Grade	F	D	D	F*

### School Board Approval

This plan is pending approval by the Broward County School Board.

### SIP Authority

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a school improvement plan (SIP) for each school in the district that has a school grade of D or F.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F (see page 4). For schools receiving a grade of A, B, or C, the district may opt to require a SIP using a template of its choosing. This document was prepared by school and district leadership using the FDOE's school improvement planning web application located at <https://www.floridacims.org>.

### Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Florida Department of Education encourages schools to use the SIP as a "living document" by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the "Date Modified" listed in the footer.

## Part I: School Information

### School Mission and Vision

#### Provide the school's mission statement.

North Side Elementary is committed to delivering a high quality learning experience in a safe and equitable environment.

## Part II: Needs Assessment/Analysis

### Assessment & Analysis

Consider the following reflection prompts as you examine any/all relevant school data sources, including those in CIMS in the pages that follow.

**Which data component performed the lowest? Is this a trend?**

Science Proficiency and Lowest Quartile

**Which data component showed the greatest decline from prior year?**

Lowest Quartile

**Which data component had the biggest gap when compared to the state average?**

Lowest Quartile

**Which data component showed the most improvement? Is this a trend?**

ELA proficiency

**Describe the actions or changes that led to the improvement in this area.**

1. Consistent Progress Monitoring
2. Standards aligned instruction
3. Test specs aligned instruction
4. Standards based lesson planning

### School Data

Please note that the district and state averages shown here represent the averages for similar school types (elementary, middle, high school, or combination schools).

### Part III: Planning for Improvement

Develop specific plans for addressing the school's highest-priority needs by identifying the most important areas of focus based on any/all relevant school data sources, including the data from Section II (Needs Assessment/Analysis).

## Areas of Focus:

### Activity #1

**Title** ELA

**Rationale** This action plan will ensure increase in student achievement in proficiency and learning gains in all students.

**Intended Outcome**

- Proficiency levels will increase by 10% in each grade level
- 70% of the students will have learning gains by the end of the year as measured by the district formula

**Point Person** Heilange Porcena (heilange.porcena@browardschools.com)

### Action Step

**Description**

1. The Coaching Cycle will be provided to each teacher to ensure a successful instructional cycle and improve teacher and student efficacy.
2. Each instructional cycle will consist of deconstructing the focus standards and planning differentiated activities for effective whole group, small group and independent practice
3. ELA block will be designated for 120 minutes and designed based on the Balanced Literacy Guidelines
- Extended hour will be used to emphasize small group instruction
4. Balanced Literacy will be used in tier 1 instruction.
5. Grades 2-5 will use iReady LAFS books with standard mastery as progress monitoring
6. K-5 will use the iReady software for individualized instruction
7. Identified students (bubble students, lowest quartile) will receive a double dose of reading instruction with the interventionist

**Person Responsible** Heilange Porcena (heilange.porcena@browardschools.com)

### Plan to Monitor Effectiveness

**Description**

1. Biweekly progress reports by data groups such as lowest quartile, bubble students, ESE students, proficient students, and ELL students will be monitored
2. Monthly data chats with each individual teacher

**Person Responsible** Heilange Porcena (heilange.porcena@browardschools.com)

## Part IV: Title I Requirements

### Additional Title I Requirements

This section must be completed if the school is implementing a Title I, Part A schoolwide program and opts to use the Pilot SIP to satisfy the requirements of the schoolwide program plan, as outlined in the Every Student Succeeds Act, Public Law No. 114-95, Â§ 1114(b). This section is not required for non-Title I schools.

**Describe how the school plans to build positive relationships with parents, families, and other community stakeholders to fulfill the school's mission and support the needs of students.**

Monthly parent nights will be conducted focusing on academic areas of weaknesses. Math, reading and science through Literacy Connections will involve parents in supporting student achievement. After school programs geared towards meeting the needs of all learners will also provide supper to all students in attendance.

### PFEP Link

The school completes a Parental Involvement Plan (PFEP), which is available at the school site.

**Describe how the school ensures the social-emotional needs of all students are being met, which may include providing counseling, mentoring and other pupil services.**

The students are able to contact their teachers, guidance counselor and support staff for any social-emotional issues that they may be facing at the time. Counselors come in on Fridays to speak with the students and hold counseling sessions throughout the school year in which students are encouraged to share their feelings.

**Describe the strategies the school employs to support incoming and outgoing cohorts of students in transition from one school level to another.**

Meet and share best practices on a quarterly basis with feeder middle school to ensure a smooth transition of our outgoing students. We also meet semiannually with local daycares to ensure a smooth transition for our incoming Pre-Kindergarten and Kindergarten students.

**Describe the process through which school leadership identifies and aligns all available resources (e.g., personnel, instructional, curricular) in order to meet the needs of all students and maximize desired student outcomes. Include the methodology for coordinating and supplementing federal, state and local funds, services and programs. Provide the person(s) responsible, frequency of meetings, how an inventory of resources is maintained and any problem-solving activities used to determine how to apply resources for the highest impact.**

The Leadership Team meets weekly to discuss resources and align them to meet students and school needs. Resources are allocated based on personnel, instructional and curricular needs to maximize students' learning and outcomes.

**Describe the strategies the school uses to advance college and career awareness, which may include establishing partnerships with business, industry or community organizations.**
