### School Board Approval

This plan is pending approval by the Hillsborough County School Board.

## SIP Authority

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a Schoolwide Improvement Plan (SIP) for each school in the district that has a school grade of D or F. This plan is also a requirement for Targeted Support and Improvement (TS&I) and Comprehensive Support and Improvement (CS&I) schools pursuant to 1008.33 F.S. and the Every Student Succeeds Act (ESSA).

To be designated as TS&I, a school must have one or more ESSA subgroup(s) with a Federal Index below 41%. This plan shall be approved by the district. There are three ways a school can be designated as CS&I:

1. have a school grade of D or F
2. have a graduation rate of 67% or lower
3. have an overall Federal Index below 41%.

For these schools, the SIP shall be approved by the district as well as the Bureau of School Improvement.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F, or a graduation rate 67% or less. Districts may opt to require a SIP using a template of its choosing for schools that do not fit the aforementioned conditions. This document was prepared by school and district leadership using the FDOE's school improvement planning web application located at [www.floridacims.org](http://www.floridacims.org).

## Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Florida Department of Education encourages schools to use the SIP as a “living document” by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the “Date Modified” listed in the footer.

## Analysis

### Data Reflection

Answer the following reflection prompts after examining any/all relevant school data sources (see guide for examples for relevant data sources).

**Which data component showed the lowest performance? Explain the contributing factor(s) to last year's low performance and discuss any trends.**

NA

**Which data component showed the greatest decline from the prior year? Explain the factor(s) that contributed to this decline.**

NA

**Which data component had the greatest gap when compared to the state average? Explain the factor(s) that contributed to this gap and any trends.**

Graduation rate

**Which data component showed the most improvement? What new actions did your school take in this area?**

NA

**Reflecting on the EWS data from Part I (D), identify one or two potential areas of concern? (see Guidance tab for additional information)**

NA

**Rank your highest priorities (maximum of 5) for schoolwide improvement in the upcoming school year.**

1. Graduation
- 2.
- 3.
- 4.
- 5.

## Part III: Planning for Improvement

**Areas of Focus:**

#1

**Title**

Student Achievement on the Common Assessment will increase when teachers use backwards planning.

**Rationale**

Backwards planning is a research based instructional technique that has been approved for use by the school district. The district has provided workshops to teach this practice and effective use in the classroom. Teachers at Youth Services have used this technique and have shown improvement in the Common Assessment used for students when comparing pre and post test scores.

**State the measurable outcome the school plans to achieve**

Students achievement on the Common Assessment will increase when teachers use backwards planning.

**Person responsible for monitoring outcome**

[no one identified]

**Evidence-based Strategy**

Backwards planning.

**Rationale for Evidence-based Strategy**

Backwards planning is a research based instructional technique that has been approved for use by the school district. The district has provided workshops to teach this practice and effective use in the classroom. Teachers at Youth Services have used this technique and have shown improvement in the Common Assessment used for students when comparing pre and post test scores.

**Action Step****Description**

1. Students take pre math and reading test within 10 days of enrollment
2. Data is collected and reviewed after pre test
3. Teachers will backwards plan for lessons to ensure topics and learning strands are covered.
4. Students given post math and reading test before leaving site
5. Teachers across DJJ sites will meet as a team on one early release day per month for backwards planning (via a Waiver)

**Person Responsible**

[no one identified]

**Additional Schoolwide Improvement Priorities (optional)**

**After choosing your Area(s) of Focus, explain how you will address the remaining schoolwide improvement priorities (see the Guidance tab for more information).**

NA

**Part IV: Title I Requirements**

**Additional Title I Requirements**

This section must be completed if the school is implementing a Title I, Part A schoolwide program and opts to use the Schoolwide Improvement Plan to satisfy the requirements of the schoolwide program plan, as outlined in the Every Student Succeeds Act, Public Law No. 114-95, Â§ 1114(b). This section is not required for non-Title I schools.

**Describe how the school plans to build positive relationships with parents, families, and other community stakeholders to fulfill the school's mission and support the needs of students.**

School staff, students, parents, and the community will work together to develop skills and habits for personal and academic success.

**PFEP Link**

The school completes a Parental Involvement Plan (PFEP), which is available at the school site.

**Describe how the school ensures the social-emotional needs of all students are being met, which may include providing counseling, mentoring and other pupil services.**

As provided through DJJ

**Describe the strategies the school employs to support incoming and outgoing cohorts of students in transition from one school level to another.**

The School Board of each Florida district is required by state law to establish a comprehensive program for student progression that is based on an evaluation of each student's performance including an assessment of how well the student masters the performance standards approved by the state board. The district's program for student progression is based on mastery of the English language arts, mathematics, science, and social studies standards. (F.S. 1008.25)

The HCPS Student Progression Plan includes information on initial placement, reporting student progress, reading remediation, academic acceleration, grade promotion and retention, graduation requirements, transfer credits, student recognition, accommodations, dual enrollment, and extended learning opportunities.

For complete information, please visit our Student Progression Plan at: <http://www.sdhc.k12.fl.us/docs/00/00/21/33/studentprogressionplan.pdf>

**Describe the process through which school leadership identifies and aligns all available resources (e.g., personnel, instructional, curricular) in order to meet the needs of all students and maximize desired student outcomes. Include the methodology for coordinating and supplementing federal, state and local funds, services and programs. Provide the person(s) responsible, frequency of meetings, how an inventory of resources is maintained and any problem-solving activities used to determine how to apply resources for the highest impact.**

As provided through DJJ

**Describe the strategies the school uses to advance college and career awareness, which may include establishing partnerships with business, industry or community organizations.**

HCPS strategies to advance college and career awareness includes a career interest inventory offered to students through Florida Shines. Opportunities for students to take courses within their area of interest at their high school, via virtual school, and through dual enrollment.

**Part V: Budget**

**The approved budget does not reflect any amendments submitted for this project.**
