School Grades Histo	ory							
Year Grade	<b>2016-17</b> C	<b>2015-16</b> C	<b>2014-15</b> B*	<b>2013-14</b> C				

\*Informational Baseline School Grade

**Note:** The school grades calculation was revised substantially for the 2014-15 school year to implement statutory changes made by the 2014 Legislature and incorporate the new Florida Standards Assessments. The 2014-15 school grades serve as informational baseline data that schools can use to improve in future years.

#### **School Board Approval**

This plan was approved by the Hernando County School Board on 1/9/2018.

#### **SIP Authority and Template**

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a school improvement plan (SIP) for each school in the district that has a school grade of D or F.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F (see page 4). For schools receiving a grade of A, B, or C, the district may opt to require a SIP using a template of its choosing.

This document was prepared by school and district leadership using the FDOE's school improvement planning web application located at <a href="https://www.floridaCIMS.org">https://www.floridaCIMS.org</a>.

### **Table of Contents**

Purpose and Outline of the SIP	4
Differentiated Accountability	5
Current School Status	6
Supportive Environment	6
Family and Community Engagement	8
Effective Leadership	9
Public and Collaborative Teaching	13
Ambitious Instruction and Learning	15
8-Step Planning and Problem Solving Implementation	19
Goals Summary	19
Goals Detail	19
Action Plan for Improvement	21
Appendix 1: Implementation Timeline	28
Appendix 2: Professional Development and Technical Assistance Outlines	29
Professional Development Opportunities	29
Technical Assistance Items	30
Appendix 3: Budget to Support Goals	30

### Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. A corollary at the district level is the District Improvement and Assistance Plan (DIAP), designed to help district leadership make the necessary connections between school and district goals in order to align resources. The Florida Department of Education encourages schools to use the SIP as a "living document" by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the "Date Modified" listed in the footer.

#### Part I: Current School Status

Part I organizes the current status of the school around five domains inspired by the 5Essentials framework: Supportive Environment, Family and Community Involvement, Effective Leadership, Public and Collaborative Teaching, and Ambitious Instruction and Learning. Questions regarding the school's Multi-Tiered System of Supports have been embedded throughout this part to demonstrate how data is used by stakeholders to understand the needs of all students and allocate appropriate resources in proportion to those needs.

#### Part II: Needs Assessment

Part II requires the school to review performance and early warning systems data in order to develop strategic goals and associated data targets (i.e., "SMART goals") for the coming school year in context of the school's greatest strengths and needs. An online tool was developed, which includes data visualizations and processing questions to support problem identification, problem analysis and strategic goal formulation.

#### Part III: 8-Step Planning and Problem Solving for Implementation

Part III enables the school to develop implementation plans for its highest-priority goals. With the overview of the current state of the school in mind and the strategic goals identified through the needs assessment, the planning team engages in a facilitated planning and problem-solving process, through which they

- Define strategic goals and establish targets to be reached by successfully achieving the goals (Step 1)
- Identify barriers that could hinder achieving those goals and resources that could be used to eliminate or reduce barriers (Step 2)
- Select high-priority barriers they want to address initially (Step 3)
- Design implementation and monitoring plans for strategies to resolve selected barriers (Steps 4-7)
- Determine how they will monitor progress toward each goal (Step 8)

#### Appendices

The following appendices, automatically-generated from content entered in Part III, are included in this document:

- · Appendix 1 is a timeline of all action steps and monitoring activities
- Appendix 2 is an outline of all professional development opportunities and technical assistance items
- Appendix 3 is a report of the budget needed to implement the strategies

### **Differentiated Accountability**

Florida's Differentiated Accountability (DA) system, established in <u>section 1008.33</u>, Florida Statutes, is a statewide network of strategic support, differentiated by need according to performance data, provided to districts and schools in order to improve leadership capacity, teacher efficacy, and student outcomes. Through a data-driven planning and problem-solving process, DA field teams collaborate with district leadership to design, implement, and refine strategic goals and action plans that are documented in the SIP.

#### **DA Regions**

Florida's DA network is divided into four geographical regions, each served by a field team led by a regional executive director (RED).

#### **DA Categories**

At the start of each academic year, traditional schools are classified for DA support in two categories based on the most recent school grades data available. Descriptions of each DA category along with the state support and interventions provided are set forth by <u>Rule 6A-1.099811</u>, <u>Florida Administrative Code</u>:

- Not in DA A school with a current school grade of A, B, or C; charter schools; and ungraded schools.
- Targeted Support and Improvement A school with a current school grade of an initial D.
- **Comprehensive Support and Improvement** A school with a current school grade of F or two consecutive grades of D, or a high school with a graduation rate of 67 percent or less in the most recent data release.

#### DA Turnaround Status

Additionally, Comprehensive Support and Improvement schools have a turnaround status of "Implementing," based on a school's grades history, including the current school grade:

• <u>Implementing</u> - A school with a status of "Implementing" requires the district to submit a turnaround plan to the State Board of Education for approval and implementation. A school remains in "Implementing" status until its school grade improves to a C or higher.

#### 2017-18 DA Category and Statuses for Explorer K 8

DA Region and RED	DA Category and Turnaround Status
Central - Lucinda Thompson	- N/A

#### I. Part I: Current School Status

#### A. Supportive Environment

#### 1. School Mission and Vision

#### a. Provide the school's mission statement.

All stakeholders in our community will work collaboratively to promote an environment of high expectations where all of our young explorers (students) will have the opportunity to receive a quality, interactive education in a nurturing, safe and secure environment.

#### b. Provide the school's vision statement.

Explore today....Conquer tomorrow!

#### 2. School Environment

### a. Describe the process by which the school learns about students' cultures and builds relationships between teachers and students.

Explorer K-8 is a Title I School. Many of the programs provided are family and community based that help Explorer build positive relationships with students and families. These are accomplished by teachers with support from Title I site-based and district staff members. Title I staff will support various school events and meetings throughout the school year to assist and educate families.

Teachers use informal surveys at the beginning of the year to learn about their students and families. Teachers have data chats with students and also meet with families to discuss investment in the school's Title I compact. Teachers regularly update Edline as a means of communicating with families.

### b. Describe how the school creates an environment where students feel safe and respected before, during and after school.

Explorer has duty stations where teacher and staff monitor students outside and inside the campus. School teachers and staff use a school behavior initiative - Positive Behavior Supports (PBS) to help students feel welcome and safe at school at all times. The school also has a School Resource Officer which helps maintain safety and helps build positive relationships between school and community stakeholders.

#### c. Describe the schoolwide behavioral system in place that aids in minimizing distractions to keep students engaged during instructional time. This may include, but is not limited to, established protocols for disciplinary incidents, clear behavioral expectations, and training for school personnel to ensure the system is fairly and consistently enforced.

Explorer K-8 participates school- wide in Positive Behavior Support (PBS). We teach our students positive behavior through our P.R.I.D.E expectations which address: Positive in your attitude, Reliable in your responsibilities, Inspiring in your words, Determined in your work, and Empowered to be the best you can be. Teachers create their classroom management programs based on these expectations and students are rewarded for positive behaviors. Student rewards are provided through classrooms and grade level teams throughout the school year.

d. Describe how the school ensures the social-emotional needs of all students are being met, which may include providing counseling, mentoring and other pupil services.

The Explorer K-8 MTSS Problem Solving Team provides leadership to help all stakeholders comply with the school's MTSS plan. Guidance counselors, behavior specialists, and the MTSS coordinator provide student support through individual and group meetings. Students are also serviced via; Functional Behavior Assessments (FBA) and Behavioral Intervention Plans (BIP). Guidance and other school staff also monitor student needs through behavior plans or other interventions. Our school's guidance counselors review behavior and discipline data via RtI-B to monitor progress to aid student support.

#### 3. Early Warning Systems

The school's response to this section may address the requirements of ESSA, P.L. No. 114-95, § 1114(b)(7)(A)(i) and (b)(7)(A)(iii)(III).

### a. Describe the school's early warning system and provide a list of the early warning indicators used in the system.

Explorer K-8's early warning systems include strategies to help students become successful at school using the following:

Attendance: When students miss 7 or more days of school per 90 days of instruction, guidance counselors and the school social worker meet with parents to discuss truancy and develop a plan of action to improve attendance.

Suspensions: Discipline data is reviewed by the school's Deans of Students, the Student Support Team, and the School Based Leadership Team (SBLT) review the data to determine behavior interventions for students experiencing one or more suspensions.

Course Failure: The Middle School procedure requires t or in danger of failing courses, plus a submission of a plan of action to close the gaps for those students. Elementary teachers schedule a problem solving meeting with the MTSS coordinator and School Psychologist when students start exhibiting failing grades. Strategies are implemented which are designed to close gaps.

Level 1 State Assessments: Middle School students who previously earned a Level 1 or 2 in Reading or Math are placed in Intensive Courses. Intensive Math and Reading teachers use interventions to close the gaps between

poor performing students and their grade level peers, as evidenced by progress-monitoring data.

#### b. Provide the following data related to the school's early warning system

#### 1. The number of students by grade level that exhibit each early warning indicator:

Indicator		Grade Level												Total
		1	2	3	4	5	6	7	8	9	10	11	12	Total
Attendance below 90 percent	33	29	30	20	24	27	27	36	29	0	0	0	0	255
One or more suspensions	5	12	36	21	20	79	94	68	43	0	0	0	0	378
Course failure in ELA or Math	12	7	5	5	0	2	5	12	1	0	0	0	0	49
Level 1 on statewide assessment	0	0	0	16	77	106	107	114	85	0	0	0	0	505

The number of students identified by the system as exhibiting two or more early warning indicators:

Indicator		Grade Level											Total	
		1	2	3	4	5	6	7	8	9	10	11	12	Total
Students exhibiting two or more indicators	2	5	7	6	11	40	60	22	16	0	0	0	0	169

### c. Describe all intervention strategies employed by the school to improve the academic performance of students identified by the early warning system.

When students are identified by teachers as not meeting grade level benchmarks, Tier 2 interventions are put into place immediately. These interventions are designed to meet the specific areas of deficiency. If students are unable to close the gap with the interventions in place, the MTSS team meets to problem solve and evaluate the need for Tier 3 interventions.

Resource teachers deliver tiered interventions and support during core small group instruction and in pull out settings in Reading and Math as indicated by data disaggregation.

Middle School provides intervention for all students earning a level 1 or 2 on the Math and ELA FSA through intensive reading & math courses.

Title I funds before school tutoring for students who have demonstrated through progress monitoring that they need additional support.

#### **B. Family and Community Engagement**

The school's response to this section may address the requirements of ESSA, P.L. No. 114-95, § 1114(b)(2) and (b)(7)(A)(iii)(I).

1. Describe how the school works at building positive relationships with families to increase involvement, including efforts to communicate the school's mission and vision, and keep parents informed of their child's progress.

a. Will the school use its Title I Parent and Family Engagement Policy (PFEP) to satisfy this question?

Yes

#### 1. PFEP Link

The school completes a Parental Involvement Plan (PFEP), which is accessible through the Continuous Improvement Management System (CIMS) at <u>https://www.floridacims.org/documents/</u>465386.

#### 2. Description

A PIP has been uploaded for this school or district - see the link above.

# 2. Describe the process by which the school builds and sustains partnerships with the local community for the purpose of securing and utilizing resources to support the school and student achievement.

Through the scheduling of monthly Title I Committee meetings, held in conjunction on the same night with PTSA and SAC, we are able to sustain and nurture our partnerships with the local community. All stakeholders are provided information on the status of student achievement and are given the opportunity to review and evaluate the school's goals for improvement. The Title I staff collaborates with all stakeholders to provide highly effective parent workshops. They are able to utilize this partnership to secure resources that will be used to support student achievement. In addition to encouraging parents/ families to attend our leadership meetings (Title I Committee, PTSA, SAC, Literacy Leadership Team and Family Involvement Team-District) we also partner with community organizations. During our Annual Title I Meetings we will invite local business partners to help support our school. We survey the

participants after each parent event to obtain feedback on how the process is working to ensure the partnerships are sustained.

#### C. Effective Leadership

#### 1. School Leadership Team

#### a. Membership

Identify the name, email address and position title for each member of the school leadership team.:

Name	Title
Braithwaite, Lisa	Principal
Fischer, Jocelyn	Instructional Coach
Sardogan, Carmela	School Counselor
Healy, Chris	Assistant Principal
Weed, Donald	Administrative Support
Anderson, Erin	Instructional Coach
MacGregor, Andrew	Assistant Principal
Day, Ashley	School Counselor
Roman, Jillian	Administrative Support
Liebler, Shannon	Administrative Support
Jung, Shone	Instructional Coach
Dill, JB	Administrative Support

#### b. Duties

# 1. Describe the roles and responsibilities of the members, including how they serve as instructional leaders and practice shared decision making.

Principal (Mrs. Lisa Braithwate): Provides a common vision that leads and guides the team's decision making and procedure development to create an effective learning organization. She supports and emphasizes the use of data based decisions, ensures the school based team is implementing MTSS and that all school members are employing intervention support and documentation based on grade level PBS team decisions, and communicates with all school stakeholders' relevant MTSS plans and activities. She meets with each team (elementary) and department (middle school) for Professional Learning Communities (PLC) using progress monitoring data. These meetings address school-wide and grade level data to help identify and address data trends. Ms. Braithwaite monitors the fidelity of instruction and interventions through regular classroom observations.

Assistant Principals (Mr. Chris Healy and Mr. Andrew MacGregor): Support the principal's vision that leads and guides the team's decision making and procedure development. They support and emphasize the use of data based decisions, ensure the school based team is implementing MTSS and that all school members are employing intervention support and documentation based on grade level PBS team decisions, ensure MTSS professional development is provided to staff, and communicate with all school stakeholders' relevant MTSS plans and activities. They both address grade level, classroom, and individual data by conducting classroom walk-throughs to monitor the fidelity of instruction and interventions.

MTSS Coordinator (Chris Mentasti): Supports the principal's vision and guides the team's decision making and procedure development. She facilitates individual student meetings and participates in

the collection, interpretation, and analysis of data by facilitating and monitoring the intervention plans. She provides support for intervention fidelity and documentation. She provides MTSS professional development and technical assistance for problem-solving activities for all teachers. She also supports the principal's vision and actively participates in data driven grade level RtI-B meetings to determine Tier 1 and Tier 2 interventions for PBS. She coordinates individual student meetings and participates in the collection, interpretation and analysis of data. She provides assistance with the implementation and monitoring of the school-wide Positive Behavioral Support (PBS) component of MTSS. She provides interventions and documentation strategies for all teachers. She develops and conducts professional development in-service activities to provide staff with additional information on: basics of behavior analysis; data collection; antecedent control of behaviors; effective use of consequences and aggression control or prevention.

Title I Facilitator (JB Dill): Supports the principal's vision that leads and guides the team's decision making and procedure development. She supports and emphasizes the use of data based decisions, ensures the school based team is adhering to Title I regulations, uses data to schedule and secure professional development opportunties, and communicates with all school stakeholders the impact of Title I funds on the school. She has a special role to relay information from district Title I meetings to the school . She is responsible for the coordination and integration of federal, state, and local services and programs for EK-8.

Assessment Teacher (Jillian Strat): Gathers and disaggregates school assessment data; identifies and analyzes problem areas within the data; organizes, supports and monitors assessments and screenings being given at grade level or school-wide.

Guidance Counselors (Carmela Sardogan and Ashley Day ): Collect, analyze, and interpret schoolwide, grade level, subgroup and individual student data. They facilitate the development/adoption of intervention plans, forms and procedures. They provide professional development, support, and technical assistance for problem-solving activities, including data collection, data analysis, and intervention planning. They attend individual student meetings based on the grade levels they serve, as well as establish and facilitate social skills groups and individual/group counseling sessions.

School Psychologist (Caryn Ingle): Participates in collection, analysis, and interpretation of schoolwide, grade level, subgroups and individual student data. She facilitates development/adoption of intervention plans, forms, and procedures. She provides MTSS professional development, support, and technical assistance for problem-solving activities, including data collection, data analysis, and intervention planning. She attends and participates in grade level PBS/Rtl grade level meetings, and provides support for intervention fidelity and documentation.

Instructional Practice Coaches (Erin Anderson, Shannon Hess, and Jocelyn Fischer): Actively participate and facilitate data driven team and department level Professional Learning Communities to support standards based instruction. These coaches provide instructional support through the development of professional learning opportunities, modeling, coaching and coplanning effective lessons. They train staff on chief programs and processes related to subject areas and provide support through the coaching cycle for Tier 1 instruction.

2. Describe the process through which school leadership identifies and aligns all available resources (e.g., personnel, instructional, curricular) in order to meet the needs of all students and maximize desired student outcomes. Include the methodology for coordinating and supplementing federal, state and local funds, services and programs. Provide the person(s) responsible, frequency of meetings, how an inventory of resources is maintained and any problem-solving activities used to determine how to apply resources for the highest impact.

Explorer K-8 school's SBLT will focus on solving problems identified with our student performance data; using current data the team will identify school-wide, grade level, and subgroup problem areas

and apply problem solving techniques to design appropriate researched based interventions and strategies aimed at improving these problem areas. The team will meet bi-monthly to discuss current progress monitoring data such as iReady, SAM, etc. We will analyze school-wide level, grade level, individual teacher and then subgroup data. Based on this information the team will develop interventions for the problem areas, identify professional development needs, then communicate with and train the staff. Various members of the team will meet on an as needed basis with grade level PBS teams to assist in data analysis, problem solving, and focus lesson development; persistent problems will be brought back to the SBLT meetings for further investigation.

Individual student data, both academic and behavioral, is the basis for determining the development and implementation of the School Improvement Plan (SIP). SIP development team teachers survey the staff, analyze student performance, discipline, and attendance data, and then develop the goals, barriers, strategies and evaluation processes and tools aimed at improving student performance at EK-8. Professional Learning Communities meet weekly to examine performance data. The MTSS problem solving process is applied to the new data; data is analyzed, problem areas identified, interventions developed, and tracking methods established, then trainings and interventions are applied which are all designed to meet the SIP goals. The grade level teams re-evaluate these strategies as they review the next set of performance data and modifications are made when data indicates a need to fine-tune strategies as well as implement or exit students from the process. The MTSS team determines school-based, grade level, and subject-level needs. In addition, the team ensures students are receiving appropriate Tier 1, 2 and 3 services/interventions with fidelity. The team further evaluates the professional development needs of the staff and appropriate tools for the overall implementation of MTSS to increase successful infrastructure development.

Explorer K-8 is a school-wide Title I program. Following the Technical Assistance guideline provided by the LEA District Title I department, Explorer K-8 is dedicated to providing a supplementary Title I education service for all students. The Title I Facilitator (TIF) collaborates with the District's Coordinator of Family Involvement to build home support networks that will facilitate targeted student success. The TIF will coordinate with the SBLT to provide tutoring for targeted students based on the previous school year data: FSA, FCAT, iReady and SAM scores. The Title I (Part A) services at Explorer K-8 will be coordinated with other federally-funded programs, including use of Title II funds to support additional research-based professional development programs and teacher recruitment and retention activities, use of Title III funds to support additional services for our English Language Learners (ELLs), use of Title X funds to provide additional services for our homeless students (SWDs). District Title I funds are used to provide a specialized social worker who serves as the district's homeless liaison and who coordinates exemplary local public school homeless education programs and services.

At the end of the year, the Title I Comprehensive Needs Assessment indicated a necessity for increased student supports through additional staff including Math and ELA resource teachers in both Elementary and Middle School. The Assessment also suggested increasing the amount of time for instruction in reading, math, writing and science for a select targeted student population. Using criteria formulated by student assessment data, students will be invited to attend the Title I Extended Learning program. The students will be monitored by the tutors (highly qualified teachers) using a pre/ post test data. The targeted students will have their individual progress analyzed and reported to all stakeholders. iReady data will be cross-referenced with State assessment tests and Performance Matters data to determine effectiveness of the Title I Extended Learning program.

Explorer K-8 implements PLC's with core curriculum teachers during scheduled times to discuss changes in instruction, strategies, and/or school improvement activities. Teachers will work in collaboration with the Instructional Practice Coaches (IPCs) to disaggregate the student data for core curriculum using the Student Work Analysis Protocol (SWAP).

#### 2. School Advisory Council (SAC)

#### a. Membership

Identify the name and stakeholder group for each member of the SAC.:

Name	Stakeholder Group
Gisette Roebuck-Korman	Teacher
Heather Dono	Parent
Crystal Silverthorn	Parent
Lisa Braithwaite	Principal
Cindy Perreti	Business/Community
Whitney Campbell	Parent
Danielle Chechile	Parent
Holly DiPippo	Parent
Sabryna Hammond	Parent
April Kelly	Parent
Dawn White	Parent
Pam Cannon	Education Support Employee
JB Dill	Teacher
Brittany Ferrara	Teacher
Bethany Seitz	Teacher
Donald Weed	Teacher

#### b. Duties

# 1. Provide a description of the SAC's involvement with the following activities, as required by section 1001.452(2), Florida Statutes

The school's response to this question may address the requirements of ESSA, P.L. No. 114-95, § 1114(b)(2).

#### a. Evaluation of last year's school improvement plan

Administration presented and reviewed the school-wide FSA data that supported the School Improvement Plan.

#### b. Development of this school improvement plan

SAC members are invited to contribute suggestions on the direction of the goals for the 2017-2018 school year. The draft SIP is presented to the committee for review, revision, and approval by all stakeholders. A checklist of mandatory components is given to the SAC members to evaluate the draft, which will enable all stakeholders to voice their agreement or disagreement on the draft.

#### c. Preparation of the school's annual budget and plan

The school's SAC annual budget is presented to the committee so that the members are aware of how all monies are being spent. This allows the committee to be constantly updated on the status of the budget.

# 2. Describe the use of school improvement funds allocated last year, including the amount budgeted for each project.

In the year 2016-2017 the School Advisory Council funded teacher subscriptions to Planbook.com to provide a structured format for teachers to develop and submit lesson plans to administrators for bi-

weekly review. The cost of this subscription was \$1123.20. A school wide subscription to Brainpop was also purchased for one year for a total of \$2,395.00 to support the school improvement plan goal for increased student engagement through integrated technology use. The school resource officer was given funds to attend professional development for a total of \$1,045.00. Two teachers attended a professional development seminar for a total of \$600.00. The Literacy Leadership team was trained in Thinking Maps for \$3,000. The school Literacy Leadership team was given \$1,000.00 to provide incentives to students reading achievement.

# *3. Verify that the school is in compliance with section 1001.452, Florida Statutes, regarding the establishment requirements and duties of the SAC.* Yes

a. If the school is not in compliance, describe the measures being implemented to meet SAC requirements.

#### 3. Literacy Leadership Team (LLT)

#### a. Membership

Identify the name and position title for each member of the school-based LLT or similar group, if applicable.:

Name	Title
Braithwaite, Lisa	Principal
Fischer, Jocelyn	Instructional Coach
Liebler, Shannon	Teacher, K-12
Kruck, Jen	Teacher, K-12
Langdon, Jessica	Teacher, K-12
Leonard, Jennifer	Teacher, K-12
Sessa, Brittany	Teacher, K-12
Seitz, Bethany	Teacher, K-12
Healy, Chris	Assistant Principal
Graff, Sue	Teacher, K-12
Griffin, Miranda	Teacher, K-12

#### b. Duties

#### 1. Describe how the LLT or similar group promotes literacy within the school, if applicable.

The Explorer K-8 Literacy Leadership Team meets monthly to review relevant data such as FSA scores, iReady, FAIR-FS assessments, placement tests, writing assessments, Lexile scores, and fluency scores to determine literacy goals for the school. The Literacy Leadership team analyzes the data to determine creative and motivational ways to increase the literacy levels of each learner. The Literacy Leadership members represent their grade level teams or departments and communicate recommendations for professional development as they relate to literacy and student needs. The Literacy Leadership Team will organize and implement approved literacy activities as a means to motivate and reward students. The Literacy Leadership Team also reviews the latest reading research and published articles to determine implementation at the school level to positively affect literacy outcomes.

#### D. Public and Collaborative Teaching

The school's responses to this section may address the requirements of ESSA, P.L. No. 114-95, § 1114(b)(7)(A)(iii)(IV).

# 1. Describe the school's strategies to encourage positive working relationships between teachers, including collaborative planning and instruction.

Explorer K-8 utilizes many strategies which promote positive working relationships between teachers. Various teams meet regularly in small and large groups to brainstorm, problem solve and promote effective collaboration through Professional Learning Communities (PLC), professional development opportunities, Student Support Team and School Based Leadership team (SBLT),

Literacy Leadership: Staff members and parents are invited to join this committee which promotes all aspects of literacy. This committee plans activities for Literacy Week, examines data, problem solves literacy activities which support the love of literacy.

Team Meetings: Staff members will meet with their grade level peers (elementary level), and department peers (middle school level) in a team meeting every 7 days. All team leaders (elementary and middle) and Department heads meet once a month with administration. These meetings allow for administration to share information from the district office, and staff will discuss any concerns and voice questions. These meetings also allow staff to share best practices and resources, help each other problem solve and build a collaborative culture.

Professional Learning Communities: Teams/departments meet with administration and Instructional Practices Coaches to discuss the most current data for the students they serve. These teacher led discussions are an opportunity for teachers to discuss the assessments that their students have recently completed and any barriers that were found from those assessments. Teachers are able to then discuss plans to help those students who will need remediation based on their performance.

Professional Development opportunities: PD is provided to all staff members throughout the year on a number of topics. Topics are chosen based on the needs of the staff in relation to the School Improvement Plan. Professional Development opportunities are site based, led by school and district staff.

Positive Behavior Support: Explorer K-8 currently implements this program which addresses problem behavior within a Response to Intervention (RtI:B) framework. This program builds an environment where positive behavior is recognized and rewarded and problem behavior is addressed in a meaningful way through the use of interventions and a tiered system of leveled support. The focus on positive behaviors allows teachers to build a classroom environment where less time is spent on problem behaviors, taking away from instructional time. The school wide system allows for students to know expected behaviors at all times, which also minimizes problem behaviors.

Multi-tiered System of Support - MTSS is used in both academic and behavioral settings at Explorer K-8. This system is used to develop an individualized plan for students who are demonstrating a need for additional support. The MTSS team consists of teachers, guidance, school psychologist and the MTSS coordinator. Interventions are chosen based on the student's data. Interventions are re-visited after an established amount of time to determine if they are being effective. This system allows teachers to ensure that their students are receiving the additional support necessary to be successful.

Title I - Explorer K-8 qualifies for the Title I program with a population of 84% of students economically disadvanted. Title I funding is being used currently to support the following staff positions: three Instructional Practices Coaches, six resource teachers, and a Title I Facilitator. The funding also provides materials for parent workshops, extended day tutoring, K-5 access to iReady instructional programs, 3-8 access to newsELA, and Thinking Maps.

# 2. Describe the school's strategies to recruit, develop and retain highly qualified, certified-in-field, effective teachers to the school.

Explorer K-8 is a Title I school, therefore all teachers must be highly qualified in order to obtain employment on our campus. All teachers new to our school are given a "Welcome to Our School" training and problem solving session before school begins as support staff is introduced and school-wide expectations and programs are explained. A mentoring program is provided for all probationary contract teachers through the district. A site based mentor(Jocelyn Fischer) has completed the state level Clinical Educator Training and mentors teachers new to Explorer. These new teachers meet monthly to have needs-based training and collaborate with their peers. Developing professional relationships helps retain these highly qualified teachers.

# 3. Describe the school's teacher mentoring program, including the rationale for pairings and planned mentoring activities.

Explorer K-8's mentoring program ensures that all probationary contract teachers employed on our campus are partnered with a District mentor as well as their team leader to meet their needs. The mentees are provided with opportunities to research the Four Domains of the Charlotte Danielson model, research best practices, explore classroom management strategies, reflect on current intructional proficiency, and present to the group suggested artifacts to build their portfolios.

#### E. Ambitious Instruction and Learning

#### 1. Instructional Programs and Strategies

#### a. Instructional Programs

# 1. Describe how the school ensures its core instructional programs and materials are aligned to Florida's standards.

Explorer K-8 is a school-wide Title I school and is required to comply with all audited components of ESEA-NCLB in order to receive its allocation for federal funding from the LEA. The first method of documentation of compliance is through the School Improvement Plan/School-wide Plan (SIP/SWP). The second documentation is a thorough, well-organized Title I audit file. Explorer K-8 completed the comprehensive needs assessment (CNA) for the entire school based on data associated with district progress monitoring tools such as iReady, and SAM. Using this data the school determined the effective methods and instructional strategies needed to strengthen the core instructional programs aligned to Florida's standards. Title I funds are used to support the core instructional programs by providing additional supplemental materials in the classroom. Explorer K-8 also increases the amount and quality of learning by providing additional classroom resources, professional development and extended learning programs.

Explorer K-8 administration and SBLT ensure our core instructional programs and materials are aligned to Florida's standards by hiring highly qualified teachers who develop lesson plans which are standards based. The teachers will use the Florida Standards based lesson plans in CPalms and the district's curriculum maps to implement the Florida's standards in their teaching. Explorer K-8 administration will conduct classroom observations to identify the lessons being taught and provide feedback using the Danielson Framework for Effective Teaching.

#### b. Instructional Strategies

1. Describe how the school uses data to provide and differentiate instruction to meet the diverse needs of students. Provide examples of how instruction is modified or supplemented to assist students having difficulty attaining the proficient or advanced level on state assessments.

Teachers are required in grades K-5 to track their students' individual data and provide remediation using resources found on the school's research based supplemental resources map for Tier 2 and 3 materials. These students are also utilizing the iReady program for additional differentiation on specific skill deficits. Administrators use walk-through documentation to ensure effective strategies are being utilized in the classrooms. Unify data will be analyzed to determine levels of student growth and progress and to identify students who may need additional support in meeting the standards. In the Middle School, remediation is being delivered by highly effective Math and Reading teachers during a designated intensive class period. These students are also utilizing the iReady program for additional differentiation on specific skill deficits.

# 2. Provide the following information for each strategy the school uses to increase the amount and quality of learning time and help enrich and accelerate the curriculum:

#### Strategy: Before School Program

#### Minutes added to school year: 1,800

Targeted students will be provided with additional instructional time by highly qualified teachers before and/or after school to address academic deficiencies.

#### Strategy Rationale

During the Comprehensive Needs Assessment, it was determined that there is a need for increasing the amount of instructional time for a targeted student population. This process ensures that struggling students will receive effective and timely additional assistance.

#### Strategy Purpose(s)

Core Academic Instruction

### *Person(s) responsible for monitoring implementation of the strategy* Dill, JB, dill\_j@hcsb.k12.fl.us

# Data that is or will be collected and how it is analyzed to determine effectiveness of the strategy

Students data will be monitored by the tutors (highly qualified teachers) using pre/post test data. All students will be given strategies and tools to help them master the Florida standards. Growth monitoring data will be run to show individual progress in tutored content areas. At the end of the Extended Learning program, the Title I Facilitator will disaggregate the student performance data and complete the LEA data analysis report.

#### 2. Student Transition and Readiness

#### a. PreK-12 Transition

The school's response to this question may address the requirements of ESSA, P.L. No. 114-95,  $\hat{A}$  1114(b)(7)(A)(iii)(V).

# 1. Describe the strategies the school employs to support incoming and outgoing cohorts of students in transition from one school level to another.

Pre-Kindergarten to Kindergarten: Explorer K-8 holds a "Kindergarten Round-Up" event in the spring, which parents are invited to so they can register their child(ren) for Kindergarten. Parents will also be able to meet the kindergarten teachers, join the PTSA or SAC, and find out about the Title I program. Elementary to Middle School: Fifth grade students transitioning to middle school are given the opportunity to 'shadow' a middle school student for a day. Fourth and Fifth grade students are also

able to join a chorus club to begin developing skills that they will use when enrolled in the electives the next school year.

Middle to High School: Middle school students transitioning to high school are given the opportunity to visit Pasco-Hernando State College for a day to learn about what they will need to start working on to be prepared for college entrance by the end of their high school career. The students learn about the academic and financial expectations that entering college will bring. The day long trip allows the students to ask any questions they may have and discuss any concerns with the staff members of the college. By exposing the students to this information before entering high school, it allows the students and their families to begin an academic and financial plan before it is too late.

#### b. College and Career Readiness

# 1. Describe the strategies the school uses to advance college and career awareness, which may include establishing partnerships with business, industry or community organizations.

# 2. Identify the career and technical education programs available to students and industry certifications that may be earned through those respective programs.

Explorer K-8 offers, through the Hernando E-School, an opportunity for the grades 4-8 students to earn an industry-certification in Microsoft Word. Additionally, Middle School students may participate in the CAPE Digital Program and earn industry-certification.

# 3. Describe efforts the school has taken to integrate career and technical education with academic courses (e.g., industrial biotechnology) to support student achievement.

Explorer K-8 offers multiple academic courses in which students can enroll that will assist them in their high school courses leading towards their future careers. These include courses in the arts (band and chorus), foreign language (Spanish), Algebra 1, and technology (CAPE). Courses on higher levels are also available through the e-school program that is offered through the county. Students can also enroll in courses available through Florida Virtual School.

# 4. Describe strategies for improving student readiness for the public postsecondary level based on annual analysis of the <u>High School Feedback Report</u>, as required by section 1008.37(4), Florida Statutes.

N/A

#### **II. Needs Assessment**

The school's completion of this part may address the requirements of ESSA, P.L. No. 114-95, § 1114(b)(6).

#### A. Problem Identification

#### 1. Data to Support Problem Identification

#### b. Data Uploads

Data uploads are not required by the Florida Department of Education but are offered as a tool for the needs assessment. In this section, the school may upload files of locally available data charts and graphs being used as evidence of need.

The following documents were submitted as evidence for this section:

#### No files were uploaded

#### 2. Problem Identification Summary

This section is not required by the Florida Department of Education but is provided as an opportunity for the school to summarize the points of strength and areas of need that have been identified in the data.

#### B. Problem Analysis Summary

This section is not required by the Florida Department of Education but is provided as an opportunity for the school to summarize the underlying "why"Â? or root causes for the areas of need identified in the data, as determined by situational awareness of, and research conducted by, the stakeholders involved in the needs assessment.

#### C. Strategic Goals

### **School Improvement Goals**

The following key is intended to help readers understand how the sections of this document correspond to the steps of the 8-step planning and problem-solving framework used in the School Improvement Plan. The Quick Key numbers can help registered users go directly to the point of entry for any given goal, barrier and strategy within the online survey.

#### Problem Solving Key

B =

G = Goal

**S** = Strategy Barrier

1 = Problem Solving Step S123456 = Quick Key

### **Strategic Goals Summary**

If we develop a system that drives professional development, facilitates professional learning G1. communities, and monitors instructional practices, then standards-based instruction will occur and student engagement will increase.

### **Strategic Goals Detail**

For each strategic goal, this section lists the associated targets (i.e., "SMART goals"), targeted barriers to achieving the goal, resources available to help reduce or eliminate the barriers, and the plan for monitoring progress toward the goal.

**G1.** If we develop a system that drives professional development, facilitates professional learning communities, and monitors instructional practices, then standards-based instruction will occur and student engagement will increase. 1a

#### 🔍 G099126

#### Targets Supported 1b

Indicator	Annual Target
ELA/Reading Lowest 25% Gains	48.0
Math Lowest 25% Gains	60.0
Statewide Science Assessment Achievement	50.0

#### Targeted Barriers to Achieving the Goal

- The school community has not effectively developed a systematic approach to student assessment and performance data.
- There is inconsistent instructional practice in regard to data driven, standards-based instruction.
- There is not a structured time to plan standards based activities that promote authentic engagement.

#### Resources Available to Help Reduce or Eliminate the Barriers 2

- Supplemental materials: Reading, Writing, Math, Science, Technology
- Professional Learning Communities
- Cpalms
- Administrators
- Problem Solving Teams for Elementary and Middle School
- · Site based ELA, Data and Math Coaches
- Curriculum Maps
- Resource teachers Elementary Math, Elementary ELA, Middle School ELA, Science
- Extended Learning Opportunities for Students
- Elementary Assistant-MTSS
- District ELA & Math Coaches

#### Plan to Monitor Progress Toward G1. 8

School based leadership team will compile and analyze i-Ready classroom/grade level reports (grades K-5 and 6-8 intensive reading students) to monitor gains made by bottom quartile students.

#### **Person Responsible**

Lisa Braithwaite

#### Schedule

Triannually, from 8/21/2017 to 5/31/2018

#### Evidence of Completion

Class Profile report from i-Ready

#### **Action Plan for Improvement**

For each strategy selected in the plan to reduce a targeted barrier to a strategic goal, this section lists the rationale for that strategy (i.e., why the school believes it will reduce the barrier) and the action steps that have been identified as necessary to implementing the strategy, including details such as the point person, timing and duration, and evidence of completion. At the end of each set of action steps is the plan for monitoring the implementation and effectiveness of the respective strategy.

#### **Problem Solving Key**

**G** = Goal  $\begin{array}{c} \mathbf{B} = \\ Barrier \end{array}$  **S** = Strategy **1** = Problem Solving Step  $\mathcal{S}$  S123456 = Quick Key

**G1.** If we develop a system that drives professional development, facilitates professional learning communities, and monitors instructional practices, then standards-based instruction will occur and student engagement will increase.

🔍 G099126

**G1.B1** The school community has not effectively developed a systematic approach to student assessment and performance data.

🥄 B266870

**G1.B1.S1** Teachers will attend weekly PLC sessions using the Student Work Analysis Protocol to determine each student's need in order to drive classroom instruction.

🔍 S282776

#### **Strategy Rationale**

PLC sessions that are focused on the Student Work Analysis Protocol will empower teachers to implement their findings and adjust instruction as necessary.

#### Action Step 1 5

Weekly Professional Learning Communities will focus on the Student Work Analysis Protocol alternating with Facilitated Lesson Planning.

#### **Person Responsible**

Lisa Braithwaite

#### Schedule

Weekly, from 8/22/2017 to 5/30/2018

#### **Evidence of Completion**

Student work analysis protocol document, student work samples, formatives and lesson plans

Plan to Monitor Fidelity of Implementation of G1.B1.S1 👩

Create a calendar of dates, assemble agenda items and provide checklist of criteria met

#### Person Responsible

Jocelyn Fischer

#### Schedule

Weekly, from 9/26/2017 to 5/30/2018

#### **Evidence of Completion**

Sign-in sheets, SWAP data collection sheets and checklist

#### Plan to Monitor Effectiveness of Implementation of G1.B1.S1 🔽

Student scores on formative assessments will increase.

#### Person Responsible

Lisa Braithwaite

#### Schedule

Monthly, from 9/1/2017 to 5/31/2018

#### **Evidence of Completion**

Student score data collection sheet

**G1.B1.S2** Grade level teams will collect formative assessments in a shared binder/Google document, which includes the protocol worksheet and instructional implications to turn in at the end of the year.

🔍 S282777

#### **Strategy Rationale**

Teachers that collaborate weekly regarding standard mastery and identify content that should be revisited will be able to pinpoint misconceptions and adjust instruction.

Action Step 1 5

Grade Level teams will develop a way to collect formative assessment data in a shared location.

#### Person Responsible

Shannon Liebler

#### Schedule

Monthly, from 9/5/2017 to 6/1/2018

#### Evidence of Completion

#### Plan to Monitor Fidelity of Implementation of G1.B1.S2 6

Formative Assessment Binder with standards mastery noted for spiraling back purposes

#### Person Responsible

Shannon Liebler

#### Schedule

Weekly, from 9/26/2017 to 5/29/2018

#### **Evidence of Completion**

Formative Assessment Binder

**G1.B1.S3** Lesson plans and formative assessments should be prepared in advance.

🔍 S282778

#### Strategy Rationale

Lesson plans and formative assessments should be created in advance to give purpose to classroom lessons.

Action Step 1 5

Lesson plans and formatives will be prepared in advance

#### Person Responsible

Chris Healy

Schedule

Biweekly, from 9/5/2017 to 6/1/2018

#### **Evidence of Completion**

Lesson plans as uploaded into Planbook.com and formative assessment binder

Plan to Monitor Fidelity of Implementation of G1.B1.S3 6

Formative Criteria and Lesson Planning Criteria Checklists

#### Person Responsible

Shannon Liebler

#### Schedule

Weekly, from 9/26/2017 to 5/29/2018

Evidence of Completion

**G1.B2** There is inconsistent instructional practice in regard to data driven, standards-based instruction. 2

**G1.B2.S1** Walkthrough data collected by the administrators will check for the application and implementation of Professional Development initiatives and standards based instruction.

🔍 S282779

#### **Strategy Rationale**

The administration will be better informed on how to direct the coaches to support through the coaching cycle.

Action Step 1 5

Walkthrough data will be collected by administrators

#### **Person Responsible**

Andrew MacGregor

Schedule

Biweekly, from 9/5/2017 to 6/1/2018

#### Evidence of Completion

Walkthrough data will be provided to coaches to initiate coaching cycles.

Plan to Monitor Fidelity of Implementation of G1.B2.S1 6

Walkthrough reports pulled and discussed at SBLT

#### **Person Responsible**

Lisa Braithwaite

#### Schedule

Quarterly, from 8/29/2017 to 5/30/2018

#### **Evidence of Completion**

Reports compiled in binder with discussion and followup notes

Plan to Monitor Effectiveness of Implementation of G1.B2.S1 7

Compare quarterly data

#### Person Responsible

Lisa Braithwaite

#### Schedule

Quarterly, from 10/13/2017 to 5/25/2018

#### **Evidence of Completion**

Pre and post coaching cycle data should indicate increase in best practices

**G1.B2.S2** Each teacher will be taken to another school as a part of a Learning Walk team to see standards based practices across Hernando County.

🔍 S282780

#### Strategy Rationale

Teachers will be able to identify standards based instruction and implement effective strategies in their own classrooms.

#### Action Step 1 5

Teachers will be taken on a Learning Walk to other schools in Hernando County.

#### Person Responsible

Lisa Braithwaite

#### Schedule

On 6/1/2018

#### Evidence of Completion

Learning Walk photo compilation and debrief notes.

**G1.B3** There is not a structured time to plan standards based activities that promote authentic engagement.

🔍 B266872 |

**G1.B3.S1** Provide teachers with Biweekly time to collaborate and plan lessons and formatives which align to standards and test item specifications 4

🔍 S282782

#### **Strategy Rationale**

When teachers are provided with facilitated, structured time to collaborate and unpack standards, the focus will driven by standards..

Action Step 1 5

PLC's for Planning

#### Person Responsible

Jocelyn Fischer

#### Schedule

Biweekly, from 11/7/2017 to 6/1/2018

#### **Evidence of Completion**

Lesson plans

#### Plan to Monitor Fidelity of Implementation of G1.B3.S1 👩

Lesson planning criteria checklist

#### Person Responsible

Jocelyn Fischer

#### Schedule

Biweekly, from 11/7/2017 to 5/30/2018

#### Evidence of Completion

Lesson planning criteria checklist with dates, signatures, and debrief notes

### **IV. Implementation Timeline**
