Note: The school grades calculation was revised substantially for the 2014-15 school year to implement statutory changes made by the 2014 Legislature and incorporate the new Florida Standards Assessments. The 2014-15 school grades serve as informational baseline data that schools can use to improve in future years.

School Board Approval

This plan is pending approval by the Volusia County School Board.

SIP Authority and Template

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a school improvement plan (SIP) for each school in the district that has a school grade of D or F.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F (see page 4). For schools receiving a grade of A, B, or C, the district may opt to require a SIP using a template of its choosing.

This document was prepared by school and district leadership using the FDOE's school improvement planning web application located at <https://www.floridacims.org>.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. A corollary at the district level is the District Improvement and Assistance Plan (DIAP), designed to help district leadership make the necessary connections between school and district goals in order to align resources. The Florida Department of Education encourages schools to use the SIP as a “living document” by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the “Date Modified” listed in the footer.

Part I: Current School Status

Part I organizes the current status of the school around five domains inspired by the 5Essentials framework: Supportive Environment, Family and Community Involvement, Effective Leadership, Public and Collaborative Teaching, and Ambitious Instruction and Learning. Questions regarding the school’s Multi-Tiered System of Supports have been embedded throughout this part to demonstrate how data is used by stakeholders to understand the needs of all students and allocate appropriate resources in proportion to those needs.

Part II: Needs Assessment

Part II requires the school to review performance and early warning systems data in order to develop strategic goals and associated data targets (i.e., “SMART goals”) for the coming school year in context of the school’s greatest strengths and needs. An online tool was developed, which includes data visualizations and processing questions to support problem identification, problem analysis and strategic goal formulation.

Part III: 8-Step Planning and Problem Solving for Implementation

Part III enables the school to develop implementation plans for its highest-priority goals. With the overview of the current state of the school in mind and the strategic goals identified through the needs assessment, the planning team engages in a facilitated planning and problem-solving process, through which they

- Define strategic goals and establish targets to be reached by successfully achieving the goals (Step 1)
- Identify barriers that could hinder achieving those goals and resources that could be used to eliminate or reduce barriers (Step 2)
- Select high-priority barriers they want to address initially (Step 3)
- Design implementation and monitoring plans for strategies to resolve selected barriers (Steps 4-7)
- Determine how they will monitor progress toward each goal (Step 8)

Appendices

The following appendices, automatically-generated from content entered in Part III, are included in this document:

- Appendix 1 is a timeline of all action steps and monitoring activities
- Appendix 2 is an outline of all professional development opportunities and technical assistance items
- Appendix 3 is a report of the budget needed to implement the strategies

Differentiated Accountability

Florida's Differentiated Accountability (DA) system, established in [section 1008.33, Florida Statutes](#), is a statewide network of strategic support, differentiated by need according to performance data, provided to districts and schools in order to improve leadership capacity, teacher efficacy, and student outcomes. Through a data-driven planning and problem-solving process, DA field teams collaborate with district leadership to design, implement, and refine strategic goals and action plans that are documented in the SIP.

DA Regions

Florida's DA network is divided into four geographical regions, each served by a field team led by a regional executive director (RED).

DA Categories

At the start of each academic year, traditional schools are classified for DA support in two categories based on the most recent school grades data available. Descriptions of each DA category along with the state support and interventions provided are set forth by [Rule 6A-1.099811, Florida Administrative Code](#):

- **Not in DA** - A school with a current school grade of A, B, or C; charter schools; and ungraded schools.
- **Targeted Support and Improvement** - A school with a current school grade of an initial D.
- **Comprehensive Support and Improvement** - A school with a current school grade of F or two consecutive grades of D, or a high school with a graduation rate of 67 percent or less in the most recent data release.

DA Turnaround Status

Additionally, Comprehensive Support and Improvement schools have a turnaround status of "Implementing," based on a school's grades history, including the current school grade:

- Implementing - A school with a status of "Implementing" requires the district to submit a turnaround plan to the State Board of Education for approval and implementation. A school remains in "Implementing" status until its school grade improves to a C or higher.

I. Part I: Current School Status

A. Supportive Environment

1. School Mission and Vision

a. Provide the school's mission statement.

The Sugar Mill Family is a partnership of the home, school, and community, providing a safe, caring environment where every student is challenged to succeed.

b. Provide the school's vision statement.

P.A.W.S. - Panthers Always Will Succeed

2. School Environment

a. Describe the process by which the school learns about students' cultures and builds relationships between teachers and students.

Sugar Mill Elementary encourages an environment where teachers build strong individual relationships with each of their students. Multiple opportunities for interpersonal communication, activities in and out of the classroom, and special events all contribute to teachers learning about their students in a 'whole child' context. Open communication between teachers and parents, input from sponsors of extracurricular activities, and student participation in guidance groups all add to the teachers' knowledge of students' cultures and builds relationships. It is expected that teachers will approach students with an open, inquisitive mind and endeavor to learn all they can about each student from multiple sources. Teachers will provide equal access and equity to all students in all programs.

b. Describe how the school creates an environment where students feel safe and respected before, during and after school.

All adults on Sugar Mill campus are expected to model exemplary behavior for students, and guide students to make positive choices for their own behavior. Staff members take responsibility for safeguarding the campus, adopting the ethic of 'See something, say something'. Students who are treated with disrespect by others know they are able to bring their concerns to an adult for support and assistance in resolving the situation. A robust safety & security plan is in place and staff is trained to follow procedures to keep their students safe. Teachers are assigned to a designated area for supervision before and after school. Visitors all sign in/out through the main office and are required to wear an ID badge while on campus.

c. Describe the schoolwide behavioral system in place that aids in minimizing distractions to keep students engaged during instructional time. This may include, but is not limited to, established protocols for disciplinary incidents, clear behavioral expectations, and training for school personnel to ensure the system is fairly and consistently enforced.

Sugar Mill Elementary is participating in an important district initiative. It is called Positive Behavior Intervention Support (PBIS). PBIS is a process for creating safer and more effective schools. It is a systems approach to enhancing the capacity of schools to educate all children by developing research-based, school-wide, and classroom behavior support systems. The process focuses on improving a school's ability to teach and support positive behavior for all students. Rather than a prescribed program, PBS provides systems for schools to design, implement, and evaluate effective school-wide, classroom, non-classroom, and student specific plans. PBS includes school-wide procedures and processes intended for all students and all staff in all settings. PBS is not a program

or a curriculum. It is a team-based process for systemic problem solving, planning, and evaluation. It is an approach to creating a safe and productive learning environment where teachers can teach and all students can learn.

We have adopted a unified set of classroom expectations. Similar to the Volusia District Code of Student Conduct, these define our expectations for behavior in our school. These expectations will be posted throughout the school. Our unified classroom rules, found in every classroom and non-classroom setting in the school, are as follows:

The PBS System has 4 components:

- A matrix of behavioral expectations
- Lesson Plans to teach students the behavioral expectations
- An acknowledgement/reinforcement system
- Classroom Managed Behavior Forms/Office Managed Referral Forms

At Sugar Mill Elementary School we have four school-wide behavioral expectations (R.O.A.R):

- Respectful
- On Task
- Always PAWSitive
- Responsible

Through PBS, students are taught school-wide expectations and have opportunities to practice them. Staff members teach what behaviors are expected in the hallways, cafeteria, bathroom, playground, classroom, bus, before school, after school, and at assemblies. We have incorporated CHAMPS Voice Levels expectations school-wide and plan to provide further CHAMPS training for all teachers.

As part of our PBS process, teachers and other staff members use evidence-based practices to increase student learning and decrease classroom disruptions. To reinforce expectations in a positive manner, we do the following when teaching academics and behavior:

- Constantly teach and refer to our school-wide expectations.
- Provide students with more praise than correction.
- Talk to students with respect using positive voice tone.
- Actively engage everyone in the class during instruction.
- Use pre-correcting, prompting, and redirecting as we teach.
- Look for the positive first and provide positive, immediate, frequent, and explicit feedback.

d. Describe how the school ensures the social-emotional needs of all students are being met, which may include providing counseling, mentoring and other pupil services.

Sugar Mill Elementary has a Certified School Counselor at the school to provide for the social-emotional needs of our students. This is done by providing character development, bully-proofing, kindness initiatives, Sanford Harmony, and classroom lessons with all students. She is also available to provide group and individual counseling to help meet the specific needs of students. She helps to coordinate outside agencies to provide additional counseling, mentoring, behavioral coaching, and family support at the school. During a time of crisis with a student, she can help in providing an individual concern of harm to get the student additional psychological support immediately. If there is a school wide crisis or incident, the school counselor can assist with the district crisis intervention plan for the school-wide needs and coordinate with the district's PrePare team to help debrief students and families from the effects of the crisis.

3. Early Warning Systems

The school's response to this section may address the requirements of ESSA, P.L. No. 114-95, Â§ 1114(b)(7)(A)(i) and (b)(7)(A)(iii)(III).

a. Describe the school's early warning system and provide a list of the early warning indicators used in the system.

b. Provide the following data related to the school's early warning system

1. The number of students by grade level that exhibit each early warning indicator:

Indicator	Grade Level													Total
	K	1	2	3	4	5	6	7	8	9	10	11	12	
Attendance below 90 percent	17	10	12	9	14	10	0	0	0	0	0	0	0	72
One or more suspensions	2	1	1	2	0	1	0	0	0	0	0	0	0	7
Course failure in ELA or Math	0	0	24	13	30	20	0	0	0	0	0	0	0	87
Level 1 on statewide assessment	0	0	0	41	44	38	0	0	0	0	0	0	0	123

The number of students identified by the system as exhibiting two or more early warning indicators:

Indicator	Grade Level													Total
	K	1	2	3	4	5	6	7	8	9	10	11	12	
Students exhibiting two or more indicators	4	1	0	3	2	2	0	0	0	0	0	0	0	12

c. Describe all intervention strategies employed by the school to improve the academic performance of students identified by the early warning system.

B. Family and Community Engagement

The school's response to this section may address the requirements of ESSA, P.L. No. 114-95, Â§ 1114(b)(2) and (b)(7)(A)(iii)(I).

1. Describe how the school works at building positive relationships with families to increase involvement, including efforts to communicate the school's mission and vision, and keep parents informed of their child's progress.

a. Will the school use its Title I Parent and Family Engagement Policy (PFEP) to satisfy this question?

Yes

1. PFEP Link

The school completes a Parental Involvement Plan (PFEP), which is accessible through the Continuous Improvement Management System (CIMS) at <https://www.floridacims.org/documents/665998>.

2. Description

A PIP has been uploaded for this school or district - see the link above.

2. Describe the process by which the school builds and sustains partnerships with the local community for the purpose of securing and utilizing resources to support the school and student achievement.

The business partnership coordinator and leadership team contact local businesses for the purpose of forming partnerships with the school to support student achievement. Throughout the year, business partners are invited to participate in various school events to show support, raise awareness, and provide resources to help raise student achievement. Student recognition programs are almost entirely

funded through partnering with local business and community groups. Finally, we have received grants over time from Futures, Lowe's, Tanger's and Target which help support our programs for students.

C. Effective Leadership

1. School Leadership Team

a. Membership

Identify the name, email address and position title for each member of the school leadership team.:

Name	Title
Speidel, Mary	Principal
Snodgrass, Traci	Instructional Coach
Weeks, Linda	Teacher, ESE
Grounds, Shirley	Teacher, K-12
Bracciale, Marie	School Counselor
Corbett, Sandra	Teacher, K-12
Interdonato, Joe	Teacher, K-12
Alibright, Jacquie	Teacher, K-12
Hammond, Christina	Teacher, K-12
Whitson, Lianne	Teacher, K-12
Ramos, Stephanie	Teacher, K-12
Bennett, Audra	Teacher, K-12
Duffell, Axelisse	Teacher, K-12
Colucci, Carol	Teacher, K-12
Interdonator, Melanie	Teacher, K-12
Stevens, Kimberly	Assistant Principal

b. Duties

1. Describe the roles and responsibilities of the members, including how they serve as instructional leaders and practice shared decision making.

The Sugar Mill Elementary School Leadership Team (SLT) is comprised of the Principal, Assistant Principal, Academic Coaches, teacher representatives from grades K-5 and Special Area, ESE teacher, and the Certified School Counselor. These members of the SLT exercise shared decision making, providing guidance for the development, implementation, and monitoring of the School Improvement Plan (SIP) based on their unique perspectives as representative leaders. Beginning in the summer of 2018, the SLT began the process of needs analysis and the 8-step problem solving process to help shape the goals and strategies of the SIP. As the 2018-2019 school year continues, the SLT will share responsibility with administration for the decisions necessary to support the SIP, including planning and delivering professional development tailored to the needs of the school, gathering and analyzing data (student achievement, stakeholder input such as surveys, attendance, discipline, etc.), determining appropriate response to that data, monitoring documents for fidelity of implementation, and developing new strategies as needed to support the SIP goal.

2. Describe the process through which school leadership identifies and aligns all available resources (e.g., personnel, instructional, curricular) in order to meet the needs of all students and maximize desired student outcomes. Include the methodology for coordinating and

supplementing federal, state and local funds, services and programs. Provide the person(s) responsible, frequency of meetings, how an inventory of resources is maintained and any problem-solving activities used to determine how to apply resources for the highest impact.

The SLT identifies resources (both materials and personnel) to determine the continuum of academic and behavioral supports available to students at the individual school site. Academic and behavioral data are considered in order to determine priorities and response of the SLT and other key individuals and teams such as the PLCs, Literacy Leadership Team, and School Counselor. As with the development of the SIP, the SLT uses the 8-step problem solving process to determine needs and strategies to address those needs, including the coordination and supplementation of school resources with federal and state funds, services, and programs. Adherence to the problem solving process ensures that individual, class-wide, and school-wide issues are addressed systematically with data; that interventions (supports) are tiered to the targeted problems; and that a plan is in place to monitor progress. The SLT meets monthly throughout the school year in order to address the academic and behavioral needs that develop throughout the year, as well as to monitor outcomes of supports and interventions.

Title I, Part A

Under Title I Part A, our school works with outside agencies that provide specific services to targeted children and their families. These organizations team with our school to provide specific services to students, parents, and staff, including all special needs groups. It is the expectation of those involved in these partnerships that the activities and services will benefit the students by providing the children served with the support, tools, and materials they need to be ready to learn as they move down the appropriate path to graduation. Programs supported by Title I at Sugar Mill Elementary include:

- *ELA Academic Coaches for the purpose of comprehensive staff development and teacher support
- *Math Intervention Teacher to provide interventions for students in need via a push-in model
- *Supplemental materials and supplies needed to close the achievement gap
- *Supplemental funds for ongoing staff development as determined by the results of achievement data
- *Parent To Kid workshops to teach literacy skills to parents so they can help their children to become better readers (K-2 and 3-5)
- *Parent/Teacher Curriculum Nights so parents can help prepare their children for academic success

Title I, Part C- Migrant

The District Migrant Education Program Coordinator, Migrant Advocates, and Migrant Recruiters work together to provide services and support to the migrant students and their parents. The MEP Coordinator works with Title I and other programs to ensure student needs are met. The Migrant Education Program provides the following:

- *Academic assistance through credit accrual/recovery, tutoring, and summer school.
- *Translation Services for parents/teacher conferences
- *Parental support through parent/kid activity nights and workshops on school success.
- *Migrant Parent Advisory Council (MPAC)
- *Medical Assistance through referrals to outside community agencies
- *Food Assistance through referrals to food assistance programs
- *Referrals to literacy agencies, as needed

Title I, Part D

The district receives funds to support the N & D programs to accelerate the rate of student achievement and close the achievement gaps for students in these programs. Services are coordinated with district DJJ and Neglected programs. Students are transitioned from DJJ centers

back into the district schools with a transition plan to ensure academic and social success.

Title II

The district receives federal funds to provide access to Professional Development activities for public and private school teachers and principals in the core subject areas to ensure quality instruction and student success.

Title III

The District ESOL Coordinator and staff provide ongoing support and Professional Development to teachers to ensure instructional best practices are utilized. Teachers consistently monitor the progress of ELL students to identify specific needs, as well as target interventions and enrichment that ensure the appropriate pathway toward graduation.

Title X- Homeless

The school works closely with our Title X Coordinator, to ensure that homeless students have the materials and resources they need to be successful.

Supplemental Academic Instruction (SAI)

The district provides remedial and supplemental instructional resources to students who fail to meet performance levels. Sugar Mill Elementary utilizes these resources through the following:

- *Science Night
- *Curriculum Nights

Violence Prevention Programs

The school offers the following non-violence and anti-drug programs:

- *Student Mentoring Program
- *Crisis Training Program
- *Suicide Prevention Instruction
- *Bully Proofing Instruction
- *Cyber Bully Prevention Program
- *Second Step Social Skills Program
- *Anti-Drug/Alcohol Instruction
- *The Great Kindness Challenge
- *Smarter Safer Kids Program
- *Peer-mediation program
- *K Kid Leadership Group
- *Sanford Harmony

Nutrition Programs

Sugar Mill Elementary offers a variety of nutrition programs including:

- *Free and Reduced Meal Plan
- *Wellness Policy School Plan
- *Nutrition/Wellness/Health classes incorporated into Physical Education and Science

Head Start

The District, in conjunction with the Head Start agency serving the community, coordinates efforts to promote continuity of services and effective transitions for children and their families.

These include:

- *Providing the opportunity for ongoing channels of communication with Head Start to facilitate coordination of programs and for shared expectations for children's learning and development as the children transition to elementary school.
- *Assisting in the development of a systematic procedure for transferring, with parental consent, Head Start program records, for each participating child to the school in which such child will enroll.
- *Collaborating and participating in joint Professional Development, including transition-related training for school staff and Head Start staff when feasible.
- *Coordinating the services being provided by Head Start with services in elementary schools.
- *Providing to the Head Start agency local public school policies, Kindergarten registration, and other relevant information to ease the transition of children and families from Head Start.

Job Training

Sugar Mill Elementary offers students' career awareness opportunities through guest speakers from business and industry and field trips to business and industry locations.

2. School Advisory Council (SAC)

a. Membership

Identify the name and stakeholder group for each member of the SAC.:

Name	Stakeholder Group
Chris Newcomb	Business/Community
Bridget Orey	Parent
Kathleen Gonzalez	Parent
Lori Piper	Parent
Linda Weeks	Teacher
Mary Ellen Speidel	Principal
Faith Grogan	Parent
Jenifer Linton	Parent
Audra Bennett	Teacher
Mary Cafiso	Education Support Employee
Joseph Interdonato	Teacher
Dawn Ketelaar	Parent
Kimberly Stevens	Teacher
Melissa Reynolds	Parent
Lisa Seiferth	Parent
Kayla Ritzel	Business/Community

b. Duties

1. Provide a description of the SAC's involvement with the following activities, as required by section 1001.452(2), Florida Statutes

The school's response to this question may address the requirements of ESSA, P.L. No. 114-95, Â§ 1114(b)(2).

a. Evaluation of last year's school improvement plan

In order to begin evaluating the effectiveness of the 2017-2018 School Improvement Plan, first our School Leadership Team met in June for two days to reflect. The team analyzed the following data: Academic Data (VXT), iReady, Waterford, SuccessMaker, Early Warning System Reports, Attendance, Report Card Behavior Screening, Course Failure Reports, D&F Reports, Percent of Students Referred for Special Education, Discipline Data, Concern of Harm, Evaluation Data, Professional Development Summary of Hours, Budgets, Climate Survey Data, and Situational Awareness Data. This information was shared with all stakeholders in August of the 2018-2019 school year.

b. Development of this school improvement plan

The School Leadership Team sorted all the data mentioned above into a Five-Essentials table and then conducted a Five-Essentials Self-Assessment Rubric regarding our school effectiveness in the areas of Effective Leadership, Supportive Environment, Ambitious Instruction and Learning, Collaborative Teachers, and Involved Families. The team identified one or more areas to target our School Improvement Plan for the 2018-2019 school year. At the beginning of the 2018-2019 school year, the team shared the data and these results with all stakeholders (faculty, School Advisory Council, parents, and community members). All stakeholders were allowed the opportunity to provide input regarding the School Improvement Plan. Throughout the year, the stakeholders continue to review the plan and provide input. The plan is adjusted as needed.

c. Preparation of the school's annual budget and plan

A budget committee comprised of faculty and staff from all departments determined the budget plan based on state and district funds. Committee members solicited feedback from all stakeholders before voting on the budget plan for the 2018-2019 school year.

2. Describe the use of school improvement funds allocated last year, including the amount budgeted for each project.

School improvement funds are allocated based on requests submitted by the faculty and staff for projects related to our school improvement goals. Each request is evaluated by the School Advisory Council and voted upon for approval.

3. Verify that the school is in compliance with section 1001.452, Florida Statutes, regarding the establishment requirements and duties of the SAC.

Yes

a. If the school is not in compliance, describe the measures being implemented to meet SAC requirements.

3. Literacy Leadership Team (LLT)

a. Membership

Identify the name and position title for each member of the school-based LLT or similar group, if applicable.:

Name	Title
Bracciale, Marie	School Counselor
Corbett, Sandra	Teacher, K-12
Grounds, Shirley	Instructional Coach
Interdonato, Joe	Teacher, K-12
Snodgrass, Traci	Instructional Coach
Speidel, Mary	Principal
Weeks, Linda	Teacher, ESE
Alibright, Jacquie	Teacher, K-12
Whitson, Lianne	Teacher, K-12
Hammond, Christina	Teacher, K-12
Ramos, Stephanie	Teacher, K-12
Foster, Dawn	Instructional Media

b. Duties

1. Describe how the LLT or similar group promotes literacy within the school, if applicable.

The Literacy Leadership Team (LLT) at Sugar Mill Elementary identifies school based resources (both materials and personnel) to determine the continuum of literacy supports available to students at our school. The LLT meets once a month on a Wednesday for 60 minutes. The LLT chair provides an agenda and facilitates the meeting. LLT members responsibilities include: attend all meetings to review data, share literacy strategies presenting with their PLC, assist with development of classroom implementation strategies, and supervise and support school-wide writing initiative and implementation of the instructional shifts.

Our school-wide literacy initiative's main focus is to support reading and writing in every classroom in all subject areas. The LLT members will be responsible for introducing strategies to their respective grade level teams during PLCs as well as during common planning time.

The LLT is dedicated to providing a variety of literacy-building events throughout the school year. These would be offered during school and after school to encourage parent involvement. This year we will sponsor two Scholastic book fairs: one in September and one in the spring. The LLT will also support other evening events creating to promote literacy such as Bingo for Books and Family Reading Night.

D. Public and Collaborative Teaching

The school's responses to this section may address the requirements of ESSA, P.L. No. 114-95, Â§ 1114(b)(7)(A)(iii)(IV).

1. Describe the school's strategies to encourage positive working relationships between teachers, including collaborative planning and instruction.

Common planning, Professional Learning Communities (PLCs), and academic coaching are critical practices to build positive, collaborative relationships between teachers on our campus. Weekly common planning allows our teachers time to debrief and discuss common instructional goals based on the instructional shifts. When necessary, PLCs make recommendations for students to be reviewed and assisted by the school Problem-Solving Team (PST). In addition, teachers participate in PLCs twice a month. Through the PLC structure, Sugar Mill teachers review data and plan for remediation and enrichment. PLCs also allow teachers to regularly engage in a reflective dialogue to deepen shared

language and understanding of instructional practices. Action plans created in PLC meetings are submitted bi-weekly to administration for monitoring purposes. The common planning and regular PLC infrastructure also ensure that teachers have the structure and time to provide feedback on any lesson study experience.

At Sugar Mill Elementary, the use of an Academic Coach to assist with teacher collaboration and professional development plays a significant part in designing instruction to meet student needs and encouraging the collaborative process. Instructional reviews, combined with administrative walk throughs, provide the School Leadership Team with data to identify areas in which additional follow-up coaching is needed. The leadership team (including our coach) meets regularly to discuss trends that are observed in the classroom. This process also provides opportunities to celebrate exemplary teachers for the purpose of recording or allowing class visits from peer teachers. The coach works side by side with teachers to enhance instruction.

2. Describe the school's strategies to recruit, develop and retain highly qualified, certified-in-field, effective teachers to the school.

School leadership works closely with the district HR department to recruit, screen, and hire highly qualified applicants for all teaching positions. Administrators and teacher leaders attend the Job Fair to recruit highly qualified teachers. Administration maintains a network of contacts throughout the district to identify candidates for vacancies.

School leadership provides multiple professional development opportunities for faculty and staff. Offerings are often tailored to individual needs, especially for new hires who may require additional support. Also, administration encourages distributed leadership and provides opportunities for faculty members to serve as teacher leaders.

Sugar Mill invests in its staff and has a strong track record of teacher retention. A positive peer climate, a high value placed on colleague support, staff recognition, and frequent feedback from administration and colleagues all contribute to this success.

3. Describe the school's teacher mentoring program, including the rationale for pairings and planned mentoring activities.

The school matches new teachers with experienced peers whose strengths pair well with the areas for growth identified by the new teacher and Building Level Administrator (BLA). A Peer Assistance Review (PAR) teacher is also assigned to each new teacher to mentor, evaluate, and provide support to develop areas that need growth. Beginning teachers are provided time to observe peers who demonstrate best practices in teaching.

E. Ambitious Instruction and Learning

1. Instructional Programs and Strategies

a. Instructional Programs

1. Describe how the school ensures its core instructional programs and materials are aligned to Florida's standards.

Teachers collaborate within their PLCs to plan appropriately-paced, engaging, and rigorous instruction based on the instructional shifts and aligned to the Florida Standards. All materials are either district-approved or purchased through a process in which the SLT, administration, or SAC approve based on alignment with the standards.

b. Instructional Strategies

1. Describe how the school uses data to provide and differentiate instruction to meet the diverse needs of students. Provide examples of how instruction is modified or supplemented to assist students having difficulty attaining the proficient or advanced level on state assessments.

Through Common planning and monthly PLC meetings, teachers collaborate to regularly review formative and summative assessment data and continuously adjust their instruction accordingly. Assessment data is used to identify groups of students recommended for targeted instruction during an intervention period. Teachers, alongside academic coaches, create targeted instruction lessons during PLC meetings. Students requiring intensive remediation receive additional support from ESE support staff. When necessary, PLCs make recommendations for students to be reviewed and assisted by our School Counselor or PST (Problem Solving Team).

Additionally, grade level common planning meetings are held to review student data and address specific academic and behavioral concerns across the content areas. In so doing, teachers are able to meet the needs of all students in a process that promotes a sense of shared responsibility. The use of instructional reviews and an academic coach to assist with teacher professional development plays a significant part in designing instruction to meet student needs. Instructional reviews, combined with administrative walk-throughs, provide leadership with data to identify areas in which additional follow-up coaching is needed.

The leadership team (administration and coach) meets once a week to discuss what trends are identified in the classrooms. This process also provides opportunities to celebrate exemplary teachers for the purpose of recording or allowing class visits. The Instructional Coach works side-by-side with teachers to enhance instruction. The Instructional Coach diligently complete the coaching cycle to provide maximum support, including use of specific feedback instruments.

2. Provide the following information for each strategy the school uses to increase the amount and quality of learning time and help enrich and accelerate the curriculum:

2. Student Transition and Readiness

a. PreK-12 Transition

The school's response to this question may address the requirements of ESSA, P.L. No. 114-95, Â§ 1114(b)(7)(A)(iii)(V).

1. Describe the strategies the school employs to support incoming and outgoing cohorts of students in transition from one school level to another.

The District, in conjunction with the local Head Start agency, Early Learning Coalition, VPK sites and other local pre-school facilities, coordinates efforts to promote continuity of services and effective transitions for children and their families.

These Include:

- * Providing the opportunity for ongoing communication between agencies to facilitate coordination of programs and shared expectations for children's learning and development as the children transition to elementary school.
- * Collaborating and participating in joint professional development, including transition-related training for school staff and pre-school staff when feasible.
- * FLKRS (Star Early Learning) is used to assess Kindergarten readiness by all Kindergarten teachers.

In addition, Sugar Mill currently has one VPK, one Blended VPK, one full-day ESE PreK, and two half-day ESE classes. PreK teachers are included in all professional development opportunities on campus, including PLC meetings and vertical articulations.

At the end of the year, the School Counselors from area middle schools articulate with 5th grade teachers and students for appropriate academic placement in 6th grade.

b. College and Career Readiness

1. Describe the strategies the school uses to advance college and career awareness, which may include establishing partnerships with business, industry or community organizations.

N/A

2. Identify the career and technical education programs available to students and industry certifications that may be earned through those respective programs.

N/A

3. Describe efforts the school has taken to integrate career and technical education with academic courses (e.g., industrial biotechnology) to support student achievement.

N/A

4. Describe strategies for improving student readiness for the public postsecondary level based on annual analysis of the [High School Feedback Report](#), as required by section 1008.37(4), Florida Statutes.

II. Needs Assessment

The school's completion of this part may address the requirements of ESSA, P.L. No. 114-95, Â§ 1114(b)(6).

A. Problem Identification

1. Data to Support Problem Identification

b. Data Uploads

Data uploads are not required by the Florida Department of Education but are offered as a tool for the needs assessment. In this section, the school may upload files of locally available data charts and graphs being used as evidence of need.

The following documents were submitted as evidence for this section:

No files were uploaded

2. Problem Identification Summary

This section is not required by the Florida Department of Education but is provided as an opportunity for the school to summarize the points of strength and areas of need that have been identified in the data.

B. Problem Analysis Summary

This section is not required by the Florida Department of Education but is provided as an opportunity for the school to summarize the underlying "why" or root causes for the areas of need identified in the data, as determined by situational awareness of, and research conducted by, the stakeholders involved in the needs assessment.

C. Strategic Goals

School Improvement Goals

The following key is intended to help readers understand how the sections of this document correspond to the steps of the 8-step planning and problem-solving framework used in the School Improvement Plan. The Quick Key numbers can help registered users go directly to the point of entry for any given goal, barrier and strategy within the online survey.

Strategic Goals Summary

- G1.** If Sugar Mill develops practices that foster collective efficacy and effective instruction, then teachers will implement standards-aligned, differentiated instruction, to increase student achievement, for all students, across all content areas.

Strategic Goals Detail

For each strategic goal, this section lists the associated targets (i.e., “SMART goals”), targeted barriers to achieving the goal, resources available to help reduce or eliminate the barriers, and the plan for monitoring progress toward the goal.

Action Plan for Improvement

For each strategy selected in the plan to reduce a targeted barrier to a strategic goal, this section lists the rationale for that strategy (i.e., why the school believes it will reduce the barrier) and the action steps that have been identified as necessary to implementing the strategy, including details such as the point person, timing and duration, and evidence of completion. At the end of each set of action steps is the plan for monitoring the implementation and effectiveness of the respective strategy.
