Demographics

Principal: Beth Telemko

Start Date for this Principal: 7/18/2019

2019-20 Status (per MSID File)	Active
School Type and Grades Served (per MSID File)	Elementary School PK-5
Primary Service Type (per MSID File)	K-12 General Education
2018-19 Title I School	Yes
2018-19 Economically Disadvantaged (FRL) Rate (as reported on Survey 3)	90%
2018-19 ESSA Subgroups Represented (subgroups with 10 or more students) (subgroups below the federal threshold are identified with an asterisk)	Students With Disabilities* English Language Learners Asian Students Black/African American Students Hispanic Students Multiracial Students White Students Economically Disadvantaged Students
School Grades History	2018-19: B (57%) 2017-18: C (51%) 2016-17: B (57%) 2015-16: B (56%) 2014-15: C (53%)
2019-20 School Improvement (SI) Information*	
SI Region	Central
Regional Executive Director	Lucinda Thompson
Turnaround Option/Cycle	N/A
Year	
Support Tier	

ESSA Status	N/A
* As defined under Rule 6A-1.099811, Florida Administrative Code. For more information, click here .	

School Board Approval

This plan is pending approval by the Osceola County School Board.

SIP Authority

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a Schoolwide Improvement Plan (SIP) for each school in the district that has a school grade of D or F. This plan is also a requirement for Targeted Support and Improvement (TS&I) and Comprehensive Support and Improvement (CS&I) schools pursuant to 1008.33 F.S. and the Every Student Succeeds Act (ESSA).

To be designated as TS&I, a school must have one or more ESSA subgroup(s) with a Federal Index below 41%. This plan shall be approved by the district. There are three ways a school can be designated as CS&I:

1. have a school grade of D or F
2. have a graduation rate of 67% or lower
3. have an overall Federal Index below 41%.

For these schools, the SIP shall be approved by the district as well as the Bureau of School Improvement.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F, or a graduation rate 67% or less. Districts may opt to require a SIP using a template of its choosing for schools that do not fit the aforementioned conditions. This document was prepared by school and district leadership using the FDOE's school improvement planning web application located at www.floridacims.org.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Florida Department of Education encourages schools to use the SIP as a "living document" by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the "Date Modified" listed in the footer.

School Board Approval

This plan is pending approval by the Osceola County School Board.

SIP Authority

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a school improvement plan (SIP) for each school in the district that has a school grade of D or F.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F (see page 4). For schools receiving a grade of A, B, or C, the district may opt to require a SIP using a template of its choosing. This document was prepared by school and district leadership using the FDOE's school improvement planning web application located at

<https://www.floridacims.org>.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Florida Department of Education encourages schools to use the SIP as a "living document" by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the "Date Modified" listed in the footer.

Part I: School Information

School Mission and Vision

Provide the school's mission statement.

East Lake Elementary will provide a welcoming, supportive environment that ensures high levels of learning for all individuals.

Provide the school's vision statement.

East Lake Elementary will work in partnership with families and the community to ensure all learners develop the essential knowledge and skills to strengthen our thriving community.

School Leadership Team

Membership

Identify the name, email address and position title for each member of the school leadership team:

Name	Title	Job Duties and Responsibilities
DeLuca, Hilary	Principal	The principal of the school oversees everything happening at the school on a daily basis, ranging from the evaluation of teachers, student safety, to building maintenance.
Hopkins, Jamie	Instructional Coach	The literacy coach is the onsite professional developer for ELA. The literacy coach supports all teachers in the area of ELA in planning, lesson observation and reviewing data.
Poole, Stacey	Instructional Coach	The literacy coach is the onsite professional developer for math and science. The literacy coach supports all teachers in the area of math and science in planning, lesson observation and reviewing data.
Glasheen, Jennifer	Instructional Media	As our Media Specialist, Jennifer Glasheen supports teachers and students with books and other media resources. She also communicates to families through all social media platforms.
MacMillan, Michelle	Other	Michelle MacMillan is our English Speakers of Other Languages resource at East Lake Elementary. She supports both teachers in lesson development, oversees our Dual Language Program and MTSS for our ESOL students.
Herring, Kristy	Other	Kristy Herring is the Staffing Specialist and oversees and supports our Exceptional Student Education program. She meets with parents and ensures all aspects of ESE are in compliance and students' needs are met.
Knoebel, Cheri	Assistant Principal	The assistant principal supports the principal in all areas. In addition, the assistant principal oversees discipline.

Early Warning Systems

Current Year**The number of students by grade level that exhibit each early warning indicator listed:**

Indicator	Grade Level													Total
	K	1	2	3	4	5	6	7	8	9	10	11	12	
Number of students enrolled	121	132	128	169	148	181	0	0	0	0	0	0	0	879
Attendance below 90 percent	10	6	12	16	7	9	0	0	0	0	0	0	0	60
One or more suspensions	0	0	0	0	0	0	0	0	0	0	0	0	0	
Course failure in ELA or Math	0	0	0	0	0	0	0	0	0	0	0	0	0	
Level 1 on statewide assessment	0	0	0	3	42	48	0	0	0	0	0	0	0	93

The number of students with two or more early warning indicators:

Indicator	Grade Level													Total
	K	1	2	3	4	5	6	7	8	9	10	11	12	
Students with two or more indicators		0	0	0	0	0	0	0	0	0	0	0	0	

The number of students identified as retainees:

Indicator	Grade Level													Total
	K	1	2	3	4	5	6	7	8	9	10	11	12	
Retained Students: Current Year		0	2	3	6	9	11	0	0	0	0	0	0	31
Students retained two or more times		0	0	0	0	0	0	0	0	0	0	0	0

White Students Subgroup Below 41% in the Current Year?	NO
Number of Consecutive Years White Students Subgroup Below 32%	
Economically Disadvantaged Students	
Federal Index - Economically Disadvantaged Students	56
Economically Disadvantaged Students Subgroup Below 41% in the Current Year?	NO
Number of Consecutive Years Economically Disadvantaged Students Subgroup Below 32%	

Analysis

Data Reflection

Answer the following reflection prompts after examining any/all relevant school data sources (see guide for examples for relevant data sources).

Which data component showed the lowest performance? Explain the contributing factor(s) to last year's low performance and discuss any trends.

Last year, East Lake showed the lowest performance in the area of lowest quartile learning gains, both in reading and mathematics. The main factor contributing to this is a lack of structure to student interventions, access to resources for these interventions, and a lack of understanding of specific targets/skills students were lacking.

Which data component showed the greatest decline from the prior year? Explain the factor(s) that contributed to this decline.

While in the majority of categories, East Lake showed growth, lowest quartile learning gains in ELA for students with disabilities (SWD) was the category with the greatest decline. The main factor contributing to this is a lack of structure to student interventions, access to resources for these interventions, and a lack of understanding of specific targets/skills students were lacking.

Which data component had the greatest gap when compared to the state average? Explain the factor(s) that contributed to this gap and any trends.

The only categories East Lake did not surpass the state average was with lowest quartile learning gains, both in reading and in mathematics. The main factor contributing to this is a lack of structure to student interventions, access to resources for these interventions, and a lack of understanding of specific targets/skills students were lacking.

Which data component showed the most improvement? What new actions did your school take in this area?

Math learning gains increased sixteen points this year. There was a renewed focus on PLC processes across grade levels, in which there was a heightened focus on standard-assessment alignment and student discourse.

Reflecting on the EWS data from Part I (D), identify one or two potential areas of concern? (see Guidance tab for additional information)

A potential area of concern at this point in the school year is with primary grade level (KG-2nd) attendance. The number of students that have missed 10% of the school year is alarming, as this will make closing achievement gaps or general gaps in learning more difficult as students move into the intermediate level.

Rank your highest priorities (maximum of 5) for schoolwide improvement in the upcoming school year.

1. High levels of achievement in ELA
2. High levels of achievement in math
3. High levels of achievement in science
4. Strengthen our collaborative process
5. Strengthen school-wide post-secondary culture

Part III: Planning for Improvement

Areas of Focus:

#1	
Title	Ensure high levels of learning for all students in literacy.
Rationale	If we cultivate our teachers' understanding of what balanced literacy instruction and its components look like, then literacy instruction will improve across all content areas and meet the instructional needs of all students. This will increase achievement and learning gains for all students in literacy.
State the measurable outcome the school plans to achieve	On the FSA, East Lake will improve the percentage of proficiency from 58% to 62% overall, 42% to 45% with ELL students, and from 31% to 34% for SWD. The percentage of students showing learning gains will go from 62% to 65% overall and from 52%-55% for both ELL and SWD.
Person responsible for monitoring outcome	Cheri Knoebel (cheryl.knoebel@osceolaschools.net)
Evidence-based Strategy	Effectively implement Guided Reading and appropriate ESE and ELL scaffolds/ supports as part of the Balanced Literacy approach to literacy instruction.
Rationale for Evidence-based Strategy	Students in the lowest quartile, ELL, and ESE students are not making as much progress in ELA as other areas. By utilizing explicit, differentiated instruction teachers will fill the gaps in ELA achievement and learning gains.
Action Step	
Description	<ol style="list-style-type: none"> 1. The following professional development courses will take place throughout the year: Core Connections, Reading Endorsement training, model and train about differentiation. 2. Increase rigor in small group instruction by providing training and follow up by monitoring implementation. 3. Increase instructional rigor through the authentic use of learning goals and scales. 4. Provide feedback on lessons to ensure standards are taught and assessed to the depth of the standard. 5. Continue to utilize the ELL task force to monitor progress of ELL students. and provide professional development to ensure ELL strategies are infused into all lessons at all times. 6. Teacher teams will meet each month during early release and on two individual planning periods a month, for the purpose of assessing, analyzing, reflecting and revising plans on course progression of individual student's needs as a collaborative team.
Person Responsible	Jamie Hopkins (jamie.hopkins@osceolaschools.net)

#2	
Title	Ensure high levels of mathematics achievement for all students.
Rationale	If we cultivate our teachers' understanding of what mathematics content and instruction looks like then math instruction will improve across all content areas and meet the instructional needs of all students. This will increase achievement for all students in mathematics.
State the measurable outcome the school plans to achieve	We intend to increase math gains from 66% to 69% and improve achievement from 65% to 68%. We will work to improve each subgroup with the lowest quartile from 48% to 51%, ELL from 34% to 45% and ESE from 23% to 26% proficiency.
Person responsible for monitoring outcome	Cheri Knoebel (cheryl.knoebel@osceolaschools.net)
Evidence-based Strategy	Provide cooperative learning strategies to enhance problem solving ability and higher order thinking.
Rationale for Evidence-based Strategy	In order for students to be able to think critically and reach the depth of the standards, they need to be exposed to quality tasks and quality instruction.
Action Step	
Description	<ol style="list-style-type: none"> 1. Provide professional development in: math standard strategies aligned to the Marzano Instructional Framework to enhance the use of effective instructional strategies, math discourse, mathematical shifts, use of SMP's, understanding the DOK and how to teach to the depth of the standard, standards based lesson planning, and cooperative learning strategies. 2. Enhance teachers' mathematical instructional by expanding the implementation of targeted math tasks by supporting instructional teams weekly as supported by the math coach attending common planning sessions twice a month. 3. Increase level of rigor through authentic use of topic goals and scales as supported by the math coach during common planning sessions twice a month. 4. Provide feedback on lessons to ensure standards are taught and assessed to the intended depth as observed through weekly classroom walkthroughs with administration using a monitoring tool similiar to the district monitoring tool. Feedback is sent by the end of the day from the Leadership Team. 5. Continue to utilize the ELL Task Force to monitor progress of ELL students through weekly walk-throughs and the ESOL Compliance Specialist will provide professional development in selecting appropriate ELL strategies for essential standards.
Person Responsible	Stacey Poole (stacey.poole@osceolaschools.net)

#3	
Title	Ensure high levels of science achievement for all students.
Rationale	If we cultivate our teachers' understanding of what science content and instruction looks like then science instruction will improve and meet the instructional needs of all students. This will increase achievement for all students in science.
State the measurable outcome the school plans to achieve	Science proficiency will increase from 54% to 58%.
Person responsible for monitoring outcome	Cheri Knoebel (cheryl.knoebel@osceolaschools.net)
Evidence-based Strategy	Teachers will utilize high yield strategies to increase the students' science vocabulary knowledge, informational reading strategies and allow time for quality hands on science activities.
Rationale for Evidence-based Strategy	Science achievement is closely connected to non-fiction and technical reading. Students will need to understand vocabulary and use informational text reading strategies in order to be successful with the content.
Action Step	
Description	<ol style="list-style-type: none"> 1. Teacher teams will meet each month during early release and on two individual planning periods a month, for the purpose of assessing, analyzing, reflecting and revising plans on course progression of individual student's needs as a collaborative team. 2. Teachers will teach students how to determine the meaning of unknown words in content areas. 3. Teachers will increase the use of hands on science learning by taking students to the science labs. 4. Teachers will review and preview science content Fair Game questions to support science content knowledge on the NGSS Science Assessment.
Person Responsible	Stacey Poole (stacey.poole@osceolaschools.net)

#4	
Title	Strengthen collaborative process to ensure learning needs of all students are met.
Rationale	The data shows that PLCs are not operating consistently at a high level on the Seven Stages Rubric and formative assessment data throughout the year. This impacts student achievement as there are inconsistencies within delivering the curriculum in each subject area.
State the measurable outcome the school plans to achieve	All ELA, Reading, Math, and Science collaborative teams will be at Stage 5 on the PLC Seven Stage Rubric by the end of Semester 1 2019-2020, assessed by the Principal using the Seven Stage Rubric and format data. All collaborative teams will be at stage 5 or above on the PLC Seven Stage Rubric, assessed by the Principal by May 2020. ELA proficiency will increase by 3% in all subgroups.. Math proficiency will increase at minimum of 3% in all subgroups.
Person responsible for monitoring outcome	Cheri Knoebel (cheryl.knoebel@osceolaschools.net)
Evidence-based Strategy	Research states PLCs entail whole-staff involvement in a process of intensive reflection upon instructional practices and desired student benchmarks, as well as monitoring of outcomes to ensure success. PLCs enable teachers to continually learn from one another via shared visioning and planning, as well as in-depth critical examination of what does and doesn't work to enhance student achievement. Monitoring - 1. Administration, PLC Lead, and PLC Guided Coalition will meet to discuss all accountability area collaborative teams, to ensure time is being used effectively and to evaluate the level of each PLC Team weekly. 2. PLC Seven Stages rubric will be used to measure Pre - Mid - End of school year progress of the PLC teams by the Principal. With the addition of formative assessment scores for Math, ELA, and Science PLCs. 3. School Stocktake will take place monthly to report progress to the Principal on the Area of Focus. 4. Principal will share and update the Chief of Staff and Assistant Superintendents during their half way point check in on progress of the Area of Focus through the School Stocktake Model.
Rationale for Evidence-based Strategy	Step 6 - If teachers participate in authentic collaborative teams, that produce engaging lessons using high yield strategies and best practices and are monitoring the progress to guide the instruction, then student achievement will increase.
Action Step	
Description	1.Schools PLC's teams will meet each month during early release and on two individual planning periods a month, for the purpose of assessing, analyzing, reflecting and revising plans on course progression of individual student's needs as a Collaborative team. 2. Principal and assistant principal (s) will conduct daily walkthroughs of PLC teams to ensure they are progressing through the PLC Seven Stages Rubric of an effective PLC. 3.Collaborative teaming professional development will be conducted throughout the year to build shared knowledge of PLC processes. 4. School City will be used by each PLC team for the purpose of assessing, analyzing, reflecting and revising plans on course progression of individual student's needs. Professional development will be conducted to train staff on the School City platform. 5. Mentoring will be conducted for teams who are struggling, and additional support will be

given so they become an effective collaborative team.

6. A PLC Guiding Coalition will be formed to oversee the process.

7. District formative assessments will be given every four and a half weeks in all accountability areas.

8. Principals will present within their schoolwide PLC a State of Education on a quarterly period to their staff (August 2019, November 2019, January 2020, and March 2020).

Person Responsible Jennifer Glasheen (jennifer.glasheen@osceolaschools.net)

#5

Title	Strengthen school wide post secondary culture. Principal will share and update the Chief of Staff and the Assistant Superintendents during their half way point check in, on the progress of the Areas of Focus through the School Stocktake Model.
Rationale	If we expose students to the post high school career options, ranging from college to technical training, and trade school, they will be more likely to choose one of these paths.

State the measurable outcome the school plans to achieve	Students at East Lake will participate in 3 school or district activities that promote post-secondary options.
Person responsible for monitoring outcome	Cheri Knoebel (cheryl.knoebel@osceolaschools.net)
Evidence-based Strategy	Students will learn more about college and careers after high school.
Rationale for Evidence-based Strategy	As students gain more knowledge about the availability of careers and the steps needed to obtain the careers, they can ensure they take the needed steps to attain those goals.

Action Step

Description	<ol style="list-style-type: none"> 1. Plan a career day for students to learn more about the career choices available to them. 2. Showcase the trade school option at O-Tech and Paths High school. 3. Fifth grade students attend field trip at Valencia Community College. 4. Students participate in College/Career Week, promoting post-secondary options
Person Responsible	Nydia Torres (nydia.torres@osceolaschools.net)

Additional Schoolwide Improvement Priorities (optional)

After choosing your Area(s) of Focus, explain how you will address the remaining schoolwide improvement priorities (see the Guidance tab for more information).

Part IV: Title I Requirements

Additional Title I Requirements

This section must be completed if the school is implementing a Title I, Part A schoolwide program and opts to use the Schoolwide Improvement Plan to satisfy the requirements of the schoolwide program plan, as outlined in the Every Student Succeeds Act, Public Law No. 114-95, Â§ 1114(b). This section is not required for non-Title I schools.

Describe how the school plans to build positive relationships with parents, families, and other community stakeholders to fulfill the school's mission and support the needs of students.

Our school strives to involve all parents in the planning, review, and improvement of Title 1 programs and our Parent and Family Engagement Plan. All parents are invited to attend meetings regarding the development of required plan through flyers, school marquee, social media, and REMIND. Parents are asked for their input on activities and training provided by the school. The school uses the notes from the group discussion to guide writing the plan.

PFEP Link

The school completes a Parental Involvement Plan (PFEP), which is available at the school site.

Describe how the school ensures the social-emotional needs of all students are being met, which may include providing counseling, mentoring and other pupil services.

The school district has added 13 district social worker positions and 2 psychologist positions to support the socio-emotional needs of students. Second Step intervention kits were distributed to all elementary and K-8 schools for support social-emotional learning environments.

Our district has a one-step referral system for mental health concerns. Through Title IV funding, students are screened by Panorama to determine needs for socio-emotional needs. Middle School Counselors receive training in Suicide Awareness. High School presentations are done to recognize signs of chronic absence and mental illness.

Describe the strategies the school employs to support incoming and outgoing cohorts of students in transition from one school level to another.

To support the transition of elementary to middle, middle school counselors are scheduled prior to the end of the school year to visit the elementary feeder schools. During the visit, the guidance counselor(s) share information about course offerings, school clubs/organizations, and expectations for the students as they transition from elementary to middle school.

To support the transition of middle to high school, each comprehensive high school has a College/ Career Specialist paid through a grant with Valencia College to support students in their pursuit of opportunities post-high school. Naviance software is used at the high schools to give students the opportunity to explore career options and interests.

A DJJ Commitment Specialist is employed to support students entering/leaving the juvenile justice program and a transition plan is created to help any students leaving DJJ and returning to their home-zoned school.

Describe the process through which school leadership identifies and aligns all available resources (e.g., personnel, instructional, curricular) in order to meet the needs of all students and maximize desired student outcomes. Include the methodology for coordinating and supplementing federal, state and local funds, services and programs. Provide the person(s) responsible, frequency of meetings, how an inventory of resources is maintained and any problem-solving activities used to determine how to apply resources for the highest impact.

Title I, Part A

Funds may be used to support extended learning and remediation materials and/or professional development and academic coaches.

Title I, Part D

When Neglected and/or Delinquent children enroll, we will coordinate efforts with the Alternative Programs Department to ensure that all student needs are met.

Title II

Focused professional learning opportunities are offered in: English Language Arts, Mathematics, Instructional Pipeline and Framework Design, Standards Based Instruction, and Professional Learning Communities (PLC).

Title III

The Multicultural Department assists in the identification of at-risk Limited English Proficiency (LEP), immigrant, and Native American students. Research-based, comprehensive educational programs help reduce barriers that result from cultural and linguistic needs.

IDEA provides support for students with an Individual Education Plan (IEP), students identified through the Preschool Education Evaluation Program (PEEP), and students identified through gifted screening of all second grade Title I students.

Title IV

The Student Support and Academic Enrichment (SSAE) program is intended to help to:

1. Provide a well-rounded education,
2. Improve safe and healthy school conditions and
3. Improve the use of technology in order to improve the academic achievement and digital literacy of all students. (ESEA section 4101).

Title IX

To help eliminate education barriers the District Liaison works with the school to help homeless students to enroll, attend, and succeed in our public schools. For students identified as homeless under the McKinney-Vento Act, the Liaison provides health/academic referrals and resource vouchers.

Describe the strategies the school uses to advance college and career awareness, which may include establishing partnerships with business, industry or community organizations.

Supplemental district guidance counselors, paid through Title IV funds, to support elementary implementation of Project Lead the Way, and course acceleration and college and career achievement at the secondary levels. Naviance software is used at the high schools to give students the opportunity to explore career options and interests. Campus tours of Valencia College and Osceola Technical College (oTech) are offered for students in seventh and eleventh grades to learn about career options and potential areas of study.

Part V: Budget

The approved budget does not reflect any amendments submitted for this project.

1	III.A.	Areas of Focus: Ensure high levels of learning for all students in literacy.				\$2,200.00
	Function	Object	Budget Focus	Funding Source	FTE	2019-20

			0961 - East Lake Elementary School	Other Federal		\$2,000.00
			Notes: Training cost for Core Connections (substitute teachers)			
			0961 - East Lake Elementary School	General Fund		\$200.00
			Notes: Facilitator pay for reading endorsement training			
2	III.A.	Areas of Focus: Ensure high levels of mathematics achievement for all students.				\$0.00
3	III.A.	Areas of Focus: Ensure high levels of science achievement for all students.				\$0.00
4	III.A.	Areas of Focus: Strengthen collaborative process to ensure learning needs of all students are met.				\$0.00
5	III.A.	Areas of Focus: Strengthen school wide post secondary culture. Principal will share and update the Chief of Staff and the Assistant Superintendents during their half way point check in, on the progress of the Areas of Focus through the School Stocktake Model.				\$0.00
Total:						\$2,200.00
