**Informational Baseline School Grade*

Note: The school grades calculation was revised substantially for the 2014-15 school year to implement statutory changes made by the 2014 Legislature and incorporate the new Florida Standards Assessments. The 2014-15 school grades serve as informational baseline data that schools can use to improve in future years.

School Board Approval

This plan is pending approval by the Hillsborough County School Board.

SIP Authority and Template

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a school improvement plan (SIP) for each school in the district that has a school grade of D or F.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F (see page 4). For schools receiving a grade of A, B, or C, the district may opt to require a SIP using a template of its choosing.

This document was prepared by school and district leadership using the FDOE's school improvement planning web application located at <https://www.floridacims.org>.

Table of Contents

Purpose and Outline of the SIP	4
Differentiated Accountability	5
Current School Status	6
Supportive Environment	6
Family and Community Engagement	11
Effective Leadership	11
Public and Collaborative Teaching	18
Ambitious Instruction and Learning	20
8-Step Planning and Problem Solving Implementation	29
Goals Summary	29
Goals Detail	29
Action Plan for Improvement	36
Appendix 1: Implementation Timeline	52
Appendix 2: Professional Development and Technical Assistance Outlines	55
Professional Development Opportunities	55
Technical Assistance Items	57
Appendix 3: Budget to Support Goals	57

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. A corollary at the district level is the District Improvement and Assistance Plan (DIAP), designed to help district leadership make the necessary connections between school and district goals in order to align resources. The Florida Department of Education encourages schools to use the SIP as a “living document” by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the “Date Modified” listed in the footer.

Part I: Current School Status

Part I organizes the current status of the school around five domains inspired by the 5Essentials framework: Supportive Environment, Family and Community Involvement, Effective Leadership, Public and Collaborative Teaching, and Ambitious Instruction and Learning. Questions regarding the school’s Multi-Tiered System of Supports have been embedded throughout this part to demonstrate how data is used by stakeholders to understand the needs of all students and allocate appropriate resources in proportion to those needs.

Part II: Needs Assessment

Part II requires the school to review performance and early warning systems data in order to develop strategic goals and associated data targets (i.e., “SMART goals”) for the coming school year in context of the school’s greatest strengths and needs. An online tool was developed, which includes data visualizations and processing questions to support problem identification, problem analysis and strategic goal formulation.

Part III: 8-Step Planning and Problem Solving for Implementation

Part III enables the school to develop implementation plans for its highest-priority goals. With the overview of the current state of the school in mind and the strategic goals identified through the needs assessment, the planning team engages in a facilitated planning and problem-solving process, through which they

- Define strategic goals and establish targets to be reached by successfully achieving the goals (Step 1)
- Identify barriers that could hinder achieving those goals and resources that could be used to eliminate or reduce barriers (Step 2)
- Select high-priority barriers they want to address initially (Step 3)
- Design implementation and monitoring plans for strategies to resolve selected barriers (Steps 4-7)
- Determine how they will monitor progress toward each goal (Step 8)

Appendices

The following appendices, automatically-generated from content entered in Part III, are included in this document:

- Appendix 1 is a timeline of all action steps and monitoring activities
- Appendix 2 is an outline of all professional development opportunities and technical assistance items
- Appendix 3 is a report of the budget needed to implement the strategies

Differentiated Accountability

Florida's Differentiated Accountability (DA) system, established in [section 1008.33, Florida Statutes](#), is a statewide network of strategic support, differentiated by need according to performance data, provided to districts and schools in order to improve leadership capacity, teacher efficacy, and student outcomes. Through a data-driven planning and problem-solving process, DA field teams collaborate with district leadership to design, implement, and refine strategic goals and action plans that are documented in the SIP.

DA Regions

Florida's DA network is divided into four geographical regions, each served by a field team led by a regional executive director (RED).

DA Categories

At the start of each academic year, traditional schools are classified for DA support in two categories based on the most recent school grades data available. Descriptions of each DA category along with the state support and interventions provided are set forth by [Rule 6A-1.099811, Florida Administrative Code](#):

- **Not in DA** - A school with a current school grade of A, B, or C; charter schools; and ungraded schools.
- **Targeted Support and Improvement** - A school with a current school grade of an initial D.
- **Comprehensive Support and Improvement** - A school with a current school grade of F or two consecutive grades of D, or a high school with a graduation rate of 67 percent or less in the most recent data release.

DA Turnaround Status

Additionally, Comprehensive Support and Improvement schools have a turnaround status of "Implementing," based on a school's grades history, including the current school grade:

- Implementing - A school with a status of "Implementing" requires the district to submit a turnaround plan to the State Board of Education for approval and implementation. A school remains in "Implementing" status until its school grade improves to a C or higher.

2017-18 DA Category and Statuses for Greco Middle Magnet School

DA Region and RED	DA Category and Turnaround Status
Central - Lucinda Thompson	- N/A

I. Part I: Current School Status

A. Supportive Environment

1. School Mission and Vision

a. Provide the school's mission statement.

To provide a rigorous and relevant education and the supports which enable each student to excel as a successful and responsible citizen.

b. Provide the school's vision statement.

We support the District's vision of Preparing Students for Life, and are working to ensure that our students leave our school equipped with the tools they need to graduate on time. Our District's graduation rate goal is 90% by 2020. With that in mind, we have developed the following Vision for our school:

Preparing students for lifelong success

2. School Environment

a. Describe the process by which the school learns about students' cultures and builds relationships between teachers and students.

Teachers are trained during pre-planning and throughout the year to learn about students' backgrounds, learning styles and have immediate access to students' academic performance. Teachers also attend district-based workshops to help them understand the relationship-building side to the profession. On site, teachers work within grade level teams to help struggling students. Knowledge of students is also enhanced by expanding the work done within grade level teams to guidance counselors and other site-based personnel. All teachers are encouraged to connect with parents throughout the year and this is never limited to contacting parents only when there is some academic or conduct shortfall on the part of the student, but also when students' work and conduct improve in any way. Students are also rewarded for improving conduct and academics through Greco Middle School PBS (Positive Behavioral support). Parents are encouraged to contact teachers via email, through the school's online grading network or by making phone calls and getting connected through the PTSA.

b. Describe how the school creates an environment where students feel safe and respected before, during and after school.

As they enter the school site, students are encouraged to eat in the cafeteria which is supervised by several faculty and staff. After eating breakfast, students move to specific areas designated to their grade levels. These areas are also supervised. School personnel are assigned duty stations and these stations are manned during passing times. Administrators and leadership staff are consistent in moving through the hallways and visiting classrooms to ensure that students are safe and engaged in learning tasks. Classroom visits and hallways sweeps are done throughout the day, every day. Conflicts between teachers and students are mitigated by leadership staff which include administrators, administrative assistants, student success coach/intervention specialist, guidance counselors, ESE team leaders and teachers and if necessary, the school psychologist. Mutual respect is taught and emphasized on site among all members of the staff and faculty and is directly taught to and modeled for students.

c. Describe the schoolwide behavioral system in place that aids in minimizing distractions to keep students engaged during instructional time. This may include, but is not limited to, established protocols for disciplinary incidents, clear behavioral expectations, and training for school personnel to ensure the system is fairly and consistently enforced.

Teachers will be able to increase academic engagement and decrease early-stage misbehavior using a variety of PBS and the CHAMPS approach to classroom management. Greco Middle has a Positive Behavior Support (PBS) in place. Students are rewarded through a ROAR program, (Respect. Ownership. Active Learners. Responsible). They are awarded Cub Bucks firstly on attendance, grades, and utilizing an AVID binder. Students are also given Cub Bucks for showing any improvements in either of these areas and also on any demonstration of respect, ownership, active learning and being responsible (R.O.A.R). New teachers were trained on the system and are sent guidelines once a week on how to ensure that students are rewarded accordingly. What makes the system effective is that every student has the ability to receive rewards which can never be rescinded. The school has adopted the CHAMPS model of behavioral guidelines for classroom engagement. Both the teacher and student manuals have clear guidelines for conduct and academic performance. The guidelines include clear descriptions governing the handling of a large group of incidents and has a division of incidents that are handled by instructors and administrators. Reminders are given to teachers throughout the year through team and faculty meetings. During these times, teachers are encouraged to remain consistent in their efforts to create a culture for learning, manage student conduct and adhere to the protocols established. Students have the responsibility to be in class on time. Students must attend class, and be on time, in order to receive the maximum benefit from instruction. Tardies will be considered an incident only after four or more have accrued within a grading period. HCPS policies dictate that consequences for tardies include only non-suspension consequences.

Tardy Consequences:

1. Verbal warning
2. Verbal warning
3. Parent link call made to residence
4. Conference with counselor (records info in log)
5. Call from school - 2 day lunch detention
6. Parent shadow

*Any student caught during random lock-outs will be required to have a parent shadow unless the tardy is an isolated incident (no pattern of tardiness).

d. Describe how the school ensures the social-emotional needs of all students are being met, which may include providing counseling, mentoring and other pupil services.

- Given that one of the main tasks of the Leadership Team/PSLT is to monitor student data related to instruction and interventions, the Leadership Team/PLST monitors the effectiveness of instruction and intervention by reviewing student data as well as data related to implementation fidelity (teacher walk-through data).
- The Leadership Team/PSLT communicates with and supports the PLCs in implementing the proposed strategies by distributing Leadership Team members across the PLCs to facilitate planning and implementation. Once strategies are put in place, the Leadership Team members who are part of the PLCs regularly report on their efforts and student outcomes to the larger Leadership Team/PSLT.
- The Leadership Team/PSLT and PLCs both use the problem solving process (Problem Identification, Problem Analysis, Intervention Design and Implementation and Evaluation to:
 - o Use the problem-solving model when analyzing data:
 1. What is the problem? (Problem Identification)
 2. Why is it occurring? (Problem Analysis and Barrier Identification)
 3. What are we going to do about it? (Action Plan Design and Implementation)

4. Is it working? (Monitor Progress and Evaluate Action Plan Effectiveness)

- o Identify the problem (based on an analysis of the data disaggregated via data sorts) in multiple areas – curriculum content, behavior, and attendance
- o Develop and test hypotheses about why student/school problems are occurring (changeable barriers).
- o Develop and target interventions based on confirmed hypotheses. Interventions may include academic interventions as well as counseling, mentoring, and other pupil services.
- o Identify appropriate progress monitoring assessments/data collection tools to be administered at regular intervals matched to the intensity of the level of instructional/behavioral/intervention support provided.
- o Develop grading period or units of instruction//intervention goals that are ambitious, time-bound, and measureable (e.g., SMART goals).
- o Review progress monitoring data at regular intervals to determine when student(s) need more or less support (e.g., frequency, duration, intensity) to meet established class, grade, behavior, and/or school goals (e.g., use of data-based decision-making to fade, maintain, modify or intensify intervention and/or enrichment support).
- o Each PLC develops PLC action plan for SIP strategy implementation and monitoring.
- o Assess the implementation of the strategies on the SIP using the following questions:
 1. Does the data show implementation of strategies are resulting in positive student growth?
 2. To what extent are we making progress toward the school's SIP goals?
 3. If we are making progress, what can we do to sustain what is working?
 4. What barriers to implementation are we facing and how will we address them?
 5. What should we do next? What should be our plan of action?

3. Early Warning Systems

The school's response to this section may address the requirements of ESSA, P.L. No. 114-95, Â§ 1114(b)(7)(A)(i) and (b)(7)(A)(iii)(III).

a. Describe the school's early warning system and provide a list of the early warning indicators used in the system.

Early warning indicators include:

Attendance (5 or more absences of any type per grading period)
One or more suspension (in or out of school)
Excessive tardies (5 or more per grading period)
ELA/Math course failure
Level 1 FSA score

Early warning system data can come from the following sources:

****Core Curriculum (Tier 1) - Information format: DATA SOURCE: Database Management Systems: Person Responsible/Group Responsible.**

FSA RELEASED TESTS: School generated excel database; Reading Coach/Math Coach/AP.

BASELINE & YEAR DISTRICT ASSESSMENTS: Scantron Achievement Series; Leadership Team/PLCs/Individual teachers.

DISTRICT GENERATED ASSESSMENTS FROM THE OFFICE OF ASSESSMENT AND ACCOUNTABILITY (NAME THE ASSESSMENTS): Scantron Achievement Series; Data Wall, Dashboard; Leadership Team/PLCs/Individual teachers.

SUBJECT-SPECIFIC ASSESSMENTS GENERATED BY DISTRICT-LEVEL SUBJECT SUPERVISORS IN READING, LANGUAGE ARTS, MATH, WRITING, & SCIENCE (NAME THE

ASSESSMENTS): Scantron Achievement Series, Data Wall, PLC Logs; Leadership Team/PLCs/ Individual teachers.

FAIR: Progress Monitoring and Reporting Network (PMRN), IPT, Data Wall; Reading Coach/Reading Resource Teacher/Reading PLC Facilitator.

CELLA: Sagebrush (IPT); ELL/PSLT Representative.

TEACHERS' COMMON ASSESSMENTS ON UNITS OF INSTRUCTION/BIG IDEAS: PLC Database, PLC Logs; Individual teachers/Team Leaders/PLC Facilitators/Leadership Team Member.

DRA-2: School generated excel database; Individual teacher.

**Supplemental/Intensive Instruction (Tiers 2 and 3) - Information format: DATA SOURCE: Database: Person Responsible/Group Responsible.

ASSESSMENTS DATA COLLECTED FROM EXTENDED LEARNING PROGRAMS: School generated excel database; Leadership Team/ELP Facilitator.

FAIR OPM: School generated excel database; Leadership Team/Reading Coach.

ONGOING ASSESSMENTS WITHIN INTENSIVE COURSES (Middle/High): Database provided by course materials (for courses that have one, e.g., Read 180), School generated excel database; Coaches.

CURRICULUM BASED MEASUREMENTS: easyCBM Reports; Leadership Team/PLCs, Individual Teachers, Reading Coaches.

RESEARCH-BASED COMPUTER-ASSISTED INSTRUCTIONAL PROGRAMS (e.g., iStation): Assessments included in computer-based programs; PLCs/Individual teachers/Reading coaches.

**Engagement - Information format: DATA SOURCE: Database: Person Responsible/Group Responsible.

ATTENDANCE DATA (Absenteeism, Chronic Absenteeism, Truancy): District Databases: Reports on Demand, IPT, EASI; Attendance Clerk/Attendance Committee/PSLT/PLCs.

DISCIPLINE DATA (Out-of-school suspensions, in-school suspensions, ATOSS, Discipline Referrals): District Databases: Reports on Demand, IPT, EASI; PSLT/PLCs/Behavior Intervention Committee/PBS Team.

DROPOUT PREVENTION DATA (Withdrawal codes, academic outcomes, attendance, discipline data): District databases: Reports on Demand, IPT, EASI, Dashboard, Site generated early warning systems; PSLT/Dropout Prevention Specialist/PLCs/Guidance Counselors/Dropout Prevention Committee.

b. Provide the following data related to the school's early warning system

1. The number of students by grade level that exhibit each early warning indicator:

Indicator	Grade Level													Total
	K	1	2	3	4	5	6	7	8	9	10	11	12	
Attendance below 90 percent	0	0	0	0	0	0	38	39	51	0	0	0	0	128
One or more suspensions	0	0	0	0	0	0	26	57	74	0	0	0	0	157
Course failure in ELA or Math	0	0	0	0	0	0	0	27	9	0	0	0	0	36
Level 1 on statewide assessment	0	0	0	0	0	0	157	93	145	0	0	0	0	395

The number of students identified by the system as exhibiting two or more early warning indicators:

Indicator	Grade Level													Total
	K	1	2	3	4	5	6	7	8	9	10	11	12	
Students exhibiting two or more indicators	0	0	0	0	0	0	42	60	74	0	0	0	0	176

c. Describe all intervention strategies employed by the school to improve the academic performance of students identified by the early warning system.

The purpose of the core Leadership Team is to:

1. Review school-wide assessment data on an ongoing basis in order to identify instructional needs at all grade levels.
2. Support the implementation of high quality instructional practices at the core and intervention/enrichment (Tiers 2/3) levels.
3. Review ongoing progress monitoring data at the core to ensure fidelity of instruction and attainment of SIP goal(s) in curricular, behavioral, and attendance domains.
4. Communicate school-wide data to PLCs and facilitate problem solving within the content/grade level teams.

The Leadership team meets regularly (e.g., bi-weekly/monthly). Specific responsibilities include:

- Oversee the multi-layered model of instructional delivery (Tier 1/Core, Tier 2/Supplemental and Tier 3/Intensive)
- Create, manage and update the school resource map
- Ensure the master schedule incorporates allocated time for intervention support at all grade levels.
- Determine scheduling needs, and assist teacher teams in identifying research-based instructional materials and intervention resources at Tiers 2/3
- Facilitate the implementation of specific programs (e.g., Extended Learning Programs during and after school; Saturday Academies) that provide intervention support to students identified through data sorts/charts conducted by the PLCs.
- Determine the school-wide professional development needs of faculty and staff and arrange trainings aligned with the SIP goals
- Organize and support systematic data collection (e.g., district and state assessments; during-the-grading period school assessments/checks for understanding; in-school surveys)
- Assist and monitor teacher use of SMART goals per unit of instruction. (data will be collected and analyzed by PLCs and reported to the Leadership Team/PSLT)
- Strengthen the Tier 1 (core curriculum) instruction through the:
 - o Implementation and support of PLCs
 - o Review of teacher/PLC core curriculum assessments/chapters tests/checks for understanding (data will be collected and analyzed by PLCs and reported to the Leadership Team/PSLT)
 - o Use of Common Core Assessments by teachers teaching the same grade/subject area/course (data will be collected and analyzed by PLCs and reported to the Leadership Team/PSLT)
 - o Implementation of research-based scientifically validated instructional strategies and/or interventions. (as outlined in our SIP)

- o Communication with major stakeholders (e.g., parents, business partners, etc.) regarding student outcomes through data summaries and conferences.
- On a monthly basis, assist in the evaluation of teacher fidelity data and student achievement data collected during the month.
- Support the planning, implementing, and evaluating the outcomes of supplemental and intensive interventions in conjunction with PLCs and Specialty PSLT.
- Work collaboratively with the PLCs in the implementation of the C-CIM (Core Continuous Improvement Model) on core curriculum material.
- Coordinate/collaborate/integrate with other working committees, such as the Literacy Leadership Team (which is charged with developing a plan for embedding/integrating reading and writing strategies across all other content areas).

B. Family and Community Engagement

The school's response to this section may address the requirements of ESSA, P.L. No. 114-95, Â§ 1114(b)(2) and (b)(7)(A)(iii)(I).

1. Describe how the school works at building positive relationships with families to increase involvement, including efforts to communicate the school's mission and vision, and keep parents informed of their child's progress.

a. Will the school use its Title I Parent and Family Engagement Policy (PFEP) to satisfy this question?

Yes

1. PFEP Link

The school completes a Parental Involvement Plan (PFEP), which is available at the school site.

2. Description

2. Describe the process by which the school builds and sustains partnerships with the local community for the purpose of securing and utilizing resources to support the school and student achievement.

Greco Middle School actively reaches out to the local community for support through individual administrator/teacher engagement and an advisory board populated by members of local institutions. We have ongoing partnerships with:

- USF SCATT (20 hours a week of tutoring to assist students educationally)
- USF F.E.S (engineering mentors for Greco STEM Academy students + After School Program)
- HCC Brandon (on campus engineering tours)
- FLATE (manufacturing tours and field trips)
- Office Dynamics (large scale printing needs: Banners, etc)
- Greco Connect (Meets with students every Wednesday for character development)
- First Priority (Meets with students every Thursday for character development)
- EyeCandyPrints (Uniforms, Shirts , and logos)
- GTE Financial

C. Effective Leadership

1. School Leadership Team

a. Membership

Identify the name, email address and position title for each member of the school leadership team.:

Name	Title
	Principal

b. Duties

1. Describe the roles and responsibilities of the members, including how they serve as instructional leaders and practice shared decision making.

The leadership team includes, for example:

- Principal
- Assistant Principal for Curriculum
- Assistant Principal for Administration
- Guidance Counselor
- School Psychologist
- School Social Worker
- Academic Coaches (Reading, Math, etc. and other specialists on an ad hoc basis),
- ESE teacher
- Subject Area Leaders (Middle)
- Team Leaders (Middle)
- Department Heads (High)
- SAC Chair
- RTI Coaches
- ELP Coordinator
- ELL Representative
- Attendance Committee Representative
- Behavior Team Representative or Behavior Specialist/Coach

(Note that not all members attend every meeting, but are invited based on the goals and purpose for the meeting)

PSLT Coordinator—Principal/Assistant Principal: Coordinate and oversee the decision making process to ensure integrity and consistency of the PS/RTI implementation at the building level. The principal should attend PSLT meetings at the Tier 1 level, provide specific procedures for resource allocation, and monitor the fidelity of instruction/intervention at the school-wide and classroom levels (Tier 1)

PSLT Meeting Facilitator— e.g., School Psychologist, Reading Coach, School Social Worker, Guidance Counselor, ESE Specialist, and/or Intervention Specialist: The facilitator opens the meeting with a brief description of what the team expects to accomplish during the meeting. The facilitator is to establish and maintain a supportive atmosphere throughout the meeting by encouraging participation from team members, clarifying and summarizing information communicated during the meeting, design specific procedures for ongoing communication between school staff and PSLT, and assist with monitoring the fidelity of intervention implementation across each tier.

PSLT Content Specialist— e.g., Administrator, Reading Coach, Math Coach, Writing Coach, ESE Specialist, and/or Behavior Specialist: Ensures that when new content curricular materials are obtained, implementers are adequately trained to use the materials, check fidelity of use of curricular materials and strategies, determine what elements need to be included in an effective core instructional program and assist the team in identifying which instructional strategies are most effective to address areas of concerns. The Content Specialist may also assist with monitoring the fidelity of instruction and intervention implementation across each tier.

PSLT Data Consultant— e.g., Assistant Principal, Reading Coach, Math Coach, Science Coach, Academic Intervention Specialist, Behavior Specialist, Technology Support Personnel, School Psychologist, School Social Worker, ESE Specialist, and/ or Guidance Counselor: Prior to the meeting, the Data Consultant assists team members with collecting, organizing, analyzing, graphing and interpreting data. The data should be presented in easily understandable visual displays to guide

the decision making process.

PSLT Timekeeper—Ensures that meeting times are respected and helps the team stay focused on the respective agenda. Because many decisions need to be made during the meeting, the timekeeper should redirect the team's discussion when necessary. The timekeeper should know who are working on specific projects and set timelines for completion/implementation as well as monitor the fidelity across each tier.

PSLT Recorder—Records the plans of the team, including meeting minutes/notes. This person will capture all important information, especially related to instruction/ intervention specifics, progress monitoring, data analysis, and future meeting dates. The recorder may need to ask for clarification several times during the meeting to ensure that enough detail is recorded so that a person who did not attend the meeting would be able to clearly understand the nature and implementation of the instructional/intervention plan

The Leadership Team/PSLT communicates with and supports the PLCs in implementing strategies by distributing Leadership Team members across the PLCs to facilitate planning and implementation. Once strategies are put in place, the Leadership Team members who are part of the PLCs regularly report on their efforts and student outcomes to the larger Leadership Team/PSLT.

HCPS Efforts to Recruit and Retain Effective Leaders: We are investing in the future by investing in school leaders. Our principals and assistant principals have a broad impact on our schools, our students and our community. By investing in our principals, we are investing in our children and our community. Strong leaders form the foundation of our schools and ultimately impact the success of both our teachers and our students. We have following programs in place:

Hillsborough Principal Pipeline: Through the Hillsborough Principal Pipeline, current and future school leaders gain valuable skills to help them lead a school to success. They also develop new perspectives and become part of a close-knit network that they can tap into throughout their career. Quality schools require quality personnel. Principals and Assistant Principals are matched to complement each other's leadership skills based on the HCPS School Leader Competencies and Key Elements Matrix. A principal coach, a veteran principal with a track record of success, is assigned to support all new school principals. A principal coach will also be assigned to support principals at turnaround schools.

Recruiting Leaders for Turnaround Schools: The purpose of this program is to recruit aspiring administrators to teach in high-need schools while earning their Master's Degree in Educational Leadership. These aspiring leaders will develop their capacity to lead in a high-need school thru reflecting on and studying effective practices in turnaround schools. Upon completion of their Master's Degree and the Future Leaders Academy, leaders will begin their assistant principal career with a highly effective principal in a less-demanding school and then move to a high-need school after serving a minimum of 2 years in an entry level assistant principal position.

The Master's in Educational Leadership program at University of Tampa and Hillsborough County Public Schools are partnering together to prepare instructional staff for leadership in high-need schools. One of the many benefits of this dedicated course of study is the specific foci within each course on the complex nature of leadership in high-need schools. As a part of the district's Turnaround Leadership Pipeline, we will be seeking diverse cohorts of experienced teachers to aggressively prepare to lead in a high-need school.

Educational Specialist Degree in Educational Leadership with Emphasis on Leadership in Turnaround Schools: The Educational Leadership and Policy Studies Department at USF and Hillsborough County Public Schools have been partnering together for a few years through our partnership with the Wallace Foundation to prepare administrators for leadership in turnaround schools. As a part of the

district's Turnaround Leadership Pathway, we will be seeking diverse cohorts of experienced leaders who have completed Preparing New Principals to pursue the Educational Specialist degree in Turnaround Leadership.

2. Describe the process through which school leadership identifies and aligns all available resources (e.g., personnel, instructional, curricular) in order to meet the needs of all students and maximize desired student outcomes. Include the methodology for coordinating and supplementing federal, state and local funds, services and programs. Provide the person(s) responsible, frequency of meetings, how an inventory of resources is maintained and any problem-solving activities used to determine how to apply resources for the highest impact.

At the end and beginning of each year, schools take an inventory of resources, including materials, staff and allocation of funds for their building to determine the necessary resource materials and personnel available to meet the needs of their students. The leadership team/PSLT develops a resource map to identify gaps in resources and to ensure resources are available and allocated across the building for use by all grade levels and teachers.

To ensure teacher support systems and small group and individual needs are met, the Problem Solving Leadership Team (PSLT):

1. Review school-wide assessment data on an ongoing basis in order to identify instructional needs across the school and all grade levels.
2. Support the implementation of high quality instructional practices during core and intervention blocks.
3. Review progress monitoring data at the core to ensure fidelity of instruction and attainment of SIP goal(s) in curricular, behavioral, and attendance domains.
4. Communicate school-wide data to PLCs and facilitate problem solving within the content/grade level teams.

The PSLT meets regularly (e.g., bi-weekly/monthly) The PSLT meeting calendar is structured around the district's assessment calendar to ensure there are opportunities to review assessment outcome data and engage in the problem solving process for appropriate data-driven decisions. The members on the team include administrator(s), guidance counselor(s), school psychologist, ESE specialist, content area coaches/specialists, PLC liaisons, and other school personnel as needed.

To build capacity multi-tiered system of instructional delivery (Tier 1/Core, Tier 2/Supplemental and Tier 3/Intensive), the PSLT:

- Supports school teams with creating, managing and updating the school's resource maps for academic and non-academic areas.
- Ensures the master schedule incorporates allocated time for intervention support at all grade levels and assist teacher teams in identifying evidence-based strategies and materials for intervention delivery.
- Coordinates data sorts at the beginning of each year to identify students in need of enrichment, remediation and intervention support at each tier.
- Facilitates the implementation of specific programs (e.g., Extended Learning Programs during and after school; Saturday Academies) that provide support to students in need of remediation of core skills.
- Determines the school-wide professional development needs of faculty and staff and arrange trainings aligned with the SIP goals.
- Organizes and support systematic data collection (e.g., universal screenings, formative, ongoing progress monitoring and summative data).
- Assists and monitor teacher use of SMART goals for core instruction and intervention groups. (data will be collected and analyzed by PLCs and reported to the PSLT)
- Strengthen Tier 1 core instruction by:
 - o Implementing evidence-based instructional strategies and/or interventions. (as outlined in the SIP)

- o Supporting PLCs with planning and delivering rigorous core instruction.
- o Ensuring opportunities for common assessments are provided across each grade level.
- o Reviewing common assessment data to monitor students Response to Core Instruction.
- o Monitoring the fidelity of instructional practices.

The HCPS Fidelity of MTSS-Rtl Practices Rubric (found on the Rtl icon) will be used to evaluate the schools implementation of MTSS practices. The rubric is broken into 4 domains (Administrative Support, Tier 1 Practices, Tier 2 Practices, and Tier 3 Practices). Each domain has 5-7 items are rated on the scale below:

Not Evident (0) – the PSLT indicates that the school has not implemented/engaged in MTSS practices on an identified item.

Developing (1) – the PSLT indicates that the school has implemented/engaged in MTSS practices but no documented evidence exists to support the specified item.

Operational (2) – The PSLT indicates that the school has implemented/engaged in MTSS practices but the documented evidence and data does align with or support the specified item.

Exemplary (3) – the PSLT indicates that the school has implemented/engaged in MTSS practices and the documented evidence clearly aligns with and supports the specified items

Federal, state, and local funds, services, and programs will be coordinated and integrated in the school, including Title I, Part A; Title I, Part C Migrant; Title I, Part D; Title II; Title III; Title VI, Part B; Title X Homeless; Supplemental Academic Instruction (SAI); violence prevention programs; nutrition programs; housing programs; Head Start; adult education; CTE; and job training as applicable.

Title I, Part A

Services are provided to ensure students who need additional remediation are provided support through: after-school, Saturday School and summer programs, quality teachers through professional development, content resource teachers, and mentors.

Title I, Part C- Migrant

The migrant advocate provides services and support to students and parents. The advocate works with teachers and other programs to ensure that the migrant students' needs are being met.

Title I, Part D

The district receives funds to support the Alternative Education Program which provides transition services from alternative education to school of choice

Title II

The district receives funds for staff development to increase student achievement through teacher training. In addition, the funds are utilized in the Salary Differential Program at Renaissance Schools.

Title III

Services are provided through the district for educational materials and ELL district supported services to improve the education of immigrant and English Language Learners

Title X- Homeless

Supplemental Academic Instruction (SAI)

SAI funds will be coordinated with the Title I funds to provide summer school, reading coaches, and extended learning opportunity programs.

Violence Prevention Programs

NA

Nutrition Programs
NA

Housing Programs
NA

Headstart
We utilize information from students in Head Start to transition into Kindergarten.

Adult Education
NA

Career and Technical Education
The career and technical support is specific to each school site in which funds can be utilized, in a specific program, within Title I regulations.

Job Training
Job training support is specific to each school site in which funds can be utilized, in a specific program, within Title I regulations.

2. School Advisory Council (SAC)

a. Membership

Identify the name and stakeholder group for each member of the SAC.:

Name	Stakeholder Group
Membership is documented through the Office of School Improvement	Teacher

b. Duties

1. Provide a description of the SAC's involvement with the following activities, as required by section 1001.452(2), Florida Statutes

The school's response to this question may address the requirements of ESSA, P.L. No. 114-95, Â§ 1114(b)(2).

a. Evaluation of last year's school improvement plan

In partnership with the School Leadership Team, the SAC will analyze and assess all pertinent school data that affects student achievement, and evaluate progress towards meeting the prior year's school improvement goal(s). That analysis will then guide the development of this year's SIP.

b. Development of this school improvement plan

In partnership with the School Leadership Team, the SAC will analyze and assess all pertinent school data that affects student achievement, evaluate progress towards meeting the prior year's school improvement goal(s), develop the school improvement plan, vote on the school improvement plan, monitor the school improvement plan, review the school improvement plan as needed, plan and carry out activities that support the school improvement plan, develop a SAC budget to support the school improvement plan goals, monitor the spending of the SAC budget, and make adjustments to the budget as needed.

The SAC committee will be involved in the generation of the Standard and Non-Standard Waiver approvals and the SAC composition form. In addition members of the SAC will construct in collaboration with the School- Based Leadership Team (SBLT), the SAC budget. The SAC committee will be involved in the adoption of the SIP and in mid-year reflection and report. The SAC committee

will be involved in overseeing professional development to aid faculty and staff in maintaining fidelity with maintaining SIP goal.

All the steps that are part of the school improvement plan reflect and relate to the areas of curriculum, instruction, assessment and behavior. Input, with time for reflection, was sought from staff and SAC committee to do the analyses of these areas. Using data and all components of the school improvement plan, the goals of the SAC committee will be directly tied to student achievement progress.

c. Preparation of the school's annual budget and plan

2. Describe the use of school improvement funds allocated last year, including the amount budgeted for each project.

3. Verify that the school is in compliance with section 1001.452, Florida Statutes, regarding the establishment requirements and duties of the SAC.

Yes

a. If the school is not in compliance, describe the measures being implemented to meet SAC requirements.

3. Literacy Leadership Team (LLT)

a. Membership

Identify the name and position title for each member of the school-based LLT or similar group, if applicable.:

Name	Title
	Instructional Coach

b. Duties

1. Describe how the LLT or similar group promotes literacy within the school, if applicable.

The LLT (transitioning to an Instructional Leadership Team model) is a subset of the Problem Solving Leadership Team. The team provides leadership for the implementation of the goals, strategies, and actions steps related reading and writing on the SIP. Members include:

Principal
Assistant Principal
Reading Coach/Resource Teacher
ESE Teacher
ELL Representative
Grade Level Representatives

The principal is the LLT (ILT) chairperson. The reading coach is a member of the team and provides extensive expertise in data analysis and reading/writing instruction in all content areas. The LLT (ILT) is grounded in a shared or distributive leadership model where content teachers, the reading coach, instructional support staff, and the principal all participate equally in the decision-making process based on the team's review of data and its application to the specific SIP reading and writing goals focus.

The LLT (ILT) members monitors reading/writing data, identifies school-wide and individual teachers' reading/writing-focused instructional strengths and weaknesses, and creates a professional development plan to support identified instructional needs in conjunction with the Problem Solving Leadership team's support plan. Additionally the principal ensures that time is provided for the LLT ILT to collaborate and share information with all site stakeholders including other administrators, teachers, staff members, parents and students.

D. Public and Collaborative Teaching

The school's responses to this section may address the requirements of ESSA, P.L. No. 114-95, Â§ 1114(b)(7)(A)(iii)(IV).

1. Describe the school's strategies to encourage positive working relationships between teachers, including collaborative planning and instruction.

Schools Build a Collaborative Culture Through Regularly Scheduled PLC Meetings

Core Beliefs:

- No school can help all students achieve at high levels if teachers work in isolation.
- Schools improve when teachers are given the time and support to work together to clarify essential student learning, develop common assessments for learning, analyze evidence of student learning, and use that evidence to learn from one another.
- PLCs measure their effectiveness on the basis of results rather than intentions.
- All programs, policies, and practices are continually assessed on the basis of their impact on student learning.
- All staff members receive relevant and timely information on their effectiveness in achieving intended results.
- PLC meetings will be regularly scheduled.

Essential Characteristics of a PLC

- Shared mission, vision, values, goals
- Educators in a PLC benefit from clarity regarding their shared purpose, a common understanding of the school they are trying to create, collective communities to help move the school in the desired direction, and specific, measurable, attainable, results-oriented, and time-bound (SMART) goals to mark their progress.
- Collaborative teams focused on learning
- In a PLC, educators work together interdependently in collaborative teams to achieve common goals for which they are mutually accountable. The structure of the school is aligned to ensure teams are provided the time and support essential to adult learning.
- Collective inquiry
- Teams in a PLC relentlessly question the status quo, seek new methods of teaching and learning, test the methods, and then reflect on the results. Building shared knowledge of both current reality and best practice is an essential part of each team's decision-making process.
- Action orientation and experimentation
- Members of a PLC constantly turn their learning and insights into action. They recognize the importance of engagement and experience in learning and in testing new ideas. They learn by doing.
- Commitment to Continuous improvement
- Not content with the status quo, members of a PLC constantly seek better ways to achieve mutual goals and accomplish their fundamental purpose of learning for all. All teams engage in an ongoing cycle of:
 - ? Gathering evidence of current levels of student learning
 - ? Developing strategies and ideas to build on strengths and address weaknesses in that learning
 - ? Implementing the strategies and ideas
 - ? Analyzing the impact of the changes to discover what was effective and what was not

? Applying the new knowledge in the next cycle of continuous improvement

- Results orientation
- Educators in a PLC assess their efforts on the basis of tangible results.

2. Describe the school's strategies to recruit, develop and retain highly qualified, certified-in-field, effective teachers to the school.

Teacher Interview Day and Recruitment Fairs occur in June under the oversight of Human Resources. All applicants must be pre-approved by the District to attend these events. SDHC is implementing the Empowering Effective Teachers (EET) initiative, which awards salary increases to all teachers based on sustained performance. Performance levels are tied to a 3-year average of value added measures. The teacher evaluation is based on that value added, along with peer/mentor evaluation data and principal/administration evaluation data. PLCs and the District's Mentoring program for new teachers are essential for teacher retention.

The most essential component to an effective school is the quality of the personnel and their effectiveness. The Human Resources Department is a crucial part of supporting our schools, both through their recruitment efforts and their individualized support of each school. Each of the turnaround schools is assigned an HR partner to ensure that all personnel are highly qualified and that teachers retained or assigned to the site exhibit practice that results in effective/highly effective evaluation scores.

Hillsborough County Public Schools (HCPS) promotes student achievement by helping teachers excel in the classroom. Teacher effectiveness is the most influential, controllable factor affecting student achievement. Our goal is to promote effective teaching in every classroom. We intend to elevate the teaching profession by supporting teachers' professional development and helping teachers excel as professionals. We believe that by helping teachers excel, students will achieve more; and when students achieve more, our entire community benefits.

We will support teacher development in two main ways: Job-embedded Professional Development and Evaluation.

Job-embedded Professional Development: The evaluation process is both formative and summative. Through classroom observations, administrators can help teachers identify areas to reinforce in order to improve practice. Classroom observation and evaluation results may be used to help teachers set training and professional development paths that support the continuous improvement of their practice. Furthermore, teacher observation and evaluation ratings may be aggregated at the school level to help identify systemic gaps and needs, and to support and drive school improvement planning.

Evaluation: The evaluation of teacher performance is based on multiple measures of effectiveness:

- a. Principal / School Administrator
- b. Student Achievement Data -

By considering input from student achievement data and observations, we gain a more comprehensive picture of a teachers practice. We can, therefore, achieve a fair and substantive evaluation. We can also improve our ability as a district to support our students' growth by capturing and implementing best practices from outstanding teachers.

Efforts to Recruit Teachers for Turnaround Schools

HCPS recognizes that teachers have more influence on student learning than any other school factor, followed by the leader. For years, high-need schools have struggled to attract and retain experienced personnel with proven records of success. In an effort to increase recruitment and retention rates in high-need schools, HCPS leadership will give priority to personnel who have successful experiences in high-need schools once they express interest in advancing through the Hillsborough Principal Pipeline as well as when they seek district or school administrative positions. The Turnaround Leadership Pathways

(TLP) has established guidelines, with the express purpose of recruiting aspiring administrators to teach in high-need schools, providing them the opportunity to develop their capacity to lead by learning on-the-ground in turnaround schools. Empowering teachers as leaders is essential to motivating and retaining veteran teachers (Vanderhye, 2015). The TLP is one way in which the district has focused efforts on recruiting highly effective teachers to high needs schools.

HCPS currently utilizes differentiated pay for teachers and administrators in high needs schools. The Salary Differential Program is utilized to provide stability and equity to the highest needs schools and to attract and retain quality teachers. The program is created with a set of criteria that need to be met in order to receive the salary supplement. The criteria require that the teacher have an overall satisfactory evaluation, be highly qualified in their position.

3. Describe the school's teacher mentoring program, including the rationale for pairings and planned mentoring activities.

District based mentors are provided to teachers new to teaching through the EET initiative. Weekly visits by mentors can include planning, modeling, data analysis, coaching, conference, and problem solving. Mentors work individually with new teachers, developing unique plans to support professional growth. The district-based mentor has strengths in the areas of leadership, mentoring, and increasing student achievement.

The Teacher Induction Program (TIP) is a state-mandated two-year induction program that includes specific professional development training and activities. What's different for teachers new to HCPS is that teachers with less than six months of teaching experience are assigned a fully released mentor. HCPS has an entire cadre of fully released mentors, assigned to assist all new teachers for their first two years in the district. These mentors do not evaluate their mentees, they simply guide and support. New teachers and mentors work with the New Teacher Center Formative Assessment System (FAS), a set of tools that helps to identify accomplishments and challenges during the first two years of teaching. Although the FAS tools can help focus new teachers and mentors as they work together, many factors will influence their collaboration. The mentor's knowledge, experience, and growing relationship with the mentee will help support professional areas for growth, as well as to support students' academic needs. The FAS tools provide a mentee and mentor with important information which will systematically guide the advancement of instructional practice. Mentors are assigned by the General Manager of Performance Evaluation. It is in this pairing that special care is taken to match mentors with experience in high-needs settings to any new teachers in turnaround schools.

E. Ambitious Instruction and Learning

1. Instructional Programs and Strategies

a. Instructional Programs

1. Describe how the school ensures its core instructional programs and materials are aligned to Florida's standards.

All Florida students deserve to graduate high school with knowledge and skills they need to succeed in college, careers and life. We know that today's workforce requires our graduates to have strong critical thinking, problem solving and communications skills, more than ever before. High standards that challenge and motivate our students are essential.

Beginning with the 2014–2015 school year, all K–12 schools began implementing the Florida Standards and our schools committed to providing teachers with the professional learning needed for successful ongoing implementation. We will continue to assess our academic standards and work

together to ensure they are preparing ALL students to succeed in college, career and life. The Florida Standards reflect foundational expectations of what ALL students should know and be able to do in each grade from kindergarten through 12th grade.

Public schools are required to provide appropriate instruction to assist students in the achievement of these standards. Section 1008.25, F.S., requires each district school board to incorporate the Florida Standards into the district student progression plan. HCPS has, as required by state statute, adopted a comprehensive plan for student progression, which includes standards for evaluating each student's performance, including mastery of the Florida Standards. The plan also provides specific levels of performance in reading, writing, science, and mathematics at each grade level that includes the levels of performance on statewide assessments at which a student must receive remediation or be retained. The HCPS pupil progression plan can be viewed at: <http://www.sdhc.k12.fl.us/assets/pdf/studentprogressionplan.pdf>

Pursuant to State law, HCPS Board policies require purchasing current instructional materials so that each student has a textbook or other instructional materials as a major tool of instruction in core courses of the appropriate subject areas of mathematics, language arts, science, social studies, reading, and literature for grades K-12. The primary objective of such instructional materials shall be to enrich, support, and implement the educational program of the school. These purchases shall be for instructional materials included on the State-adopted list, except as otherwise provided in State law, and shall be made within the first two years of the adoption cycle. The primary objective of such instructional materials shall be to enrich, support, and implement the educational program of the school.

b. Instructional Strategies

1. Describe how the school uses data to provide and differentiate instruction to meet the diverse needs of students. Provide examples of how instruction is modified or supplemented to assist students having difficulty attaining the proficient or advanced level on state assessments.

HCPS utilizes Problem-Solving and Response to Instruction/Intervention/Multi-tiered Systems of Support Framework as defined by Florida.

PS-RtI/MTSS is the practice of providing high-quality instruction and intervention matched to student needs using learning rate over time and level of performance to make important instructional decisions. PS-RtI/MTSS involves the systematic use of assessment data to most efficiently allocate resources in order to improve learning for all students. To ensure efficient use of resources, schools begin with the identification of trends and patterns using school-wide and grade-level data. Students who need instructional intervention beyond what is provided universally for positive behavior or academic content areas are provided with targeted, supplemental interventions delivered individually or in small groups at increasing levels of intensity.

The RtI/MTSS framework is characterized by a continuum of academic and behavior supports reflecting the need for students to have fluid access to instruction of varying intensity levels. Three tiers describe the level and intensity of the instruction/interventions provided across the continuum. The three tiers are not, conversely, used to describe categories of students or specific instructional programs. The three tiers are characterized as follows:

Tier 1: Core Universal Instruction and Supports – General academic and behavior instruction and support designed and differentiated for all students in all settings

Tier 2: Targeted Supplemental Interventions and Supports – More focused, targeted instruction/intervention and supplemental support in addition to and aligned with the core academic and behavior

curriculum and instruction

Tier 3: Intensive Individualized Interventions and Supports – The most intense (increased time, narrowed focus, reduced group size) instruction and intervention based upon individual student need provided in addition to and aligned with core and supplemental academic and behavior, curriculum, instruction, and supports

The problem-solving process is critical to making the instructional adjustments needed for continual improvement in both student level of performance and rate of progress and is critical for assessing (through students' response) the effectiveness of the instruction/interventions provided. Throughout the continuum of instruction and intervention, problem solving is used to match instructional resources to educational need. Teams continue to engage in problem solving to ensure that student success is achieved and maintained. The four critical parts of the on-going problem-solving cycle as a consistent way of work for teams are as follows:

I. Define the problem by determining the difference between what is expected and what is occurring. Ask, "What specifically do we want students to know and be able to do when compared to what they do know and are able to do?" When engaged in problem solving at the individual student level, the team should strive for accuracy by asking, "What exactly is the problem?"

II. Analyze the problem using data to determine why the issue is occurring. Generate hypotheses (reasons why students are not meeting performance goals) founded in evidence-based content area knowledge, alterable variables, and instructionally relevant domains. Gather assessment data to determine valid/non-valid hypotheses. Link validated hypotheses to instruction/intervention so that hypotheses will lead to evidence-based instructional decisions. Ask, "Why is/are the desired goal(s) not occurring? What are the barriers to the student(s) doing and knowing what is expected?" Design or select instruction to directly address those barriers.

III. Develop and implement a plan driven by the results of the team's problem analysis by establishing a performance goal for the group of students or the individual student and developing an intervention plan to achieve the goal. Then delineate how the student's or group of students' progress will be monitored and implementation integrity will be supported. Ask, "What are we going to do?"

IV. Measure response to instruction/interventions by using data gathered from progress monitoring at agreed upon intervals to evaluate the effectiveness of the intervention plan based on the student's or group of students' response to the intervention. Progress-monitoring data should directly reflect the targeted skill(s). Ask, "Is it working? If not, how will the instruction/intervention plan be adjusted to better support the student's or group of students' progress?" Team discussion centers on how to maintain or better enable learning for the student(s).

HCPS offers a variety of programs designed to meet the diverse needs of students. In Elementary School these supplemental and enrichment programs include additional time in small teacher-guided groups, computer aided interventions (i.e. iStation, FASTT Math, Dimension U), Extended Learning Time, extended year programs, tutorial support, Math Bowl, Economics Bowl, Tivitz, Fine Arts Festival, Speech Contest, myOn Reader, Battle of the Books, Science Olympics, Magnet Programs, Hillsborough Robots Challenge, and Geography Bee. In Middle and High Schools, these supplemental and enrichment programs include SpringBoard reading support, computer aided interventions (myOn reader, Dimension U), Tutorial support, Robotics, Science Olympiad, AVID, Advanced Placement, IB, Dual Enrollment, Grade Enhancement Courses, Career Pathways, Program Completers, Industry Certifications, Magnet Programs, credit recovery, and extended year programs.

2. Provide the following information for each strategy the school uses to increase the amount and quality of learning time and help enrich and accelerate the curriculum:

Strategy: After School Program

Minutes added to school year: 5,040

ELP: (Extended Learning Program)

Provides after school academic enrichment and remediation for students.

Strategy Rationale

Increase student achievement in the core subjects and provide an opportunity for credit recovery.

Strategy Purpose(s)

- Core Academic Instruction

Person(s) responsible for monitoring implementation of the strategy

Blake, Bridgette, bridgette.blake@sdhc.k12.fl.us

Data that is or will be collected and how it is analyzed to determine effectiveness of the strategy

Students will take part in teacher designed lessons. Teacher will facilitate the classroom activities and student work and assessments will be collected and analyzed.

Strategy: Summer Program

Minutes added to school year: 2,880

Summer Transition Camp

Strategy Rationale

Help transition 5th graders into middle school

Strategy Purpose(s)

- Core Academic Instruction
- Enrichment

Person(s) responsible for monitoring implementation of the strategy

Data that is or will be collected and how it is analyzed to determine effectiveness of the strategy

6th grade EWS data

Strategy: Weekend Program

Minutes added to school year: 2,700

Saturday Academy (pending grant approval)

Strategy Rationale

Focus on students performing below level

Strategy Purpose(s)

- Core Academic Instruction
- Enrichment

Person(s) responsible for monitoring implementation of the strategy

Data that is or will be collected and how it is analyzed to determine effectiveness of the strategy

FSA scores, school grade

Strategy: Extended School Day

Minutes added to school year: 3,960

Students acquiring 2 or more failing grades on class assignments will be assigned "Cub Lunch". During the student's 50 minute lunch period, the student will go to the Cub Lunch class to make up and complete the assignments they are failing. The assigned teacher to this class will walk the students to the lunch room to get their lunch then bring them back to the class. The students will then have 20 minutes to eat their lunch and 30 minutes to complete their assignments.

Strategy Rationale

Students have an entire period (50 minutes) for lunch. During this period the students are allowed to socialize and listen to music at their tables. The students are also allowed "Cub Bucks" they earn for good grades/attendance/behavior. "Cub Bucks" allow students to participate in incentives during their lunch period such as fun games and activities. They can also spend these in the "ROAR" store which is located in the lunch room and sells gifts and supplies to the students. Students are now more motivated to complete their assignments in class because they do not wish to miss out on the real lunch period.

Strategy Purpose(s)

- Core Academic Instruction

Person(s) responsible for monitoring implementation of the strategy

Pilcher, Shannon, shannon.pilcher@sdhc.k12.fl.us

Data that is or will be collected and how it is analyzed to determine effectiveness of the strategy

Student's completed work.

Strategy: Extended School Day

Minutes added to school year: 980

School wide Literacy Enrichment activity

Strategy Rationale

Increase student achievement on district/state assessments.

Strategy Purpose(s)

- Enrichment

Person(s) responsible for monitoring implementation of the strategy

Pilcher, Shannon, shannon.pilcher@sdhc.k12.fl.us

Data that is or will be collected and how it is analyzed to determine effectiveness of the strategy

Data will be analyzed from mock and real assessments such as FAIR and FSassessment.

2. Student Transition and Readiness

a. PreK-12 Transition

The school's response to this question may address the requirements of ESSA, P.L. No. 114-95, Â§ 1114(b)(7)(A)(iii)(V).

1. Describe the strategies the school employs to support incoming and outgoing cohorts of students in transition from one school level to another.

In Hillsborough County Public schools, all kindergarten children are assessed for Kindergarten Readiness using the FLKRS (Florida Kindergarten Readiness Screener.) This state-selected assessment contains a subset of the Early Childhood Observation System and the first two measures of the Florida Assessments in Reading (FAIR). The instruments used in the screening are based upon the Florida Voluntary Prekindergarten (VPK) Education Standards. Parents are provided with a letter from the Commissioner of Education, explaining the assessments. Teachers will meet with parents after the assessments have been completed to review student performance. Data from the FAIR will be used to assist teachers in creating homogeneous groupings for small group reading instruction. Children entering Kindergarten may have benefited from the Hillsborough County Public Schools' Voluntary Prekindergarten Program. This program is offered at elementary schools in the summer and during the school year in selected Head Start classrooms and as a blended program in several Early Exceptional Learning Program (EELP) classrooms. Starting in the 2012-2013 school year, students in the VPK program were given the state-created VPK Assessment that looks at Print Knowledge, Phonological Awareness, Mathematics and Oral Language/Vocabulary. This assessment continues to be administered at the start and end of the VPK program. A copy of these assessments are mailed to the school in which the child is registered for kindergarten, enabling the child's teacher to have a better understanding of the child's abilities from the first day of school. Parent Involvement events for Transitioning Children into Kindergarten include Kindergarten Round-Up. This event provides parents with an opportunity to meet the teachers and hear about the academic program. Parents are encouraged to complete the school registration procedure at this time to ensure that the child is able to start school on time.

Students are programmed & scheduled appropriately through clear communication with feeder schools, utilizing district scheduling guidelines, At- Risk lists, and early warning systems based on a student's need for support.

School based Spring and Summer orientation programs include: elective fairs, school visits, open houses, parent and student information meetings, magnet information sessions and district Career and College Nights.

High Schools hold ongoing articulations between and amongst feeder schools to best assist with the transition into 9th grade, through vertical planning sessions with feeder school departments, ESE, ELL, AVID, and magnet articulation amongst schools.

Hillsborough County Public Schools offers numerous summer camp offerings, including AVID/GAP camps, IB camps, Transition, band and athletic camps.

See HCPS Pupil Progression Plan.

b. College and Career Readiness

1. Describe the strategies the school uses to advance college and career awareness, which may include establishing partnerships with business, industry or community organizations.

Annually the school will hold elective fairs with present and incoming students. Based on interest, we will establish Course Selection Sheets and courses offerings to best meet their needs. The Guidance Department, ESE Specialist, AVID Coordinator, Department Heads, teachers and APCs will then articulate with feeder schools and assist students in signing up for courses and programs based on their Automatic Course Requests and their individual interests. School Counselors will visit classes to review the curriculum guide and course descriptions. They will distribute Course Selection Sheets and provide information about selecting courses for the following school year. These Course Selection Sheets are then sent home for parent review and signature.

On an annual basis, the school will review new course offerings at the state and district level to continue to offer rigorous and relevant coursework and to meet the State Standards.

2. Identify the career and technical education programs available to students and industry certifications that may be earned through those respective programs.

Courses and coursework are established in Professional Learning Communities, Advanced Placement, IB, Dual Enrollment, Career Themed Courses, Career Pathways, Program Completers, the Magnet Programs and AVID classes to help students see the relationships both cross-curricular and within subjects to establish relevance to a student's future. Many of these programs help guide and establish a student for postsecondary readiness (Industry Certifications, college credit, job skills, etc).

3. Describe efforts the school has taken to integrate career and technical education with academic courses (e.g., industrial biotechnology) to support student achievement.

Courses and coursework are established in Professional Learning Communities, Advanced Placement, IB, Dual Enrollment, Career Themed Courses, Career Pathways, Program Completers, the Magnet Programs and AVID classes to help students see the relationships both cross-curricular and within subjects to establish relevance to a student's future. Many of these programs help guide and establish a student for postsecondary readiness (Industry Certifications, college credit, job skills, etc).

4. Describe strategies for improving student readiness for the public postsecondary level based on annual analysis of the [High School Feedback Report](#), as required by section 1008.37(4), Florida Statutes.

District-Level

The Career and Technical Education (CTE) Department provides our counselors with the Programs of Study to help guide students with their educational pathway. The Program of Study maps out the courses and timeline for students to be program completers and successfully transition to postsecondary institutions.

Our district provides a variety of opportunities for students to learn about career pathways at postsecondary institutions through programs such as:

- Amazing Race - Provides 12th grade students an opportunity to gather enrollment requirements, scholarship opportunities and program offerings for incoming college freshmen
- Hi-TEC Trek - Provides 11th graders with an opportunity to explore Hillsborough County's postsecondary technical centers career and program opportunities.
- Wings of Imagination – Provides rising 10th grade girls with the opportunity to explore AS degree programs offered through Hillsborough Community College.
- College and Career Connections – Provides Career and Technical Education teachers, middle and high school counselors the opportunity to visit the four Hillsborough HiTEC centers and five HCC Campuses.

Additionally, the Hillsborough County Career Pathways Consortium coordinates articulation agreements to provide Career and Technical Education Program Completers with free credit at postsecondary institutions across the state of Florida.

School-Level

Students may participate in the following:

- Using SAI funds, Saturday SAT and ACT prep classes are offered. Information regarding SAT and ACT prep classes and testing dates will be provided to students and parents.
- All juniors will participate in the SAT School-Day. Utilizing test preparation and SAT online to prepare prior to the free SAT opportunities. Other additional free SAT opportunities are available to juniors to take the SAT.
- College Visits - Various college representatives visit school sites to share information about their specific colleges or universities with students.
- ASVAB - Students interested in possibly enlisting in the military are given an opportunity to take this aptitude test.
- Hi-TEC Centers Field Trip - Students will be given the opportunity to visit multiple centers and learn more about the programs offered at these technical schools.
- USF Senior Access Day - Disadvantaged and underrepresented students are invited to visit USF and learn about careers in various health professions.
- Ready to Work - Students in 12th grade have the opportunity to complete three assessments in the areas of math, reading and interpreting data on the computer in the Success Center. After completing the assessments students are sent a certificate that indicates their scores and the correlating skills. The students then show this certificate to an employer when applying for a job, which makes them more marketable.
- Senior Night - All seniors and their parents are encouraged to attend senior night, where they receive the senior handbook and counselors share valuable information about the senior year. This includes postsecondary information, a timeline of what seniors should be doing during the course of the year, SAT/ACT test dates, etc.
- Junior Night - Juniors and their parents are presented with important information about postsecondary planning, a timeline of what they should be doing during the course of the year, SAT/ACT test dates, etc.
- Through the AVID program, students are engaged in on-going college readiness activities.
- College Night – The district offers four college nights throughout the county for students to speak directly with over 100 college and university representatives.
- All targeted juniors take the PERT. Based on the results, students are placed in college readiness coursework to prepare for college entrance and college level coursework.
- Financial Aid Night- The district offers eight financial aid nights for students and parents to

understand the financial aid process, Bright Futures and state/local scholarship process.

- Pasos al Futuro- The district offers several Pasos al Futuro events throughout the school year for English Language Learners and Spanish speaking families by facilitating a comprehensive presentation that intends to demystify the college planning, admission and financial aid process for students and their families.

- Guidmii- is a web-based academic planning tool available for middle and high school students. The Guidmii platform enables secondary students and parents to develop a roadmap to college and career readiness. Students and parents can view the student's academic options, track high school graduation requirements, obtain information regarding Bright Futures, scholarships, and college admissions information.

II. Needs Assessment

The school's completion of this part may address the requirements of ESSA, P.L. No. 114-95, Â§ 1114(b)(6).

A. Problem Identification

1. Data to Support Problem Identification

b. Data Uploads

Data uploads are not required by the Florida Department of Education but are offered as a tool for the needs assessment. In this section, the school may upload files of locally available data charts and graphs being used as evidence of need.

The following documents were submitted as evidence for this section:

No files were uploaded

2. Problem Identification Summary

This section is not required by the Florida Department of Education but is provided as an opportunity for the school to summarize the points of strength and areas of need that have been identified in the data.

B. Problem Analysis Summary

This section is not required by the Florida Department of Education but is provided as an opportunity for the school to summarize the underlying "why" or root causes for the areas of need identified in the data, as determined by situational awareness of, and research conducted by, the stakeholders involved in the needs assessment.

C. Strategic Goals

School Improvement Goals

The following key is intended to help readers understand how the sections of this document correspond to the steps of the 8-step planning and problem-solving framework used in the School Improvement Plan. The Quick Key numbers can help registered users go directly to the point of entry for any given goal, barrier and strategy within the online survey.

Problem Solving Key

G = Goal

B =
Barrier

S = Strategy

 = Problem Solving Step  S123456 = Quick Key

Strategic Goals Summary

- G1.** Build school capacity to utilize the problem solving process to create and sustain effective systems that support student achievement.
- G2.** Student achievement will increase when teachers use data driven decision making to drive their standards based instructional practice.
- G3.** Our faculty and administration will support School culture by enabling students and teachers to contribute and connect, as they engage in school wide leadership and club activities.
- G4.** Student Achievement will increase when students are engaged in rigorous tasks, which include literacy components, that are aligned with grade level/content area standards.

Strategic Goals Detail

For each strategic goal, this section lists the associated targets (i.e., "SMART goals"), targeted barriers to achieving the goal, resources available to help reduce or eliminate the barriers, and the plan for monitoring progress toward the goal.

G1. Build school capacity to utilize the problem solving process to create and sustain effective systems that support student achievement. 1a

G098730

Targets Supported 1b

Indicator	Annual Target
School Grade - Percentage of Points Earned	41.0

Targeted Barriers to Achieving the Goal 3

- Professional development for teachers is needed to fully and continually develop their talents
- Need to provide positive activities for students, including out-of-school time academic and enrichment activities
- Differentiated support is needed to support unique student needs
- Need for wraparound services

Resources Available to Help Reduce or Eliminate the Barriers 2

- In-house professional development, instructional programs, behavioral programs, administration, Area Leadership Team

Plan to Monitor Progress Toward G1. 8

Our personnel is able to utilize the problem solving process to create and sustain effective systems that support student achievement

Person Responsible

Valerie Newton

Schedule

Quarterly, from 10/2/2017 to 5/25/2018

Evidence of Completion

KPI data, FSA data, school grade data, teacher evaluation data

G2. Student achievement will increase when teachers use data driven decision making to drive their standards based instructional practice. 1a

G098731

Targets Supported 1b

Indicator	Annual Target
Algebra I EOC Pass Rate	75.0
Math Gains	50.0
ELA/Reading Gains District Assessment	50.0
FSA Mathematics Achievement	35.0
FSA ELA Achievement	35.0
Statewide Science Assessment Achievement	35.0
Civics EOC Pass	55.0

Targeted Barriers to Achieving the Goal 3

- Lack of common assessments for each grade level

Resources Available to Help Reduce or Eliminate the Barriers 2

- Weekly professional development sessions
- Teachers as instructional leaders
- Reading Coach
- Instructional Coach
- AVID
- District support

Plan to Monitor Progress Toward G2. 8

Observation data

Person Responsible

Bridgette Blake

Schedule

Weekly, from 10/7/2016 to 4/11/2017

Evidence of Completion

Walkthrough Data Collection Sheet

Plan to Monitor Progress Toward G2. 8

Student Achievement Data Walls

Person Responsible

Bridgette Blake

Schedule

Quarterly, from 10/7/2016 to 4/11/2017

Evidence of Completion

Data Walls

G3. Our faculty and administration will support School culture by enabling students and teachers to contribute and connect, as they engage in school wide leadership and club activities. 1a

G098732

Targets Supported 1b

Indicator	Annual Target
School Climate Survey - Student	70.0
School Climate Survey - Staff	80.0

Targeted Barriers to Achieving the Goal 3

- Students feel little connection to their school and teachers.

Resources Available to Help Reduce or Eliminate the Barriers 2

- AVID
- Clubs
- NJHS
- Athletic Department
- Community partnerships

Plan to Monitor Progress Toward G3. 8

Attendance

Person Responsible

Larry Fulkroad

Schedule

Weekly, from 11/17/2017 to 6/1/2018

Evidence of Completion

Club rosters

Plan to Monitor Progress Toward G3. 8

Student Surveys

Person Responsible

Larry Fulkroad

Schedule

On 5/25/2018

Evidence of Completion

Tell Student Survey

G4. Student Achievement will increase when students are engaged in rigorous tasks, which include literacy components, that are aligned with grade level/content area standards. 1a

G098733

Targets Supported 1b

Indicator	Annual Target
FSA ELA Achievement	35.0
ELA/Reading Gains	50.0
ELA/Reading Lowest 25% Gains	35.0
AMO Reading - All Students	

Targeted Barriers to Achieving the Goal 3

- Need to involve all departments in the implementation of the site-based literacy instructional plan

Resources Available to Help Reduce or Eliminate the Barriers 2

- Principal/APC/APs
- Literacy Coach
- ILT
- SAC
- AVID
- Academic Coach

Plan to Monitor Progress Toward G4. 8

Mock Assessments

Person Responsible

Shannon Pilcher

Schedule

Quarterly, from 8/14/2017 to 5/18/2018

Evidence of Completion

FAIR FSassessment

Plan to Monitor Progress Toward G4. 8

Cornell Notes

Person Responsible

James Michaud

Schedule

Monthly, from 9/4/2017 to 5/18/2018

Evidence of Completion

Samples will be collected and turned into SALs

Plan to Monitor Progress Toward G4. 8

3 inch, 3 ring binders

Person Responsible

James Michaud

Schedule

Every 3 Weeks, from 9/4/2017 to 5/18/2018

Evidence of Completion

Teachers will check student binders on Friday every 3 weeks and will award Cub Bucks (PBS) to students who have theirs.

Action Plan for Improvement

For each strategy selected in the plan to reduce a targeted barrier to a strategic goal, this section lists the rationale for that strategy (i.e., why the school believes it will reduce the barrier) and the action steps that have been identified as necessary to implementing the strategy, including details such as the point person, timing and duration, and evidence of completion. At the end of each set of action steps is the plan for monitoring the implementation and effectiveness of the respective strategy.

Problem Solving Key

G = Goal **B** =
Barrier **S** = Strategy

1 = Problem Solving Step  **S123456** = Quick Key

G1. Build school capacity to utilize the problem solving process to create and sustain effective systems that support student achievement. **1**

 **G098730**

G1.B1 Professional development for teachers is needed to fully and continually develop their talents **2**

 **B265695**

G1.B1.S1 Provide professional development for teachers based upon the unique needs of the school to support student academic achievement, as reflected in the budget narrative. **4**

 **S281618**

Strategy Rationale

Teachers will need to continually develop and improve to support the students at their schools. PD will be provided in a variety of platforms and at various times throughout the school year based upon the needs of the teachers, the students, and the school. Data from teacher evaluations, walkthroughs, and student achievement sources will be utilized to make decisions about the appropriateness of PD.

Action Step 1 **5**

Provide supplemental support personnel (to be utilized for job-embedded PD to build teacher capacity such as coaching cycles, side-by-side coaching, modeling, planning support, data analysis support, etc, to include content coaches, success coaches, academic intervention specialists, behavior specialists, resource teachers)

Person Responsible

Valerie Newton

Schedule

Daily, from 9/1/2017 to 8/31/2018

Evidence of Completion

Staff allocation report

Plan to Monitor Fidelity of Implementation of G1.B1.S1 6

Job-embedded support is being provided to teachers that supports the problem solving process and student academic achievement

Person Responsible

Valerie Newton

Schedule

Weekly, from 10/2/2017 to 5/25/2018

Evidence of Completion

Coaching Logs

Plan to Monitor Effectiveness of Implementation of G1.B1.S1 7

Teachers are developing their capacity to deliver rigorous instruction, supporting student academic achievement

Person Responsible

Valerie Newton

Schedule

Daily, from 10/2/2017 to 5/25/2018

Evidence of Completion

Walkthrough/observation data, student academic data

G1.B2 Need to provide positive activities for students, including out-of-school time academic and enrichment activities **2**

 B265696

G1.B2.S1 Provide students with experiences that provide opportunities for academic support as well as enrichment, and that support successful transitioning to the next grade span, as reflected in the budget narrative. **4**

 S281619

Strategy Rationale

Students may need additional support outside of the traditional school day, such as activities designed to minimize the impact of summer learning loss. Transitioning between grade spans is disruptive, often leading to a drop in academic performance and an increase in disruptive behaviors. Providing experiences to smooth that transition are helpful in limiting the disruption for students.

Action Step 1 **5**

Provide academic and enrichment activities during out-of-school time

Person Responsible

Valerie Newton

Schedule

Annually, from 9/1/2017 to 8/31/2018

Evidence of Completion

Calendar, schedule, staff assignment, record of contact time

Action Step 2 **5**

Provide academic and enrichment activities during summer to interrupt summer learning loss, including Gap Camp for students transitioning between grade spans, and Gap Camp College Residential week-long camp to support Advanced Academics programming

Person Responsible

Valerie Newton

Schedule

Annually, from 5/25/2018 to 8/31/2018

Evidence of Completion

Calendar, schedule, staff assignment, record of contact time

Plan to Monitor Fidelity of Implementation of G1.B2.S1 6

Students are engaging in enrichment, support, and transition activities based on their academic needs, as reflected in the budget narrative.

Person Responsible

Valerie Newton

Schedule

Weekly, from 10/2/2017 to 5/25/2018

Evidence of Completion

Calendar, schedule, staff assignment, record of contact time

Plan to Monitor Effectiveness of Implementation of G1.B2.S1 7

Students are transitioning smoothly and positively, based on school need as reflected in the budget narrative.

Person Responsible

Valerie Newton

Schedule

Weekly, from 10/2/2017 to 5/25/2018

Evidence of Completion

6th, 7th and 8th grade KPI data, course assessments

G1.B3 Differentiated support is needed to support unique student needs **2**

 B265697

G1.B3.S1 Supplemental support may be needed to support struggling or advanced learners, based on data and the unique needs of the students at the school site, as reflected in the budget narrative. **4** **4**

 S281620

Strategy Rationale

A research-based curriculum piece may be identified to meet a specific need at a school site, such as a specific reading intervention curriculum. Specific adult support such as an assistant teacher or aide to support PS-MTSS/Rtl implementation, will be identified by specific sites as reflected in the budget narrative.

Action Step 1 **5**

Utilize assistant teachers/aides, NBE retired teachers, and certified teachers to support implementation of PS-MTSS/Rtl systems, as reflected in the budget narrative

Person Responsible

Valerie Newton

Schedule

Daily, from 8/31/2018 to 8/31/2018

Evidence of Completion

Staff allocation reports

Plan to Monitor Fidelity of Implementation of G1.B3.S1 **6**

Personnel has been added

Person Responsible

Valerie Newton

Schedule

Biweekly, from 10/2/2017 to 5/25/2018

Evidence of Completion

Personnel records

Plan to Monitor Effectiveness of Implementation of G1.B3.S1 7

Students and families supported through PS/MTSS-Rtl process

Person Responsible

Valerie Newton

Schedule

Quarterly, from 10/2/2017 to 5/25/2018

Evidence of Completion

EWS data

G1.B4 Need for wraparound services 2

B265698

G1.B4.S1 Include additional school personnel to support students and families as needed, as reflected in the budget narrative. 4 4

S281621

Strategy Rationale

Assist school with implementation of PS-MTSS/Rti and tracking of EWS data

Action Step 1 5

Support students and families through additional support services personnel to include social workers, psychologists, guidance counselors - Support PS-MTSS/Rtl systems, track behavior and attendance, link families to essential services, facilitate expedited screening

Person Responsible

Valerie Newton

Schedule

Daily, from 9/1/2017 to 8/31/2018

Evidence of Completion

Staff allocation reports

Plan to Monitor Fidelity of Implementation of G1.B4.S1 6

Support personnel has been added

Person Responsible

Valerie Newton

Schedule

Biweekly, from 10/2/2017 to 5/25/2018

Evidence of Completion

Personnel records

Plan to Monitor Effectiveness of Implementation of G1.B4.S1 7

Students and families supported through PS/MTSS-Rtl process

Person Responsible

Valerie Newton

Schedule

Quarterly, from 10/2/2017 to 5/25/2018

Evidence of Completion

EWS data

G2. Student achievement will increase when teachers use data driven decision making to drive their standards based instructional practice. 1

 G098731

G2.B2 Lack of common assessments for each grade level 2

 B265700

G2.B2.S1 Create and/or use grade level standards based common assessments 4

 S281622

Strategy Rationale

Continuous monitoring of student achievement

Action Step 1 5

Set up structured PLC procedures

Person Responsible

Bridgette Blake

Schedule

Quarterly, from 8/2/2017 to 8/9/2017

Evidence of Completion

PLC Agenda

Action Step 2 5

PLCs use grade level standards data to make instructional decisions

Person Responsible

Bridgette Blake

Schedule

Monthly, from 8/14/2017 to 6/1/2018

Evidence of Completion

PLC Minutes

Action Step 3 5

Teachers will use grade level standards data to improve their instruction

Person Responsible

Bridgette Blake

Schedule

Daily, from 8/14/2017 to 6/1/2018

Evidence of Completion

Lesson Plans

Action Step 4 5

Teachers will create grade level data walls using the common assessment

Person Responsible

Bridgette Blake

Schedule

Monthly, from 8/14/2017 to 6/1/2018

Evidence of Completion

Data Walls

Plan to Monitor Fidelity of Implementation of G2.B2.S1 6

Walkthroughs

Person Responsible

Bridgette Blake

Schedule

Weekly, from 8/14/2017 to 6/1/2018

Evidence of Completion

Walkthrough Data Collection sheet

Plan to Monitor Effectiveness of Implementation of G2.B2.S1 7

Common Assessments

Person Responsible

Bridgette Blake

Schedule

Quarterly, from 8/14/2017 to 6/1/2018

Evidence of Completion

Assessments

G3. Our faculty and administration will support School culture by enabling students and teachers to contribute and connect, as they engage in school wide leadership and club activities. **1**

 G098732

G3.B1 Students feel little connection to their school and teachers. **2**

 B265702

G3.B1.S1 Student Clubs **4**

 S281624

Strategy Rationale

Clubs provide students and teachers the opportunity to show their expertise in areas that may not be encountered through daily curriculum. Students and teachers will have the opportunity to explore activities that are of interest to them. Students will also be provided opportunities to develop their leadership skills.

Action Step 1 **5**

Develop overview of individual clubs

Person Responsible

Larry Fulkroad

Schedule

On 9/22/2017

Evidence of Completion

Greco Club Proposal filled out by teachers

Action Step 2 **5**

Support student learning and engagement with field trips, pending grant approval (Tampa History Museum, Tampa Court House)

Person Responsible

Larry Fulkroad

Schedule

Semiannually, from 10/2/2017 to 5/25/2018

Evidence of Completion

Participation in the field trip

Plan to Monitor Fidelity of Implementation of G3.B1.S1 6

Club overview/proposal/review

Person Responsible

Larry Fulkroad

Schedule

Quarterly, from 10/2/2017 to 5/25/2018

Evidence of Completion

Cub Approvals sent out to teachers, review of clubs

Plan to Monitor Effectiveness of Implementation of G3.B1.S1 7

Club Marketing/Advertising

Person Responsible

Larry Fulkroad

Schedule

On 11/6/2017

Evidence of Completion

Once approved, teachers will market their club for 1 week during lunch, on the morning show, and during normal school duties. Students will access and return club intent forms to Student Affairs. Intent forms will have at least 2 clubs selected by students in case their first choice is full. Once intent forms are received, club teachers will send out notifications to students with their club selection and pertinent information.

Plan to Monitor Effectiveness of Implementation of G3.B1.S1 7

Club Attendance

Person Responsible

Larry Fulkroad

Schedule

Monthly, from 11/17/2017 to 11/17/2017

Evidence of Completion

During the scheduled time, club teachers will head to Cafeteria to pick up their students 25 minutes into the lunch period. Students that will be attending a club will have a club pass created by club teacher to allow them to get lunch ahead of other students so that they will have up to 25 minutes to eat. Once the club teacher arrives, they will announce on the microphone that their club is now being picked up. Instead of using the sign-out document, teachers will have a list of their club students and once their students are lined up they will place check marks next to who they have and attach that list to the club clipboard that will be on the table. Students will be escorted out of the cafeteria and will be dismissed from their club teacher once the ending bell has rung.

G4. Student Achievement will increase when students are engaged in rigorous tasks, which include literacy components, that are aligned with grade level/content area standards. 1

G098733

G4.B2 Need to involve all departments in the implementation of the site-based literacy instructional plan 2

B265705

G4.B2.S1 School wide literacy enrichment activity. Executed on Early Release Monday. The activity is designed by the academic coaches and implemented by all teachers during a rotating period each week.

4

S281627

Strategy Rationale

Designed to increase student ELA scores by enriching students through:

- Familiarity of FSA Question Types
- Explicit instruction on active reading strategies
- Exposure to various note-taking tools
- Direct instruction of academic vocabulary

Action Step 1 5

On site professional training of all teachers in the implementation of the school wide Enrichment Activity

Person Responsible

Shannon Pilcher

Schedule

On 8/15/2017

Evidence of Completion

Sign-in Sheets

Action Step 2 5

Teachers facilitate a predefined literacy enrichment activity during a rotating period every Monday.

Person Responsible

Shannon Pilcher

Schedule

Weekly, from 9/11/2017 to 5/7/2018

Evidence of Completion

Walk-Throughs

Action Step 3 5

On site professional development of all teachers in the implementation of the school wide AVID strategies

Person Responsible

James Michaud

Schedule

Quarterly, from 9/7/2017 to 4/5/2018

Evidence of Completion

Lesson plans with AVID strategies clearly indicated will be located on teacher desks and easily accessible during walk-throughs.

Action Step 4 5

School AVID Binders

Person Responsible

James Michaud

Schedule

Every 3 Weeks, from 8/25/2017 to 5/11/2018

Evidence of Completion

Teacher Cub Buck entry for students with binders

Plan to Monitor Fidelity of Implementation of G4.B2.S1 6

All teachers will facilitate the predefined Literacy Enrichment Activity

Person Responsible

Shannon Pilcher

Schedule

Weekly, from 9/11/2017 to 5/14/2018

Evidence of Completion

Walk-Throughs

Plan to Monitor Effectiveness of Implementation of G4.B2.S1 7

Student work will be collected at the end of the enrichment period every Monday

Person Responsible

Shannon Pilcher

Schedule

Weekly, from 9/11/2017 to 5/21/2018

Evidence of Completion

Student work that is collected will be turned into and graded by the Language Arts teachers. Student data will be recorded based on their in class behavior during the activity and from the activity itself. This data will be used to identify and prioritize student remediation.

IV. Implementation Timeline

Source	Task, Action Step or Monitoring Activity	Who	Start Date (where applicable)	Deliverable or Evidence of Completion	Due Date/End Date

V. Professional Development Opportunities

Professional development opportunities identified in the SIP as action steps to achieve the school's goals.

G1. Build school capacity to utilize the problem solving process to create and sustain effective systems that support student achievement.

G1.B1 Professional development for teachers is needed to fully and continually develop their talents

G1.B1.S1 Provide professional development for teachers based upon the unique needs of the school to support student academic achievement, as reflected in the budget narrative.

PD Opportunity 1

Provide supplemental support personnel (to be utilized for job-embedded PD to build teacher capacity such as coaching cycles, side-by-side coaching, modeling, planning support, data analysis support, etc, to include content coaches, success coaches, academic intervention specialists, behavior specialists, resource teachers)

Facilitator

Coaches and Resource Teachers

Participants

Faculty

Schedule

Daily, from 9/1/2017 to 8/31/2018

G4. Student Achievement will increase when students are engaged in rigorous tasks, which include literacy components, that are aligned with grade level/content area standards.

G4.B2 Need to involve all departments in the implementation of the site-based literacy instructional plan

G4.B2.S1 School wide literacy enrichment activity. Executed on Early Release Monday. The activity is designed by the academic coaches and implemented by all teachers during a rotating period each week.

PD Opportunity 1

On site professional training of all teachers in the implementation of the school wide Enrichment Activity

Facilitator

Shannon Pilcher

Participants

Teachers

Schedule

On 8/15/2017

PD Opportunity 2

On site professional development of all teachers in the implementation of the school wide AVID strategies

Facilitator

James Michaud

Participants

Teachers

Schedule

Quarterly, from 9/7/2017 to 4/5/2018
