School Demographics

School Type and Grades Served (per MSID File)	2016-17 Title I School	2016-17 Economically Disadvantaged (FRL) Rate (as reported on Survey 3)
Elementary School KG-5	Yes	93%
Primary Service Type (per MSID File)	Charter School	2018-19 Minority Rate (Reported as Non-white on Survey 2)
K-12 General Education	Yes	100%

School Grades History

Year	2016-17	2015-16	2014-15	2013-14
Grade	B	A	A*	A

**Informational Baseline School Grade*

Note: The school grades calculation was revised substantially for the 2014-15 school year to implement statutory changes made by the 2014 Legislature and incorporate the new Florida Standards Assessments. The 2014-15 school grades serve as informational baseline data that schools can use to improve in future years.

School Board Approval

N/A

SIP Authority and Template

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a school improvement plan (SIP) for each school in the district that has a school grade of D or F.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F (see page 4). For schools receiving a grade of A, B, or C, the district may opt to require a SIP using a template of its choosing.

This document was prepared by school and district leadership using the FDOE's school improvement planning web application located at <https://www.floridacims.org>.

Table of Contents

Purpose and Outline of the SIP	4
Differentiated Accountability	5
Current School Status	6
Supportive Environment	6
Family and Community Engagement	11
Effective Leadership	13
Public and Collaborative Teaching	17
Ambitious Instruction and Learning	18
8-Step Planning and Problem Solving Implementation	21
Goals Summary	21
Goals Detail	21
Action Plan for Improvement	23
Appendix 1: Implementation Timeline	25
Appendix 2: Professional Development and Technical Assistance Outlines	26
Professional Development Opportunities	26
Technical Assistance Items	27
Appendix 3: Budget to Support Goals	0

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. A corollary at the district level is the District Improvement and Assistance Plan (DIAP), designed to help district leadership make the necessary connections between school and district goals in order to align resources. The Florida Department of Education encourages schools to use the SIP as a “living document” by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the “Date Modified” listed in the footer.

Part I: Current School Status

Part I organizes the current status of the school around five domains inspired by the 5Essentials framework: Supportive Environment, Family and Community Involvement, Effective Leadership, Public and Collaborative Teaching, and Ambitious Instruction and Learning. Questions regarding the school’s Multi-Tiered System of Supports have been embedded throughout this part to demonstrate how data is used by stakeholders to understand the needs of all students and allocate appropriate resources in proportion to those needs.

Part II: Needs Assessment

Part II requires the school to review performance and early warning systems data in order to develop strategic goals and associated data targets (i.e., “SMART goals”) for the coming school year in context of the school’s greatest strengths and needs. An online tool was developed, which includes data visualizations and processing questions to support problem identification, problem analysis and strategic goal formulation.

Part III: 8-Step Planning and Problem Solving for Implementation

Part III enables the school to develop implementation plans for its highest-priority goals. With the overview of the current state of the school in mind and the strategic goals identified through the needs assessment, the planning team engages in a facilitated planning and problem-solving process, through which they

- Define strategic goals and establish targets to be reached by successfully achieving the goals (Step 1)
- Identify barriers that could hinder achieving those goals and resources that could be used to eliminate or reduce barriers (Step 2)
- Select high-priority barriers they want to address initially (Step 3)
- Design implementation and monitoring plans for strategies to resolve selected barriers (Steps 4-7)
- Determine how they will monitor progress toward each goal (Step 8)

Appendices

The following appendices, automatically-generated from content entered in Part III, are included in this document:

- Appendix 1 is a timeline of all action steps and monitoring activities
- Appendix 2 is an outline of all professional development opportunities and technical assistance items
- Appendix 3 is a report of the budget needed to implement the strategies

Differentiated Accountability

Florida's Differentiated Accountability (DA) system, established in [section 1008.33, Florida Statutes](#), is a statewide network of strategic support, differentiated by need according to performance data, provided to districts and schools in order to improve leadership capacity, teacher efficacy, and student outcomes. Through a data-driven planning and problem-solving process, DA field teams collaborate with district leadership to design, implement, and refine strategic goals and action plans that are documented in the SIP.

DA Regions

Florida's DA network is divided into four geographical regions, each served by a field team led by a regional executive director (RED).

DA Categories

At the start of each academic year, traditional schools are classified for DA support in two categories based on the most recent school grades data available. Descriptions of each DA category along with the state support and interventions provided are set forth by [Rule 6A-1.099811, Florida Administrative Code](#):

- **Not in DA** - A school with a current school grade of A, B, or C; charter schools; and ungraded schools.
- **Targeted Support and Improvement** - A school with a current school grade of an initial D.
- **Comprehensive Support and Improvement** - A school with a current school grade of F or two consecutive grades of D, or a high school with a graduation rate of 67 percent or less in the most recent data release.

DA Turnaround Status

Additionally, Comprehensive Support and Improvement schools have a turnaround status of "Implementing," based on a school's grades history, including the current school grade:

- Implementing - A school with a status of "Implementing" requires the district to submit a turnaround plan to the State Board of Education for approval and implementation. A school remains in "Implementing" status until its school grade improves to a C or higher.

2017-18 DA Category and Statuses for Mater Academy

DA Region and RED	DA Category and Turnaround Status
Southeast - LaShawn Russ-Porterfield	- N/A

I. Part I: Current School Status

A. Supportive Environment

1. School Mission and Vision

a. Provide the school's mission statement.

Our mission is to provide a loving, caring, and supportive educational environment that furthers a philosophy of respect and high expect for all students, parents, faculty, and staff.

b. Provide the school's vision statement.

The vision of Mater Academy is to create a safe, nurturing and stimulating environment.

2. School Environment

a. Describe the process by which the school learns about students' cultures and builds relationships between teachers and students.

Mater Academy believes in the importance of learning about students' cultures and building relationships between teachers and students. During our annual "Multicultural" Fair students and teachers are exposed to a variety of cultures other than their own. Meaningful learning occurs as students and teachers experience different, foods, music, custom and traditions. Relationships between teachers and students are cultivated due to the interaction of learning together. Teachers facilitate learning of common belief and traditions, while celebrating the differences. A sense of appreciation and acceptance for others is enforced through the integrated curriculum.

b. Describe how the school creates an environment where students feel safe and respected before, during and after school.

Mater Academy reinforces rules and regulations that can be found in the Parent and Student Handbook. The community members are informed of these rules and regulations in order to provide a safe, risk-taking learning environment. Our students are consistently under the supervision of staff members made up of school teachers, teacher assistants and school security. The school also have video surveillance which helps monitor the safety of all students and personnel. All school visitors are directed to the main office to be screened with the use of ConciergePad. The ConciergePad systems instantly screens out registered sex offenders from campuses with children while managing custody issues, visitors, students, faculty and volunteers.

All volunteers at the school must be cleared through Miami-Dade County Public School. Volunteers must be screened and cleared before granted permission to volunteer and/or participate in any school events.

Any individual interested in volunteering at Mater Academy Charter School must:

- Show a current valid government-issued identification with picture.
- Show a social security card (check name and number).
- Complete a background check.
- Upon clearance, attend school functions and field trips.

Our school also works closely with Centro Mater which is a before and after school program that is housed at our Primary Learning Center (PLC) building for Kindergarten-2nd grade students. In addition, Mater Academy provides a before/afterschool program for 3rd-5th grade students. All students are under the care of a teacher and supervised at all times.

c. Describe the schoolwide behavioral system in place that aids in minimizing distractions to keep students engaged during instructional time. This may include, but is not limited to, established protocols for disciplinary incidents, clear behavioral expectations, and training for school personnel to ensure the system is fairly and consistently enforced.

Mater Academy believes in maximizing student learning and impacting effective interventions by preventing the development and lessening the intensity of problem behaviors. Our school along with Miami-Dade County Schools are committed to providing a safe learning environment for students, staff, and members of the community through the Code of Student Conduct (COSC). The COSC advocates a holistic approach to promoting and maintaining a safe learning environment and requires active participation from students, parents/guardians, and school staff. Students and parents/guardians can access the English, Haitian/Creole and Spanish versions of the document on the M-DCPS Website located at: <http://ehandbooks.dadeschools.net/policies/90/index.htm> or a copy may be request at the school.

The rights and responsibilities presented in the Code of Student Conduct reflect the need for providing students with greater opportunities to serve themselves and society, and allow students maximum freedom under law. A notice of misconduct may be given to students who have violated the code of conduct and/or severe disruptive behavior. Under no circumstances is corporal punishment to be administered at Mater Academy Charter School. Teachers and students must foster a mutual respect for one another and never use physical punishment or harsh verbal language toward a student. We encourage methods of positive reinforcement/rewards and/or loss of privileges.

Classroom Management Procedures

At Mater Academy, teachers are provided are provided with a staff handbook which explains school wide classroom management procedures. Under no circumstances should the classroom teacher leave his/her class unattended. The teacher is responsible for those enrolled in his/her class. A hall pass must be used whenever a student leaves the classroom without a teacher. The teacher must escort his/her students to special area classes. Special area teachers must remain with the students until the classroom teacher returns. Teachers must walk the class to any special area class taking place outside the classroom. All information regarding teachers, teacher assistants, school administration, staff members, students and families must be kept confidential.

All teachers are required to arrive at their scheduled classes on time in order to promote effective classroom management. Additionally, teachers must pick up students on time from all special area classes and follow appropriate time schedules throughout the day. Each teacher should also submit a list of supplies for students to obtain within the first week of school. Lunch is thirty minutes. Students must be escorted directly to the cafeteria to pick up their lunch as well as escorted back to the cafeteria to throw away their lunch trays.

It is necessary that each teacher set up routines and procedures early on in the school year to establish an atmosphere that elicits expected behaviors. Good time management is required for effective teaching. Each teacher is expected to model, teach, and reinforce routines and procedure expected to occur within the classroom and school. Classroom rewards and consequences are an essential component of an effective classroom management plan.

In order to detain students after school as a consequence for inappropriate behavior, parents must be notified by telephone or in writing at least the day before the child is to be kept after school. Documentation of the notification should be kept in the teacher's parent contact log. Students are not permitted to stay without verbal or written confirmation by a parent.

To ensure the school wide behavioral management system is fairly and consistently enforced, professional development is provided for all staff members. In addition, teachers are encouraged to participate in trainings provided by the school sponsor. New teachers also participate in Mater Academy's mentoring program. The program provides support by pairing up new teachers with veteran teachers

Mater Academy has implemented a Core Essential Value Character Education program that focuses on academic growth and values. The core essential values include respect, friendship, creativity, gratitude, generosity, commitment, kindness, patience, peace, and honesty. The program creates a culture of kindness and a language to be used across the entire school. Teachers incorporate these Core Essential Values in their lessons in order to introduce and review the importance of each one. Every month a value is assigned to the school for topic of discussion. At the end of the month, each teacher will choose a student that represented respect, friendship, creativity, gratitude, generosity, commitment, kindness, patience, peace, or honesty and provide other students with a positive role model. The students also recite our "Character Pledge" every morning where they agree to always be honest, kind and fair individuals.

Staff members recognize students who demonstrate the core Essential Values through acts of kindness and are recognized with the "Student of the Month" award over the loudspeaker during the morning announcements, as well as, having their picture taken and displayed on our Student of the Month bulletin board. Through our Core Essential Values program, kindness, understanding, and acceptance of differences support students in becoming model citizens in society.

Along with the Core Essential Values Program and the "Student of the Month" initiative, our school counselor coordinates "The Bulldog Bucks" school management behavior plan. This behavior management plan reinforces positive behaviors as students earn "bulldog bucks" for displaying character education traits and demonstrating Core Essential Values. Students work towards earning individualized and group rewards on a monthly, quarterly, and semester basis.

In addition, Mater Academy teachers and students participate in making pledges of "Anti-Bullying" during the month of October. Teachers also host an Anti-Bully assembly where different scenarios of bullying are reenacted. The assembly is set up as a question and answer session. Students have the opportunity to voice their thoughts and identify the problem occurring in the bullying scenarios.

Mater Academy also participates in Do The Right Thing of Miami, Inc. (DTRT). DTRT Awards Program distinguishes exceptional school-age children who choose to be drug and crime free, exhibit non-violent behavior, do well in school, make a difference in their communities, and demonstrate turnaround behavior.

d. Describe how the school ensures the social-emotional needs of all students are being met, which may include providing counseling, mentoring and other pupil services.

A counselor is available on school-site for students. In order for a student to meet with the counselor the student's teacher must fill out a Counselor Request Form with student information and place in the counselor's mailbox. The counselor will schedule a time to pull out the student from class to meet with the student.

In certain occasions a student may request to meet with the counselor. In order for the student to meet with the counselor, the student must advise his/her teacher of this request. The teacher will then contact the counselor and the counselor will schedule a time to pull out the student from class to meet with him/her.

If a parent wishes to speak/meet with the counselor, they may call the office and request to schedule a meeting.

At Mater Academy our school counselor is responsible for:

- Providing activities that support a comprehensive program based on standards and benchmarks for student skill development in the areas of academic achievement, personal/social growth, career/community awareness, and health and wellness.
- Providing individual and small group counseling for students with special needs. Special needs include, but are not limited to: students with counseling on their Individual Educational Plans (IEP), students who have been retained, students with poor attendance, students dealing with a crisis, students with discipline referrals or difficulty with peer relationships.
- Conducting guidance sessions in the classroom to assist students at various developmental stages in developing life long skills, e.g., problem solving, decision making, goal setting, etc.
- Providing individual counseling sessions to help students deal with crisis intervention, transitional issues, and personal and/or family concerns.
- Supporting and implementing required retention procedures stipulated in the Student Progression Plan.
The counselor provides individual and small group counseling activities designed to address the needs of students who have been retained or are in danger of being retained (e.g. study skills, decision-making skills, and/or self-concept).
- Consulting with parents/guardians and teachers, to assist in developing appropriate strategies for improved student behavior and to promote academic achievement.
- Consulting with students and parents/guardians to help them understand test information and options.
Parent conferences are held to provide test interpretation.
- Providing students with career awareness information as it relates to decisions in preparing for middle school.
- Planning, coordinating and/or conducting school-wide student services activities, e.g. parent education groups, career awareness, and orientation and articulation activities.
- Providing academic support to classroom teachers by being available to address student's skills at various developmental stage

3. Early Warning Systems

The school's response to this section may address the requirements of ESSA, P.L. No. 114-95, Â§ 1114(b)(7)(A)(i) and (b)(7)(A)(iii)(III).

a. Describe the school's early warning system and provide a list of the early warning indicators used in the system.

The school's early warning system is monitored by a designated school personnel to target any specific area of need. The school's attendance clerk monitors student attendance on a quarterly basis. Any student who exhibits repetitive problems with attendance is brought to the attention of the leadership team. The leadership team then makes a decision based on the individual child. The Community Involvement Specialist also provides assistance to the child and/or parents by visiting the home and providing additional assistance.

The school counselor along with the Special Education Specialist (SPED) focus on students who are experiencing extreme behavior problems at school. The student is closely monitored and counseled by the school counselor in order to determine specific need. Counseling sessions provide an opportunity for students to reflect on a targeted behavior. Parents/guardians, classroom teacher(s), and the SPED Specialist collaborate on an individualized behavior plan to improve student behavior and academic progress.

All classroom teachers closely monitor student academic progress. Academic interventions and remediation are provided through differentiated instruction. In addition, struggling students are required to attend remediation tutoring sessions before and/or afterschool. The Reading Coach provides support to teachers and interventionists periodically throughout academic interventions implementation.

b. Provide the following data related to the school's early warning system

1. The number of students by grade level that exhibit each early warning indicator:

Indicator	Grade Level												Total	
	K	1	2	3	4	5	6	7	8	9	10	11		12
Attendance below 90 percent	0	0	0	0	0	0	0	0	0	0	0	0	0	0
One or more suspensions	0	0	0	0	0	0	0	0	0	0	0	0	0	0
Course failure in ELA or Math	4	6	8	7	10	11	0	0	0	0	0	0	0	46
Level 1 on statewide assessment	3	5	5	5	32	34	0	0	0	0	0	0	0	84

The number of students identified by the system as exhibiting two or more early warning indicators:

Indicator	Grade Level												Total	
	K	1	2	3	4	5	6	7	8	9	10	11		12
Students exhibiting two or more indicators	3	5	5	5	32	34	0	0	0	0	0	0	0	84

c. Describe all intervention strategies employed by the school to improve the academic performance of students identified by the early warning system.

Mater Academy Elementary utilizes Blackboard Connect Ed messages to parents/guardians when students are absent or tardy. Thus, allowing the school to communicate to parents the importance of school attendance and how it is related to academics. Parents and guardians meet with administration in order to develop a plan of action towards improving student attendance. In addition, students who have perfect attendance are recognized quarterly and at the end of the school year.

In order to prevent behavior problems that effect academic progress, Mater Academy Elementary puts into place a cohesive behavior management plan. Classroom teachers are encouraged to implement an effective classroom management plan that focuses on positive reinforcement. In addition, individual students who repeatedly demonstrate inappropriate behavior are referred to a school counselor. The school counselor along with the SPED Specialist develop an individualized plan to meet the needs of the student. Students who experience extreme behaviors are referred to the RTI Behavior process.

Students who scored within the lowest 25th percentile on state assessments and who have an average of D (69%) or below on core subject areas are identified as struggling students. Teachers along with the grade book manager closely monitor student grades in order to determine academic interventions. Once struggling students are identified the Reading Coach and interventionists implement and provide RTI academic interventions.

B. Family and Community Engagement

The school's response to this section may address the requirements of ESSA, P.L. No. 114-95, Â§ 1114(b)(2) and (b)(7)(A)(iii)(I).

1. Describe how the school works at building positive relationships with families to increase involvement, including efforts to communicate the school's mission and vision, and keep parents informed of their child's progress.

a. Will the school use its Title I Parent and Family Engagement Policy (PFEP) to satisfy this question?

Yes

1. PFEP Link

The school completes a Parental Involvement Plan (PFEP), which is accessible through the Continuous Improvement Management System (CIMS) at <https://www.floridacims.org/documents/536570>.

2. Description

A PIP has been uploaded for this school or district - see the link above.

2. Describe the process by which the school builds and sustains partnerships with the local community for the purpose of securing and utilizing resources to support the school and student achievement.

The school utilizes a variety of partnerships with local and community programs, such as MDCPS Parent Academy to support the school and student achievement. The Parent Academy provides many professional developments for parents to support student achievement. Professional developments such as "Less Stress About the Test" and "Family Building Better Readers" are provided in order for parents to become aware of the resources that are available. In addition, parents are welcome to participate in the Mater Academy Parent Association (MAPA). MAPA allows parents and community to volunteer in school events and encourage parental support and involvement.

Title I, Part C- Migrant

The school provides services and support to migrant students and parents. The District Migrant liaison coordinates with Title I, and other programs to conduct a comprehensive needs assessment of migrant students to ensure that the unique needs of migrant students are met. Students are also provided extended learning opportunities (before-school and/or after-school, and summer school) by the Title I, Part C, Migrant Education Program

Title I, Part D

District receives funds to support the Educational Alternative Outreach program. Services are coordinated with district Drop-out Prevention programs

Title II

The District uses supplemental funds for improving basic education as follows:

- training to certify qualified mentors for the New Teacher (MINT) Program
- training for add-on endorsement programs, such as Reading, Gifted, ESOL training and substitute release time for Professional Development Liaisons (PDL) at each school focusing on Professional Learning Community (PLC) development and facilitation, as well as Lesson Study Group implementation and protocols

Title III

Title III funds are used to supplement and enhance the programs for English Language Learner (ELL) and Recently Arrived Immigrant Children and Youth by providing funds to implement and/or provide:

- tutorial programs (K-12)
- professional development on best practices for ESOL and content area teachers
- coaching and mentoring for ESOL and content area teachers(K-12)
- reading and supplementary instructional materials(K-12)
- cultural supplementary instructional materials (K-12)
- purchase of supplemental hardware and software for the development of language and literacy skills in reading, mathematics and science, as well as, thematic cultural lessons is purchased for selected schools to be used by ELL students and recently arrived immigrant students (K-12, RFP Process)

The above services will be provided should funds become available for the current school year and should the FLDOE approve the application(s).

Title VI, Part B

Title X- Homeless

- Miami-Dade County Public Schools' School Board approved the School Board Policy 5111.01 titled, Homeless Students. The board policy defines the McKinney-Vento Law and ensures homeless students receive all the services they are entitled to.
- The Homeless Assistance Program seeks to ensure a successful educational experience for homeless children by collaborating with parents, schools, and the community.
- Project Upstart, Homeless Children & Youth Program assists schools with the identification, enrollment, attendance, and transportation of homeless students. All schools are eligible to receive services and will do so upon identification and classification of a student as homeless.
- The Homeless Liaison provides training for school registrars on the procedures for enrolling homeless students and for school counselors on the McKinney Vento Homeless Assistance Act-ensuring homeless children and youth are not to be stigmatized or separated, segregated, or isolated on their status as homeless-and are provided with all entitlements.
- Project Upstart provides a homeless sensitivity, awareness campaign to all the schools - each school is provided a video and curriculum manual, and a contest is sponsored by the homeless trust-a community organization.
- Project Upstart provides tutoring and counseling to twelve homeless shelters in the community.
- The District Homeless Student Liaison continues to participate in community organization meetings and task forces as it relates to homeless children and youth.

Each school will identify a school based homeless coordinator to be trained on the McKinney-Vento Law ensuring appropriate services are provided to the homeless students.

Supplemental Academic Instruction (SAI)

This school will receive funding from Supplemental Academic Instruction (SAI) as part of its Florida

Education Finance Program (FEFP) allocation.

Violence Prevention Programs

- The Safe and Drug-Free Schools Program addresses violence and drug prevention and intervention services for students through curriculum implemented by classroom teachers, elementary counselors, and/or TRUST Specialists.
- Training and technical assistance for elementary, middle, and senior high school teachers, administrators, counselors, and/or TRUST Specialists is also a component of this program. TRUST Specialists focus on counseling students to solve problems related to drugs and alcohol, stress, suicide, isolation, family violence, and other crises.

Head Start

Head Start programs are co-located in several Title I schools and/or communities. Joint activities, including professional development and transition processes are shared. Through affiliating agreements, the Summer VPK program is provided at Head Start sites.

Other

HIV/AIDS Curriculum: AIDS Get the Facts!

- AIDS: GET the Facts!, is an curriculum that provides a series of general objectives, lessons, activities and resources for providing HIV/AIDS instruction in grades K-12.
- HIV/AIDS curriculum is consistent with state legislation, as well as school policy and procedures including: Florida Statute 1003.46, Health education; instruction in acquired immune deficiency syndrome, School Board Policy: 6Gx13-5D-1.021 Welfare; School Health Services Program, the M-DCPS Worksite HIV/AIDS Hand Book, and Control of Communicable Disease in School Guidebook for School Personnel.
- HIV/AIDS curriculum content is also in alignment with Florida Sunshine State Standards.
- HIV/AIDS content teachers are trained on the curriculum and can participate in yearly professional development about health and wellness related topics.

Miami Lighthouse / Heiken Children's Vision Program

Heiken Children's Vision Program provides free complete optometric exams conducted at school sites via vision vans and corrective lenses to all failed vision screenings if the parent /guardian cannot afford

C. Effective Leadership

1. School Leadership Team

a. Membership

Identify the name, email address and position title for each member of the school leadership team.:

Name	Title
Guilarte, Cecilia	Principal
Miranda , Maite	Instructional Coach
Morales, Chantel	Instructional Coach
Chalas, Helga	Assistant Principal
Martinez, Janette	Other
Ramos, Milagos	Assistant Principal
Rafael, Christina	Other
Vega, Christina	School Counselor

b. Duties

1. Describe the roles and responsibilities of the members, including how they serve as instructional leaders and practice shared decision making.

The following indicates the members of the RtI/MTSS team, their positions and rationale for membership on team:

Cecilia Guilarte, Principal: Provides a common vision for the use of data-based decision-making, ensures that the school-based team is implementing RtI, conducts assessment of RtI skills of schools staff, ensures implementation of intervention support and documentation, ensures adequate professional development to support RtI implementation, and communicates with parents regarding school-based RtI plans and activities.

Helga Chalas, Assistant Principal: Provides guidance on 3rd - 5th grade reading plan; facilitates and supports data collection activities; assists in data analysis; provides professional development and technical assistance to teachers regarding data-based instructional planning; supports the implementation of Tier 1, Tier 2 and Tier 3 intervention plans.

Milagros Ramos, Assistant Principal: Provides guidance on K - 2nd grade reading plan; facilitates and supports data collection activities; assists in data analysis; provides professional development and technical assistance to teachers regarding data-based instructional planning; supports the implementation of Tier 1, Tier 2 and Tier 3 intervention plans.

Adriana Diaz and Chantel Morales, Reading Coaches: Develop, lead, and evaluate school core content standards/programs; identify and analyze existing literature on scientifically based curriculum/behavior assessment and intervention approaches. Identify systematic patterns of student need while working with district personnel to identify appropriate, evidenced-based intervention strategies; assist with whole school screening programs that provide early intervening services for children to be considered "at risk," assist in the design and delivery of professional development; and provides support for assessment and implementation monitoring.

Christina Vega, School Guidance Counselor: Provides quality services and expertise on issues ranging from program design to assessment and intervention with individual students. In addition to providing interventions, the school guidance counselor continues to link child-serving and community agencies to the schools and families to support the child's academic, emotional, behavioral and social success.

Janette Martinez, ESL Program Coordinator: Coordinates the school's program for ESL students; Collaborates with district staff and outside personnel to provide educational opportunities for ESL and Migrant student; Implements procedures and coordinates the process to identify ELL students at all grade levels school-wide, including review of student data and testing of students. Consults with parents, administrators, counselors, teachers, and other relevant individuals regarding ESL students; In addition, the ESL Program Coordinator plans and conducts parent meetings, including parent advisory committee meetings.

Ana Alonzo, SPED Program Coordinator: Provides on-site procedural and curricular assistance to all school-based personnel with regard to the education of students with disabilities. Ensures that school staffings, re-evaluations and parent conferences for students with disabilities are scheduled and completed. Supervises and follows up intervention programs, achievement evaluations and observations of students with disabilities. Ensures that appropriate Individual Education Plans (IEP), Educational Plans (EP) and 504 Accommodation Plans are developed and implemented.

2. Describe the process through which school leadership identifies and aligns all available resources (e.g., personnel, instructional, curricular) in order to meet the needs of all students and maximize desired student outcomes. Include the methodology for coordinating and supplementing federal, state and local funds, services and programs. Provide the person(s) responsible, frequency of meetings, how an inventory of resources is maintained and any problem-solving activities used to determine how to apply resources for the highest impact.

Leadership Team disseminates state and district assessment data in order to make decisions on curriculum resources based on student needs in order to maximize student achievement. The school's areas of needs are identified and targeted by subject area and grade level. District provided resources and programs are researched and reviewed. Program and product representatives are contacted to present and provide information on how the selected resource(s) will make an impact for our targeted population. Once a resource has been selected, a budget is determined based on federal, state, and local funds available. Resources are purchased and inventoried by the assistant principal, who is responsible for ensuring resources are delivered to the correct personnel and maintained in good condition throughout the school year. The effectiveness of resources purchased is evaluated mid-year and at the end of the year to ensure student academic performance is satisfactory.

2. School Advisory Council (SAC)

a. Membership

Identify the name and stakeholder group for each member of the SAC.:

Name	Stakeholder Group
Cecilia Guilarte	Principal
Cristina Moreno	Teacher
Chantel Morales	Education Support Employee
Ricardo Martinez Hernandez	Business/Community
Cesar Christian Crousillat	Education Support Employee
Janette Martinez	Teacher
Christina Vega	Education Support Employee
Ledys Betancourt	Education Support Employee
Noris Muniz-Perera	Parent
Adriana Diaz-Garcia	Education Support Employee
Amalia Jimenez	Parent
Kaitlyn Zeifman	Student
Joseph Martinez	Student
Desiree Pineiro	Parent
Yeny Morejon	Parent
Jurisleibys Rodriguez	Parent
Yusleidys Tellez	Parent

b. Duties

1. Provide a description of the SAC's involvement with the following activities, as required by section 1001.452(2), Florida Statutes

The school's response to this question may address the requirements of ESSA, P.L. No. 114-95, Â§ 1114(b)(2).

a. Evaluation of last year's school improvement plan

The EESAC committee will convene on October 18, 2017 to discuss previous year's state assessment data trends. Action plan for the implementation of our school goal will be put into place throughout the school year. New strategies, educational resources, and supplemental instructional materials will be monitored and reviewed in order to decide future instructional goals.

b. Development of this school improvement plan

The EESAC will communicate the final approval of the School Improvement Plan, the Mid-Year Review and the End-of-the-Year Review. In addition, the EESAC will receive regular reports on the implementation of the School Improvement Plan, including the progress related to implementation of the strategies and the results of benchmark and district/state assessments. The EESAC will form a subcommittee to monitor each of the objectives in the School Improvement Plan. The subcommittee will include members of the EESAC as well as other non-members who are familiar with the various aspects of the school's programs.

c. Preparation of the school's annual budget and plan

The projected use of school improvement funds will be disbursed toward the implementation of FSA Tutoring Program and the Enrichment Instruction Program in which \$5.00 will be allocated for each student.

2. Describe the use of school improvement funds allocated last year, including the amount budgeted for each project.

The EESAC committee decided to used school improvement funds for FSA Tutoring programs.

3. Verify that the school is in compliance with section 1001.452, Florida Statutes, regarding the establishment requirements and duties of the SAC.

Yes

a. If the school is not in compliance, describe the measures being implemented to meet SAC requirements.

3. Literacy Leadership Team (LLT)

a. Membership

Identify the name and position title for each member of the school-based LLT or similar group, if applicable.:

Name	Title
Guilarte, Cecilia	Principal
Ramos, Milagros	Assistant Principal
Chalas, Helga	Assistant Principal
Miranda , Maite	Administrative Support
Morales, Chantel	Administrative Support
Martinez, Janette	Administrative Support

b. Duties

1. Describe how the LLT or similar group promotes literacy within the school, if applicable.

The purpose of the Reading Leadership Team is to create capacity of reading knowledge within the school building and focus on areas of literacy concern across the school. The LLT responsibilities at the school level are to research, study, demonstrate, and implement effective instructional practices that support students' literacy development. The following actions will be applied by the LLT to

address the implementation of the literacy action plan as it correlates with the CRRP.

Mater Academy's Literacy Leadership Team will strive to:

- Demonstrate a superior ability to foster excellence in education and contribute to the continuous improvement of student learning and the school environment by providing knowledge of evidence-based literacy strategies and resources to all stakeholders
- Disseminate, analyze, and utilize data to effectively monitor, maintain, and enrich school literacy performance
- Actively coordinate and participate in continued professional development by facilitating training, supporting peer coaching, and partaking in lesson demonstrations throughout the year
- Demonstrate leadership in building a school literacy culture through collegiality and collaboration
- Create a learning environment that promotes literacy across curriculum and throughout all subject areas
- Empower families and provide resources necessary to become active participants in the literacy development of our students
- Utilize community stakeholders to provide literacy opportunities and resources that enhance learning

D. Public and Collaborative Teaching

The school's responses to this section may address the requirements of ESSA, P.L. No. 114-95, Â§ 1114(b)(7)(A)(iii)(IV).

1. Describe the school's strategies to encourage positive working relationships between teachers, including collaborative planning and instruction.

Mater Academy encourages positive working relationships between teachers by selecting veteran teachers as grade-level chairs. The grade-level chairs conduct grade-level meetings on a monthly and facilitate Professional Learning Communities in order to share best practices, analyze data and research-based strategies. The grade-level chairs also serve as liaisons between administration and faculty. They oversee the mentor-mentee program for their grade level and provide modeling, conduct observations, and give feedback to new teachers as necessary. Through these teacher leaders, decision-making becomes decentralized and collaboration among the faculty is enhanced. In addition to the grade-level chairs, Mater Academy employs reading coaches to facilitate grade-level planning and professional learning communities. The reading coaches lead professional development and training meetings centered around curriculum planning and instructional delivery methods. The reading coaches also maintain positive relationships with the teachers in order to help them improve their classroom practices.

2. Describe the school's strategies to recruit, develop and retain highly qualified, certified-in-field, effective teachers to the school.

Mater Academy's strategies to recruit and retain highly qualified, certified-in-field, effective teachers to the school include:

1. Regular meetings of new teachers with leadership team
2. Partnering new teachers with veteran staff
3. College campus Job Fairs and recruiting at Universities
4. Soliciting referrals from current employees

Ms. Diaz and Ms. Morales, the reading coaches, are responsible for providing instructional support, mentoring and guidance. They ensure strategies mentioned above are followed.

3. Describe the school's teacher mentoring program, including the rationale for pairings and planned mentoring activities.

Mater Academy Elementary mentoring program consists of a:

- site-based mentor assigned by principal to teachers new to the profession and teachers in their second year of teaching
- a buddy veteran teacher is assigned to a novice teacher with fewer than three years of teaching experience to provide guidance and support
- lead teachers and academic coaches provide additional support to novice teachers as often as needed

E. Ambitious Instruction and Learning

1. Instructional Programs and Strategies

a. Instructional Programs

1. Describe how the school ensures its core instructional programs and materials are aligned to Florida's standards.

Mater Academy ensures that the core instructional programs and materials are aligned to Florida State Standards by employing instructional coaches that attend district-level meetings to remain up-to-date with the Florida State Standards. The reading coaches provide ongoing professional development on the Language Arts Florida Standards and the Mathematics Florida Standards to the faculty. The school implements the ELA core curriculum through the McGraw-Hill Reading Wonders and follows the Miami-Dade County Public Schools pacing guide to ensure that the instruction is aligned to the English Language Arts Florida Standards. The school also implements the Mathematics core curriculum through the Go Math! series and its supplemental resources found on Think Central. The Miami-Dade County Public School's pacing guide is also followed to ensure that instruction is aligned to the Mathematics Florida Standards, ELA Florida State Standards and all other subject areas. The objectives on teachers' lesson plans must reflect the Florida State Standards and the standard codes must also be stated on their lesson plans. Evidence of the Florida State Standards in the lesson plans and instructional delivery is monitored through administrative walk-throughs.

b. Instructional Strategies

1. Describe how the school uses data to provide and differentiate instruction to meet the diverse needs of students. Provide examples of how instruction is modified or supplemented to assist students having difficulty attaining the proficient or advanced level on state assessments.

The school conducts professional learning communities with all teachers to disseminate data collected from baseline exams, interim assessments, formative evaluations and intervention programs. The leadership team and teachers work collaboratively to devise an action plan that is data driven and tailored to each student's needs. The data is used to create individualized instructional plans that identify students' strengths and weaknesses and provides opportunities for remediation or enrichment as needed with a focus on learning gains. Additionally, students who earn within the lowest 25th percentile based on the previous year's standardized test scores and students who are working below grade level based on I-Ready data reports are identified for tutoring participation and/or intervention services. Identified students are placed in after school tutoring program to provide remediation in reading and mathematics as needed.

2. Provide the following information for each strategy the school uses to increase the amount and quality of learning time and help enrich and accelerate the curriculum:

Strategy: After School Program

Minutes added to school year: 3,600

Mater Academy After School Tutoring Program will meet two times per week for one hour per session. The program will begin January 2018 and end in mid April 2018. Students' results on the state assessments and instructional technology programs will determine enrollment eligibility for the first wave of students. Teacher recommendations will be considered following the results of individualized student data. Teacher to student ratio will be approximately 1:12. Thus, facilitating small group differentiated instruction. The focus of curriculum utilized will be determined by current district assessment data and SIP goals.

Strategy Rationale

The use of after school tutoring will allow for instructional remediation in the areas of reading and mathematics. Students who are performing below grade level will be allowed opportunities for small group instruction in order to guide them towards working at grade level or beyond.

Strategy Purpose(s)

- Core Academic Instruction
- Enrichment

Person(s) responsible for monitoring implementation of the strategy

Morales, Chantel, cmorales@mater elementary.com

Data that is or will be collected and how it is analyzed to determine effectiveness of the strategy

School, district and state assessment reports are disseminated and analyzed after each administration period (fall and winter). Student performance is closely monitored to determine areas of growth and effectiveness of extended learning strategy through the monitoring of iReady reports.

2. Student Transition and Readiness

a. PreK-12 Transition

The school's response to this question may address the requirements of ESSA, P.L. No. 114-95, Â§ 1114(b)(7)(A)(iii)(V).

1. Describe the strategies the school employs to support incoming and outgoing cohorts of students in transition from one school level to another.

Mater Academy maintains a close relationship with Centro Mater West, a neighboring pre-school program, for over a decade. A large majority of Mater Academy's in-coming kindergartners come from this center. In addition, two pre-k 3 and pre-k 4 classes from the center are housed at Mater Academy. This facilitates the transition process of students entering Kindergarten. Centro Mater West provides a literacy infused curriculum which also prepares incoming Kindergartners for the Mater curriculum.

In addition, incoming kindergarten students are tested using the Mater Inc. Kindergarten Screening Test in order to see their strengths and areas of growth, including kindergarten readiness. As a result, this data is released to their kindergarten teacher who will use this information to plan his/her instruction. Furthermore, depending on the information completed by parents on the student's Home Language Survey, incoming kindergarten student's English language proficiency is tested using the

Oral Language Proficiency Scale- Revised (OLPS-R). As a result, this data is utilized to place the student in the English Speaker of Other Languages (ESOL) program.

Moreover, once the child enters kindergarten, his/her print and letter knowledge and level of phonological awareness/processing is determined using the STAR Early Literacy Assessment. The STAR assessments is used to screen students for their reading levels. STAR reading assessments help determine reading achievement levels in order to place students. STAR Early Literacy assessments help educators monitor students' growing literacy skills and students' progress toward becoming independent readers. This data is used to plan instruction for primary students and for students who may need intervention beyond the core instruction.

Core kindergarten academic and behavioral instruction will include daily explicit instruction, modeling, guided and independent practice of all academic and/or social and emotional skills identified by screening data. Screening tools will be re-administered mid-year and at the end of the year to determine student learning gains.

Parents of all in-coming kindergartners are invited to attend an orientation prior to the first day of school in which school and classroom procedures are addressed. Furthermore, this orientation helps ease the transition into school and calm first day anxieties as any questions and concerns are addressed.

Mater Academy Elementary holds a partnership with Mater Middle High in order to provide a smooth transition for the fifth graders moving on to Middle School. Articulation meetings are held with the fifth grade teachers and middle school teachers to discuss the transition. The sixth grade school counselors visit our 5th grade classrooms to further explain and introduce the sixth grade curriculum and courses. Mater Middle High is our school feeder therefore instructional staff from both sites work collaboratively in providing our students with a cohesive learning environment.

b. College and Career Readiness

1. Describe the strategies the school uses to advance college and career awareness, which may include establishing partnerships with business, industry or community organizations.

N/A

2. Identify the career and technical education programs available to students and industry certifications that may be earned through those respective programs.

N/A

3. Describe efforts the school has taken to integrate career and technical education with academic courses (e.g., industrial biotechnology) to support student achievement.

N/A

4. Describe strategies for improving student readiness for the public postsecondary level based on annual analysis of the [High School Feedback Report](#), as required by section 1008.37(4), Florida Statutes.

N/A

School Improvement Goals

The following key is intended to help readers understand how the sections of this document correspond to the steps of the 8-step planning and problem-solving framework used in the School Improvement Plan. The Quick Key numbers can help registered users go directly to the point of entry for any given goal, barrier and strategy within the online survey.

Problem Solving Key

G = Goal

B =
Barrier

S = Strategy

1 = Problem Solving Step  S123456 = Quick Key

Strategic Goals Summary

G1. If core instruction is increased in all content areas, then achievement gaps will decrease.

Strategic Goals Detail

For each strategic goal, this section lists the associated targets (i.e., “SMART goals”), targeted barriers to achieving the goal, resources available to help reduce or eliminate the barriers, and the plan for monitoring progress toward the goal.

G1. If core instruction is increased in all content areas, then achievement gaps will decrease. 1a

G097027

Targets Supported 1b

Indicator	Annual Target
AMO Reading - All Students	85.0
AMO Math - All Students	87.0
FCAT 2.0 Science Proficiency	59.0

Targeted Barriers to Achieving the Goal 3

- Limited evidence of focus on student's learning gains.

Resources Available to Help Reduce or Eliminate the Barriers 2

- Reading/Writing Response Journals throughout all subject areas; Professional Development on how to implement critical thinking strategies within all subject areas; Supplemental resources such as Project Lead the Way STEM modules; Instructional technology programs such as Reading Plus and Reflex Math

Plan to Monitor Progress Toward G1. 8

Quarterly Interims Assessments

FSA Assessment Reports

Action Plan for Improvement

For each strategy selected in the plan to reduce a targeted barrier to a strategic goal, this section lists the rationale for that strategy (i.e., why the school believes it will reduce the barrier) and the action steps that have been identified as necessary to implementing the strategy, including details such as the point person, timing and duration, and evidence of completion. At the end of each set of action steps is the plan for monitoring the implementation and effectiveness of the respective strategy.

Problem Solving Key

G = Goal **B** =
Barrier **S** = Strategy

1 = Problem Solving Step  S123456 = Quick Key

G1. If core instruction is increased in all content areas, then achievement gaps will decrease. **1**

 G097027

G1.B1 Limited evidence of focus on student's learning gains. **2**

 B261038

G1.B1.S1 Implement critical thinking strategies across all subject areas as a method to support students' explicit understanding and monitoring of their own assessment data. **4**

 S276400

Strategy Rationale

Critical thinking strategies will support student achievement in developing an elevated understanding of content throughout all subject areas.

Action Step 1 **5**

Provide professional learning communities (PLC) accross all content areas with an emphasis on increasing students' learning gains.
