## School Board Approval

This plan is pending approval by the Orange County School Board.

## SIP Authority

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a Schoolwide Improvement Plan (SIP) for each school in the district that has a school grade of D or F. This plan is also a requirement for Targeted Support and Improvement (TS\&I) and Comprehensive Support and Improvement (CS\&I) schools pursuant to 1008.33 F.S. and the Every Student Succeeds Act (ESSA).

To be designated as TS\&I, a school must have one or more ESSA subgroup(s) with a Federal Index below $41 \%$. This plan shall be approved by the district. There are three ways a school can be designated as CS\&l:

1. have a school grade of $D$ or $F$
2. have a graduation rate of $67 \%$ or lower
3. have an overall Federal Index below 41\%.

For these schools, the SIP shall be approved by the district as well as the Bureau of School Improvement.
The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all noncharter schools with a current grade of D or F, or a graduation rate $67 \%$ or less. Districts may opt to require a SIP using a template of its choosing for schools that do not fit the aforementioned conditions. This document was prepared by school and district leadership using the FDOE's school improvement planning web application located at www.floridacims.org.

## Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Florida Department of Education encourages schools to use the SIP as a "living document" by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the "Date Modified" listed in the footer.

## Part I: School Information

## School Mission and Vision

Provide the school's mission statement.
To lead our students to success with the support and involvement of families and the community.
Provide the school's vision statement.
To be the top producer of successful students in the nation.
School Leadership Team
Membership
Identify the name, email address and position title for each member of the school leadership team:

## Name Title Job Duties and Responsibilities

## Britton, DeCheryl <br> Principal

 Webster, Instructional Arlene CoachMrs. Britton is the building level administrator who oversees the daily school operations and curricula implementation school wide. In addition, she ensures the fiscal and non fiscal resources are appropriately utilized to foster a well rounded learning environment for students and staff, and the communication of routine updates to community and staff in regards to district-wide initiatives and requirements.

Mrs. Webster is the 2nd-5th grade ELA Coach and 4th and 5th grade Writing Coach. She plans, models, and provides support to teachers and students to help with increasing teachers' instructional pedagogy and students' proficiency levels. In addition, Mrs. Webster is the beginning teacher Lead coordinator and the FSA testing administrator.

Ms. Ashley Glover is Kindergarten and the First grade Instructional Coach for

Glover, Instructional Ashley Coach

ELA and Math \& MTSS Coordinator. She plans, models, and provides support to teachers and students to help with increasing teachers' instructional pedagogy and students' proficiency levels. As the MTSS coordinator, she oversees the intervening process for students who need additional academic support and/or a diversified educational plan.

Ms. Janelle Brooks is the the Guidance Counselor who ensures that the social-emotional wellbeing of all students are taken into account when addressing academic and behavioral needs.

Mrs. Latham is the Administrative Dean who oversees school wide discipline as well as having an academic focus on 4th grade math. She plans, models, and provides support to teachers and students to help with increasing teachers' instructional pedagogy and students' proficiency levels. In addition, she is the MTSS Behavior Coordinator overseeing the intervention process for students who need additional supports to foster a safe and productive learning environment.

School
Counselor

Latham, Jalma

Brooks, Janelle

Dean

Gilbert, Sharna

Other

Mrs. Gilbert is the Staffing Specialist/Curriculum Compliance Teacher. She identifies, monitors, and staffs students based upon their needs as depicted through the MTSS process and then transitioning to the individual exceptional student plan. In addition, she oversees the parent leadership council and monitors and maintains ELL compliance.

## Early Warning Systems

## Current Year

The number of students by grade level that exhibit each early warning indicator listed:

## Analysis

## Data Reflection

Answer the following reflection prompts after examining any/all relevant school data sources (see guide for examples for relevant data sources).

## Which data component showed the lowest performance? Explain the contributing factor(s) to last year's low performance and discuss any trends.

As identified on FSA 2019 Math learning gains and bottom $25 \%$ showed the lowest performance. In comparison with FSA 2018 Math data, learning gains and bottom $25 \%$ dropped as compared to the FSA 2017 Math data. Some contributing factors for the low performance encompass teacher preparation for delivery of instruction, and inconsistent student monitoring and intervening.

## Which data component showed the greatest decline from the prior year? Explain the factor(s) that contributed to this decline.

As identified on FSA 2019 Math, the bottom 25\% showed the greatest decline from $37 \%$ to $27 \%$ being proficient/show learning gains. Contributing factor for the decline is inconsistent student monitoring and intervening.

Which data component had the greatest gap when compared to the state average? Explain the factor(s) that contributed to this gap and any trends.

The greatest gap compared to state average on FSA 2019 is the Lowest 25th percentile (bottom $25 \%$ ) in Math. Some contributing factors for the low performance encompass teacher preparation for delivery of instruction, and inconsistent student monitoring and intervening.

Which data component showed the most improvement? What new actions did your school take in this area?

As indicated on the 2019 Science Assessment, 5th grade science performance increased by 10 points from the 2018 Science Assessment ( $41 \%$ to $51 \%$ ). Science teachers and leadership team created lesson plans that supported the standards coupled with hands-on experiments to scaffold student learning and deepen their understanding of science concepts. Science Saturday enrichment also played a vital part in the academic success.

## Reflecting on the EWS data from Part I (D), identify one or two potential areas of concern? (see Guidance tab for additional information)

The number of level 1 's in ELA or Math increased from the previous year by 2 students.

Rank your highest priorities (maximum of 5) for schoolwide improvement in the upcoming school year.

1. Math Bottom 25\%
2. Math Learning gains
3. Math Proficiency

## Part III: Planning for Improvement

## Areas of Focus:

## \#1

Title Math Bottom 25\%
Rationale Data shows a trend of the bottom 25\% in math continuing to drop in academic performance.

## State the measurable

outcome the The expectation is that the bottom $25 \%$ in Math will increase from $27 \%$ to $40 \%$ as
school
plans to
achieve

Action Step

Evidence- It will meet the needs of all learners and increase fluency and accuracy.

Teachers will collaborate during common planning to plan for differentiated whole group and small group instruction that is culturally relevant. Professional learning communities will

## Description

 meet to discuss common assessments and next steps for targeted instruction. In addition, teachers will conduct student data chats to hold students accountable for their learning and academic success. Administration will conduct teacher data chats to ensure consistent data monitoring and targeted instructional support for identified students.
## Person

Responsible

DeCheryl Britton (decheryl.britton@ocps.net)

Differentiated small group instruction based on whole group and common assessment data.

## \#2

Title
Math Learning Gains
Data shows a trend of the learning gains in math continuing to drop in academic performance.

## State the

 measurable outcome the school plans to achieve
## Person

responsible
for outcome based Strategy
Rationale
for
Evidencebased Strategy
Action Step

## Description

Provide teachers with ongoing various professional learning opportunities that allow them to gain more competence in the area of engaging students in academic discourse conversations and writing across the content area. Coach and principal will monitor through classroom walks/observations on a regular basis and provide feedback to teachers on instructional methodologies to improve academic discourse and writing across the content area to improve classroom instruction. Teacher will provide immediate feedback to students in regards to verbal and written communication as it relates to the standard(s) in whole group and small group work assignments and/or discussions.

## Person

Responsible

Evidence- Students will use math academic vocabulary and writing to orally communicate with peers
The expectation is that the learning gains in Math will increase from $48 \%$ to $55 \%$ as measured by the FSA 20 Math state assessment.

DeCheryl Britton (decheryl.britton@ocps.net) and teacher as well as in written formation to deepen their understanding of the math concept/skill. Monitoring will be done through teacher, coach and principal observation.

Through these multiple processing methods, students will gain greater automaticity with mathematics concepts as they will see the content, write it, and speak it many times.

## \#3

Person responsible for monitoring outcome
Evidence-based Strategy
Rationale for
Evidence-based Strategy
Action Step

Students With Disabilities
The achievement gap for the Students With Disabilities Subgroup Below was 41\% as indicated on the ESSA FSA 2019 performance.

The expectation is that the Students with Disabilities subgroup performance will increase to $42 \%$ or higher on the ESSA FSA 20 state assessment performance.

Sharna Gilbert (sharna.gilbert@ocps.net)

Increase our systematic use of explicit instruction
It will provide the opportunity for more examples and non examples and language to facilitate student understanding, anticipate common misconceptions, highlight essential content, and remove distracting information.

1. ESE Professional development- learning strategies
2. Data monitoring through CIM, data chats, data meetings
3. Professional Learning Community- common assessment data and next steps

Description
collaborate and determine best practices for explicit instruction based on the standard
5. The leadership team will monitor the use of explicit instruction strategies by classroom observations, common assessment data and iReady weekly data

## Person Responsible Sharna Gilbert (sharna.gilbert@ocps.net)

Additional Schoolwide Improvement Priorities (optional)
After choosing your Area(s) of Focus, explain how you will address the remaining schoolwide improvement priorities (see the Guidance tab for more information).

## Part IV: Title I Requirements

## Additional Title I Requirements

This section must be completed if the school is implementing a Title I, Part A schoolwide program and opts to use the Schoolwide Improvement Plan to satisfy the requirements of the schoolwide program plan, as outlined in the Every Student Succeeds Act, Public Law No. 114-95, Â§ 1114(b). This section is not required for non-Title I schools.

Describe how the school plans to build positive relationships with parents, families, and other community stakeholders to fulfill the school's mission and support the needs of students.

Frangus Elementary is a Title 1 school and has completed the Parental Involvement Plan. The school completes a Parental Involvement Plan (PFEP), which is available at the school site.

## PFEP Link

The school completes a Parental Involvement Plan (PFEP), which is available at the school site.

Describe how the school ensures the social-emotional needs of all students are being met, which may include providing counseling, mentoring and other pupil services.

The Staffing Specialist works closely with the feeder Pre-K VE schools to ensure a successful and seamless
transition to Frangus Elementary.
Representatives from the guidance department and administration from our feeder middle schools, Gotha and Robinswood Middle, work with 5th grade teachers to collaboratively plan visits to our school to inform 5th graders of transitioning information, develop student schedules and conduct off campus tours of the middle school. Students are provided an opportunity to speak with the guidance counselor at both schools to hear forthcoming expectations.

## Describe the strategies the school employs to support incoming and outgoing cohorts of students in transition from one school level to another.

-Once a teacher identifies a student as in need of intervention, she/he provide intervention within the core curriculum (Tier 1).
-Tier II intervention is designed to improve student performance with Tier I performance expectations. Instruction focuses on specific skills that pose a barrier to the acceleration of student learning. Tier III Intervention is the most intensive and frequent. It is noted when students are in Tier III, their Tier II intervention was not sufficient as indicated on progress monitoring identified through formative and summative assessments.
-Tier III intervention strategies include, but are not limited to, additional support time provided by a Resource Teacher or ESE Resource Teacher. Interventions indicate additional structured time is designated to specifically support students' individual academic learning needs. Each intervention is built upon collectively to ensure all academic gaps are addressed and monitored to ensure continued academic progression. Throughout the MTSS process, parents are kept informed of their student's progress or lack thereof. Parents are an integral part of the MTSS process
-Attendance is monitored by Registrar, and discipline is monitored by administration.
-Title 1 funds are used: hire support teachers, supplement intervention materials, parent engagement activities, professional development, and after-school tutoring for identified students.
-SAI funds are utilized to purchase research based curriculum for after-school tutoring.
-The Guidance Counselor is the Migrant Liaison and MVP coordinator. Services and support are provided to families as deemed appropriate.
-Grade level coaches along with teachers will develop culturally responsive lessons plans.
-Orange County receives funds to support the Educational Alternative Outreach program. Services are coordinated with the district Dropout Prevention Program.
-Funds for educational services, resources, and ELL support are provided through the district to improve the education of immigrant and English Language Learners.

Describe the process through which school leadership identifies and aligns all available resources (e.g., personnel, instructional, curricular) in order to meet the needs of all students and maximize desired student outcomes. Include the methodology for coordinating and supplementing federal, state and local funds, services and programs. Provide the person(s) responsible, frequency of meetings, how an inventory of resources is maintained and any problem-solving activities used to determine how to apply resources for the highest impact.

William Frangus Elementary implements several strategies to advance college and career awareness. All faculty members display their college or university alma mater in their classrooms in addition to faculty and students wearing collegiate paraphernalia every Wednesday. Fifth-grade students also have an opportunity to visit the feeder pattern middle school to gain knowledge of sixth-grade expectations and extra curricular activities.

Describe the strategies the school uses to advance college and career awareness, which may include establishing partnerships with business, industry or community organizations.

The Staffing Specialist works closely with the feeder Pre-K VE schools to ensure a successful and seamless transition to Frangus Elementary.
Representatives from the guidance department and administration from our feeder middle schools, Gotha and Robinswood Middle, work with 5th grade teachers to collaboratively plan visits to our school to inform 5th graders of transitioning information, develop student schedules and conduct off campus tours of the middle school. Students are provided an opportunity to speak with the guidance counselor at both schools to hear forthcoming expectations. In addition Teach In is done each year to provide all students with the opportunity to learn and explore various careers through presentations and hands on activities.
