Demographics

Principal: Christy Gorberg

Start Date for this Principal: 7/15/2010

2019-20 Status (per MSID File)	Active
School Type and Grades Served (per MSID File)	High School 9-12
Primary Service Type (per MSID File)	K-12 General Education
2018-19 Title I School	No
2018-19 Economically Disadvantaged (FRL) Rate (as reported on Survey 3)	53%
2018-19 ESSA Subgroups Represented (subgroups with 10 or more students) (subgroups below the federal threshold are identified with an asterisk)	Students With Disabilities English Language Learners Asian Students Black/African American Students Hispanic Students Multiracial Students White Students Economically Disadvantaged Students
School Grades History	2018-19: A (63%) 2017-18: B (61%) 2016-17: B (57%) 2015-16: A (62%) 2014-15: A (68%)
2019-20 School Improvement (SI) Information*	
SI Region	Southeast
Regional Executive Director	LaShawn Russ-Porterfield
Turnaround Option/Cycle	N/A
Year	
Support Tier	

ESSA Status	N/A
* As defined under Rule 6A-1.099811, Florida Administrative Code. For more information, click here .	

School Board Approval

This plan is pending approval by the Orange County School Board.

SIP Authority

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a Schoolwide Improvement Plan (SIP) for each school in the district that has a school grade of D or F. This plan is also a requirement for Targeted Support and Improvement (TS&I) and Comprehensive Support and Improvement (CS&I) schools pursuant to 1008.33 F.S. and the Every Student Succeeds Act (ESSA).

To be designated as TS&I, a school must have one or more ESSA subgroup(s) with a Federal Index below 41%. This plan shall be approved by the district. There are three ways a school can be designated as CS&I:

1. have a school grade of D or F
2. have a graduation rate of 67% or lower
3. have an overall Federal Index below 41%.

For these schools, the SIP shall be approved by the district as well as the Bureau of School Improvement.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F, or a graduation rate 67% or less. Districts may opt to require a SIP using a template of its choosing for schools that do not fit the aforementioned conditions. This document was prepared by school and district leadership using the FDOE's school improvement planning web application located at www.floridacims.org.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Florida Department of Education encourages schools to use the SIP as a "living document" by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the "Date Modified" listed in the footer.

School Board Approval

This plan is pending approval by the Orange County School Board.

SIP Authority

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a school improvement plan (SIP) for each school in the district that has a school grade of D or F.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F (see page 4). For schools receiving a grade of A, B, or C, the district may opt to require a SIP using a template of its choosing. This document was prepared by school and district leadership using the FDOE's school improvement planning web application located at

<https://www.floridacims.org>.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Florida Department of Education encourages schools to use the SIP as a "living document" by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the "Date Modified" listed in the footer.

Part I: School Information

School Mission and Vision

Provide the school's mission statement.

To lead our students to success with the support and involvement of families and the community

Provide the school's vision statement.

To be the top producer of successful students in the nation

School Leadership Team

Membership

Identify the name, email address and position title for each member of the school leadership team:

Name	Title	Job Duties and Responsibilities
Bradley, Lauren	Administrative Support	
Pachnik, Nora	Assistant Principal	
Swenson, Guy	Principal	
Green, Ava	Assistant Principal	
Pagan-Pearl, Michael	Teacher, K-12	
Wooten, Lorna	Administrative Support	
Laracuenta, Mariela	Instructional Coach	
Perrotti, August	School Counselor	
Korkes, Jennifer	Assistant Principal	
Hames, Nigel	Assistant Principal	
McMiller, Crystal	Instructional Coach	

Early Warning Systems

Current Year

Number of Consecutive Years Economically Disadvantaged Students Subgroup Below 32%	

Analysis

Data Reflection

Answer the following reflection prompts after examining any/all relevant school data sources (see guide for examples for relevant data sources).

Which data component showed the lowest performance? Explain the contributing factor(s) to last year's low performance and discuss any trends.

The English Language Arts 9 (53%), Alg 1 (45%) and GEO (62%) data show the lowest performance. There is a need to continue or focus on filling in gaps in knowledge within the math sequence and a focus on writing within ELA 9.

Which data component showed the greatest decline from the prior year? Explain the factor(s) that contributed to this decline.

Our GEO scores are 15 percent lower than the previous year. Our ELA 9 scores are down 3 percent to the previous year. Things that may have contributed may include curriculum needs, framework for instruction was not clear, tutoring was not attended.

Which data component had the greatest gap when compared to the state average? Explain the factor(s) that contributed to this gap and any trends.

When compared to the state average our Alg 1 scores demonstrate the greatest gap in achievement. Students taking algebra 1 as 9th and 10th graders are lacking foundational skills they need to achieve success. We will continue to focus on building their foundation while simultaneously challenging them at the level of the standards tested.

Which data component showed the most improvement? What new actions did your school take in this area?

We showed growth in the learning gains of our lowest 25 percent of students. Our school created intervention systems that allowed us to identify struggling students early and support them often.

Reflecting on the EWS data from Part I (D), identify one or two potential areas of concern? (see Guidance tab for additional information)

The number of students failing English and Math is the largest concern according to the EWS data. This concern will be a focus as we work on learning gains with our lowest 25% and our subgroups.

Rank your highest priorities (maximum of 5) for schoolwide improvement in the upcoming school year.

1. Focus on learning gains and achievement for our ESE students
2. Focus on learning gains and achievement for our Black and Hispanic subgroups
3. Focus on learning gains for our bottom 25% in ELA
4. Focus on implementing DPLC practices to support student learning in all core areas
5. Focus on curating resources and implementing systems of support for our ELL students

Part III: Planning for Improvement

Areas of Focus:

#1	
Title	Increase Student Achievement
Rationale	<p>Improve student achievement on high-stakes assessments by utilizing collaborative common planning to produce high-quality and rigorous standards-based instruction and assessments. The District Professional Learning Community (DPLC) will guide the PLC planning and collaboration process. This goal focuses on OCPS District Division Priority #1 Accelerate Student Performance and District Division Priority #2 Invest in human capital.</p> <p>This area of focus will be measured through the Alg 1 EOC, FSA ELA, Geometry EOC, Biology EOC and US History EOC achievement rates.</p>
State the measurable outcome the school plans to achieve	<ol style="list-style-type: none"> 1. Increase ELA from 59% to 62% 2. Increase ELA Gains from 56% to 59% 3. Increase ELA 25% Gains from 47% to 50% <ol style="list-style-type: none"> 1. Increase Math from 45% to 48% 2. Increase Math Gains from 56% to 59% 3. Increase Math 25% Gains from 54% to 57% <ol style="list-style-type: none"> 1. Increase Biology from 73% to 76% <ol style="list-style-type: none"> 1. Increase U.S. History from 80% to 83%
Person responsible for monitoring outcome	Stephanie A Johnson Possell (stephanie.johnsonpossell@ocps.net)
Evidence-based Strategy	<p>Ongoing monitoring will occur to ensure all students are afforded the intervention and remediation opportunities needed to ensure an overall improvement in achievement as well as a closing of subgroup achievement gaps.</p> <p>Targets Supported by the plan for improvement:</p> <ul style="list-style-type: none"> •Algebra I EOC Pass Rate •U.S. History EOC Pass 0 •FSA ELA Achievement •Bio I EOC Pass •Geometry EOC Pass Rate
Rationale for Evidence-based Strategy	<p>Resources available to Help Support the plan for improvement:</p> <ul style="list-style-type: none"> • Instructional coaches • Support facilitators • Targeted professional development • District support personnel • District provided CRMs • School based administration
Action Step	
Description	<ol style="list-style-type: none"> 1. Analyze student achievement levels and identify trends and subgroup performance gaps 2. Identify teachers and students who need additional support to achieve success

3. Provide enrichment and remediation opportunities to identified teachers and students
4. Monitor progress on targeted achievement levels
5. Adjust interventions to support identified trends
6. Build our culture of collaboration between professionals to increase student success in all subgroups.
7. Develop and implement a system of teaching social behaviors.
8. Increase our systematic use of explicit instruction.
9. Explicitly teach students to maintain and generalize new learning across time and settings.

**Person
Responsible**

Guy Swenson (guy.swenson@ocps.net)

#2	
Title	College and Career Readiness
Rationale	Students will achieve post-secondary readiness through accelerated course work in college readiness courses, AP courses and/or CTE Dual Enrollment courses.
State the measurable outcome the school plans to achieve	<p>The area of focus will impact our four year graduation rate and our high school acceleration rate. We will continue to support our graduation rate while increasing the number of students who graduate college and career ready.</p> <p>Acceleration will improve from 58.6% to 75% Graduation rate will improve from 98% to 99%</p>
Person responsible for monitoring outcome	Dianalin Melendez (39014@ocps.k12.fl.us)
Evidence-based Strategy	<p>1. An intense focus on student data for Industry Cert, AP, PERT, PSAT, ACT, SAT, and teacher common assessments will be monitored for students' post-secondary readiness.</p> <p>2. Increase our systematic approach to providing scaffolded supports.</p> <p>3. Students generate inferences and elaborate to provide evidence that demonstrates understanding of learned content.</p> <p>An intense focus on post-secondary readiness with our students will ensure our students graduate with a skill set that provides them opportunities for success after high school.</p> <p>Scaffolded supports provide temporary assistance to students so they can successfully complete tasks that they cannot yet do independently and with a high rate of success.</p>
Rationale for Evidence-based Strategy	<p>Teachers select powerful visual, verbal and written supports; carefully calibrate them to students' performance and understanding in relation to learning tasks; use them flexibly; evaluate their effectiveness; and gradually remove them once they are no longer needed.</p> <p>Students must be skilled at generating valid conclusions based on content in order to support future analytical thinking and enhance comprehension.</p> <p>Resources available include:</p> <ul style="list-style-type: none"> • CTE Career Specialist • After school tutoring • AP tutoring • College and Career Resource Center (CCRC) • Academic Lab • College and Career Specialist • Instructional Leadership Team
Action Step	

Description	1. Analyze student enrollment against student acceleration
	2. Identify students needing additional opportunities and support to achieve success
	3. Identify additional opportunities to engage students in post-secondary readiness courses
	4. Provide enrichment and remediation opportunities for students requiring additional support
	5. Monitor student progress and adjust remediation opportunities to target gaps in learning and performance.
	6. Build our culture of collaboration between professionals to increase student success.
	7. Build up our system of interpretation and communication of assessment information that is shared between stakeholders to collaboratively design and implement educational programs.
Person Responsible	Nora Pachnik (nora.pachnik@ocps.net)

Additional Schoolwide Improvement Priorities (optional)

After choosing your Area(s) of Focus, explain how you will address the remaining schoolwide improvement priorities (see the Guidance tab for more information).

Improve student achievement by utilizing collaborative common planning to produce high-quality and rigorous standards-based instruction and assessments. The DPLC will support the PLC planning and collaboration process.

Part V: Budget

The approved budget does not reflect any amendments submitted for this project.

1	III.A.	Areas of Focus: Increase Student Achievement	\$0.00
2	III.A.	Areas of Focus: College and Career Readiness	\$0.00
Total:			\$0.00
