## Demographics

**Principal: Brandi Gurley**

Start Date for this Principal: 7/10/2019

<b>2019-20 Status</b> (per MSID File)	Active
<b>School Type and Grades Served</b> (per MSID File)	Combination School KG-12
<b>Primary Service Type</b> (per MSID File)	K-12 General Education
<b>2018-19 Title I School</b>	No
<b>2018-19 Economically Disadvantaged (FRL) Rate</b> (as reported on Survey 3)	0%
<b>2018-19 ESSA Subgroups Represented</b> (subgroups with 10 or more students) (subgroups below the federal threshold are identified with an asterisk)	Students With Disabilities English Language Learners Asian Students Black/African American Students Hispanic Students Multiracial Students White Students Economically Disadvantaged Students
<b>School Grades History</b>	2018-19: A (68%) 2017-18: A (65%) 2016-17: A (64%) 2015-16: A (74%) 2014-15: A (70%)
<b>2019-20 School Improvement (SI) Information*</b>	
<b>SI Region</b>	Southeast
<b>Regional Executive Director</b>	<a href="#">LaShawn Russ-Porterfield</a>
<b>Turnaround Option/Cycle</b>	N/A
<b>Year</b>	
<b>Support Tier</b>	

<b>ESSA Status</b>	N/A
* As defined under Rule 6A-1.099811, Florida Administrative Code. For more information, <a href="#">click here</a> .	

### School Board Approval

This plan is pending approval by the Orange County School Board.

### SIP Authority

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a Schoolwide Improvement Plan (SIP) for each school in the district that has a school grade of D or F. This plan is also a requirement for Targeted Support and Improvement (TS&I) and Comprehensive Support and Improvement (CS&I) schools pursuant to 1008.33 F.S. and the Every Student Succeeds Act (ESSA).

To be designated as TS&I, a school must have one or more ESSA subgroup(s) with a Federal Index below 41%. This plan shall be approved by the district. There are three ways a school can be designated as CS&I:

1. have a school grade of D or F
2. have a graduation rate of 67% or lower
3. have an overall Federal Index below 41%.

For these schools, the SIP shall be approved by the district as well as the Bureau of School Improvement.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F, or a graduation rate 67% or less. Districts may opt to require a SIP using a template of its choosing for schools that do not fit the aforementioned conditions. This document was prepared by school and district leadership using the FDOE's school improvement planning web application located at [www.floridacims.org](http://www.floridacims.org).

### Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Florida Department of Education encourages schools to use the SIP as a "living document" by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the "Date Modified" listed in the footer.

## School Board Approval

This plan is pending approval by the Orange County School Board.

## SIP Authority

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a school improvement plan (SIP) for each school in the district that has a school grade of D or F.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F (see page 4). For schools receiving a grade of A, B, or C, the district may opt to require a SIP using a template of its choosing. This document was prepared by school and district leadership using the FDOE’s school improvement planning web application located at <https://www.floridacims.org>.

## Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Florida Department of Education encourages schools to use the SIP as a “living document” by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the “Date Modified” listed in the footer.

## Part I: School Information

### School Mission and Vision

**Provide the school's mission statement.**

To lead our students to success with the support and involvement of families and the community.

**Provide the school's vision statement.**

To be the top producer of successful students in the nation.

### School Leadership Team

**Membership**

Identify the name, email address and position title for each member of the school leadership team:

Name	Title	Job Duties and Responsibilities
Gurley, Brandi	Principal	<p>Principal/Assistant Principal will:</p> <ul style="list-style-type: none"> <li>*Facilitate implementation of MTSS process</li> <li>*Provide or coordinate valuable and continuous professional development</li> <li>*Analyze student data to determine achievements and opportunities for growth</li> <li>*Attend MTSS Team meetings to be active in the MTSS process</li> <li>*Conduct classroom walk-through observations to monitor the effectiveness of instruction</li> </ul> <p>The Classroom Teacher will:</p> <ul style="list-style-type: none"> <li>*Compile a data folder of progress monitoring notes (curriculum assessments, FLRKS, MAPS, ELA and Math FSA scores, work samples, and anecdotes) to be filed in each student's cumulative folder:</li> <li>*Attend and participate in MTSS team meetings to collaborate on and monitor students who are struggling</li> <li>*Design check points for student mastery of or progress towards grade level standards</li> <li>*Implement interventions designed by the MTSS team for students in Tier 2 and 3</li> <li>*Implement instructional interventions with fidelity</li> </ul> <p>The Instructional Coach will:</p> <ul style="list-style-type: none"> <li>*Attend MTSS Team meetings</li> <li>* Train teachers in interventions, progress monitoring, differentiated instruction</li> <li>*Implement tier 2 and 3 interventions</li> <li>*Keep progress monitoring notes and anecdotes of interventions implemented</li> <li>*Collect school-wide data for the team to use in determining struggling learners</li> <li>* Attend MTSS Team meetings for tier 2 and tier 3 students</li> <li>*Assist with tier 2 and 3 interventions through collaboration, training, and/or direct student contact</li> </ul> <p>Guidance Counselors/Dean:</p> <ul style="list-style-type: none"> <li>*Provides expertise and support in identifying students and selecting appropriate interventions for behavior, including the creation of guidance groups, participating in MTSS meetings, and assisting in the creation MTSS behavior, action and support plans.</li> <li>*Assist MTSS team with interventions</li> <li>*Conduct social-developmental history interviews and share with the MTSS team</li> </ul>

Name	Title	Job Duties and Responsibilities
------	-------	---------------------------------

Each school-based leadership team member will analyze the data and help create and implement necessary action plans for students to show learning gains.

Lerman, Amy	Assistant Principal	
Johnson, Amanda	School Counselor	
Lohr, Renee	Other	
Walsh, Anne	Instructional Coach	
Marshall, Vanessa	Other	
Phillips, Renee	Other	
Sparks, Tonja	Dean	
Bender, Luvbov	School Counselor	

### Early Warning Systems

#### Current Year

The number of students by grade level that exhibit each early warning indicator listed:

Indicator	Grade Level													Total	
	K	1	2	3	4	5	6	7	8	9	10	11	12		
Number of students enrolled	0	0	0	0	0	0	0	0	0	0	0	0	0	0	
Attendance below 90 percent	0	0	0	0	0	0	0	0	0	0	0	0	0	0	
One or more suspensions	0	0	0	0	0	0	0	0	0	0	0	0	0	0	
Course failure in ELA or Math	0	0	0	0	0	0	0	0	0	0	0	0	0	0	
Level 1 on statewide assessment	0	0	0	0	0	0	0	3	4	2	3	2	0	14	

The number of students with two or more early warning indicators:

Indicator	Grade Level													Total	
	K	1	2	3	4	5	6	7	8	9	10	11	12		
Students with two or more indicators	0	0	0	0	0	0	0	0	0	0	0	0	0	0	

The number of students identified as retainees:

Indicator	Grade Level													Total
	K	1	2	3	4	5	6	7	8	9	10	11	12	
Retained Students: Current Year	0	0	0	0	0	0	0	0	0	0	0	0	0	0
Students retained two or more times	0	0	0	0	0	0	0	0	0	0	0	0	0	0

**FTE units allocated to school (total number of teacher units)**

86

**Date this data was collected or last updated**

Number of Consecutive Years Economically Disadvantaged Students Subgroup Below 32%	

## Analysis

### Data Reflection

Answer the following reflection prompts after examining any/all relevant school data sources (see guide for examples for relevant data sources).

#### Which data component showed the lowest performance? Explain the contributing factor(s) to last year's low performance and discuss any trends.

Math learning gains showed the lowest performance of 51% of students assessed making learning gains. The drop in math scores included a decline in Geometry scores.

Many middle school students taking Geometry did not complete iReady or Math Nation lessons which focused on targeted Geometry areas with fidelity. Students will also be invited to participate in Geometry Boot Camps to support them in their test preparation as well as focusing on areas of weakness. A plan will be put in place to support struggling students and to address this trend.

#### Which data component showed the greatest decline from the prior year? Explain the factor(s) that contributed to this decline.

Math showed the biggest decline last year (76%-68%) with an 8 point drop. This drop in math scores included a decline in Geometry scores.

Many middle school students taking Geometry did not complete iReady or Math Nation lessons which focused on targeted Geometry areas with fidelity. Students will also be invited to participate in Geometry Boot Camps to support them in their test preparation as well as focusing on areas of weakness. A plan will be put in place to support struggling students and to address this trend.

#### Which data component had the greatest gap when compared to the state average? Explain the factor(s) that contributed to this gap and any trends.

Orange County Virtual School had the biggest gap in Geometry. Many middle school students taking Geometry did not complete iReady or Math Nation lessons which focused on targeted Geometry areas with fidelity.

All math teachers will be required to host live lessons, face -to -face work days, and engage students in iReady, Math Nation, or Khan Academy. Students will also be invited to participate in Geometry Boot Camps to support them in their test preparation as well as focusing on areas of weakness. A plan will be put in place to support struggling students and to address this trend.

#### Which data component showed the most improvement? What new actions did your school take in this area?

English Language Arts Lowest 25 Percent Learning Gains showed the biggest gain during the 2018-2019 school year (42 points). Students participated in i-Ready, received teacher support in areas where they demonstrated gaps, focused on close reading of complex texts in all curriculum areas, and took part in targeted face -to- face and live lessons.

Orange County Virtual School teachers utilized a cross-curricular approach with engaging students in the process of close reading. All subject areas hosted live lessons and face to face lessons engaging students in the reading of complex texts which helped to improve literacy schoolwide.

**Reflecting on the EWS data from Part I (D), identify one or two potential areas of concern? (see Guidance tab for additional information)**

We would like to have a decrease in students scoring a level 1 on math assessments (FSA Math, Algebra 1, Geometry).

**Rank your highest priorities (maximum of 5) for schoolwide improvement in the upcoming school year.**

1. Math
2. Math Learning Gains
3. Lowest 25% Math Learning Gains
4. Middle Acceleration
5. Career and College Acceleration

## Part III: Planning for Improvement

**Areas of Focus:**

<b>#1</b>	
<b>Title</b>	By June 2020, Orange County Virtual School will increase learning gains in math. Based on the 2019 school data, there was a 4% decrease in math learning gains among some sub groups for the 2018-2019 school year.
<b>Rationale</b>	This represents a 4% decrease from the 2017-2018 school year. School progress monitoring data show achievement gaps among some sub-groups. Additional strategies are needed to increase student proficiency and close achievement gaps in math.

<b>State the measurable outcome the school plans to achieve</b>	For the 2019-2020 school year, the students performing below grade level will increase learning gains on the Math Assessment (Math FSA, Algebra 1 and Geometry EOC's) will increase 5% (51 to 56%).
<b>Person responsible for monitoring outcome</b>	Brandi Gurley (brandi.gurley@ocps.net)
<b>Evidence-based Strategy</b>	Through the Planned Learning Communities, teachers will learn how to help their students identify concepts and procedures. Evidence -based strategies used will be a wide number of discrete skill, techniques and strategies that have been demonstrated to be effective such as explicit systematic instruction, visual representation, and effective classroom practices. In addition, teachers will be provided with Professional Development to gain the necessary skills to support student growth.  Orange County Virtual School rational for using teacher effectiveness is based in research from the National Council of Teachers of Mathematics.  Using FSA Data it has been determined that this is an area of focus.
<b>Rationale for Evidence-based Strategy</b>	OCVS will use iReady, teacher observations and other necessary tools to support increased student learning.  The leadership team will conduct observations and provide teachers with actionable feedback on standards based instruction. In addition, student data will be monitored to determine if strategies being implemented are effective.  During monthly data meetings, formative and summative student data will be discussed to determine whether or not students need additional support.  Leadership team members will meet weekly to discuss findings and trends that they have observed within their classroom walkthroughs and PLC meetings.

<b>Action Step</b>	
<b>Description</b>	1. Teachers will attend schoolwide, statewide, and district PLC meetings specific to the implementation of standards-based instruction and supplemental curriculum that support these standards.  2. Professional development will be presented on supplemental resources and monitoring procedures to ensure expectations are being met with fidelity. Tier 2 and Tier 3 students will utilize I-Ready math with fidelity and will be presented additional lessons to target

deficit areas.

3. Kindergarten through 8th grade students will be administered the i-Ready math diagnostic assessment three times per year to determine whether intervention strategies are decreasing gaps in learning. Interventions will be put in place to fill identified gaps.
4. Orange County Virtual School will continue to focus on their Culturally Responsive school plan to build upon instruction and to provide differentiation and equitable access to education for students from all cultures. Strategies which will be of focus include using peer teaching and collaborative activities during face- to-face and live lessons. Teachers will continue to learn about their students as this is extremely important in the virtual environment. Open communication will be used to uncover students' learning styles. During the Welcome Orientation/Call process, teachers will spend time asking students about their hobbies and interests. Teachers will include parents by involving parents with a monthly call. This a great opportunity for teachers to provide involve parents in the virtual environment as their students may be trying the online environment for the first time.
5. Teachers will receive professional development on Social Emotional Learning so they understand the importance of it and the benefits it will provide students which include improving students' academic performance and lifelong learning. In addition, it may provide students with better psychosocial adjustment, improved attitudes, and academic and behavioral results.

<b>#2</b>	
<b>Title</b>	By June 2020, Orange County Virtual School will increase the learning gains in English Language Arts.
<b>Rationale</b>	Based on the 2018-2019 ELA Assessment data, 68% of our students achieved learning gains. While this was a 15% increase, school progress monitoring data shows achievement gaps among subgroups. Additional strategies are needed to increase student proficiency and close achievement gaps in English Language Arts. In order to see an increase in academic achievement of English Language Arts (ELA) Learning Gains, Orange County Virtual School will focus on ELA instructional strategies. This focus will include having students utilize literacy strategies to write with evidence in response to complex texts across all content areas. The collaborative structure provided within Professional Learning Community (PLC) meetings and professional development will assist with building instructional capacity and improving student learning.

<b>State the measurable outcome the school plans to achieve</b>	For the 2019-2020 school year, the percent of students at Orange County Virtual School making ELA gains will increase 3% (from 68% to 71%).
<b>Person responsible for monitoring outcome</b>	Brandi Gurley (brandi.gurley@ocps.net)
<b>Evidence-based Strategy</b>	<p>Orange County Virtual School will be using a district collaborative effort through Close Reading practices and strategies that research has proven to be effective in increasing student comprehension. In addition, teachers will be providing face- to- face and virtual lessons to support students with utilizing multiple literacy strategies including close reading of complex texts and utilizing literacy strategies to write with evidence in response to complex texts in all content areas.</p> <p>The rationale for this goal is for students to be able read complex texts independently, however, data indicates that some students may not be able to achieve this immediately. Close Reading or scaffolding instruction is a model in which the teacher supports students and gradually releases responsibility to the student. Pearson and Gallagher (1983).</p>
<b>Rationale for Evidence-based Strategy</b>	<p>The leadership team will conduct observations and provide teachers with actionable feedback on standards based instruction. In addition, student data will be monitored to determine if strategies being implemented are effective.</p> <p>During monthly data meetings and Professional Learning Community meetings (PLCs), formative and summative student data will be discussed to determine whether or not students need additional support. A plan will be put into place to support students not making progress.</p> <p>Leadership team members will meet weekly to discuss findings and trends that they have observed within their classroom walkthroughs and PLC meetings.</p>

**Action Step**

**Description**

1. Teachers will attend school wide, statewide, and district PLC meetings specific to the implementation of standards-based instruction and supplemental curriculum that support these standards. In addition teachers will incorporate writing across content areas as a focus for the 2019-2020 school year.
2. Professional development will be presented on supplemental resources and monitoring procedures to ensure expectations are being met with fidelity. Tier 2 and Tier 3 students will utilize I-Ready with fidelity and will be presented additional lessons to target deficit areas.
3. Kindergarten through 8th grade students will be administered the i-Ready diagnostic assessment three times per year to determine whether intervention strategies are decreasing gaps in learning.
4. Orange County Virtual School will continue to focus on their Culturally Responsive school plan to build upon instruction and to provide differentiation and equitable access to education for students from all cultures. Strategies which will be of focus include using peer teaching and collaborative activities during face to face and live lessons. Teachers will continue to learn about their students as this is extremely important in the virtual environment. Open communication will be used to uncover students' learning styles. During the Welcome Orientation/Call process, teachers will spend time asking students about their hobbies and interests. Teachers will include parents by involving parents with a monthly call. This a great opportunity for teachers to provide involve parents in the virtual environment as their students may be trying the online environment for the first time.
5. Professional development on utilizing literacy strategies to write with evidence in response to complex texts will be provided monthly to ensure teachers are able to support students in this area.
6. Teachers will receive professional development on Social Emotional Learning so they understand the importance of it and the benefits it will provide students which include improving students' academic performance and lifelong learning. In addition, it may provide students with better psychosocial adjustment, improved attitudes, and academic and behavioral results.

**Additional Schoolwide Improvement Priorities (optional)**

**After choosing your Area(s) of Focus, explain how you will address the remaining schoolwide improvement priorities (see the Guidance tab for more information).**

**Part IV: Title I Requirements**

**Additional Title I Requirements**

This section must be completed if the school is implementing a Title I, Part A schoolwide program and opts to use the Schoolwide Improvement Plan to satisfy the requirements of the schoolwide program plan, as outlined in the Every Student Succeeds Act, Public Law No. 114-95, Â§ 1114(b). This section is not required for non-Title I schools.

**Describe how the school plans to build positive relationships with parents, families, and other community stakeholders to fulfill the school's mission and support the needs of students.**

NA

**PFEP Link**

The school completes a Parental Involvement Plan (PFEP), which is available at the school site.

**Describe how the school ensures the social-emotional needs of all students are being met, which may include providing counseling, mentoring and other pupil services.**

NA

**Describe the strategies the school employs to support incoming and outgoing cohorts of students in transition from one school level to another.**

NA

**Describe the process through which school leadership identifies and aligns all available resources (e.g., personnel, instructional, curricular) in order to meet the needs of all students and maximize desired student outcomes. Include the methodology for coordinating and supplementing federal, state and local funds, services and programs. Provide the person(s) responsible, frequency of meetings, how an inventory of resources is maintained and any problem-solving activities used to determine how to apply resources for the highest impact.**

NA

**Describe the strategies the school uses to advance college and career awareness, which may include establishing partnerships with business, industry or community organizations.**

NA

**Part V: Budget**

**The approved budget does not reflect any amendments submitted for this project.**

1	III.A.	Areas of Focus: By June 2020, Orange County Virtual School will increase learning gains in math.	\$0.00
2	III.A.	Areas of Focus: By June 2020, Orange County Virtual School will increase the learning gains in English Language Arts.	\$0.00
<b>Total:</b>			<b>\$0.00</b>
