#### **School Board Approval**

This plan is pending approval by the Alachua County School Board.

#### **SIP Authority**

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a Schoolwide Improvement Plan (SIP) for each school in the district that has a school grade of D or F. This plan is also a requirement for Targeted Support and Improvement (TS&I) and Comprehensive Support and Improvement (CS&I) schools pursuant to 1008.33 F.S. and the Every Student Succeeds Act (ESSA).

To be designated as TS&I, a school must have one or more ESSA subgroup(s) with a Federal Index below 41%. This plan shall be approved by the district. There are three ways a school can be designated as CS&I:

- 1. have a school grade of D or F
- 2. have a graduation rate of 67% or lower
- 3. have an overall Federal Index below 41%.

For these schools, the SIP shall be approved by the district as well as the Bureau of School Improvement.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F, or a graduation rate 67% or less. Districts may opt to require a SIP using a template of its choosing for schools that do not fit the aforementioned conditions. This document was prepared by school and district leadership using the FDOE's school improvement planning web application located at <a href="https://www.floridacims.org">www.floridacims.org</a>.

#### **Purpose and Outline of the SIP**

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Florida Department of Education encourages schools to use the SIP as a "living document" by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the "Date Modified" listed in the footer.

## **Part I: School Information**

#### **School Mission and Vision**

#### Provide the school's mission statement.

The mission of the Alachua eSchool Elementary program is to develop and deliver standards-based, student-centered online courses that increase educational opportunities and 21st century skills and to provide professional development to educators that expand the scope and depth of their instruction.

#### Provide the school's vision statement.

Our vision is to be the district leader in online education by working collaboratively with elementary schools to offer the highest quality courses for students and teachers.

#### School Leadership Team

#### Membership

Identify the name, email address and position title for each member of the school leadership team:

Name	Title	Job Duties and Responsibilities
Stefansen, Ed	Principal	The instructional leader is responsible for setting clear goals, allocating resources to instruction, managing the curriculum, evaluating teachers, promotes growth in student learning, meets with staff members on a regular basis, work together to problem solve, set high expectations for performance, create a culture for continuous learning, modeling effective instruction, support collaboration, and give praise for effective teaching.

#### **Analysis**

#### **Data Reflection**

Answer the following reflection prompts after examining any/all relevant school data sources (see guide for examples for relevant data sources).

Which data component showed the lowest performance? Explain the contributing factor(s) to last year's low performance and discuss any trends.

The eSchool elementary program had low performance in Math. State testing showed that at least 30% of the 3rd, 4th and 5th graders received a 1 or 2.

Which data component showed the greatest decline from the prior year? Explain the factor(s) that contributed to this decline.

We have no recorded data other than our own observations of student performance.

Which data component had the greatest gap when compared to the state average? Explain the factor(s) that contributed to this gap and any trends.

We have no recorded data other than our own observations of student performance.

Which data component showed the most improvement? What new actions did your school take in this area?

We achieved great success in ELA with all students in 3rd, 4th and 5th passing. We provided more test prep materials for parents utilizing Canvas to house the material and treating the module as an additional course.

Reflecting on the EWS data from Part I (D), identify one or two potential areas of concern? (see Guidance tab for additional information)

Once again, our biggest area of concern is percent tested. It is easier to have our elementary students on campus for testing. We are working with homeschool and co enrolments to get the correct entries for this year.

Rank your highest priorities (maximum of 5) for schoolwide improvement in the upcoming school year.

- 1. Understand the process for co enrollment to have the registered correctly before the amendment period is up after Survey 3.
- 2. Increase percent tested at the elementary level during the testing window.
- 3. Adapt to a scheduling system that was used in the 17-18 school year.
- 4. Increase parent communication and face to face instruction.
- 5. Increase training for learning coaches in navigation of Canvas courss.

### Part III: Planning for Improvement

#### Areas of Focus:

No activities were entered for this section.

#### Additional Schoolwide Improvement Priorities (optional)

After choosing your Area(s) of Focus, explain how you will address the remaining schoolwide improvement priorities (see the Guidance tab for more information).

Our areas of focus will be our main objective in improving overall student achievement. Elementary students are not on campus frequently.

# Part IV: Title I Requirements

#### Additional Title I Requirements

This section must be completed if the school is implementing a Title I, Part A schoolwide program and opts to use the Schoolwide Improvement Plan to satisfy the requirements of the schoolwide program plan, as outlined in the Every Student Succeeds Act, Public Law No. 114-95, § 1114(b). This section is not required for non-Title I schools.

Describe how the school plans to build positive relationships with parents, families, and other community stakeholders to fulfill the school's mission and support the needs of students.

NA

#### **PFEP Link**

The school completes a Parental Involvement Plan (PFEP), which is available at the school site.

Describe how the school ensures the social-emotional needs of all students are being met, which may include providing counseling, mentoring and other pupil services.

NA

Describe the strategies the school employs to support incoming and outgoing cohorts of students in transition from one school level to another.

NA

Describe the process through which school leadership identifies and aligns all available resources (e.g., personnel, instructional, curricular) in order to meet the needs of all students and maximize desired student outcomes. Include the methodology for coordinating and supplementing federal, state and local funds, services and programs. Provide the person(s) responsible, frequency of meetings, how an inventory of resources is maintained and any problem-solving activities used to determine how to apply resources for the highest impact.

NA

Describe the strategies the school uses to advance college and career awareness, which may include establishing partnerships with business, industry or community organizations.

NA

# Part V: Budget

The approved budget does not reflect any amendments submitted for this project.
