School Board Approval

This plan is pending approval by the Volusia County School Board.

SIP Authority

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a Schoolwide Improvement Plan (SIP) for each school in the district that has a school grade of D or F. This plan is also a requirement for Targeted Support and Improvement (TS&I) and Comprehensive Support and Improvement (CS&I) schools pursuant to 1008.33 F.S. and the Every Student Succeeds Act (ESSA).

To be designated as TS&I, a school must have one or more ESSA subgroup(s) with a Federal Index below 41%. This plan shall be approved by the district. There are three ways a school can be designated as CS&I:

1. have a school grade of D or F
2. have a graduation rate of 67% or lower
3. have an overall Federal Index below 41%.

For these schools, the SIP shall be approved by the district as well as the Bureau of School Improvement.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F, or a graduation rate 67% or less. Districts may opt to require a SIP using a template of its choosing for schools that do not fit the aforementioned conditions. This document was prepared by school and district leadership using the FDOE's school improvement planning web application located at www.floridacims.org.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Florida Department of Education encourages schools to use the SIP as a “living document” by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the “Date Modified” listed in the footer.

Part I: School Information

School Mission and Vision

Provide the school's mission statement.

We believe that all students should be provided an opportunity for educational success. Therefore, our mission is to assist in developing independent skills in students that promote graduation assurance through a structured alternative program during an unintentional break in the traditional school environment.

Alternative Education Strategies Include: Differentiated Instruction, Developing Individual Skills, Advocate Appropriately, Social Skills, Behavior Modification, Cornell Note-Taking, One Binder System, Goal Setting/Progress Monitoring, and Gradual Release Model

Provide the school's vision statement.

Our greatest contribution is to be sure that there is a teacher in every classroom who cares that every student, every day, learns, grows and feels like a human being; they don't care until they know we care.

School Leadership Team

Membership

Identify the name, email address and position title for each member of the school leadership team:

Name	Title	Job Duties and Responsibilities
Johns, Dale	Principal	Administrative oversight - all 6 Alternative Ed. sites
Plummer, Michael	Teacher, Career/Technical	Technology input / TEAMS contact
Cotto, Maggie	Teacher, K-12	Riverview contact / Department Head / TEAMS contact
Schervish, Michael	Assistant Principal	Administrative oversight - ESE Administrator - SIP contact
Kirvan, Colleen	Assistant Principal	Administrative oversight - 4 residential sites
Pelletier, Rebecca	School Counselor	DAC / SAC / SIP Contact
Midgette, Tim	Teacher, K-12	DJRF (True Core)
Jenkins, Steafon	Assistant Principal	Administrative oversight - Highbanks
Whitmore, Logan	Assistant Principal	TOA Riverview - Title 1 contact
Neill, James	School Counselor	Certified School Counselor / Scheduling - Riverview Learning Center
Jennison, Heidi	Instructional Coach	Riverview and Highbanks teacher support

Analysis

Data Reflection

Answer the following reflection prompts after examining any/all relevant school data sources (see guide for examples for relevant data sources).

Which data component showed the lowest performance? Explain the contributing factor(s) to last year's low performance and discuss any trends.

MATH Proficiency / ELA Proficiency.

Students lack foundation in math and reading skills, along with attendance issues , students lack positive relationships with staff and adults in general. Students lack Goal Setting Skills

Which data component showed the greatest decline from the prior year? Explain the factor(s) that contributed to this decline.

Graduation Assurance - through credit retrieval.

Students in Alternative ED. tend to lag behind all other subgroups in GPA, EOC's, FSA, attendance and graduation rate. Lack of remediation of foundational skills in Math and Reading.

Which data component had the greatest gap when compared to the state average? Explain the factor(s) that contributed to this gap and any trends.

Math Proficiency.

Students lack foundation in math and reading skills, along with attendance issues , students lack positive relationships with staff and adults in general.

Students in Alternative ED. tend to lag behind all other subgroups in GPA, EOC's, FSA, and graduation rate

Which data component showed the most improvement? What new actions did your school take in this area?

Science Proficiency.

New educational program, Edgenuity, course completions.

Professional development for instructors and staff, reading interventions, social -emotional training, PLC and progress monitoring tools.

Reflecting on the EWS data from Part I (D), identify one or two potential areas of concern? (see Guidance tab for additional information)

Attendance, course completion and remediation.

student goal setting.

Professional training of teachers in social/emotional struggles of the students.

Rank your highest priorities (maximum of 5) for schoolwide improvement in the upcoming school year.

1. M,ATH/ELA PROFICIENCY - Best practices in the classroom remediation of Math and Reading skills
2. Productive PLC's
3. Positive teacher/student relationships
4. Increase in course completions / graduation assurance through credit retrieval
5. successful transition back to zone school, increase in graduation assurance rate.

Part III: Planning for Improvement

Areas of Focus:

#1	
Title	MATH Proficiency
Rationale	Students Lack foundation in Math and reading skills
State the measurable outcome the school plans to achieve	students in our program for more than 20 days will be on track to complete course with 70% proficiency
Person responsible for monitoring outcome	Maggie Cotto (macotto@volusia.k12.fl.us)
Evidence-based Strategy	The Math proficiency not only showed the lowest performance, but also the greatest decline from the prior year, and the math component had the greatest gap when compared to the state average.
Rationale for Evidence-based Strategy	This Data component showed the lowest performance according to last years EWS indicators. Students in Alternative Ed. tend to Lag behind all other subgroups in GPA, EOC's, FSA, attendance and graduation rate.
Action Step	
Description	<ol style="list-style-type: none"> 1. Professional Development for Instructional staff in Social-Emotional Training, Blended Learning, and Effective PLC's. Provide emotional/behavioral supports, foster better student - teacher relationships 2. Emphasis on graduation assurance through credit retrieval 3. Remediation of Foundational skills in Math and Reading 4. Weekly Goal setting strategies one on one with teacher/student 5. Assess individual student needs 6. Provide supplementary resources 7. Progress monitoring/Edgenuity 8. Guided Notes 9. Gradual release

Additional Schoolwide Improvement Priorities (optional)

After choosing your Area(s) of Focus, explain how you will address the remaining schoolwide improvement priorities (see the Guidance tab for more information).

Part IV: Title I Requirements

Additional Title I Requirements

This section must be completed if the school is implementing a Title I, Part A schoolwide program and opts to use the Schoolwide Improvement Plan to satisfy the requirements of the schoolwide program plan, as outlined in the Every Student Succeeds Act, Public Law No. 114-95, Â§ 1114(b). This section is not required for non-Title I schools.

Describe how the school plans to build positive relationships with parents, families, and other community stakeholders to fulfill the school's mission and support the needs of students.

Please reference our comprehensive Parent Involvement Plans

PFEP Link

The school completes a Parental Involvement Plan (PFEP), which is available at the school site.

Describe how the school ensures the social-emotional needs of all students are being met, which may include providing counseling, mentoring and other pupil services.

Teachers, counselors, and administrators work together to assist youth. Regular academic counseling is provided with additional access upon request.

Describe the strategies the school employs to support incoming and outgoing cohorts of students in transition from one school level to another.

The Alternative Education School Counselor provides a systematic approach to place students returning to district schools at all sites where the student is enrolled long term (one quarter or more) to communicate academic and behavioral growth in the program. Most of the transitional information is exchanged through the use of email and student CrossPointe files. However, sending schools are invited to reach out to their student through a teacher to teacher exchange as well.

Describe the process through which school leadership identifies and aligns all available resources (e.g., personnel, instructional, curricular) in order to meet the needs of all students and maximize desired student outcomes. Include the methodology for coordinating and supplementing federal, state and local funds, services and programs. Provide the person(s) responsible, frequency of meetings, how an inventory of resources is maintained and any problem-solving activities used to determine how to apply resources for the highest impact.

The Riverview Learning Center Leadership Team functions as a Multi-Tiered Systems of Support (MTSS) and a natural extension of the school's Problem Solving Team (PST). The school's PST includes Response To Intervention (RtI) as an explicit step of problem solving and addresses individual, class, grade-level, and school-wide issues. Core members of the PST are the principal, assistant principals, behavioral specialist, school counselor, and school social worker. In addition, since parent collaboration is essential for the success of PS/RtI implementation, parent input is actively sought to enhance student outcomes. The school's leadership team will focus on PS/RtI meetings around two PLC Essential Questions: 1) "How will we respond when they have not learned it?" and 2) "How will we respond when they already know it?" The team meets regularly to engage in the following activities: Review universal screening data and link to instructional decisions; make adjustments in instructional techniques and provide extensive interventions, differentiated instruction, modified blended/digital learning for all students in the classroom through whole and small-group settings, established in addition to school-wide screening schedule, such as review of reading (FAIR Assessment, SRI,) and math data, to identify each student's level of proficiency; document interventions and measured growth in the Academic Improvement Plan (AIP) and/or the Behavioral Intervention Plan (BIP) and identify students who continue to fall below expectations on critical measures of performance for additional supports. The MTSS/RtI team works in conjunction with the Professional Learning Communities (PLC), the Problem Solving Team (PST) and the ESE Behavioral Support Team (BST), review progress monitoring data at the grade level and the classroom level to identify students who are either meeting/exceeding expectations or those who are at risk for not performing at least proficient on required standards.

Describe the strategies the school uses to advance college and career awareness, which may include establishing partnerships with business, industry or community organizations.

Each individual site school counselor meets with students to review graduation requirements and develop a course of student designed to meet the individual needs of the student future goals. Educational counseling sessions are based upon the goals of the student developing a plan A, B, or C.

Graduating seniors and students seeking alternate exit options are encouraged to explore programs

providing a course of study in their desired field/area. Pros and cons of the various program focus on the realities of cost, distance, and requirements. Students are enabled to make a consumer decision and applications processes in place for articulation.
