### School Board Approval

This plan was approved by the Duval County School Board on 10/1/2019.

### SIP Authority

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a Schoolwide Improvement Plan (SIP) for each school in the district that has a school grade of D or F. This plan is also a requirement for Targeted Support and Improvement (TS&I) and Comprehensive Support and Improvement (CS&I) schools pursuant to 1008.33 F.S. and the Every Student Succeeds Act (ESSA).

To be designated as TS&I, a school must have one or more ESSA subgroup(s) with a Federal Index below 41%. This plan shall be approved by the district. There are three ways a school can be designated as CS&I:

1. have a school grade of D or F
2. have a graduation rate of 67% or lower
3. have an overall Federal Index below 41%.

For these schools, the SIP shall be approved by the district as well as the Bureau of School Improvement.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F, or a graduation rate 67% or less. Districts may opt to require a SIP using a template of its choosing for schools that do not fit the aforementioned conditions. This document was prepared by school and district leadership using the FDOE's school improvement planning web application located at [www.floridacims.org](http://www.floridacims.org).

### Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Florida Department of Education encourages schools to use the SIP as a "living document" by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the "Date Modified" listed in the footer.

## Analysis

### Data Reflection

Answer the following reflection prompts after examining any/all relevant school data sources (see guide for examples for relevant data sources).

**Which data component showed the lowest performance? Explain the contributing factor(s) to last year's low performance and discuss any trends.**

ELA bottom quartile reading showed the lowest data component. Instructional emphasis was placed on 'theme' instead of standards.

**Which data component showed the greatest decline from the prior year? Explain the factor(s) that contributed to this decline.**

Civics fell 12pts. Adjustment in scheduling and cohort selection.

**Which data component had the greatest gap when compared to the state average? Explain the factor(s) that contributed to this gap and any trends.**

ELA bottom quartile reading showed the lowest data component. Instructional emphasis was placed on 'theme' instead of standards.

**Which data component showed the most improvement? What new actions did your school take in this area?**

Math learning gains moved 12pts. Scheduling and a strong emphasis on standards-based instruction

**Reflecting on the EWS data from Part I (D), identify one or two potential areas of concern? (see Guidance tab for additional information)**

Students with disabilities fell below 40%

**Rank your highest priorities (maximum of 5) for schoolwide improvement in the upcoming school year.**

1. Standards-based instructional focus
2. Bottom quartile reading
3. Strong School Culture
- 4.
- 5.

## Part III: Planning for Improvement

### Areas of Focus:

#1	
<b>Title</b>	MMS' area of focus is standards-based instruction in every classroom.
<b>Rationale</b>	MMS showed great gains last year, however we are stagnated in bottom quartile reading categories. I am of the opinion that our focus was on thematic units and blended learning instead of standards.
<b>State the measurable outcome the school plans to achieve</b>	WE will move to 60% proficiency in Reading and we will move to 50 % in bottom quartile gains.
<b>Person responsible for monitoring outcome</b>	Moses Williams (williamsm4@duvalschools.org)
<b>Evidence-based Strategy</b>	Professional Learning Communities Standards Walks MTSS
<b>Rationale for Evidence-based Strategy</b>	We will monitor the instruction that is occurring in the classroom through strong PLC's and observations. We will also ensure that individual students are getting their needs met through MTSS.
<b>Action Step</b>	
<b>Description</b>	1. Classroom walks to gather information to guide PLC and provide feedback to instructors 2. Strong PLC to increase collaboration and instructional practices 3. Professional Development opportunities to refine practice. 4. 5.
<b>Person Responsible</b>	[no one identified]

#### Additional Schoolwide Improvement Priorities (optional)

**After choosing your Area(s) of Focus, explain how you will address the remaining schoolwide improvement priorities (see the Guidance tab for more information).**

MMS will continue to build a strong culture through strong expectations of respect and consideration. Our Mandarin mindset is rooted in the work of Carol Dweck. We believe that all children can succeed and demonstrate excellence in academics, athletics, and the arts.

## Part V: Budget

**The approved budget does not reflect any amendments submitted for this project.**

1	III.A.	Areas of Focus: MMS' area of focus is standards-based instruction in every classroom.	\$0.00
			<b>Total:</b> \$0.00
