Note: The school grades calculation was revised substantially for the 2014-15 school year to implement statutory changes made by the 2014 Legislature and incorporate the new Florida Standards Assessments. The 2014-15 school grades serve as informational baseline data that schools can use to improve in future years.

School Board Approval

This plan is pending approval by the Polk County School Board.

SIP Authority and Template

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a school improvement plan (SIP) for each school in the district that has a school grade of D or F.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F (see page 4). For schools receiving a grade of A, B, or C, the district may opt to require a SIP using a template of its choosing.

This document was prepared by school and district leadership using the FDOE's school improvement planning web application located at <https://www.floridacims.org>.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. A corollary at the district level is the District Improvement and Assistance Plan (DIAP), designed to help district leadership make the necessary connections between school and district goals in order to align resources. The Florida Department of Education encourages schools to use the SIP as a “living document” by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the “Date Modified” listed in the footer.

Part I: Current School Status

Part I organizes the current status of the school around five domains inspired by the 5Essentials framework: Supportive Environment, Family and Community Involvement, Effective Leadership, Public and Collaborative Teaching, and Ambitious Instruction and Learning. Questions regarding the school’s Multi-Tiered System of Supports have been embedded throughout this part to demonstrate how data is used by stakeholders to understand the needs of all students and allocate appropriate resources in proportion to those needs.

Part II: Needs Assessment

Part II requires the school to review performance and early warning systems data in order to develop strategic goals and associated data targets (i.e., “SMART goals”) for the coming school year in context of the school’s greatest strengths and needs. An online tool was developed, which includes data visualizations and processing questions to support problem identification, problem analysis and strategic goal formulation.

Part III: 8-Step Planning and Problem Solving for Implementation

Part III enables the school to develop implementation plans for its highest-priority goals. With the overview of the current state of the school in mind and the strategic goals identified through the needs assessment, the planning team engages in a facilitated planning and problem-solving process, through which they

- Define strategic goals and establish targets to be reached by successfully achieving the goals (Step 1)
- Identify barriers that could hinder achieving those goals and resources that could be used to eliminate or reduce barriers (Step 2)
- Select high-priority barriers they want to address initially (Step 3)
- Design implementation and monitoring plans for strategies to resolve selected barriers (Steps 4-7)
- Determine how they will monitor progress toward each goal (Step 8)

Appendices

The following appendices, automatically-generated from content entered in Part III, are included in this document:

- Appendix 1 is a timeline of all action steps and monitoring activities
- Appendix 2 is an outline of all professional development opportunities and technical assistance items
- Appendix 3 is a report of the budget needed to implement the strategies

Differentiated Accountability

Florida's Differentiated Accountability (DA) system, established in [section 1008.33, Florida Statutes](#), is a statewide network of strategic support, differentiated by need according to performance data, provided to districts and schools in order to improve leadership capacity, teacher efficacy, and student outcomes. Through a data-driven planning and problem-solving process, DA field teams collaborate with district leadership to design, implement, and refine strategic goals and action plans that are documented in the SIP.

DA Regions

Florida's DA network is divided into four geographical regions, each served by a field team led by a regional executive director (RED).

DA Categories

At the start of each academic year, traditional schools are classified for DA support in two categories based on the most recent school grades data available. Descriptions of each DA category along with the state support and interventions provided are set forth by [Rule 6A-1.099811, Florida Administrative Code](#):

- **Not in DA** - A school with a current school grade of A, B, or C; charter schools; and ungraded schools.
- **Targeted Support and Improvement** - A school with a current school grade of an initial D.
- **Comprehensive Support and Improvement** - A school with a current school grade of F or two consecutive grades of D, or a high school with a graduation rate of 67 percent or less in the most recent data release.

DA Turnaround Status

Additionally, Comprehensive Support and Improvement schools have a turnaround status of "Implementing," based on a school's grades history, including the current school grade:

- Implementing - A school with a status of "Implementing" requires the district to submit a turnaround plan to the State Board of Education for approval and implementation. A school remains in "Implementing" status until its school grade improves to a C or higher.

I. Part I: Current School Status

A. Supportive Environment

1. School Mission and Vision

a. Provide the school's mission statement.

The Mission of Lake Shipp Elementary School is to create a culture that motivates success and equips students for the future.

The Mission of Polk County Public Schools is to provide a high quality education for all students.

District and school-based Title I Parent Involvement Programs in Polk County will strive to build RELATIONSHIPS to create real family engagement for every child, every family, every teacher, every day.

b. Provide the school's vision statement.

Vision:

At Lake Shipp Elementary students are educated through a collaborative team consisting of parents, school staff, peers, and the community to become lifelong learners. Children take risks and become productive and innovative without fear of failure; their gifts and talents are recognized and celebrated.

MOTTO:

R - Responsible in ALL things

O - Outstanding Character

A - Academic Pride

R - Resolve Problems Peacefully

2. School Environment

a. Describe the process by which the school learns about students' cultures and builds relationships between teachers and students.

We will provide students with resources to encompass the students' cultures that are represented here at Lake Shipp Elementary. We plan to celebrate the different cultures through our PBIS Cruises.

b. Describe how the school creates an environment where students feel safe and respected before, during and after school.

The morning show will provide lessons through our network TV system that will air throughout the year. No bullying zone signs are posted throughout the school.

Teachers will follow the district bullying curriculum the 2nd week of school.

In the mornings and afternoons, students are supervised by both adults and student patrols. Car doors are opened for students and the parents are greeted. This assists us in building strong relationships with both our parents and students.

We will provide a follow up training on our CHAMPS/PBIS strategies and posters will be hung in common areas to ensure consistency across the campus. Our students will be rewarded for meeting our expectations.

c. Describe the schoolwide behavioral system in place that aids in minimizing distractions to keep students engaged during instructional time. This may include, but is not limited to, established protocols for disciplinary incidents, clear behavioral expectations, and training for school personnel to ensure the system is fairly and consistently enforced.

1. Professional development follow up was given during teacher pre-planning week on Routines, Rituals, and Expectations following the CHAMPS model for all school personnel to ensure the system is fair and consistently enforced. Emphasis was placed on consistent clear expectations being taught from the time students arrive at the door in the morning and embedded in each curriculum block daily in the classroom and out. A class mission statement and data board to support student learning will be in every classroom. This along with engagement strategies will create an environment where learning can be maximized.

2. We will also follow up with STOIC, which the district provided our training at the end of last year. We will assist instructional staff on classroom organization to maximize learning. We will ensure that behavior expectations are taught and that the behaviors are monitored consistently. We will also monitor the campus for positive interactions, not only with students, but one another.

d. Describe how the school ensures the social-emotional needs of all students are being met, which may include providing counseling, mentoring and other pupil services.

Our administration, leadership team and teachers have reviewed previous year's data and discussed retained, ESE, ELL, and students with discipline issues. Early detection regarding students' with needs will be addressed for academic or behavioral support. The MTSS Team will include: School Psychologist, Guidance Counselor, Interventionists (behavior, math) and Reading Coach. They will work cohesively to enhance student learning and behavior.

3. Early Warning Systems

The school's response to this section may address the requirements of ESSA, P.L. No. 114-95, Â§ 1114(b)(7)(A)(i) and (b)(7)(A)(iii)(III).

a. Describe the school's early warning system and provide a list of the early warning indicators used in the system.

Attendance below 90 percent, regardless of whether absence is excused or a result of out-of-school suspension

One or more suspensions, whether in school or out of school

Course failure in English Language Arts or mathematics

A Level 1 score on the statewide, standardized assessments in English Language Arts or mathematics

b. Provide the following data related to the school's early warning system

1. The number of students by grade level that exhibit each early warning indicator:

Indicator	Grade Level													Total
	K	1	2	3	4	5	6	7	8	9	10	11	12	
Attendance below 90 percent	3	3	3	1	6	5	0	0	0	0	0	0	0	21
One or more suspensions	0	15	5	19	10	15	0	0	0	0	0	0	0	64
Course failure in ELA or Math	12	5	9	10	5	11	0	0	0	0	0	0	0	52
Level 1 on statewide assessment	0	0	0	29	29	27	0	0	0	0	0	0	0	85

The number of students identified by the system as exhibiting two or more early warning indicators:

Indicator	Grade Level													Total
	K	1	2	3	4	5	6	7	8	9	10	11	12	
Students exhibiting two or more indicators	2	0	3	9	6	7	0	0	0	0	0	0	0	27

c. Describe all intervention strategies employed by the school to improve the academic performance of students identified by the early warning system.

Monthly attendance awards for the best class attendance at each grade level
MTSS and Intervention plan
Mentors
Tutoring after school
Guidance groups
PBIS Goals and incentives

B. Family and Community Engagement

The school's response to this section may address the requirements of ESSA, P.L. No. 114-95, Â§ 1114(b)(2) and (b)(7)(A)(iii)(I).

1. Describe how the school works at building positive relationships with families to increase involvement, including efforts to communicate the school's mission and vision, and keep parents informed of their child's progress.

a. Will the school use its Title I Parent and Family Engagement Policy (PFEP) to satisfy this question?

Yes

1. PFEP Link

The school completes a Parental Involvement Plan (PFEP), which is accessible through the Continuous Improvement Management System (CIMS) at <https://www.floridacims.org/documents/432283>.

2. Description

A PIP has been uploaded for this school or district - see the link above.

2. Describe the process by which the school builds and sustains partnerships with the local community for the purpose of securing and utilizing resources to support the school and student achievement.

We have an active School Advisory Council. Our SAC meets monthly to discuss the school's needs, data and budget to support Lake Shipp Elementary.

The SIP is shared with SAC regarding goals, barriers and strategies. We take suggestions from the SAC and make adjustments as needed.

We share our SIP and Title I information during our annual Title I meeting.

Parent volunteers and community volunteers support our school on a regular basis. However, we are still looking for ways to increase our number of volunteers.

Additionally, we are looking for ways to increase the number who participate in our scheduled Spirit Nights with Chipolte, Subway and Beef O'Brady's where we earn a percentage of the sales on our scheduled nights.

Last year we starting a PTA, which included parents, teachers, and community members, which assisted in the support of our school and our students. This year we will continue as a PTA

To build positive relationships and enhance communication among all stakeholders, we do the following:

*Agendas, which is a communication tool between home and school.

*Teacher/Parent Conferences

*School Messenger

- *New School Website
- *Parents on Premises Days (1 in the fall and 1 in the spring)
- *Student led Conferences with parents/guardians
- *Curriculum Nights (Reading, Writing, Math and Science)
- *Science Fair Night (Students explain their projects to judges and projects are judged and scored)
- *This year we want to start a Facebook page

C. Effective Leadership

1. School Leadership Team

a. Membership

Identify the name, email address and position title for each member of the school leadership team.:

Name	Title
Nelson, Stacy	Principal
Schmitt, Courtney	Teacher, K-12
Murphy, Jane	Teacher, K-12
Irace, Karen	Assistant Principal
Sands, Dewitt	Dean
Gossman, Sara	Instructional Media
Egan, Jilleene	School Counselor
Crutchfield, Allison	Instructional Technology

b. Duties

1. Describe the roles and responsibilities of the members, including how they serve as instructional leaders and practice shared decision making.

Dr. Stacy Nelson, Principal - responsible for the Academic Team, Leadership Teams and SAC committee, conduct classroom observations and walkthroughs, ensure collaborative/effective lesson planning and lesson delivery, reviewing student data, assisting in the implementation of PBS procedures and expectations to reduce classroom disruptions, monitoring the execution of procedures, facilitating professional development to meet teacher needs, communicating with other members of the team to ensure student academic success, and assisting in the MTSS process to ensure students receive the assistance they need to be successful.

Dr. Karen Irace, Assistant Principal - responsibilities within the Leadership Team include: classroom observations and walkthroughs, ensuring effective lesson planning and lesson delivery, reviewing student data, assisting in the implementation of PBS procedures and expectations to reduce classroom disruptions, monitoring the execution of procedures, facilitating professional development to meet teacher needs, communicating with other members of the team to ensure student academic success, and assisting in the MTSS process to ensure students receive the assistance they need to be successful.

Courtney Schmitt, 3-5 Math Interventionist - responsibilities include 30% Title 1, parent involvement activities and documentation, 70% small groups instruction with the lowest 25% in grades 3, 4, and 5.

Jane Murphy, 3-5 Reading Coach - responsibilities include working with teachers and assisting with planning, improving instructional delivery, modeling for teachers and supporting with the coaching model.

Jill Egan - Guidance Counselor- Responsible for the coordination of all MTSS meetings, which include those involving academics, behavior, and attendance. MTSS responsibilities include collaborating with parents and staff to assist through the MTSS process to ensure academic achievement. Additionally this position is responsible for the dissemination of ESE information as the LEA, and ESE Facilitator.

Allison Crutchfield, Network Manager - ensures all technology is functioning properly throughout campus, completes inventories and assists with all testing.

Dr. Dewitt Sands, Behavior Interventionist - walks campus daily while visiting all classrooms to ensure that behaviors are not interrupting the learning process. Works with children on de-escalation skills and also works with parents.

2. Describe the process through which school leadership identifies and aligns all available resources (e.g., personnel, instructional, curricular) in order to meet the needs of all students and maximize desired student outcomes. Include the methodology for coordinating and supplementing federal, state and local funds, services and programs. Provide the person(s) responsible, frequency of meetings, how an inventory of resources is maintained and any problem-solving activities used to determine how to apply resources for the highest impact.

The process used to identify and align available resources is as follows:

1. Plan - during planning our Reading Coach and Math Interventionists along with Administrators will plan rigorous, engaging activities to help all students meet their target for the lesson. Using rubrics and teaching expectations will guide the students toward success.
2. Do - once expectations are taught using gradual release, the students will begin working in groups, pairs and individual to complete the tasks given. Also, using the rubric as they work through the task students can check their progress to see if they are meeting those expectations.
3. Check - as the children are working, the teacher will be facilitating and monitoring the activities to identify any students who may be struggling, to redirect those who may be off task and to accelerate the learning of those who show mastery of the task.
4. Act - Collectively as a School Based Leadership Team, we will meet monthly to review data and compare expected outcomes with actual outcomes. Any adjustments to instruction or training that may be needed will be provided in a timely manner.

The majority of Title I resources is geared toward school improvement. The support provided is tiered so that teachers have the support needed for their own professional growth as well as support with planning to meet the needs of students, including migrant, ESOL and ESE students. Data will be used to identify students and plan instructional support during an extra hour of instruction at every grade level for our students who are not proficient. An additional ESOL para was gained to help assist with our LY students. Also, we gained a second Inclusion teacher to assist in the academic growth of our ESE students. Becky Kicklighter, our Social Worker, assists with the communication and various needs of our migrant students. Our interventionists are key supports during the MTSS process for students in providing progress monitoring and growth data as we work with students to improve the overall number of students that meet proficiency. Data will be reviewed monthly.

Grade Chairs are part of our support team as we align our systems and processes across our campus to create an environment that supports positive behavior and high achievement for all students. They are liaisons between administration and teachers so every stakeholder has a voice. They ensure teachers have a voice in creating the type of culture that will make our school and community proud!

2. School Advisory Council (SAC)

a. Membership

Identify the name and stakeholder group for each member of the SAC.:

Name	Stakeholder Group
Stacy Nelson	Principal
Alicia Simmons	Parent
Tisha Jones	Parent
Ken Sherman	Business/Community
Karen Irace	Principal
Jessica Blanchard	Parent
Danise Davis	Parent
Mahogany Reese	Education Support Employee
Jane Murphy	Teacher

b. Duties

1. Provide a description of the SAC's involvement with the following activities, as required by section 1001.452(2), Florida Statutes

The school's response to this question may address the requirements of ESSA, P.L. No. 114-95, Â§ 1114(b)(2).

a. Evaluation of last year's school improvement plan

Throughout the school year, the School Advisory Council reviewed the SIP and provided feedback based on administrative walk-through data and survey information. During the year SAC provided community support with action items. They actively helped with the parent portion of the SIP and made suggestions.

b. Development of this school improvement plan

Our SAC committee will review a draft of our School Improvement Plan and especially look at the goals. Everyone will be given the opportunity to ask questions, provide suggestions or recommendations based on the review of the plan and our data. Parents can gain access to the School Improvement plan by visiting the Lake Shipp website at lse.polk-fl.net. In addition, the plan can be viewed in the Parent Involvement Notebook in the main office.

c. Preparation of the school's annual budget and plan

The SAC will be able to view areas for improvement and our budget and give feedback. Our business partners give community support toward our plan and budget.

2. Describe the use of school improvement funds allocated last year, including the amount budgeted for each project.

Money was budgeted toward the following:

Personnel: Title I Facilitator, Reading Coach, Para-Educator

Educational Newspaper: E-weekly

Teacher Materials and Supplies

Technology and New Document Cameras

Software to Support Math and Reading

Campus Improvement Projects

3. Verify that the school is in compliance with section 1001.452, Florida Statutes, regarding the establishment requirements and duties of the SAC.

Yes

a. If the school is not in compliance, describe the measures being implemented to meet SAC requirements.

3. Literacy Leadership Team (LLT)

a. Membership

Identify the name and position title for each member of the school-based LLT or similar group, if applicable.:

Name	Title
Murphy, Jane	Instructional Coach
Nelson, Stacy	Principal
Schmitt, Courtney	Teacher, K-12
Gossman, Sara	Instructional Media
Martinez, Lauren	Teacher, K-12
Peterson, Kelly	Teacher, K-12
Preston, Shanna	Other
Daniels, Latonya	Teacher, K-12
Irace, Karen	Assistant Principal

b. Duties

1. Describe how the LLT or similar group promotes literacy within the school, if applicable.

The Literacy Team meets and creates literacy programs around a particular theme, incentives, and ideas to promote literacy across our campus. Jane Murphy is the facilitator of this committee.

Read Quest is a nationwide reading day that our LLT supports .

We have POP (Parents on Premises) days that gets parents involved in Literacy in the classroom during a school day.

We set an AR Goal for school-wide points for the end of year and number of points for each student to set as a goal to reach. Miss Gossman, Media Specialist, heads up AR.

We are using Rosetta Stone with our ESOL students and their parents to enhance English language. Judy Randolph heads up this program for Lake Shipp.

D. Public and Collaborative Teaching

The school's responses to this section may address the requirements of ESSA, P.L. No. 114-95, Â§ 1114(b)(7)(A)(iii)(IV).

1. Describe the school's strategies to encourage positive working relationships between teachers, including collaborative planning and instruction.

Tuesday is collaboraive planning day for teachers for Reading and Math, Thursday is used for PLC planning. The PLC's will include; data analysis, MTSS for academics, PBIS and MTSS for behavior.

Members of the School Based Leadership Team will leave positive notes for teachers and teachers will be rewarded for implementing the plans with fidelity during instructional time.

Kudos will also be posted in the Teachers' Lounge for others to either copy or adjust to fit their classroom environment. The Kudos will be mentioned on the morning show as well.

In addition, we will give a "Teacher of the Week" award that highlights something great that was observed during classroom walkthroughs.

2. Describe the school's strategies to recruit, develop and retain highly qualified, certified-in-field, effective teachers to the school.

New teachers coming in are supported by their grade chair, administrators, coach and interventionists. A file is kept on possible recruits for the future. Monthly meetings with administrators help support new members in our processes and district procedures. We also review FEAPs with novice teachers.

3. Describe the school's teacher mentoring program, including the rationale for pairings and planned mentoring activities.

The new teachers meet monthly with the reading coach as a group with set topics and as needed during the month. PD is offered through coaching, shadowing another teacher and/or through the coaching model.

E. Ambitious Instruction and Learning

1. Instructional Programs and Strategies

a. Instructional Programs

1. Describe how the school ensures its core instructional programs and materials are aligned to Florida's standards.

The School Based Leadership Team (SBLT) will use At-a-Glance documents for all content areas for walk throughs and observations to ensure that plans being delivered are aligned with the Florida Standards

Use of item specifications are part of planning

Review reports and resources from iStation for both reading and math

Teachers utilize our district's curriculum maps when planning

Computer Based Programs that support the curriculum and Florida Standards are utilized

Planning is supported by the administrators, coach and interventionists

b. Instructional Strategies

1. Describe how the school uses data to provide and differentiate instruction to meet the diverse needs of students. Provide examples of how instruction is modified or supplemented to assist students having difficulty attaining the proficient or advanced level on state assessments.

Summative and formative assessment data is used to help follow progress of students

Teachers utilize small groups and centers as part of the literacy block to support on level curriculum.

Data from weekly assessments help teachers look at needs of students. Flexible small groups are formed through disaggregation of data from these assessments.

We provide an extra hour of interventions and/or enrichment to meet the needs of all our students.

During this hour, strategies are used to enhance students' individual academic needs in order to enhance their on grade level skills. If a child has already mastered the standards, he/she is provided enrichment activities to excel him/her to the next level.

2. Provide the following information for each strategy the school uses to increase the amount and quality of learning time and help enrich and accelerate the curriculum:

Strategy: After School Program

Minutes added to school year: 100

The Learning Resource Center provides after school tutoring for our students twice a week. Tutoring is provided for first through fifth grade students.

Strategy Rationale

Based on progress monitoring data, students that need extra time to learn in a small group setting are provided this opportunity through extended learning.

Strategy Purpose(s)

- Core Academic Instruction
- Enrichment

Person(s) responsible for monitoring implementation of the strategy

Schmitt, Courtney, courtney.schmitt@polk-fl.net

Data that is or will be collected and how it is analyzed to determine effectiveness of the strategy

Pre and post test are used to analyze effectiveness

Strategy: After School Program

Minutes added to school year: 900

Teachers to provide an additional hour of instruction after school for 12-16 weeks in ELA, Math and Science.

Strategy Rationale

Students will receive additional instruction in small groups to focus on areas of need.

Strategy Purpose(s)

- Core Academic Instruction
- Enrichment

Person(s) responsible for monitoring implementation of the strategy

Irace, Karen, karen.irace@polk-fl.net

Data that is or will be collected and how it is analyzed to determine effectiveness of the strategy

Data collected will be STAR Reading and Math, i Station, teacher-made assessments and FSA results. A pre and post assessment will be administered to track each students progress on standards. Teachers will track student attendance and progress and communicate weekly with parents/guardians.

2. Student Transition and Readiness

a. PreK-12 Transition

The school's response to this question may address the requirements of ESSA, P.L. No. 114-95, Â§ 1114(b)(7)(A)(iii)(V).

1. Describe the strategies the school employs to support incoming and outgoing cohorts of students in transition from one school level to another.

Orientation is held for all students and kindergarten roundup is held for incoming kindergarten students.

During the first 30 days of school our kindergarten students are assessed on the Florida Kindergarten Readiness Skills. This test is used to measure a child's readiness for school.

Collaboration between schools prepare students for the next level of education (middle school).

At the end of the year, administrators from transitioning middle schools visit and hold assemblies with transitioning students to share academic programs and expectations.

The boy scouts come in yearly and this year girl scouts will come as well. Now the programs encompass grades K - 5. However, they talk to 5th graders about transitioning into middle school.

Third grade teachers teach in pairs and our fourth and fifth grades are departmentalized, which helps children become familiar with transitioning from one class to another. Thus, preparing them for middle school.

b. College and Career Readiness

1. Describe the strategies the school uses to advance college and career awareness, which may include establishing partnerships with business, industry or community organizations.

The graduation year for each grade level will be framed and hung in each classroom and regularly referred to with our children

We have pennants from both the ACC and SEC teams, as well as, famous black universities, which will be hung in the cafeteria so that daily all students are exposed to the idea of attending college.

We would like to take our older students to colleges/universities in town, as well as, out of town to expose them to the type of experiences they are working toward.

Our children participate in the Great American Teach-In and experience many job opportunities and are given a chance to ask questions regarding various fields of employment.

2. Identify the career and technical education programs available to students and industry certifications that may be earned through those respective programs.

BizTown provides exposure to many different types of careers and companies, including: Town Mayor, hospitals, banks, electric companies, radio stations, retail stores, McDonalds, adventure parks, etc.

3. Describe efforts the school has taken to integrate career and technical education with academic courses (e.g., industrial biotechnology) to support student achievement.

Our Biztown project supports real life community and job experiences for our fifth graders. Students learn, then prepare for jobs in which they interview. The culmination is a trip to Biztown where they run this miniature city working all types of jobs, including mayor and city managers.

4. Describe strategies for improving student readiness for the public postsecondary level based on annual analysis of the [High School Feedback Report](#), as required by section 1008.37(4), Florida Statutes.

II. Needs Assessment

The school's completion of this part may address the requirements of ESSA, P.L. No. 114-95, Â§ 1114(b)(6).

A. Problem Identification

1. Data to Support Problem Identification

b. Data Uploads

Data uploads are not required by the Florida Department of Education but are offered as a tool for the needs assessment. In this section, the school may upload files of locally available data charts and graphs being used as evidence of need.

The following documents were submitted as evidence for this section:

No files were uploaded

2. Problem Identification Summary

This section is not required by the Florida Department of Education but is provided as an opportunity for the school to summarize the points of strength and areas of need that have been identified in the data.

Lake Shipp Elementary's strength was in Science, Learning Gains and Lowest 25 percent.

Our weakness was in math proficiency

We will continue to work on reading growth as well as the other content areas.

B. Problem Analysis Summary

This section is not required by the Florida Department of Education but is provided as an opportunity for the school to summarize the underlying "why" or root causes for the areas of need identified in the data, as determined by situational awareness of, and research conducted by, the stakeholders involved in the needs assessment.

Consistency of instruction and personnel throughout all classrooms, lack of fidelity, discipline, lack of student authentic engagement and beginning teachers lack of familiarity with content/standards/best practices.

C. Strategic Goals

School Improvement Goals

The following key is intended to help readers understand how the sections of this document correspond to the steps of the 8-step planning and problem-solving framework used in the School Improvement Plan. The Quick Key numbers can help registered users go directly to the point of entry for any given goal, barrier and strategy within the online survey.

Problem Solving Key

G = Goal

B =
Barrier

S = Strategy

 = Problem Solving Step  S123456 = Quick Key

Strategic Goals Summary

- G1.** If we monitor and provide authentic feedback on gradual release with fidelity, then student engagement and proficiency levels will increase.
- G2.** If we train and monitor the implementation of the 5E Model with fidelity, then our math and science scores will show growth in proficiency.
- G3.** If we decrease our discipline referrals by 25%, then our academic proficiency levels in all content areas will increase.

Strategic Goals Detail

For each strategic goal, this section lists the associated targets (i.e., "SMART goals"), targeted barriers to achieving the goal, resources available to help reduce or eliminate the barriers, and the plan for monitoring progress toward the goal.

Targeted Barriers to Achieving the Goal 3

- Teachers' have an inadequate understanding of PBIS and its implementation. This year we are adding The Leader in Me Book Study and The 7 Habits social skills training/ instruction for students.
- Lack of follow through in providing consequences for misbehavior.

Resources Available to Help Reduce or Eliminate the Barriers 2

- Use of DoJo in all classrooms
- CHAMPS/PBIS Committee
- District support
- Model Classrooms
- PD on The Leader in Me book Study, The 7 Habits social skills

Plan to Monitor Progress Toward G3. 8

Analyze data from STAR, STAR Early Literacy, iStation, district writing assessments, Reading Wonders weekly assessments and data chats.

Person Responsible

Stacy Nelson

Schedule

Monthly, from 8/10/2017 to 5/24/2018

Evidence of Completion

Collaborative planning minutes, lesson plans, coaching logs, professional development logs, student tracking forms, and discipline. Classroom data walls will monitor student progress in all content areas. Goals or Targets are also posted for each content area.

Action Plan for Improvement

For each strategy selected in the plan to reduce a targeted barrier to a strategic goal, this section lists the rationale for that strategy (i.e., why the school believes it will reduce the barrier) and the action steps that have been identified as necessary to implementing the strategy, including details such as the point person, timing and duration, and evidence of completion. At the end of each set of action steps is the plan for monitoring the implementation and effectiveness of the respective strategy.
