Note: The school grades calculation was revised substantially for the 2014-15 school year to implement statutory changes made by the 2014 Legislature and incorporate the new Florida Standards Assessments. The 2014-15 school grades serve as informational baseline data that schools can use to improve in future years.

School Board Approval

This plan is pending approval by the Broward County School Board.

SIP Authority and Template

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a school improvement plan (SIP) for each school in the district that has a school grade of D or F.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F (see page 4). For schools receiving a grade of A, B, or C, the district may opt to require a SIP using a template of its choosing.

This document was prepared by school and district leadership using the FDOE's school improvement planning web application located at <https://www.floridacims.org>.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. A corollary at the district level is the District Improvement and Assistance Plan (DIAP), designed to help district leadership make the necessary connections between school and district goals in order to align resources. The Florida Department of Education encourages schools to use the SIP as a “living document” by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the “Date Modified” listed in the footer.

Part I: Current School Status

Part I organizes the current status of the school around five domains inspired by the 5Essentials framework: Supportive Environment, Family and Community Involvement, Effective Leadership, Public and Collaborative Teaching, and Ambitious Instruction and Learning. Questions regarding the school’s Multi-Tiered System of Supports have been embedded throughout this part to demonstrate how data is used by stakeholders to understand the needs of all students and allocate appropriate resources in proportion to those needs.

Part II: Needs Assessment

Part II requires the school to review performance and early warning systems data in order to develop strategic goals and associated data targets (i.e., “SMART goals”) for the coming school year in context of the school’s greatest strengths and needs. An online tool was developed, which includes data visualizations and processing questions to support problem identification, problem analysis and strategic goal formulation.

Part III: 8-Step Planning and Problem Solving for Implementation

Part III enables the school to develop implementation plans for its highest-priority goals. With the overview of the current state of the school in mind and the strategic goals identified through the needs assessment, the planning team engages in a facilitated planning and problem-solving process, through which they

- Define strategic goals and establish targets to be reached by successfully achieving the goals (Step 1)
- Identify barriers that could hinder achieving those goals and resources that could be used to eliminate or reduce barriers (Step 2)
- Select high-priority barriers they want to address initially (Step 3)
- Design implementation and monitoring plans for strategies to resolve selected barriers (Steps 4-7)
- Determine how they will monitor progress toward each goal (Step 8)

Appendices

The following appendices, automatically-generated from content entered in Part III, are included in this document:

- Appendix 1 is a timeline of all action steps and monitoring activities
- Appendix 2 is an outline of all professional development opportunities and technical assistance items
- Appendix 3 is a report of the budget needed to implement the strategies

Differentiated Accountability

Florida's Differentiated Accountability (DA) system, established in [section 1008.33, Florida Statutes](#), is a statewide network of strategic support, differentiated by need according to performance data, provided to districts and schools in order to improve leadership capacity, teacher efficacy, and student outcomes. Through a data-driven planning and problem-solving process, DA field teams collaborate with district leadership to design, implement, and refine strategic goals and action plans that are documented in the SIP.

DA Regions

Florida's DA network is divided into four geographical regions, each served by a field team led by a regional executive director (RED).

DA Categories

At the start of each academic year, traditional schools are classified for DA support in two categories based on the most recent school grades data available. Descriptions of each DA category along with the state support and interventions provided are set forth by [Rule 6A-1.099811, Florida Administrative Code](#):

- **Not in DA** - A school with a current school grade of A, B, or C; charter schools; and ungraded schools.
- **Targeted Support and Improvement** - A school with a current school grade of an initial D.
- **Comprehensive Support and Improvement** - A school with a current school grade of F or two consecutive grades of D, or a high school with a graduation rate of 67 percent or less in the most recent data release.

DA Turnaround Status

Additionally, Comprehensive Support and Improvement schools have a turnaround status of "Implementing," based on a school's grades history, including the current school grade:

- Implementing - A school with a status of "Implementing" requires the district to submit a turnaround plan to the State Board of Education for approval and implementation. A school remains in "Implementing" status until its school grade improves to a C or higher.

I. Part I: Current School Status

A. Supportive Environment

1. School Mission and Vision

a. Provide the school's mission statement.

The mission of Walker Elementary School of the Arts is to provide students with a quality education within a safe and secure learning environment.

b. Provide the school's vision statement.

We believe that all students can achieve at their highest potential given the opportunity to grow in the area of academics, social skills and in the visual and performing arts, to be prepared for the competitive world of college and career, with 21st Century skills.

2. School Environment

a. Describe the process by which the school learns about students' cultures and builds relationships between teachers and students.

In order to develop skills for cross cultural backgrounds, all staff will become knowledgeable of students' cultural backgrounds and experiences. By gaining general knowledge about students' cultures, this insight will give teachers a sense of perception about behavior, communication, and learning styles. Students are more likely to succeed if they feel connected to the school in a positive manner which will therefore create a quality classroom environment. Throughout the school year, students will be engaged in activities that will highlight the students' origins and/or creating projects that promote themes of diversity, tolerance, and sense of community.

b. Describe how the school creates an environment where students feel safe and respected before, during and after school.

Walker Elementary is a school that promotes a safe and respectful environment before, during, and after school where the students have an open door policy to share their concerns. The school is committed to promoting safety and respect, which is essential for teaching and learning. The school is also committed to reinforcing positive tenets of character education through guidance where the students are able to incorporate and model monthly expectations throughout the school year. It is critical to establish clear expectations where the students feel safe and respected by: being explicit about expectations, engage students in discussions regarding class norms, model the behavior Walker Elementary expects, and provides ample opportunities for students to practice.

c. Describe the schoolwide behavioral system in place that aids in minimizing distractions to keep students engaged during instructional time. This may include, but is not limited to, established protocols for disciplinary incidents, clear behavioral expectations, and training for school personnel to ensure the system is fairly and consistently enforced.

Walker Elementary's school wide behavioral plan involves six comprehensive steps that will help minimize distractions to keep students engaged during instructional time. Step one involves collecting behavior data and analyzing the top 10 incidents that occurred in the previous school year (2016-2017). Step two targets the behavior benchmark by decreasing the school wide target behavior by 70% where the students are in compliance of ensuring all body parts and objects are kept to themselves. Step three documents resources that are needed to reach the behavior target benchmarks. Cloud 9 Character Education, and a Comprehensive Mentoring Program(s) are resources that will be implemented with fidelity to reach Walker Elementary's target behavior

benchmarks. Step four involves implementation of the Cloud 9 Behavior Management System. Teachers and staff have been trained in Cloud 9, will continue sharing of Best Practices throughout the school year to reinforce consistent use of the Cloud 9 Program school wide and will implement the program with fidelity. Additionally, all staff will complete any and all anti-bullying training provided by the district. Step five targets professional development and community involvement strategies that will assist with minimizing distractions that may occur in the classrooms. Step six monitors the School-Wide Positive Behavior Plan and implementation strategies in order to make data driven decisions. Administration and support staff will monitor behavior data and discuss progress at weekly Support Staff meetings.

d. Describe how the school ensures the social-emotional needs of all students are being met, which may include providing counseling, mentoring and other pupil services.

Walker Elementary ensures the social-emotional needs of all learners are met by implementing a comprehensive mentoring program. At Walker Elementary we have formed partnerships with the local organizations that lend their time to assist our students. The mentoring organizations are geared to promote positive social interactions between the students and adults that are aligned together in order to promote authenticity, empathy, collaboration, and companionship to develop the whole child (student centered). Walker Elementary will promote a healthy understanding of the developmental issues that mentees may experience to help build open relationships that will lead to life-long partnerships. Ms G. Walker is the Guidance Counselor. She offers guidance groups for grades K-5.

3. Early Warning Systems

The school's response to this section may address the requirements of ESSA, P.L. No. 114-95, Â§ 1114(b)(7)(A)(i) and (b)(7)(A)(iii)(III).

a. Describe the school's early warning system and provide a list of the early warning indicators used in the system.

Attendance

- Step1: Contact Parents
- Step 2: Indicate via interims and conference forms
- Step 3: Social work referral

Suspensions

- Step1: Classroom management system/ Schoolwide behavior system
- Step 2: Contact Parent
- Step 3: Individualize behavior plan/ Intervention by behavior specialist
- Step 4: RTI referral
- Step 5: Contact Administration
- Step 6: Think About Behavior Intervention
- Step 7: Suspension

Course Failure

- Step 1: Contact Parent for conference
- Step 2: Place student on progress monitor plan
- Step 3: Provide Parents with an interim report

Level 1 on FSA

- Step 1: Analyze individual student's data
- Step 2: Remediate based on student's data
- Step 3: Provide intensive small group remediation in the afternoon
- Step 4: Monitor the student's progress
- Step 5: Reteach and Assess

b. Provide the following data related to the school's early warning system

1. The number of students by grade level that exhibit each early warning indicator:

Indicator	Grade Level												Total	
	K	1	2	3	4	5	6	7	8	9	10	11		12
Attendance below 90 percent	7	11	4	6	9	6	0	0	0	0	0	0	0	43
One or more suspensions	0	5	10	10	10	10	0	0	0	0	0	0	0	45
Course failure in ELA or Math	0	0	0	0	0	0	0	0	0	0	0	0	0	
Level 1 on statewide assessment	0	0	0	44	65	0	0	0	0	0	0	0	0	109
	0	0	0	0	0	0	0	0	0	0	0	0	0	

The number of students identified by the system as exhibiting two or more early warning indicators:

Indicator	Grade Level												Total	
	K	1	2	3	4	5	6	7	8	9	10	11		12
Students exhibiting two or more indicators	0	0	0	0	0	0	0	0	0	0	0	0	0	0

c. Describe all intervention strategies employed by the school to improve the academic performance of students identified by the early warning system.

- LLI
- Phonics for Reading
- Quick Reads
- Foundations
- Fast Track
- Achieve 3000
- Write in Reader
- Animated Math Model
- I-Ready Math
- I- Ready Ready

B. Family and Community Engagement

The school's response to this section may address the requirements of ESSA, P.L. No. 114-95, Â§ 1114(b)(2) and (b)(7)(A)(iii)(I).

1. Describe how the school works at building positive relationships with families to increase involvement, including efforts to communicate the school's mission and vision, and keep parents informed of their child's progress.

a. Will the school use its Title I Parent and Family Engagement Policy (PFEP) to satisfy this question?

No

1. PFEP Link

The school completes a Parental Involvement Plan (PFEP), which is available at the school site.

2. Description

Parent involvement at Walker Elementary is very low. Our target is to increase parent involvement by 50%. Parents will be informed of school events through the school's website and through grade specific parent workshops, newsletters, grade level academic nights, parent/teacher conferences, e-

mail alert system, and school marquee. Walker Elementary will utilize business partners and our newly formed PTA to help communicate the school's mission and vision in order to raise awareness and parental involvement.

2. Describe the process by which the school builds and sustains partnerships with the local community for the purpose of securing and utilizing resources to support the school and student achievement.

At Walker Elementary, our Performing and Visual Arts program is well known throughout our community and as a result, we have had the opportunity of forming loyal partnerships with organizations such as the Urban League, Afterschool Program, Mount Olive Church and a number of businesses that have graciously offered monetary assistance, as well human resources. Our parents are also very proud of our performing arts program and consequently, they attend many performances throughout the school year.

In addition, we provide a parent resource center on campus that invites parents to make use of the technology.

At Walker, we will continue to provide Title 1 parent nights that provide information on such topics as Anti-Bullying, Reading, Writing, Science, Math, and technology. Academics are integrated with the performing arts to build interest among our parents and the community.

C. Effective Leadership

1. School Leadership Team

a. Membership

Identify the name, email address and position title for each member of the school leadership team.:

Name	Title
Bullock, Philip	Principal
Eligon, Tauri	Assistant Principal
Maisel, James	Instructional Coach
Bernot, Roxanne	Teacher, ESE
McNabb, Alicia	Instructional Coach
Kerkerian, Gina	Instructional Coach
Gassman, Barbara	Instructional Coach

b. Duties

1. Describe the roles and responsibilities of the members, including how they serve as instructional leaders and practice shared decision making.

Mr. Philip Bullock, Principal, Monitors curriculum instruction, analyzes assessment data and instructional practices and provides support to teachers and staff. Mr. Tauri. Eligon and Mrs. Doughy, Assistant Principals, Monitor curriculum instruction and disciplinary concerns and provides support to teachers and staff. The school based RTI/MTSS Leadership Team consists of Mr. Philip Bullock, Principal, Mr. Tauri Eligon, Assistant Principal, Ms. Gloria Walker, Guidance Counselor, Ms. Barbara Gassman and Mr. James Maisel, Literacy Coaches, Ms. Gina Kerkerian, Math Coach, and Mrs. Alicia McNabb, Instructional Coach. These coaches model lessons, work with individual teachers to develop curriculum at all levels to differentiate instruction to meet the needs of all learners. Also included in the LLT are Ms. Roxanne Bernot, ESE Specialist (who is also responsible for RTI), Mrs.

Daly, ESE Support, Ms. Lissa Lebowitz, School Psychologist, Ms. Jamiro Smith, Behavior Tech. The RTI meetings are held twice a week to discuss intervention plans for students with academic and behavior concerns. The following problem-solving process will be used to assist in development and implementation the SIP:

1. Identify problems found in reading, math, writing, science, attendance, behavior, and parental involvement.
2. Analyze data to identify why the problems exist.
3. Develop and implement an Intervention Plan with goals, objectives, timelines and support.
4. Establish a monitoring process for anticipated outcomes.

2. Describe the process through which school leadership identifies and aligns all available resources (e.g., personnel, instructional, curricular) in order to meet the needs of all students and maximize desired student outcomes. Include the methodology for coordinating and supplementing federal, state and local funds, services and programs. Provide the person(s) responsible, frequency of meetings, how an inventory of resources is maintained and any problem-solving activities used to determine how to apply resources for the highest impact.

The assistant principal and ESE specialist preside over RTI/MTSS meetings. The RTI/MTSS meets weekly. Mr P. Bullock, Mr T. Eligon are the Facilitators of the RTI/MTSS Team. A support staff member is assigned to a grade level in the role of liaison between the grade levels and administration to provide continuous support throughout the school year. The support staff lends assistance to the faculty and staff by providing training and human resource. The SAC officers oversee the SIP and ensure that the staff maintains the focus described in the SIP.

A support staff member will be assigned to each grade level to provide the following: support through modeling lessons, working with low or high performing students (i.e., team teaching), assisting with integrating technology into lessons, monitoring classroom instruction daily, completing and sharing classroom walk through findings. They will also ensure that teachers have the necessary materials and supplies needed to meet the needs of their students. All grade level concerns will be discussed at the weekly support staff meetings.

Walker Elementary has a variety of programs that are funded in part by federal, state and local funds. MyOn, Achieve 3000, Acaletics, iReady, School City are programs that will all be used to improve student achievement.

2. School Advisory Council (SAC)

a. Membership

Identify the name and stakeholder group for each member of the SAC.:

Name	Stakeholder Group
Philip Bullock	Principal
James Frye, Jr	Teacher
	Student
	Student
Jodianne Martin	Teacher
	Student
Jennilee Jean-Pierre	Teacher

b. Duties

1. Provide a description of the SAC's involvement with the following activities, as required by section 1001.452(2), Florida Statutes

The school's response to this question may address the requirements of ESSA, P.L. No. 114-95, Â§ 1114(b)(2).

a. Evaluation of last year's school improvement plan

The current year's committee will make changes to last year's SIP based on the current needs of the school, through the use of last year's data in the areas of ELA, Math, Science, Student Discipline and Parental involvement. The SAC committee will review the SIP and will ensure maintenance and implementation.

b. Development of this school improvement plan

The SAC meets on a monthly basis. Informal and formal assessments, BAT and FSA test score results and trends are discussed and evaluated. Walker Elementary implements the BAS reading instrument (running record) and uses those test results and trends for monitoring purposes. Specific programs are incorporated into the daily instruction as a result of the specific needs of the students. Recommendations and research is done to ensure that the resources are provided and that the appropriate strategies are included in the SIP. The SAC makes recommendations, approves the SIP and monitors improvement.

c. Preparation of the school's annual budget and plan

Administration is responsible for the school's annual budget. However, the SAC provides input as the governing body of the school.

2. Describe the use of school improvement funds allocated last year, including the amount budgeted for each project.

The iReady computer based program cost is \$10,000, \$35,000 for Professional Development, and \$12,500 for Cloud 9.

3. Verify that the school is in compliance with section 1001.452, Florida Statutes, regarding the establishment requirements and duties of the SAC.

Yes

a. If the school is not in compliance, describe the measures being implemented to meet SAC requirements.

3. Literacy Leadership Team (LLT)

a. Membership

Identify the name and position title for each member of the school-based LLT or similar group, if applicable.:

Name	Title
Bullock, Philip	Principal
Eligon, Tauri	Assistant Principal
Maisel, James	Instructional Coach
Gassman, Barbara	Instructional Coach
McNabb, Alicia	Instructional Coach
Kerkerian, Gina	Instructional Coach

b. Duties

1. Describe how the LLT or similar group promotes literacy within the school, if applicable.

The major initiatives will be the early detection of weakness in literacy for students in the primary grades. Students in the primary grades will be focused upon and assessed to ensure continued success in the area of literacy. Early detection will ensure that the students are targeted for remedial, intensive differentiated instruction.

Students in the intermediate grades showing deficiencies in the area of literacy will be assigned to intensive reading instruction groups, using programs that focus on intensive, remedial basic literacy skills, as listed in the Rtl section within the Tiers descriptions.

The Literacy Learning Team will meet on a monthly basis. The monthly meetings will consist of the following:

-Professional development topics addressed include the K-12

Reading Plan; K-12 ESOL Plan; DOK stem questioning for elementary reading, writing, mathematics, and science; reading program specific training and needs, and a variety of other reading related topics. The

Literacy coach will attend the district monthly reading resource specialist meetings and the reading coach will share the information provided at the meetings with the LLT.

Planned Initiatives:

-School-wide MyOn Program and incentives

-Literacy Day celebrations

-Book reviews by students

-Daily Read Aloud by classroom teachers

-Model classrooms

-PLC and Professional Study Groups

-Data collection and discussion of instructional effectiveness

Grade level and departmentalized grades reading teachers will attend monthly Integrated Reading training where the effectiveness of instruction, best practices and research based strategies will be discussed and studied.

D. Public and Collaborative Teaching

The school's responses to this section may address the requirements of ESSA, P.L. No. 114-95, Â§ 1114(b)(7)(A)(iii)(IV).

1. Describe the school's strategies to encourage positive working relationships between teachers, including collaborative planning and instruction.

Team meetings are held on a weekly basis. Teachers use this time to collaborate, to problem solve, and to learn from each other. This time is also used for Professional Learning Communities (PLC's).

2. Describe the school's strategies to recruit, develop and retain highly qualified, certified-in-field, effective teachers to the school.

Administration meets with teachers who are new to Walker Elementary on a monthly basis to ensure that the new teachers are receiving support and training as needed. In addition, our Tier liaisons meet with the aforementioned teachers during the pre-planning week and monthly thereafter to provide guidance and assistance. New teachers who express an interest in leadership roles are highly encouraged and supported. If training and modeling and/or support is needed, it is provided by the subject area coaches.

3. Describe the school's teacher mentoring program, including the rationale for pairings and planned mentoring activities.

All leadership staff meet with administration on a monthly basis to discuss school wide initiatives. In addition, the leadership/mentor team participates in problem solving activities during leadership meetings. All staff are encouraged to participate in mentor sessions to advance their leadership abilities and to target and enhance their leadership qualities.

E. Ambitious Instruction and Learning

1. Instructional Programs and Strategies

a. Instructional Programs

1. Describe how the school ensures its core instructional programs and materials are aligned to Florida's standards.

The school ensures that its core instructional programs and materials are aligned to the Florida's standards, including a clear plan on how to provide the teachers with aligned instructional materials and curricula by developing model lesson plans, curriculum, and pacing guides (district's unit of studies). The plan also includes high-quality professional developments by State/District, and Support Staff around the new standards and how to monitor the implementation progress.

b. Instructional Strategies

1. Describe how the school uses data to provide and differentiate instruction to meet the diverse needs of students. Provide examples of how instruction is modified or supplemented to assist students having difficulty attaining the proficient or advanced level on state assessments.

The school uses data to provide and differentiate instruction to meet the diverse needs of all learners by providing an appropriate level of challenge for all learners. This is accomplished by providing several learning options and differentiated instruction for all students, which assists the learner in absorbing information and making connections of various concepts and skills. Instruction is modified or supplemented to assist students who are having difficulty in mastery of skills and concepts. Walker Elementary provides access to a variety of materials which target different learning preferences and reading abilities, developing activities that target various learning styles, establishing centers for inquiry-based and independent learning activities, creating activities that vary in levels of complexity and degree of abstract thinking, and using flexible grouping in the classroom to group students based on content, ability, and assessment results.

2. Provide the following information for each strategy the school uses to increase the amount and quality of learning time and help enrich and accelerate the curriculum:

Strategy: Extended School Day

Minutes added to school year: 5,400

All students receive an additional 90 minutes of intensive instruction five days a week. Students are placed in groups according to their area of need. Their needs are addressed using supplemental materials and through differentiated instruction.

Strategy Rationale

The use of intensive instruction will assist learners in mastery of skills and concepts taught throughout the school day.

Strategy Purpose(s)

- Core Academic Instruction
- Enrichment

Person(s) responsible for monitoring implementation of the strategy

Bullock, Philip, philip.bullock@browardschools.com

Data that is or will be collected and how it is analyzed to determine effectiveness of the strategy

Students data is analyzed by teachers on a daily basis through formal and informal assessments. Administration, coaches and teachers meet to discuss best practices and areas of needs.

2. Student Transition and Readiness

a. PreK-12 Transition

The school's response to this question may address the requirements of ESSA, P.L. No. 114-95, Â§ 1114(b)(7)(A)(iii)(V).

1. Describe the strategies the school employs to support incoming and outgoing cohorts of students in transition from one school level to another.

At the end of the school year, students participate in individual class graduation ceremonies. Graduation ceremonies are conducted for students who are transitioning from elementary (5th grade) to middle school (6th grade). During the summer, Broward County screens all incoming Kindergarten students. In August, a parent meeting is held to inform parents of the requirements for Kindergarten. The Florida Kindergarten Readiness Screening (FLKRS) and STAR Early Literacy programs are administered to all kindergarten students. These domains include: Language and Literacy, Mathematics, Social and Personal skills, Science, Social Studies, Physical Development and Fitness and Creative Arts.

b. College and Career Readiness

1. Describe the strategies the school uses to advance college and career awareness, which may include establishing partnerships with business, industry or community organizations.

Walker Elementary establishes strong relations with business partners and the community to prepare the students to be successful in a global marketplace. The resources provided enhance learning for students, positively impact student achievement, enrich their lives, and prepare today's students to become tomorrow's responsible, accomplished, self-confident leaders.

2. Identify the career and technical education programs available to students and industry certifications that may be earned through those respective programs.

The community and the school share a partnership where businesses make presentations during career day to expose all students to a variety of careers.

3. Describe efforts the school has taken to integrate career and technical education with academic courses (e.g., industrial biotechnology) to support student achievement.

Teachers integrate career day within the curriculum so the students are aware of the variety of career options available.

4. Describe strategies for improving student readiness for the public postsecondary level based on annual analysis of the [High School Feedback Report](#), as required by section 1008.37(4), Florida Statutes.

II. Needs Assessment

The school's completion of this part may address the requirements of ESSA, P.L. No. 114-95, Â§ 1114(b)(6).

A. Problem Identification

1. Data to Support Problem Identification

b. Data Uploads

Data uploads are not required by the Florida Department of Education but are offered as a tool for the needs assessment. In this section, the school may upload files of locally available data charts and graphs being used as evidence of need.

The following documents were submitted as evidence for this section:

No files were uploaded

2. Problem Identification Summary

This section is not required by the Florida Department of Education but is provided as an opportunity for the school to summarize the points of strength and areas of need that have been identified in the data.

B. Problem Analysis Summary

This section is not required by the Florida Department of Education but is provided as an opportunity for the school to summarize the underlying "why" or root causes for the areas of need identified in the data, as determined by situational awareness of, and research conducted by, the stakeholders involved in the needs assessment.

C. Strategic Goals

School Improvement Goals

The following key is intended to help readers understand how the sections of this document correspond to the steps of the 8-step planning and problem-solving framework used in the School Improvement Plan. The Quick Key numbers can help registered users go directly to the point of entry for any given goal, barrier and strategy within the online survey.

Strategic Goals Summary

- G1.** If we develop family and community partnerships, then we will improve school performance, social and emotional functioning, and engage families in supporting the learning and achievement of their children.

- G2.** If teachers implement a Balanced Literacy Model and effectively engage our families, then student proficiency will increase across all content areas.

Strategic Goals Detail

For each strategic goal, this section lists the associated targets (i.e., “SMART goals”), targeted barriers to achieving the goal, resources available to help reduce or eliminate the barriers, and the plan for monitoring progress toward the goal.

G1. If we develop family and community partnerships, then we will improve school performance, social and emotional functioning, and engage families in supporting the learning and achievement of their children.

Action Plan for Improvement

For each strategy selected in the plan to reduce a targeted barrier to a strategic goal, this section lists the rationale for that strategy (i.e., why the school believes it will reduce the barrier) and the action steps that have been identified as necessary to implementing the strategy, including details such as the point person, timing and duration, and evidence of completion. At the end of each set of action steps is the plan for monitoring the implementation and effectiveness of the respective strategy.
