Note: The school grades calculation was revised substantially for the 2014-15 school year to implement statutory changes made by the 2014 Legislature and incorporate the new Florida Standards Assessments. The 2014-15 school grades serve as informational baseline data that schools can use to improve in future years.

School Board Approval

This plan is pending approval by the Dade County School Board.

SIP Authority and Template

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a school improvement plan (SIP) for each school in the district that has a school grade of D or F.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F (see page 4). For schools receiving a grade of A, B, or C, the district may opt to require a SIP using a template of its choosing.

This document was prepared by school and district leadership using the FDOE's school improvement planning web application located at <https://www.floridacims.org>.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. A corollary at the district level is the District Improvement and Assistance Plan (DIAP), designed to help district leadership make the necessary connections between school and district goals in order to align resources. The Florida Department of Education encourages schools to use the SIP as a “living document” by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the “Date Modified” listed in the footer.

Part I: Current School Status

Part I organizes the current status of the school around five domains inspired by the 5Essentials framework: Supportive Environment, Family and Community Involvement, Effective Leadership, Public and Collaborative Teaching, and Ambitious Instruction and Learning. Questions regarding the school’s Multi-Tiered System of Supports have been embedded throughout this part to demonstrate how data is used by stakeholders to understand the needs of all students and allocate appropriate resources in proportion to those needs.

Part II: Needs Assessment

Part II requires the school to review performance and early warning systems data in order to develop strategic goals and associated data targets (i.e., “SMART goals”) for the coming school year in context of the school’s greatest strengths and needs. An online tool was developed, which includes data visualizations and processing questions to support problem identification, problem analysis and strategic goal formulation.

Part III: 8-Step Planning and Problem Solving for Implementation

Part III enables the school to develop implementation plans for its highest-priority goals. With the overview of the current state of the school in mind and the strategic goals identified through the needs assessment, the planning team engages in a facilitated planning and problem-solving process, through which they

- Define strategic goals and establish targets to be reached by successfully achieving the goals (Step 1)
- Identify barriers that could hinder achieving those goals and resources that could be used to eliminate or reduce barriers (Step 2)
- Select high-priority barriers they want to address initially (Step 3)
- Design implementation and monitoring plans for strategies to resolve selected barriers (Steps 4-7)
- Determine how they will monitor progress toward each goal (Step 8)

Appendices

The following appendices, automatically-generated from content entered in Part III, are included in this document:

- Appendix 1 is a timeline of all action steps and monitoring activities
- Appendix 2 is an outline of all professional development opportunities and technical assistance items
- Appendix 3 is a report of the budget needed to implement the strategies

Differentiated Accountability

Florida's Differentiated Accountability (DA) system, established in [section 1008.33, Florida Statutes](#), is a statewide network of strategic support, differentiated by need according to performance data, provided to districts and schools in order to improve leadership capacity, teacher efficacy, and student outcomes. Through a data-driven planning and problem-solving process, DA field teams collaborate with district leadership to design, implement, and refine strategic goals and action plans that are documented in the SIP.

DA Regions

Florida's DA network is divided into four geographical regions, each served by a field team led by a regional executive director (RED).

DA Categories

At the start of each academic year, traditional schools are classified for DA support in two categories based on the most recent school grades data available. Descriptions of each DA category along with the state support and interventions provided are set forth by [Rule 6A-1.099811, Florida Administrative Code](#):

- **Not in DA** - A school with a current school grade of A, B, or C; charter schools; and ungraded schools.
- **Targeted Support and Improvement** - A school with a current school grade of an initial D.
- **Comprehensive Support and Improvement** - A school with a current school grade of F or two consecutive grades of D, or a high school with a graduation rate of 67 percent or less in the most recent data release.

DA Turnaround Status

Additionally, Comprehensive Support and Improvement schools have a turnaround status of "Implementing," based on a school's grades history, including the current school grade:

- Implementing - A school with a status of "Implementing" requires the district to submit a turnaround plan to the State Board of Education for approval and implementation. A school remains in "Implementing" status until its school grade improves to a C or higher.

I. Part I: Current School Status

A. Supportive Environment

1. School Mission and Vision

a. Provide the school's mission statement.

Sunset Park Elementary School is committed to the pursuit of excellence, seeking to maximize each student's academic, social, and patriotic potential enabling them to become lifelong learners and productive citizens.

b. Provide the school's vision statement.

Sunset Park Elementary School's purpose is to ensure that all students become lifelong learners and productive, responsible citizens in our multicultural society. The school's vision is to provide a stimulating learning environment for students that will help them develop into knowledgeable, productive members of society. Sunset Park Elementary School students are encouraged and challenged to reach their full potential in all subjects.

2. School Environment

a. Describe the process by which the school learns about students' cultures and builds relationships between teachers and students.

Sunset Park Elementary strives for academic excellence. Teachers have received, and will continue to receive, professional development in the Florida State Standards, and will be offered additional support from school personnel in order to improve student performance. Other programs/activities that are offered at Sunset Park Elementary are the following: STEM curriculum activities, such as Math & Science night, Community classes, Parent's Day activity, Field day, Night of the Arts, Chorus, Honor Roll Assemblies, Fall Festival, Movie Night, Book Fair, Battle of the Books, Career Week, Hispanic Heritage events, Red Ribbon Week, Polar Express, Fairchild Challenges, Curriculum Expo, SPOT Success and attendance recognition. Our students are exposed to a multicultural curriculum which exposes them to a variety of cultures and beliefs. In addition, each grade level will sponsor a "passion" project, which will benefit the community through fundraising and/or simply raising awareness of our communities needs.

b. Describe how the school creates an environment where students feel safe and respected before, during and after school.

Sunset Park Elementary is located in a transient community due to the large number of rental apartments in the area. Enrollment in STEM has risen, due to the fact that we are now a Gold Designated STEM School and have a school-wide STEM program. Sunset Park Elementary is a Title I school again this year due to the large number of students on free or reduced lunch; it's the school's sixth year receiving Title I funds. Sunset Park Elementary will continue to implement an instructional program aimed at high levels of achievement and College and Career Readiness. Various programs are offered in order to maintain high student expectations, such as in house interventions, after school tutoring, field trips, and project based learning.

Sunset Park Elementary is a closed campus with only one open entrance, which is constantly monitored by school security personnel. In addition, we provide students with character education, including an anti-bullying drug awareness curriculum. Students are encouraged to reach out to a trusted adult with any problems or concerns.

c. Describe the schoolwide behavioral system in place that aids in minimizing distractions to keep students engaged during instructional time. This may include, but is not limited to, established protocols for disciplinary incidents, clear behavioral expectations, and training for school personnel to ensure the system is fairly and consistently enforced.

Each year the school submits an alternative to suspension plan. Each teacher has an individual classroom management plan. Parents and students are also provided with the District's Code of Student Conduct. Students and parents are expected to acknowledge that they have reviewed this document, and will adhere to it throughout the school year. Monthly, classroom teachers nominate a Student of the Month to be recognized by administration and their peers for positive behavior. In addition, Cafe Coins, a cafeteria plan was initiated to promote positive behavior in the cafeteria during lunch time. Through the implementation of the "Do the Right Thing" and "Spot Success" programs, students are also recognized for exhibiting exemplary behaviors.

d. Describe how the school ensures the social-emotional needs of all students are being met, which may include providing counseling, mentoring and other pupil services.

Sunset Park Elementary firmly believes that students must feel secure in their environment in order to be productive and successful. To ensure that the social-emotional needs of all students are being met through the District's Values Matter initiative is followed; the school focuses on positive character education, as well as a zero-tolerance policy for bullying. In addition, the school counselor provides one-on-one and group counseling sessions as needed to address a variety of issues and topics. Peer mediation is a strategy that is often employed in order to have students begin to openly discuss and express issues that may be affecting their educational well-being.

3. Early Warning Systems

The school's response to this section may address the requirements of ESSA, P.L. No. 114-95, Â§ 1114(b)(7)(A)(i) and (b)(7)(A)(iii)(III).

a. Describe the school's early warning system and provide a list of the early warning indicators used in the system.

Sunset Park Elementary uses the following early warning indicators to monitor student achievement and we implement action plans to ensure that the students identified in these areas are closely monitored throughout the school year.

At Sunset Park Elementary, both the teachers and administration closely monitor the students who's attendance is below 90%, to insure that it is not repeated this school year.

At Sunset Park Elementary, we had 0 suspensions last school year, and anticipate that we will have 0 suspensions this school year.

At Sunset Park Elementary, we are working very diligently as a team to reduce the number of students who did not meet the minimum requirements to pass the ELA or Math state assessments.

At Sunset Park Elementary, the classroom teachers, interventionists, and administration are working together to decrease the number of students who achieved a level 1 on the state assessments this past school year.

b. Provide the following data related to the school's early warning system

1. The number of students by grade level that exhibit each early warning indicator:

Indicator	Grade Level													Total
	K	1	2	3	4	5	6	7	8	9	10	11	12	
Attendance below 90 percent	0	0	0	0	0	0	0	0	0	0	0	0	0	
One or more suspensions	0	0	0	0	0	0	0	0	0	0	0	0	0	
Course failure in ELA or Math	2	3	3	1	1	3	0	0	0	0	0	0	0	13
Level 1 on statewide assessment	1	6	3	9	16	28	0	0	0	0	0	0	0	63

The number of students identified by the system as exhibiting two or more early warning indicators:

Indicator	Grade Level													Total
	K	1	2	3	4	5	6	7	8	9	10	11	12	
Students exhibiting two or more indicators	2	4	6	2	20	26	0	0	0	0	0	0	0	60

c. Describe all intervention strategies employed by the school to improve the academic performance of students identified by the early warning system.

Sunset Park Elementary will employ the following strategies to improve academic performance of students identified by the early warning system:

Attendance below 90%: Administration will monitor all student attendance and will reward students who have 100% attendance monthly.

Zero suspensions: Administration will enforce that all students/teachers are following their individual classroom management plans to ensure that all students are adhering to the program adequately.

Course failure in ELA or Math: Administration will ensure that all students needing academic intervention will receive assistance during and/or after the school day.

Level 1 on statewide assessment: Administration will ensure that all students needing academic intervention will receive assistance during and/or after the school day.

B. Family and Community Engagement

The school's response to this section may address the requirements of ESSA, P.L. No. 114-95, Â§ 1114(b)(2) and (b)(7)(A)(iii)(I).

1. Describe how the school works at building positive relationships with families to increase involvement, including efforts to communicate the school's mission and vision, and keep parents informed of their child's progress.

a. Will the school use its Title I Parent and Family Engagement Policy (PFEP) to satisfy this question?

No

1. PFEP Link

The school completes a Parental Involvement Plan (PFEP), which is available at the school site.

2. Description

Sunset Park Elementary works at building positive relationships with its families to increase involvement by having family fun nights, in which the entire family participates in the events. The Sunset Park Elementary website is constantly being updated, so parents have updated information on events going on at the school. The school also uses the Connect Ed system and various other online programs, to inform parents of classroom and school wide activities. The entire school staff assists in the keeping the parents of Sunset Park Elementary informed of their child's progress.

2. Describe the process by which the school builds and sustains partnerships with the local community for the purpose of securing and utilizing resources to support the school and student achievement.

Sunset Park Elementary continues to work to secure and allocate materials and fiscal resources from Title I funding, EESAC and PTA funding, and grant applications to provide students with extended learning opportunities, retain qualified personnel who can assist students and staff in accessing media and information resources, and maintain an adequate technology infrastructure. School leaders and staff will continue to utilize policies and procedures for hiring and retaining professional and support services. The technology plan will continue to be implemented to improve support services and infrastructure, HEAT tickets and inspection documentation will continue to be monitored as well. Students are assisted by school staff to attain information and resources on school programs available to them. Survey results also indicate that all stakeholders are content with the resources and support systems provided to them. School leaders will continue to allocate funds to hire support personnel to implement the intervention program.

C. Effective Leadership

1. School Leadership Team

a. Membership

Identify the name, email address and position title for each member of the school leadership team.:

Name	Title
Hernandez, Wendy	Principal
Abreu, Maricarmen	Assistant Principal
Zelenak, Kara	Teacher, K-12
Perez, Maydelin	Teacher, K-12
Fernandez, Janine	Teacher, K-12
Sowers, Dina	Teacher, K-12
Slater, Ryan	Teacher, K-12
Luis, Milagros	Teacher, K-12
Glover, Sonja	Teacher, K-12
Cal, Jeanette	Teacher, K-12
Baquero, Dennis	Teacher, K-12
Fernandez, Michelle	Teacher, K-12
Vega, Ana	Teacher, K-12
Acuna, Lisette	Teacher, K-12

b. Duties

1. Describe the roles and responsibilities of the members, including how they serve as instructional leaders and practice shared decision making.

Tier 1(Leadership Team)

Administrators: Principal, Wendy Hernandez and Assistant Principal, Maricarmen Abreu; who will schedule and facilitate regular Rtl meetings, ensure attendance of team members, ensure follow up of action steps, allocate resources. In addition to the school administrators the school's Leadership Team will include the following members with Principal: provides a common vision for the use of data-

based decision-making, ensures that the school based team is implementing MTSS, conducts assessments of MTSS skills of school staff, ensures implementation of intervention support and documentation, ensures adequate professional development to support MTSS implementation, and communicates with parents regarding school-based MTSS plans and activities.

Select General Education Teachers (Primary and Intermediate): Janine Fernandez, Math leader, Kara Zelenak, Science leader, and Maydelin Perez, Reading leader. These teachers provide information about core instruction, participate in student data collection, deliver Tier 1 instruction/intervention, collaborate with other staff to develop and implement Tier 2 interventions and strategies, and integrate Tier 1 materials/instruction with Tier 2 activities.

Exceptional Student Education (ESE) Teachers: Mario Fernandez, Maria Garza, Sana Bashir, Isel Acevedo, and Rosa Baquero; participate in student data collection, integrate core instructional activities/materials into Tier 2 and Tier 3 instruction, and collaborate with general education teachers through such activities as co-teaching and consultations.

School Psychologist: Kathy Suarez-Espinosa; participates in collection, interpretation, and analysis of data; facilitates development of intervention plans; provides support for intervention fidelity and documentation; provides professional development and technical assistance for problem-solving activities including data collection, data analysis, intervention planning, and program evaluation; facilitates data-based decision making activities. Assist parents with proactive interventions.

Technology Specialist: Heather Armstrong; develops or brokers technology necessary to manage and display data; provides professional development and technical support to teachers and staff regarding data management and display.

Speech Language Pathologist: Lissette Valenzuela; educates the team in the role language plays in curriculum, assessment, and instruction, as a basis for appropriate program design; assists in the selection of screening measures; and helps identify systemic patterns of student need with respect to language skills.

Student Services Personnel: Beatriz Blaya; provides quality services and expertise on issues ranging from program design to assessment and intervention with individual students. In addition to providing interventions, the school social worker continues to link child-serving and community agencies to the school and families to support the child's academic, emotional, behavioral, and social success. In addition to Tier 1 problem solving, the Leadership Team members will meet every 3rd Thursday of the month, to review consensus, infrastructure, and implementation of building level MTSS.

Tier 2

The Assistant Principal, Maricarmen Abreu, the school psychologist, Kathy Suarez-Espinosa, and the guidance counselor, Beatriz Blaya; members of the MTSS Leadership Team will conduct regular meetings to evaluate intervention efforts for students by subject, grade, intervention, or other logical organization.

In addition to those selected, other teachers will be involved when needed to provide information or revise efforts.

Tier 3 SST: The Assistant Principal, Maricarmen Abreu, the school psychologist, Kathy Suarez-Espinosa, and the guidance counselor, Beatriz Blaya, the Reading Leader, Maydelin Perez and the parent volunteer, Joanne Monzon; make up the Tier 3 SST Problem Solving Team.

2. Describe the process through which school leadership identifies and aligns all available resources (e.g., personnel, instructional, curricular) in order to meet the needs of all students and maximize desired student outcomes. Include the methodology for coordinating and supplementing federal, state and local funds, services and programs. Provide the person(s) responsible, frequency of meetings, how an inventory of resources is maintained and any problem-solving activities used to determine how to apply resources for the highest impact.

The MTSS Leadership Team use the Tier 1 Problem Solving process to set Tier 1 goals, and monitors academic and behavioral data to evaluate progress towards those goals at least three times per year by:

1. Holding regular team meetings where problem solving is the sole focus.
2. Using the four step problem solving process as the basis for goal setting, planning, and program evaluation during all team meetings that focus on increasing student achievement or behavioral success.
3. Determining how we will know if students have made expected levels of progress towards proficiency? (What progress will show a positive response?)
4. Respond when grades, subject areas, classes, or individual students have not shown a positive response? (MTSS problem solving process and monitoring progress of instruction)
5. Responding when students are demonstrating a positive response or have met proficiency by raising goals or providing enrichment respectively.
6. Gather and analyze data at all Tiers to determine professional development for faculty as indicated by group or individual student diagnostic and progress monitoring assessment.
7. Ensure that students in need of intervention are actually receiving appropriate supplemental Tier 2 intervention. Gather ongoing progress monitoring (OPM) for all interventions and analyze that data using the Tier 2 problem solving process after each OPM.

Tier 2

The second level of support consists of supplemental instruction and interventions provided in addition to and in alignment with effective core instruction and behavioral supports to groups of targeted students who need additional instructional and/or behavioral support. Tier 2 problem solving meetings occur regularly (monthly is suggested) to:

1. Review OPM data for intervention groups to evaluate group and individual student response.
2. Support interventions where there is not an overall positive group response
3. Select students (see SST guidelines) for SST Tier 3 intervention

The School Improvement Plan (SIP) summarizes the school's academic and behavioral goals for the year and describes the school's plan to meet those goals. The specific supports and actions needed implement the SIP strategies are closely examined, planned, and monitored on the MTSS Tier 1 worksheets completed three times per year. The MTSS Problem-Solving process is used to first carry out, monitor, and adjust if necessary the supports that are defined in the SIP. Annual goals are translated into progress monitoring (3 times per year) and ongoing progress monitoring measures (approximately once per month) that can reliably track progress on a schedule based on student need across Tiers.

Tier 2 supports are provided to students who have not met proficiency or who are at risk of not meeting proficiency.

Finally, MTSS End of Year Tier 1 problem solving evaluates the SIP efforts and dictates strategies for the next year's SIP. At this time, previous years trend data across grade levels is used to examine impact grades for support focus or prevention/early intervention efforts.

While the SIP plan does not focus on the primary (untested) grades, the MTSS leadership team extends the intent of the SIP to kindergarten, first, and second grades as they contribute extensively to later grades performance and student engagement.

Title I, Part A

Sunset Park Elementary provides services to ensure students requiring additional remediation are assisted through afterschool tutoring programs and in-school tutoring programs. Curriculum Team Leaders develop, lead, and evaluate school core content standards/programs, identify and analyze existing literature and scientifically based curriculum/ behavior assessment and intervention approaches. They identify systematic patterns of student need, while working with district personnel to identify appropriate, evidence-based intervention strategies, assist with whole school screening programs that provide early intervention services for children to be considered "at-risk", assist in the design and delivery of professional development, and provide support for assessment and implementation monitoring.

Title I, Part C- Migrant

N/A

Title I, Part D

District receives funds to support the Educational Alternative Outreach program. Services are coordinated with district Dropout Prevention Programs.

Title II

The District uses supplemental funds for improving basic education as follows:

- * training to certify qualified mentors for the New Teacher (MINT) Program
- * training for add-on endorsement programs, such as Reading, Gifted, ESOL
- * training and substitute release time for Professional Development Liaisons (PDL) at each school focusing on MTSS/ RtI implementation

Title III

Services are provided through the district for education materials and ELL district support services to improve the education of immigrant and English Language Learners.

Title VI, Part B – N/A

Title X- Homeless

- Miami-Dade County Public Schools' School Board approved the School Board Policy 5111.01 titled, Homeless Students. The board policy defines the McKinney-Vento Law and ensures homeless students receive all the services they are entitled to.
- The Homeless Education Program seeks to ensure a successful educational experience for homeless children by collaborating with parents, schools, and the community.
- The Homeless Education Program assists schools with the identification, enrollment, attendance, and transportation of homeless students. All schools are eligible to receive services and will do so upon identification and classification of a student as homeless.
- The Staff in the Homeless Education Program provides annual training to: 1) School Registrars on the procedures for enrolling homeless students, 2) School Counselors on the McKinney-Vento Homeless Assistance Act which ensures that homeless children and youth are not to be stigmatized, separated, segregated, or isolated on their status as homeless, and are provided all entitlements, and 3) all School Homeless Liaisons assigned by the school administrator to provide further details on the rights and services of students identified as homeless.
- Project Upstart and The Homeless Trust, a community organization, provides a homeless sensitivity, awareness campaign to all the schools - each school is provided a video and curriculum manual, and a contest is sponsored by The Homeless Trust-a community organization.
- Project Upstart provides tutoring and counseling to selected homeless shelters in the community.
- The District Homeless Liaison continues to participate in community organization meetings and task forces as it relates to homeless children and youth.

Other
Health Connect in Our Schools

- Health Connect in Our Schools (HCiOS) offers a coordinated level of school-based healthcare which integrates education, medical and/or social and human services on school grounds.
 - Teams at designated school sites are staffed by a School Social Worker (shared between schools), a Nurse (shared between schools) and a full-time Health Aide.
 - HCiOS services reduces or eliminates barriers to care, connects eligible students with health insurance and a medical home, and provides care for students who are not eligible for other services.
 - HCiOS delivers coordinated social work and mental/behavioral health interventions in a timely manner.
 - HCiOS enhances the health education activities provided by the schools and by the health department.
- HCiOS offers a trained health team that is qualified to perform the assigned duties related to a quality school health care program.

HIV/AIDS Curriculum: AIDS Get the Facts!

- AIDS: GET the Facts!, is an curriculum that provides a series of general objectives, lessons, activities and resources for providing HIV/AIDS instruction in grades K-12.
- HIV/AIDS curriculum is consistent with state legislation, as well as school policy and procedures including: Florida Statute 1003.46, Health education; instruction in acquired immune deficiency syndrome, School Board Policy: 6Gx13-5D-1.021 Welfare; School Health Services Program, the M-DCPS Worksite HIV/AIDS Hand Book, and Control of Communicable Disease in School Guidebook for School Personnel.
- HIV/AIDS curriculum content is also in alignment with Florida Sunshine State Standards.
- HIV/AIDS content teachers are trained on the curriculum and can participate in yearly professional development about health and wellness related topics.

Miami Lighthouse / Heiken Children's Vision Program

Heiken Children's Vision Program provides free complete optometric exams conducted at school sites via vision vans and corrective lenses to all failed vision screenings if the parent /guardian cannot afford the exams and or the lenses.

2. School Advisory Council (SAC)

a. Membership

Identify the name and stakeholder group for each member of the SAC.:

Name	Stakeholder Group
Wendy Hernandez	Principal
Sonja Glover	Teacher
Ryan Slater	Teacher
Lydis Berriz	Teacher
Dina Sowers	Teacher
Lisette Acuna	Teacher
Jessenia Christful	Education Support Employee
Gilliam Castaneda	Parent
Rebecca Cantor	Parent
Alex Tower	Parent
Kara Zelenak	Teacher
Altagracia Baquero	Education Support Employee
Michelle Fernandez	Teacher
Laura Hevia	Parent
Reign Vincent	Student
Britney Santodomingo	Student
Guiselle Hunter-Chin	Parent

b. Duties

1. Provide a description of the SAC's involvement with the following activities, as required by section 1001.452(2), Florida Statutes

The school's response to this question may address the requirements of ESSA, P.L. No. 114-95, Â§ 1114(b)(2).

a. Evaluation of last year's school improvement plan

The Sunset Park Elementary SAC formally evaluated the SIP twice last year. The first evaluation occurred as part of the SIP approval process. The second evaluation occurred as part of the Mid-Year Review. Additionally, informal evaluations of the SIP occurred at each SAC meeting as various sections were discussed and analyzed.

b. Development of this school improvement plan

The Sunset Park Elementary SAC discusses the strengths and opportunities for improvement of the school at each meeting. Part of these discussions involves recommending steps to be taken to address the school's opportunities for improvement. As such, the Sunset Park Elementary School SAC actively assisted with the development of the strategies that will be implemented in this School Improvement Plan. In order to facilitate the implementation of the strategies outlined in this year's SIP, the Sunset Park Elementary SAC will also be involved in the budgetary discussions aimed at improving the school's academic performance.

c. Preparation of the school's annual budget and plan

The Sunset Park Elementary SAC allocated its annual funds for instructional materials for the school.

2. Describe the use of school improvement funds allocated last year, including the amount budgeted for each project.

The Sunset Park SAC used one hundred percent of school improvement funds allocated for this school year to purchase a subscription of Time For Kids magazines, in the amount of 2,900.00.

3. Verify that the school is in compliance with section 1001.452, Florida Statutes, regarding the establishment requirements and duties of the SAC.

Yes

a. If the school is not in compliance, describe the measures being implemented to meet SAC requirements.

The Sunset Park Elementary SAC is currently in compliance with Florida Statute 1001.452.

3. Literacy Leadership Team (LLT)

a. Membership

Identify the name and position title for each member of the school-based LLT or similar group, if applicable.:

Name	Title
Fernandez, Janine	Teacher, K-12
Hernandez, Wendy	Principal
Zelenak, Kara	Teacher, K-12
Abreu, Maricarmen	Assistant Principal
Perez, Maydelin	Teacher, K-12

b. Duties

1. Describe how the LLT or similar group promotes literacy within the school, if applicable.

The major initiative of the LLT this school year is to facilitate the use of data to guide daily reading instruction. LLT team members will meet regularly with grade levels to discuss data and appropriately address students according to their individual needs. Teachers will utilize "Ready Florida" to target deficient skills of individual students. iReady will be utilized for Tier 2 students to provide remediation that will increase student achievement. The LLT will also support the implementation of the Florida Standards by discussing in-house baseline and interim assessment data, strengths and weakness of individual benchmarks, and strategies used to address these areas. Differentiated Instruction during the Language Arts/Reading and Math blocks will incorporate I Ready math/reading on a regular basis. Appropriate placement of students with differentiated Instructional groups and implementation of individualized strategies will be monitored by the LLT team.

D. Public and Collaborative Teaching

The school's responses to this section may address the requirements of ESSA, P.L. No. 114-95, Â§ 1114(b)(7)(A)(iii)(IV).

1. Describe the school's strategies to encourage positive working relationships between teachers, including collaborative planning and instruction.

An integral part of effective teaching is the collaboration among peers. Sunset Park Elementary encourages positive working relationships between teachers:

- * Collaborative planning within grade levels and content areas.
- * Sharing of best practices during faculty meetings and grade level meetings.
- * Team building during faculty meetings and teacher planning days.

2. Describe the school's strategies to recruit, develop and retain highly qualified, certified-in-field, effective teachers to the school.

One of the most important factors in student achievement is the effectiveness of the teachers who serve them. In order to recruit and retain highly qualified, certified, effective teachers, Sunset Park Elementary utilizes various strategies:

- Partnership with local universities/colleges to provide supervising teachers for Education Major students.
- Continuous professional development opportunities for teachers to remain up-to-date on current effective teaching practices.
- Provide new teachers with Mentor teachers, which will guide them and provide support, as they reflect on the practice of teaching.

3. Describe the school's teacher mentoring program, including the rationale for pairings and planned mentoring activities.

Teacher mentoring is an effective method of developing and retaining high quality classroom teachers. Sunset Park Elementary provides mentoring for beginning teachers, as well as teachers who are new to a given grade level or subject area. These activities include:

- Structured guidance, and regular class visitations by mentor teacher.
- Opportunity for beginning teacher to observe mentor teacher's techniques, and modeled best practices.
- Ongoing support and assistance in the improvement of teaching practices and instructional skills.
- Weekly meeting of partner teachers to discuss lessons, lesson plans, improvements to classroom and instructional practices.

Teacher pairings are as important as the mentoring activities. Beginning or new teachers are paired with a colleague that teaches the same grade level, or same subject in a grade level.

E. Ambitious Instruction and Learning

1. Instructional Programs and Strategies

a. Instructional Programs

1. Describe how the school ensures its core instructional programs and materials are aligned to Florida's standards.

Sunset Park Elementary encourages teachers to adhere to the District developed pacing guides for all core instructional programs. These pacing guides are aligned to the Florida Standards. Teachers' lesson plans reflect instructional practices that support the new standards and implementation of technology also aligned with the pacing guides.

b. Instructional Strategies

1. Describe how the school uses data to provide and differentiate instruction to meet the diverse needs of students. Provide examples of how instruction is modified or supplemented to assist students having difficulty attaining the proficient or advanced level on state assessments.

Data driven instruction is key to identifying students' strengths and weaknesses and developing strategies targeting individual student needs. Teachers target individual student needs through:

- * Differentiated Instruction
- * After school tutoring (Title III & Title I)
- * In-house interventions
- * Research based computer programs (iReady, Reflex Math, STEM Scopes, & Accelerated Reader)
- * District mandated RtI program (Wonder Works)

2. Provide the following information for each strategy the school uses to increase the amount and quality of learning time and help enrich and accelerate the curriculum:

Strategy: After School Program

Minutes added to school year: 2,280

An after school care program is implemented to provide additional assistance to ELL students struggling to meet standards in Reading and/or Math. These classes, which is provided with Title I funds, provides support to the core academic subjects. Certified teachers work with students based on their instructional levels and individual needs.

Strategy Rationale

Students lacking the basic Reading and/or Math skills struggle to meet the minimum required grade level standard. Providing intervention for ELL students assists them in closing the learning gaps between their performance level and grade level expectations.

Strategy Purpose(s)

- Core Academic Instruction
- Enrichment

Person(s) responsible for monitoring implementation of the strategy

Abreu, Maricarmen, mariabreu@dadeschools.net

Data that is or will be collected and how it is analyzed to determine effectiveness of the strategy

Teachers will use the iReady Diagnostic data to target student needs. These scores will be analyzed by administration and the teachers to determine academic growth and effectiveness of strategies.

2. Student Transition and Readiness

a. PreK-12 Transition

The school's response to this question may address the requirements of ESSA, P.L. No. 114-95, Â§ 1114(b)(7)(A)(iii)(V).

1. Describe the strategies the school employs to support incoming and outgoing cohorts of students in transition from one school level to another.

Title I Administration assists Sunset Park Elementary, by providing supplemental funds beyond the State of Florida. Funds are used to provide extended support through a full time highly qualified teacher and paraprofessional. This will assist with providing young children with a variety of meaningful learning experiences, in environments that give them opportunities to create knowledge through initiatives shared with supportive adults. In addition, the Community Involvement Specialist will provide informational meetings with future kindergarten families to explain the kindergarten curriculum, and better prepare students to meet the challenges of kindergarten. The kindergarten students are assessed with FLKRS. Based on the results, teachers are able to identify students' individual needs.

Sunset Park Elementary identifies the need for consistent communication among and across grade levels. Vertical team planning ensures a smooth transition from one grade level to the next. Teachers communicate on the students' strengths and weaknesses, and collaborate on enhancements needed for curriculum in order for students to achieve success on grade level standards.

In addition, as fifth grade students prepare for middle school, Sunset Park Elementary articulates with receiving middle schools to ensure a smooth transition for the students. Field trips to the middle school are prepared to provide students with an orientation and information about middle school programs offered.

b. College and Career Readiness

1. Describe the strategies the school uses to advance college and career awareness, which may include establishing partnerships with business, industry or community organizations.

N/A

2. Identify the career and technical education programs available to students and industry certifications that may be earned through those respective programs.

N/A

3. Describe efforts the school has taken to integrate career and technical education with academic courses (e.g., industrial biotechnology) to support student achievement.

N/A

4. Describe strategies for improving student readiness for the public postsecondary level based on annual analysis of the [High School Feedback Report](#), as required by section 1008.37(4), Florida Statutes.

II. Needs Assessment

The school's completion of this part may address the requirements of ESSA, P.L. No. 114-95, Â§ 1114(b)(6).

A. Problem Identification

1. Data to Support Problem Identification

b. Data Uploads

Data uploads are not required by the Florida Department of Education but are offered as a tool for the needs assessment. In this section, the school may upload files of locally available data charts and graphs being used as evidence of need.

The following documents were submitted as evidence for this section:

No files were uploaded

2. Problem Identification Summary

This section is not required by the Florida Department of Education but is provided as an opportunity for the school to summarize the points of strength and areas of need that have been identified in the data.

N/A

B. Problem Analysis Summary

This section is not required by the Florida Department of Education but is provided as an opportunity for the school to summarize the underlying "why" or root causes for the areas of need identified in the data, as determined by situational awareness of, and research conducted by, the stakeholders involved in the needs assessment.

C. Strategic Goals

School Improvement Goals

The following key is intended to help readers understand how the sections of this document correspond to the steps of the 8-step planning and problem-solving framework used in the School Improvement Plan. The Quick Key numbers can help registered users go directly to the point of entry for any given goal, barrier and strategy within the online survey.

Strategic Goals Summary

- G1.** If core instruction is increased in all content areas, then student achievement will improve.
- G2.** If the Early Warning System indicators are used to identify at-risk students in order to provide support and intervention, then there will be an increase in academic achievement.
- G3.** If there is participation in Project Based Learning in Science Technology Engineering and Math, student achievement will increase in the area of Science.
- G4.** See PFEP

Strategic Goals Detail

For each strategic goal, this section lists the associated targets (i.e., “SMART goals”), targeted barriers to achieving the goal, resources available to help reduce or eliminate the barriers, and the plan for monitoring progress toward the goal.
