Regional Executive Director	Lucinda Thompson
Turnaround Option/Cycle	N/A
Year	
Support Tier	

ESSA Status	TS&I
* As defined under Rule 6A-1.099811, Florida Administrative Code. For more information, click here .	

School Board Approval

This plan is pending approval by the Sarasota County School Board.

SIP Authority

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a Schoolwide Improvement Plan (SIP) for each school in the district that has a school grade of D or F. This plan is also a requirement for Targeted Support and Improvement (TS&I) and Comprehensive Support and Improvement (CS&I) schools pursuant to 1008.33 F.S. and the Every Student Succeeds Act (ESSA).

To be designated as TS&I, a school must have one or more ESSA subgroup(s) with a Federal Index below 41%. This plan shall be approved by the district. There are three ways a school can be designated as CS&I:

1. have a school grade of D or F
2. have a graduation rate of 67% or lower
3. have an overall Federal Index below 41%.

For these schools, the SIP shall be approved by the district as well as the Bureau of School Improvement.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F, or a graduation rate 67% or less. Districts may opt to require a SIP using a template of its choosing for schools that do not fit the aforementioned conditions. This document was prepared by school and district leadership using the FDOE's school improvement planning web application located at www.floridacims.org.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Florida Department of Education encourages schools to use the SIP as a "living document" by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the "Date Modified" listed in the footer.

Part I: School Information

School Mission and Vision

Provide the school's mission statement.

Venice High School in partnership with the entire community, will empower every student to become a lifelong learner who is responsible, productive and engaged citizen within a global society.

Provide the school's vision statement.

Every student is achieving at his or her maximum potential in an engaging, inspiring learning environment.

School Leadership Team

Membership

Identify the name, email address and position title for each member of the school leadership team:

Name	Title	Job Duties and Responsibilities
Jackson, Eric	Principal	
Jones, Kathleen	Teacher, K-12	
Myers, Gretchen	Teacher, Career/Technical	
Corso, Monique	Teacher, K-12	
Wheatley, Brian	Teacher, K-12	
Case, Jonathan	Teacher, K-12	
Kerpchar, Jo-Ann	Teacher, K-12	
Baker, LeeAnne	Teacher, K-12	
Lash, Robert	Teacher, K-12	
Schmidt, Rosemary	Assistant Principal	
Terry, Trenton	Assistant Principal	
Tanaka, Danielle	Assistant Principal	
Gallof, Lindsay	Assistant Principal	
Therrien, Deborah	Teacher, K-12	
Moore, Jeanette	Teacher, K-12	
DeVries, Samantha	Teacher, K-12	
Fletcher, Valerie	Teacher, K-12	
Slaton, Mia	School Counselor	
Livingston, Robin	Assistant Principal	

Early Warning Systems

Current Year

Analysis

Data Reflection

Answer the following reflection prompts after examining any/all relevant school data sources (see guide for examples for relevant data sources).

Which data component showed the lowest performance? Explain the contributing factor(s) to last year's low performance and discuss any trends.

VHS Mathematics performance, learning gains and learning gains in bottom 25% for Students With Disabilities exhibited the lowest performance during the 18-19 school year. Increasingly, Venice High School students are taking Algebra I prior to 9th Grade. For example, last school year VHS tested 305 total students in Algebra I out of 605 total 9th grade students. Many of the students who did not take Algebra I in 7th or 8th grade have previously struggled with Mathematics proficiency.

Which data component showed the greatest decline from the prior year? Explain the factor(s) that contributed to this decline.

VHS Mathematics performance, learning gains and learning gains in bottom quartile for Students With Disabilities exhibited the lowest performance during the 18-19 school year. Increasingly, Venice High School students are taking Algebra I prior to 9th grade.

Which data component had the greatest gap when compared to the state average? Explain the factor(s) that contributed to this gap and any trends.

ELA Learning Gains and ELA Learning Gains for the bottom quartile had the greatest gap when compared to state averages.

Which data component showed the most improvement? What new actions did your school take in this area?

The data component that showed the greatest increase from 2017-2018 to 2018- 2019 was achievement in science which increased 4%.

Reflecting on the EWS data from Part I (D), identify one or two potential areas of concern? (see Guidance tab for additional information)

One area of concern is the number of students who received one or more suspensions during the 2019 school year was three times greater. In looking further at the data, VHS saw a dramatic rise in students who were suspended for violations for Vaping devices and use. Another area of concern is the slight rise in overall students receiving a level 1 on statewide assessments.

Rank your highest priorities (maximum of 5) for schoolwide improvement in the upcoming school year.

1. ELA Achievement for Students with Disabilities
2. Mathematics Achievement for Students with Disabilities
3. Mathematics Learning Gains for Lower 25% for Students with Disabilities
4. ELA Learning Gains for Students with Disabilities
5. ELA Learning Gains for Lower 25% for Students with Disabilities

Part III: Planning for Improvement

Areas of Focus:

#1	
Title	ELA Achievement for Students With Disabilities
Rationale	33% of VHS Students with Disabilities achieved proficiency on the FSA ELA during the 2019 school year. 56% of students statewide scored at 3 and above and 67% of VHS students scored a 3 and above on the FSA ELA during the 2018-2019 School Year.
State the measurable outcome the school plans to achieve	VHS Students with Disabilities demonstrated a 6% growth in proficiency between 2018 School Year and 2019 School Year. The proficiency for Students with Disabilities will increase from 33% to 37% for School Year 2020.
Person responsible for monitoring outcome	Trenton Terry (trenton.terry@sarasotacountyschools.net)
Evidence-based Strategy	Students with Disabilities at Venice High School will receive a Multi-Tiered System of Support in which they will provided grade level instruction by an ESE/Reading Certified teacher who will focus on components of reading to include the following based on individual need: Reading Comprehension, Vocabulary, Fluency, Phonics, and Phonemic Awareness. Students with Disabilities at Venice High School may receive the following services based upon need: systemic and explicit reading interventions and activities in the areas of phonology, Sound-Symbol Association, Syllable Instruction, Morphology, Syntax and Semantics in an Intensive Language Arts classroom or a Content Area Reading Classroom. Level 1 Students will receive the intervention through Intensive Language Arts Classroom while Level 2 students will be served through content area classrooms, Environmental Science and World History.
Rationale for Evidence-based Strategy	Based on the data for students at Venice High School, VHS students enrolled in both Intensive Language Arts and English Language Arts show growth in comparison with their peers who are not enrolled in both courses for support. The Research Assessment and Evaluation Team for the Sarasota County Schools utilized FSA Data for Level 1 and Level 2 Students with a Disability who were enrolled and not enrolled in Intensive Language Arts. The RAE Team compared students proficiency rates and learning gains to make this determination.
Action Step	
Description	<ol style="list-style-type: none"> 1. Students with Disabilities who score a Level 1 on the FSA Reading will be placed into Intensive Language Arts and an English Language Arts class with an ESE/Reading certified teacher support. 2. Students who score a Level 1 on the FSA Reading and enrolled in Intensive Language Arts will utilize Achieve 3000 for Diagnostic Assessment and Progress Monitoring. 3. 9th and 10th grade Students with Disabilities who score a level 2 on the FSA Reading will be placed into an English Language Arts class with an reading certified teacher. 4. 9th Grade students who score a level 2 on the FSA Reading will be placed into a Content Area Reading Class, Environmental Science, which will be Co-Taught. One teacher will be certified in ESE/Reading and the other will be certified in Science. 5. 10th Grade students who score a level 2 on the FSA Reading will be placed into a Content Area Reading Class, World History, which will be Support Facilitated by two teachers. One teacher will be certified in ESE/Reading and the other will be certified in Social Studies. 6. All students who score a level 1 or level 2 on the FSA Reading will also take two District

Benchmark assessments for additional progress monitoring.

7, VHS ELA Teachers will also work together through Professional Learning Communities to create common formative and summative assessments to monitor progress towards specific Florida Standards.

8. Teachers utilize common planning time along with planning time embedded in VHS Connects for curriculum design, data analysis and interventional support.

9. Teachers are utilizing a new Reflective Planning Template to activate greater reflection of practice based upon student results.

10. ELA and ILA teachers are receiving Disciplinary Literacy Professional Development support through Curriculum Specialists in Sarasota County.

11. Teachers reference Current Student Academic Dashboard to review most recent academic progress.

Person

Trenton Terry (trenton.terry@sarasotacountyschools.net)

#2	
Title	ELA Learning Gains for Students with Disabilities
Rationale	31% of VHS Students with Disabilities made Learning Gains during the 2018-2019 FSA ELA Assessment. Comparatively, 50% VHS students who took the FSA ELA in 2019 made Learning Gains and 51% of students statewide made Learning Gains.

State the measurable outcome the school plans to achieve	35% of VHS Students with Disabilities will make Learning Gains in the 2019-2020 school year.
Person responsible for monitoring outcome	Trenton Terry (trenton.terry@sarasotacountyschools.net)
Evidence-based Strategy	Students with Disabilities at Venice High School will receive a Multi-Tiered System of Support in which they will provided grade level instruction by an ESE/Reading Certified teacher who will focus on components of reading to include following based on individual need: Reading Comprehension, Vocabulary, Fluency, Phonics, and Phonemic Awareness. Title	ELA Learning Gains for Students with Disabilities in the Lowest 25th Percentile
Rationale	21% of VHS Students with Disabilities in the Lowest 25th Percentile made Learning Gains in 2018-2019 School Year. Comparatively, 39% of VHS students in the Lowest 25th Percentile made Learning Gains.

State the measurable outcome the school plans to achieve	25% of VHS Students with Disabilities in the Lowest 25th Percentile will make Learning Gains in School Year 2019.
Person responsible for monitoring outcome	Trenton Terry (trenton.terry@sarasotacountyschools.net)
Evidence-based Strategy	Students with Disabilities at Venice High School will receive a Multi-Tiered System of Support in which they will provided grade level instruction by an ESE/Reading Certified teacher who will focus on components of reading to include following based on individual need: Reading Comprehension, Vocabulary, Fluency, Phonics, and Phonemic Awareness. Students with Disabilities at Venice High School may receive the following services based upon need: systemic and explicit reading interventions and activities in the areas of phonology, Sound-Symbol Association, Syllable Instruction, Morphology, Syntax and Semantics in an Intensive Language Arts classroom or a Content Area Reading Classroom. Level 1 Students will receive the intervention through Intensive Language Arts Classroom while Level 2 students will be served through content area classrooms, Environmental Science and World History.
Rationale for Evidence-based Strategy	Based on the data for students at Venice High School, VHS students enrolled in both Intensive Language Arts and English Language Arts show growth in excess of their peers who are not enrolled in both courses for support. The Research Assessment and Evaluation Team for the Sarasota County Schools utilized FSA Data for Level 1 and Level 2 Students with a Disability who were enrolled and not enrolled in Intensive Language Arts. The RAE Team compared students proficiency rates and learning gains to make this determination.

Action Step	
Description	<ol style="list-style-type: none"> 1. Title Students with Attendance Below 90%
Rationale VHS had 378 students who had attendance below 90% in the 2019 school year.

State the measurable outcome the school plans to achieve VHS will reduce the number of students with attendance below 90% by 10% for the 2020 School Year.

Person responsible for monitoring outcome Lindsay Gallof (lindsay.gallof@sarasotacountyschools.net)

Evidence-based Strategy VHS will utilize multiple evidence based strategies. VHS will incorporate Social and Emotional Learning and a student advisory period titled VHS Connects.

Rationale for Evidence-based Strategy During the 2019 school year, VHS had 378 students who attended less than 90% of the allotted school days. VHS utilized the student information system to gather data to make this determination.

Action Step

Description

1. VHS employs an attendance secretary to assist staff in ensuring that parents are notified of chronic student absences.
2. VHS conducts weekly School Wide Support Team meetings and refers students to truancy personnel when necessary.
3. VHS has created an alternate bell schedule for students to attend VHS Connects on a weekly basis. VHS Connects provides the opportunity for students to connect with teachers, activities of interest, peers or academics.

Person Responsible [no one identified]

Additional Schoolwide Improvement Priorities (optional)

After choosing your Area(s) of Focus, explain how you will address the remaining schoolwide improvement priorities (see the Guidance tab for more information).

Part IV: Title I Requirements

Additional Title I Requirements

This section must be completed if the school is implementing a Title I, Part A schoolwide program and opts to use the Schoolwide Improvement Plan to satisfy the requirements of the schoolwide program plan, as outlined in the Every Student Succeeds Act, Public Law No. 114-95, Â§ 1114(b). This section is not required for non-Title I schools.

Describe how the school plans to build positive relationships with parents, families, and other community stakeholders to fulfill the school's mission and support the needs of students.

Venice High School works to build relationships with parents, families and community stakeholders in a variety of ways. Prior to the start of each school year, VHS hosts a parent meeting for all incoming 9th grade parents. Shortly after the school year begins, VHS hosts an Open House for all families to visit campus. Additionally, VHS host International Baccalaureate Parent Evenings for parents of International Baccalaureate Students. VHS hosts multiple Student/Parent Information Nights to connect with parents and students. Additionally, VHS works to connect with community stakeholders on a regular basis. VHS hosts month School Advisory Council meetings. The School Advisory Council is made up of student, parent and community representatives. On a weekly basis, VHS hosts an advisory period referred to as VHS Connects. During this time period, VHS students have the opportunity to connect with business partners in a variety of sessions. This year students connected with community stakeholders from the Aviation Industry, Civil Engineering and Health Care industries to name just a few. VHS Student Government Representatives also spend one day working with members of the Venice City Council who hosts our students annually.

PFEP Link

The school completes a Parental Involvement Plan (PFEP), which is available at the school site.

Describe how the school ensures the social-emotional needs of all students are being met, which may include providing counseling, mentoring and other pupil services.

Venice High School Counselors, PE/Health Teachers and ESE Liaisons, will work together to implement a comprehensive Social and Emotional Learning Program. VHS Staff will work in conjunction with one of our community partners, Gulf Coast Community Foundation to implement the Civility Squad with our students. The Civility Squad, promotes the 10 Keys to Civility, guiding principles and simple behaviors to improve the way we interact with one another. Planning, developing and delivering lessons to students that reinforce character traits will promote a positive school climate and culture and will assist in reducing the number of student referrals at VHS while increasing overall student achievement.

- Guidance Counselors, PE/Health Teachers, ESE Liaisons and Behavior Specialists will develop one 48-minute lesson for each Character Trait.
- During pre-planning week, the Guidance Counselors, PE/Health Teachers, ESE Liaisons and Behavior Specialist will work to identify the character trait/traits that they are responsible for developing.
- Civility Squad lessons will be developed in accordance with District-Wide Civility Squad Monthly Calendar 2019-2020.
- Civility Squad lessons will be delivered to 9th grade students through HOPE classes during the 2019-2020 school year.
- Civility Squad lessons will be taught monthly beginning in September and in accordance with the District-Wide Civility Squad Monthly Calendar 2019-2020.
- Quarterly Civility Squad presentation will be delivered in VPAC during VHS Connects for 10th, 11th and 12th Grade Students.
- VHS Connects Presentations will focus on 3 or 4 Character Traits each quarter in accordance with the District-Wide Civility Squad Monthly Calendar 2019-2020.
- PBIS Meetings First Wednesday of each Month.

Describe the strategies the school employs to support incoming and outgoing cohorts of students in transition from one school level to another.

The VHS 9th Grade Academy was implemented at Venice High School to help the rising ninth grade students transition to high school. Students are part of a learning community where there is an emphasis on relationships, rigor, and relevance. There is also more individual contact with teachers, counselors, behavior specialist and the Assistant principal. The VHS 9th Grade Academy also focuses on character development by having students take a Leadership class to prepare our freshmen not only for the

remainder of their high school career, but also for the challenges of becoming productive members of our community.

Describe the process through which school leadership identifies and aligns all available resources (e.g., personnel, instructional, curricular) in order to meet the needs of all students and maximize desired student outcomes. Include the methodology for coordinating and supplementing federal, state and local funds, services and programs. Provide the person(s) responsible, frequency of meetings, how an inventory of resources is maintained and any problem-solving activities used to determine how to apply resources for the highest impact.

Venice High School Leadership utilizes data from multiple sources to plan for support through the Master Scheduling process. This support can come in a variety of manners to include students being placed in smaller classes to providing push-in support on a daily or weekly basis. The VHS Leadership team meets twice weekly to engage in collaborative problem solving to address issues as they arise on campus. Principal Eric Jackson is responsible for scheduling these meetings.

Describe the strategies the school uses to advance college and career awareness, which may include establishing partnerships with business, industry or community organizations.

Venice High School partners with the Venice Rotary to fund the Rotary Futures program on campus. Through this partnership, Venice High School is able to provide students with access to two advisers who support students with College and Career Planning. The Rotary Futures team presents college and career information to students, parents and community members in a variety of formats to include Junior and Senior Class Student and Parent Presentations. The Rotary Team hosts an annual "College Fair" on the VHS campus where college representatives from all over the United States visit and provide information to students. These include Technical Colleges for students interested in careers. Additionally, college representatives are hosted by the VHS Rotary throughout the year. The Rotary team also assists VHS students in identifying scholarships for college.
