School Board Approval

This plan is pending approval by the Escambia County School Board.

SIP Authority

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a Schoolwide Improvement Plan (SIP) for each school in the district that has a school grade of D or F. This plan is also a requirement for Targeted Support and Improvement (TS&I) and Comprehensive Support and Improvement (CS&I) schools pursuant to 1008.33 F.S. and the Every Student Succeeds Act (ESSA).

To be designated as TS&I, a school must have one or more ESSA subgroup(s) with a Federal Index below 41%. This plan shall be approved by the district. There are three ways a school can be designated as CS&I:

- 1. have a school grade of D or F
- 2. have a graduation rate of 67% or lower
- 3. have an overall Federal Index below 41%.

For these schools, the SIP shall be approved by the district as well as the Bureau of School Improvement.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F, or a graduation rate 67% or less. Districts may opt to require a SIP using a template of its choosing for schools that do not fit the aforementioned conditions. This document was prepared by school and district leadership using the FDOE's school improvement planning web application located at www.floridacims.org.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Florida Department of Education encourages schools to use the SIP as a "living document" by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the "Date Modified" listed in the footer.

Analysis

Data Reflection

Answer the following reflection prompts after examining any/all relevant school data sources (see guide for examples for relevant data sources).

Which data component showed the lowest performance? Explain the contributing factor(s) to last year's low performance and discuss any trends.

SWD showed the lowest performance in five of the seven reported categories on the 2019 FSA tests.

Which data component showed the greatest decline from the prior year? Explain the factor(s) that contributed to this decline.

Science proficiency decreased from 65% in 2018 to 54% in 2019.

Which data component had the greatest gap when compared to the state average? Explain the factor(s) that contributed to this gap and any trends.

ELA Lowest Quartile and Math proficiency were 10 points below the state average.

Which data component showed the most improvement? What new actions did your school take in this area?

Black students identified in the lowest quartile for Math gains improved from 46% in 2018 to 60% in 2019.

Reflecting on the EWS data from Part I (D), identify one or two potential areas of concern? (see Guidance tab for additional information)

Level 1 Statewide Assessment Attendance below 90%

Rank your highest priorities (maximum of 5) for schoolwide improvement in the upcoming school year.

- 1. Learning gains in ELA for SWD
- 2. Learning gains in ELA for students in the lowest quartile
- 3. Science proficiency
- 4. Math proficiency

Part III: Planning for Improvement

Areas of Focus:	
#1	
Title	Math Proficiency
Rationale	Math proficiency increased from 49% in 2018 to 53% in 2019. Proficiency continues to be below district average of 57% and state average of 63%.
State the measurable outcome the school plans to achieve	Increase Math proficiency to 63% during the 2019-2020 school year.
Person responsible for monitoring outcome	Catrena Fieg (cfieg@ecsdfl.us)
Evidence-based Strategy	Provide professional development through the mathematics department focused on the shifts of the standards and the implementation of instructional practices to allow students to learn the content of the standard. Utilize K-12 Everglades resources for intervention and reteaching during small group instruction.
Rationale for Evidence-based Strategy	Teachers need adequate training using newly adopted Math curriculum. Utilizing professional development from the Math department will help teachers better understand the resources available within the curriculum.
Action Step	
Description	 Provide PD for instructional practices based on student needs Classroom Walk-Throughs conducted by School Administration and District Math Specialists Analyze data from SchoolNet, i-Ready, and STAR 360 Implementation of grade level planning sheets that focus on small group Implementation of reteach groups based on testing data
Person Responsible	Catrena Fieg (cfieg@ecsdfl.us)

#2	
Title	Science Proficiency
Rationale	Science proficiency decreased from 65% in 2018 to 54% in 2019. Proficiency was the same as the district average and 1% more than the state average of 53%.
State the measurable outcome the school plans to achieve	Increase Science proficiency to 64% during the 2019-2020 school year.
Person responsible for monitoring outcome	Catrena Fieg (cfieg@ecsdfl.us)
Evidence-based Strategy	K-5 Science Reps will review data with teachers to ensure curriculum is aligned to standards and remediation occurs as necessary.
Rationale for Evidence-based Strategy	Curriculum alignment ensures that our 5th grade students have received appropriate instruction in Science in previous grades. This will also allow opportunity for teachers to reteach difficult concepts or areas of content that students are not proficient.
Action Step	
Description	 Provide PD for instructional practices based on student needs Classroom Walk-Throughs conducted by School Administration and District Science Specialists Analyze data from SchoolNet, i-Ready, and STAR 360 Implementation of grade level planning sheets that focus on small group Implementation of reteach groups based on testing data

Part IV: Title I Requirements

Additional Title I Requirements

This section must be completed if the school is implementing a Title I, Part A schoolwide program and opts to use the Schoolwide Improvement Plan to satisfy the requirements of the schoolwide program plan, as outlined in the Every Student Succeeds Act, Public Law No. 114-95, § 1114(b). This section is not required for non-Title I schools.

Describe how the school plans to build positive relationships with parents, families, and other community stakeholders to fulfill the school's mission and support the needs of students.

Ferry Pass Elementary sends home a parent/student handbook (school folder) at the beginning of each school year, which outlines our school's mission and vision statement. Teachers send home weekly citizenship reports and parents have access to our district's parent portal, which gives up-to-date information about attendance and grades. Parents receive daily calls via School Messenger if students are absent and also special events at school. Title I funds have been set aside to allow classroom teachers the opportunity to conference with parents.

PFEP Link

The school completes a Parental Involvement Plan (PFEP), which is available at the school site.

Describe how the school ensures the social-emotional needs of all students are being met, which may include providing counseling, mentoring and other pupil services.

Ferry Pass Elementary School is dedicated to nurturing to full potential the academic, physical, emotional, social, and morel development of each student. Through cooperative efforts of home, school, and community, we strive to provide a variety of educational experiences, such as school-wide garden projects, field trips, and school-wide programs in a secure, supportive, enriching environment. In addition, we offer outpatient referrals to parents who request it or if a school official feels the need. Mentors are placed with students who are recommended by teachers and/or requested by parents.

Describe the strategies the school employs to support incoming and outgoing cohorts of students in transition from one school level to another.

FPE houses a Head Start Pre-K program. The ECSD allows Head Start to have a modular unit on our campus. In late spring, the Pre-K students are given a preview of daily activities in a kindergarten classroom as well as a tour of the school. Parents are given a school folder outlining information about our school as well as a kindergarten registration packet.

Describe the process through which school leadership identifies and aligns all available resources (e.g., personnel, instructional, curricular) in order to meet the needs of all students and maximize desired student outcomes. Include the methodology for coordinating and supplementing federal, state and local funds, services and programs. Provide the person(s) responsible, frequency of meetings, how an inventory of resources is maintained and any problem-solving activities used to determine how to apply resources for the highest impact.

Title 1, Part A

Academic support is provided to ensure students requiring additional remediation are assisted through the MTSS/RTI Team. The MTSS/RtI Team works together to use data to make decisions to provide struggling students with extra academic or behavior support.

Title 1 Part C - Migrant

Services for migrant children are provided by the Title 1 office.

Title 1, Part D

Services to neglected and delinquent students are provided by various district-operated programs. These services are overseen by the Title I office.

Title II

Professional development is offered at the school and district level.

Title III

Services for English Language Learners (ELL) are provides as required by law. Several ESOL centers are provided at various locations in the district. Students who do not attend those sites attend their zoned school where ESOL endorsed teachers provide services.

Title VI Part B
Rural and Low Income Schools
N/A

Title IX - Homeless

The school works with the district's Homeless Coordinator to provide resources for students identified as homeless under the McKinney-Vento Act to eliminate barriers for a free and appropriate education.

Supplemental Academic Instruction

SAI monies are used for technology software, school supplies and to purchase supplemental materials and resources for classrooms.

Violence Prevention Programs

School offers a non-violence and anti-drug program to students. Red Ribbon Week is held in October with school-wide activities. We provide training for faculty, staff, and students regarding bullying. Our district has launched the "Bullying" Reporting website where bullies may be reported anonymously.

Nutrition Programs

Our school is a Healthier Generation Alliance School.

Housing Programs

Provided by Title 1 District Office. Not applicable to our school.

Head Start

Head Start classrooms are off site and under the direction of the Escambia County Readiness Coalition.

Describe the strategies the school uses to advance college and career awareness, which may include establishing partnerships with business, industry or community organizations.
