School Board Approval

This plan is pending approval by the Lake County School Board.

SIP Authority and Template

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a school improvement plan (SIP) for each school in the district that has a school grade of D or F.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F (see page 4). For schools receiving a grade of A, B, or C, the district may opt to require a SIP using a template of its choosing.

This document was prepared by school and district leadership using the FDOE's school improvement planning web application located at <https://www.floridacims.org>.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. A corollary at the district level is the District Improvement and Assistance Plan (DIAP), designed to help district leadership make the necessary connections between school and district goals in order to align resources. The Florida Department of Education encourages schools to use the SIP as a “living document” by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the “Date Modified” listed in the footer.

Part I: Current School Status

Part I organizes the current status of the school around five domains inspired by the 5Essentials framework: Supportive Environment, Family and Community Involvement, Effective Leadership, Public and Collaborative Teaching, and Ambitious Instruction and Learning. Questions regarding the school’s Multi-Tiered System of Supports have been embedded throughout this part to demonstrate how data is used by stakeholders to understand the needs of all students and allocate appropriate resources in proportion to those needs.

Part II: Needs Assessment

Part II requires the school to review performance and early warning systems data in order to develop strategic goals and associated data targets (i.e., “SMART goals”) for the coming school year in context of the school’s greatest strengths and needs. An online tool was developed, which includes data visualizations and processing questions to support problem identification, problem analysis and strategic goal formulation.

Part III: 8-Step Planning and Problem Solving for Implementation

Part III enables the school to develop implementation plans for its highest-priority goals. With the overview of the current state of the school in mind and the strategic goals identified through the needs assessment, the planning team engages in a facilitated planning and problem-solving process, through which they

- Define strategic goals and establish targets to be reached by successfully achieving the goals (Step 1)
- Identify barriers that could hinder achieving those goals and resources that could be used to eliminate or reduce barriers (Step 2)
- Select high-priority barriers they want to address initially (Step 3)
- Design implementation and monitoring plans for strategies to resolve selected barriers (Steps 4-7)
- Determine how they will monitor progress toward each goal (Step 8)

Appendices

The following appendices, automatically-generated from content entered in Part III, are included in this document:

- Appendix 1 is a timeline of all action steps and monitoring activities
- Appendix 2 is an outline of all professional development opportunities and technical assistance items
- Appendix 3 is a report of the budget needed to implement the strategies

Differentiated Accountability

Florida's Differentiated Accountability (DA) system, established in [section 1008.33, Florida Statutes](#), is a statewide network of strategic support, differentiated by need according to performance data, provided to districts and schools in order to improve leadership capacity, teacher efficacy, and student outcomes. Through a data-driven planning and problem-solving process, DA field teams collaborate with district leadership to design, implement, and refine strategic goals and action plans that are documented in the SIP.

DA Regions

Florida's DA network is divided into four geographical regions, each served by a field team led by a regional executive director (RED).

DA Categories

At the start of each academic year, traditional schools are classified for DA support in two categories based on the most recent school grades data available. Descriptions of each DA category along with the state support and interventions provided are set forth by [Rule 6A-1.099811, Florida Administrative Code](#):

- **Not in DA** - A school with a current school grade of A, B, or C; charter schools; and ungraded schools.
- **Targeted Support and Improvement** - A school with a current school grade of an initial D.
- **Comprehensive Support and Improvement** - A school with a current school grade of F or two consecutive grades of D, or a high school with a graduation rate of 67 percent or less in the most recent data release.

DA Turnaround Status

Additionally, Comprehensive Support and Improvement schools have a turnaround status of "Implementing," based on a school's grades history, including the current school grade:

- Implementing - A school with a status of "Implementing" requires the district to submit a turnaround plan to the State Board of Education for approval and implementation. A school remains in "Implementing" status until its school grade improves to a C or higher.

I. Part I: Current School Status

A. Supportive Environment

1. School Mission and Vision

a. Provide the school's mission statement.

Lost Lake Elementary, inspires, nurtures and facilitates students in becoming critical and global thinkers, leaders and problem solvers of tomorrow.

The mission and vision statements were created in 2014-15 with input from stakeholders at Lost Lake Elementary.

b. Provide the school's vision statement.

Investing in our future, one child at a time!

The mission and vision statements were created in 2014-15 with input from stakeholders at Lost Lake Elementary.

2. School Environment

a. Describe the process by which the school learns about students' cultures and builds relationships between teachers and students.

Lost Lake Elementary School's process for learning about cultures and building relationships between teachers and students begins with student registrations and continues with Meet the Teacher, student data sheets and Parent information nights. These initial steps build a foundation for fostering a positive relationship between home and school. Throughout the school year, Lost Lake Elementary hosts various academic and social events such as; honor roll, student-led parent conferences, STEM Night, Fall Festival, chorus concerts, Veteran's Day Program, Student of The Months (Covey Habits), Terrific Kids and book fairs. Teachers maintain this relationship by communicating with parents and students through student agendas, teacher webpages, newsletters and telephone calls. The school enhances this process by producing monthly school newsletters and utilizing the school call out system to encourage family involvement in all school activities.

b. Describe how the school creates an environment where students feel safe and respected before, during and after school.

Lost Lake Elementary operates under a Code of Cooperation, which includes Be Responsible, Be Reliable, Be Ready to Learn, and Be Respectful. This Code of Cooperation is embedded in our culture for all stakeholders. Our Safety Committee reviews procedures for the safety, health and well-being of all stakeholders, monthly. The school provides staff, volunteers, and Pride Patrols for student supervision to maintain a safe campus before and after school. Our school has a "No Bullying Policy" and provides curriculum to address respect of self and others and bullying prevention. Lost Lake has also implemented the Positive Behavior Intervention & Support system, providing guidance for students and staff as needed. At the end of the year staff, parents and students participate in a climate survey to provide feedback on safety, bullying and respect.

c. Describe the schoolwide behavioral system in place that aids in minimizing distractions to keep students engaged during instructional time. This may include, but is not limited to, established protocols for disciplinary incidents, clear behavioral expectations, and training for school personnel to ensure the system is fairly and consistently enforced.

Lost Lake Elementary School's school wide behavior system is Positive Behavioral Intervention Support (PBIS). PBIS methods are research-based and proven to significantly reduce the occurrence of problem behaviors in the school, resulting in a more positive school climate, increased academic performance, and establish positive school cultures. This School-wide PBIS plan has an established reward system in place for students exhibiting positive behavior and protocols in place for a tiered discipline ladder for problem behaviors. Each individual teacher establishes classroom rules based on our Code of Cooperation, which is also supported by our PBIS plan. Classrooms have individualized reward systems for good behavior, but when necessary teacher's track student behaviors through our Infraction Reports. Discipline and incentives are individualized to each student based on his or her educational plan. Each individualized education plan is reviewed with staff and is compliance with the LCS Student Code of Conduct. PBIS and LCS Student Code of Conduct are reviewed with staff and students at the start of each new school year.

d. Describe how the school ensures the social-emotional needs of all students are being met, which may include providing counseling, mentoring and other pupil services.

Lost Lake Elementary ensures the social-emotional needs of students through guidance support groups, provided by two on staff guidance counselors, a school-wide counseling referral form, and plans to establish a weekly mentorship program for students in need. The school has also implemented Steps to Respect, Second Step, Covey 7 Habits, and Bullyproofing Your School into the curriculum. These curriculums provide disability awareness throughout the school. Student discipline and social-emotional needs are discussed at regularly scheduled Fall and Spring meetings between leadership and teachers, through Multi-tiered System of Support (MTSS) monthly meetings, and through our school-wide Positive Behavioral Support group (PBS). The student Code of Conduct is reviewed with staff and students at the beginning of each school year. Communication with parents concerning their student's social/emotional and guidance needs occurs daily by LLE teachers.

3. Early Warning Systems

The school's response to this section may address the requirements of ESSA, P.L. No. 114-95, Â§ 1114(b)(7)(A)(i) and (b)(7)(A)(iii)(III).

a. Describe the school's early warning system and provide a list of the early warning indicators used in the system.

Each month, the EWS report for LLES is pulled by the Lake County School's Teaching & Learning Department; the leadership team of Lost Lake uses that report to monitor attendance, grades, and/or suspensions.

b. Provide the following data related to the school's early warning system

1. The number of students by grade level that exhibit each early warning indicator:

Indicator	Grade Level													Total
	K	1	2	3	4	5	6	7	8	9	10	11	12	
Attendance below 90 percent	10	14	11	9	10	15	0	0	0	0	0	0	0	69

Students exhibiting two or more indicators	0	0	0	0	0	0	0	0	0	0	0	0	0	

c. Describe all intervention strategies employed by the school to improve the academic performance of students identified by the early warning system.

Our SIP goals this year are to increase teaching strategies within core instruction and the academic performance of our lowest quartile in both ELA and Math. Based on EWS data, students performing in the lowest 25%, we (teachers and leadership team) are monitoring student progress with targeted instruction during our SMART intervention block. Students who have scored a level one and/or have failed a course are in MTSS, if they have not already been identified as a SWD and/or 504. Professional development will be provided to teachers to improve Marzano's six high yield strategies identified by Lake County Schools.

B. Family and Community Engagement

The school's response to this section may address the requirements of ESSA, P.L. No. 114-95, Â§ 1114(b)(2) and (b)(7)(A)(iii)(I).

1. Describe how the school works at building positive relationships with families to increase involvement, including efforts to communicate the school's mission and vision, and keep parents informed of their child's progress.

a. Will the school use its Title I Parent and Family Engagement Policy (PFEP) to satisfy this question?

No

1. PFEP Link

The school completes a Parental Involvement Plan (PFEP), which is available at the school site.

2. Description

Lost Lake Elementary School uses a variety of efforts to keep its families informed. Ongoing communication between the school and families is maintained through our School Messenger phone call out system, daily student agendas and the distribution of classroom, grade level and school-wide newsletters. Parent/teacher conferences are held twice a year in Fall and Spring, with additional meetings at either parent or teacher request. Families are encouraged to become registered volunteers and student mentors. Additionally, families are encouraged to participate in LLE events such as Meet the Teacher, Curriculum Nights, Fall Festival, Science Fair, Book Fairs, grade level musical events, Art Fair and Standards Night. Lost Lake also has a very active Parent Teacher Organization and School Advisory Council. All families are kept up to date on the meeting dates by email, school's website calendar and call-out system.

As stated in our BPIE, LLES works with all parents including SWD parents to build a positive relationship and to involve them in making decisions about their child's education. Also, all parents (including SWD parents) are made aware about activities that are happening within the school and any opportunities there may be for them to be involved in school committees (PTO, SAC, BPIE Committee).

2. Describe the process by which the school builds and sustains partnerships with the local community for the purpose of securing and utilizing resources to support the school and student achievement.

At the beginning of each school year, a Business Partner Breakfast is held to discuss potential resources that would benefit all stakeholders. Business partners routinely provide both monetary and non-monetary

items, such as mentoring, judging for Science Fair, guest readers for Literacy Week, and educational vendors at school-wide events. Each school year, the Curriculum Resource Teacher works to establish new partnerships within the community. Business partners are highlighted on the school's website and in monthly newsletters. An appreciation dinner is held at the end of the year to honor our stakeholders and their continuous support of our school.

The school maintains a School Advisory Council and Parent Teacher Organization that meet monthly to review school-wide needs and allocation of resources. Both of these committees meet regularly with leadership to review school-wide needs. Additionally, the Principal, AP's, and bookkeeper hold weekly budget meetings to assess the school budget's successfulness. At the end of the current school year, teachers in each grade level assess curriculum needs for the upcoming year. Ongoing grade level resource needs are reviewed at bi-weekly team leader meetings with leadership. Current year SAI funding was designated to additional teacher assistant hours and grade level collaborative planning days. Any remaining SAI funds will be used to purchase additional intervention curriculum for our SMART/intervention block.

Lost Lake Elementary receives funding through IDEA. Resources are determined by the LEA Plan in accordance with; FAPE and LRE, State performance plan indicators and PreK performance. 2. Describe the school's strategies to recruit, develop and retain highly qualified, certified-in-field, effective teachers to the school.

Lost Lake Elementary follows the hiring procedures set by the Lake County School District. Candidates are carefully screened and interviewed. All teachers at LLE are Highly-Qualified as described by the Florida Department of Education. All new hires are required to complete New Beginnings. New Beginnings training offers Establishing Rules & Procedures, New Florida Standards for ELA, New Florida Standards for Math, TEAM and Deliberate Practice, Professional Ethics, Communicating Learning Goals & Feedback, Edmodo, Safari Montage, MTSS, Introduction to ELL, Working with Economically Disadvantaged Students, Communicating with Families, Inclusion Strategies, and Pathways to Professional Certification. Lost Lake Elementary partners with The University of Central Florida to support student teachers through junior and senior internship programs. These programs have led to successful development of teacher talent and employment opportunities for the school. Ongoing professional development and shared decision making are strategies used to retain highly qualified teachers.

3. Describe the school's teacher mentoring program, including the rationale for pairings and planned mentoring activities.

Lost Lake Elementary has established monthly new teacher "Survival" meetings to help new teachers, as well as any current staff member, successfully transition to the school. Topics covered are identified through teacher request and/or content requiring in-depth training, such as TEAM, Skyward, instructional techniques, etc. New teachers attend weekly grade level meetings, along with monthly administrative meetings as needed. Teacher mentors are assigned to each new teacher and are responsible for answering questions, modeling lessons, providing resources and feedback, checking periodically for needs/concerns, and helping to orient new teachers to the school. These teacher mentors are selected due to their leadership abilities and content knowledge. The Literacy Coach and the Curriculum Resource Teacher provide support, as needed, for all teachers to educate them on best practices, data analysis, and for updates on policies and procedures.

E. Ambitious Instruction and Learning

1. Instructional Programs and Strategies

a. Instructional Programs

1. Describe how the school ensures its core instructional programs and materials are aligned to Florida's standards.

Lost Lake Elementary School's teachers follow the Lake County School's blueprints for ELA, Math, Science, and Social Studies when planning for instruction. The Blueprints are aligned to the Florida Standards and provide a framework for common learning experiences and student expectations. Teachers also use the FSA test specifications guide when planning for student mastery of the standards. Lake County School's scope and sequence ensures that the necessary Florida Standards are taught and practiced with the rigor expected within the school year. Lost Lake Elementary teachers not only use district resources, but supplemental school-based materials, such as Thinking Maps, Science Boot Camp, and LAFS/MAFS resource materials.

b. Instructional Strategies

1. Describe how the school uses data to provide and differentiate instruction to meet the diverse needs of students. Provide examples of how instruction is modified or supplemented to assist students having difficulty attaining the proficient or advanced level on state assessments.

Lost Lake Elementary uses several data management systems such as Skyward, Data Star, Early Warning Signs Report, Eduphoria Aware, and Decision Ed. These data collection tools are utilized to closely monitor attendance, standardized testing, grades, and discipline. By utilizing these data gathering tools, LLE has the ability to differentiate teaching strategies to accelerate or remediate needs in Math, Language Arts, Reading, and Science. The data gathered is essential to the MTSS Team to re-evaluate the interventions provided, and determine student remediation/enrichment needs for our SMART intervention block. In addition, staff may utilize the assistance of the school guidance counselors, psychologist, social worker, resource teachers, and ESE Varying Exceptionality teachers when differentiating instruction to meet the needs of all students.

2. Provide the following information for each strategy the school uses to increase the amount and quality of learning time and help enrich and accelerate the curriculum:

Strategy: Before School Program

Minutes added to school year: 4,500

Lost Lake Elementary has added a 25 minute morning computer lab session for any student that needs help with iReady, Rosetta Stone, or other computer based ELA/Math instructions.

Strategy Rationale

By offering the morning lab session students receive additional time and practice with ELA and Math.

Strategy Purpose(s)

- Core Academic Instruction

Person(s) responsible for monitoring implementation of the strategy

Pegram, Susan, pegrams@lake.k12.fl.us

Data that is or will be collected and how it is analyzed to determine effectiveness of the strategy

The data collected will reflect higher student proficiency on the Florida Standards Assessment as compared to the previous years' FSA data. We will analyze iReady data to determine student progress.

2. Student Transition and Readiness

a. PreK-12 Transition

The school's response to this question may address the requirements of ESSA, P.L. No. 114-95, Â§ 1114(b)(7)(A)(iii)(V).

1. Describe the strategies the school employs to support incoming and outgoing cohorts of students in transition from one school level to another.

Lost Lake Elementary provides many opportunities to support students transitioning from one school level to another. Our rising kindergarteners and their families are invited to Cub Club in the spring to orient families to the school and help with the registration process. Curriculum Night is held for all grade levels but is especially helpful to these students by familiarizing families with the Florida Standards, curriculum, resources and expectation of the school. Pre-K articulation meetings provide time for teachers to communicate the social and academic needs of their students transitioning to the next level. Additionally, Pre-K is involved in many school-wide events, field trips and assemblies to help familiarize them to our school. Our upper level students are introduced to the team teaching experience to acclimate them to the middle school experience. Guidance counselors from our feeder middle schools visit the students to familiarize them with what to expect at middle school. Also, students with special needs that are transitioning meet with the middle school's placement specialist. The students can make requests for specialized classes at this time.

b. College and Career Readiness

1. Describe the strategies the school uses to advance college and career awareness, which may include establishing partnerships with business, industry or community organizations.
