School Board Approval

This plan is pending approval by the Hendry County School Board.

SIP Authority

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a Schoolwide Improvement Plan (SIP) for each school in the district that has a school grade of D or F. This plan is also a requirement for Targeted Support and Improvement (TS&I) and Comprehensive Support and Improvement (CS&I) schools pursuant to 1008.33 F.S. and the Every Student Succeeds Act (ESSA).

To be designated as TS&I, a school must have one or more ESSA subgroup(s) with a Federal Index below 41%. This plan shall be approved by the district. There are three ways a school can be designated as CS&I:

- 1. have a school grade of D or F
- 2. have a graduation rate of 67% or lower
- 3. have an overall Federal Index below 41%.

For these schools, the SIP shall be approved by the district as well as the Bureau of School Improvement.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F, or a graduation rate 67% or less. Districts may opt to require a SIP using a template of its choosing for schools that do not fit the aforementioned conditions. This document was prepared by school and district leadership using the FDOE's school improvement planning web application located at www.floridacims.org.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Florida Department of Education encourages schools to use the SIP as a "living document" by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the "Date Modified" listed in the footer.

Analysis

Data Reflection

Answer the following reflection prompts after examining any/all relevant school data sources (see guide for examples for relevant data sources).

Which data component showed the lowest performance? Explain the contributing factor(s) to last year's low performance and discuss any trends.

ELA 6th Grade 42% Proficiency
Math 8th Grade 43% Proficiency
SWD Subgroup ELA Achievement is below the Federal Index Threshold

LaBelle Middle School transitioned to a push-in support model. We are working to address some implementation issue to maximize gains. There has been some turn over among the staff members providing push-in support services which is impacting the effectiveness of implementation.

Which data component showed the greatest decline from the prior year? Explain the factor(s) that contributed to this decline.

SWD Subgroup data declined in the following areas: ELA LG L25% 2018 2019 35 34 Math LG L25% 2018 2019 51 48 SS Ach. 2018 2019 37 31

LaBelle Middle School focused support on ELA classrooms.

Which data component had the greatest gap when compared to the state average? Explain the factor(s) that contributed to this gap and any trends.

ELA 7th Grade - 16% below the State Avg. ELA 8th Grade - 16% below the State Avg.

Although below the state average, both areas have increased from last year.

Which data component showed the most improvement? What new actions did your school take in this area?

Math 8th Grade - 21% increase from 2018 to 2019

We began implementation of the IReady digital program focusing on ELA. We then began to increase implementation in our math classrooms. We increased the amount of after school tutoring availability.

Reflecting on the EWS data from Part I (D), identify one or two potential areas of concern? (see Guidance tab for additional information)

144 course failures in ELA or Math 285 FSA level 1's in ELA or Math

Rank your highest priorities (maximum of 5) for schoolwide improvement in the upcoming school year.

1. SWD below the Federal Index SWD Subgroup data declined in the following areas: ELA LG L25% 2018 2019 35 34 Math LG L25% 2018 2019 51 48 SS Ach. 2018 2019 37 31

Part IV: Title I Requirements

Additional Title I Requirements

This section must be completed if the school is implementing a Title I, Part A schoolwide program and opts to use the Schoolwide Improvement Plan to satisfy the requirements of the schoolwide program plan, as outlined in the Every Student Succeeds Act, Public Law No. 114-95, § 1114(b). This section is not required for non-Title I schools.

Describe how the school plans to build positive relationships with parents, families, and other community stakeholders to fulfill the school's mission and support the needs of students.

Please see the uploaded 2019-20 LMS Parent Involvement Plan.

PFEP Link

The school completes a Parental Involvement Plan (PFEP), which is available at the school site.

Describe how the school ensures the social-emotional needs of all students are being met, which may include providing counseling, mentoring and other pupil services.

LMS has two guidance counselors who respond to students that have been identified for counseling, or those who should be referred to other resources for more intensive support. LMS has access to resource counselors through the ESE/Student Services Department. The 'Check and Connect' program provides a mentor for students; Big Brother-Big Sister, and Lutheran Services are available as well. For students with additional needs, we invite parental input and collaboration in the development of plans to ensure students have access to a free and appropriate public education. For students with an IEP, 504 plan, or other service plan, accommodations are provided in the classroom and within other campus areas, as appropriate. We provide group grief counseling in coordination with Hope Hospice. Additionally, our school resource officer is available for emergency mental health crises.

All students will receive support for their social emotional needs through the school-wide implementation of 'Ripple Effects for Teens' trauma-informed digital program. All students will be allocated time weekly to work through lessons assigned to meet Florida's Mental and Emotionless health Education rules. The program has additional topics students may elect to access based on their individual needs. The program is also used in the 'Responsible Thinking Classroom' to provide an additional layer of assistance for those students who require more support.

All teachers have had Youth Mental Health First Aid training.

Describe the strategies the school employs to support incoming and outgoing cohorts of students in transition from one school level to another.

Administration coordinates a time for 8th graders going to high school to visit the high school campus. Administration, teachers, and counselors from the high school come to LMS to talk to 8th graders about the high school and registering for classes. Counselors from the high school come to LMS to help 8th grade students register for high school classes.

Administration arranges orientation activities for 5th graders coming to middle school and discusses expectations, procedures, academics, and organizations. Incoming students are provided a campus tour and an opportunity to ask questions. In conjunction with this, we have a parent night session, with Spanish translation available, to provide information and answer questions.

Describe the process through which school leadership identifies and aligns all available resources (e.g., personnel, instructional, curricular) in order to meet the needs of all students and maximize desired student outcomes. Include the methodology for coordinating and supplementing federal, state and local funds, services and programs. Provide the person(s) responsible, frequency of meetings, how an inventory of resources is maintained and any problem-solving activities used to determine how to apply resources for the highest impact.

- 1. Lead teachers meet with the leadership team, and as departments in PLC groups, monthly. Through this process, guidance from the leadership team is woven into the efforts of PLC groups. PLC groups discuss student academic achievement data and share best practices. They develop instructional plans, evaluate implementation, make decisions, and practice new processes and skills. Teams facilitate the process of building consensus among PLC members. Lead teachers bring data back to leadership team meetings to facilitate the flow of information. Teams use these discussions to identify professional development and resource needs.
- 2. The school has an MTSS/PBIS/Rtl team. Members of the leadership team are also members of this team. This ensures a more comprehensive understanding of the issues at hand. Teams focus on how LMS will develop and maintain a problem-solving system to bring out the best in our students, teachers, and school. Data meetings are held monthly to look at trends, in order to make necessary changes to intervention implementation, and plan for success. Teams review specific student progress monitoring data, in weekly meetings, to determine if students are meeting and/or exceeding benchmarks.

Academic tutoring is offered after school in all core areas.

3. ESE teachers are implementing the inclusion model again this year. Learning Strategies classes are available for those students who need more support, per their IEP.

Federal, state, and local funds are used to provide extended day/year programs through Title I, Part A, Title I, Part C, Title VI, and Title III. The Title I Director is also the homeless liaison and works with the school to provide services for homeless students through the Title I, Part A. Adult education programs are available for adults to learn English, and are funded through Title I, Part A, Title I, Part C, and Title III.

Describe the strategies the school uses to advance college and career awareness, which may include establishing partnerships with business, industry or community organizations.

• LMS has many staff with multiple years of high school experience. Promoting academic and career planning

is the root of their counseling and advising.

• LMS is a feeder school for LaBelle High School, where any student who graduates from LHS with a 2.0 or

higher can receive a full, 2 year scholarship to attend Florida Southwestern University (formerly Edison College) complete with books and tuition.

- LMS 8th graders participate in one college and career day hosted at LHS.
- LMS hosts a career day, which occurs on an alternating yearly schedule with the LHS college and career day.
- LMS has partnered with Winn Dixie, Firehouse Theater, McDonalds, Crime Stoppers, Big Brothers Big Sisters and Check and Connect to provide supplemental inspiration for our students and school.
- LMS offers a number of high school credit courses and opportunity to earn technology and agricultural certifications.
- LMS participates in the AVID program that promotes college readiness.
- LMS uses My Career Shines, which assesses students' interests, gives them the opportunity to explore careers and colleges and make a plan for education.
