support Goals	21

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. A corollary at the district level is the District Improvement and Assistance Plan (DIAP), designed to help district leadership make the necessary connections between school and district goals in order to align resources. The Florida Department of Education encourages schools to use the SIP as a “living document” by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the “Date Modified” listed in the footer.

Part I: Current School Status

Part I organizes the current status of the school around five domains inspired by the 5Essentials framework: Supportive Environment, Family and Community Involvement, Effective Leadership, Public and Collaborative Teaching, and Ambitious Instruction and Learning. Questions regarding the school’s Multi-Tiered System of Supports have been embedded throughout this part to demonstrate how data is used by stakeholders to understand the needs of all students and allocate appropriate resources in proportion to those needs.

Part II: Needs Assessment

Part II requires the school to review performance and early warning systems data in order to develop strategic goals and associated data targets (i.e., “SMART goals”) for the coming school year in context of the school’s greatest strengths and needs. An online tool was developed, which includes data visualizations and processing questions to support problem identification, problem analysis and strategic goal formulation.

Part III: 8-Step Planning and Problem Solving for Implementation

Part III enables the school to develop implementation plans for its highest-priority goals. With the overview of the current state of the school in mind and the strategic goals identified through the needs assessment, the planning team engages in a facilitated planning and problem-solving process, through which they

- Define strategic goals and establish targets to be reached by successfully achieving the goals (Step 1)
- Identify barriers that could hinder achieving those goals and resources that could be used to eliminate or reduce barriers (Step 2)
- Select high-priority barriers they want to address initially (Step 3)
- Design implementation and monitoring plans for strategies to resolve selected barriers (Steps 4-7)
- Determine how they will monitor progress toward each goal (Step 8)

Appendices

The following appendices, automatically-generated from content entered in Part III, are included in this document:

- Appendix 1 is a timeline of all action steps and monitoring activities
- Appendix 2 is an outline of all professional development opportunities and technical assistance items
- Appendix 3 is a report of the budget needed to implement the strategies

Differentiated Accountability

Florida's Differentiated Accountability (DA) system, established in [section 1008.33, Florida Statutes](#), is a statewide network of strategic support, differentiated by need according to performance data, provided to districts and schools in order to improve leadership capacity, teacher efficacy, and student outcomes. Through a data-driven planning and problem-solving process, DA field teams collaborate with district leadership to design, implement, and refine strategic goals and action plans that are documented in the SIP.

DA Regions

Florida's DA network is divided into four geographical regions, each served by a field team led by a regional executive director (RED).

DA Categories

At the start of each academic year, traditional schools are classified for DA support in two categories based on the most recent school grades data available. Descriptions of each DA category along with the state support and interventions provided are set forth by [Rule 6A-1.099811, Florida Administrative Code](#):

- **Not in DA** - A school with a current school grade of A, B, or C; charter schools; and ungraded schools.
- **Targeted Support and Improvement** - A school with a current school grade of an initial D.
- **Comprehensive Support and Improvement** - A school with a current school grade of F or two consecutive grades of D, or a high school with a graduation rate of 67 percent or less in the most recent data release.

DA Turnaround Status

Additionally, Comprehensive Support and Improvement schools have a turnaround status of "Implementing," based on a school's grades history, including the current school grade:

- Implementing - A school with a status of "Implementing" requires the district to submit a turnaround plan to the State Board of Education for approval and implementation. A school remains in "Implementing" status until its school grade improves to a C or higher.

2017-18 DA Category and Statuses for Itech@Thomas A Edison Educational Center

DA Region and RED	DA Category and Turnaround Status
Southeast - LaShawn Russ-Porterfield	- N/A

I. Part I: Current School Status

A. Supportive Environment

1. School Mission and Vision

a. Provide the school's mission statement.

The administration, faculty, staff, parents, and community of iTech @ Thomas A. Edison Educational Center will provide our students with a safe technology driven environment where they can develop knowledge, integrity, and skills necessary to achieve success in college, work, and beyond.

b. Provide the school's vision statement.

iTech@Thomas A. Edison Educational Center, a Miami-Dade Magnet High School, provides students with the opportunity to conduct real-world field studies, research and projects in an environment that models today's successful businesses. Students will have an opportunity to earn industry certifications while preparing for college and beyond.

2. School Environment

a. Describe the process by which the school learns about students' cultures and builds relationships between teachers and students.

Our school culture is based on a technology driven global business atmosphere. The school culture is dependent on student behavior and academic that are met by establishing strong relationships. Learning to meet and build on the needs is a process that includes all the stakeholders of the school. All iTech teachers engage in afterschool tutoring and club activities. Students and teachers alike spend time learning about each others diverse cultures and building relationship during extracurricular activities. Teachers reach out to parents, business, and local community members to become acquainted with our diverse population.

b. Describe how the school creates an environment where students feel safe and respected before, during and after school.

iTech creates a safe and respectful environment by reinforcing school rules in and out of the classroom. iTech also has security staff ensuring the safety of the students in the school. Students are encouraged to communicate with all staff members in person or through their school email any concerns or needs that they may encounter. Counseling is made available to all students at the request of the student, teacher, or parent.

c. Describe the schoolwide behavioral system in place that aids in minimizing distractions to keep students engaged during instructional time. This may include, but is not limited to, established protocols for disciplinary incidents, clear behavioral expectations, and training for school personnel to ensure the system is fairly and consistently enforced.

All teachers use classroom management strategies to target any issues. Instructional strategies are in place to engage all students from bell to bell. The school wide behavioral plan targets procedures for any incidents that are disciplinary in nature. Teachers are to give verbal warnings, contact a parent or guardian, and then contact administration if the incidents persist. iTech's Progressive Discipline Plan also guides faculty on protocols and behavioral plans.

d. Describe how the school ensures the social-emotional needs of all students are being met, which may include providing counseling, mentoring and other pupil services.

Students have access to meet with the guidance counselor at their discretion or at a teacher's suggestion. Students are building relationships with other students through extracurricular activities and through the unity within their chosen academy.

3. Early Warning Systems

The school's response to this section may address the requirements of ESSA, P.L. No. 114-95, Â§ 1114(b)(7)(A)(i) and (b)(7)(A)(iii)(III).

a. Describe the school's early warning system and provide a list of the early warning indicators used in the system.

iTech will collect quarterly data for attendance, suspensions, and failures. Data chats with faculty to target consequences and reward to lead to improvements in the assessed data. Students with level one assessments in English Language Arts will take an Intensive Reading course. Students with level one in state assessments of English Language Arts or mathematics will have their grades assessed quarterly to create targeted intervention.

b. Provide the following data related to the school's early warning system

1. The number of students by grade level that exhibit each early warning indicator:

Indicator	Grade Level													Total
	K	1	2	3	4	5	6	7	8	9	10	11	12	
Attendance below 90 percent	0	0	0	0	0	0	0	0	0	0	0	0	0	
One or more suspensions	0	0	0	0	0	0	0	0	0	0	0	0	0	
Course failure in ELA or Math	0	0	0	0	0	0	0	0	0	0	1	0	1	2
Level 1 on statewide assessment	0	0	0	0	0	0	0	0	0	27	18	19	39	103

The number of students identified by the system as exhibiting two or more early warning indicators:

Indicator	Grade Level													Total
	K	1	2	3	4	5	6	7	8	9	10	11	12	
Students exhibiting two or more indicators	0	0	0	0	0	0	0	0	0	28	1	5	1	35

c. Describe all intervention strategies employed by the school to improve the academic performance of students identified by the early warning system.

The school has various strategies in place to improve student academic performance. Students with low assessment scores receive an additional reading course to enhance their English language arts curriculum. These students will receive specialized instructional strategies like differentiated instruction. Students will also receiving counseling for both academic and behavioral issues. Parent contact will be made to discuss the early warning indicators and there will be constant progress monitoring.

B. Family and Community Engagement

The school's response to this section may address the requirements of ESSA, P.L. No. 114-95, Â§ 1114(b)(2) and (b)(7)(A)(iii)(I).

1. Describe how the school works at building positive relationships with families to increase involvement, including efforts to communicate the school's mission and vision, and keep parents informed of their child's progress.

a. Will the school use its Title I Parent and Family Engagement Policy (PFEP) to satisfy this question?

No

1. PFEP Link

The school completes a Parental Involvement Plan (PFEP), which is available at the school site.

2. Description

iTech is building an open relationship with its parents through their involvement with the EESAC and the PTA. Parents are encouraged to contact the school with any concerns and also ask to attain their volunteer status to become a positive force within the school. The school has also built strong relationships with Miami Dade College, Microsoft, and SAP to enhance its technological and academic components.

The school had an Open House at the beginning of the school year. The principal shared the mission and vision of the school. Faculty members introduced themselves one by one and described the nature of the instruction they provide, the requirements for students success, and their expectations in terms of parent support. Parents had an opportunity to visit the classrooms to witness their equipment and organization, and interact with the teachers.

Parents have access to the school internal website where they can see announcements about the educational and school spirit activities on a continuous basis. The school utilizes an online collaboration platform that is being used for instructional purposes by its faculty, students, and parents: Teachers assign work, students turn it in, and parents can monitor their child's work.

2. Describe the process by which the school builds and sustains partnerships with the local community for the purpose of securing and utilizing resources to support the school and student achievement.

iTech has reached out to business and community leaders in order to build partnerships with stakeholders in the community. These members have been invited to join the EESAC and support the school and its students.

C. Effective Leadership

1. School Leadership Team

a. Membership

Identify the name, email address and position title for each member of the school leadership team.:

Name	Title
Aristide, Wallace	Principal
Zini, Luca	Teacher, K-12
Jones, Denise	School Counselor
Gabriel, Valencia	Teacher, K-12

b. Duties

1. Describe the roles and responsibilities of the members, including how they serve as instructional leaders and practice shared decision making.

Dr. Moore (Principal) plans, organizes, administers, and directs all activities and functions in the school and its facilities to make it a responsible, effective, and efficient instructional environment that will lead to student achievement.

Dr. Zini (Magnet Lead) plans, organizes, administers, and directs magnet events and programs,

testing calendar, magnet and electives department meetings.

Dr. Jones (Guidance Counselor) she is the CAP Adviser, she helps students with college and career planning.

Ms. Gabriel (Activities Director) plans, organizes, administers, and directs school-wide activities for students and parents.

2. Describe the process through which school leadership identifies and aligns all available resources (e.g., personnel, instructional, curricular) in order to meet the needs of all students and maximize desired student outcomes. Include the methodology for coordinating and supplementing federal, state and local funds, services and programs. Provide the person(s) responsible, frequency of meetings, how an inventory of resources is maintained and any problem-solving activities used to determine how to apply resources for the highest impact.

Creates a unity with all stakeholders by coordinating faculty meetings, facility maintenance, student achievement, community partnerships, budgets, and all policies and procedures having do to with the school and all its components.

2. School Advisory Council (SAC)

a. Membership

Identify the name and stakeholder group for each member of the SAC.:

Name	Stakeholder Group
LaShinda Moore	Principal
Yelena Stewart Revere	Teacher
Denise Jones	Education Support Employee
Guilhene Benjamin	Teacher
Alexandria Smikle	Student
Sandra Martinez	Business/Community

b. Duties

1. Provide a description of the SAC's involvement with the following activities, as required by section 1001.452(2), Florida Statutes

The school's response to this question may address the requirements of ESSA, P.L. No. 114-95, Â§ 1114(b)(2).

a. Evaluation of last year's school improvement plan

EESAC reviewed the school improvement plan. EESAC wants to focus on student assessment passing rates with the implementation of intensive courses to help students in their areas of weakness. EESAC will budget money to assist with student incentives and tutoring.

b. Development of this school improvement plan

A draft of the SIP was submitted to the EESAC for review and approval. EESAC approved it and suggested strategies that apply to the four goals that were set. The EESAC will conduct a mid-year review and evaluation of the document to determine whether the strategies proposed were applied and whether they yielded the expected results. Throughout the year, the committee will update the SIP, based on their observations, to ensure that the SIP goals are met.

c. Preparation of the school's annual budget and plan

The EESAC will review the school's annual budget and make recommendations to ensure that funds are used in a manner that facilitates the implementation of the SIP and benefits student achievement.

2. Describe the use of school improvement funds allocated last year, including the amount budgeted for each project.

The funds allocated from last year were used to purchase buses for student trips to learn about history, theater, and technology.

3. Verify that the school is in compliance with section 1001.452, Florida Statutes, regarding the establishment requirements and duties of the SAC.

Yes

a. If the school is not in compliance, describe the measures being implemented to meet SAC requirements.

3. Literacy Leadership Team (LLT)

a. Membership

Identify the name and position title for each member of the school-based LLT or similar group, if applicable.:

Name	Title
Aristide, Wallace	Principal
Zini, Luca	Teacher, K-12
Jones, Denise	School Counselor
Gabriel, Valencia	Teacher, K-12

b. Duties

1. Describe how the LLT or similar group promotes literacy within the school, if applicable.

The Literacy Leadership Team is composed of iTech teachers and administrators that promote literacy through interdisciplinary writing and reading. Every faculty member will contain professional development on introducing literacy into their curriculum. Specific initiatives will include a writing across the curriculum program, as well as a comprehensive FSA reading program in which students are provided targeted, specific instruction to allow them to master FSA reading skills, both for first time test takers, as well as retesters.

D. Public and Collaborative Teaching

The school's responses to this section may address the requirements of ESSA, P.L. No. 114-95, Â§ 1114(b)(7)(A)(iii)(IV).

1. Describe the school's strategies to encourage positive working relationships between teachers, including collaborative planning and instruction.

iTech has a small number of students with a small staff. Collaborative planning between subjects is encouraged before or after school. Professional development within the school addresses collaboration and instructional strategies to help engage the students.

2. Describe the school's strategies to recruit, develop and retain highly qualified, certified-in-field, effective teachers to the school.

iTech has recruited highly qualified teachers for all areas of the core courses and specialist magnet academy classes. In order to best develop and retain teachers there is a positive atmosphere that encourages all staff members to attend professional development.

3. Describe the school's teacher mentoring program, including the rationale for pairings and planned mentoring activities.

We will have four new teachers in the building. They will be mentored by Valencia Gabriel who is a veteran teacher and also understands the vision of our specialized high technology school. Ms. Gabriel is in the position of Activities Director for the 2017-2018 school year, and will mentor new teachers. Mentoring and support are also provided by the district to assist the needs of the teacher.

E. Ambitious Instruction and Learning

1. Instructional Programs and Strategies

a. Instructional Programs

1. Describe how the school ensures its core instructional programs and materials are aligned to Florida's standards.

iTech core courses are taught by highly qualified teachers who follow the pacing guide and use materials that directly correlate to the Florida Standards.

b. Instructional Strategies

1. Describe how the school uses data to provide and differentiate instruction to meet the diverse needs of students. Provide examples of how instruction is modified or supplemented to assist students having difficulty attaining the proficient or advanced level on state assessments.

iTech collected state standardized assessment data for each student in order to provide students with targeted instructions. Teachers used that data and formal classroom assessments to provide students with differentiation and instructional strategies that will ensure student learning.

2. Provide the following information for each strategy the school uses to increase the amount and quality of learning time and help enrich and accelerate the curriculum:

Strategy: After School Program

Minutes added to school year: 9,600

There is afterschool tutoring for one hour, Monday - Thursday. Students can attend tutoring afterschool and receive help on their assignments. Students can also contact their teachers who, if requested, will stay to help individual students.

Strategy Rationale

Allowing the students to an opportunity to receive one to one instruction in their areas of weakness.

Strategy Purpose(s)

- Enrichment

Person(s) responsible for monitoring implementation of the strategy

Aristide, Wallace, pr7005@dadeschools.net

Data that is or will be collected and how it is analyzed to determine effectiveness of the strategy

Grades are monitored every nine-weeks to ensure that those who need one to one instruction attend tutoring and receive the help they need in their targeted areas.

2. Student Transition and Readiness

a. PreK-12 Transition

The school's response to this question may address the requirements of ESSA, P.L. No. 114-95, Â§ 1114(b)(7)(A)(iii)(V).

1. Describe the strategies the school employs to support incoming and outgoing cohorts of students in transition from one school level to another.

iTech's counselor advises students on their courses, credits, and transition. Student graduation plans in tandem with transcripts are audited each semester to assure students are on track for graduation with their cohorts.

b. College and Career Readiness

1. Describe the strategies the school uses to advance college and career awareness, which may include establishing partnerships with business, industry or community organizations.

iTech's magnet program has three specialized academies which have established partners such as Microsoft, SAP, ESRI, and Miami-Dade College to collaborate with the students and their future aspirations in this global society.

2. Identify the career and technical education programs available to students and industry certifications that may be earned through those respective programs.

iTech has programs in Geospatial Information Systems technology where student will work towards their GIS technician certificate, Enterprise Resource Planning software specialist where student will be certified to use SAP, network systems administrators certified in networking, and information technology to certify in CIW. iTech also offers iCode where students obtain knowledge in Programming and Networking.

3. Describe efforts the school has taken to integrate career and technical education with academic courses (e.g., industrial biotechnology) to support student achievement.

Students of this STEM magnet have technology integrated into all academic courses. Students are placed in academic strands that target either GIS, ERP, or iCode.

4. Describe strategies for improving student readiness for the public postsecondary level based on annual analysis of the [High School Feedback Report](#), as required by section 1008.37(4), Florida Statutes.

Students are encouraged to strive for honor roll, honors course, advanced placement courses, and dual enrollment courses.

II. Needs Assessment

The school's completion of this part may address the requirements of ESSA, P.L. No. 114-95, Â§ 1114(b)(6).

A. Problem Identification

1. Data to Support Problem Identification

b. Data Uploads

Data uploads are not required by the Florida Department of Education but are offered as a tool for the needs assessment. In this section, the school may upload files of locally available data charts and graphs being used as evidence of need.

The following documents were submitted as evidence for this section:

No files were uploaded

2. Problem Identification Summary

This section is not required by the Florida Department of Education but is provided as an opportunity for the school to summarize the points of strength and areas of need that have been identified in the data.

B. Problem Analysis Summary

This section is not required by the Florida Department of Education but is provided as an opportunity for the school to summarize the underlying "why" or root causes for the areas of need identified in the data, as determined by situational awareness of, and research conducted by, the stakeholders involved in the needs assessment.

C. Strategic Goals

School Improvement Goals

The following key is intended to help readers understand how the sections of this document correspond to the steps of the 8-step planning and problem-solving framework used in the School Improvement Plan. The Quick Key numbers can help registered users go directly to the point of entry for any given goal, barrier and strategy within the online survey.

Problem Solving Key

G = Goal

B =
Barrier

S = Strategy

 = Problem Solving Step  S123456 = Quick Key

Strategic Goals Summary

G1. If core instruction is improved in all content areas then student achievement will increase.

Strategic Goals Detail

For each strategic goal, this section lists the associated targets (i.e., “SMART goals”), targeted barriers to achieving the goal, resources available to help reduce or eliminate the barriers, and the plan for monitoring progress toward the goal.

G1. If core instruction is improved in all content areas then student achievement will increase. 1a

G096826

Targets Supported 1b

Indicator	Annual Target
Algebra I EOC Pass Rate	60.0
ELA/Reading Gains	50.0
Bio I EOC Pass	60.0

Targeted Barriers to Achieving the Goal 3

- Students struggle with their reading comprehension and understanding text.

Resources Available to Help Reduce or Eliminate the Barriers 2

- Teachers have Portal Access to Pacing Guides through Learning Village. MDCPS District Personnel have high expectations and rigor for learning communicated to students by staff. Technology supplied to students by iTech such as tablets, eTextbooks, OneNote, etc.
- We have added a reading interventionist and an additional ELA teacher to assist in improving our students' reading comprehension.

Plan to Monitor Progress Toward G1. 8

Monitoring of professional development and instruction

Person Responsible

Wallace Aristide

Schedule

Quarterly, from 9/1/2017 to 6/1/2018

Evidence of Completion

Attendance of professional development, walk-throughs, and data assessment.

Schedule

Quarterly, from 9/1/2017 to 6/1/2018

Evidence of Completion

Action Plan for Improvement

For each strategy selected in the plan to reduce a targeted barrier to a strategic goal, this section lists the rationale for that strategy (i.e., why the school believes it will reduce the barrier) and the action steps that have been identified as necessary to implementing the strategy, including details such as the point person, timing and duration, and evidence of completion. At the end of each set of action steps is the plan for monitoring the implementation and effectiveness of the respective strategy.
