### School Board Approval

This plan was approved by the St. Johns County School Board on 10/1/2019.

### SIP Authority

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a Schoolwide Improvement Plan (SIP) for each school in the district that has a school grade of D or F. This plan is also a requirement for Targeted Support and Improvement (TS&I) and Comprehensive Support and Improvement (CS&I) schools pursuant to 1008.33 F.S. and the Every Student Succeeds Act (ESSA).

To be designated as TS&I, a school must have one or more ESSA subgroup(s) with a Federal Index below 41%. This plan shall be approved by the district. There are three ways a school can be designated as CS&I:

1. have a school grade of D or F
2. have a graduation rate of 67% or lower
3. have an overall Federal Index below 41%.

For these schools, the SIP shall be approved by the district as well as the Bureau of School Improvement.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F, or a graduation rate 67% or less. Districts may opt to require a SIP using a template of its choosing for schools that do not fit the aforementioned conditions. This document was prepared by school and district leadership using the FDOE's school improvement planning web application located at [www.floridacims.org](http://www.floridacims.org).

### Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Florida Department of Education encourages schools to use the SIP as a "living document" by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the "Date Modified" listed in the footer.

## Analysis

### Data Reflection

Answer the following reflection prompts after examining any/all relevant school data sources (see guide for examples for relevant data sources).

**Which data component showed the lowest performance? Explain the contributing factor(s) to last year's low performance and discuss any trends.**

The lowest performance in a data component for Palm Valley Academy was in the Math Learning Gains of our lowest 25% of our students with disabilities, SWD. Only 40% of our SWD in our bottom quartile made a learning gain in the 2018-2019 school year.

Contributing factors include students that are two or more years below grade level and needing to close the achievement gap for these learners, while also maintaining grade level expectations.

**Which data component showed the greatest decline from the prior year? Explain the factor(s) that contributed to this decline.**

Palm Valley Academy only has one year of data.

**Which data component had the greatest gap when compared to the state average? Explain the factor(s) that contributed to this gap and any trends.**

We were above the state average in all areas.

**Which data component showed the most improvement? What new actions did your school take in this area?**

For our first year as a school with a large student population new to Florida, we are proud of our achievements in 3rd grade math and 6th grade ELA and Math.

**Reflecting on the EWS data from Part I (D), identify one or two potential areas of concern? (see Guidance tab for additional information)**

Our focus for this year will be on the 12 students who have been retained once and the 3 students who have been retained more than once. We will also intentionally focus on the 5 students with 2 or more early warning factors.

**Rank your highest priorities (maximum of 5) for schoolwide improvement in the upcoming school year.**

1. ELA Lowest 25%, SWD
2. Math Lowest 25%, SWD
3. 5th Grade Science Achievement
4. EWS- 2 or more factors
5. Retainees- 1 year or more

## Part III: Planning for Improvement

### Areas of Focus:

#1	
<b>Title</b>	English Language Arts Learning Gains Lowest 25% (SWD)
<b>Rationale</b>	Our most struggling students often require the most intensive interventions and it is the job of the school to ensure that all students are showing a year's worth of growth in all academic areas. Currently only 53% of the lowest quartile students showed a learning gain in English language arts. We would like to see this percentage increased while we continue to intentionally focus our attention on this specific sub group of students.
<b>State the measurable outcome the school plans to achieve</b>	Palm Valley Academy will raise the percentage of students in the lowest 25% making learning gains by 4%, from 53% to 57%.
<b>Person responsible for monitoring outcome</b>	Jessica Richardson (jessica.richardson@stjohns.k12.fl.us)
<b>Evidence-based Strategy</b>	Research based practices and processes, MTSS, PLC process, Staff Deliberate Practice Plans
<b>Rationale for Evidence-based Strategy</b>	MTSS Core meetings will be utilized weekly to review school wide data and early warning systems. Tiered supports will be created for any student who is showing a significant gap from their peers and from grade level expectations. Weekly grade level PLC collaboration time will also allow grade level teachers to identify students for interventions and enrichment based on current data and current standards. Once students are identified by standard and level of need, teachers will meet with student sub groups to implement specially designed instruction to close learning gaps for students, while enriching within the standards for those students who are ready for this next step.
<b>Action Step</b>

#3	
<b>Title</b>	Character Counts
<b>Rationale</b>	At Palm Valley Academy we believe that you first must capture a child's heart before you can capture their minds.
<b>State the measurable outcome the school plans to achieve</b>	A mission/vision workshop was held in June of 2018 where all stakeholders were invited to take part in creating the mission statement and vision statement of Palm Valley Academy.
	A two day professional development workshop was attended by 50% of the Palm Valley Academy staff so that they could be trained in Capturing Kids Hearts in the summer of 2018 and again in the summer of 2019. This program, along with the St. Johns County Character Counts initiative, will create the foundation of social/emotional curriculum at Palm Valley Academy. The goal is to train the entire school staff in Capturing Kids Hearts over the next two years.
	All staff at Palm Valley Academy will be trained in PBIS policies and procedures, including our discipline matrix.
	Palm Valley Academy will implement Live School, a web based resource, to implement and monitor our Positive Behavior Support Structures.
<b>Person responsible for monitoring outcome</b>	Drew Chiodo (drew.chiodo@stjohns.k12.fl.us)
<b>Evidence-based Strategy</b>	PBIS
<b>Rationale for Evidence-based Strategy</b>	Our administrative team, to include our Dean of Students, will monitor the effectiveness of the above action steps. Our Dean of Students and Guidance Counselors will be the main points of contact for continued training and implementation of Capturing Kids Hearts, Character Counts, and Live School.
Action Step	
<b>Description</b>	1. Capturing Kids Heart Training
	2. PBIS Core Team
	3. Live School
	4. Progress Monitoring of action steps 1-3
	5. Data Collection on Discipline

#### Additional Schoolwide Improvement Priorities (optional)

**After choosing your Area(s) of Focus, explain how you will address the remaining schoolwide improvement priorities (see the Guidance tab for more information).**

The additional areas of focus will be address through the continuous improvement process. School wide structures such as MTSS/Rtl, PLCs, and PBIS will allow constant dialogue to take place for all 5 priority areas.

## Part IV: Title I Requirements

### Additional Title I Requirements

This section must be completed if the school is implementing a Title I, Part A schoolwide program and opts to use the Schoolwide Improvement Plan to satisfy the requirements of the schoolwide program plan, as outlined in the Every Student Succeeds Act, Public Law No. 114-95, Â§ 1114(b). This section is not required for non-Title I schools.

**Describe how the school plans to build positive relationships with parents, families, and other community stakeholders to fulfill the school's mission and support the needs of students.**
