Note: The school grades calculation was revised substantially for the 2014-15 school year to implement statutory changes made by the 2014 Legislature and incorporate the new Florida Standards Assessments. The 2014-15 school grades serve as informational baseline data that schools can use to improve in future years.

School Board Approval

This plan is pending approval by the Lake County School Board.

SIP Authority and Template

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a school improvement plan (SIP) for each school in the district that has a school grade of D or F.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F (see page 4). For schools receiving a grade of A, B, or C, the district may opt to require a SIP using a template of its choosing.

This document was prepared by school and district leadership using the FDOE's school improvement planning web application located at <https://www.floridacims.org>.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. A corollary at the district level is the District Improvement and Assistance Plan (DIAP), designed to help district leadership make the necessary connections between school and district goals in order to align resources. The Florida Department of Education encourages schools to use the SIP as a “living document” by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the “Date Modified” listed in the footer.

Part I: Current School Status

Part I organizes the current status of the school around five domains inspired by the 5Essentials framework: Supportive Environment, Family and Community Involvement, Effective Leadership, Public and Collaborative Teaching, and Ambitious Instruction and Learning. Questions regarding the school’s Multi-Tiered System of Supports have been embedded throughout this part to demonstrate how data is used by stakeholders to understand the needs of all students and allocate appropriate resources in proportion to those needs.

Part II: Needs Assessment

Part II requires the school to review performance and early warning systems data in order to develop strategic goals and associated data targets (i.e., “SMART goals”) for the coming school year in context of the school’s greatest strengths and needs. An online tool was developed, which includes data visualizations and processing questions to support problem identification, problem analysis and strategic goal formulation.

Part III: 8-Step Planning and Problem Solving for Implementation

Part III enables the school to develop implementation plans for its highest-priority goals. With the overview of the current state of the school in mind and the strategic goals identified through the needs assessment, the planning team engages in a facilitated planning and problem-solving process, through which they

- Define strategic goals and establish targets to be reached by successfully achieving the goals (Step 1)
- Identify barriers that could hinder achieving those goals and resources that could be used to eliminate or reduce barriers (Step 2)
- Select high-priority barriers they want to address initially (Step 3)
- Design implementation and monitoring plans for strategies to resolve selected barriers (Steps 4-7)
- Determine how they will monitor progress toward each goal (Step 8)

Appendices

The following appendices, automatically-generated from content entered in Part III, are included in this document:

- Appendix 1 is a timeline of all action steps and monitoring activities
- Appendix 2 is an outline of all professional development opportunities and technical assistance items
- Appendix 3 is a report of the budget needed to implement the strategies

Differentiated Accountability

Florida's Differentiated Accountability (DA) system, established in [section 1008.33, Florida Statutes](#), is a statewide network of strategic support, differentiated by need according to performance data, provided to districts and schools in order to improve leadership capacity, teacher efficacy, and student outcomes. Through a data-driven planning and problem-solving process, DA field teams collaborate with district leadership to design, implement, and refine strategic goals and action plans that are documented in the SIP.

DA Regions

Florida's DA network is divided into four geographical regions, each served by a field team led by a regional executive director (RED).

DA Categories

At the start of each academic year, traditional schools are classified for DA support in two categories based on the most recent school grades data available. Descriptions of each DA category along with the state support and interventions provided are set forth by [Rule 6A-1.099811, Florida Administrative Code](#):

- **Not in DA** - A school with a current school grade of A, B, or C; charter schools; and ungraded schools.
- **Targeted Support and Improvement** - A school with a current school grade of an initial D.
- **Comprehensive Support and Improvement** - A school with a current school grade of F or two consecutive grades of D, or a high school with a graduation rate of 67 percent or less in the most recent data release.

DA Turnaround Status

Additionally, Comprehensive Support and Improvement schools have a turnaround status of "Implementing," based on a school's grades history, including the current school grade:

- Implementing - A school with a status of "Implementing" requires the district to submit a turnaround plan to the State Board of Education for approval and implementation. A school remains in "Implementing" status until its school grade improves to a C or higher.

I. Part I: Current School Status

A. Supportive Environment

1. School Mission and Vision

a. Provide the school's mission statement.

Our Mission is to encourage creativity, personal pride and academic excellence. In a safe, caring environment, individuals will be challenged to become productive lifelong learners.

b. Provide the school's vision statement.

Linking today to tomorrow.

2. School Environment

a. Describe the process by which the school learns about students' cultures and builds relationships between teachers and students.

Teachers in all grade levels K-5 will build community using the Being a Writer and Making Meaning curriculums. Both Being a Writer and Making Meaning have Unit 1 - building a writing community and building a reading community where social emotional and academics are highlighed with dual goals.

Meet the Teacher

Open House/Information Nights

b. Describe how the school creates an environment where students feel safe and respected before, during and after school.

We talk often about showing our Bobcat PRIDE-Personal Responsibility for Daily Effort and we have a Bobcat Pledge that we all recite together during the morning announcements. A member of the leadership team shares Words of Wisdom each Friday on the morning announcements. During arrival and dismissal we have many adults supervising and assisting students. Our faculty and staff is very visible and always on hand to support and help our students. Prevention Education begins in late October and lessons are taught for 10 weeks. Our Media Specialist implements the Bully Proofing Prevention curriculum during Media rotations. Students report safety concerns to the Assistant Principal or other staff members.

c. Describe the schoolwide behavioral system in place that aids in minimizing distractions to keep students engaged during instructional time. This may include, but is not limited to, established protocols for disciplinary incidents, clear behavioral expectations, and training for school personnel to ensure the system is fairly and consistently enforced.

We take a positive approach and believe in the least amount of consequences to change the behavior that needs to be changed. We provide positive thoughts for the week with all of our students and we have a Bully Proofing Character Development Program.

Our discipline ladder begins with teacher documentation of classroom infractions which includes 3 action steps that include student conferencing, phone call to parent, time out, etc. After these steps are completed by the teacher, the student is referred to administration for further consideration based on guidelines in the Student Code of Conduct. The Student Code of Conduct is reviewed by classroom teachers during the first week of school. The leadership team uses discipline data from the EWS database to address discipline trends.

d. Describe how the school ensures the social-emotional needs of all students are being met, which may include providing counseling, mentoring and other pupil services.

We provide students with positive messages beginning with morning announcements. We promote positive behaviors and provide opportunities to recognize those behaviors. Counselors are available for students in times of distress and also pull groups for students that may be having family issues. Faculty and staff are encouraged to notify guidance and administration of students needing any kind of assistance.

Making Meaning and Being a Writer curriculums teach social emotional learning strategies and skills in each lesson grades K-5.

3. Early Warning Systems

The school's response to this section may address the requirements of ESSA, P.L. No. 114-95, Â§ 1114(b)(7)(A)(i) and (b)(7)(A)(iii)(III).

a. Describe the school's early warning system and provide a list of the early warning indicators used in the system.

A spreadsheet with the early warning indicators is provided by the district. This data is analyzed by the Leadership Team to determine the best ways to intervene. The early warning indicators include attendance, suspension, referrals, retention, and performance on statewide assessments.

Data on students exhibiting two or more early warning signs was not included on this spreadsheet.

b. Provide the following data related to the school's early warning system

1. The number of students by grade level that exhibit each early warning indicator:

Indicator	Grade Level													Total
	K	1	2	3	4	5	6	7	8	9	10	11	12	
Attendance below 90 percent	25	20	23	13	18	18	0	0	0	0	0	0	0	117
One or more suspensions	1	0	0	0	1	2	0	0	0	0	0	0	0	4
Course failure in ELA or Math	14	3	1	9	1	0	0	0	0	0	0	0	0	28
Level 1 on statewide assessment	0	0	0	27	27	27	0	0	0	0	0	0	0	81
	0	0	0	0	0	0	0	0	0	0	0	0	0	

The number of students identified by the system as exhibiting two or more early warning indicators:

Indicator	Grade Level													Total
	K	1	2	3	4	5	6	7	8	9	10	11	12	
Students exhibiting two or more indicators	0	0	0	0	0	0	0	0	0	0	0	0	0	

c. Describe all intervention strategies employed by the school to improve the academic performance of students identified by the early warning system.

PAWS groups are utilized to provide reading interventions to students who are identified by the early warning system. The MTSS process is used to provide interventions in reading, math and behavior.

Reading interventions include SIPPS, Literacy First Phonics, Fluency and Comprehension, and iReady Toolbox resources. Math interventions include iReady, Xtra Math, and iReady Toolbox resources.

B. Family and Community Engagement

The school's response to this section may address the requirements of ESSA, P.L. No. 114-95, Â§ 1114(b)(2) and (b)(7)(A)(iii)(I).

1. Describe how the school works at building positive relationships with families to increase involvement, including efforts to communicate the school's mission and vision, and keep parents informed of their child's progress.

a. Will the school use its Title I Parent and Family Engagement Policy (PFEP) to satisfy this question?

No

1. PFEP Link

The school completes a Parental Involvement Plan (PFEP), which is available at the school site.

2. Description

*Provide written information for parents in English and Spanish as well as utilization of bilingual call out system

*Have translator/interpreter available at all events to interpret for Spanish Speaking and Deaf and Hard of Hearing families.

*Continue to educate parents and teachers regarding available materials and services.

*Schedule events on a flexible schedule to meet the needs of working parents.

*Provide community service events such as the Chili Bash/Cook-off and the Orlando Magic family night to include community, families, teachers and students.

*Grade level musical performances

*Community partnerships

*Family Nights - Meet the Teacher, Science Fair Night, Family STEAM Night, Kindergarten Round Up, Math Parent Night (2nd-5th grade), Report Card Conference Nights

2. Describe the process by which the school builds and sustains partnerships with the local community for the purpose of securing and utilizing resources to support the school and student achievement.

School staff builds relationships with community organizations as well as local retail organizations in the community. Food for our homeless families is provided on a weekly basis, school supplies are donated throughout the year, clothing, eye glasses, and volunteer time are some of the resources we are able to obtain.

C. Effective Leadership

1. School Leadership Team

a. Membership

Identify the name, email address and position title for each member of the school leadership team.:

Name	Title
Sherman, Robert	Principal
Christianson, Jacalyn	Other
Bonvento, Andrea	Instructional Coach
Marcinkus, Amy	Instructional Coach
Fiorentino, Michelle	School Counselor
Colovos, Cara	Assistant Principal

b. Duties

1. Describe the roles and responsibilities of the members, including how they serve as instructional leaders and practice shared decision making.

Each member of the leadership team works as needed to fulfill the responsibilities of the MTSS and SIP. The instructional coaches analyze the data of students to provide supplemental and/or targeted intervention supports to assist in closing gaps in order to increase mastery of grade level standards. In Tier 1, the process is aided by the problem solving model that uses school wide and class wide data to monitor the success and difficulties of groups of students and provides for the development of academic and behavioral interventions for individuals, whole classes or school wide issues.

Leadership team meets weekly to discuss and make shared decisions regarding school needs. Roles and duties are revised as needed.

2. Describe the process through which school leadership identifies and aligns all available resources (e.g., personnel, instructional, curricular) in order to meet the needs of all students and maximize desired student outcomes. Include the methodology for coordinating and supplementing federal, state and local funds, services and programs. Provide the person(s) responsible, frequency of meetings, how an inventory of resources is maintained and any problem-solving activities used to determine how to apply resources for the highest impact.

The school-based MTSS leadership team will meet with classroom teachers at scheduled intervals, which may span from six to eight weeks (or sooner if need be), to monitor and review student progress data and determine the effectiveness of Tier 2 and 3 interventions being implemented. Supplementary instructional resources will be discussed, and students will be moved across the tiers as data warrants.

Supplemental Academic Instruction (SAI):

Astatula has a strong need to lower the number of Level 1 and 2 students in the area of reading. We are using allocated SAI funds to focus our efforts on current 3rd, 4th and 5th grade students. The majority of the SAI budget is being used for LAFS books which will be used for small group instruction within the 3rd, 4th and 5th grade reading blocks.

Title I:

The Lake County School District provides tutoring for our homeless students in need of academic assistance.

Title II:

The Lake County School District will receive supplemental funds for improving basic education programs through the purchase of small equipment to supplement education programs.

Title III:

The Lake County School District will provide services and resources for our ELL students. The Guidance Department and the ELL Teacher Assistant will work closely together to ensure that all eligible students are in the program and their needs are being met.

Title X- Homeless:

With direction from the Lake County School District's Student Services Department, Astatula's Guidance Department and the school assigned social worker will identify and provide assistance to students and families who fit the homeless criteria (McKinney-Vento Act). We will also participate in the Buses & Backpack program through a local partnership that provide food assistance to our families.

Nutrition Programs:

The Lake County School District's Food Service Department, in conjunction with Astatula Elementary, will provide students with nutritious meals. Information on nutrition will be provided to families on the School District website. Administration, Food Service Manager and the District Food Service Department will work closely together to ensure that district policy is followed.

2. School Advisory Council (SAC)

a. Membership

Identify the name and stakeholder group for each member of the SAC.:

Name	Stakeholder Group
Robert Sherman	Principal
Kellyann Goring	Teacher
Lori Westphal	Teacher
Jennifer Long	Parent
Carissa Kase	Teacher
Andrea Bonvento	Teacher
Leslie Rosado	Education Support Employee
Marie Masson	Parent
Rebecca Oden	Parent
Roxana Sanchez	Parent
Tasha Followell	Parent
Brad Bailey	Parent
Kimberly Vizcaino	Parent
Mikki Yehle	Parent

b. Duties

1. Provide a description of the SAC's involvement with the following activities, as required by section 1001.452(2), Florida Statutes

The school's response to this question may address the requirements of ESSA, P.L. No. 114-95, Â§ 1114(b)(2).

a. Evaluation of last year's school improvement plan

The SAC was asked for their input regarding the School Improvement Plan. The SAC decided the effectiveness by studying academic data, discipline, attendance, and safety. Areas of concern were discussed as well as areas of progress.

b. Development of this school improvement plan

SAC assists in preparation and evaluation of the School Improvement Plan

c. Preparation of the school's annual budget and plan

The principal presents and explains the various components of the school's annual budget and plan. Input is requested from SAC and questions encouraged.

2. Describe the use of school improvement funds allocated last year, including the amount budgeted for each project.

School improvement funds were used to improve safety in our car rider area by purchasing an outdoor amplification system to facilitate communication at dismissal.

Outdoor amplification system - \$ 1,867

3. Verify that the school is in compliance with section 1001.452, Florida Statutes, regarding the establishment requirements and duties of the SAC.

No

a. If the school is not in compliance, describe the measures being implemented to meet SAC requirements.

3. Literacy Leadership Team (LLT)

a. Membership

Identify the name and position title for each member of the school-based LLT or similar group, if applicable.:

Name	Title
Bonvento, Andrea	Instructional Coach
Burris, Cathy	Teacher, K-12
Salamon, Jean	Instructional Media
Sears, Kristen	Teacher, K-12
Linan, Elizabeth	Teacher, K-12
Westphal, Lori	Teacher, ESE
Arbucias-Martinez, Anna	Teacher, K-12
Duke, Pamela	Teacher, K-12
Larkin, Elizabeth	Teacher, K-12

b. Duties

1. Describe how the LLT or similar group promotes literacy within the school, if applicable.

LLT promotes literacy through text complexity and Florida State Standards, comprehension strategies, implementation of intervention/enrichment groups (PAWS groups), and the school-wide AR program, Developmental Studies Center/Center for the Collaborative Classroom reading/writing curriculum as well as school wide literacy initiatives.

D. Public and Collaborative Teaching

The school's responses to this section may address the requirements of ESSA, P.L. No. 114-95, Â§ 1114(b)(7)(A)(iii)(IV).

1. Describe the school's strategies to encourage positive working relationships between teachers, including collaborative planning and instruction.

The school's strategy for encouraging positive working relationships between teachers include but are not limited to:

- *Grade Level Professional Learning Communities with a Flow Map walking the teachers through the PLC planning process step by step.
- *Scales and rubrics training provided to encourage collaborative instruction across every grade level and curriculum.
- *Common grade level planning built into daily schedule to be used as determined by grade level teams
- *Additional collaborative planning and monthly grade level PLCs are scheduled
- *Grade level workshops/meetings to share instructional strategies, discuss problem solving skills and provide support services for teachers.
- *Faculty meetings to address school wide issues and concerns which facilitate and develop positive working relationships.
- *Weekly reflective reinforcement messages via staff email and faculty meetings describing positive observations noted during daily administrative visits to classrooms. These visits are meant to build staff confidence and support classroom and grade level initiatives.
- *School is using curriculum chats to encourage positive working relationships along with PLCs

2. Describe the school's strategies to recruit, develop and retain highly qualified, certified-in-field, effective teachers to the school.

TQR will continue attending district meetings to provide information and support for newer teachers
Literacy Coach and CRT will provide training to new teachers regarding all aspects of curriculum and assessment

Professional Learning Communities provide education and support for all teachers

Grade level meetings provide ongoing training, data analysis and support services for teachers

3. Describe the school's teacher mentoring program, including the rationale for pairings and planned mentoring activities.

Participate in the Teacher Orientation Program. Each new teacher is paired with a mentor who teaches in his/her grade level or area of expertise to provide ongoing support. Collaborative Planning and Peer Coaching are also utilized.

E. Ambitious Instruction and Learning

1. Instructional Programs and Strategies

a. Instructional Programs

1. Describe how the school ensures its core instructional programs and materials are aligned to Florida's standards.

All curriculum is research based and adheres to the state of Florida curriculum guidelines ensuring that our core instructional programs and materials are aligned to the Florida Standards.

Supplemental Academic Instruction (SAI) funds will be used for the purpose of purchasing resources and materials to target our 3rd 4th and 5th graders in English Language Arts. The purchase of Write Score in fourth grade will provide robust tools for formative writing and literacy assessments designed to help students improve literacy. It provides tools to help teachers pinpoint instruction and work with struggling students in small groups to meet students' diverse literacy needs.

The purchase of Curriculum Associates Ready Florida ELA (LAFS) workbooks and teacher resources in the third, fourth and fifth grades will provide students with standards-based practice and are tied to the iReady reading diagnostic. This resource will assist teachers in preparing students for the Florida Standards Assessment and directly and positively affect bottom quartile students.

Astatula Elementary has utilized Super Teacher Worksheets to differentiate lessons to students. The purchase of the resource will allow us to continue to meet the needs of our kindergarten through fifth grade students.

b. Instructional Strategies

1. Describe how the school uses data to provide and differentiate instruction to meet the diverse needs of students. Provide examples of how instruction is modified or supplemented to assist students having difficulty attaining the proficient or advanced level on state assessments.

The school disaggregates its data on an ongoing basis and uses this information to drive our curriculum and remediation. We meet each nine weeks to analyze data which guides our instructional remediation groups and they may change due to progress or lack thereof.

MTSS creates an intervention plan for students based on data collected on each individual student. We frequently progress monitor and if an intervention is not working for a student it is modified or

changed.

For example, AES uses the SIPPS program for reading intervention. Each nine weeks the intervention groups are changed (if needed) based on the data we collect through our progress monitoring.

2. Provide the following information for each strategy the school uses to increase the amount and quality of learning time and help enrich and accelerate the curriculum:

Strategy: After School Program

Minutes added to school year: 1,500

After school tutoring is provided for targeted groups.

Strategy Rationale

The goal is to enhance student achievement for students in the lowest quartile.

Strategy Purpose(s)

- Core Academic Instruction

Person(s) responsible for monitoring implementation of the strategy

Colovos, Cara, colovosc@lake.k12.fl.us

Data that is or will be collected and how it is analyzed to determine effectiveness of the strategy

iReady and STAR progress monitoring will be analyzed as well as FSA scores and school grade.

2. Student Transition and Readiness

a. PreK-12 Transition

The school's response to this question may address the requirements of ESSA, P.L. No. 114-95, Â§ 1114(b)(7)(A)(iii)(V).

1. Describe the strategies the school employs to support incoming and outgoing cohorts of students in transition from one school level to another.

Kindergarten Roundup offered in the spring by our literacy coach and curriculum resource teacher for parents who have a child(ren) entering kindergarten for the following school year.

VPK is also offered at Astatula Elementary School.

The middle school guidance counselor and her team comes to school in the spring to present an overview of sixth grade which includes academic requirements and available electives. Fifth grade students are able to participate in a question and answer session. Information is also provided regarding 6th Grade Orientation events that take place at the middle schools. Our guidance counselor forwards the necessary academic information to the middle schools.

b. College and Career Readiness

1. Describe the strategies the school uses to advance college and career awareness, which may include establishing partnerships with business, industry or community organizations.

N/A

2. Identify the career and technical education programs available to students and industry certifications that may be earned through those respective programs.

3. Describe efforts the school has taken to integrate career and technical education with academic courses (e.g., industrial biotechnology) to support student achievement.

4. Describe strategies for improving student readiness for the public postsecondary level based on annual analysis of the [High School Feedback Report](#), as required by section 1008.37(4), Florida Statutes.

II. Needs Assessment

The school's completion of this part may address the requirements of ESSA, P.L. No. 114-95, Â§ 1114(b)(6).

A. Problem Identification

1. Data to Support Problem Identification

b. Data Uploads

Data uploads are not required by the Florida Department of Education but are offered as a tool for the needs assessment. In this section, the school may upload files of locally available data charts and graphs being used as evidence of need.

The following documents were submitted as evidence for this section:

No files were uploaded

2. Problem Identification Summary

This section is not required by the Florida Department of Education but is provided as an opportunity for the school to summarize the points of strength and areas of need that have been identified in the data.

B. Problem Analysis Summary

This section is not required by the Florida Department of Education but is provided as an opportunity for the school to summarize the underlying "why" or root causes for the areas of need identified in the data, as determined by situational awareness of, and research conducted by, the stakeholders involved in the needs assessment.

C. Strategic Goals

School Improvement Goals

The following key is intended to help readers understand how the sections of this document correspond to the steps of the 8-step planning and problem-solving framework used in the School Improvement Plan. The Quick Key numbers can help registered users go directly to the point of entry for any given goal, barrier and strategy within the online survey.

Strategic Goals Summary

- G1.** By utilizing Early Warning Signs data, school will increase attendance, positive student behaviors, and maintain a safe, supportive, Bully-Free environment for all students.
- G2.** With high expectations, teachers will understand, plan, deliver, and differentiate standards-based instruction in all content areas for all students by integrating authentic literacy and using available instructional technology.
- G3.** We will analyze student data and allocate time for academic intervention and acceleration.

Strategic Goals Detail

For each strategic goal, this section lists the associated targets (i.e., "SMART goals"), targeted barriers to achieving the goal, resources available to help reduce or eliminate the barriers, and the plan for monitoring progress toward the goal.

Action Plan for Improvement

For each strategy selected in the plan to reduce a targeted barrier to a strategic goal, this section lists the rationale for that strategy (i.e., why the school believes it will reduce the barrier) and the action steps that have been identified as necessary to implementing the strategy, including details such as the point person, timing and duration, and evidence of completion. At the end of each set of action steps is the plan for monitoring the implementation and effectiveness of the respective strategy.

G2.B2 Insufficient planning/common planning time to adequately unwrap standards **2**

 B267670

G2.B2.S1 We will provide common planning times for all grade levels to allow for teachers' planning and delivery of standards-based instruction. We will implement monthly facilitated PLCs to support this process. **4**

 S283577

Strategy Rationale

If we implement, monitor, and support common planning times and monthly PLCs, then we will have a scheduled time for teachers to plan for standards-based instruction and evaluate student work products.

Action Step 1 **5**

Create and establish a common planning and monthly PLC schedule with facilitator, clearly defined protocols, planning timeframe, and expected products.

Person Responsible

Robert Sherman

Schedule

Quarterly, from 9/1/2017 to 10/6/2017

Evidence of Completion

Schedule, norms, list of protocols

Plan to Monitor Fidelity of Implementation of G2.B2.S1 **6**

Develop and utilize administrative schedule for attending and supporting monthly PLCs.

Person Responsible
