Demographics

Principal: Anyana Stokes

Start Date for this Principal: 7/1/2018

2019-20 Status (per MSID File)	Active
School Type and Grades Served (per MSID File)	Elementary School KG-5
Primary Service Type (per MSID File)	K-12 General Education
2018-19 Title I School	Yes
2018-19 Economically Disadvantaged (FRL) Rate (as reported on Survey 3)	100%
2018-19 ESSA Subgroups Represented (subgroups with 10 or more students) (subgroups below the federal threshold are identified with an asterisk)	Students With Disabilities* Asian Students Black/African American Students* Hispanic Students Multiracial Students* White Students Economically Disadvantaged Students*
School Grades History	2018-19: D (36%) 2017-18: C (44%) 2016-17: C (46%) 2015-16: B (56%) 2014-15: C (50%)
2019-20 School Improvement (SI) Information*	
SI Region	Northeast
Regional Executive Director	Cassandra Brusca
Turnaround Option/Cycle	N/A
Year	
Support Tier	

ESSA Status	CS&I
* As defined under Rule 6A-1.099811, Florida Administrative Code. For more information, click here .	

School Board Approval

This plan is pending approval by the Alachua County School Board.

SIP Authority

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a Schoolwide Improvement Plan (SIP) for each school in the district that has a school grade of D or F. This plan is also a requirement for Targeted Support and Improvement (TS&I) and Comprehensive Support and Improvement (CS&I) schools pursuant to 1008.33 F.S. and the Every Student Succeeds Act (ESSA).

To be designated as TS&I, a school must have one or more ESSA subgroup(s) with a Federal Index below 41%. This plan shall be approved by the district. There are three ways a school can be designated as CS&I:

1. have a school grade of D or F
2. have a graduation rate of 67% or lower
3. have an overall Federal Index below 41%.

For these schools, the SIP shall be approved by the district as well as the Bureau of School Improvement.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F, or a graduation rate 67% or less. Districts may opt to require a SIP using a template of its choosing for schools that do not fit the aforementioned conditions. This document was prepared by school and district leadership using the FDOE's school improvement planning web application located at www.floridacims.org.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Florida Department of Education encourages schools to use the SIP as a "living document" by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the "Date Modified" listed in the footer.

School Board Approval

This plan is pending approval by the Alachua County School Board.

SIP Authority

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a school improvement plan (SIP) for each school in the district that has a school grade of D or F.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F (see page 4). For schools receiving a grade of A, B, or C, the district may opt to require a SIP using a template of its choosing. This document was prepared by school and district leadership using the FDOE's school improvement planning web application located at

<https://www.floridacims.org>.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Florida Department of Education encourages schools to use the SIP as a "living document" by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the "Date Modified" listed in the footer.

Part I: School Information

School Mission and Vision

Provide the school's mission statement.

We are committed to the success of every student.

Provide the school's vision statement.

Williams is a school where all students are encouraged to strive for excellence academically, socially, and emotionally in a safe and supportive environment.

School Leadership Team

Membership

Identify the name, email address and position title for each member of the school leadership team:

Name	Title	Job Duties and Responsibilities
Stokes, Anyana	Principal	Principal: Provides a common vision for the use of data-based decision-making; Provide opportunities for teacher collaboration and knowledge building; Facilitate implementation of RTI; Provides or coordinates professional development; Attend EPT, IEP, 504 and RTI meetings; Conduct walkthroughs to monitor fidelity and integrity of core curriculum and intervention implementation; Monitor teacher effectiveness; Communicates with all shareholders information regarding school data and student achievement progress: Provides a common vision for student relationship building and behavior management
Beland, Chris	Assistant Principal	Assistant Principal: Provides instructional support and coordinate professional development/coaching support for instructors; Coordinate school wide assessments, conduct walk-throughs to monitor implementation of SIP strategies, monitors behavior intervention, monitors student achievement through analyzing school-wide data, assist with the development of intervention and differentiated instruction; Attend EPT, IEP, 504 and RTI meetings.
Ashford, Frederic	Dean	Behavior Resource Teacher (BRT): Assists the Principal in development and implementation of preventive discipline plan for the school; Provides assistance to school leadership, teacher and staff for behavioral management; Advise students on appropriate school behavior and follow-up with parents and teachers on results; Participate in the implementation of a school-wide student Positive Behavior Support plan.
Wise, Atsuko	School Counselor	School Counselor: Schedule and attend IEP, EPT, EP and RTI meetings; Maintain log of all students involved in EPT and RTI process; send parent invites; complete necessary EPT and RTI forms; Provide guidance on data collection, charting and graphing results and the use of technology in the collection of data; conducts small group and individual counseling sessions; conducts classroom lessons implementing "Speak Up and Be Safe" and "Student Success Skills"

Early Warning Systems

Current Year

The number of students by grade level that exhibit each early warning indicator listed:

Indicator	Grade Level													Total
	K	1	2	3	4	5	6	7	8	9	10	11	12	
Number of students enrolled	59	65	119	115	105	110	0	0	0	0	0	0	0	573
Attendance below 90 percent	0	22	32	21	24	13	0	0	0	0	0	0	0	112
One or more suspensions	0	1	12	15	19	5	0	0	0	0	0	0	0	52

Number of Consecutive Years Economically Disadvantaged Students Subgroup Below 32%	

Analysis

Data Reflection

Answer the following reflection prompts after examining any/all relevant school data sources (see guide for examples for relevant data sources).

Which data component showed the lowest performance? Explain the contributing factor(s) to last year's low performance and discuss any trends.

Lowest Quartile. Our lowest quartile students continue to struggle to make necessary gains in both ELA and math. Trend data shows that over the past 3 years achievement in math has been low. High teacher turnover may be a factor. Another may be that many students are performing 1- 2 grade levels behind.

Which data component showed the greatest decline from the prior year? Explain the factor(s) that contributed to this decline.

Most significant was a decline in lowest quartile ELA learning gains of -23%. Many students are performing 1 - 2 grade levels behind. Teacher Instruction, rigor, and complexity.

Which data component had the greatest gap when compared to the state average? Explain the factor(s) that contributed to this gap and any trends.

ELA Lowest quartile -21% when compared to state average. Many students are performing 1 - 2 grade levels behind with gaps in foundational skills.

Which data component showed the most improvement? What new actions did your school take in this area?

School discipline referrals decreased by 15%. Addition of behavioral paraprofessional and more emphasis on restorative practices.

Reflecting on the EWS data from Part I (D), identify one or two potential areas of concern? (see Guidance tab for additional information)

Students scoring at Level 1 in 4th and 5th grades as well as attendance for all grades.

Rank your highest priorities (maximum of 5) for schoolwide improvement in the upcoming school year.

1. Student achievement and learning gains in ELA
2. Student achievement and learning gains in Math
3. Improve Attendance
4. Reduce Suspensions

Part III: Planning for Improvement

Areas of Focus:

#1

Title	Increase achievement and learning gains for students in the lowest quartile in ELA
Rationale	Last year's FSA scores showed a significant drop in the percentage of students in the lowest quartile who made a learning gain. We must engage students in their education and provide opportunities to strengthen background knowledge. Many of our lower quartile students are performing 2 or more grade levels behind. We must provide remediation of foundation skills while also providing access and success on grade level tasks. The same is true for students with disabilities, African-American students, economically disadvantaged students, and multiracial students.

State the measurable outcome the school plans to achieve

Increase learning gains of lowest quartile by 10%.
Increase achievement of all under-performing subgroups in ELA by 3%.

Person responsible for monitoring outcome

Anyana Stokes (stokesay@gm.sbac.edu)

Evidence-based Strategy

Early identification of students in lowest quartile and under performing subgroups. Progress Monitoring through frequent data meetings with teachers. Educational field trips to increase background knowledge. Extended day learning opportunities. Increase access to technology as a tool for learning. Support for and increase teacher planning opportunities and professional development.

Rationale for Evidence-based Strategy

Teacher identification of students and continual monitoring of student progress and assist with selecting appropriate strategies and interventions. We know that the more background knowledge students have to pull from, the easier to acquire and link new information.

Action Step

Description

1. Teacher data chats, collaborative planning
2. Small group instruction, literacy stations
3. Increase student access to extended learning opportunities
4. Teacher PLCs Culturally Responsive Teaching, Differentiation, Equity
5. Additional beyond classroom support for targeted students (EDI)

Person Responsible

Chris Beland (belandcr@gm.sbac.edu)

#2	
Title	Increase achievement and learning gains for students in the lowest quartile in Math
Rationale	FSA scores show a trend of low performance and in learning gains for students in the lowest quartile in math. We must engage students in their education and provide opportunities to see math in real world application. Many of our lower quartile students are performing 2 or more grade levels behind. We know that math builds upon itself. We must provide remediation of foundational math skills while also providing access and success on grade level tasks. The same is true for students with disabilities, African-American students, economically disadvantaged students, and multiracial students.
State the measurable outcome the school plans to achieve	Increase learning gains of lowest quartile by 10%. Increase achievement of all under-performing subgroups in Math by 3%.
Person responsible for monitoring outcome	Anyana Stokes (stokesay@gm.sbac.edu)
Evidence-based Strategy	Early identification of students in lowest quartile and under performing subgroups. Progress Monitoring through frequent data meetings with teachers. Educational field trips to increase awareness of career and real world application. Extended day learning opportunities. Increase access to technology as a tool for learning. Support for and increase teacher planning opportunities and professional development.
Rationale for Evidence-based Strategy	Teacher identification of students and continual monitoring of student progress and assist with selecting appropriate strategies and interventions. We know that the more background knowledge students have to pull from the easier to acquire and link new information.
Action Step	
Description	1. Teacher data chats, collaborative planning 2. Small group instruction, math stations 3. Increase student access to educational field trips and technology 4. Teacher PLCs, Culturally Responsive Teaching, Differentiation, Equity 5. Additional beyond classroom support for targeted students (EDI)
Person Responsible	Chris Beland (belandcr@gm.sbac.edu)

#3	
Title	Reduce number of Suspensions of African American Students
Rationale	Disproportionate number of African American students receiving suspension as result of discipline incidents.
State the measurable outcome the school plans to achieve	Reduce suspensions of African American students by 15% or more.
Person responsible for monitoring outcome	Anyana Stokes (stokesay@gm.sbac.edu)
Evidence-based Strategy	Implementation of Positive Behavior Intervention and Supports. Professional Development and PLCs for teachers. Increase teacher capacity to manage classroom behaviors. Increase family engagement.
Rationale for Evidence-based Strategy	Bases of PBIS is to reinforce desired student behaviors. Through PBIS we will establish a common language and a schoolwide set of expectation.
Action Step	
Description	<ol style="list-style-type: none"> 1. Increase teacher capacity to handle classroom level discipline. 2. Improve tier 2 and tier 3 behavior supports 3. Develop alternatives to suspension
Person Responsible	Frederic Ashford (ashfordfl@gm.sbac.edu)

#4	
Title	Improve learning gains for students with disabilities
Rationale	We must engage students in their education and provide opportunities to strengthen background knowledge. Many of our lower quartile students are performing 2 or more grade levels behind. We must provide remediation of foundation skills while also providing access and success on grade level tasks.
State the measurable outcome the school plans to achieve	Increase achievement of students with disabilities by 10%.
Person responsible for monitoring outcome	Anyana Stokes (stokesay@gm.sbac.edu)
Evidence-based Strategy	Early identification of students with disabilities. Progress Monitoring through frequent data meetings with teachers. Educational field trips to increase background knowledge. Extended day learning opportunities. Increase access to technology as a tool for learning. Support for and increase teacher planning opportunities and professional development.
Rationale for Evidence-based Strategy	Teacher identification of students and continual monitoring of student progress assist with selecting appropriate strategies and interventions. We know that the more background knowledge students have to pull from the easier to acquire and link new information.
Action Step	
Description	<ol style="list-style-type: none"> 1. Teacher data chats, collaborative planning 2. Small group instruction, literacy stations 3. Increase student access to educational field trips and technology 4. Teacher PLCs, Culturally Responsive Teaching, Differentiation, Equity 5. Assure appropriate interventions and accommodations are being provided.
Person Responsible	Chris Beland (belandcr@gm.sbac.edu)

#5	
Title	Improve learning gains for Multiracial students
Rationale	We must engage students in their education and provide opportunities to strengthen background knowledge. Many students are performing 2 or more grade levels behind. We must provide remediation of foundation skills while also providing access and success on grade level tasks.
State the measurable outcome the school plans to achieve	Increase achievement of multiracial students by 5%
Person responsible for monitoring outcome	Anyana Stokes (stokesay@gm.sbac.edu)
Evidence-based Strategy	Early identification of students. Progress Monitoring through frequent data meetings with teachers. Educational field trips to increase background knowledge. Extended day learning opportunities. Increase access to technology as a tool for learning. Support for and increase teacher planning opportunities and professional development.
Rationale for Evidence-based Strategy	Teacher identification of students and continual monitoring of student progress assist with selecting appropriate strategies and interventions. We know that the more background knowledge students have to pull from the easier to acquire and link new information.
Action Step	
Description	<ol style="list-style-type: none"> 1. Teacher data chats, collaborative planning 2. Small group instruction, literacy stations 3. Increase student access to educational field trips and technology 4. Teacher PLCs, Culturally Responsive Teaching, Differentiation, Equity 5. Additional beyond classroom support for targeted students (EDI)
Person Responsible	Chris Beland (belandcr@gm.sbac.edu)

#6	
Title	Improve learning gains for Economically Disadvantaged students
Rationale	We must engage students in their education and provide opportunities to strengthen background knowledge. Many students are performing 2 or more grade levels behind. We must provide remediation of foundation skills while also providing access and success on grade level tasks.
State the measurable outcome the school plans to achieve	Increase achievement of economically disadvantaged students by 10%.
Person responsible for monitoring outcome	Anyana Stokes (stokesay@gm.sbac.edu)
Evidence-based Strategy	Early identification of students. Progress Monitoring through frequent data meetings with teachers. Educational field trips to increase background knowledge. Extended day learning opportunities. Increase access to technology as a tool for learning. Support for and increase teacher planning opportunities and professional development.
Rationale for Evidence-based Strategy	Teacher identification of students and continual monitoring of student progress assist with selecting appropriate strategies and interventions. We know that the more background knowledge students have to pull from the easier to acquire and link new information.
Action Step	
Description	<ol style="list-style-type: none"> 1. Teacher data chats, collaborative planning 2. Small group instruction, literacy stations 3. Increase student access to educational field trips and technology 4. Teacher PLCs, Culturally Responsive Teaching, Differentiation, Equity 5. Additional beyond classroom support for targeted students (EDI) 6. Access to wrap around services.
Person Responsible	Chris Beland (belandcr@gm.sbac.edu)

Additional Schoolwide Improvement Priorities (optional)

After choosing your Area(s) of Focus, explain how you will address the remaining schoolwide improvement priorities (see the Guidance tab for more information).

Part IV: Title I Requirements

Additional Title I Requirements

This section must be completed if the school is implementing a Title I, Part A schoolwide program and opts to use the Schoolwide Improvement Plan to satisfy the requirements of the schoolwide program plan, as outlined in the Every Student Succeeds Act, Public Law No. 114-95, Â§ 1114(b). This section is not required for non-Title I schools.

Describe how the school plans to build positive relationships with parents, families, and other community stakeholders to fulfill the school's mission and support the needs of students.

Williams plans to build positive relationships with parents, families, and other community stakeholders by providing varied opportunities for involvement. Our goal for this year is to increase the number of students who have a positive adult mentor. We are collaborating with Santa Fe College, University of Florida Students, the district volunteer coordinator and community liaison, as well as local churches and our business partners to provide mentors for our students. We also plan to foster these relationships by maintaining an up to date website and providing a bi monthly newsletter. School events will be posted on the marquee as well as phone home reminders.

PFEP Link

The school completes a Parental Involvement Plan (PFEP), which is available at the school site.

Describe how the school ensures the social-emotional needs of all students are being met, which may include providing counseling, mentoring and other pupil services.

All classroom teachers implement a social emotional learning curriculum daily. Most include a morning meeting or check in. A full-time school counselor is available to see individual students as well as conduct small groups. Our school counselor also provides classroom instruction to support social emotional needs of students.

Corner Drug Store employs a full time provider who delivers instruction to all students on campus on a weekly basis through our resource rotation.

School partners with school district to provide System of Care and additional wraparound services. A full time licensed mental health counselor and social worker are on campus daily. Parents are referred to community resources as needed. A parent resource area is provided in school as a support.

There are several community organizations that provide mentoring to identified students. The EDEP program provides assistance with homework for students as well as enrichment activities.

Describe the strategies the school employs to support incoming and outgoing cohorts of students in transition from one school level to another.

School holds Kindergarten Roundup for incoming kindergartners and their families in May prior to the year the student will begin. Meet the Teacher is held the week before the new school year begins to give students an opportunity to meet their new teacher prior to the first day of school.

Representatives from our feeder middle school come over to meet with 5th graders to give them a glimpse into middle school. We encourage 5th grade students to participate in the district sponsored middle school magnet programs open house. We provide information on transitioning to middle school for students as well.

Describe the process through which school leadership identifies and aligns all available resources (e.g., personnel, instructional, curricular) in order to meet the needs of all students and maximize desired student outcomes. Include the methodology for coordinating and supplementing federal, state and local funds, services and programs. Provide the person(s) responsible, frequency of meetings, how an inventory of resources is maintained and any problem-solving activities used to determine how to apply resources for the highest impact.

The school leadership identifies and aligns resources through the MTSS/RTI systems to ensure high quality instruction/intervention that is matched to student needs and uses student assessment data over time to make data-based decisions to guide instruction. School-wide data is used to address the progress of low performing students and determine the enrichment and acceleration needs of high performing students. The major goal is for all students to achieve adequate yearly progress and improve other long-term outcomes (behavior, attendance, etc.).

Mrs. Stokes, principal, is responsible for coordinating monthly meetings to monitor the multi-layered model of service delivery (Tier 1/Core, Tier 2/Supplemental and Tier 3/Intensive) Based on student data,

recommend, coordinate and implement intervention support (Tiers 2 and 3) that match students' needs and maximize desired outcomes. A comprehensive needs assessment is conducted for coordinating funds, services, and programs. Inventory of resources and programs is maintained through collaboration with the FCIM, school counselor, and other members of the leadership team.

Describe the strategies the school uses to advance college and career awareness, which may include establishing partnerships with business, industry or community organizations.

A Career Day is held once each year to introduce students to a variety of career fields and occupations. Teachers are also encouraged to provide links for real world application of instruction. We also partner with the University of Florida, Santa Fe College, and local businesses to provide students an opportunity to interact with college students and business professionals through mentorship.

Part V: Budget

The approved budget does not reflect any amendments submitted for this project.

1	III.A.	Areas of Focus: Increase achievement and learning gains for students in the lowest quartile in ELA				\$220,030.32
	Function	Object	Budget Focus	Funding Source	FTE	2019-20
	5100	120-Classroom Teachers	0111 - Joseph Williams Elem. School	Other	1.0	\$60,000.00
			Notes: Provide instructional coach to assist K - 5 teachers with implementation of high yield teaching strategies and support.			
	6300	120-Classroom Teachers	0111 - Joseph Williams Elem. School	UniSIG		\$33,840.00
			Notes: Collaborative Planning: Pay teacher stipends to support 36 hours (1 hour per week) of collaborative planning for 47 teachers beyond contracted hours at \$20/hour.			
	5100	644-Computer Hardware Non-Capitalized	0111 - Joseph Williams Elem. School	UniSIG		\$16,500.00
			Notes: 22 Dell Laptop computers at \$750 each to support students access to online resources during ELA block. Support for small group instruction and literacy stations.
