School Board Approval

This plan is pending approval by the Pinellas County School Board.

SIP Authority

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a school improvement plan (SIP) for each school in the district that has a school grade of D or F.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F (see page 4). For schools receiving a grade of A, B, or C, the district may opt to require a SIP using a template of its choosing. This document was prepared by school and district leadership using the FDOE's school improvement planning web application located at <https://www.floridacims.org>.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Florida Department of Education encourages schools to use the SIP as a "living document" by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the "Date Modified" listed in the footer.

Part II: Needs Assessment/Analysis

Assessment & Analysis

Consider the following reflection prompts as you examine any/all relevant school data sources, including those in CIMS in the pages that follow.

Which data component performed the lowest? Is this a trend?

Our Students With Disabilities (SWD) subgroup performed the lowest. From the data we have, yes this is a trend.

Which data component showed the greatest decline from prior year?

The greatest decline from the prior year is the learning gains of our African-American L25 scholars in ELA.

Which data component had the biggest gap when compared to the state average?

Our Grade 3 math component had the biggest gap compared to the state average.

Which data component showed the most improvement? Is this a trend?

Our Grade 5 math component showed the most improvement. Yes, this a trend.

Describe the actions or changes that led to the improvement in this area.

We afforded our teachers in grades 3-5 to departmentalize in order to become "Master Teachers" by allowing them to focus on providing instruction for one to two content area(s).

Our intervention hour & core instruction focused on standards-based instruction.

The curriculum we implemented is standards aligned.

Part III: Planning for Improvement

Develop specific plans for addressing the school's highest-priority needs by identifying the most important areas of focus based on any/all relevant school data sources, including the data from Section II (Needs Assessment/Analysis).

Areas of Focus:

Activity #1

Title Sustaining a healthy learning environment.

Rationale To develop and sustain a healthy, respectful, caring, and safe learning environment.

Intended Outcome Bronze Level recognition

Point Person Tekoa Moses (mosest@pcsb.org)

Action Step

Description Monthly Wellness Committee meetings
Committee provides healthy snacks for staff and scholars
Staff participates in district's wellness initiative (Go365)
Physical Education Department implemented a "Mile High" running club for scholars

Person Responsible Tekoa Moses (mosest@pcsb.org)

Plan to Monitor Effectiveness

Description The Healthy School team will review all assessment items to determine the most feasible items to improve in one module to achieve recognition level, and then develop an action plan for that item.

Person Responsible Tekoa Moses (mosest@pcsb.org)

Activity #2	
Title	Foster a positive school environment.
Rationale	Provides opportunities for effective and consistent communication between school and home.
Intended Outcome	To increase parental involvement and student achievement.
Point Person	Cheryl Pe (pec@pcsb.org)
Action Step	
Description	Provide professional development for staff on Class Dojo. Provide teachers with helpful positive communication tips to implement with scholars and families. Increase parental participation at PTA, SAC, and monthly family workshops. Continue implementing our Social Emotional Learning curriculum during our daily Morning Meetings.
Person Responsible	Cheryl Pe (pec@pcsb.org)
Plan to Monitor Effectiveness	
Description	Student Services will monitor the implementation of Class DoJo by utilizing the provided reports.
Person Responsible	Cheryl Pe (pec@pcsb.org)

Activity #3	
Title	Provide scholars with an equitable standards based instruction.
Rationale	To prepare our scholars for college and career opportunities.
	To provide every scholar with equitable and rigorous standards based instruction in order for him/her to successfully make at least a year's worth of growth.
Intended Outcome	This year's targets are: ELA- 40% ELA Learning Gains- 60% ELA Learning Gains of L25 Scholars 60% Math-46% Math Learning Gains- 60% Math Learning Gains of L25 Scholars- 60% Science- 40%
Point Person	LaKisha Lawson (lawsonlak@pcsb.org)
Action Step	
Description	In order to achieve the desired outcome, our: Instructional Leadership Team (ILT) will provide ongoing feedback, monitoring and support to teachers. Instructional staff will participate in Cycles of Professional Learning (CPL). Instructional staff will meet weekly to plan equitable standards based instruction (i.e. Instructional Practice Guides). Instructional staff will analyze various formative and summative assessment data.
Person Responsible	LaKisha Lawson (lawsonlak@pcsb.org)
Plan to Monitor Effectiveness	
Description	Administer and analyze various assessment data Analyze student work samples Facilitate Leadership Walk-throughs Create and monitor a walk-through feedback tool for teachers
Person Responsible	LaKisha Lawson (lawsonlak@pcsb.org)

Activity #4	
Title	Increase proficiency of African-American Scholars
Rationale	Increase proficiency of African-American scholars in order to close the achievement gap between black and non-black scholars.
Intended Outcome	<p>To provide African-American scholars with an equitable and rigorous standards based instruction in order for him/her to successfully make at least a year's worth of growth.</p> <p>This year's targets are: ELA- 40% ELA Learning Gains- 60% ELA Learning Gains of L25 Scholars 60% Math-46% Math Learning Gains- 60% Math Learning Gains of L25 Scholars- 60% Science- 40%</p>

Part IV: Title I Requirements

Additional Title I Requirements

This section must be completed if the school is implementing a Title I, Part A schoolwide program and opts to use the Pilot SIP to satisfy the requirements of the schoolwide program plan, as outlined in the Every Student Succeeds Act, Public Law No. 114-95, Â§ 1114(b). This section is not required for non-Title I schools.

Describe how the school plans to build positive relationships with parents, families, and other community stakeholders to fulfill the school's mission and support the needs of students.

Parental involvement targets will include increased opportunities for parents to engage in high intensity positive interactions initiated by teachers as well as opportunities to attend monthly celebrations of

student success. Parental involvement in SAC and PTA has been significantly low; one target will focus upon increased participation by parents in PTA and SAC.

PFEF Link

The school completes a Parental Involvement Plan (PFEF), which is available at the school site.

Describe how the school ensures the social-emotional needs of all students are being met, which may include providing counseling, mentoring and other pupil services.

Maximo Elementary has a full-time Health Tech, Social Worker, and School Psychologist to ensure the needs of our student population are being met. In addition, Maximo Elementary is one of five schools that has been selected to participate in the JWB Child Initiative; a program that provides various wrap-around services to students that will result in them increasing their academic achievement. Student Services will provide informational sessions regarding processes and procedures for teachers with specific student concerns. In addition, Maximo Elementary will implement the Seven Habits of Happy Kids during our daily morning meetings in grades kindergarten through fifth. We will also implement Saving Our Scholars (SOS) mentoring program for students identified by the Early Warning Systems.

Describe the strategies the school employs to support incoming and outgoing cohorts of students in transition from one school level to another.

Title I, Part A funds are used to provide Pre-Kindergarten to Kindergarten transition services. Title I schools coordinate with staff from public and private preschool programs, including Head Start, to prepare students for a successful start to school. A portion of Title I, Part A funds is used to provide a class for 3 year olds at our school. We facilitate a Kindergarten Round Up in January as well as a Transition to Kindergarten night in May for all incoming kindergarten students and families, orienting them to the classroom, curriculum and processes, and providing all students with literacy materials to use during the summer to strengthen their transition. We provided STEP students with exposure to college and career readiness by partnering with University of South Florida Bayboro Campus.

Describe the process through which school leadership identifies and aligns all available resources (e.g., personnel, instructional, curricular) in order to meet the needs of all students and maximize desired student outcomes. Include the methodology for coordinating and supplementing federal, state and local funds, services and programs. Provide the person(s) responsible, frequency of meetings, how an inventory of resources is maintained and any problem-solving activities used to determine how to apply resources for the highest impact.

Title I, Part A funds are utilized, in conjunction with various other federal, state, and local funds, to support high quality instruction, parental engagement, and professional development for highest student achievement. Title I services are coordinated and integrated with other resources through collaboration of staff in various offices and district departments. Title I staff monitor expenditures of Title I, Part A funds to ensure that they supplement rather than supplant other funds available to schools.

The district receives Title I, Part D funds which provide transition services for students entering or returning to their zoned schools from alternative education programs or juvenile detention facilities. Support for initial intake and ongoing transition support are provided by these funds and a portion of Title I, Part A funds reserved for services to neglected and delinquent youth. Title I, Part D funds are also targeted to support continuous education services for students through tutoring, instructional materials and resources, and technology.

Title II Part A funds professional development to increase the academic achievement of students by improving teacher and principal quality and increasing the number of infield and effective teachers in the classroom and highly effective principals and assistant principals in schools. Funds are also used for recruitment and retention activities and bonuses for high need schools.

Title III funds are utilized to provide a variety of educational resources and support services to improve the education of immigrant and English Language Learners. Bilingual translators provide assistance with parent workshops and dissemination of information in various languages for Title I schools. The district's ESOL web page makes relevant information and resources available for families, including a schedule of parent workshops and other activities.

The district receives funds to provide resources for students identified as homeless under the McKinney-Vento Act, to eliminate barriers to a free and appropriate education. A portion of Title I, Part A funds is also reserved to provide services to homeless students.

Supplemental Academic Instruction (SAI) funds are coordinated with Title I, Part A funds to provide extended learning enrichment opportunities for students during the school year and during the summer. SAI funds are also used, in conjunction with Title I, Part A funds, to provide ongoing instructional support for teachers through professional development.

Title I coordinates with district Food Services staff members to monitor poverty rates at schools and determine Title I eligibility. Title I and Food Services also collaborate to implement the Community Eligibility Option in schools with poverty rates of 40% or greater, so that all students receive free breakfast and lunch during the school year and during extended year/summer programs.

Title I, Part A funds are used to provide Pre-Kindergarten to Kindergarten transition services. Title I schools coordinate with staff from public and private preschool programs, including Head Start, to prepare students for a successful start to school. A portion of Title I, Part A funds is used to provide classes for 3 year olds at targeted elementary schools to support early literacy.

Describe the strategies the school uses to advance college and career awareness, which may include establishing partnerships with business, industry or community organizations.
