**Note:** The school grades calculation was revised substantially for the 2014-15 school year to implement statutory changes made by the 2014 Legislature and incorporate the new Florida Standards Assessments. The 2014-15 school grades serve as informational baseline data that schools can use to improve in future years.

### School Board Approval

This plan is pending approval by the Martin County School Board.

### SIP Authority and Template

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a school improvement plan (SIP) for each school in the district that has a school grade of D or F.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F (see page 4). For schools receiving a grade of A, B, or C, the district may opt to require a SIP using a template of its choosing.

This document was prepared by school and district leadership using the FDOE's school improvement planning web application located at <https://www.floridacims.org>.

## Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. A corollary at the district level is the District Improvement and Assistance Plan (DIAP), designed to help district leadership make the necessary connections between school and district goals in order to align resources. The Florida Department of Education encourages schools to use the SIP as a “living document” by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the “Date Modified” listed in the footer.

### Part I: Current School Status

Part I organizes the current status of the school around five domains inspired by the 5Essentials framework: Supportive Environment, Family and Community Involvement, Effective Leadership, Public and Collaborative Teaching, and Ambitious Instruction and Learning. Questions regarding the school’s Multi-Tiered System of Supports have been embedded throughout this part to demonstrate how data is used by stakeholders to understand the needs of all students and allocate appropriate resources in proportion to those needs.

### Part II: Needs Assessment

Part II requires the school to review performance and early warning systems data in order to develop strategic goals and associated data targets (i.e., “SMART goals”) for the coming school year in context of the school’s greatest strengths and needs. An online tool was developed, which includes data visualizations and processing questions to support problem identification, problem analysis and strategic goal formulation.

### Part III: 8-Step Planning and Problem Solving for Implementation

Part III enables the school to develop implementation plans for its highest-priority goals. With the overview of the current state of the school in mind and the strategic goals identified through the needs assessment, the planning team engages in a facilitated planning and problem-solving process, through which they

- Define strategic goals and establish targets to be reached by successfully achieving the goals (Step 1)
- Identify barriers that could hinder achieving those goals and resources that could be used to eliminate or reduce barriers (Step 2)
- Select high-priority barriers they want to address initially (Step 3)
- Design implementation and monitoring plans for strategies to resolve selected barriers (Steps 4-7)
- Determine how they will monitor progress toward each goal (Step 8)

### Appendices

The following appendices, automatically-generated from content entered in Part III, are included in this document:

- Appendix 1 is a timeline of all action steps and monitoring activities
- Appendix 2 is an outline of all professional development opportunities and technical assistance items
- Appendix 3 is a report of the budget needed to implement the strategies

## Differentiated Accountability

Florida's Differentiated Accountability (DA) system, established in [section 1008.33, Florida Statutes](#), is a statewide network of strategic support, differentiated by need according to performance data, provided to districts and schools in order to improve leadership capacity, teacher efficacy, and student outcomes. Through a data-driven planning and problem-solving process, DA field teams collaborate with district leadership to design, implement, and refine strategic goals and action plans that are documented in the SIP.

### DA Regions

Florida's DA network is divided into four geographical regions, each served by a field team led by a regional executive director (RED).

### DA Categories

At the start of each academic year, traditional schools are classified for DA support in two categories based on the most recent school grades data available. Descriptions of each DA category along with the state support and interventions provided are set forth by [Rule 6A-1.099811, Florida Administrative Code](#):

- **Not in DA** - A school with a current school grade of A, B, or C; charter schools; and ungraded schools.
- **Targeted Support and Improvement** - A school with a current school grade of an initial D.
- **Comprehensive Support and Improvement** - A school with a current school grade of F or two consecutive grades of D, or a high school with a graduation rate of 67 percent or less in the most recent data release.

### DA Turnaround Status

Additionally, Comprehensive Support and Improvement schools have a turnaround status of "Implementing," based on a school's grades history, including the current school grade:

- Implementing - A school with a status of "Implementing" requires the district to submit a turnaround plan to the State Board of Education for approval and implementation. A school remains in "Implementing" status until its school grade improves to a C or higher.

## I. Part I: Current School Status

### A. Supportive Environment

#### 1. School Mission and Vision

##### a. Provide the school's mission statement.

Pinewood Elementary pledges to be a safe, respectful community where diverse learning is embraced, students are empowered, self-worth is promoted, and positive attitudes are celebrated. All students, staff, and families at PWE support each other through open communication to attain academic success. Students will be instilled with pride in self achievements and a desire to learn. PWE inspires hope and promise, celebrates citizenship, and builds trust through positive school and community relationships.

##### b. Provide the school's vision statement.

Pinewood Elementary is a safe, secure environment conducive to learning where:

Every student learns actively, accepts others, and achieves.

Every staff member is a leader, an active learner, and a caring advocate for children.

Every parent and the school community are invited, interested, and involved in the education of our students.

#### 2. School Environment

##### a. Describe the process by which the school learns about students' cultures and builds relationships between teachers and students.

The teacher student relationship is very important for children. A teacher and student who have the qualities of good communications, respect in a classroom, and show interest in teaching from the point of view of the teacher and learning from a student will establish a positive relationship in the classroom.

Children have different strategies for learning and achieving their goals. The key is, teachers need to continuously monitor the student in order for him or her to be aware of any difficulties the student is having. Understanding the child's problem, fear, or confusion will give the teacher a better understanding of the child's learning difficulties. Once the teacher becomes aware of the problems, he or she will have more patience with the student, thus making the child feel secure or less confused when learning is taking place in the classroom.

A significant body of research indicates that "academic achievement and student behavior are influenced by the quality of the teacher and student relationship" (Jones, 95). The more the teacher connects or communicates with his or her students, the more likely they will be able to help students learn at a high level and achieve academic success.

##### b. Describe how the school creates an environment where students feel safe and respected before, during and after school.

Implementation of the "house system" on campus provides an environment in which students feel engaged in a supportive community. Student representatives from grades 3-5 serve on the Student House Council and offer feedback and direction on student engagement and behaviors for the entire school.

Before and after school our 5th grade safety patrol students are an excellent resource in helping our

students feel safe and respected. They monitor the hallways during arrival and dismissal and remind students to follow the rules and stay safe.

During the school day, staff members out in the hallways will remind students to be safe and respectful. Our pawprints, a PBIS incentive, is often given out to students who are demonstrating those qualities. Positive office referrals increase positive behaviors on campus and ensure they feel respected for their positive choices. Parents appreciate the notification that their children are meeting school-wide behavioral and engagement expectations. In addition, our school counselor also does character education lessons during the school day to help teach and remind students why it is important to be safe and respectful.

**c. Describe the schoolwide behavioral system in place that aids in minimizing distractions to keep students engaged during instructional time. This may include, but is not limited to, established protocols for disciplinary incidents, clear behavioral expectations, and training for school personnel to ensure the system is fairly and consistently enforced.**

Pinewood Elementary has implemented the Positive Behavioral Interventions and Supports program (PBIS) to foster respect and safe behavior throughout our school. ALL school staff work together to reward students with tokens called "pawprints" for following the four (4) school-wide expectations: "Be respectful, responsible, safe and positive." Students can redeem these "pawprints" for various activities or items in the PBIS store as well as earn points for their house in the house system.

**d. Describe how the school ensures the social-emotional needs of all students are being met, which may include providing counseling, mentoring and other pupil services.**

The school provides a variety of programs that help to meet the social-emotional needs of our students. A number of our students receive counseling services from Suncoast Counseling Agency that works hand in hand with our school staff to facilitate the process of making sure our student needs are being met. A staff/student mentoring program has also begun. Staff members are paired up with students who may be exhibiting some social-emotional needs through a check in/check out system. The school counselor provides individual and group counseling sessions to students in every grade level on a number of issues.

### 3. Early Warning Systems

The school's response to this section may address the requirements of ESSA, P.L. No. 114-95, Â§ 1114(b)(7)(A)(i) and (b)(7)(A)(iii)(III).

**a. Describe the school's early warning system and provide a list of the early warning indicators used in the system.**

Pinewood Elementary School's MTSS team meets on a regular basis to discuss at-risk students. During the meetings, a group of administrators, counselors, teachers, and/or parents meet to discuss the student's progress using current grades, attendance records, assessment data, and behavioral data. This groups then works to determine a set of interventions that can be implemented to help the students to be successful.

The following factors are used to determine students that are discussed during meetings:  
Attendance below 90 percent, regardless of whether a students absence is excused or a result of out-of-school suspension  
One or more suspensions, whether in school or out of school  
Course failure in English Language Arts or mathematics  
A Level 1 score on the statewide, standardized assessments in English Language Arts or mathematics

**b. Provide the following data related to the school's early warning system**

**1. The number of students by grade level that exhibit each early warning indicator:**

Indicator	Grade Level													Total
	K	1	2	3	4	5	6	7	8	9	10	11	12	
Attendance below 90 percent	29	25	12	18	24	13	0	0	0	0	0	0	0	121
One or more suspensions	0	0	1	0	0	0	0	0	0	0	0	0	0	1
Course failure in ELA or Math	0	0	0	0	0	0	0	0	0	0	0	0	0	
Level 1 on statewide assessment	0	0	0	8	22	32	0	0	0	0	0	0	0	62

**The number of students identified by the system as exhibiting two or more early warning indicators:**

Indicator	Grade Level													Total
	K	1	2	3	4	5	6	7	8	9	10	11	12	
Students exhibiting two or more indicators	0	0	0	1	4	4	0	0	0	0	0	0	0	9

**c. Describe all intervention strategies employed by the school to improve the academic performance of students identified by the early warning system.**

May have included several or all of the listed below:

- \* Parent Contact ( phone, email, conferences)
- \* MTSS process
- \* PBIS incentives for positive behavior and attendance
- \* Positive Office Referrals
- \* Truancy letters mailed to parent and officer visits to home
- \* Small groups for academic interventions
- \* Guidance mediation and counseling
- \* iReady interventions for Math and ELA
- \* Growth Mindset presentation before FSA testing
- \* Check in and Check out system
- \* Monthly meetings with Staff to review Rti data

**B. Family and Community Engagement**

The school's response to this section may address the requirements of ESSA, P.L. No. 114-95, Â§ 1114(b)(2) and (b)(7)(A)(iii)(I).

**1. Describe how the school works at building positive relationships with families to increase involvement, including efforts to communicate the school's mission and vision, and keep parents informed of their child's progress.**

**a. Will the school use its Title I Parent and Family Engagement Policy (PFEP) to satisfy this question?**

Yes

**1. PFEP Link**

The school completes a Parental Involvement Plan (PFEP), which is accessible through the Continuous Improvement Management System (CIMS) at <https://www.floridacims.org/documents/447878>.

**2. Description**

A PIP has been uploaded for this school or district - see the link above.

**2. Describe the process by which the school builds and sustains partnerships with the local community for the purpose of securing and utilizing resources to support the school and student achievement.**

\*SAC will use the results of the School and Title I Parent surveys to guide the development of the Parent Involvement Plan.

\*Pinewood will host an open house event, to give the parents and child an opportunity to meet the teacher.

\*Evening family involvement events will be scheduled throughout the school year.

\*Student reinforcement events will be scheduled to encourage increased parent attendance at Parent Teacher Conferences.

\*Implement services of a parent liaison to increase communication with and involvement from parents.

## C. Effective Leadership

### 1. School Leadership Team

#### a. Membership

Identify the name, email address and position title for each member of the school leadership team.:

Name	Title
Radcliff, Jennifer	Principal
Raiford, Kelly	Instructional Coach
Carroll, Dayna	SAC Member
Muto, Vanessa	School Counselor
Asciutto-Houck, Andrea	Instructional Coach
Smith, Cristina	Assistant Principal
Parker, Jennifer	Instructional Coach
Morris, Patty	Assistant Principal

#### b. Duties

**1. Describe the roles and responsibilities of the members, including how they serve as instructional leaders and practice shared decision making.**

The school-based leadership team serves as the liaison between the administration and the instructional staff. They are responsible for getting information back to their teams, as well as bringing concerns and comments back to the group.

**2. Describe the process through which school leadership identifies and aligns all available resources (e.g., personnel, instructional, curricular) in order to meet the needs of all students and maximize desired student outcomes. Include the methodology for coordinating and supplementing federal, state and local funds, services and programs. Provide the person(s) responsible, frequency of meetings, how an inventory of resources is maintained and any problem-solving activities used to determine how to apply resources for the highest impact.**

The Leadership Team will focus meetings around one question: How do we develop and maintain a problem solving system that will promote student achievement and best instructional practice? The team meets bi-weekly to engage in the following activities: review screening data and align with

instructional decisions; review progress monitoring data at the grade level and classroom level to identify students who are meeting/exceeding benchmarks, at moderate risk or at high risk for not meeting benchmarks. Based on this information, the team will identify professional development, resources, and support teachers to make sure individual student needs are being met. The team will also collaborate regularly, problem solve, share effective practices, evaluate implementation, and make decisions. The team will also facilitate the process of building consensus, increasing infrastructure, and making decisions about implementation.

Pinewood Elementary School coordinates and integrates all federal, state, and local programs that impact the school :

- Implements research-based resources funded by local and federal funds
- The Comprehensive Needs Assessment considers student academic needs as well as staff development data that addresses the priorities established for Title III, Migrant and Title I programs
- School improvement plan objectives reflect the research-based strategies with a focus on achieving state and district priorities
- Input from the Pre K programs is obtained by the school and district and is included in the transition plan
- Parent surveys are conducted annually and developed with input from parents who represent Title I Part A, Migrant and ELL programs
- Partnerships are established (i.e. with FDLRS)
- Coordination and scheduling of instructional programs (i.e. DARE)
- Implementation of parent information programs
- Brochures and referrals for parent and student support from the guidance department, school nurse and other school personnel

## 2. School Advisory Council (SAC)

### a. Membership

Identify the name and stakeholder group for each member of the SAC.:

Name	Stakeholder Group
Dayna Carroll	Teacher
Eva Anderson	Education Support Employee
Sally-Ann Mikati	Parent
Mala Naik	Parent
Jennifer Radcliff	Principal
Sharon Lindsey	Parent
Carla Giacobello	Parent

### b. Duties

**1. Provide a description of the SAC's involvement with the following activities, as required by section 1001.452(2), Florida Statutes**

The school's response to this question may address the requirements of ESSA, P.L. No. 114-95, Â§ 1114(b)(2).

#### a. Evaluation of last year's school improvement plan

Evaluation was ongoing last year, with each SIP Goal Chair reporting at each meeting. At the final meeting of the year in May, the group assessed where we were at each goal and shared a plan for the upcoming year based on the current data and SIP team discussion.

#### b. Development of this school improvement plan

The purpose of a SAC is to assist in the preparation and evaluation (developing and evaluating) of the results of the school improvement plan.

*c. Preparation of the school's annual budget and plan*

The role of a School Advisory Council is to assist in the preparation of the annual budget, making suggestions to administration.

**2. Describe the use of school improvement funds allocated last year, including the amount budgeted for each project.**

School Improvement fund requests must all be reviewed and voted upon by SAC members. These funds may be expended only on programs or projects that are directly related to School Improvement as stated in our SIP goals. Such funds are recommended to benefit larger groups of students so that as many students as possible are benefiting.

**3. Verify that the school is in compliance with section 1001.452, Florida Statutes, regarding the establishment requirements and duties of the SAC.**

Yes

*a. If the school is not in compliance, describe the measures being implemented to meet SAC requirements.*

**3. Literacy Leadership Team (LLT)**

**a. Membership**

Identify the name and position title for each member of the school-based LLT or similar group, if applicable.:

Name	Title
Asciutto-Houck, Andrea	Instructional Coach
Carroll, Dayna	Instructional Coach
Smith, Cristina	Assistant Principal
Radcliff, Jennifer	Principal
Morris, Patty	Assistant Principal

**b. Duties**

**1. Describe how the LLT or similar group promotes literacy within the school, if applicable.**

The LLT will be focused on analyzing current student data (FSA, iReady, running records, Bear Spelling Inventories, classroom pre/post assessments, iReady, and district benchmarks) to ensure instruction is aligned with highly effective instructional strategies and best practices as well as student needs. Our focus this year will be to follow the district initiatives to implement Reader's Workshop and Guided Reading with fidelity.

**D. Public and Collaborative Teaching**

The school's responses to this section may address the requirements of ESSA, P.L. No. 114-95, Â§ 1114(b)(7)(A)(iii)(IV).

**1. Describe the school's strategies to encourage positive working relationships between teachers, including collaborative planning and instruction.**

We will continue the implementation of PLC's school-wide to encourage positive working relationships between teachers and to maintain a focus on student learning. Our leadership team will continue to

provide staff development on PLC's and monitor implementation. PLC work will move through an effective PLC cycle with work focusing on standards and taxonomy, lesson design, development of Common Formative Assessments (CFAs), and analysis of CFA and daily lesson monitoring. PLC's at individual grade levels will meet weekly to plan collaboratively and ensure standards-based lesson plans are created that follow our district-wide curriculum frameworks. Monthly PLC's will be held based around teacher chosen deliberate practice elements from the Marzano framework.

**2. Describe the school's strategies to recruit, develop and retain highly qualified, certified-in-field, effective teachers to the school.**

The school provides new teachers to the county with mentors and offers on-going opportunities for professional growth.

**3. Describe the school's teacher mentoring program, including the rationale for pairings and planned mentoring activities.**

Each teacher new to the district is assigned a veteran teacher, preferably within their grade level, to serve as their mentor for the year. Instructional coaches will monitor the relationships and mentoring dynamics while administration will monitor effectiveness.

## **E. Ambitious Instruction and Learning**

### **1. Instructional Programs and Strategies**

#### **a. Instructional Programs**

***1. Describe how the school ensures its core instructional programs and materials are aligned to Florida's standards.***

We will utilize the district frameworks which were created and revised by instructional leaders throughout the county. These frameworks are designed for teachers to teach all of the Florida standards prior to the end of the year. All the materials we use are research-based and instructionally relevant to the Florida standards. Teachers use the district provided resources for core instruction including Ready MAFS and LAFS tools, iReady computer based instruction, and guided reading instructional materials. These materials are all aligned to the Florida standards.

#### **b. Instructional Strategies**

***1. Describe how the school uses data to provide and differentiate instruction to meet the diverse needs of students. Provide examples of how instruction is modified or supplemented to assist students having difficulty attaining the proficient or advanced level on state assessments.***

District and teacher created formative assessments provide teachers with data to drive instruction. Teachers teach using the workshop method which allows for a short mini-lesson and small group instruction. Small groups are pulled based on student needs as determined by the data collected. Instructional small groups monitored through the use of mini-assessments prior to summative assessments. This allows teachers to pull additional small groups as needed for struggling learners. An intervention block has been built into the daily schedule to provide time for students that need additional support in attaining grade-level proficiency. Coaches and administration assist by observing during instructional blocks to ensure instructional techniques are effective.

***2. Provide the following information for each strategy the school uses to increase the amount and quality of learning time and help enrich and accelerate the curriculum:***

**Strategy:** Extended School Day

**Minutes added to school year:** 9,900

i-Ready instructional usage before and after school for students K - 5.

**Strategy Rationale**

Academic Support

**Strategy Purpose(s)**

- Core Academic Instruction
- Enrichment

**Person(s) responsible for monitoring implementation of the strategy**

**Data that is or will be collected and how it is analyzed to determine effectiveness of the strategy**

i-Ready diagnostic assessments.

**Strategy:** Extended School Day

**Minutes added to school year:** 5,040

iReady math and reading computer-based instruction will be used for before and after-school instruction to increase instructional learning time.

**Strategy Rationale**

The increased instructional time will increase student achievement using this research-based instructional tool.

**Strategy Purpose(s)**

## 2. Student Transition and Readiness

### a. PreK-12 Transition

The school's response to this question may address the requirements of ESSA, P.L. No. 114-95, Â§ 1114(b)(7)(A)(iii)(V).

**1. Describe the strategies the school employs to support incoming and outgoing cohorts of students in transition from one school level to another.**

Pinewood notifies local preschool programs in the spring to schedule tours for incoming kindergartners. Information is also sent out in the PawPrints newsletter.

At Pinewood Elementary, all incoming Kindergarten students are assessed prior to or upon entering Kindergarten in order to ascertain individual and group needs.

At Pinewood Elementary, we work with our local middle school to provide a 6th grade orientation at the end of the 5th grade year where students visit the school. Middle school representatives also visit PWE where they share expectations, middle school programs, and answer questions from in-coming students.

## **b. College and Career Readiness**

**1. Describe the strategies the school uses to advance college and career awareness, which may include establishing partnerships with business, industry or community organizations.**

**2. Identify the career and technical education programs available to students and industry certifications that may be earned through those respective programs.**

**3. Describe efforts the school has taken to integrate career and technical education with academic courses (e.g., industrial biotechnology) to support student achievement.**

**4. Describe strategies for improving student readiness for the public postsecondary level based on annual analysis of the [High School Feedback Report](#), as required by section 1008.37(4), Florida Statutes.**

## **II. Needs Assessment**

The school's completion of this part may address the requirements of ESSA, P.L. No. 114-95, Â§ 1114(b)(6).

### **A. Problem Identification**

#### **1. Data to Support Problem Identification**

##### **b. Data Uploads**

Data uploads are not required by the Florida Department of Education but are offered as a tool for the needs assessment. In this section, the school may upload files of locally available data charts and graphs being used as evidence of need.

The following documents were submitted as evidence for this section:

*No files were uploaded*

#### **2. Problem Identification Summary**

This section is not required by the Florida Department of Education but is provided as an opportunity for the school to summarize the points of strength and areas of need that have been identified in the data.

### **B. Problem Analysis Summary**

This section is not required by the Florida Department of Education but is provided as an opportunity for the school to summarize the underlying "why" or root causes for the areas of need identified in the data, as determined by situational awareness of, and research conducted by, the stakeholders involved in the needs assessment.

### **C. Strategic Goals**

## School Improvement Goals

*The following key is intended to help readers understand how the sections of this document correspond to the steps of the 8-step planning and problem-solving framework used in the School Improvement Plan. The Quick Key numbers can help registered users go directly to the point of entry for any given goal, barrier and strategy within the online survey.*

### Problem Solving Key

**G** = Goal

**B** =  
Barrier

**S** = Strategy

 S123456 = Quick Key

## Strategic Goals Summary

- G1.** The percentage of students achieving proficiency (level 3 or above) in math will increase from 64% to 69%.
- G2.** The percentage of students achieving proficiency (level 3 and above) in Science will increase to 45%.
- G3.** Increase number of parents attending grade level curriculum nights, parent-teacher conference nights, and math/science/literacy nights.
- G4.** The percentage of students achieving proficiency (Level 3 or above) in ELA will increase from 52% to 57% on the 2018 administration of FSA.

## Strategic Goals Detail

*For each strategic goal, this section lists the associated targets (i.e., "SMART goals"), targeted barriers to achieving the goal, resources available to help reduce or eliminate the barriers, and the plan for monitoring progress toward the goal.*

**G1.** The percentage of students achieving proficiency (level 3 or above) in math will increase from 64% to 69%. 1a

G098488

**Targets Supported** 1b

Indicator	Annual Target
FSA Mathematics Achievement	69.0

**Targeted Barriers to Achieving the Goal** 3

- Strengthen teacher content knowledge with a deeper understanding of the Florida Standards and how they apply to instruction and student achievement.
- Use of best instructional practices that are data driven within the Math Workshop Model.
- Teachers need to increase student achievement in number sense and fluency.

**Resources Available to Help Reduce or Eliminate the Barriers** 2

- Math coaches in planning with teachers will help unwrap the standards to gain a better understanding of the common student errors and to be able to effectively plan monitoring for achievement.
- Math coaches will build capacity through planning in PLC's (Professional Learning Communities) with grade levels to use student data to plan for the different components of the math workshop.
- Math coaches will model Number Talks and build capacity with teacher leaders at each grade level to support the ongoing work in this area.

Indicator	Annual Target
FCAT 2.0 Science Proficiency	45.0

**Targeted Barriers to Achieving the Goal** 3

- Need for teachers to gain deeper understanding of teaching the standards with increased rigor and addressing cognitive complexity in questioning.
- Lack of Science instructional time
- Students lack the ability to apply knowledge of vocabulary in the Science content area.
- PBL's are not being implemented correctly; teacher are experiencing undesired student outcomes.
- Lack of data in grade levels K-4.

**Resources Available to Help Reduce or Eliminate the Barriers** 2

- Supplemental Science Instruction Through the Science Lab
- STEMScopes
- The Happy Scientist
- NGSSS Science Standards
- Science Test Item Specs
- Science Leveled Readers found in STEMScopes and Science Fusion website
- Nonfiction texts from Reading Units of Studies
- Common Unit Assessments

G098491

**Targets Supported** 1b

Indicator	Annual Target
FSA ELA Achievement	57.0

**Targeted Barriers to Achieving the Goal** 3

- Instructional Staff needs more support in identifying individual student reading deficiencies and then targeting instruction to meet those needs in small group strategy groups.
- Teachers need deeper understanding and experience with the rigor of the Florida Standards and how to utilize the test item specifications to think and plan for what is being asked of the learner.
- Students have limited vocabulary and oral language skills.

**Resources Available to Help Reduce or Eliminate the Barriers** 2

- Literacy Coaches will provide training opportunities centered around data analysis, mini lessons, reading and writing workshop strategies, text complexity, and small group instruction (guided reading/strategy lessons/confering).
- Instructional Frameworks and assessment guides have been developed for K-5. Literacy coaches will provide training, facilitate discussions, plan units around standards based instruction and standards based grading through PLCs.
- Literacy Coaches will model ways to incorporate more student talk and vocabulary building within the reading and writing workshops, book club focused around vocabulary instruction, district wide vocabulary training, and school site PD.

## Action Plan for Improvement

For each strategy selected in the plan to reduce a targeted barrier to a strategic goal, this section lists the rationale for that strategy (i.e., why the school believes it will reduce the barrier) and the action steps that have been identified as necessary to implementing the strategy, including details such as the point person, timing and duration, and evidence of completion. At the end of each set of action steps is the plan for monitoring the implementation and effectiveness of the respective strategy.

**G1.** The percentage of students achieving proficiency (level 3 or above) in math will increase from 64% to 69%. **1**

 **G098488**

**G1.B1** Strengthen teacher content knowledge with a deeper understanding of the Florida Standards and how they apply to instruction and student achievement. **2**

 **B264953**

**G1.B1.S1** Provide planning opportunities through PLC's and coaching in classrooms that unwraps standards for deeper content knowledge. **4**

 **S280835**

### Strategy Rationale

Students achievement will increase due to the instruction meeting the rigor and the depth of the standards.

### Action Step 1 **5**

Modeling, coaching cycles, PLC's and individualized teacher planning

**G1.B2** Use of best instructional practices that are data driven within the Math Workshop Model. **2**

 B264954

**G1.B2.S1** Provide modeling, coaching cycles, individualized teacher planning and conduct a Book Study on conferring with students in Math. **4**

 S280836

**Strategy Rationale**

To continue to support teachers' understanding of the Florida standards and how to implement instructional practices that differentiate the learning at the core for all students, at the complexity of the standard.

**Action Step 1** **5**

Coaches to provide modeling and coaching cycles focusing on the components of the math workshop.

Planning with teachers during PLC for guided math groups and intentional student practice.

Coaches facilitating book study on conferring with students during math.

**Person Responsible**

Jennifer Parker

**Schedule**

Monthly, from 8/15/2017 to 5/25/2018

***Evidence of Completion***

PLC agendas, coaching logs, sign in sheet for book study and unit/lesson plans based around the Math Workshop model.

**Plan to Monitor Fidelity of Implementation of G1.B2.S1** **6**

Monitor of workshop structure and planned activities within the workshop model.

**Person Responsible**

Jennifer Radcliff

**Schedule**

Monthly, from 8/15/2017 to 5/25/2018

***Evidence of Completion***

Teacher evaluations, lesson plans, PLC agendas

**Plan to Monitor Effectiveness of Implementation of G1.B2.S1** 7

Implementation of components of math workshop using best practice strategies within the classroom

**Person Responsible**

Jennifer Radcliff

**Schedule**

Monthly, from 8/15/2017 to 5/25/2018

**Evidence of Completion**

Student performance on various assessments

**G1.B3 Teachers need to increase student achievement in number sense and fluency.** 2

 B264955

**G1.B3.S1 Teachers will use Number Talks with fidelity during the math workshop.** 4

 S280837

**Strategy Rationale**

Through daily exposure of mental math strategies that focus on number sense and fluency, students' achievement in these areas will increase.

**Action Step 1** 5

Coach, model, and support Number Talks in the K-5 classrooms.

**Person Responsible**

Kelly Raiford

**Schedule**

Weekly, from 8/15/2017 to 5/25/2018

**Evidence of Completion**

**Plan to Monitor Fidelity of Implementation of G1.B3.S1** 6

Observe teacher use of Number Talks in the K-5 classrooms.

**Person Responsible**

Jennifer Radcliff

**Schedule**

Weekly, from 8/15/2017 to 5/25/2018

***Evidence of Completion***

Lesson plans, observational notes, and evaluations

**Plan to Monitor Effectiveness of Implementation of G1.B3.S1** 7

Analyzing student data focusing on gains in number sense and fluency in the K-5 classrooms.

**Person Responsible**

Jennifer Radcliff

**Schedule**

Monthly, from 8/15/2017 to 5/25/2018

***Evidence of Completion***

Increase in student academic growth

**G2.** The percentage of students achieving proficiency (level 3 and above) in Science will increase to 45%. 1

 G098489

**G2.B1** Need for teachers to gain deeper understanding of teaching the standards with increased rigor and addressing cognitive complexity in questioning. 2

 B264956

**G2.B1.S1** Unwrap standards and plan in PLC's; utilize cross grade level alignment of standards in the science specs to support students. 4

 S280838

### Strategy Rationale

Teachers will understand what they are teaching and what students should have learned prior that scaffolds what they need to learn.

### Action Step 1 5

Review of item specs and standards during PLC meetings.

#### Person Responsible

Patty Morris

## Plan to Monitor Effectiveness of Implementation of G2.B1.S1 7

Review unit assessment data to identify standards that offer opportunities for improvement based on students' results.

### Person Responsible

Cristina Smith

### Schedule

Quarterly, from 8/15/2017 to 6/3/2018

### Evidence of Completion

Unit assessment scores

## G2.B1.S2 Vertically analyze unit assessment data to find gaps in learning. 4

 S280839

### Strategy Rationale

By monitoring unit assessment data, teachers can identify potential opportunities for improvement and reinforce teaching practices that focus on specific standards.

## Action Step 1 5

Students are assessed after each unit using common unit assessments. Data is analyzed during vertical planning and Science SIP meetings to identify standards which present opportunities for improvement.

### Person Responsible

Michelle Heath

### Schedule

Quarterly, from 10/2/2017 to 6/4/2018

### Evidence of Completion

Data analysis records to show focus standards.

**Plan to Monitor Fidelity of Implementation of G2.B1.S2** 6

***Evidence of Completion***

Student unit assessment scores.

**G2.B1.S3** Increase instruction around Life Science by collaborating with Science Lab teacher. 4

 S280840

**Strategy Rationale**

By increasing exposure to Life Science concepts, students will gain a deeper understanding of the standards found in this domain.

**Action Step 1** 5

Science Lab teacher will meet with grade level teachers in PLC's to identify specific Life Science standards to teach during Science Lab time.

**Person Responsible**

Michelle Heath

**Schedule**

Monthly, from 10/3/2017 to 6/4/2018

***Evidence of Completion***

Meeting notes, Science Lab teacher lesson plans

**Plan to Monitor Fidelity of Implementation of G2.B1.S3** 6

Administration will monitor lesson plans to ensure that lab instruction matches grade level scope and sequence.

**Person Responsible**

Jennifer Radcliff

**Schedule**

Quarterly, from 10/3/2017 to 6/4/2018

***Evidence of Completion***

Lesson plans align with scope and sequence for grade levels.

## Plan to Monitor Effectiveness of Implementation of G2.B1.S3 7

Teachers and Science Lab teacher analyze unit assessment data after Life Science standards have been taught.

### Person Responsible

Michelle Heath

### Schedule

On 6/4/2018

### Evidence of Completion

Analyze Life Science unit assessment data to determine if student understanding of standards has improved.

## G2.B2 Lack of Science instructional time 2

 B264957

**G2.B2.S1** Integrate science in small group instruction during ELA (small group, independent reading, writing prompts, etc) and Math. 4

 S280841

### Strategy Rationale

Integration of subjects will increase time spent on science instruction.

## Action Step 1 5

Teachers need to integrate science content and nonfiction texts into ELA and Math instruction through mini lessons, small group instruction, and independent practice activities.

### Person Responsible

Andrea Asciutto-Houck

### Schedule

Daily, from 8/15/2017 to 6/3/2018

### Evidence of Completion

Classroom observations; lesson plans; instructional focus calendars; benchmark test results

**Plan to Monitor Fidelity of Implementation of G2.B2.S1** 6

Teacher lesson plans and classroom materials will include science texts and hands on components.

***Evidence of Completion***

Increased unit assessment scores.

**G2.B2.S2** Isolate time in schedule for science instruction. 4

 S280842

**Strategy Rationale**

Allow teachers to focus specifically on Science concepts by planning specific time for science instruction.

**Action Step 1** 5

Build Science block into master schedule.

**Person Responsible**

Cristina Smith

**Schedule**

On 6/4/2018

***Evidence of Completion***

Teachers are utilizing Science instruction time in daily schedule.

**Plan to Monitor Fidelity of Implementation of G2.B2.S2** 6

Teacher schedules and classroom walk throughs.

**Person Responsible**

Cristina Smith

**Schedule**

Daily, from 8/15/2017 to 6/4/2018

***Evidence of Completion***

On a daily basis, teachers are utilizing the predetermined time in master schedule to teach Science concepts.

## Plan to Monitor Effectiveness of Implementation of G2.B2.S2 7

Analyze unit assessment scores.

## G2.B3 Students lack the ability to apply knowledge of vocabulary in the Science content area. 2

 B264958

### G2.B3.S1 Implement common vocabulary to use in all grade levels 4

 S280843

### Strategy Rationale

Daily practice of vocabulary will increase comprehension of science content.

## Action Step 1 5

Explicitly teach vocabulary from district lists and focus on "Word of the Day".

### Person Responsible

Jennifer Radcliff

### Schedule

Semiannually, from 8/15/2017 to 6/4/2018

### Evidence of Completion

Classroom observations; lesson plans; assessments; student journals

**Plan to Monitor Fidelity of Implementation of G2.B3.S1** 6

Monitor vocabulary implementation through lesson plans.

**G2.B3.S2** Provide hands on, engaging and relevant science experiences to improve retention of science concepts and vocabulary. 4

S280844

### Strategy Rationale

Continuously expose students to science in order to improve retention of vocabulary.

### Action Step 1 5

Incorporate print-rich environments throughout school campus; label objects around campus.

#### Person Responsible

Jennifer Parker

#### Schedule

Daily, from 8/15/2017 to 6/4/2018

#### Evidence of Completion

Visible science vocabulary in all areas of campus.

### Plan to Monitor Fidelity of Implementation of G2.B3.S2 6

SIP committee discuss and organize vocabulary words and specific destinations on campus for science concepts.

#### Person Responsible

Michaela Martin

#### Schedule

Semiannually, from 8/15/2017 to 6/4/2018

#### Evidence of Completion

Students will be exposed to science vocabulary throughout the school campus. Vocabulary understanding will increase on unit assessment data.

2

 B264959

**G2.B4.S1** Create PBL's that are standard-specific. 4

 S280845

**Strategy Rationale**

PBL's should target specific standards in order for students to gain deeper knowledge of standard.

**Action Step 1** 5

Teachers will create PBL's around specific standards based on scope and sequence.

**Person Responsible**

Jennifer Parker

**Schedule**

Monthly, from 8/15/2017 to 5/31/2018

**Evidence of Completion**

A menu of PBL's created to use based on science standards.

**Plan to Monitor Fidelity of Implementation of G2.B4.S1** 6

Science benchmark scores will be evaluated to show success.

**G2.B4.S2 Professional development opportunities** 4

 S280846

**Strategy Rationale**

Professional development will give teachers the opportunity to understand elements, goals and materials necessary for PBL's.

**Action Step 1** 5

Identify professional development programs related to PBL implementation and monitoring.

**Person Responsible**

Jennifer Parker

**Schedule**

On 6/4/2018

***Evidence of Completion***

Identified professional development programs.

**Plan to Monitor Fidelity of Implementation of G2.B4.S2** 6

## V. Professional Development Opportunities

*Professional development opportunities identified in the SIP as action steps to achieve the school's goals.*

**G1.** The percentage of students achieving proficiency (level 3 or above) in math will increase from 64% to 69%.

**G1.B1** Strengthen teacher content knowledge with a deeper understanding of the Florida Standards and how they apply to instruction and student achievement.

**G1.B1.S1** Provide planning opportunities through PLC's and coaching in classrooms that unwraps standards for deeper content knowledge.

### PD Opportunity 1

Modeling, coaching cycles, PLC's and individualized teacher planning

#### Facilitator

Kelly Raiford and Jennifer Parker

#### Participants

Teachers

#### Schedule

Monthly, from 8/15/2017 to 5/25/2018

**G1.B2** Use of best instructional practices that are data driven within the Math Workshop Model.

**G1.B2.S1** Provide modeling, coaching cycles, individualized teacher planning and conduct a Book Study on conferring with students in Math.

### PD Opportunity 1

Coaches to provide modeling and coaching cycles focusing on the components of the math workshop. Planning with teachers during PLC for guided math groups and intentional student practice. Coaches facilitating book study on conferring with students during math.

#### Facilitator

Jennifer Parker and Kelly Raiford

#### Participants

K-5 Instructional Teachers

#### Schedule

Monthly, from 8/15/2017 to 5/25/2018

**G2.** The percentage of students achieving proficiency (level 3 and above) in Science will increase to 45%.

**G2.B4** PBL's are not being implemented correctly; teacher are experiencing undesired student outcomes.

**G2.B4.S2** Professional development opportunities

**PD Opportunity 1**

Identify professional development programs related to PBL implementation and monitoring.

**Facilitator**

Radcliff

**Participants**

K-5 staff

**Schedule**

On 6/4/2018

**G4.** The percentage of students achieving proficiency (Level 3 or above) in ELA will increase from 52% to 57% on the 2018 administration of FSA.

**G4.B1** Instructional Staff needs more support in identifying individual student reading deficiencies and then targeting instruction to meet those needs in small group strategy groups.

**G4.B1.S1** Ongoing professional development around analyzing student data (Running Records, iReady data, summative/formative assessments) and differentiating instruction based on student needs.

**PD Opportunity 1**

Model Lessons, Staff Meetings, Professional Development/Trainings, Grade Level Meetings, Individual Teacher Discussions

**Facilitator**

Andrea Asciutto-Houck and Dayna Carroll

**Participants**

Literacy Coaches and Instructional Staff

**Schedule**

Monthly, from 8/15/2017 to 8/23/2018

**G4.B2** Teachers need deeper understanding and experience with the rigor of the Florida Standards and how to utilize the test item specifications to think and plan for what is being asked of the learner.

**G4.B2.S1** Literacy coaches will assist in curriculum development and unit planning through PLCs

### PD Opportunity 1

Review Florida Standards as a team Explore Instructional Frameworks and test item specs Gather materials to support teaching to the rigor of the Florida Standards Plan instructional strategies and lessons to support mastery of the Florida Standards

#### Facilitator

Andrea Asciutto-Houck Dayna Carroll

#### Participants

Instructional Staff

#### Schedule

Weekly, from 8/15/2017 to 5/24/2018

**G4.B3** Students have limited vocabulary and oral language skills.

**G4.B3.S1** Literacy coaches will model effective ways to include vocabulary building and more time for student-centered talk within the reading and writing workshop. District wide vocabulary/oral language training will be provided and school site PD/book clubs will be offered for teachers

### PD Opportunity 1

Coaches will model preparation and implementation of explicitly planned Interactive Read Alouds to allow for student talk with multiple opportunities for students to discuss reading and writing through partner work. Coaches will provide both school site and district PD, and facilitate grade level based book studies.

#### Facilitator

Dayna Carroll (K-2) Andrea Asciutto-Houck (3-5)

#### Participants

Coaches/Instructional Staff

#### Schedule

Monthly, from 8/15/2017 to 5/24/2018
