School Board Approval

This plan is pending approval by the Hernando County School Board.

SIP Authority

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a school improvement plan (SIP) for each school in the district that has a school grade of D or F.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F (see page 4). For schools receiving a grade of A, B, or C, the district may opt to require a SIP using a template of its choosing. This document was prepared by school and district leadership using the FDOE's school improvement planning web application located at <https://www.floridaCIMS.org>.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Florida Department of Education encourages schools to use the SIP as a "living document" by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the "Date Modified" listed in the footer.

Part I: School Information

School Mission and Vision

Provide the school's mission statement.

To share the responsibility of preparing our students to become productive citizens through a caring environment with a commitment to excellence.

Provide the school's vision statement.

To do our best, to be the best, while dedicating ourselves to provide the best.

School Leadership Team

Membership

Identify the name, email address and position title for each member of the school leadership team.:

Name	Title
Buse, Jessica	Teacher, K-12
Rufa, Laura	Teacher, K-12
Maner, Josandra	Assistant Principal
Dye, Tom	Principal
Carlson, Ed	Teacher, K-12
Duncan, Paul	Teacher, K-12
Dumas, Maria	Teacher, K-12
Edgecomb, Sarah	School Counselor
Pointer, Leslie	Teacher, K-12
Franz, Sean	Teacher, ESE
Lomaglio, Lisa	Teacher, K-12

Duties

Describe the roles and responsibilities of the members, including how they serve as instructional leaders and practice shared decision making.

The administrative team's role facilitating PLC and SBLT meetings that involve shared decision making regarding instructional practices, MTSS, safety, and daily operational procedures. The assessment teacher's role is providing and analyzing data to help make informed instructional decisions, coordinates progress monitoring and state testing, and manages all platforms for testing and monitoring. The teacher leader roles are conducting PLC meetings, scheduling parent/teacher conferences, and compiling reflective data analysis information to identify and address grade level, content area, and school-wide issues pertaining to overall student achievement. The guidance counselor's role is to provide information and support to teachers and administration regarding students with attendance, 504, MTSS, and scheduling needs and concerns.

Part II: Needs Assessment/Analysis

Assessment & Analysis

Consider the following reflection prompts as you examine any/all relevant school data sources, including those in CIMS in the pages that follow.

Which data component performed the lowest? Is this a trend?

ELA lowest 25th percentile. Yes

Which data component showed the greatest decline from prior year?

8th grade math

Which data component had the biggest gap when compared to the state average?

ELA learning gains

Which data component showed the most improvement? Is this a trend?

Math lowest 25th percentile. No

Describe the actions or changes that led to the improvement in this area.

Focusing on the lowest 25th percentile was our previous year's school improvement goal. Each teacher identified and focused on their lowest 25th percentile of students using pre and post tests with remediation and differentiation on skill deficits.

Part III: Planning for Improvement

Develop specific plans for addressing the school's highest-priority needs by identifying the most important areas of focus based on any/all relevant school data sources, including the data from Section II (Needs Assessment/Analysis).

Areas of Focus:

Activity #1	
Title	Lowest 25th Percentile in ELA and math
Rationale	For consecutive years, ELA bottom quartile gains have decreased. Fidelity by the math department in implementing the LQ plan to the lowest quartile of students in math showed significant improvement in this area. Because of this success, the intent is for ELA, with their supporting departments, to implement the LQ plan with an equal amount of fidelity, and for math to continue documentation and monitoring of LQ students, which will lead to increased LQ gains in both content areas.

Intended Outcome	ELA LQ learning gains will increase by 5% and math LQ learning gains will increase 1%.
Point Person	Laura Rufa (rufa_l@hcsb.k12.fl.us)

Action Step	
Description	Teachers will Identify the lowest 25th percentile (all departments focus on ELA data except math) and implement the school-wide LQ plan by department . Department plans include implementation of a common, standards-based formative assessment and sharing of results and trends bi-weekly during PLC. Results are then documented and monitored on a department created and maintained shared google doc containing pretest scores, trends, and reteaching strategies. Post test scores are added to evaluate success of differentiated instruction and to identify the need for further instructional support for LQ students.
Person Responsible	Josandra Maner (maner_j@hcsb.k12.fl.us)

Plan to Monitor Effectiveness	
Description	Lowest 25th percentile student pre and post common formative assessment data is recorded and monitored in google docs. Information is obtained using the SWAP during weekly department PLC meetings. In these meetings, each teacher presents LQ assessment data results, trends, and next steps to department and facilitating administrator.
Person Responsible	Josandra Maner (maner_j@hcsb.k12.fl.us)
