Note: The school grades calculation was revised substantially for the 2014-15 school year to implement statutory changes made by the 2014 Legislature and incorporate the new Florida Standards Assessments. The 2014-15 school grades serve as informational baseline data that schools can use to improve in future years.

School Board Approval

This plan is pending approval by the Sarasota County School Board.

SIP Authority and Template

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a school improvement plan (SIP) for each school in the district that has a school grade of D or F.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F (see page 4). For schools receiving a grade of A, B, or C, the district may opt to require a SIP using a template of its choosing.

This document was prepared by school and district leadership using the FDOE's school improvement planning web application located at <https://www.floridacims.org>.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. A corollary at the district level is the District Improvement and Assistance Plan (DIAP), designed to help district leadership make the necessary connections between school and district goals in order to align resources. The Florida Department of Education encourages schools to use the SIP as a “living document” by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the “Date Modified” listed in the footer.

Part I: Current School Status

Part I organizes the current status of the school around five domains inspired by the 5Essentials framework: Supportive Environment, Family and Community Involvement, Effective Leadership, Public and Collaborative Teaching, and Ambitious Instruction and Learning. Questions regarding the school’s Multi-Tiered System of Supports have been embedded throughout this part to demonstrate how data is used by stakeholders to understand the needs of all students and allocate appropriate resources in proportion to those needs.

Part II: Needs Assessment

Part II requires the school to review performance and early warning systems data in order to develop strategic goals and associated data targets (i.e., “SMART goals”) for the coming school year in context of the school’s greatest strengths and needs. An online tool was developed, which includes data visualizations and processing questions to support problem identification, problem analysis and strategic goal formulation.

Part III: 8-Step Planning and Problem Solving for Implementation

Part III enables the school to develop implementation plans for its highest-priority goals. With the overview of the current state of the school in mind and the strategic goals identified through the needs assessment, the planning team engages in a facilitated planning and problem-solving process, through which they

- Define strategic goals and establish targets to be reached by successfully achieving the goals (Step 1)
- Identify barriers that could hinder achieving those goals and resources that could be used to eliminate or reduce barriers (Step 2)
- Select high-priority barriers they want to address initially (Step 3)
- Design implementation and monitoring plans for strategies to resolve selected barriers (Steps 4-7)
- Determine how they will monitor progress toward each goal (Step 8)

Appendices

The following appendices, automatically-generated from content entered in Part III, are included in this document:

- Appendix 1 is a timeline of all action steps and monitoring activities
- Appendix 2 is an outline of all professional development opportunities and technical assistance items
- Appendix 3 is a report of the budget needed to implement the strategies

Differentiated Accountability

Florida's Differentiated Accountability (DA) system, established in [section 1008.33, Florida Statutes](#), is a statewide network of strategic support, differentiated by need according to performance data, provided to districts and schools in order to improve leadership capacity, teacher efficacy, and student outcomes. Through a data-driven planning and problem-solving process, DA field teams collaborate with district leadership to design, implement, and refine strategic goals and action plans that are documented in the SIP.

DA Regions

Florida's DA network is divided into four geographical regions, each served by a field team led by a regional executive director (RED).

DA Categories

At the start of each academic year, traditional schools are classified for DA support in two categories based on the most recent school grades data available. Descriptions of each DA category along with the state support and interventions provided are set forth by [Rule 6A-1.099811, Florida Administrative Code](#):

- **Not in DA** - A school with a current school grade of A, B, or C; charter schools; and ungraded schools.
- **Targeted Support and Improvement** - A school with a current school grade of an initial D.
- **Comprehensive Support and Improvement** - A school with a current school grade of F or two consecutive grades of D, or a high school with a graduation rate of 67 percent or less in the most recent data release.

DA Turnaround Status

Additionally, Comprehensive Support and Improvement schools have a turnaround status of "Implementing," based on a school's grades history, including the current school grade:

- Implementing - A school with a status of "Implementing" requires the district to submit a turnaround plan to the State Board of Education for approval and implementation. A school remains in "Implementing" status until its school grade improves to a C or higher.

I. Part I: Current School Status

A. Supportive Environment

1. School Mission and Vision

a. Provide the school's mission statement.

Booker Middle School will achieve learning gains by engaging all students in a vigorous, literacy infused, technology based, arts integrated, and character-based curriculum. Booker Middle School will strive to cultivate partnerships between our community, parents, and students that will support the mission of creating life-long learners.

b. Provide the school's vision statement.

The vision of Booker Middle School is to empower all students to succeed to their highest potential academically, socially, and emotionally in a safe, supportive learning environment. Our overall goal is to produce life-long learners who are College and Career Ready, make responsible choices and work productively both independently and as a team.

2. School Environment

a. Describe the process by which the school learns about students' cultures and builds relationships between teachers and students.

Booker Middle School is dedicated to fostering an environment that allows us to understand our students' cultures, while also building relationships. These connections begin with our sincere, deliberate commitment to the belief that all students can meet high academic standards, and that we have the ability and the responsibility to help every child reach that potential. Each year, Booker Middle School engages in a developmental process of reexamining school practices, policies, and attitudes. We actively engage students in cultural activities that continue to build and foster relationships. They include: Parent University Workshops, Student Led Conferences, Literacy Night, STEM Nights, History Fair Night, Making Math Matters Night, VPA Performances, Parent Conferences, Community Service Projects, College and Career Events, Clubs and Activities, Black History Month, Hispanic Heritage Month and many staff-student Teambuilding Days (Unity Days, Embracing Our Differences Activities, etc.). Students are assigned to teams and are active participants in our College and Career Readiness Program and Project SUCCESS Program. All students are required to develop a post-secondary educational plan. Once a week, teachers and students explore College and Career activities, which includes mentoring for college and career readiness tools and strategies. Booker Middle School teachers also set the tone for all students during the first 20 days of school, by building positive teacher/student interaction. Teachers are strongly encouraged to attend all student activities and events, thus building and promoting positive relationships among all stakeholders.

b. Describe how the school creates an environment where students feel safe and respected before, during and after school.

Safety and Security is a number one priority at Booker Middle School. Therefore, all stakeholders work collaboratively to ensure that we create an environment where students feel safe and respected before, during and after school. Through the Booker Middle School PBIS system, the focus is on teaching and re-teaching behavior as opposed to punishment. Dismissal procedures are organized in a secure, structured manner. Students are released via designated areas, including parent pick-up or bus loop. All positive behavior expectations are reviewed on the morning news, used in the classroom and posted throughout the campus. Booker Middle School Guidance Counselors also engage students in a differentiated system of school counseling services. Booker Middle School staff are

expected to reinforce the PBS expectations for positive interactions, while creating the structures and processes for reporting violations of bullying/harassment/dating violence/civil rights policies. School-wide behavior data is analyzed on a monthly basis, in an effort to determine where strategies for improvement are necessary. Booker Middle also facilitates monthly student assemblies to reinforce expectations for all students. Teachers greet students at their classroom door, welcoming students to school and creating an atmosphere of respect. There is a selected crisis-response team to respond to any and all emergencies. Drills are reviewed and practiced in accordance with district policy and procedures.

c. Describe the schoolwide behavioral system in place that aids in minimizing distractions to keep students engaged during instructional time. This may include, but is not limited to, established protocols for disciplinary incidents, clear behavioral expectations, and training for school personnel to ensure the system is fairly and consistently enforced.

Each Year, Booker Middle School facilitates a universal behavior workshop during the first week of school. This workshop helps to ensure that students are aware of school-wide behavior expectations. Additionally, teachers are trained in classroom management strategies. The Booker Middle School (Time to Teach) model allows for a fair and consistent process and is designed to maximize student time on task. Prior to submitting referrals, teachers are expected to follow the school-wide behavior management plan, which includes a comprehensive due process system (student intervention report). The process allows teachers to re-teach appropriate behaviors as necessary while also utilizing support staff. Booker Middle School maintains a very successful school-wide recognition program. This recognition program is designed to recognize both students and teachers who contribute to maintaining a quality learning culture. Students that do not respond positively will be allowed to express themselves in restorative practices.

d. Describe how the school ensures the social-emotional needs of all students are being met, which may include providing counseling, mentoring and other pupil services.

The School-Wide Support Team (SWST) meets weekly to discuss at-risk students. This process typically involves students who are considered at-risk due to attendance, academics and/or behavior. Progress with Tier II and Tier III interventions are monitored regularly and the interventions are modified as needed. Students requiring tier II and tier III behavioral interventions are provided with weekly social-emotional development strategies. Communication with the family occurs throughout the process. All students are assigned to a College and Career/AT teacher who is available for the student when they are in need of positive adult interaction throughout the school year. Booker Middle provides an array of support services to ensure that the social-emotional needs of our students are met. These include the following programs: SATOSS/ADAPT, Forty Carrots, Take Stock in Children, YMCA, Big Brothers/Big Sisters, SAVE Grant, United Way, JFCS, etc.

Each year, the Booker Middle Guidance Department develops and implements a comprehensive school counseling program dedicated to: (1) Assess the needs of the students and the barriers blocking their success (Data-Driven Decision Making), (2) Identify interventions to remove the barriers to success (Evidence-Based Intervention), and (3) Evaluate the interventions implemented to ensure student success.

3. Early Warning Systems

The school's response to this section may address the requirements of ESSA, P.L. No. 114-95, Â§ 1114(b)(7)(A)(i) and (b)(7)(A)(iii)(III).

a. Describe the school's early warning system and provide a list of the early warning indicators used in the system.

Booker Middle School meets weekly with its school-wide leadership team to review the data and/or reports used to identify students who have attendance, behavioral or academic concerns. The

Academic Interventionist, Behavior Specialist and other support staff, work collaboratively to ensure that an Academic Intervention Plan is developed and implemented to meet the needs of all at-risk students. The School-Wide Support Team (SWST) meets weekly to problem solve regarding the early warning signs. Interventions are developed to address concerns related to academics, behavior concerns, and attendance. Progress with Tier II and Tier III interventions are monitored regularly and the interventions are modified as needed. The student intervention report ensures parent communication throughout the process. School counselors provide academically at-risk students with advisement.

b. Provide the following data related to the school's early warning system

1. The number of students by grade level that exhibit each early warning indicator:

Indicator	Grade Level													Total
	K	1	2	3	4	5	6	7	8	9	10	11	12	
Attendance below 90 percent	0	0	0	0	0	0	58	74	86	0	0	0	0	218
One or more suspensions	0	0	0	0	0	0	128	116	103	0	0	0	0	347
Course failure in ELA or Math	0	0	0	0	0	0	0	2	2	0	0	0	0	4
Level 1 on statewide assessment	0	0	0	0	0	0	79	100	111	0	0	0	0	290

The number of students identified by the system as exhibiting two or more early warning indicators:

Indicator	Grade Level													Total
	K	1	2	3	4	5	6	7	8	9	10	11	12	
Students exhibiting two or more indicators	0	0	0	0	0	0	35	46	48	0	0	0	0	129

c. Describe all intervention strategies employed by the school to improve the academic performance of students identified by the early warning system.

All Booker Middle School staff members have been trained in the MTSS process. Grade level/content PLC's meet weekly to discuss student performance data. Data chats are held every 4-6 weeks to review student performance and identify trends. Interventions are created at SWST meetings to best meet the needs of students. Progress and results are reviewed regularly and interventions are modified as needed. The Leadership Team also meets weekly to problem solve and address areas of need. PLC members work collaboratively to develop tier II and tier III strategies to close the achievement gap. In addition, intervention strategies are employed by Booker Middle School teachers to improve academic performance of students identified by the early warning system also include the following: SRA, Spring Board Curriculum, small group instruction, I-Ready, I-XL, agency and community outreach, effective counseling services, and partnerships with local organizations to meet student needs.

B. Family and Community Engagement

The school's response to this section may address the requirements of ESSA, P.L. No. 114-95, Â§ 1114(b)(2) and (b)(7)(A)(iii)(I).

1. Describe how the school works at building positive relationships with families to increase involvement, including efforts to communicate the school's mission and vision, and keep parents informed of their child's progress.

a. Will the school use its Title I Parent and Family Engagement Policy (PFEP) to satisfy this question?

No

1. PFEP Link

The school completes a Parental Involvement Plan (PFEP), which is available at the school site.

2. Description

To foster parent involvement in an organized, ongoing and timely manner Booker Middle School will assess present practices of parent involvement through pre and post surveys to establish baseline data. Booker Middle will hold its annual meeting in which all parents will be informed of the school's participation in the Title I program, the requirements and their right to be involved. We will produce and distribute a Parent Involvement brochure to be given to Booker Middle School parents (in both English and Spanish).

The school-wide Parent Involvement Committee will continue to meet monthly to provide information about the program, share strategies for success and offer time for parents to ask questions and give feedback. Additionally, parent teams will be formed within each Booker Middle Learning Community to increase communication among parents, students and teachers within the same team. Booker Middle will ensure that parents understand all policies, rules, notices, parent compacts, notices, etc. by having them printed in both English and Spanish as well as conducting meetings in a language that the parents can understand.

Booker Middle will also have a mid-year Parent Extravaganza that will allow the Parent Involvement Committee to obtain parent feedback from surveys and parent input regarding school-wide data.

Finally, the school will provide a regular schedule of useful notices, memos, phone calls, newsletters, emails and other communications. Training sessions will be provided for parents.

2. Describe the process by which the school builds and sustains partnerships with the local community for the purpose of securing and utilizing resources to support the school and student achievement.

Booker Middle School works in partnership with various community stakeholders and strives to meet the needs of parents and students. These partnerships are maintained by cohesively working together to build a learning culture that involves all stakeholders. Booker Middle's community partners are invited to attend all events and provide resources for parents and students. This process is designed to strengthen and build strong relationships. Community partners are encouraged to participate on all school committees and to become actively engaged in the learning community. Booker Middle School supports businesses through various forms of advertisements, such as: advertising banners that are located on campus and inside the school cafeteria, advertisement on our website and/or yearbook, names listed in our monthly newsletters, electronic marquee, name and logo on the back of t-shirts. Businesses support our students through monetary donations or business certificates used to support PBS celebrations, Renaissance, Principal Awards and other miscellaneous celebrations. Selected business partners have also participated as volunteers at schoolwide events and volunteer projects. SunCoast United Way, All Faiths Food Bank, Rotary Club of Sarasota, Parent-Teacher-Student Association and the JFCS. We currently have more than 50 local businesses and non-profit agencies working collaboratively to meet the needs of BMS students and families. In addition, we have numerous volunteers who work collaboratively with teachers in the learning environment to increase student achievement.

C. Effective Leadership

1. School Leadership Team

a. Membership

Identify the name, email address and position title for each member of the school leadership team.:

Name	Title
Frost, LaShawn	Principal
Parker, Cameron	Assistant Principal
Jenkins, Derek	Assistant Principal
Clark, Tracey	School Counselor
Thomas, Cheryl	School Counselor
Lowrey, Cindy	Teacher, ESE
Clay, Kim	Instructional Coach
Schaffer, Grace	Instructional Coach
Dilego, Anostasia	Other
Campbell, LaTonya	Psychologist
Frazier, Edward	Paraprofessional
Dubose, Deanna	Instructional Coach
Scherzer, Jessica	Instructional Coach
Barber, Melissa	Instructional Coach
Carpenter, Isaiah	Instructional Coach

b. Duties

1. Describe the roles and responsibilities of the members, including how they serve as instructional leaders and practice shared decision making.

Identify the school-based MTSS leadership team: The School Wide Support Team is comprised of a member of the Administrative staff, school counselors, ESE Liaisons, School Social Worker, School Psychologist, truancy worker, Academic Intervention Teacher, Behavior Intervention Teacher, General and Special Education Teachers.

Select General Education Teachers: Provides information about core instruction, participates in student data collection, delivers Tier 1 instruction/intervention, collaborates with other staff to implement Tier 2 interventions; integrates Tier 1 materials/instruction with Tier 2/3 activities.

Exceptional Student Education (ESE) Teachers: Participates in student data collection; integrates core instructional activities/materials into Tier 3 instruction; collaborates with general education teachers through such activities such as co-teaching.

School Counselor: Facilitate the MTSS process; disseminate student MTSS files from year to year to teachers currently involved in the MTSS process; collects and keeps MTSS files of students; maintains documentation log of all students involved in the MTSS process; takes notes for intervention team during meetings for student folder; obtains parent permission for screenings, and provide Tier II interventions for behavior. Reading Instructional Specialist: planning; supports Provides guidance on k-12 reading plan; facilitates and support data collection activities; assist in data analysis; provides professional development and technical assistance to teachers regarding data-based instructional the implementation of Tier 1, Tier 2, and Tier 3 intervention plans.

Academeic INter

ESE Liaison: Provides guidance related to special needs support and strategies. Assures access to needed interventions, while helping to identify children with disabilities. Assist with providing data about how a child responds to scientifically-based intervention as part of the comprehensive

evaluation required for identification of any disability.

School Psychologist: Conducts needs assessments to identify potential obstacles, concerns, and initial training needs. Designs evidence-based models that best fit the school's needs and resources. Plans for and conducts necessary staff training for implementation (e.g., training in evidence-based instructional interventions, evaluating student progress). Develops school norms for academic achievement (e.g., curriculum-based measures and other measures of student progress) and monitoring the reliability and validity of these norms over time. Oversees district level implementation and ongoing evaluation. Engages in ongoing communication and consultation with administration, school board, teachers, and parents. Identifies systemic patterns of student need (e.g., persistent difficulties among kindergarten and first grade students in basic phonics skills) and working with district personnel to identify appropriate, evidence-based intervention strategies.

School Social Worker: Maintains accurate data that are relevant to planning, management, and evaluation of school social work service. Conducts assessments that are individualized and provide information that is directly useful for designing interventions that address behaviors of concern. Incorporates assessments in developing and implementing intervention and evaluation plans that enhance students' abilities to benefit from educational experiences. Works collaboratively to mobilize the resources of local education agencies (LEA) and communities to meet the needs of students and families.

Truancy Worker: Addresses truancy concerns and works collaboratively with families to ensure student success. Provides support to school personnel as needed to address attendance issues. Provides training to school personnel as needed.

2. Describe the process through which school leadership identifies and aligns all available resources (e.g., personnel, instructional, curricular) in order to meet the needs of all students and maximize desired student outcomes. Include the methodology for coordinating and supplementing federal, state and local funds, services and programs. Provide the person(s) responsible, frequency of meetings, how an inventory of resources is maintained and any problem-solving activities used to determine how to apply resources for the highest impact.

The school based MTSS Leadership team is comprised of general education personnel that facilitate MTSS as a related but distinct process from the CARE (Children At-Risk in Education) eligibility determination process. This team of educators was chosen as a member of the MTSS Leadership Team due to Booker Middle's desire to implement a systematic method for evaluating the needs of all students and for fostering positive student outcomes through carefully selected and implemented interventions. The team also assists the school in identifying students who may require more intensive instructional services and/or be eligible for an exceptional student education program. The team meets once a week to provide support to ALL students who are experiencing difficulties that may prevent them from achieving success to the best of their ability. The team engages in the following activities: The team will review summative and formative data to identify school, grade, team, and class level academic needs. Individual student information will be reviewed. Based on the data review, instructional strategies will be identified and a timeline of implementation will be constructed. Student progress will be monitored and individual cases reviewed periodically to determine progress and reassess further instructional interventions.

Title I, Part A: Title I is a federally funded program designed to address the academic needs of low performing students in schools with a high percentage of economically disadvantaged students and to assist them in meeting the state's high standards, particularly in the areas of reading, writing, science and mathematics. The district coordinates with Title II in ensuring staff development needs are provided and with Title IV 21st Century Community Learning Centers grants to provide after school programs. Supplemental Educational Services are also provided for free tutoring to those who qualify.

Title I, Part C- Migrant: The district supports a Migrant Identifier/Recruiter provides referral services and support to migrant students and families. The ESOL Liaison coordinates with the Title I and other programs to ensure student and family needs are met.

Title I, Part D: The district receives funds to provide students in alternative schools with services needed to make a successful transition from at-risk programs to further schooling or employment.

Title II: Funds from Title IIA are used for teacher and principal quality training. Professional development activities are provided to improve the knowledge of teachers, principals and paraprofessionals, as appropriate. Instruction is provided to teach children with different learning styles and/or children with disabilities and special learning needs. Professional development activities are provided to improve behavior in the classroom. The district has opted not to assign Title I schools.

Title III: Supplemental services and materials are provided to improve the academic achievement and language acquisition of immigrant and English Language Learner students throughout the district.

Title X- Homeless: Homeless education case managers provide resources (clothing, school supplies, and social service referrals) for students identified as homeless under the McKinney-Vento Act to eliminate barriers for a free and appropriate education. Program provides on-going outreach, training and tutoring. We partner with the YMCA to provide support for our homeless youth.

Supplemental Academic Instruction (SAI): SAI funds will be coordinated with Title I funds to provide summer school for Level 1 readers, support reading teachers at schools and offer credit retrieval and dropout prevention programs for high school students.

Violence Prevention Programs: Programs such as Second Step and Community of Caring support prevention of substance abuse and violence in around the school as well as promote character education. Law enforcement and Juvenile Justice are also program components. These programs foster a safe, drug-free learning environment that supports student achievement. The district also provides violence and drug prevention programs that incorporate bullying prevention, suicide prevention, internet safety and personal safety. Both intentional and unintentional injury prevention programs are provided.

2. School Advisory Council (SAC)

a. Membership

Identify the name and stakeholder group for each member of the SAC.:

Name	Stakeholder Group
LaShawn Frost	Principal
Kay Daniels	Teacher
LaShawn Frost	Principal
Cindy Kennnedy	Business/Community
Gene Wilson	Business/Community
Isaac Pinkney	Business/Community

Leah Dubose	Student
Katrena Dubose	Parent
Deidra Ann Newman	Parent

b. Duties

1. Provide a description of the SAC's involvement with the following activities, as required by section 1001.452(2), Florida Statutes

The school's response to this question may address the requirements of ESSA, P.L. No. 114-95, Â§ 1114(b)(2).

a. Evaluation of last year's school improvement plan

Last year's School Improvement Plan was presented by the Principal, LaShawn Frost October 13, 2015 to the entire School Advisory Council membership. The 2015-2016 SAC committee participated in the development of the SIP. The committee also reviewed the school-wide data and provided input regarding the academic needs of the school. The plan was presented in hard copy and also as a visual on the ActivPanel. The plan was shared and was brought to the floor for discussion. The committee agreed that we should develop additional ways to include all stakeholders in the teaching and learning process. After a collaborative discussion with all members, the plan was unanimously approved. The goals of the SIP Plan will be reviewed throughout the year, allowing the committee to effectively evaluate the written goals of the 2015-2016 SIP Plan. The SAC committee reviewed and progress monitored the goals of the SIP plan on a monthly basis.

b. Development of this school improvement plan

SAC members of Booker Middle School are requested by email and written communication for input. SAC members were asked specific questions regarding improved academics and improvements for parent and community involvement. The completed SIP will be reviewed with all members at the designated SAC meeting scheduled for October 25, 2016. The SAC committee will review the school-wide data and provide additional input as needed regarding the academic needs of the school. SAC will approve the plan with a motion. This process will allow the SAC committee to provide ongoing feedback to support the Booker Middle School SIP Plan throughout the 2016-2017 school year.

c. Preparation of the school's annual budget and plan

The Principal of Booker Middle School received a District prepared budget with allotted positions. The Principal reviewed and identified each teacher and other staff for each position. The Principal received input from the

Assistant Principals. Once the budget was prepared, the Principal reviewed the budget with all members of the Leadership Team, Shared Decision-Making Team and the School Advisory Council in April of 2016. The budget was approved by all committees. The committee worked in collaboration with the school leadership team to provide feedback regarding the school's annual budget. Upon the completion of the budgetary decisions, the SAC committee voted on the final budget as written. The committee will continue to be a critical part of budgeting and planning for Booker Middle School.

2. Describe the use of school improvement funds allocated last year, including the amount budgeted for each project.

Teacher Professional Development: \$500.00

VPA Program Activities: \$1,000.00

3. Verify that the school is in compliance with section 1001.452, Florida Statutes, regarding the establishment requirements and duties of the SAC.

Yes

a. If the school is not in compliance, describe the measures being implemented to meet SAC requirements.

3. Literacy Leadership Team (LLT)

a. Membership

Identify the name and position title for each member of the school-based LLT or similar group, if applicable.:

Name	Title
Frost, LaShawn	Principal
Parker, Cameron	Assistant Principal
Schaffer, Grace	Other
Clay, Kim	Other
Lowrey, Cindy	Teacher, ESE
Scherzer, Jessica	Teacher, K-12
Jenkins, Derek	Assistant Principal
Daniels, Sandra	Teacher, K-12
Morrow, GeorgeAnn	Teacher, K-12
Larkins, Tiffany	Paraprofessional
Lee, Stephanie	Teacher, K-12
Dubose, Deanna	Instructional Coach
Carpenter, Isaiah	Instructional Coach
Mills, Carrie	Teacher, K-12
Clark, Tracey	School Counselor
Thomas, Cheryl	School Counselor

b. Duties

1. Describe how the LLT or similar group promotes literacy within the school, if applicable.

The Literacy Leadership Team will contribute to increase student achievement and create a culture of literacy learners. The committee will ensure that the focus, goals, and initiatives of the school-wide literacy goals are developed based on student and teacher data and are aligned with the Reading SIP goals. The LLT will create a culture of engaging in effective Lesson Study, modeling in classrooms, using data to analyze the effectiveness of instruction and redesigning instruction and resources to meet student learning and intervention needs. The LLT will monitor and support the implementation of the reading program initiatives and Visible Learning. The LLT will continue to research scientifically based reading instruction and strategies for continuous growth. The Literacy Leadership team will continue to focus on the implementation of Florida Standards specifically close reading, analyzing various texts, lexile ranges, and vertical alignment. Finally, the LLT will create and share school-wide initiatives and activities that will promote literacy throughout the learning community.

D. Public and Collaborative Teaching

The school's responses to this section may address the requirements of ESSA, P.L. No. 114-95, Â§ 1114(b)(7)(A)(iii)(IV).

1. Describe the school's strategies to encourage positive working relationships between teachers, including collaborative planning and instruction.

Booker Middle School encourages positive working relationships with teachers by allowing participation Professional Learning Communities. The master schedule has been designed to provide collaborative planning time that would allow teachers to meet with their colleagues by grade-level content. Research-based protocols are utilized to focus the meetings on students' academic needs, data-driven decisions and continuous improvement in teaching and learning. Student achievement is monitored and data is used to drive instruction. Teacher instruction is modified as needed and based on decisions made

through collaboration. The Administrative Team at Booker Middle School also provides opportunities to engage in collaborative learning at monthly staff meetings and ongoing professional development.

2. Describe the school's strategies to recruit, develop and retain highly qualified, certified-in-field, effective teachers to the school.

Booker Middle's strategies for effective recruitment and retention include the following:

1. New Teacher Mentoring Program (SCIP)
2. SCIP Lead Mentor/Administration
3. Professional Development Opportunities to Strengthen Teacher Skills and Proficiency
4. Collaborative Team Planning to ensure teacher support
5. Administration will Observe, monitor, coach and support teacher effectiveness with regular classroom walkthroughs

3. Describe the school's teacher mentoring program, including the rationale for pairings and planned mentoring activities.

All first year teachers are participating in the Sarasota County Induction Program (SCIP). SCIP is the Sarasota County School District's formal program of support for newly hired educators. Systems of support include a mentor support team, staff development opportunities, observations, conferences, and written and oral feedback. SCIP, the program of support and induction for first year teachers, is designed to elicit evidence that a beginning teacher has demonstrated teaching competencies that promote student learning. SCIP helps ensure that all beginning teachers have opportunities to strengthen their knowledge of instructional strategies, enhance their understanding of students as learners, and begin a process of lifelong learning and professional growth. School personnel are engaged in systematic mentoring, coaching, and induction programs that are consistent with the school's values and beliefs about teaching, learning, and the conditions that support learning. The pairings are determined with similar grade level or special area experiences in mind. Mentors meet with their new teachers daily for the first two weeks of school and then weekly thereafter to complete

SCIP requirements, collaborate, and problem solve. The lead mentor provides monthly meetings to ensure the SCIP requirements are being met and provides additional areas of training and needs for the mentees. Mentees complete required documentation, a video reflection of both mentor teaching and mentee

teaching. All requirements are turned in to the District Mentee Coordinator at the end of the first year.

These programs set high expectations for all school personnel and include valid and reliable measures of performance. The SCIP Program at Booker Middle School also provides mini PD workshops at each monthly meeting.

E. Ambitious Instruction and Learning

1. Instructional Programs and Strategies

a. Instructional Programs

1. Describe how the school ensures its core instructional programs and materials are aligned to Florida's standards.

Booker Middle ensures that all curriculum and instructional materials are aligned to the Florida Standards. Teachers work collaboratively in their professional learning communities to problem-solve, engage in inquiry-driven research and develop analytical approaches to support student achievement. All strategies and tools are based on student needs; competency-based instruction; integrated digital instruction; and project-based learning. Booker Middle School creates ongoing opportunities for teachers to unpack the Florida Standards and to plan and discuss reading and writing curriculum that aligns to the standards. This supports a deeper level of comprehension. These conversations and learning opportunities promote dialogue that can dispel misunderstandings and promote opportunities for growth in instructional practice, curriculum, and the standards. Computer-based instructional programs such as, Standards based i-Ready and IXL are used as additional resources and are aligned to the Florida State Standards. The district provides instructional focus guides

that provide FSA materials and strategies that teachers can access and utilize to ensure that the Florida State

Standards are being met. The district and school site offers on-going professional development on Standards-Based Instruction, Webbs DOK and additional highly effective instructional strategies. Booker Middle School has also provided staff with training on the implementation of Inclusionary Practices, Accountable Talk, Cornell Note Taking Strategies and College and Career Readiness Strategies. Booker School also facilitates monthly learning walks, Teaching and Learning Workshops and other PD to support instructional programs throughout the learning community. Booker Middle also offers daily Academic Intervention time to assist with mastery of the Florida State Standards.

b. Instructional Strategies

1. Describe how the school uses data to provide and differentiate instruction to meet the diverse needs of students. Provide examples of how instruction is modified or supplemented to assist students having difficulty attaining the proficient or advanced level on state assessments.

In order to facilitate a continuous improvement model, Booker Middle School uses data to differentiate instruction and meet the diverse needs of students. We have daily Academic Intervention (AT) Time to support student learning and on-going progress monitoring meetings in which student data is analyzed to identify learning gaps. Teachers differentiate instruction and provide tiered remediation to address the skill deficits. The School-Wide Support Team (SWST) members meet weekly/monthly with classroom teachers to review progress and modify intervention plans as needed. We use various resources to modify instruction including i-Ready, IXL, CPALMS, FSA Tools and supplemental resources located in the IFG. Level one and Level two students are enrolled in an intensive reading course to provide additional support. The Academic Interventionist develops an Academic Intervention Plan (AIP) for all lower-quartile students. These plans are mailed to all parents and guardians with an attached letter that explains the process of our school-wide intervention program. The school ensures that every teacher contributes to literacy improvement of all students by:

1. Holding meetings on a regular basis to make decisions about literacy instruction at Booker Middle School.
2. Student data is analyzed and compared to expectations found in the Language Arts Florida Standards (LAFS) and Math Florida Standards (MFS)
3. Utilizing a balanced literacy approach that includes whole group, small group and one-on-one instruction based on student needs
4. Creating a schedule with an additional 60 minute reading block (option for extended day)
5. Providing Tier 3 instruction based on student needs
6. Providing grade level instruction aligned with the Language Arts Florida Standards
7. Providing resources to support instruction (extensive classroom libraries, texts to support units of

study, leveled books for small group instruction)

8. Administering I-Ready and/or benchmark assessments which measure instructed standards
9. Progress Monitoring through Formative and Summative Assessments, while obtaining feedback in PLC's
10. Conducting data chats with students and teachers
11. Creating units of study based on current data
12. Choosing methods of instruction based on the needs of students (modeled, guided practice, inquiry)
13. Students self-selecting texts based on Lexile levels
14. Students receiving push-in/pull out services for ESE/ELL
15. Serving as an AT Teacher and providing academic interventions

2. Provide the following information for each strategy the school uses to increase the amount and quality of learning time and help enrich and accelerate the curriculum:

Strategy: Summer Program

Minutes added to school year: 5,760

The Tornado Transition Program is designed to give rising 6th Grade students a jump-start on the Middle School experience. Unlike any of its kind, the Tornado Transition Program provides students with a strong academic program that helps in closing any achievement gaps prior to starting middle school.

Strategy Rationale

This program allows Booker Middle staff to assist in closing the achievement gap for rising 6th grade students who are not proficient in math and reading.

Strategy Purpose(s)

- Core Academic Instruction
- Enrichment

Person(s) responsible for monitoring implementation of the strategy

Frost, LaShawn, lashawn.frost@sarasotacountyschools.net

Data that is or will be collected and how it is analyzed to determine effectiveness of the strategy

Tornado Transition Teachers uses the Data Works (a type of continuous improvement model) to progress monitor the goals of the program and student achievement. The data collected and analyzed is used to drive instruction and program needs. Data will also be collected by the University of South Florida tutors and data analyst.

Strategy: Extended School Day

Minutes added to school year: 21,875

Academic Time (AT) is time allotted outside of the instructional day to provide support for all BMS students. Academic Time is designed to support I-ready standards-based instruction and any other individual academic needs.

Strategy Rationale

This program allows Booker Middle staff to assist in closing the achievement gap for all students who have academic needs in any content area.

Academic Time (AT) Teachers are actively involved in analyzing the I-Ready data, academic grades, attendance, discipline data, etc., to progress monitor the school-wide goals and student achievement. The data collected and analyzed is used to drive instruction and program needs.

Strategy: After School Program

Minutes added to school year: 16,800

The after school program is designed to provide with an extended day to enrich and support academic achievement.

Strategy Rationale

Research shows that students come to school from a variety of different backgrounds and experiences. For Those students who need extra support to be successful academically, can benefit from programs that provide before and after school opportunities to learn.

Data that is or will be collected and how it is analyzed to determine effectiveness of the strategy

i-Ready Assessments and IXL reports will be used to progress monitor students achievement and the goals of the after-school program.

Strategy: Extended School Day

Minutes added to school year: 5,400

The Lunch and Learn School Program is designed to supplement the educational needs of Booker Middle School students. Students receive additional support via i-Ready and IXL to increase fluency skills of students. Enrichment activities are incorporated to allow for a well-rounded educational program.

Strategy Rationale

Research shows that successful reading and math instruction requires a strong basis in the fundamentals, as a lack of fluency in foundational skills is detrimental to the understanding of more challenging concepts. The best method for developing these basic skills is practice.

2. Student Transition and Readiness

a. PreK-12 Transition

The school's response to this question may address the requirements of ESSA, P.L. No. 114-95, Â§ 1114(b)(7)(A)(iii)(V).

1. Describe the strategies the school employs to support incoming and outgoing cohorts of students in transition from one school level to another.

All Booker Middle School staff members participate in Professional Learning Communities that meet both informally and formally on a regular schedule. Collaboration occurs across grade levels, content areas, and feeder elementary and high schools. A spring "Open House" and "Magnet Night" is held for all rising 6th grade students. During this process, teachers engage students and parents in a formal process that promotes productive discussion about student learning. The school offers tours to students and parents that includes a visit to classrooms. Grade-level orientations are held the week before school begins. This event offers students and families an opportunity to meet their teachers and explore classrooms. During the spring, eighth grade students are provided opportunities to meet with our feeder high schools for registration. In addition, students are afforded the opportunity to shadow at BMS or feeder high schools. Booker Middle staff participates in articulation meetings with local elementary and high schools. This ensures a smooth transition for rising sixth graders and outgoing 8th graders.

b. College and Career Readiness

1. Describe the strategies the school uses to advance college and career awareness, which may include establishing partnerships with business, industry or community organizations.

Booker Middle School fosters a college-going culture to support and assist administrators, teachers and families as they work toward achieving college readiness for all students. Some of these

initiatives include:

1. An increased number of student participation in advanced course offerings.
2. College and Career Readiness Program focuses on increasing the participation of students in STEM and online advanced courses, improved performance in advance courses through student tutorials, teacher and administrator professional development and summer transition programs. This program also facilitates vertical articulation among elementary and high schools to create a pipeline of rigorous instruction so that students are college ready and prepared for postsecondary success.
3. The PSAT test administration which allows students the opportunity to take the PSAT as a middle school student.
4. The Project SUCCESS program which promotes student self-management and personal responsibility for academic success through an elective. Project SUCCESS also includes instruction in college readiness topics and strategies.
5. The use of the SpringBoard® curriculum and Cambridge International Program are designed to increase rigor in English Language Arts and Mathematics classes in middle school
6. Guidance Counselors work collaboratively with content area teachers to promote academic and career planning. Students are invited to participate in the "College and Career Readiness" program. This program helps to bring the college experience alive to students. Students tour colleges, businesses and are provided various opportunities to obtain information through focused activities and events.

2. Identify the career and technical education programs available to students and industry certifications that may be earned through those respective programs.

Booker Middle School has incorporated a "College and Career Clubs Program" designed to introduce students to STEM related courses and activities. Students are afforded many opportunities to experience college and career readiness programs. Specifically, Booker Middle offers the following CTE programs.

Arts, A/V Technology & Communication
Engineering & Technology Education
Information Technology
Coding
Technology/Robotics

3. Describe efforts the school has taken to integrate career and technical education with academic courses (e.g., industrial biotechnology) to support student achievement.

Booker Middle School offers some career and technical education programs. These programs are organized as programs of study vertically aligned with industry certifications offered at our feeder high schools. Students receive counseling in order to select the appropriate program and course offerings and are afforded the opportunity to obtain CTE certifications in selected areas.

4. Describe strategies for improving student readiness for the public postsecondary level based on annual analysis of the [High School Feedback Report](https://www.floridacims.org), as required by section 1008.37(4), Florida Statutes.

Booker Middle School works to improve student readiness for post-secondary level by offering a weekly College and Career Readiness Day. Booker Middle School fosters a College and Career Readiness environment by:

1. Offering afterschool college readiness workshops for College and Career Clubs students
2. Allowing counselors to conduct classroom guidance and individual counseling sessions with students
3. Offering Parent University Workshops to explain the parent's role in assisting students with being ready for college
4. Weekly College and Career T-shirt days
5. Providing a rigorous learning environment that will foster high expectations
6. All students developing a post-secondary educational plan
7. Offering scholarship opportunities at the middle school level
8. Allowing students to take advance courses
9. Collage and Career speakers
10. All students taking a career assessment

II. Needs Assessment

The school's completion of this part may address the requirements of ESSA, P.L. No. 114-95, Â§ 1114(b)(6).

A. Problem Identification

1. Data to Support Problem Identification

b. Data Uploads

Data uploads are not required by the Florida Department of Education but are offered as a tool for the needs assessment. In this section, the school may upload files of locally available data charts and graphs being used as evidence of need.

The following documents were submitted as evidence for this section:

No files were uploaded

2. Problem Identification Summary

This section is not required by the Florida Department of Education but is provided as an opportunity for the school to summarize the points of strength and areas of need that have been identified in the data.

A review of the 2016-2017 FSA data shows that Booker Middle School is currently excelling in the following areas: Math Proficiency- 62%, Math Learning Gains-62%, Math Lower-quartile- 64% and Math Acceleration-73%. Booker Middle also excels in the area of Civics-62%. A review of the data indicates that the areas of need and possibilities are as follows: ELA Proficiency- 43%, ELA Learning Gains-48%, ELA Lower-quartile- 35% and Science-35%.

B. Problem Analysis Summary

This section is not required by the Florida Department of Education but is provided as an opportunity for the school to summarize the underlying "why" or root causes for the areas of need identified in the data, as determined by situational awareness of, and research conducted by, the stakeholders involved in the needs assessment.

Some of the root causes for the areas of need identified in the data, will be addressed using the following school-wide strategies: Building Collective Efficacy school-wide, Ongoing progress monitoring for academic achievement, Clear curriculum and academic goals, Frequent assessment and feedback of student progress and multiple opportunities for improvement, Written responses in performance assessments, Building capacity for high impact PLCs and Behavior strategies that work. As a result of implementing these strategies, there will be an increase in student achievement in the areas of need and continuous growth in areas of strength.

C. Strategic Goals

School Improvement Goals

The following key is intended to help readers understand how the sections of this document correspond to the steps of the 8-step planning and problem-solving framework used in the School Improvement Plan. The Quick Key numbers can help registered users go directly to the point of entry for any given goal, barrier and strategy within the online survey.

Action Plan for Improvement

For each strategy selected in the plan to reduce a targeted barrier to a strategic goal, this section lists the rationale for that strategy (i.e., why the school believes it will reduce the barrier) and the action steps that have been identified as necessary to implementing the strategy, including details such as the point person, timing and duration, and evidence of completion. At the end of each set of action steps is the plan for monitoring the implementation and effectiveness of the respective strategy.
