Demographics

Principal: Jennie Hoke

Start Date for this Principal: 7/5/2019

2019-20 Status (per MSID File)	Active
School Type and Grades Served (per MSID File)	Elementary School PK-5
Primary Service Type (per MSID File)	K-12 General Education
2018-19 Title I School	Yes
2018-19 Economically Disadvantaged (FRL) Rate (as reported on Survey 3)	88%
2018-19 ESSA Subgroups Represented (subgroups with 10 or more students) (subgroups below the federal threshold are identified with an asterisk)	Students With Disabilities* English Language Learners* Black/African American Students Hispanic Students Multiracial Students White Students Economically Disadvantaged Students
School Grades History	2018-19: A (62%) 2017-18: B (58%) 2016-17: A (68%) 2015-16: A (63%) 2014-15: C (53%)
2019-20 School Improvement (SI) Information*	
SI Region	Southwest
Regional Executive Director	
Turnaround Option/Cycle	N/A
Year	
Support Tier	

ESSA Status	TS&I
* As defined under Rule 6A-1.099811, Florida Administrative Code. For more information, click here .	

School Board Approval

This plan is pending approval by the Charlotte County School Board.

SIP Authority

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a Schoolwide Improvement Plan (SIP) for each school in the district that has a school grade of D or F. This plan is also a requirement for Targeted Support and Improvement (TS&I) and Comprehensive Support and Improvement (CS&I) schools pursuant to 1008.33 F.S. and the Every Student Succeeds Act (ESSA).

To be designated as TS&I, a school must have one or more ESSA subgroup(s) with a Federal Index below 41%. This plan shall be approved by the district. There are three ways a school can be designated as CS&I:

1. have a school grade of D or F
2. have a graduation rate of 67% or lower
3. have an overall Federal Index below 41%.

For these schools, the SIP shall be approved by the district as well as the Bureau of School Improvement.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F, or a graduation rate 67% or less. Districts may opt to require a SIP using a template of its choosing for schools that do not fit the aforementioned conditions. This document was prepared by school and district leadership using the FDOE's school improvement planning web application located at www.floridacims.org.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Florida Department of Education encourages schools to use the SIP as a "living document" by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the "Date Modified" listed in the footer.

School Board Approval

This plan is pending approval by the Charlotte County School Board.

SIP Authority

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a school improvement plan (SIP) for each school in the district that has a school grade of D or F.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F (see page 4). For schools receiving a grade of A, B, or C, the district may opt to require a SIP using a template of its choosing. This document was prepared by school and district leadership using the FDOE's school improvement planning web application located at

<https://www.floridacims.org>.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Florida Department of Education encourages schools to use the SIP as a "living document" by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the "Date Modified" listed in the footer.

Part I: School Information

School Mission and Vision

Provide the school's mission statement.

SJE Tigers will be innovative leaders striving for excellence through high expectations and a commitment to success.

Provide the school's vision statement.

Preparing Tomorrow's Leaders Today!

School Leadership Team

Membership

Identify the name, email address and position title for each member of the school leadership team:

Name	Title	Job Duties and Responsibilities
Hoke, Jennie	Principal	Principal: The principal serves as the instructional leader for the school. She co chairs the Partnership and Performance Committee and serves on our School Advisory Committee. She is also a member of our Literacy Leadership Team and heads up our Title One program initiatives. She also serves as a liaison to our PTO.
Gosser, Rhonda	Assistant Principal	The Assistant Principal is responsible for parent and family communication through our School Messenger System. She also oversees school safety and facilities. She is a co chair of the SPPC, and a member of PPC, Literacy Leadership Team, Lighthouse Team, and a liaison to PTO and SAC. She assists with student discipline and parent conferences, and works with the school social worker to monitor attendance data and build relationships with students and families. She also assists the Lead Teacher in analyzing data and facilitating team meetings.
Buscemi, Tina	Instructional Coach	The Lead Teacher is an Instructional Coach who provides professional development in curricular and instructional areas. She provides coaching and mentoring to new as well as seasoned teachers. She facilitates team meetings and assists teachers in analyzing data and developing action plans with grade levels to assist with student achievement.
Imhoof, Patty	Psychologist	The Psychologist provides diagnostic testing analysis for individual students to track strengths and weaknesses. She work with our MTSS system during TST. She also creates BIPs for students struggling with behavior and supports teachers in implementing these plans.
Thomas, Shakira	School Counselor	Guidance Counselor serves as the head of our TST. She schedules and facilitates weekly meetings to track progress of struggling learners through the MTSS process. She also provides counseling services for students and families and serves as a liaison with community volunteers. She supports English Language Learners with curriculum resources and oversees WIDA testing for this population.

Early Warning Systems

Current Year

The number of students by grade level that exhibit each early warning indicator listed:

Indicator	Grade Level													Total
	K	1	2	3	4	5	6	7	8	9	10	11	12	
Number of students enrolled	113	122	116	99	94	130	0	0	0	0	0	0	0	674
Attendance below 90 percent	0	28	23	19	23	27	0	0	0	0	0	0	0	120
One or more suspensions	1	1	3	3	1	1	0	0	0	0	0	0	0	10

Economically Disadvantaged Students Subgroup Below 41% in the Current Year?	NO
Number of Consecutive Years Economically Disadvantaged Students Subgroup Below 32%	

Analysis

Data Reflection

Answer the following reflection prompts after examining any/all relevant school data sources (see guide for examples for relevant data sources).

Which data component showed the lowest performance? Explain the contributing factor(s) to last year's low performance and discuss any trends.

FSA data from the 2018-19 school year indicates growth needed in math and reading learning gains for the lower 25% and science proficiency. Also, student subgroups of black and students with disabilities fell below 41% when combining all seven areas.

Which data component showed the greatest decline from the prior year? Explain the factor(s) that contributed to this decline.

The only area which showed a decline was in the area of science which declined 8%. Contributing factors include, expertise in science instruction, attention to the standards, and lacking a whole school science focus.

Which data component had the greatest gap when compared to the state average? Explain the factor(s) that contributed to this gap and any trends.

The biggest gap as compared to the state average was Reading Learning Gains for the lowest 25% in grades 4 and 5. SJE scored 48% while the state average was 53%. Although there is a 5% gap, we did improve in this area 15%. Contributing factors include, attention to the standards and expertise in reading instruction.

Which data component showed the most improvement? What new actions did your school take in this area?

Two areas which showed the most improvement were ELA Learning Gains and ELA Learning Gains in the lowest 25%. Both areas made a 15% increase. Actions which contributed to this success were changing the ESE pull out model to push in, providing additional paraprofessional support for our lowest 25% in grades 4 and 5, and ongoing standards professional development.

Reflecting on the EWS data from Part I (D), identify one or two potential areas of concern? (see Guidance tab for additional information)

Looking at Early Warning Systems, students failing ELA or Math classes are an area of potential concern. When planning for improvement, master schedule has been adjusted to provide support for

these students in the departmentalized classroom setting. Also, we have lowered class size in classes supporting lowest 25% to maximize student learning.

Rank your highest priorities (maximum of 5) for schoolwide improvement in the upcoming school year.

1. Science
2. ELA Learning Gains
3. ELA Learning Gains of lowest 25%
4. Attention to Subgroups of Black and Students with Disabilities
5. Math Learning Gains of lowest 25%

Part III: Planning for Improvement

Areas of Focus:

#1	
Title	Science
Rationale	SJE had a negative gain for two years and continues to score below the state score in this area.
State the measurable outcome the school plans to achieve	SJE will increase 5th Grade FCAT Science achievement from 51% to 60% or higher as measured on the 5th grade science FCAT.
Person responsible for monitoring outcome	Jennie Hoke (jennie.hoke@yourcharlotteschools.net)
Evidence-based Strategy	SJE will develop expertise in Science content, increase rigor, and promote awareness of Science standards school-wide. Using Marzano elements such as engagement and aligning standards helps to target this area with a laser focus.
Rationale for Evidence-based Strategy	Teachers must align standards and increase rigor throughout grade levels to improve performance in the area of Science. Using Marzano elements assures teachers are using techniques that increase success.
Action Step	
Description	<ol style="list-style-type: none"> 1. We have grades 4/5 departmentalize, K-3 team, and TAG classes formed so teachers can specialize in a specific subject. 2. A school-wide Science Plan has been developed and implemented. 3. Targeted Professional Development and coaching will be utilized. 4. PLCs to increase awareness and good teaching strategies will be facilitated throughout the year. 5. Science consumables have been purchased to allow teachers to complete labs more regularly with students. 6. Common assessments will be given and tracked on data walls displayed in hallways. The data will be analyzed at data days to make sure next steps are focused. 7. Supplemental materials were purchased such as Generation Genius and Everfi. 8. Hands on Science lessons will be a focus for the POUNCE afterschool program and Intrsessions. 9. Follow the Pearson Elevate Science curriculum and CCPS guide.
Person Responsible	Jennie Hoke (jennie.hoke@yourcharlotteschools.net)

#2	
Title	ELA
Rationale	SJE has maintained a high percentage of achievement (3-5 FSA) and gains (4/5 FSA) including a slight increase in the gains for the lowest 25%. However, even with this increase data shows that the lowest 25% of students are still scoring significantly below the state level indicating a need for improvement. Support for these students is imperative for their continued success.
State the measurable outcome the school plans to achieve	100 % of students will demonstrate one year's learning gain or growth in ELA with a laser-focus on the lowest 25% as measured by i-Ready and FSA.
Person responsible for monitoring outcome	Jennie Hoke (jennie.hoke@yourcharlotteschools.net)
Evidence-based Strategy	SJE will be using collaborative planning, aligned standards, small group differentiating, and other Marzano strategies to increase effectiveness of instruction.
Rationale for Evidence-based Strategy	All students will benefit from explicit direct best practices, but lower performing students will thrive in an environment that is differentiated and scaffolds for their needs. Small group allows for intense instruction and additional attention monitor progress.
Action Step	
Description	<p>*Departmentalization in grades 4-5, teaming in grades K-3, and TAG in grades 1-5 allows teachers to become experts in their content area and specialize instruction for their groups.</p> <p>*Intervention materials have been purchased to improve learning outcome of lower students.</p> <p>*Professional development in literacy instructional techniques and rigor of standards using Critical Concepts and Balanced Literacy Framework will improve overall learning.</p> <p>*Additional ESE push in services and staffing support have been provided in classrooms where the lowest 25% have been clustered.</p> <p>*School-wide systematic WIN plans were developed and implemented for all students using RISE for lowest 25%.</p> <p>*Data Days will be facilitated three times this school year to allow for teams to deeply analyze data, determine student needs, and collaborate to develop future lesson plans.</p> <p>*Prescriptive coaching will be provided by the school's Lead Teacher including one-on-one or small group coaching sessions. Modeled lessons and instructional rounds will also provide coaching opportunities.</p> <p>*Sadlier Vocabulary will be used for additional support in all grade levels.</p> <p>*Top Score Writing will be used to help students improve their writing skills which in turn improve reading.</p> <p>*Teacher Support Team (TST) meetings will compare progress of struggling student with the class and steps can be made for more intensive intervention.</p> <p>*Monthly data support meetings to assist in putting information for tracking accountability in EDIS.</p>

Person Responsible Jennie Hoke (jennie.hoke@yourcharlotteschools.net)

#3

Title Math

Rationale

SJE has maintained a high percentage of achievement (3-5 FSA) and gains (4/5 FSA) including a slight increase in the gains for the lowest 25%. However, even with this increase data shows that the lowest 25% of students are still scoring significantly below the state level indicating a need for improvement. Support for these students is imperative for their continued success.

State the measurable outcome the school plans to achieve

100% of students will demonstrate 1 year's growth/learning gain in Math (with laser-focus on the lowest 25%) as measured by i-Ready or FSA.

Person responsible for monitoring outcome

Jennie Hoke (jennie.hoke@yourcharlotteschools.net)

Evidence-based Strategy

Marzano strategies such as collaboration (during PLCs and PDs) and alignment of standards (during Data Days and coaching sessions) will be used to maintain current high levels of achievement but will also bolster engagement and retention for lower performing students.

Rationale for Evidence-based Strategy

Teacher knowledge and effectiveness is a critical component here so providing coaching, collaboration, PD days, and time to analyze student progress will help focus their instruction. Focused instruction coupled with additional staff and supplemental support materials create an environment that allows intense, individualized learning.

Action Step

Description

- *Departmentalization in grades 4-5, team teaching K-3, TAG 1-5
- *Intervention materials have been purchased to be utilized with students in need of intervention (Coach Support; observations and monitoring)
- *Differentiated math fact fluency program, Reflex Math, with students in K-5
- *Professional development in RCM instructional techniques and Critical Concepts
- *Additional staffing support has been provided in classrooms where students are identified in the bottom quartile have been clustered including ESE push
- *Data Days will be facilitated three times this school year to allow for teams to deeply analyze data, determine student needs, and collaborate to develop future lesson plans.
- *Prescriptive coaching will be provided by the school's Lead Teacher including one-on-one or small group coaching sessions, in classroom coaching and modeling.
- *Common math assessments are used K-5
- *Grade level data walls will track results of common assessment data related to school-wide WIG
- *Teacher Support Team (TST) meetings will compare progress of struggling student with the class and steps can be made for more intensive intervention.
- *Monthly data support meetings to assist inputting information for tracking accountability in EDIS.

Person Responsible

Jennie Hoke (jennie.hoke@yourcharlotteschools.net)

#4	
Title	Close Achievement Gap for Subgroups
Rationale	Black students and students with disabilities have been identified by the state as subgroups that are not achieving at the same rate as other subgroups. Both of these groups fell below the benchmark of 41%.
State the measurable outcome the school plans to achieve	100% of SJE students identified in the state subgroup categories will reduce the achievement gap in ELA, Math, and Science as measured by FSA, I-Ready, and FCAT.
Person responsible for monitoring outcome	Jennie Hoke (jennie.hoke@yourcharlotteschools.net)
Evidence-based Strategy	The Leader in Me program will provide support in making goals and providing a positive learning atmosphere for all students. Additional supports like push in services, intensive, targeted small groups, mtss meetings, and other resources will be available to support any lower performing student.
Rationale for Evidence-based Strategy	Professional development and coaching will provide necessary skills to teachers to target these subgroups. Use of a school-wide program that supports individual student needs, uses common language, and monitors progress will allow students to thrive. The above strategies will help to level the playing field so all students can achieve more as evidenced by Stephen Covey and Marzano.
Action Step	
Description	<ul style="list-style-type: none"> *School based mentoring program and Leader in Me has been established for goal setting *Staff members will provide students with or access to additional resources needed (guidance counseling, support from the social worker, etc.) *ESE services model has been modified to provide push-in support by an ESE teacher or paraprofessional *Targeted interventions are being utilized for identified subgroup students during the core reading block as well as in the WIN block utilizing materials such as RISE and Coach Support for ELA *Coach Support Math will be used with students in identified subgroups *Coach Support Science will be used with students in identified subgroups *Professional development and coaching will be provided to teachers to gain instructional techniques (ex. Leading/Lagging Measures through Leader in Me coaching) *Data Days will be facilitated three times per year to address changes needed per current data and conference with students to set new goals *Child Talk meetings will be held monthly to continually monitor the overall and individual student growth of all subgroups *MTSS System professional development and support will be ongoing, as well as frequent monitoring *Student led conferences are held three times a year to share with families progress on goals.
Person Responsible	Jennie Hoke (jennie.hoke@yourcharlotteschools.net)

Additional Schoolwide Improvement Priorities (optional)

After choosing your Area(s) of Focus, explain how you will address the remaining schoolwide improvement priorities (see the Guidance tab for more information).

Professional Development and extensive MTSS support will contribute to increased rates of proficiency overall in Math, Science and Reading skills. Additional resources and creative scheduling will provide additional support for lower performing students and students in our lowest reporting categories (Black and SWD).

Part IV: Title I Requirements**Additional Title I Requirements**

This section must be completed if the school is implementing a Title I, Part A schoolwide program and opts to use the Schoolwide Improvement Plan to satisfy the requirements of the schoolwide program plan, as outlined in the Every Student Succeeds Act, Public Law No. 114-95, Â§ 1114(b). This section is not required for non-Title I schools.

Describe how the school plans to build positive relationships with parents, families, and other community stakeholders to fulfill the school's mission and support the needs of students.

SJE plans to build positive relationships with parents, families, and other community stakeholders by communicating needs and inviting them to be apart of the SJE family. SAC and PTO involvement will encourage a partnership as well as include families in school projects and decisions. Curriculum Nights, Academic Nights, Family Center Events, and fundraisers all contribute to this partnership bond.

PFEP Link

The school completes a Parental Involvement Plan (PFEP), which is available at the school site.

Describe how the school ensures the social-emotional needs of all students are being met, which may include providing counseling, mentoring and other pupil services.

We provide various types of services to ensure our students' social-emotional needs are being met. Our guidance counselor provides individual as well as group counseling along with bully prevention lessons for every classroom. We partner with the Big Brother/Big Sister program to mentor students and well as have a mentor program for our state identified subgroups. Our school resource officer also meets with students who struggle with peer relationships and bullying as well as using the DARE program with our 5th grade students. He also meets with each class to talk about safety and active assailant training. The social worker conferences with families via phone as well as home visits to discuss circumstances related to attendance, behavior, academics and personal needs. She also helps families connect with local resources to assist with these situations. The psychologist works along side with our guidance department to help teachers assist struggling students through the MTSS process using research based interventions to increase achievement and close the learning gap.

Describe the strategies the school employs to support incoming and outgoing cohorts of students in transition from one school level to another.

*Incoming Kindergarten families attend "Round Up" in the Spring. Local daycares schedule times to come into the building to sit with kindergarten teachers to read a story and get acclimated to the classrooms. After dropping students off on the first day of school, parents and families are invited to a breakfast in the cafeteria. Our PTO provides food and drinks as we discuss procedures and ways they can get involved on campus.

*Outgoing 5th graders attend an Open House at Punta Gorda Middle School in May. Counselors visit our

campus to inform students of the event and answer questions. The band program also visits our campus to expose students to opportunities to get involved.

*The Assistant Principal at Sallie Jones meets with the Assistant Principal at Punta Gorda Middle to discuss tier II and III students in regards to academics, discipline, bullying, and attendance.

*The lead teacher at Sallie Jones sends academic data to the Guidance Counselor at Punta Gorda Middle.

Describe the process through which school leadership identifies and aligns all available resources (e.g., personnel, instructional, curricular) in order to meet the needs of all students and maximize desired student outcomes. Include the methodology for coordinating and supplementing federal, state and local funds, services and programs. Provide the person(s) responsible, frequency of meetings, how an inventory of resources is maintained and any problem-solving activities used to determine how to apply resources for the highest impact.

We use a Multi-Tiered System of Support to help identify students in need of interventions. Teachers meet bi monthly to analyze student data and identify those who fall into tier II or III. Those students are brought to our Teacher Support Team (TST) which includes principal, assistant principal, guidance counselor, school psychologist, lead teacher, classroom teacher, and parents. Strategies are developed and put into place and the team reconvenes as needed to monitor the success of the interventions. If students continue to struggle further evaluations may be requested.

Describe the strategies the school uses to advance college and career awareness, which may include establishing partnerships with business, industry or community organizations.

Community members are invited to events where they read and discuss how their educational experiences impacted their careers. SJE also did a celebrate literacy week where community members came to share how reading is utilized in their careers. The health department sponsored 2nd grade in doing vision boards to set goals for future careers. As a Leader In Me Lighthouse school, we hold annual leadership days for parents and community members to interact with classrooms and showcase 21st century leadership skills receiving feedback that will assist them in their future. 5th grade will receive career readiness lessons by the Guidance Counselor in November along with participating in a Calendar Career Contest.

Part V: Budget

The approved budget does not reflect any amendments submitted for this project.

1	III.A.	Areas of Focus: Science				\$35,999.40
	Function	Object	Budget Focus	Funding Source	FTE	2019-20
	5100	369-Technology-Related Rentals	0021 - Sallie Jones Elementary School	Title, I Part A		\$500.00
			<i>Notes: Generation Genius is an online program to target science proficiency.</i>			
	6400	330-Travel	0021 - Sallie Jones Elementary School	Title, I Part A		\$5,000.00
			<i>Notes: Travel expenses for staff attending professional development at FETC, ECTAC, ASCD, Innovative Schools Summit and Get Your Teach on, to improve science and L25 students including state identified subgroups.</i>
